June 11, 1971

TO: Members of the Graduating Class  
FROM: President Paul G. Preus  
SUBJECT: Graduation Message

With all of the hue and cry of militancy and violence, a curious phenomenon has swept the country. People have become more sensitive to the emotions and feelings of others. It is no longer difficult to speak to one another in terms of being "up tight" or "insensitive." Sensitivity training has become a commonplace experience among people of all races, creeds, and philosophies.

Today, we "come together" to solve our mutual problems in a spirit of helpfulness. This is a far cry from the attitudes of only one year ago, which more nearly approached the anarchistic or nihilistic attitudes.

Perhaps this "togetherness" will result in a greater determination on the part of all of us to live side by side in peace, harmony, and equality, on the local, national, and international levels. My wishes for the Class of 1971 would include the hope that all mankind can come together in peace.
