Our Mission
Quinsigamond Community College is the gateway to advanced educational and employment opportunities in Central Massachusetts. We are a public, student centered institution of higher learning, providing accessible, affordable, and high quality educational and training programs and services that are relevant and responsive to diverse regional and student needs.

Our Vision
Quinsigamond Community College is a premier learning community...recognized for teaching and learning excellence, relevant and responsive programming, students’ success, and community outreach and impact. We thrive as a vital regional asset and first choice for transforming lives and sustaining healthy, prosperous communities. All are welcomed and embraced in our community, where students come first and faculty and staff strive to develop potential and help make dreams come true.

*At QCC, we excite...we ignite...we open new vistas of opportunity.*

Our Mission Principles
In fulfillment of mission, the college community commits to the following principles:

- Students First
- Teaching and Learning
- Comprehensive, Flexible Programming and Services
- Open Access to Learning
- Potential for Success
- Community Outreach and Support

Our Values
Faculty and staff infuse life in our vision and live mission principles by creating and sustaining a college climate and culture where all are warmly welcomed, accepted and valued for their individual dignity and worth. We recognize the importance of diversity and acknowledge the rich and unique contributions that each community member makes to advance the College. To this end, the following values guide our individual actions and community interactions.

- Excellence and Quality
- Integrity and Accountability
- Inclusiveness
- Cooperation and Collaboration
- Respect and Trust
- Open, Civil Communications and Collegiality
- Creativity and Innovation
Welcome

A message from the President

Dear Student,

Welcome to Quinsigamond Community College, and thank you for considering QCC for your educational pursuits.

I am especially passionate about QCC because I was a community college student myself. My community college educational experience was transformational, and I am certain that our dedicated faculty and staff will support you throughout your journey.

Quinsigamond Community College features quality and innovative instruction, accessible tutoring and counseling, and academic advising from professionals who care deeply about your success.

Whether you are here to pursue a certificate or degree, intend to transfer to a four-year college or university, or if you are here for personal enrichment, all of us at QCC will do whatever we can to help you achieve your goals.

Great careers start at Quinsigamond Community College. In 2017-2018 there are more exciting new programs, opportunities and activities available to you at QCC than ever before. We proudly offer specialized training and academic programs that will give you the QCC edge as you seek employment opportunities. Take advantage of our continued growth in Southbridge, Marlborough, and in downtown Worcester. Our new QuEST (Quinsigamond Engineering, Science, and Technology) Center, on our main Worcester Campus recently opened with state of the art lab space, training facilities, and a FAB Lab that allows you to create and develop hands-on manufacturing or technology projects. No matter your career goals, you will find a degree, certificate or class that can help you on your way.

I hope you find this QCC catalog a helpful guide, informing you of our college administration, policies, and academic program options. The opportunities to reach your academic, personal, and professional goals await you at QCC. We look forward to seeing you on campus!

Sincerely,

Dr. Gail E. Carberry

New England Association of Schools and Colleges Accredited Member

Quinsigamond Community College is accredited by the New England Association of Schools and Colleges, Inc., through its Commission on Institutions of Higher Education.

Inquiries regarding the accreditation status by the New England Association should be directed to the administrative staff of the institution. Individuals may also contact:

Commission on Institutions of Higher Education
New England Association of Schools and Colleges
209 Burlington Road
Bedford, MA 01730-1433
781.271.0022
E-Mail: cihe@neasc.org

Individual Programs of Study are also fully accredited by various agencies:

These include:

- The Accreditation Commission for Education in Nursing
- The Accreditation Council for Occupational Therapy Education of the American Occupational Therapy Association
- The Commission on Accreditation of Allied Health Education Programs
- The Commission on Accreditation for Respiratory Care
- The Commission on Dental Accreditation of the American Dental Association
- The Department of Public Health Office of Emergency Medical Services
- The Joint Review Committee on Education in Radiologic Technology
- The Massachusetts Board of Registration in Nursing
- The National Association for the Education of Young Children

Equal Opportunity/Affirmative Action Policy

Quinsigamond Community College is an affirmative action/equal opportunity employer and does not discriminate on the basis of race, color, national origin, sex, disability, religion, age, veteran status, genetic information, gender identity and expression, or sexual orientation in its programs and activities as required by Title IX of the Educational Amendments of 1972, the Americans with Disabilities Act of 1990, Section 504 of the Rehabilitation Act of 1973, Title VII of the Civil Rights Act of 1964, and other applicable statutes and college policies. The College prohibits sexual harassment, including sexual violence. Inquiries or complaints concerning discrimination, harassment, retaliation or sexual violence shall be referred to the College’s Affirmative Action and/or Title IX Coordinator, the Massachusetts Commission Against Discrimination, the Equal Employment Opportunities Commission or the United States Department of Education’s Office for Civil Rights.

Clery Statement

Quinsigamond Community College’s Annual Security Report is available to the college community. This report includes statistics for the previous three years concerning reported crimes that occurred on campus; in certain off-campus buildings or property owned or controlled by Quinsigamond Community College; and on public property within, or immediately adjacent to and accessible from, the campus. The report also includes institutional policies concerning campus security, such as policies concerning sexual assault, and other matters. A copy of this report can be obtained by contacting the Campus Police or by accessing the following website:

www.QCC.edu/clery

College Business Hours: 8:00 a.m. to 5:00 p.m.

College Offices (Admissions, Advising, Financial Aid, and Payment Center) may have variable hours throughout the year. Please contact each office for the most accurate information.
Quinsigamond Community College, one of twenty-seven colleges and universities in the Commonwealth of Massachusetts’ system of public higher education, is committed to providing opportunities to meet the diverse educational needs of adult citizens in the Commonwealth. These opportunities are offered in the belief that an open, stimulating, and supporting environment is essential to individual development. Quinsigamond strives to achieve such an environment by developing programs, services, and policies for the College that seek to reduce social, psychological, geographic, and financial barriers to learning.

As a two-year Associate Degree granting public college, governed by a local Board of Trustees in accordance with the policies established by the Massachusetts Board of Higher Education, Quinsigamond Community College provides unique opportunities specifically created to enhance the economic and social well-being of the Greater Worcester/Central Massachusetts region. The trustees, faculty, and staff are cognizant of the long-term educational needs of this large urban area and its diverse populations.

Quinsigamond Community College endeavors to meet the region’s educational needs through a comprehensive selection of transfer, career, and special needs courses and programs. Students may select from the various associate degree programs leading to transfer to state colleges and universities or to most private institutions of higher education, especially the members of the Colleges of the Worcester Consortium. Students seeking immediate employment after two years or less may elect associate degree or certificate programs related directly to the workforce needs of regional business, industry, and social agencies. The special needs of non-traditional students are reflected in the many programs and individualized services available to all students throughout the year.

About Quinsigamond

Since 1963, Quinsigamond Community College has provided opportunities for a first-rate education and personal growth to thousands of area men and women. Some students choose to prepare for immediate entry into a career field. Some choose to transfer to bachelor’s level programs at four-year colleges and universities, and some choose opportunities for personal growth and cultural enrichment.

A true test of any college is how well its students fare, not only in the classroom, but long after they have graduated. At Quinsigamond, we are proud of the success of our graduates: in beginning careers in their chosen fields, in continuing on to bachelor’s and graduate level, and in becoming involved in the affairs of their communities.

Quinsigamond graduates can be found throughout Central Massachusetts in responsible positions in business and industry, in health and human services, in engineering and high technology. Quinsigamond takes a personal interest in its students, helping them identify and achieve their individual goals and making a difference in their lives. Quinsigamond responds to individual student needs. We provide a broad range of programs, quality instruction, and support services.

We Respond to Individual and Community Needs

Quinsigamond Community College was established in 1963 to provide access to higher education to residents of Central Massachusetts. Since then, our enrollment has grown from under three hundred to over sixteen thousand full-time and part-time day and evening students. Over ninety associate degree and certificate study options reflect the needs of the communities we serve. Our flexible admissions policy, low cost, and extensive financial aid program have made a college education possible for thousands of men and women. The educational experience at Quinsigamond is first-rate. Our faculty teach and guide.

Quinsigamond has been making a difference in the lives of people for over five decades. It can make an important difference in your life.
Statement on Cultural Diversity and Inclusion

Quinsigamond Community College affirms its strong support and deep commitment to the continued development and maintenance of an academic community in which the individual dignity and potential of each of its members is given full respect, recognition, and encouragement. Our goal is to provide a college community in which all may study, work securely and productively in an atmosphere characterized by civility and openness to the pursuit of academic excellence in the finest tradition of academia.

Quinsigamond Community College is opposed to acts of harassment, intimidation, or invasion of privacy which interfere with the rights of an individual or group to participate in the activities of the academic community, and these acts shall be considered to be in violation of this policy and may be dealt with appropriately under the applicable College codes and as regulated by statute.

Accreditations

Quinsigamond Community College is accredited by the New England Association of Schools and Colleges (NEASC), which accredits schools and colleges in the six New England states. Membership in the Association indicates that an institution has been carefully evaluated and found to meet standards agreed upon by qualified educators. Individual programs of study are also fully accredited by various agencies. These include the following: The Commission on Dental Accreditation of The American Dental Association; The Accreditation Commission for Education in Nursing (ACEN); The Accreditation Council for Occupational Therapy Education of the American Occupational Therapy Association (AOTA); The Massachusetts Board of Registration in Nursing; The Joint Review Committee on Education in Radiologic Technology; The Joint Review Committee for Respiratory Therapy Education, The Commission on the Accreditation of Allied Health Education Programs and the National Association for the Education of Young Children.

We are Easy to Find

Quinsigamond is only a short drive from most locations in central Massachusetts. Our Main Campus is located on West Boylston Street in north Worcester. We are a short distance from both Routes 290 and 190. Our Main Campus is easily accessed via public transportation; the West Boylston Street or Burncoat Street WRTA (Worcester Regional Transit Authority) bus routes will bring students directly to our campus.

The college also offers courses at: 5 Optical Drive, Southbridge, 179 Burncoat Street, Worcester at Burncoat High School (Automotive Technology Program), 128 Providence Street, Worcester at the Worcester Senior Center (Hospitality and Recreation Management Program) and 215 Fitchburg Street, Marlborough at Assabet Valley Regional Technical High School, the Healthcare and Workforce Development Center and the Marlborough Senior Center.

Our Student Body is Diverse

Quinsigamond Community College gives personal attention to individual student needs. Our student body is as diverse as the communities we serve. Some students attend right out of high school; some men and women come to Quinsigamond after several years in the workforce. Some of our students are senior citizens. We have full-time students and part-time students, those preparing for immediate entry into a career, those planning to transfer to bachelor’s degree programs, and some who just want to improve their skills to qualify for a promotion.

Many of our students choose to attend to begin a new chapter in their lives. Our students come from almost every city or town in Central Massachusetts - Milford to the Brookfields and Dudley to Princeton. They all have one thing in common - the desire to attain a quality education and a chance to succeed.

Many of our students have families. Many work while attending school. We are sensitive to the needs of the individual students. We provide flexible scheduling, options for full-time or part-time study, on-campus child care, and day time, evening, online and weekend courses.

What Makes Us Different

Our Faculty

Quinsigamond’s faculty is its most important asset. Our faculty holds advanced degrees in their respective fields of study. Many have published books and served as consultants. They help students succeed whatever their goal. At Quinsigamond, a strong bond is established between faculty and students, witnessed by the fact graduates often return to the campus to visit their former professors.

Our Staff

From the moment a student contacts the College, he/she will know that our staff cares. There are friendly, helpful people throughout the College who want to help students succeed. They will answer questions, guide students through various processes, and take a personal interest in their needs.
Family Education Rights and Privacy Act (FERPA)

Quinsigamond Community College abides by the Federal Family Educational Rights and Privacy Act of 1974, Chapter 766 of the General Laws of Massachusetts. No student’s academic or personal records will be released without the student’s written consent, except to those specifically exempted in the legislation.

Quinsigamond Community College reserves the right to disclose “directory information” in accordance with regulations published by the Department of Health, Education and Welfare for enforcing the Family Rights and Privacy Act of 1974. For the purpose of this institution, “directory information” includes the following information: the student’s name, student’s address, major field of study, dates of attendance, full-time/part-time status, degree and awards received, and participation in officially recognized activities and sports.

Electronic Communication Policy

The college uses Qmail as an official means of communication with students. All students are expected to read their college email regularly and respond appropriately. If students choose to forward their Qmail to another email provider, they are still responsible for receiving all college communications. The college also has an Emergency Alert text messaging system. Students can choose to sign up for this service through The Q, the college’s student and faculty portal.

QCC Mobile App

The QCC Mobile App was developed to provide students with the resources necessary to achieve academic success at QCC, as well as strengthen the student’s engagement within the QCC Community.

With our new QCC Mobile App, students (as well as the QCC Community) can access their course information, grades, and find online resources. In addition, students will be able to make bookstore purchases, utilize QCC Library services, campus maps, and much more!

www.QCC.edu/app

Quinsigamond Community College strives to make information in this catalog as accurate as possible. For the most up to date information, please visit us at www.QCC.edu.
Admissions

Quinsigamond Community College believes that everyone should have an opportunity to further his/her education. Whether a student strives to attain an Associate Degree, Certificate or select courses for personal and professional growth, our Admissions Staff will gladly help them through every step of the process.

Applicants who do not meet the minimum academic criteria for admission may still enroll at QCC. They can take courses to meet the minimum requirements as a non-degree student, or they will be admitted to the General Studies program. If a student does not wish to be admitted into the General Studies program, he or she must contact the Admissions Office.

Quinsigamond Community College has established minimum academic requirements for admission to most programs which are designed to help assure academic success. Information about minimum requirements can be found in the Programs of Study section of this catalog.

How to Apply

1. Apply online or download an Admissions application at www.QCC.edu. Applications are also available in the Admissions Office at the Worcester or Southbridge campuses or High School Guidance Departments. Applicants may also call the Worcester Admissions Office at 508.854.4262 or the Southbridge Admissions office at 774.318.2110 to request an application.

2. Submit the online application. Return the paper application and application fee to the Admissions Office located in Room 201 of the Harrington Learning Center or via mail at Quinsigamond Community College, 670 West Boylston Street, Worcester, MA 01606-2092. The fee is $20.00 for in-state students or $50.00 for out-of-state students. This fee is non-refundable and may be waived if it causes unusual financial hardship. To qualify for the In-State Resident tuition rate, applicants must certify continuous residence in Massachusetts during the six months preceding the application and be a permanent resident of the U.S. Applicants can contact the Admissions Office for details.

3. Quinsigamond Community College requires a high school transcript, diploma or demonstration of high school equivalency (G.E.D., HiSET). Applicants should ask their high school to forward a transcript of their grades directly to the Admissions Office (including the first marking period of the senior year).

4. Applicants who have never obtained a high school diploma or the equivalency may qualify for admission to the College but ARE NOT eligible for Financial Aid under the U.S. Department of Education Title IV Regulations. Applicants may visit www.QCC.edu, email the Admissions Office, or call Admissions at 508.854.4262 for detailed information on how to enroll in the College.

Admission to Health Programs

Students who meet the established Admission requirements for the Health Programs (Dental Assisting, Dental Hygiene, Medical Assisting, Nurse Education, Occupational Therapy, Perioperative Nursing, Paramedic Technology, Practical Nursing, Radiologic Technology, Respiratory Therapy and Surgical Technology) will be accepted on a rolling basis until the class is full. Qualified students will be given a start date for their clinical/core courses and placed on a waiting list if the program is full for the upcoming semester. Students will begin their clinical classes no later than their given start date. If a slot in an earlier semester becomes available, the student will be contacted and given an opportunity to begin sooner. If a student wishes to enroll in education courses that apply to the program while on the waitlist, they must contact the Admissions Office.

Applicants who do not meet the Admissions requirements can be accepted to the General Studies Healthcare program. Alternatively, they should make an appointment to meet with an Academic Advisor who will assist them in meeting the Admissions requirements of their chosen program.

August (Fall), January (Spring), May (Summer) Admissions

Applications for admission to the College for the Spring and Summer Semesters are accepted on a rolling basis. Some programs only have a Fall start and course offerings vary from year to year. Students should visit the website at www.QCC.edu for program start dates.
Undeclared Students

Prospective students who wish to enroll in individual courses and do not wish to pursue a degree or certificate can enroll at Quinsigamond Community College as an Undeclared Student. All course prerequisites apply to Undeclared Students in the same manner as degree-seeking students. Credits earned in the Undeclared Student status may be applied to a degree or certificate curriculum. Undeclared students are not eligible for financial aid.

