

## OCCUPATIONAL SAFETY AND HEALTH (OSHA) ADMINISTRATION CERTIFICATE

As of July 1, 2006, per Massachusetts General Law, Chapter 30, §39S(a), as amended by Chapter 306 of the Acts of 2004, any Person submitting a bid for, or signing a contract to work on, the construction, reconstruction, alteration, remodeling or repair of any building or public works project estimated to cost more than \$10,000, shall certify herein, as part of the contract, under penalties of perjury, as follows:

1. That the undersigned is able to furnish labor that can work in harmony with other elements of labor employed or to be employed in and at the work;
2. That employees to be employed at the worksite will have successfully completed a course in construction safety and health approved by the United States Occupational Safety and Health Administration that is at least 10 hours in duration at the time the employee begins work and who shall furnish documentation of successful completion of said course with the first certified payroll report for each employee; and
3. That employees to be employed in the work subject to this bid have successfully completed a course in construction safety and health approved by the United States Occupational Safety and Health Administration that is at least 10 hours in duration.

By signing below, the bidder attests that the above is true for all employees to be employed on the project:
