### **STUDENT RIGHT TO KNOW GRADUATION RATE**

*The federal government requires that all post-secondary institutions provide both prospective and current students with information concerning the performance of current students as an illustration of the likelihood of success. The law requires that the information include the rate at which degree-seeking students who attend the institution on a full-time basis and are attending any college for the first time successfully complete the program. A student is considered to have successfully completed the program if he/she graduates within 150% of the time required by the program. For example, a student who graduates from a two-year program within three years has successfully completed the program by federal guidelines.*

**The Quinsigamond Community College graduation rate for full-time, first-time, degree-seeking freshman entering the College in the fall of 2004 and graduating three years later (2007) was twenty-six per cent (26%). Twenty-one per cent (21%) of the full-time, first-time, degree-seeking students transferred to other institutions prior to completing their QCC program. Twenty-four per cent (24%) of 2007 QCC graduates transferred to four-year institutions.**