Transfer Students

Transfer Student applicants are required to submit a high school transcript, diploma or official documentation of high school equivalency (G.E.D. or HiSET). If a transfer student holds an undergraduate or graduate degree, their high school transcript or equivalent may be waived. To satisfy the college residency requirement, a minimum of 15 credits must be completed at Quinsigamond Community College to receive a degree or certificate.

An official transcript, issued directly from a regionally accredited post-secondary institution mailed to QCC, is required to receive transfer credit. Credit is awarded for courses completed with a grade of “C”, or better, provided these courses are applicable to the student’s Quinsigamond major. Applicants may also transfer “D” grades if their quality point average (QPA) is 2.0, or higher, at the institution from which they are transferring. To satisfy the residency requirement, a minimum of 15 credits must be completed at Quinsigamond Community College to receive a degree or certificate.

Transferring “In” to QCC

Contact the Registrar’s Office - Room 152A
508.854.4257.

Applicants who have previously attended college are required to submit an official college transcript to Quinsigamond Community College. Transfer students are still required to submit an official high school transcript - or G.E.D. certificate - even if they currently hold an undergraduate or graduate degree.

Campus Tours

Both individual and group campus tours are available. To schedule a tour, please visit www.QCC.edu, email the Admissions Office at Admissions@qcc.mass.edu or call at 508.854.4262.

State Immunization Requirements

Massachusetts State Law requires that all full-time students and all students enrolled in Health Career Programs provide proof of immunization to measles, mumps, rubella, tetanus-diphtheria and hepatitis B.

Students in health-related fields and some other programs should expect to receive information on additional health requirements from their academic department. Immunization documentation is requested during the application process and prior to the start of clinical assignments each semester.

Placement Testing

All new and currently enrolled students are required to take the Accuplacer Placement Test before registering for English and mathematics courses and courses requiring a prerequisite of english or mathematics.

The Accuplacer Placement Test is a computerized test that helps determine the appropriate level at which students should begin their mathematics and English courses. The test is not timed and the majority of the questions are multiple-choice. Students can choose to take the entire test (English and mathematics) during one testing period, or take the English and mathematics tests at different times. The entire test takes approximately two and a half hours. An Academic Advisor will use the results to help students select the appropriate courses during registration.

Students who do not attain college-level placement in both English and mathematics will be recommended into an appropriate level developmental course to prepare them for college-level course work. These courses are especially helpful to students who have been away from the classroom for several years, or those who did not receive exposure to college-level preparation during their secondary school years.

It is important to prepare for taking the Accuplacer Placement test. A study guide with practice questions can be accessed online at http://accuplacer.collegeboard.org/students. Students can also review by accessing the study tips sheet at www.QCC.edu/testing.

Students for whom English is a Second Language (ESL) may also take a computerized assessment test. The CELSA test requires students to complete a story or conversation by choosing the correct answer. It is a timed test of forty-five minutes.
Students requiring accommodations for testing should contact Disability Services at 508.854.4471 BEFORE scheduling a test.

The Placement Test and the CELSA test are offered at the main campus, 670 West Boylston St., Worcester; at our Healthcare and Workforce Development Center at 25 Federal St., Worcester; and at our Southbridge campus, 5 Optical Drive, Southbridge. All students who wish to take the Placement Test or the CELSA test may log into www.QCC.edu/testing and set up an appointment online, come to 355A on Walk-In Wednesdays, or call 508.854.2784. Placement testing is also available on a walk-in basis at QCC Southbridge. The hours in Southbridge are Tuesdays 8:00 a.m.-12:00 p.m. and Wednesdays 3:00 p.m.-7:00 p.m. For all testing, students must bring photo identification with them to the test.

It is not necessary to take the Accuplacer Placement Test if a student has transcripts showing that they have taken college level English and Math at another accredited college. Students should bring their transcripts to their advising appointment.

### High School Equivalency Test

The GED test has been replaced in Massachusetts by the High School Equivalency Test (HiSET) from ETS. The High School Equivalency Test (HiSET) provides students the opportunity to earn a high school credential. This credential is recognized as a key to employment opportunities, career advancement, and further education. The test consists of five parts in the areas of mathematics, writing, science, social studies, and reading.

HiSET is offered at QCC’s Healthcare and Workforce Development Center located at 25 Federal St., Worcester, MA, room 114D.

To learn about the test, apply for accommodations, or schedule a test appointment, visit the HiSET website, www.hiset.ets.org.

Test takers who are under 18 need to contact the state office before registering for the HiSET. Please call 781.338.6604 or 781.338.6625.

### New England Regional Student Program

Quinsigamond Community College participates in the New England Regional Student Program (RSP), which provides tuition savings every year to thousands of New England residents. Students from any of the six New England states can enroll in certain academic programs that are not offered at institutions in their home state at the Massachusetts in-state tuition rate plus 50%, only if the QCC campus is closer than the student’s home state campus. Contact the Admissions Office at 508.854.4262 for specific details. Information is also available at www.nebhe.org.

### Home Schooled Students

All home schooled students, without a high school diploma or GED, are eligible to apply for admission to a degree or certificate program provided they have successfully completed an approved home school program in accordance with Massachusetts General Laws or the laws of their home state. If a home schooled student has not completed an approved home school program, the student should contact the Admissions Office.

To determine whether a student has participated in an approved home school program, the student shall submit, with the application for admission, evidence that the home school program was approved by the superintendent or school committee of the student’s school district. Additionally, if the home schooled student is under the age of compulsory attendance, which is sixteen (16) years old in Massachusetts, a letter from the student’s school district’s superintendent or school committee is required stating that the student is not considered truant and would not be required to attend further schooling or continued to be home schooled if the student has completed his/her home school program before the age of sixteen (16).

The College reserves the right to limit or deny enrollment of a student under the age of sixteen (16) in a course or program based on this case-by-case consideration of a variety of factors, including but not limited to: the student’s maturity, life experience, placement test scores, prior education, course content, instructional methodology, and risks associated with a particular course or program.

### International Students

International students must use the international student application at www.QCC.edu/international-students. Deadlines are July 1 for Fall and Nov. 1 for Spring Semester.

If transferring from another American institution, international students must submit the admissions application at least 60 days before the beginning of the semester. Only students who have a secondary school diploma or who have passed an equivalency test, and can speak, read, write and understand English well enough to take a full-time program will be considered for admission. If a student’s native language is not English, he/she will be asked to demonstrate their ability to understand English. International Students must demonstrate adequate financial support for the time they will
be attending Quinsigamond Community College. Financial support can be verified by providing a certificate of finances or a certification of sponsorship. International Students who have student visas are required to enroll in a minimum of 12 credits during each semester. Information about International Student regulations, admission, and fees are available from the Admissions Office at 508.854.4262.

**Perkins Career Vocational Technical Education (CVTE) Linkages/Articulation Agreements**

Quinsigamond Community College has established agreements with local comprehensive and vocational/technical high schools to assist students in making the transition to higher education. Some of these agreements come under the State “2 + 2” programs. All agreements state the conditions and criteria that must be met by graduating high school students in order to receive advanced placement and college credit.

Students can contact the Manager of Educational Partnerships at 508.854.2853 for more information.

**Attend College Program (Formerly Twelfth Year Program)**

Quinsigamond Community College offers this program to local high school districts that wish to allow their current students the opportunity to complete high school graduation requirements through concurrent enrollment at QCC. Participation in this program is available to high school seniors and juniors who have been properly prepared for appropriate college-level work. High school guidance counselors are expected to lead in the process of identifying potential applicants and assisting students with the application process. In addition, coursework to be taken at QCC is determined collaboratively by the students and appropriate high school guidance personnel. It is the responsibility of the student and parent to consult with the Guidance Office and Principal to ensure that courses selected will meet the requirements for high school graduation.

**Criteria for Acceptance**

To be eligible for acceptance into the Twelfth Year Program, a student must meet the following criteria:

- Be currently enrolled in high school
- Have completed high school English courses with grades of “B” or better
- Have an overall “B” average
- Demonstrate satisfactory disciplinary history in his/her student profile

- Place into College-level English (ENG 101) and Beginning Algebra (MAT 095) on the QCC Computerized Placement Test
- Complete the QCC Twelfth Year application process within the established timelines

For more information, contact the Admissions Office at 508.854.4262.

**Readmission to the College**

Students who have previously attended Quinsigamond Community College and have not attended the College for four consecutive semesters, either due to withdrawal or academic failure, must apply to be readmitted. Students must submit a new application.

Upon academic failure, or withdrawing from a health or high demand program, students are required to meet with their Program Coordinator to establish guidelines for readmission. Students will be considered only once for readmission to all health programs. Specific steps for readmission can be obtained in the Admissions Office or from the appropriate academic department.

**Admission Requirements**

The chart to the right lists the academic Admissions Requirements for the QCC programs other than Healthcare. In order to be eligible for admission, the student must meet the course and grade requirements in the Math Requirement and/or the English Requirement and/or the Other Requirements columns, or have completed courses at an accredited college.

**NOTE:** A High School Diploma or GED/High School Equivalency (HiSET) is required for admission to all programs.

<td></td>
<td>ENG 091 with a grade of “C” or higher; ENG 096 with a grade of “C” or higher; or appropriate placement score</td>
<td></td>
</tr>
<tr>
<td>Direct Support Certificate</td>
<td></td>
<td></td>
<td>Must be employed in a DDS funded agency for six months or longer; Must meet with the DSC Program Coordinator to complete additional application</td>
</tr>
</tbody>
</table>

**Minimum Admission Requirements/Course Equivalents:**

Any applicant who does not meet the minimum requirements, or their course equivalents listed above, should contact the Admissions Office at 508.854.4262, to set up an interview with an Admissions Counselor. Upon review of one’s academic background and a consultation with the appropriate academic department, we will inform the student if his or her background is equivalent to the requirements listed above. If one has any questions, please contact the Admissions Office at 508.854.4262.
# Admission Requirements - Health Programs

The chart below lists the academic Admissions Requirements for the Healthcare programs. In order to be eligible for admission, the student must meet the course and grade requirements in either the High School (H.S.) columns or the QCC Equivalency/Alternative columns, or have completed courses at an accredited college.

</tbody>
</table>

Notes:

1. Dental Assisting graduates, see Dental Assisting “Bridge” to Dental Hygiene Program for waiving of Dental Hygiene admissions requirements of “B” or higher in Mathematics, Biology, and Chemistry.

2. There is no time limit on the Biology course used to meet the prerequisite for Paramedic Technology degree or certificate. An applicant who holds an EMT-I certificate meets the Biology prerequisite for both Paramedic programs.

3. If the student passes the mathematics final exam or receives a “C” or higher in the course, the mathematics requirement is met.

4. If the student passes the mathematics final exam or receives a “B” or higher in the course, the mathematics requirement is met.

5. MAT 098 Math Skills for Allied Health Careers will also meet the prerequisite for the Healthcare programs that require MAT 099; however, MAT 098 does not meet the prerequisite for a college level mathematics course. MAT 098 may not be used as an admissions requirement for Radiologic Technology.

6. BIO 101 is recommended because BIO 101 is a prerequisite for Anatomy & Physiology I (BIO 111); however, BIO 100 will satisfy the admission requirement.

7. BIO 100 is recommended for Dental Assisting.

8. High School GPA or College GPA (minimum 10 college credits); or GED Battery Score of 550; or HISET 45.

Note: One qualifying mathematics and science course must be taken within the past five years of the date of application. Courses used for this purpose, for which a grade was recorded (“A” through “F”) may be repeated only once. Students who have completed mathematics and science courses at the high school level must take QCC’s Mathematics and/or English Assessment Test to qualify for the program. An applicant who tests into a mathematics and/or English course at a higher level than that established as a minimum admission requirement shall be deemed to have satisfied the minimum admission requirement for that subject matter. An applicant who completes an English course above ENG 091 and ENG 096, with a transferable grade, shall be deemed to have satisfied the minimum admission requirement for that subject matter. An applicant who completes a college level chemistry or college level mathematics course with a transferable grade shall be deemed to have satisfied the minimum admission requirement for that subject matter. An applicant who completes a biology course above high school biology in Dental Hygiene, Occupational Therapy, and Radiologic Technology with a “C+” shall be deemed to have satisfied the minimum admission requirement for biology.

Note: TEAS V or TEAS required scores must be achieved within two attempts of taking the test and within five years of application. The TEAS V or TEAS test results can be taken two times, at and including any location. Students cannot use a combination of two tests to meet the composite score in Nurse Education and Respiratory Care programs. If a program utilizes a combination, it is only of two TEAS exams.

Note: Students should be aware that if immunizations requirements of the healthcare program cannot be satisfied based on a medical condition, allergy, and/or religious exemption, the student may be ineligible for clinical placement and as a result unable to continue in the program. Students must meet all health and immunization requirements to participate in clinical rotations.

Note: Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and Drug Testing results must meet the eligibility requirements for the program and clinical placement. Finger printing may be required by some clinical/field assignments. If eligibility is not met, then the student may be withdrawn from the program and/or clinical placement, and as a result unable to continue in the program.

Note: Students are required to authorize the release of the results of the drug screen and immunization reports to Quinsigamond Community College and assigned clinical site(s), if required, prior to the beginning of their clinical work.

Note: Students are responsible for arranging their own transportation to and from the assigned clinical site(s).

Admissions Requirements are in effect from January 1, 2017 - August 31, 2018.
Technical Performance Standards

In this section, students can review the working conditions and physical demands for specific occupations related to selected QCC programs of study. This information is provided to assist in making college and career decisions. **Note: once admitted to the selected program, students will be required to satisfy the technical performance standards in order to successfully complete the program.**

Student Services

Student Services is a network of resources, programs and services designed to provide students at Quinsigamond Community College with the necessary support for the teaching and learning process. The following are descriptions of the services available:

Career and Academic Planning
- Courses in Career Counseling
- Advising
- Career, Academic and Personal Success
- Center for Workforce Development and Continuing Education
- Adult Learning Center
- CAPS Checklist (Career, Academic and Personal Success)

QCC is committed to helping students begin their career and academic planning early on by:
- Identifying career field(s) that are best suited to the student's interests, abilities, and life goals;
- Deciding on a college program of study;
- Choosing the right courses;
- Taking the next steps towards obtaining meaningful employment, transferring to another college or university, or fulfilling a personal or professional outcome; and
- Building an individualized web-based Career, Academic and Personal Success Plan (CAPS Plan).

Student Employment and Transfer Center
- Career Placement Services
- Cooperative Education
- Prior Learning Credit (PLC)
- Service Learning
- Transfer Services

Academic Support and Resources
- Alden Library and Harrington Learning Center
- Learning & Tutoring Centers
- Communication Skills Center
- General Academic Areas Center
- Math Center
- Student Success Center for First-Year Students
- TRIO Support

Academic Support and Student Services
- ADA Compliance Officer
- Assistive Technology
- Counseling Services
- Disabilities Services
- Veterans Affairs

Student Activities and Student Life
- Fuller Student Center
- “The Open Door” Newspaper
- Student Senate
- Spiritual Life

Specific Courses and Services for Career and Academic Planning

Career Preparation
Students are strongly encouraged to take one of the two courses offered at QCC to assist with career and academic planning: ORT 110 Strategies for College and Career, PSY 115 Self-Assessment and Career Planning (See Course Description section of catalog). All students enrolled in the General Studies program are required to take ORT 110 or PSY 115 prior to attaining 20 credits.

Advising Services: Faculty Advisor, Academic Advising
Advisors assist students in developing and implementing their career and academic planning goals, including registering for courses. Students are provided contact information for their Academic Advisor by email shortly after the start of each semester and again right before the advising period begins. Students are assigned one of the following: a Faculty Advisor or the Advising Center, as their Advisor. Advisor Lists, including faculty office location, phone number, and office hours are located in the Advising Center (Room 61A) and the Registrar’s Office (Room 152A) or by going to The Q (Student/Faculty Portal).

Faculty Advisors
Students are encouraged to contact their Faculty Advisor during the semester to discuss topics and questions related to career and academic planning. It is recommended that students make appointments with their Advisor before course registration period begins for the next semester. Faculty office hours and the contact information are posted outside the faculty office door. If a student’s schedule conflicts with faculty office hours, the student can contact the faculty to arrange another meeting time.

Academic Advising
Room 61A | 508.854.4308
Students who have the Advising Center listed as their Advisor are encouraged to contact Academic Advising during the semester to discuss topics and questions related to career and academic planning. It is recommended that students make appointments with an advisor before the course registration period for the next semester begins. Students can make appointments by calling the number listed above or visiting www.QCC.edu/advising.

Major Decision Workshops
Throughout the semester Major Decision workshops are offered for current QCC students and individuals who are considering enrolling at the College. Topics addressed include: understanding career assessment results, developing strategies and resources for career research, and linking assessment results and research to QCC degree and certificate programs. Students may call the Advising Office to inquire about workshop times and locations.

Student Employment & Transfer Center

Career Placement Services
Room 272A | 508.854.4439
Career Placement Services are available for students to conduct their own job search or to be assisted by staff members. Workshops are offered on skills throughout the semester, resume writing, and interviewing. One-on-one assistance is available by appointment. Students seeking full-time, part-time, permanent, Cooperative Education or Service Learning employment have access to a variety of open positions posted on QCC’s exclusive electronic job board. Career Placement Services for students and Alumni include events such as on-campus recruiting, career fairs, and on-campus company presentations.

Cooperative Education
Room 272A | 508.854.4439
Cooperative Education is the opportunity to earn academic credit while gaining valuable experience in the work place. This option is for students who are already working in their field of study, or who obtain a position related to their field of study. Co-op students, with assistance from an instructor, develop working/learning goals and outcomes that can be assessed for credit toward their degree. Students seeking credit through this study option pay full registration and tuition fees.

Note: Career Placement Representatives will make every reasonable effort to help students find a co-op position, but Quinsigamond Community College cannot guarantee that students will obtain a co-op job.
Prior Learning Credit (PLC)
Room 272A | 508.854.4439

At Quinsigamond, students may be able to earn credit for knowledge attained through non-academic training, life or work experience. The Academic Information section of the catalog contains more information or the above office may be contacted.

Service Learning

Service Learning integrates meaningful community volunteer service with classroom instruction and reflection to enrich the learning experience, teach civic responsibility, and strengthen communities.

Transfer Services
Room 272A | 508.854.4404
transfer@qcc.mass.edu

Transfer from QCC

As a member of the Massachusetts Public Higher Education System, Quinsigamond Community College maintains strong ties with all of Massachusetts’ public four-year colleges and universities, and offers the MassTransfer program to support students as they continue their higher education goals.

QCC also sponsors articulation agreements with a number of private four-year colleges and universities locally and regionally. These relationships permit students to transfer to a range of academic programs and institutions, and advance toward their four-year degrees quickly, easily, and affordably.

Where do QCC students transfer?

Each year, hundreds of QCC students successfully transfer to four-year colleges and universities around the state, region, and country. Whether a student is thinking about a Massachusetts State University or University of Massachusetts campus, a public college or university in another state, or a private/independent institution, it’s never too early to start planning for transfer.

Transfer Agreements

QCC is pleased to offer our graduates a variety of transfer agreements to help them continue their studies at different four-year institutions.

QCC has entered into articulation agreements with private colleges and universities, as well as individual academic departments at state colleges and universities, creating a variety of transfer pathways leading to bachelor degrees.

Similarly, MassTransfer, which includes the Massachusetts state universities and University of Massachusetts campuses, provides transfer pathways that include guarantees of student acceptance, transfer of credit, and waived tuition in eligible programs.

Articulation Agreements

QCC has developed articulation agreements with four-year colleges that permit graduates to transfer to a range of academic programs and advance toward four-year degrees quickly, easily, and affordably. These agreements vary from school to school, and department to department. They may guarantee one or more of the following: acceptance (general or program specific), full transfer of QCC courses, junior-level standing, and access to opportunities for transfer scholarships. Visit the Transfer Services page at the QCC website, www.QCC.edu/transfer, for specific information about agreements.

QCC currently has articulation agreements with the following private institutions:

- Anna Maria College
- Assumption College
- Bay Path University
- Becker College
- Benjamin Franklin Institute of Technology
- Champlain College
- Charter Oak State College
- Clark University
- Emmanuel College
- Mass College of Pharmacy & Health Sciences
- Providence College
- Quinnipiac University
- Regis College
- Nichols College
- Vermont Technical College
- Worcester Polytechnic Institute

Articulation agreements are also available with specific academic departments at these public university campuses:

- Fitchburg State University
- Framingham State University
- UMass Dartmouth
- UMass Lowell
- Westfield State University
- Worcester State University
MassTransfer provides QCC students with straightforward options toward the completion of associate and baccalaureate degrees at Massachusetts state universities and University of Massachusetts campuses. MassTransfer has two main components:

1. Guarantee of admission, transfer of credit, and tuition waivers for students who graduate from approved degree programs* with associate degrees (each benefit based on the student’s final grade point average) linked to approved baccalaureate programs;

2. Guarantee of meeting baccalaureate general education requirements across institutions through the completion of a specified group of courses called the MassTransfer Block (with the receiving institution able to add no more than six additional credits/two courses).

*Approved QCC programs include: Business Administration-Transfer, Computer Information Systems-Transfer, Computer Science-Transfer, Early Childhood Education, General Studies, General Studies-Biotechnology, General Studies-Deaf Studies, General Studies-Elementary Education, General Studies-Health, General Studies-Pre-Pharmacy, Liberal Arts, Liberal Arts-Biology, Liberal Arts-Chemistry, Liberal Arts-Environment Science, Liberal Arts-Psychology.

MassTransfer pathways are available at the following State Universities and UMASS campuses:

• Bridgewater State University
• Fitchburg State University
• Framingham State University
• Mass College of Liberal Arts
• Salem State University
• UMass Amherst
• UMass Boston
• UMass Dartmouth
• UMass Lowell
• Westfield State University
• Worcester State University

Details on the MassTransfer program can be found at www.QCC.edu/masstransfer.

Special Scholarships for QCC Graduates

Scholarships are available to QCC graduates who transfer to four-year colleges and universities. Most scholarships require students to have GPAs of 3.0-3.5 or higher. To be eligible, a student must apply and be admitted to the four-year institution, graduate from QCC, and meet any additional scholarship application requirements as stated.

Massachusetts Public Higher Education System Scholarships include:

• UMass Amherst - Community College Academic Honors Scholarship (Fall & Spring)
• UMass Boston - Foster Furcolo Scholarship Program (Fall only)
• UMass Dartmouth - Chancellor’s Transfer Scholarship (Fall only)
• UMass Lowell - Community College Transfer Scholarships, Phi Theta Kappa Scholarships (Fall & Spring)
• Fitchburg State University - Transfer Merit Scholarship
• Mass College of Liberal Arts, Phi Theta Kappa Scholarship, Presidential Transfer Scholarship.

Local Private College and University Scholarships include:

• Anna Maria College - QCC Partnership Grant, Merit-Based Scholarships and Grants
• Assumption College - Desautels Scholars, Pesse Scholars
• Boston University/Metropolitan College - Community Scholar Academic Scholarship
• Clark University - Transfer Achievement Scholarship, Phi Theta Kappa/PTK All-USA Scholarships, Transfer Leadership Scholarship, Quinsigamond Community College Scholarship
• Worcester Polytechnic Institute - Phi Theta Kappa Scholarship

Community and Professional Association Scholarships include:

• Greater Worcester Community Foundation (nearly 100 different scholarship categories)
• Jack Kent Cooke Undergraduate Transfer Scholarship
• New England Transfer Association Scholarship
• Phi Theta Kappa Scholarships (limited to PTK student members)

More information about scholarships and financial aid is available at the Transfer Services page located at The Q (student portal).
Center for Workforce Development and Continuing Education
25 Federal Street, Worcester MA | 508.751.7900

The Center for Workforce Development and Continuing Education offers a variety of instructor-led and online classes, workshops, certificate programs, licensing and professional development classes and seminars, test prep programs and certification testing that reflect the current needs of employers in numerous industries. Additionally, we offer personal enrichment classes that cater to a variety of interests and hobbies. Some of our popular courses include: Veterinary Assistant, Sterile Processing Technician, Medical Transcription, Medical Coding and Billing, Personal Care Assistant, TEAS Review Classes, Microsoft Office, Personal Fitness Trainer, Community and Medical Interpreting, Stand-Up Comedy, Reiki I&II, and Workforce Readiness Skills. THE CENTER ALSO WORKS WITH AREA EMPLOYERS TO INSURE THEY HAVE THE SKILLED WORKFORCE THEY NEED. The Center for Workforce Development and Continuing Education is here to serve the community and we look forward to the opportunity to provide the knowledge and skills that students need. Please call 508.751.7900 to request a catalog or visit www.QCC.edu/WD to download the latest course catalog.

Adult Community Learning Center
751 Grove Street, Worcester MA | 508.751.7903

QCC’s Adult Community Learning Center is dedicated to providing its students with the skills necessary to help them make a positive impact on their lives. The Adult Learning Center offers free classes and instructional materials for those preparing to take the GED test, and those seeking to advance their skills in reading, writing, and math. The Center offers four levels of English as a Second Language classes that are small to further facilitate one-to-one interaction. Through instruction that includes face-to-face and online formats, students gain the basic reading, writing, math, and English communication skills that will allow them to eventually become digitally literate, inventive thinkers, effective communicators, and productive individuals. State-of-the-art computer technology is available for students to use.

ACADEMIC SUPPORT AND RESOURCES

Alden Library
Harrington Learning Center, 3rd Floor | 508.854.4581

The Alden Library is a light-filled open space dedicated for students to study, research and reflect. Our Library has a variety of seating options including study tables, carrels and two large reading rooms. Come to the third floor reference area where librarians are ready to help students with research questions. Our Library has over 50,000 books, streaming videos, DVDs and over 80,000 e-books available to support QCC’s academic programs. There are over 70 databases that provide access to tens of thousands of full-text journal articles. In addition, the Library provides access to streaming videos in a wide range of academic subjects across the curriculum. These electronic resources, which provide thousands of full text articles, can also be accessed off campus via the Library website. The QCC Library is a member of the C/WMARS resource sharing network which provides QCC students access to over six million items. Alden Library has a computerized library classroom for hands on information and literacy instruction. On the second floor at the Circulation/Information Desk, students can find course reserves, check out laptops and other materials, and reserve group study rooms.

Group study rooms of all sizes are available in the Harrington Learning Center for two or more students who would like to study or work on group projects. There are many computers available for library research. A professional librarian is available every hour that the library is open. Librarians are happy to show students the fastest and most efficient way to find information for course related research projects or for personal and career development.

Students may also utilize our new Downtown Library in Room 121 of the Healthcare and Workforce Development Center and Continuing Education building. It has computers for students to access the same range of electronic resources noted above and a circulating and reference collection tailored to the health sciences. It also has study rooms, course reserves and laptops that students can borrow. Reference librarians are on duty to help students with their research needs.

For information about QCC library hours, services and policies visit www.qcc.mass.edu/library.

Tutoring Centers

The QCC Tutoring Centers, located on the second floor of the Harrington Learning Center, provide a welcoming and supportive environment with free tutoring for currently enrolled QCC students. Tutoring is also provided at QCC Southbridge and Downtown campuses, and online tutoring is
available through Smarthinking. The goal of tutoring at QCC is to support and supplement students’ learning experience in both the on-ground and online classrooms to enable them to be successful in their chosen academic discipline and career. Each semester the Tutoring Centers sponsor the Steps to Success Workshops, a series of workshops on a variety of topics important to successful college math, writing, reading, and study skills. Students can find tutoring and workshop schedules and information on our services by logging onto The Q and clicking on “Academic Tutoring” under the “Student Services” tab. The Tutoring Centers are open 66 hours per week, when classes are in session, and accommodate a variety of schedules with both evening and Saturday hours.

The Blackboard Tutoring Center
Room 222HLC | 508.854.4273

The Blackboard Tutoring Center offers support and workshops for navigating Blackboard Learn, The Q and online resources necessary for success with course work. Support is available for students in online, blended and web-enhanced courses. The center also provides handouts and access to web video tutorials aimed at helping students increase their knowledge of and skills in using these tools.

General Academic Areas Center (GAA) - Tutoring Center
Room 205HLC | 508.854.4279

The General Academic Areas Tutoring Center is a tutoring and resource center for a variety of subject areas. Resources include access to one-on-one tutoring, study skills material, course textbooks for a variety of subject areas, and open areas for group work. The GAA also has 24 computers available for academic/course-related assignments, and a wide variety of software to support classroom instruction. Appointments are advised, but students are also encouraged to drop in for tutoring. GAA tutors are available for the following subjects:

- Accounting
- Anatomy & Physiology
- Biology
- Chemistry
- Computer Science
- Criminal Justice
- Dental Hygiene
- Economics
- Engineering
- General Studies
- Micro-Biology
- Microsoft Office
- Nursing
- Organic Chemistry
- Physics
- Psychology
- Sociology
- Spanish

The Math Center
Room 206HLC | 508.854.7487
www.QCC.edu/services/math-center

The Math Center provides drop-in tutoring on a one-to-one and small group basis for currently enrolled QCC students taking math and related courses. The Math Center is a welcoming and supportive environment. It is where students taking a range of math courses can get assistance with their homework and develop their understanding of math with math tutors, and participate in group study with their peers. Resources include Math Department course textbooks, student and instructor solutions manuals for in-center use, desktop and laptop computers, index cards, a math lending library of books, as well as placement test review material for self-study.

The Writing Center
Room 208HLC | 508.854.7488

The Writing Center is a tutoring and resource center for writing, as well as skills important to the writing process, including reading comprehension, critical thinking, and planning and organization. The Center offers a variety of services, including individual and group tutoring, writing workshops, English conversation groups, and writing reference guides and handouts. Students can work with a tutor on their writing, reading, and study skills for any course. Tutors can also assist students with any ESL course, as well as HUM 101 and SPH 101. Tutors work collaboratively with students to improve their skills and help them become more accomplished and confident writers, readers, and college students.

TRIO Student Support Services
Room 170A | 508.854.4458

The TRIO Student Support Services (SSS) FAST FORWARD PROGRAM is a federally funded program providing support and services to help students achieve academic and personal success in completing their studies at Quinsigamond Community College. TRIO SSS students receive the following services: academic advising and planning; tutoring services; career exploration and guidance; personal counseling; and transfer advising. These support services are offered to 140 students who are economically disadvantaged, first-generation or disabled. Applications are accepted throughout the year; however, acceptance into the program is each Fall Semester only. All applicants will be placed on a waiting list and notified when a slot becomes available. To find out if a student meets federal eligibility requirements and apply for program services, please stop by the office or email triosss@qcc.mass.edu.
Academic Support and Student Services

ADA Compliance Officer
Room 133A | 508.854.4375

The ADA Compliance Officer serves as the central intake coordinator for all matters relating to ADA compliance, which protects all students and staff with all disabilities. The Compliance Officer will intake issues of concern via calls, emails and visits while managing the flow of information among the various College offices.

Assistive Technology
Room 255A | 508.854.7551

The Assistive Technology office provides students with access to a variety of assistive technology. This includes text-to-speech software, scanners, Read&Write Gold 11, Inspiration and magnification software. Assistive Technology also loans registered students Livescribe pens and other devices on a semester-by-semester basis. Electronic format materials are requested and processed through this office as well. Registered students are welcome to use the Assistive Technology in 255A anytime while the office is open.

Please contact us at the number above or email assistivetech@qcc.mass.edu for more information about Assistive Technology.

Counseling Services
Room 162A | 508.854.4407

Counseling Services assists students with support and resources when confronted with personal, family or social problems. Referrals to college and community resources are made, based on need and request. Specific workshops and annual screenings for depression, anxiety and eating disorders are provided. This office provides liaison services for students who are Department of Transitional Assistance recipients. All services are free, voluntary and confidential.

Disability Services
Room 246A
Worcester | Voice 508.854.4471 | Fax 508.854.4549
Southbridge | Voice 774.318.2113 | Fax 508.765.5625

QCC is committed to provide access to classes, programs, and services for qualified students with disabilities. Disability Services assists students who have documented learning, medical, vision, hearing impairments, ADD/ADHD, physical, and/or emotional/psychiatric disabilities. Reasonable accommodations for students are determined on an individual basis. The following are examples of frequently requested accommodations based on the individual’s documentation provided to Disability Services:

- Assistive Technology
- Extended time on tests or quizzes
- Interpreters of American Sign Language
- Access to class notes as applicable

Students with disabilities who would like to receive assistance must schedule an intake/planning appointment with a Disability Services Coordinator and provide appropriate documentation of the disability. For more information or to ask any question please contact Disability Services at disabilityservices@qcc.mass.edu or stop by 246A on the main campus or the office area in Southbridge.

Veterans Affairs Office
Room 258A | 508.854.2721

The Veteran Affairs Office will assist students with the preparation, certification and submission of all necessary paperwork required for veteran benefits. Students are encouraged to visit the Office for various College support services.

Our mission is to provide support to assist student veterans and members of the Armed Forces in the adjustment to becoming successful in civilian and college life. We are committed to promoting college spirit as well as establishing and maintaining fellowship amongst veterans and students on campus. Contact Veteran Affairs at 508.854.2721 or email veteranaffairs@qcc.mass.edu.

The new Veterans Center is co-located with the Veteran Affairs Office.

Student Life

Fuller Student Center/Campus Activities
508.854.4225

The Fuller Student Center provides a warm and welcoming atmosphere for all students. Space to study, relax, or play a game of pool, checkers, chess, and cards with friends is available here. The patio and lawn provide the perfect place for lunch, a game of frisbee, or a relaxing break from class. Campus clubs and organizations have office space and mailboxes in The Fuller Student Center. Through participation in campus activities, students have the opportunity to develop leadership and interpersonal skills. Each semester, educational, social, cultural, and recreational events are held for the entire College community and their families to enjoy.
The Open Door
508.854.4285

Students staff The Open Door, our student newspaper. We are always looking for journalists, cartoonist, artists, graphic designers, and poets to add their work to the paper. If students would like to help out with The Open Door Newspaper, please email opendoor@qcc.mass.edu.

Student Senate
508.854.7413

The Student Senate, elected by the student body each year, involves students in College affairs and assists the staff in the Office of Student Life in planning and carrying out campus events. Numerous opportunities exist for students to get involved in both the campus and the community. In addition to course work, students can look forward to a comprehensive Student Life Program at Quinsigamond Community College.

Athletic Center
508.854.4317

The QCC Athletic Center includes a basketball court, two newly updated fitness areas, and locker room facilities with saunas. QCC offers an extensive intramural program that includes Yoga, Circuit Training Classes, Indoor Cycling, Zumba, Boot Camp, Basketball, Indoor Soccer, Volleyball, Flag Football, and Table Tennis. Intercolligate sports offered at QCC include Men’s and Women’s basketball, baseball and Women’s soccer. QCC has a strong tradition of recruiting talented student-athletes.

The baseball team has won the New England Junior College Championship and the Northeast Association World Series and has appeared in several National Junior College Athletic Association (NJCAA) World Series. Our basketball teams have also achieved much success: Women’s Basketball earned 2nd place in both the State and Regional Tournaments in the 2006-2007 season and the Men’s Basketball won both the State and Regional Championship as well as finishing 5th place in the Nation at the NJCAA Tournament for the 2006-2007 season.

Important Places and Services

Bookstore
“A” Building, Lower Level | 508.854.4237

The Quinsigamond Bookstore offers new and used textbooks, text rental, digital books, supplies, QCC clothing, QCC gifts, online ordering and more! The Bookstore accepts cash, credit and debit cards, gift cards and financial aid. Shop online anytime at www.qccshop.com and “Like us” on Facebook. Normal hours of operation are Monday-Thursday 8:00 a.m. to 4:00 p.m. and Friday 8:00 a.m. to 3:00 p.m. The QCC Bookstore offers extended hours at the beginning and end of each new semester.

Cafeteria
“A” Building Lower Level | 508.854.4219

The main cafeteria has a great selection from full meals to snacks. Its hours of full operation are Monday-Friday 7:00 a.m. to 2:30 p.m. Hours are limited during the Summer and Intersession Semesters. The Cafeteria accepts cash and major credit cards.

The Café
“HLC” Building Lower Level | 508.854.7480

The Café serves light fare and is open Monday-Thursday 7:30 a.m. to 7:30 p.m. and Friday 7:30 a.m. to 4:00 p.m. The Café is closed during the Summer and Intersession Semesters. The Café accepts cash and major credit cards.

The Children’s School/Child Study Center
508.854.4220

Our on-campus child development facility provides early education and care for preschool children ages 2.9 to 5 years old. We are licensed by the Department of Early Education and Care and accredited by the National Association for the Education of Young Children.

The school provides a rich learning environment for young children and is also a model training site for college students. We are open for the full year to meet the many needs of students, staff, and families. Applications are accepted on an ongoing basis. State vouchers are accepted and some students may qualify for a financial scholarship. Please call 508.854.4220 or email jlohnes@qcc.mass.edu for more information.

Financial Aid Office
Room 165A | 508.854.4261

For students who are in need of financial assistance to help offset the cost of their education, several types of financial aid are available at Quinsigamond Community College. Financial aid may be given in the form of grants, loans, tuition waivers, scholarships, or work-study employment.
Computers are available to students for academic projects, papers, research and other assignments.

**Public Safety – Police**

**136 Athletic Center**

**EMERGENCIES 508.854.4444**  
**NON-EMERGENCIES 508.854.4221**

Campus safety at QCC involves the entire community working together in an effort to provide a safe and secure campus environment. The department provides educational and safety programs for the campus community and is proactive in prevention and security. To fulfill this goal, the department seeks community involvement, encourages interactive relations and a combined police and community approach to problem solving. Sworn campus police officers provide 24-hour service to the campus.

**Crime Awareness and Campus Security**

Quinsigamond Community College’s Annual Security Report is available to the College community. This report includes statistics for the previous three years concerning reported crimes that occurred on campus; in certain off-campus buildings or property owned or controlled by Quinsigamond Community College; and on public property within, or immediately adjacent to and accessible from, the campus. The report also includes institutional policies concerning campus security, such as policies concerning sexual assault, and other matters. A copy of this report can be obtained by contacting the Campus Police or by accessing the following website: www.QCC.edu/clery.

**Registrar’s Office**

**Room 152A | 508.854.4257**

Students can register for courses, file for graduation, update name and contact information, review their academic record in the Registrar’s Office. These services are also available on The Q, at www.QCC.edu.

**Student Payment Center**

**Room 65A | 508.854.4560**

Students can come into the Payment Center to pay their bills and other school related fees. Our staff can answer any billing questions a student may have. Students are notified by Qmail when their bill is ready. The student can check their course and fee statement on The Q for accuracy and view their financial aid award. Students are notified by Qmail when their financial aid award has been disbursed to their account and when they can expect a refund. The student can request and pay for a transcript or pay a parking ticket in the SPC. Services available on The Q are the ability to pay online or sign up for a payment plan as well as waivers for the health insurance fee and parking fee.
CAPS (Career, Academic & Personal Success)

QCC CAPS is a Road Map designed to help students navigate through and succeed in college. QCC CAPS allows students to develop a plan that charts out their academic and career goals and tells them how to get there. We expect that students may need extra assistance and direction when they first start college and their Advisor plays a major role at this stage. As students move along, they will be prepared to take more responsibility for their own college planning and success.

QCC CAPS is divided into four stages, according to the number of credits that students complete. Each stage has a CAPS Checklist - a guide that tells the student and his/her advisor what needs to happen before he or she moves on to the next stage.

All costs are subject to change without notice.
Payment of Tuition and Fees

Students are notified by Qmail when their bill is ready to view on The Q. Payment arrangements must be made prior to the bill due date or upon registration after the bill due date. The bill will reflect an estimated Financial Aid award as of the billing date. For aid awarded after the billing date the student should log in to The Q to view their current bill. If the student is a recipient of any third party funding (i.e. tuition waiver, military benefits, Uplan, scholarship or private company) please notify the Business Office and submit required paperwork prior to the start of the semester. To help students meet their educational expenses online payment plans are available. Payment can be made online, over the phone or in the Student Payment Center, Room 65A. QCC accepts cash, checks, money orders and credit cards (Master Card, Visa, or Discover). There is a $20.00 charge for any returned payment. Please note: all costs are subject to change without notice.

Other Expenses

Students should anticipate expenses each semester for required textbooks (which are available in the Bookstore) and/or materials for each course. For textbook availability and prices, please visit the bookstore link on The Q, the College’s student and faculty portal.

Refunds of Tuition and Fees

Students are responsible for the semester charges whether or not they attend. To remove or reduce these charges, students must officially withdraw in the Registrar’s Office, room 152A. All refunds will be pro-rated based on the withdrawal date. When withdrawing from classes please refer to the semester Tuition and Fee Refund Policy for financial penalty available on The Q and in the schedule booklets.

Refund Limitations

• Official withdrawal must be made in the Registrar’s Office, Room 152A.
• Any tuition waivers must be submitted to the Business Office prior to the end of the semester to be considered for a refund or adjustment.
• Mandatory health insurance premiums are not refundable.
• Students will be refunded only that portion of the tuition and fees paid by them; third-party payments will be refunded directly to the paying party.
• Financial Aid recipients are advised to check with the Financial Aid Office, Room 165 in the Administration Building prior to withdrawing to determine the impact on their financial aid award.

Return of Federal and State Funds for Students Who Withdraw

If the student withdraws from the College or stops attending classes prior to the 60% point of the semester, financial aid will be pro-rated based on the number of days attended. If financial aid was disbursed before the student withdraws, the student may be required to pay back some of the money, based on a federal determination of his or her eligibility as of the date withdrawn. Additional information is available in the Financial Aid Office.

Tuition Waivers

Various tuition waivers are available to those people who meet the requirements outlined below. Tuition waivers apply only to the cost of tuition; they do not include the cost of the educational service fee, additional fees, textbooks, or supplies. Tuition waivers are not applicable to tutorials, challenge examinations, or any other individualized learning experience.

Veteran Tuition Waivers

Veterans, as defined by MGL Chapter 4, Section 7, may qualify for tuition-free courses, provided the veteran is eligible and has submitted a copy of his or her DD214 separation papers. There may be other eligibility requirements for this tuition waiver. For further information please contact the Veteran Affairs Office, Room 258A.

Members of the Armed Forces Tuition Waivers

An active member of the Armed Forces (Army, Navy, Marine Corps, Air Force, or Coast Guard) stationed and residing in the Commonwealth of Massachusetts may qualify for tuition-free courses. For further information please contact the Veteran Affairs Office, Room 258A.

National Guard Tuition Waivers

Members of the Massachusetts National Guard may qualify for tuition-free courses, provided they meet the eligibility requirements. For further information please contact the Veteran Affairs Office, Room 258A.

Senior Citizens Tuition Waivers

Senior citizens, age sixty years or older, may qualify for tuition-free courses. For further information please contact the Financial Aid Office, Room 165A.
Massachusetts Rehabilitation Commission and Commission for the Blind Tuition Waivers

MRC and MCB clients may qualify for tuition-free courses consistent with the policies of the Massachusetts Board of Higher Education. For further information, please contact the agencies offices for details.

Native American Tuition Waivers

Native Americans, as certified by the Bureau of Indian Affairs, may qualify for tuition-free courses provided they meet the eligibility requirements. For further information please contact the Financial Aid Office, Room 165A

Student Billing: Frequently Asked Questions

Will there be a fee increase for the Fall semester?

For Massachusetts’ residents, the combined tuition and ed. service fee cost is currently $191.00 per credit hour. For Non-Massachusetts’ residents and international students, the combined tuition and educational service fee cost is $397.00 per credit hour; all costs are subject to change without notice. Additional fees apply each semester; some vary based on enrollment.

What are the additional fees?

Registration Fee: Students pay a registration fee each semester. This fee supports the administrative effort of the College associated with the entire enrollment process to include: Registration, Assessment Testing, Advising, Financial Aid, and Student Payment functions.

Student ID Fee: Students pay a Student ID Fee once per academic year. If a student already has an ID, they will need to have the card validated each academic year. This fee is used to support expenses associated with the learning center, library services, and the athletic center. Students need to have a Student ID in order to pick up financial aid refund checks, sell books back to the bookstore, or to receive a sales tax waiver for cafeteria purchases.

Student Support Fee: Students pay a Student Support Fee for the Fall and Spring semesters only. This fee is used to support various activities on campus.

Technology/Energy Fee: The technology portion of this fee is used to support expenses associated with computer labs, electronic equipment, classroom equipment, computer software, audio-visual hardware, database management systems, laptop computers, and telecommunications systems. The energy portion of this fee is used to help supplement the increasing energy costs and usage throughout the College.

Lab Fee: This fee is used to support expenses associated with all building and ground areas at all instructional locations.

Program Fees: Certain high demand and equipment intense programs have additional fees associated with the specific program/major to help support the needs of the program known as a Program Fee. Current Program Fees are detailed in the Program Fees section and are subject to change without notice.

Can I waive any of these fees?

The Registration, Student ID, Student Support, Technology/Energy, Facilities, Lab and Program fees are mandatory and cannot be waived.

Health Insurance Fee: If a student registers for 9 or more credits in Fall or Spring, a state-mandated health insurance fee will be added to their bill. If they have comparable coverage they may waive this fee. Additional information is available in the Student Payment Center.

Parking Fee: This fee supports the costs related to the maintenance of the campus parking lots and roadways. This fee is charged in the Fall and Spring semesters and in one Summer semester.

Once I pay my Parking Fee and receive a parking decal will I be able to park at all locations?

The parking decal covers designated student parking at our main campus in Worcester on West Boylston Street and in Southbridge at 5 Optical Drive. Additional parking fees may be charged for off-site instruction.

I do not park on any campus - can I waive the Parking Fee?

Students who do not park on campus may waive the Parking Fee. Additional information is available in the Student Payment Center.

If I withdraw from a course can I get all my money back?

There is a specific Refund Policy for each semester. For the first eight calendar days of class (or equivalent if in Summer or Intersession Semesters), a 100% refund of tuition and fees is granted. The next eight calendar days of classes, a 50% refund of tuition and fees is granted. After the first 16 days of classes (or equivalent if in Summer or Intersession), no refunds of tuition or fees will be granted. Please see semester brochures for exact dates. Students must officially withdraw from the College. Students who are receiving financial aid should consult with the Financial Aid Office before withdrawing. Financial Aid eligibility may be affected.

Fast Track Refund Policy

- Withdrawal through the first class meeting and PRIOR to the second class meeting 100%
- Withdrawal through the second class meeting and PRIOR to the third class meeting 50%
- Withdrawal as of the third class meeting 0%
How can I pay my bill?
Payment can be made in the Student Payment Center, room 65A in the Administration building, over the phone at 508.854.4560, or online by logging into The Q (the student and faculty portal). Payment options are detailed in the Qmail billing notification which is sent 2-3 business days after enrollment. All payment arrangements must be made by the bill due date or upon registration after the bill due date.

Does the College offer a payment plan option?
To help students meet their educational expenses, the college offers online payment plan options through a third party for each semester except Intersession. Students who select a payment plan option may select an installment plan that is spread over several months, depending on the length of the semester. Payments are then automatically deducted by our payment plan company from the student's credit card account. Participation in the payment plan costs $40.00 per semester. Please contact the Payment Center at 508.854.4560 for additional information.

When will my financial aid refund check be ready?
Students will receive a check for their excess financial aid award after all charges have been paid to QCC. The financial aid is processed on their student account in the middle of the semester. Once the funds are available, refund checks will be processed weekly and made available for student pick up at the Payment Center in Room 65A. An email will be sent to the student’s Qmail account notifying them that their check is available. Students need their Student ID or a picture ID to pick up their refund check.

Is any student eligible for Institutional Aid?
The College has set aside a certain amount in operating funds to support our students. To qualify for these funds students must meet the conditions for need-based Federal and State Financial Aid and complete a FAFSA. This aid helps fill the gap between available Federal and State aid and the cost of attendance. In addition, the institutional advancement group has set aside a certain amount to fund scholarships for students. To qualify for these scholarships students must meet the specific criteria of each individual scholarship. In most cases the Financial Aid Office will notify a student if he or she appears eligible for any of these scholarships. For further information please inquire at the Financial Aid Office in Room 165 in the Administration Building.
Financial Aid

The goal of the Financial Aid Office is to assure that students do not have financial barriers if they want to earn a college degree or certificate. Our office is committed to helping students receive the financial assistance they need to attend QCC. We offer a wide variety of federal, state and institutional assistance programs.

Who is Eligible for Financial Aid?

Students must meet the following criteria in order to be eligible for financial aid:

- Be admitted to an eligible program. Please note that undeclared majors are not eligible for financial aid.
- For most programs, students should enroll in at least six credits each semester. However, students with very low income may qualify for as little as one class per semester.
- Demonstrate financial need as determined by filing the Free Application for Federal Student Aid (FAFSA)
- Have a complete financial aid file by responding to all requests for additional information.
- Be a U.S. citizen or eligible non-citizen (permanent resident alien). Verification may be required.
- Be in compliance with the Selective Service registration requirements. Verification may be required. To check the status or to register go the Selective Service System website.
- Not be in default on any educational loan or in repayment of any educational grant.
- Not have been convicted for possession of the sale of illegal drugs while receiving any financial aid.
- For the grant programs, students must not have a previous Bachelor's Degree.
- Be making progress toward a certificate or degree program according to the Standards of Satisfactory Academic Progress

Applying for Financial Aid

To begin the financial aid application process, a student must complete the Free Application for Federal Student Aid (FAFSA) electronically. It is necessary for the student and their parent (if required to provide their information) to sign the FAFSA using a FSA ID. Be sure to designate Quinsigamond Community College (Federal School Code 002175) in the College release section. Make sure to select the application for the correct academic year. If a tax return has already been filed, QCC strongly recommends utilizing the IRS Data Retrieval tool. Using the tool allows students to complete the process faster and may minimize the amount of follow-up required by schools. If taxes have not been filed yet and the FAFSA has not been completed using estimated tax information, a student may make a FAFSA correction and utilize Data Retrieval after filing. Information on the tool and who is eligible to use it is available within the online FAFSA application.

Allow 3-5 business days for the FAFSA to be processed. Students will receive a Student Aid Report (SAR), which should be reviewed for accuracy.

If additional documentation is required, students will receive a letter or email to their College Qmail account from the Financial Aid Office. It is important to respond to these requests as quickly as possible.

When Should One Apply?

The priority filing date for the Fall semester is April 1 and Spring semester is October 1. The deadline to apply for MASSGrant is May 1. These priority filing dates assure that students receive the maximum financial aid possible and that funding will be available to pay the bill by the billing due date, assuming all requirements are completed. If a student misses the priority filing date, he or she may still apply for financial aid. Funding is still available.

Students must reapply for financial aid each academic year.

Determining Financial Need

Financial aid from most sources is awarded on the basis of financial need. Once the student meets the other eligibility criteria, the information he or she reports on their aid application will be used in federal formulas to calculate their need and eligibility.

Financial need is determined by taking the cost of education (educational expenses, such as tuition, fees, books, supplies, and other related expenses), and subtracting the amount the student and his or her family are expected to pay toward that cost. Detailed information on how the “cost” of education at Quinsigamond Community College is calculated may be obtained at the Financial Aid Office.

Certain federal loan programs not based on financial need are also available. In order to be considered for these programs, students may be required to complete the entire financial aid application process to first determine if they are ineligible for need-based assistance.
Repeated Courses

Students may qualify for financial aid for repeated coursework. For most programs, the Financial Aid Office can count repeated coursework in a student’s enrollment status for financial aid purposes as long as (1) they have not yet earned credit for that course, or (2) it is the student’s first attempt to retake the course following the student having previously earned credit. In other words, once a student receives a grade in a class (A through D-), he or she can only get financial aid for that class one more time if he or she needs to repeat it.

Some programs at Quinsigamond Community College follow different eligibility rules and students may not qualify for repeat coursework even under the conditions above. Those programs are: Practical Nursing (Day and Evening), Nurse Education Evening, Nurse Education Advanced Placement LPN, Nurse Education Advanced Placement Paramedic, and Radiologic Technology.

Billing Information for Financial Aid Applicants

Financial aid awards are applied toward a student’s bill when an official award letter is issued from the College. If the student has applied for financial aid, but has not been notified of their eligibility for assistance by the College, he or she must make payment arrangements for the amount due directly with the Payment Center.

Students will need to visit The Q, QCC’s online student portal, to see their financial aid award and/or any missing financial aid documents.

Should Quinsigamond Community College become aware of any misrepresented or omitted information in a financial aid application, any funds awarded to the student will become due immediately and payable to either the College or the Department of Education.

Return of Federal and State Funds for Students Who Withdraw

Title IV funds are awarded to a student under the assumption that the student will attend the College for the entire period for which the assistance is awarded. If a student withdraws, drops out, is expelled from the College, or if they otherwise stop attending classes, prior to the 60% point of their payment period (typically a semester), his or her financial aid will be prorated based on the number of days he or she attended. If financial aid was disbursed to the student prior to withdrawal, he or she may be required to pay back a portion of the money, based on a federal determination of the eligibility as of the date he or she withdraws.

Students enrolled in modular coursework (i.e. coursework that does not span the length of the entire semester) may be considered withdrawn for financial aid purposes even if they have successfully completed another modular course in a given semester. Students enrolled in the Radiologic Technology, Practical Nursing (Day/Evening), Nurse Education Evening, Nurse Education Advanced Placement LPN, or Nurse Education Advanced Placement Paramedic programs will have a different assessment of their 60% point, as their financial aid award may not be based on a single semester of enrollment. Similarly, students in these programs who are unable to continue in their program from one semester to the next may need to have their eligibility adjusted. Additional information is available in the Financial Aid Office. We strongly advise all students to consult with the Financial Aid Office prior to making changes to their enrollment.

Types of Financial Aid Available

The College will inform the student in writing by means of a financial aid award letter of the amount of their award. The amount of their award may be adjusted based upon changes in the student’s enrollment or other eligibility criteria. Their award may consist of any combination of the federal, state, and institutional programs listed below.

Grant Programs

• Federal Pell Grant: This is gift aid awarded by the federal government to students demonstrating substantial financial need. Changes in enrollment status through the add/drop period will result in an adjustment to this award.

• Federal Supplemental Educational Opportunity Grant: This is a federally funded grant program. Recipients are selected by Quinsigamond Community College according to federal regulations that require SEOG be awarded to students with the lowest family contributions and greatest financial need, usually Federal Pell Grant recipients.

• MA Cash Grant: This is a state-funded grant program designed to assist needy Massachusetts residents attending public colleges and registered for at least three credits. Eligibility is determined by the college according to state regulations. The Cash Grant cannot exceed the cost of tuition and fees.

• MASSGrant: This is a state grant awarded by the Commonwealth of Massachusetts to its residents with exceptionally high financial need. The state Office of Student Financial Assistance notifies residents of their eligibility and the college certifies this eligibility. Funds are not available until this certification is completed. A student must be enrolled for a minimum of 12 credits to receive this grant.
• **Massachusetts Part-time Grant:** This is a state-funded grant available to residents of Massachusetts who attend college on a part-time basis. Quinsigamond Community College, in accordance with state regulations, selects recipients. A student must be enrolled for at least six and not more than eleven credits each semester.

• **Performance Bonus Grant:** This grant was created to reward the success of the Commonwealth’s neediest students. The grant provides a financial incentive for students to perform well in college and persist toward the achievement of a postsecondary education degree. Students must be full time, have earned 24 credits with a 3.0 GPA, have a 0 EFC, and are eligible for the MASSGrant. Recipients are selected by the state and eligibility is certified by the College.

• **MA Public Service Grant:** Established to provide educational opportunity to family members in recognition of the hardship that a family experiences upon the loss of a parent and or spouse who is killed or missing in the line of public service duty in the Commonwealth of Massachusetts. The award value is equal to the college’s full-time tuition charge.

• **Paraprofessional Teacher Preparation Grant:** Provides financial assistance to paraprofessionals in a Massachusetts public school who wish to pursue teacher education and become certified to teach full-time in Massachusetts’ public schools.

**Federal Work-Study Program**

The Federal Work-Study Program offers students an opportunity to earn money through on or off-campus employment. Students are placed in a position that will provide them with valuable work experience. The Work-Study Program offers off-campus placements in community service positions at non-profit agencies. It also offers students an opportunity to tutor in area elementary schools with the America Reads and America Counts Programs.

A student’s work schedule and hours may vary according to the amount of the Work-Study award. Students are paid hourly, and rates of pay may vary.

**Loans**

**Federal Direct Loan Program:** The Direct Loan Program provides low-interest loans to students enrolled for six or more credits per semester. Payments for interest or principal do not begin until six months after the borrower graduates, drops below half time enrollment, or leaves school. Borrowers are charged a fixed interest rate. A variety of repayment options are offered.

If the student demonstrates financial need, a portion of the loan may be subsidized which means the Department of Education will pay the interest on the loan during eligible periods. For first-time borrowers on or after July 1, 2013, there is a limit on the maximum amount of time a student can receive Direct Subsidized Loans. Students who do not demonstrate financial need or who have reached their subsidized loan limit may qualify for a Direct Unsubsidized Loan. The interest on this loan begins to accrue from the date of disbursement.

The College receives funding for these loans directly from the United States Department of Education, and repayment is made to a loan servicer assigned by the US Department of Education once the loan has been disbursed. There is no separate application. Before receiving any loan funds, first-time borrowers must complete an Entrance interview as well as sign a Master Promissory Note electronically at www.studentloans.gov.

**Federal Direct PLUS Loans:** A Federal Direct PLUS Loan is available to parents of dependent students and is not based upon financial need. The amount of a Federal Direct PLUS Loan may not exceed the cost of education minus any other financial aid. The parents’ credit history will be reviewed to establish eligibility. A fixed interest rate will be charged. Ordinarily, repayment begins 60 days after the final loan disbursement; however, a deferment may be available while the student is enrolled in school. Students need to complete a FAFSA even if they are only applying for a PLUS loan.

**Tax Credits**

The tax code provides a variety of tax incentives for families who are saving for, or already paying, higher education costs or are repaying student loans.

Students may be able to claim a Hope and Lifetime Learning Credit for the qualified tuition and related expenses of the students in a family (i.e., student, spouse, or an eligible dependent) who are enrolled in eligible educational institutions. Different rules apply to each credit. If a student claims a Hope Scholarship Credit for a particular student, none of that student’s expenses for that year may be applied toward the Lifetime Learning Credit.

A student may be able to claim a tuition deduction of up to $4,000.00 of qualified education expenses paid during the year for themself, their spouse, or their dependent. They cannot claim this deduction if their filing status is married filing separately or if another person can claim an exemption as a dependent on his or her tax return. The qualified expenses must be for higher education. Students may be able to deduct interest paid on a qualified student loan. Please refer to the www.irs.gov for further information.
Tuition Waivers

If a student qualifies for more than one tuition waiver, the total of all waivers received cannot exceed the cost of tuition only each semester.

Categorical Tuition Waivers: The Commonwealth of Massachusetts provides tuition waivers to (1) Veterans, (2) Native Americans, (3) Senior Citizens, (4) members of the Armed Forces, and (5) Clients of the Massachusetts Rehabilitation Commission or Commission for the Blind. Eligibility is determined by the college according to state regulations.

City of Worcester Tuition Waiver: The city of Worcester issues up to five 100% tuition waivers per semester, for the fall and spring semesters, to employees of the city of Worcester.

DSS Adopted Children Tuition Waiver: This waiver is designed to lessen the financial burden on adopting parents in the Commonwealth. This Waiver extends eligibility to all children and young adults, age twenty-four or under, adopted through the Department of Social Services by state employees or eligible Massachusetts residents, regardless of the date of adoption.

DSS Tuition Waiver for Foster Care Children: This waiver is designed to provide financial support for higher education to foster children in state custody who were neither adopted nor returned home. Students must maintain full-time enrollment.

Higher Education Employee Tuition Waiver: Employees of institutions of higher education in the state of Massachusetts are eligible for a tuition waiver for themselves, their spouses and their dependent children. Full time employees may receive a 100% waiver, part time employees receive 50%.

Human Service Provider Tuition Waiver: This waiver is a program of the Massachusetts Council of Human Service Providers Inc., eligible employees of certain Human Service Providers may receive a 100% tuition waiver by submitting a Certificate of Employee Eligibility for Tuition Remission approved by their Human Resources representative. Qualification of an organization as an Eligible Human Service Provider will be determined on the basis of lists of providers under contract with the Commonwealth that are maintained by the Comptroller of the Commonwealth.

Massachusetts National Guard Tuition Waiver: Certain eligible members of the Massachusetts National Guard may receive a 100% tuition waiver for up to 30 credit hours per school year. A certificate for this waiver must be issued by the member’s unit Administration or Education office.

Need Based Tuition Waiver: This waiver is a state-funded program available to needy Massachusetts residents attending public colleges and registered for at least three credits. Eligibility is determined by the college according to state regulations. If a student receives any other type of tuition waiver they may not receive this need-based tuition waiver as well. The amount of the waiver cannot exceed the cost of tuition.

Quinsigamond Community College Full-Time Employee Tuition and Fee Waiver: QCC employees, their spouses and their dependents are eligible for a 100% waiver of tuition charges. In addition, employees may receive a 100% waiver of educational fee charges. Spouses and dependents of employees may receive a 50% waiver of educational fee charges.

Stanley Z. Koplik Certificate of Mastery Tuition Waiver: Honors students who are awarded Stanley Z. Koplik Certificate of Mastery Awards by the Department of Education.

September 11, 2001 Tragedy Tuition Waiver: This waiver provides a 100% tuition waiver to children and widowed spouses of Massachusetts residents for any state supported course or program offered by a Massachusetts public college or university.

State Employee Tuition Waiver: Employees of state agencies are eligible for a 100% tuition waiver for themselves and their spouses.

Valedictorian Program Tuition Waiver: Honors students who were designated as valedictorians by a Massachusetts High School.

Scholarships

Please note: All scholarships are subject to available funding.

Carmen Tobin Nursing Scholarship: In memory of Carmen Tobin who graduated from the Quinsigamond Community College Nursing Program this scholarship is administered by the Greater Worcester Community Foundation and is awarded each year to assist students in achieving their Nursing degree. A separate application must be submitted to the Greater Worcester Community Foundation.

Carol Lawson Memorial Scholarship: Established in memory of Carol Lawson who served as the Director of the QCC Children’s School from 1991 to 2000. The award is given each spring to a student in the Early Childhood Education program.

Deceased Public Servant Memorial Scholarship: In recognition of the hardship families experience upon the loss of a parent or spouse who is killed in the line of public service duty in the Commonwealth, the Deceased Public Service Memorial Scholarship has been established. Dependent children and spouses of deceased public servants, eligible for the Commonwealth of Massachusetts Public Service Grant Program, may also receive this scholarship. The two programs completely cover the cost of tuition, fees and books.

Fairlawn Foundation Scholarship: Scholarships from the Fairlawn Foundation (offered through the Worcester Nursing Pipeline Consortium — WNPC) support nursing students who...
have demonstrated a commitment to improving the health of residents in the Worcester area through employment, clinical practice, and/or community service in Worcester, Massachusetts with plans to sustain that commitment upon the completion of their current nursing studies.

**Family Member of Deceased Former Employee of Quinsigamond Community College:** Recipient must be an immediate family member of a deceased former employee of Quinsigamond Community College who died while employed by the College.

**Firefighter Memorial Scholarship:** This restricted scholarship, in conjunction with the Commonwealth of Massachusetts’ Public Service Grant Program, provides full coverage for tuition, fees and books to the dependent children and spouses of the six firefighters who perished in the December 3, 1999, fire at the Worcester Cold Storage building.

**J. Allan Chupka Memorial Scholarship:** Established in the memory of J. Allan Chupka, who served as Registrar and later as Chairperson of the Business Department at Quinsigamond Community College. This scholarship is open to all full-time students at Quinsigamond Community College. The award is based on academic achievement and financial need.

**Massachusetts Public Service Grant Program:** Established to provide educational opportunity to family members in recognition of the hardship that a family experiences upon the loss of a parent and or spouse who is killed or missing in the line of public service duty in the Commonwealth of Massachusetts. The award value is equal to the college’s full time tuition charge.

**Nancy Ohan Memorial Award:** This award is given to a student who has demonstrated significant personal as well as academic growth during their time in the Occupational Therapy Assistant program. Nancy Ohan was one of the first graduates of the OTA program at Quinsigamond Community College. After graduation she worked as secretary to the department and then assumed the job of Academic Fieldwork Coordinator. She returned to QCC in the early 1980’s as an instructor in the OTA program and remained until her death in 1996.

**National Grid Energy Utility Technology Scholarship:** This $1000.00 award is available to assist students who are enrolled in the Energy Utility Technology program. Special consideration will be given to women and other underrepresented populations. Applications are available in the summer prior to the start of the academic year. Multiple scholarships will be awarded.

**New England College Council Scholarship:** The Board of Directors of the New England College Council awards these scholarships to qualifying students attending one of their member institutions. Members are most of the two-year regionally accredited institutions in New England.

**Patricia Lamusta Memorial Scholarship:** Established in memory of Patricia Lamusta, who served as a secretary in the Registrar’s Office at Quinsigamond Community College. Open to students in the Business Administration Career degree or Business Support Specialist certificate programs.

**Quinsigamond Community College Alumni Association Scholarship:** Two scholarships will be awarded to students whose parents or spouse is an alumna of Quinsigamond Community College.

**Quinsigamond Community College Division Scholarships:** Quinsigamond Community College Division Scholarships are awarded annually on a competitive basis to one student from each division: Business Management and Human Services, Humanities and Social Sciences, Technology, and Healthcare.

**Rev. Dr. Martin Luther King, Jr. Scholarship:** The Rev. Dr. Martin Luther King, Jr. Scholarship is awarded each fall to a student who represents the ideals of the Reverend Dr. Martin Luther King, Jr. nominated by members of the QCC community.

**Rose Caprioli Award:** This award is given to the Occupational Therapy Assistant student who consistently demonstrates excellence both in the classroom and in the clinical setting. Honoring Rose Caprioli who taught in the OTA program at QCC for many years and was Academic Field Coordinator for much of that time. She encouraged excellence in clinical practice and supported the students in their clinical experiences on fieldwork.

**Ruth C. Pelkey Memorial Nursing Scholarship:** Awarded in the fall and the spring of each academic year to a prospective QCC Nursing IV student.

**September 11, 2001 Tragedy Fund:** The fund, in conjunction with the state’s September 11, 2001 Tragedy Tuition Waiver, is available to any spouse or child of a resident of Massachusetts with the state’s September 11, 2001 Tragedy Tuition Waiver, is available to any spouse or child of a resident of Massachusetts who was the victim of the tragic events that occurred on September 11, 2001. The fund provides full coverage for tuition, fees and books.

**TJX Foundation Scholarship:** The TJX Foundation has donated funds to support scholarships to non-traditional students with financial need. A non-traditional student is typically defined as a student who did not enter college right after high school and is at least 24 years old. This scholarship is subject to continued funding from the TJX Foundation.

**Scholarship Search Web Site:** This is a very comprehensive website that will give students information on many external scholarship programs for which they may be eligible.

**QCC Foundation Scholarships:** The QCC Foundation Scholarship program awards students for academic achievement and considerable financial need. Visit the website to read more and apply.
Satisfactory Academic Progress

Federal regulations require students to maintain satisfactory academic progress toward the completion of their degree or certificate program in order to qualify for financial aid. Financial Aid applicants will be reviewed at the end of each payment period to determine if the standards are met. For most programs, a payment period is a semester. For the Nurse Education Evening, Nurse Education Advanced Placement LPN, and Nurse Education Advanced Placement Paramedic programs, the payment period may encompass more than one traditional semester. Students in these programs should contact Financial Aid for assistance in determining changes to their status while enrolled in these programs.

Important Definitions

Academic Progress is based on all terms of enrollment. The review will be performed on the student’s entire QCC academic transcript, regardless of whether or not financial aid was received or whether the Fresh Start Option was granted.

Attempted Credits:

- All credits in which a student was registered at the end of the add/drop period, including those with grades of “F”, “W”, “X”, “I”, “IR”, and “WA”, including all attempts at repeated courses
- All earned credits (e.g. transfer credits and credits earned through prior learning)

Earned Credits:

- Courses that a student has completed and have earned credit for
- Repeated courses where credit has been earned may only be counted once
- Transfer credits
- Credits earned through prior learning (e.g. challenge exams, portfolio assessment, or CLEP/Advanced Placement)

Audited (AU) classes are not considered attempted or earned and are not eligible for financial aid.

Criteria

Student progress will be measured based on the total number of attempted credits on the transcript at each review. Student records will be reviewed against all three of the following criteria:

I. Minimum Cumulative Grade Point Average (GPA)

<table>
<thead>
<tr>
<th>Total Attempted Credits</th>
<th>Cumulative GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 - 15</td>
<td>1.5</td>
</tr>
<tr>
<td>16 or more</td>
<td>2.0</td>
</tr>
</tbody>
</table>

II. Minimum Earned Credits (Completion Rate)

Calculate by taking “Total Earned Credits” divided by “Total Attempted Credits”.

<table>
<thead>
<tr>
<th>Total Attempted Credits</th>
<th>Completion Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-15</td>
<td>50%</td>
</tr>
<tr>
<td>16 or more</td>
<td>66.67% (two-thirds)</td>
</tr>
</tbody>
</table>

III. Maximum Time Frame

Students must complete their certificate or degree program by attempting no more than 150% of the total credits required for that program. If the student is not enrolled in a program at the time the assessment is completed, a determination will be made using the General Studies program degree requirements. All attempted coursework that has been or could be applied to the student’s current major according to the degree audit will be counted toward the maximum timeframe calculation. Up to 30 credits of developmental courses (courses numbered below 100) and all English as a Second Language (ESL) coursework will be excluded from this calculation.

Example: A student is in an associate degree program that requires a total of 62 credits. He has a total of 85 applicable credits attempted at the end of the academic year. He needs 15 more credits to complete the program. The student cannot complete the program within the maximum time frame (62 credits X 150% = 93 credits and he needs 85 + 15 = 100 credits). He is no longer eligible for financial aid funding.

Satisfactory Academic Progress Statuses

Good: The student has met all three of the Satisfactory Academic Progress criteria.

Warning: If students do not meet the GPA or Completion Rate standards, they will be placed on Warning for one semester. They are still eligible for financial aid, but if they do not meet the standards during their Warning semester,
they will be placed on Suspension. If students meet the Satisfactory Academic Progress standards during their Warning semester, they will return to Good standing.

Suspension: If students do not meet all of the Satisfactory Academic progress criteria following a Warning or Probation semester, they will be placed on Suspension. They will also be suspended if they do not meet the Maximum Time Frame Criteria. While on Suspension, students are not eligible for any form of financial aid, including student loans. If they are academically dismissed from the College, they will be placed on Suspension.

Probation: If students appeal a Suspension and it is approved, they will be placed on Probation for at least one semester during which time they will be considered for financial aid. Their progress will be reviewed at the end of each Probationary semester. If students meet the standards, they will return to Good standing. If they meet the terms of their academic plan but fail to meet the overall Satisfactory Academic Progress policy criteria, they may remain on Probation as stated in their academic plan. If the standards are not met, they will be placed on Suspension.

Appeal Process

Students may appeal a Suspension, in writing, if they have an extenuating circumstance that prevented them from meeting the Satisfactory Academic Progress criteria. To do this, they must complete the following steps:

1. Complete the online course in Blackboard titled “Initial Satisfactory Academic Progress for (SAP)”. To complete this course:
   a. Log into The Q
   b. Click on Blackboard
   c. Select this course under “My Courses & Communities”
   d. Complete the entire course until Certificate of Completion is reached

2. Submit the Suspension Appeal Form, or write a letter, to the Financial Aid Office explaining the circumstances. The appeal must state why the student was unable to meet the standards and what has changed to assure the student’s success in the future.

3. Provide supporting documentation with the appeal such as a doctor’s note explaining medical issues, letter from an employer regarding required changes to a work schedule, etc.

Regaining Eligibility for Financial Aid Without an Appeal

Students may be reconsidered for funding after they have successfully completed at least one semester without the benefit of financial aid. To return to Good standing, students must again meet all of the criteria described above and notify the Financial Aid Office that they would like to have their eligibility for funds re-evaluated. If they successfully complete at least one semester without the benefit of financial aid but do not meet the criteria, they may submit a complete appeal for consideration.

Students are responsible for notifying the Financial Aid Office if they receive a grade change that results in meeting the standards for Satisfactory Academic Progress.
Academic Information

Quinsigamond Community College offers 114 Associate Degree and Certificate study options in the areas of: Business, Financial and Hospitality Management; Computer and Information Technology; Education; Engineering and Engineering Technology; Healthcare; Installation, Maintenance and Repair Technology; Liberal Arts/Science and General Studies; and Public and Social Services. The College can prepare students for transfer to a bachelor’s level program at a four-year college or university, or for immediate entry into a career field after graduation. If one enrolls as a full-time student in the day, he or she can expect to complete an Associate Degree in two years. Most Certificate programs can be completed in two semesters or less of full-time study. Opportunities for part-time study exist in both the day and evening, on weekends, and during the summer. If one enrolls as a part-time student, the length of time it takes to complete the degree or certificate will depend upon his or her course load each term.

At Quinsigamond, the academic year consists of a Fall and a Spring Semester, each of which is approximately fifteen weeks long. Fall classes begin in September and continue through mid-December. Spring classes begin in late January and end in early May. There are two short terms in each semester (Fall and Spring) that are seven weeks long: Fall 1 classes begin in September and end in late October, followed by Fall 2 that ends in December; Spring 1 classes begin in late January and end in early March, followed by Spring 2 that ends in early May. The Summer Sessions begin in late May and continue through August.

To be considered a full-time student, one must be enrolled for a minimum of 12 credits each semester. If one enrolls for fewer than 12 credits, he or she is considered a part-time student. Quinsigamond has a maximum credit registration policy. If a student wishes to register for more than 19 credits in any semester, he or she must obtain the prior approval of the Academic Vice President.

Any student who has completed fewer than 30 credits of course work is considered a Freshman. A student who has completed at least 30 credits is considered a Sophomore.

Degree Requirements

The Massachusetts Department of Higher Education has statutory authority to confer the Associate Degree through the individual community colleges. Upon the recommendation of the faculty, qualified candidates are awarded the degree of Associate in Arts (A.A.), Associate in Science (A.S.), or Associate in Applied Science (A.A.S.) at Quinsigamond Community College. The College also awards certificates in various fields. To qualify for a degree or certificate, the student must satisfy the following requirements:

- Apply for, and be admitted to, a degree or certificate program offered by the college;
- Complete the required courses and the specified number of credit hours for the program in which he or she is enrolled;
- Earn a minimum of 15 credits in residence at Quinsigamond Community College;
- Maintain a quality point average of at least 2.0; and
- Satisfy all financial obligations to the College. Recipients of Stafford Loans must also complete an exit interview with the Financial Aid Officer prior to graduation.

Students completing all requirements for a Certificate Program while enrolled in a Degree Program may apply for that Certificate and also continue in the Degree Program.

Degrees and Certificates are conferred three times a year—after the Fall and Spring Semesters, and after the Summer Session. Commencement Exercises are held once a year, at the end of the Spring Term. All students who complete Degree or Certificate requirements in the summer, fall, or spring will have their names included in the Commencement Program and will be eligible to participate in the Commencement ceremony.

Residence Requirement

A minimum of 15 credit hours is required to fulfill the College residency requirement. The balance of credits may be drawn from regionally accredited postsecondary institutions and/or credit by examination in applicable situations.

Earning a Degree in Two Programs

If the student receives an Associate Degree from Quinsigamond and wishes to qualify for a degree in another program, he or she must complete all major course requirements in the second program, as well as meet the residence requirement of the College.

Criminal Offender Record Information and Sex Offender Registry Information Checks (CORI/SORI)

In order for a student to be eligible to participate in an academic, community or clinical program that involves
potential unsupervised contact with children, the disabled, or the elderly, the student may be required to undergo a Criminal Offender Record Information (CORI) check and/or a Sex Offender Registry Information (SORI) check. Students found to have certain criminal convictions or pending criminal actions will be presumed ineligible to participate in such activities; therefore, the student may be ineligible for clinical placement, and as a result unable to continue in the program. The College is authorized by the Commonwealth’s Criminal History Systems Board, pursuant to Massachusetts General Laws, Chapter 6, Sections 167-178B, to access CORI records. The College shall refer to regulations issued by the Commonwealth’s Executive Office of Health and Human Services, 101 Code of Massachusetts Regulations 15.00-15.16, as guidance when assessing student CORI records. Sex Offender checks shall be performed pursuant to Massachusetts General Laws, Chapter 6, Sections 178C-178P. Students should notify the Dean of Students if a change occurs during College enrollment.

Health Program Policy

Policies of QCC health programs are comprehensive, provide for the welfare of faculty and staff, and are consistent with those of the governing organization; however, differences in policies may occur as justified by the goals and outcomes of the specific health program.

High School Equivalency Test

The GED test has been replaced in Massachusetts by the High School Equivalency Test (HiSET) from ETS. QCC offers the HiSET at 25 Federal St. in Worcester. Information regarding preparing and registering for the test can be found on the website at www.hiset.ets.org. Questions can be directed to the Testing Office at 508.854.4407.

Prior Learning Credit (PLC)

Prior Learning Credit: At Quinsigamond, students may be able to earn academic credit through testing, or by developing a portfolio, which documents students’ prior learning.

Challenge Examinations: These examinations enable students to earn credit for courses listed in the Quinsigamond Catalog by taking a test developed and administered by a Quinsigamond faculty member. Generally, a student may not request a Challenge Examination when other proficiency examinations (CLEP, DANTES, etc.) are available to replace a failed course or to raise a low grade. Students applying for academic credit through Challenge Examination pay current fees. Program restrictions apply. Application for Challenge Examination can be made in Room 272A.

Credentialing: This is the process of earning credit for structured learning experiences conducted by qualified instructors in non-collegiate institutions. Accreditation occurs through establishing an equivalency between the non-collegiate course and a Quinsigamond course. Some examples include the Massachusetts Firefighting Academy, and branches of the Military. Students applying for academic credit through credentialing pay current fees. Program restrictions apply. Information about credentialing can be found in Room 272A.

Portfolio Assessment: This is available to students who can document their skills and competencies attained through non-collegiate training and/or life experience. This documentation is reviewed and evaluated by a Quinsigamond faculty member who measures demonstrated learning outcomes against established academic standards. Students applying for academic credit through Portfolio Assessment pay current fees. Program restrictions apply. Application for Portfolio Assessment can be made in Room 272A.

Credit hour definition: The College follows the Carnegie Unit for credit. Students are expected to spend a minimum of 45 hours of work for each credit. The most common breakdown for one credit is one hour of class instruction and two hours of homework for 15 weeks each semester. A three credit course demands nine hours each week.

QCC Sponsored Learning

At Quinsigamond, students may also earn academic credit through Directed Study, or Tutorial Study. These experiences require approval by the appropriate Academic Dean. Each involves individualized study under the supervision of a member of the faculty.

Directed Study: This is an opportunity for individualized learning about topics not offered as established Quinsigamond courses. The nature and scope of the learning experience are determined by the student, in collaboration with an instructor. Directed Study students are required to pay full tuition and fees. Application for Directed Study can be made in Room 272A.

Tutorial Study: This opportunity enables students nearing graduation to study the subject matter of courses listed in the Quinsigamond Catalog on an individualized basis. This option is not available if the course is scheduled during the requested semester. To be eligible for Tutorial Study, students must be enrolled in the academic program requiring the tutorial course, and they are required to meet strict eligibility guidelines. Those enrolling in Tutorial Study pay full tuition and registration fees. Application for Tutorial Study can be made in Room 272A.
Proficiency Examinations

Advanced Placement: QCC awards credit to students who score 3 or higher on the AP examinations, administered by the College Board. Official Grade Report must be provided by the College Board and submitted to Room 272A. Student grade reports will not be accepted.

College Level Examination Program (CLEP): Credit will be awarded to students who achieve scores at or about the fiftieth percentile on the CLEP exam. The general battery includes examinations in English, humanities, mathematics, natural science and social science/history. A maximum of 32 credits may be awarded for all of the general exams, if the appropriate score is achieved. Students must provide the official CLEP transcript to the Registrar’s Office, Room 152A. Please note: certain program restrictions apply.

Defense Activities for Nontraditional Education Support program (DANTES): Credit will be awarded to students who achieve scores at or about the fiftieth percentile on the DANTES exam, administered through Educational Testing Service (ETS), which covers a wide range of technical, business and academic subjects. Students must provide the official DANTES transcript to the college. Please note: certain program restrictions apply.

Enrolling in Courses Offered By Worcester Consortium Colleges

Full-time day students at Quinsigamond may register for one day school course offered by any member of the Higher Education Consortium of Central Massachusetts (HECCMA). Registration is on a “space available” basis and is subject to course prerequisites and any other course restrictions. If a similar course is being offered at Quinsigamond, the student’s request for permission to cross-register may be denied. Cross-registered students are subject to all of the regulations of the institution providing the course. Although students are limited to one cross-registration each semester, exceptions to this requirement may be made by the Academic Vice President, but only in unusual circumstances. Contact the Registrar’s Office (Rm. 152A) for more information about enrolling in a course at a Consortium College.

College Credit for Military Coursework, Training and Experience Policy

Quinsigamond Community College awards academic credit towards degrees and certificates for students’ previous military occupation, military training, coursework and experiences, based upon the institution’s admission standards, the student’s program of study and is consistent with the mission of the Commonwealth’s system of higher education.

At Quinsigamond Community College, academic credit may be awarded where appropriate through multiple methods of evaluation including, academic accredited institution courses, (to include the Community College of the Air Force), the American Council on Education (ACE) Joint Transcript Service (JST), DANTES and CLEP Subject Standardized Tests, Challenge Exams, Credentialing and Portfolio Development.

Assessment of Student Learning

Quinsigamond Community College employs the traditional practice for assessment of student learning wherein the quantity of learning is measured by the number of credits (semester hours) earned, and its quality is recognized by an award of a grade for the learning experience. The design of this college practice shall be, so far as practicable, responsive to the needs of students enrolled in a course or program. The status of the student in a program shall be determined by accumulated course grades earned.

Grading policy

1. The grading policy shall be in conformity with the College mission of access and quality.

2. Grades shall be awarded only for demonstrated student learning.

3. Program goals shall be achieved through successful completion of established learning outcomes of educational experiences in the program.

4. Learning outcomes of educational experiences shall constitute the basis for assessing student learning.

5. The criteria for assessing learning outcomes shall be as objective as possible.

Grading System

The individual faculty member may determine what numerical equivalent, if any, to assign to the various grade designations. Faculty may use an absolute numerical value or they may grade on the class average. The following table indicates recommended but non-mandatory numerical/letter equivalents for awarding grades. Note: The quality point for each letter grade is college-wide policy, not merely recommended as a guideline:
Academic Grades | Quality | Points
--- | --- | ---
A | 95-100 | Outstanding | 4.0
A- | 90-94 | 3.7
B+ | 87-89 | 3.3
B | 83-86 | High Quality | 3.0
B- | 80-82 | 2.7
C+ | 77-79 | 2.3
C | 73-76 | Average | 2.0
C- | 70-72 | 1.7
D+ | 67-69 | 1.3
D | 63-66 | 1.0
D- | 60-62 | 0.7
F | Failed | 0.0

The status of the student may also be indicated by the following designations which will not be computed in the QPA.

- **I** - The student has satisfied the major requirements of the learning experience, as judged by the instructor, and can complete the assigned work by the end of the twelfth week of the following full semester.
- **I/R** - The student has agreed to repeat the course within the following year. Not computed in the QPA until converted to an academic grade.
- **AU** - The student is registered in the learning experience as an audit student. Not computed in the QPA.
- **W** - The student has officially withdrawn on his/her own from the learning experience. Not computed in the QPA.
- **WA** - The student has been withdrawn administratively for failure to fulfill financial or immunization obligations or for medical or disciplinary circumstances. Not computed in the QPA.
- **X** - The student has not officially withdrawn from the learning experience, and the instructor has judged there is insufficient basis for evaluation. The “X” grade is considered an indication of unsatisfactory academic progress for financial aid purposes.
- **P** - The student has satisfactorily completed the learning experience with a “C” grade or better. Not computed in the QPA but computed in credits attempted.
- **Q** - The student has registered for a course with a laboratory or clinical component and the grade is reflected in the overall course grade.

Grading Regulations

1. The letter grades “A”, “B”, “C”, “D”, “F” shall be awarded for learning outcomes for an educational experience achieved through alternate delivery systems only if a QCC faculty member is responsible for the entire experience. The letter grade of “P” shall be awarded for acceptable learning outcomes for a prior learning experience.

2. The grade of “I” will be converted to an academic grade by the end of the twelfth week of the following full semester. Students who have not completed the course requirements by the end of the twelfth week will have the course grade changed to “F”.

3. When a grade of “I” is issued, the instructor will indicate on a specified form assignments which will remedy the deficiency, or that the course is to be repeated. This form will be filed in the Registrar’s Office. The Registrar will forward a copy of the form to the student.

4. When a grade of “I/R” is issued and the course is not repeated within the following year, the grade of “I/R” will be converted to an academic grade of “F”.

5. If an instructor wishes to use “P” instead of “A”, “B”, or “C”, as a final grade he or she must receive written permission from the Vice President of Academic Affairs before the beginning of the semester.

6. Instructors’ course requirements, expected learning outcomes, methods of evaluation, and attendance policy will be published in writing and will be submitted to students by the end of the first week, or equivalent, of class.

7. Evaluation of the student learning will be made according to the instructor’s stated learning outcomes.

8. Auditors do not receive official grades on examinations or other class assignments although they may be asked to fulfill all course requirements. No change to or from audit status will be permitted after the first ten weeks of class (or equivalent class hours).

9. If a course is repeated, only one grade will be used in computation of the QPA. However, both the original and the second grade earned will remain on the student’s permanent record.

10. Students may add or drop courses during the Add/Drop Period in accordance with the established procedure. The Add/Drop Period is posted in the term schedule booklet.

11. A student may withdraw without penalty through the tenth week (or equivalent) of class. Thereafter, if a student withdraws from a course, the instructor may award a “W” if work is passing or an “F” if work is not of passing quality.
Students withdrawing from the College are included under this regulation.

12. A student intending to withdraw from a course after the drop/add period must do so prior to the last day of the term as follows.
   a. Obtain a withdrawal form from the Registrar’s Office or the Advising Office.
   b. If a student wishes to withdraw prior to the tenth week of class (or the equivalent), he/she may complete the form, obtain the signature of the instructor or academic advisor and return the form to the Registrar’s Office.
   c. After the tenth week (or equivalent), the student must obtain the instructor’s signature.
   d. The instructor will designate if the student withdrew while passing or withdrew while failing. Return the completed withdrawal form to the Registrar’s Office.

13. Any student in an educational or vocational training institution who is unable because of his/her religious beliefs to attend class or to participate in any examination, study or work requirement on a particular day shall be excused from any such examination or study or work requirement, and shall be provided with an opportunity to make up such examination, study or work requirement that he/she may have missed because of such absence on any particular day; provided, however, that such a makeup examination or work shall not create an unreasonable burden on such school. The institution for making available to the said student such opportunity shall charge no fees of any kind. No adverse or prejudicial effects shall result to the student because of his/her availing himself/herself of the provisions of this section (Section 2bn, Chapter 151C, Massachusetts General Law).

Academic Dismissal and Probation

All students matriculating in a degree or certificate program, other than first semester freshmen (cumulatively enrolled for under 17 credits), must meet the following requirements:

<table>
<thead>
<tr>
<th>Attempted Credit Hours</th>
<th>Dismissal</th>
<th>Probation</th>
</tr>
</thead>
<tbody>
<tr>
<td>17 to 32</td>
<td>QPA under 1.50</td>
<td>QPA 1.50-1.69</td>
</tr>
<tr>
<td>over 32</td>
<td>QPA under 1.70</td>
<td>QPA 1.70-1.89</td>
</tr>
</tbody>
</table>

First semester freshmen (cumulatively enrolled for under 17 credits) who do not meet a minimum QPA of 1.00 will be put on academic probation. Academic probation and dismissal will occur on the basis of the cumulative grade point average. Only courses in which “W” grades or audits are received will not count in determining full-time and part-time enrolled status. Students who are on probation for two successive semesters are subject to academic dismissal. Academic probation/dismissal will not apply to intersession and summer sessions. All dismissals are subject to review by the Vice President of Academic Affairs.

Students who are academically dismissed from the College may qualify for reinstatement by the following methods:

- Attending courses as a non-matriculating student, improving their QPA to the minimal acceptable level, and earning a minimum of six credit hours;
- Remaining away for one year;
- Petitioning the Vice President of Academic Affairs for reinstatement.

Academic Standing

“Satisfactory Academic Standing” and “Satisfactory Academic Progress” are synonymous with meeting the standards outlined in Item 2 of Academic Dismissal and Probation. Students on academic probation for one semester meet minimum requirements for good academic standing and satisfactory progress, but if they are on a dismissal status, they will be deemed as not meeting the minimum requirements.

A quality point average of 2.00 is the minimal level for graduating in any degree or certificate program.

Appeal of Academic Dismissal

1. Any student who is academically dismissed may appeal his/her case to the Vice President of Academic Affairs.
2. The student is mailed directions along with the dismissal notice instructing him/her to make an appointment to meet with the High Risk Advisor to discuss strategies to raise his/her cumulative average. The student is required to complete an Appeal Form that states the circumstances involved in the dismissal and the recommendations of the High Risk Advisor. The appeal is then forwarded to the Vice President of Academic Affairs for her decision.
3. The student is then contacted by the High Risk Advisor who informs him/her of the Vice President’s decision. If the appeal is approved, he/she is then asked to come in to register for courses in accordance with the appeal form recommendations.
4. Students reinstated through appeal continue on Academic Probation and are subject to the Dismissal/Probation Policy again at the end of the next semester.
Fresh Start Option
Quinsigamond Community College has a “fresh start” option for students who are seeking readmission. Once in a lifetime, if a student returns to Quinsigamond, after being away for at least two consecutive years, he or she can elect the “fresh start” option. The Quality Point Average (QPA) will be calculated only from the point the student is readmitted for the purposes of the College’s academic standing policy. However, the student’s previous academic work will remain on his or her transcript as a matter of record. The student’s previous course work can be applied toward another degree under this policy, but will not be calculated in the QPA. The student must complete a minimum of fifteen (15) credits in the new program. The student’s official transcript will include a statement explaining this “fresh start” option. Contact the Registrar’s Office at 508.854.4257 for further information.

Petition Process
If the student believes there are unusual or extenuating circumstances which justify his or her exemption from an academic regulation (i.e., graduation course requirement), he or she can obtain a Student Petition form from the Registrar’s Office (Room 152A). After completing the form, it must be returned directly to the Registrar’s Office. It will be forwarded to the Academic Vice President for a final decision on the appeal.

Request to Change Study Option
The student can request to change from one degree or certificate program to another by completing a Study Option Change Request. This form is available in the Admissions Office (2nd Floor, Harrington Learning Center) or in the Advising Center (Room 61, Administration Building). In order to be approved to change from one academic program to another, the student must meet the minimum academic admissions requirements for the program he or she is requesting to enter.

Course Changes
Students should have their semester course schedule in final form by the end of the registration period. If the student wishes to make a change in his or her schedule, he or she must contact the Registrar’s Office (Room 152A) or Advising Office (Room 61A) during the Add/Drop Period. However, it may not be possible to accommodate every request for a course or section change.

Repeating a Course
If the student repeats a course, only one grade will be used in the computation of the QPA. However, both the original and the second grade earned will remain on the student’s permanent record. If the student wishes to repeat a course for any reason, he or she must complete a special form, which is available at the registrar’s office (Room 152A). It is important to note, however, that the college’s standards of satisfactory academic progress for federal financial aid requires that the student complete his or her program within 150% of the credits required for that program. Too many repeat courses will have an impact on this requirement. All courses attempted, including withdrawals are counted toward the 150% calculation.

Progress Reports
During the eighth week of classes each semester, the student’s mid-semester progress grades are available on The Q, the college’s student portal. Progress grades are intended only as indicators of student progress in specific courses.

Restricted Courses
To insure the availability of required courses for students enrolled in specific programs, certain courses may be designated as “restricted”.
- Restricted courses will be identified by the Academic Vice President or his/her designee.
- Admission will be prioritized according to criteria set by Academic Vice President/designee as follows:
  a. Students enrolled in the program;
  b. Students on the related QCC program waiting list; and other students (with the approval of the Academic Vice President or designee).

Sequential Courses
In curricula where sequential courses must be arranged in the order of difficulty, the beginning courses will present a basic knowledge of the discipline, including the philosophy, techniques, and terminology as appropriate; and the contents of the succeeding courses will be based upon that knowledge. A course prerequisite will be established when a body of knowledge or skills level is necessary for a sequential course.
- Any student registered for a course for which he/she does not have the listed prerequisite will be withdrawn from that course.
- The Academic Dean or a designee will place the incoming student at the appropriate academic level according to his/her demonstrated performance or achievement.
• In sequential courses, where the first semester course is a prerequisite for the second semester course, a student receiving a 12 week “I” must petition the appropriate Academic Dean for admittance to the sequential course.

• If a student has achieved advanced placement and wishes credit for previously acquired skills in that subject, he/she must apply to the Office for Academic Services (Room 272A) for credit prior to completion of the course.

• A matriculating student who has earned credit in a course with a prerequisite may not subsequently enroll in or receive a grade in the prerequisite course.

• The Academic Dean or designee will annually review course sequencing and prerequisites to assure their continuing validity

**Withdrawal From the College**

To officially withdraw from the College, the student must meet with an Academic Advisor in the Advising Center, Room 61A at 508.854.4308. The Advisor will assist the student in completing a withdrawal form and discuss possible resources and referrals if appropriate. If the student withdraws after the tenth week and before the final evaluation period, he or she will receive grades from their instructors in accordance with the College’s grading policy.

If the student has to withdraw because of medical reasons, he/she should make a request to the Vice President of Enrollment and Student Services (Room 133A), for information. The Vice President will consult with appropriate personnel at the College, as well as the medical services provider of the student. After consultation, he/she will inform the student of the decision. If circumstances warrant, a process for future readmission will also be communicated.

If the student is receiving financial aid, he or she is advised to check with the Financial Aid Office prior to withdrawal. The financial aid may be reduced as a result of withdrawal from the College.

**Student Honors**

Quinsigamond Community College recognizes the academic achievement of its students each semester. Students who meet the following criteria are eligible for recognition.

• All grades must be “C”, or higher. (No grades of “I” or “X” are permitted.)
• Semester QPA must be 3.5, or higher, and cumulative QPA must be 2.0, or higher.
• All courses must be college-level.

**Dean’s List:** Students who meet the stated criteria and have earned 12 or more credits in a given semester are named to the Dean’s List.

**Merit List:** Students who meet the stated criteria and have earned 6 or more credits in a given semester, but fewer than 12 credits, are named to the Merit List. Individual honors are noted on the student’s transcript each semester.

**Phi Theta Kappa:** The mission of Phi Theta Kappa is to recognize academic achievement of college students and to provide opportunities for them to grow as scholars and leaders. Its purpose is to recognize and encourage fellowship and scholarship, leadership, and service among two-year college students. Each spring, a limited number of students who have distinguished themselves at Quinsigamond are inducted into membership. Our chapter, Alpha Zeta Theta invites twice a year once in the fall semester and once in the spring semester. Students who meet the criteria and have earned 16 college credits at Quinsigamond Community College and also have a Cumulative Grade Point Average of 3.5. will receive this invitation. The Alpha Zeta Theta Chapter is located in Room 349A and 351A.

**Who’s Who Among Students in American Community and Junior Colleges:** This is one of the most highly regarded honors programs in the nation, earning the respect of college faculties and administrators. Recognition as one of the outstanding campus leaders in America is a major achievement. Each year, several Quinsigamond students are named to Who’s Who.

**Graduation Honors:** Each May at graduation, Quinsigamond honors students for their outstanding academic achievement. Students with a Quality Point Average of at least 3.6 prior to graduation qualify for Highest Honors. Students with a Quality Point Average of 3.3 or 3.0 prior to graduation qualify for High Honors, or Honors, respectively.

**Human Services Honor Society:** QCC sponsors a local chapter of National Organization for Human Services Honor Society, a national honor society in human services for community and junior colleges. The purpose of Human Services Honor Society is to honor academic excellence; to foster lifelong learning, leadership and development; and to promote excellence in service to humanity.

**Psi Beta:** The QCC Psychology Department sponsors a local chapter of Psi Beta, a National Honor Society in Psychology for Community and Junior Colleges. Members of Psi Beta are recognized for their academic excellence and are eligible to win Psi Beta awards and scholarships.
Commonwealth Honors Program

Quinsigamond Community College’s Commonwealth Honors Program offers highly-motivated, achievement-oriented students an opportunity for enhanced success. The program strives to challenge students to develop their fullest potential. Honors courses offer students alternative learning opportunities to enhance critical thinking skills and to better prepare students to continue their studies at Colleges and Universities throughout the country.

Honors Program Curriculum of Study

- ENG 102 Composition II, honors section
- ONE course - honors section or honors by contract - from the following list:
  - Social Science Elective
  - Business or College Level Mathematics Elective
  - ENG 101 or SPH 101
- ONE course - honors section or honors by contract - from the student’s program of study
- IDS 200 Honors Colloquium

Students must obtain a grade of “B” or better in each honors course taken to satisfy the Honors Program requirements.

Students who complete the Honors Program requirements and graduate with an overall QPA of 3.3 or higher will have their participation in the Commonwealth Honors Program noted on their transcript.

Admission to the Commonwealth Honors Program

To be admitted to Quinsigamond Community College's Commonwealth Honors Program, a student must meet at least one of the following criteria:

- Current QCC Students: 3.5 cumulative GPA (progress or final grades) with at least 12 college level credits.
- New QCC Students: CPT Placement Test - a placement of 8 on the writing exam, placement into ENG 101, and a recommended placement of MAT 099.
- Transfer Students: in good standing from another Commonwealth Honors Program.
- A student who does not meet one of the above automatic admissions criteria may apply to the Honors Coordinator, providing other evidence of academic success including recommendations from high school or college faculty.

To remain in good standing, and for QCC's Honors Program to be recognized as a Commonwealth Honors Program, all students, once accepted into the Honors Program, must maintain a cumulative Grade Point Average of no less than 3.3.

The Honors Program at Quinsigamond Community College is recognized as a Commonwealth Honors Program by the Massachusetts Department of Higher Education.

All potential Honors Program students must meet with the Honors Program Coordinator. For further details, contact Professor Susan McPherson at 508.854.2759 or e-mail smcpherson@qcc.mass.edu.
## Areas of Study

Quinsigamond Community College has eight areas of study. Selecting an area of study helps students choose a major and a degree based on their interests, knowledge, skills, and abilities.

### Business, Financial and Hospitality Management

The following information applies to page 54 and provides students with an overview of how programs of study are displayed:

1. **Semesters** are groupings of courses that generally need to be completed before proceeding to the courses listed in the next Semester. For example, ACC 101 in Semester 1 needs to be completed before enrolling in ACC 102 in Semester 2.

2. **Course Title** refers to the official “Title” or the “Name” of each course.

3. **Course # (or Number)** refers to the three-letter prefix and accompanying number that reflect how courses are listed in the course schedule booklet, as well as in the College’s catalog. In individual program grids, within each semester, course listings are usually first arranged in alphabetical order using the three-letter prefix; within the same alpha listing, courses are then usually listed in ascending numerical order (may vary by program).

4. **Semester Offered** refers to the semester in which the course is typically offered. For example, “F” refers to the Fall Semester, “S” refers to the Spring Semester, and “SU” refers to the Summer Session(s).

5. **Credits** refer to the actual number of credits associated with each course.

6. **Total (Semester Credits)** indicates the total number of credits intended to be taken in a particular semester.

7. **Total Credits Required** refers to the total number of credits required to complete the program and for graduation.

8. **Prerequisites** refers to any course(s) that must be completed before enrolling in the course in question. The abbreviation Coreq (for Corequisite) indicates specific course(s) that must be taken at the same time as the course in question. Sometimes it is permissible to take a corequisite course in advance of enrolling in the course in question.

9. **Milestones** summarizes the academic and career readiness information needed for the program. Certain programs have longer introductory pages that provide additional program information.

10. **Program Code** refers to the assigned code or designation that is used to identify each associate degree or certificate program.

In addition to the general admissions requirements, some programs have program-specific admissions requirements; for detailed information on program-specific requirements, see the Admissions Requirements section or the informational introduction to the specific program.

For specific admissions requirements to the Healthcare programs, see the Admissions Requirements - Healthcare Programs section or the informational introduction to the specific Healthcare program.

Accounting Assistant Finance Assistant Certificate — AF

Certificate

Connections:
Credits from this certificate can be applied to the following associate degree(s):

- Business Administration Career - Associate in Science (Program Code: BB)

Program Goals:
The Accounting Assistant Finance Assistant Certificate focuses on the accounting skills and knowledge needed in business. Upon graduation, students will be prepared for entry-level accounting jobs in a variety of business settings or may move seamlessly into the Business Career associate degree program.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

- Analyze, calculate, interpret, and report financial information accurately and in a timely manner.
- Demonstrate proficiency in both manual and automated accounting systems.
- Apply accounting principles which relate to accounting support functions.
- Demonstrate a grasp of the complexities of ethical issues in business and in particular the practice of accounting.
- Use the Microsoft Office Suite® and QuickBooks® software effectively.
- Communicate effectively using written, oral and nonverbal techniques, including the use of appropriate technology in the gathering and presentation of information.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some required courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
- This program may be completed at the QCC Worcester campus and at the Southbridge location.
- This program may be completed face-to-face.
- This program may be completed 80% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 52.0302.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
BusinessAdmin@qcc.mass.edu

Gainful Employment:
Visit www.QCC.edu/gainful-employment for more information.

Accounts Payable/Accounts Receivable Certificate — APAR

Connections:
Credits from this certificate can be applied to the following associate degree(s):
- Business Administration Career - Associate in Science (Program Code: BB)

Program Goals:
The Accounts Payable/Accounts Receivable Certificate focuses on the accounting skills, manual and computerized, needed in business for Accounts Payable and Accounts Receivable clerks. Upon successful completion of this certificate, students will be prepared for entry-level Accounts Payable and Accounts Receivable positions in all varieties of businesses and may continue their education to become certified bookkeepers and/or pursue an Associate Degree in Business Administration.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
- Analyze, calculate, and report financial information accurately and in a timely manner.
- Demonstrate proficiency in both manual and automated accounts payable and accounts receivable accounting systems.
- Use the Microsoft Office Suite® and QuickBooks® software effectively.
- Demonstrate knowledge of a broad overview of business ownership.
- Develop skills necessary to make career related decisions to enhance workplace readiness.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some required courses carry minimum prerequisites. Refer to the program grid.
- High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
- Estimated cost of $99.00 to take the QuickBooks Users Certification Exam.

Location:
- This program may be completed at the QCC Worcester campus and at the Southbridge location.
- This program may be completed face-to-face.
- This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 52.0302.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
BusinessAdmin@qcc.mass.edu

Additional Information:
- Students complete this certificate with 16 college credits; 13 credits are transferrable to the associate degree (Program Code: BB).
- Students in ACC 110 will prepare for the QuickBooks certification exam.

Gainful Employment:
Visit www.QCC.edu/gainful-employment for more information.

Business Administration Career — BB
Associate in Science

Connections:
The following certificate(s) can be completed along with this associate degree:
- Accounting Assistant Finance Assistant Certificate (Program Code: AF)
- Accounts Payable/Accounts Receivable Certificate (Program Code: APAR)
- Business Administration Certificate (Program Code: BAC)
- Entrepreneurship and Small Business Management Certificate (Program Code: ENS)
- Logistics/Supply Chain Management Certificate (Program Code: LOGC)

Program Goals:
The Business Administration Career Program prepares students to successfully enter the workforce upon graduation. The program provides a skills-based curriculum that equips graduates with the knowledge and background needed for a rewarding career in business and industry.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
- Demonstrate an understanding of the practice of business, including management, marketing and accounting, and the application of this knowledge in a business setting.
- Think, speak and write critically; articulate and explain a variety of business concepts and apply these concepts to solve common business problems.
- Communicate clearly and effectively; create a portfolio of business communications using a variety of software applications.
- Demonstrate computer literacy and conduct research using a variety of sources.
- Understand the key actions taken to effectively and efficiently utilize company resources to achieve goals.
- Develop a global/multicultural perspective when analyzing and planning in business.
- Demonstrate knowledge of business ethics and how businesses integrate social responsibility into their ongoing operations.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some required courses carry minimum prerequisites. Refer to the program grid.
- High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
- This program may be completed at the QCC Worcester campus and at the Southbridge location.
- This program may be completed face-to-face.
- This program may be completed 100% online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 52.0101.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

**Total Credits Required:** 60-61

For information on electives, see p. 338-339.
Business Administration Career - Administrative Professional Option — BBAP
Associate in Science

Connections:
The following certificate(s) can be completed along with this associate degree:
• Clerical Office Certificate (Program Code: COBB)
• Medical Office Certificate (Program Code: MSBB)

Program Goals:
The Business Administration Career, Administrative Professional Option prepares graduates for immediate entry into the workforce as administrative professionals in a business or medical setting. Prospective students may choose to specialize by completing either the Clerical Office or Medical Office certificate program first; all courses in the certificates apply to the degree program. Graduates of the Administrative Professional Option are highly trained and workforce ready.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Demonstrate keyboarding speed and accuracy with a minimum touch keyboarding rate of 30-35 words per minute on a three-minute timed writing with at least 90% accuracy.
• Demonstrate computer literacy and conduct research from a variety of sources.
• Communicate clearly and effectively; create a portfolio of business communications using a variety of software applications.
• Meet the challenging role of the administrative professional by adapting to the technological changes in the global economy and the diverse workplace.
• Demonstrate the skills needed to develop ideas and make decisions based on ethics, appropriate research, analysis, and critical thinking.
• Understand records management, appointment scheduling, business etiquette and develop excellent customer service skills.
• Complete a 150 hour structured learning experience in which students apply skills and knowledge from the classroom to a work experience.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some required courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.
• Prospective students should note that CORI/SORI checks, finger printing, and drug testing may be required by a cooperative education host employer in order to complete BUS 299.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• Students enrolled in BUS 299 may incur an additional expense for professional liability insurance.

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.
• This program may be completed 80% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 52.0402.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email: BusinessAdmin@qcc.mass.edu

Business Administration Certificate — BAC Certificate

Connections:
Credits from this certificate can be applied to the following associate degree(s):
• Business Administration Career - Associate in Science (Program Code: BB)

Program Goals:
The Business Administration Certificate focuses on general business and prepares students for entry-level positions within various types of organizations. Upon graduation, students will be prepared for entry-level jobs in a variety of business settings or may move seamlessly into the Business Career associate degree program.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Identify basic principles used in the business world today.
• Apply basic business concepts to a variety of business situations.
• Understand the mathematical functions and basic accounting practices necessary to conduct business operations.
• Communicate clearly and effectively; create a portfolio of business communications using a variety of software applications.
• Demonstrate knowledge of business ethics and how businesses integrate social responsibility into their ongoing operations.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some required courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
• This program may be completed at the QCC Worcester campus and at the Southbridge location.
• This program may be completed face-to-face.
• This program may be completed 100% online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 52.0101.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
BusinessAdmin@qcc.mass.edu

BUSINESS, FINANCIAL AND HOSPITALITY MANAGEMENT

Business Administration Transfer — BT
Associate in Science

Program Goals:
The Business Administration Transfer Program prepares students for transfer to four-year colleges and universities upon completion of the associate degree. Graduates from the Business Transfer Program with a GPA of 2.5 or higher are guaranteed admission to all Massachusetts state universities and to the University of Massachusetts, including the Isenberg School of Management (requires a 3.00 GPA), under the MassTransfer program. There are several transfer agreements with private four-year colleges.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Demonstrate an understanding of the practice of business, including management, marketing and accounting, and the application of this knowledge in a business setting.
• Transfer to a business administration bachelor’s degree program.
• Communicate effectively using written, oral and nonverbal techniques, including the use of technology in gathering and presenting information.
• Use critical thinking skills to appraise and evaluate business practices, including the use of quantitative and qualitative techniques.
• Recognize the presence of various cultures in the business world and comprehend the need to have a global perspective when analyzing and planning in a business environment.
• Demonstrate their knowledge of the concept of ethics and how businesses integrate social responsibility into their ongoing operations.
• Comprehend the rapid change taking place in the business environment and demonstrate an ability to engage in ongoing professional development.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).
• Math: One year of High School Algebra with a grade of “C” or higher; or MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score.
• English: Three years of High School English with grades of “C” or higher; or ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score.

Note: Students not meeting admissions requirements should be accepted to the Business Administration Career - Associate in Science program (Program Code: BB).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
• This program may be completed at the QCC Worcester campus and at the Southbridge location.
• This program may be completed face-to-face.
• This program may be completed 100% online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 52.0201.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email: BusinessAdmin@qcc.mass.edu

Additional Information:
• Graduates can also take advantage of a special agreement that QCC has with Nichols College called the “A to B and Beyond” (associate to bachelor degree) program. This partnership combines the benefits of a QCC associate degree with the advantages of a Nichols College bachelor degree. After being accepted, students begin their third year of study at QCC. Third-year courses are taught by QCC faculty at QCC’s per credit cost; the final year of study is charged at the rate of Nichols College’s per credit cost. The program’s flexibility is a significant advantage to students as fourth-year coursework, taught by Nichols faculty, can be taken on the Nichols campuses or through the Nichols online program.

Clerical Office Certificate — COBB
Certificate

Connections:
Credits from this certificate can be applied to the following associate degree(s):

• Business Administration Career - Administrative Professional Option - Associate in Science (Program Code: BBAP)

Program Goals:
The Clerical Office Certificate focuses on developing the clerical skills, knowledge and abilities necessary to work in a business office setting. Upon graduation, students will be prepared for entry-level positions as administrative assistants or may move seamlessly into the Business Career Administrative Professional Option associate degree program.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

• Demonstrate keyboarding speed and accuracy with a minimum touch keyboarding rate of 30-35 words per minute on a three-minute timed writing with at least 90% accuracy.
• Demonstrate computer literacy and conduct research from a variety of sources.
• Communicate clearly and effectively; create a portfolio of business communications using a variety of software applications.
• Meet the challenging role of the administrative professional by adapting to the technological changes in the global economy and the diverse workplace.
• Understand records management, appointment scheduling, business etiquette and develop excellent customer service skills.
• Complete a 150 hour structured learning experience in which students apply skills and knowledge learned in the classroom to a work experience.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some required courses carry minimum prerequisites. Refer to the program grid.

• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

• Prospective students should note that CORI/SORI checks, finger printing, and drug testing may be required by a cooperative education host employer in order to complete BUS 299.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

• Students enrolled in BUS 299 may incur an additional expense for professional liability insurance.

Location:

• This program may be completed at the QCC Worcester campus and at the Southbridge location.
• This program may be completed face-to-face.
• This program may be completed 80% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ohh/ for specific occupational information. The CIP code for this program is 52.0408.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email: BusinessAdmin@qcc.mass.edu

Gainful Employment:
Visit www.QCC.edu/gainful-employment for more information.

Dietary Management Certificate — DMC Certificate

Connections:
Credits from this certificate can be applied to the following associate degree(s):

- Hospitality and Recreation Management - Foodservice Management Option - Associate in Science (Program Code: HRFO)
- Hospitality and Recreation Management - Hospitality Management Option - Associate in Science (Program Code: HRHO)

Program Goals:
The goal of the Dietary Management Certificate is to provide a short term education and training program whose graduates will be prepared for certification, immediate employment, and/or continuing education in the fast growing field of dietary management. The Certificate in Dietary Foodservice Management is a participant in the Association of Nutrition and Foodservice Professionals (ANFP); students can earn simultaneous credentialing with the ANFP.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

- Manage and evaluate functional systems in dietary foodservice operations.
- Integrate human, financial and equipment resources into foodservice operations.
- Demonstrate professional ethics and work effectiveness within a team.
- Manage and evaluate interpersonal relationships.
- Students completing the pathways (education plus experience) will take the CDM (Certified Dietary Manager) credentialing exam (Association of Nutrition and Foodservice Professionals).
- Plan and prepare a menu that is nutritionally sound.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/High School Equivalency (HISET).

CRI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are required for students working at the Diner. Finger printing and drug testing are not required.

- The College is authorized by the Commonwealth’s Department of Criminal Justice Information Services to access CORI records. The College shall refer to regulations issued by the Commonwealth’s Executive Office of Health and Human Services, 101 CMR 15.00-15.15, as guidance when assessing student CORI records.
- Sex Offender background checks shall be performed pursuant to Massachusetts General Laws, Chapter 6, Sections 178C-178P, with regulations at 803 CMR 1.01-1.37.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

- Students enrolled in HRM 299 may incur an additional expense for professional liability insurance.
- Students who successfully complete HRM 111 and HRM 112 will sit for the National Restaurant Association Cooking Certificate. Additional fees may be assessed for this examination.

Location:

- All HRM-specific courses are offered at the Worcester Senior Center location.
- This program may be completed face-to-face; selected courses may also be available online.
- Students may be required to travel to alternate locations to complete laboratory requirements in HRM courses.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 19.0599.

Total Credits Required: 29

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email: hrm@qcc.mass.edu

Additional Information:
• Students completing the pathways (education plus experience) will take the CDM (Certified Dietary Manager) credentialing exam (Association of Nutrition and Foodservice Professionals).
Entrepreneurship and Small Business Management Certificate — ENS

Certificate

Connections:
Credits from this certificate can be applied to the following associate degree(s):
• Business Administration Career - Associate in Science (Program Code: BB)

Program Goals:
The Entrepreneurship and Small Business Management Certificate focuses on the skills and knowledge needed to create or manage a small business.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Understand the actions taken to acquire and retain customers; produce goods and services; and measure/track financial performance.
• Understand the leadership skills and personal characteristics needed to succeed in starting and managing a small business.
• Research, develop and implement a business plan.
• Analyze financial statements to determine strengths or weaknesses of an existing business.
• Understand the basic principles of small business marketing.
• Demonstrate proficiency in computer applications.
• Communicate effectively using written, oral and nonverbal techniques, including the use of appropriate technology in the gathering and presentation of information.

Admissions Process:
Admissions inquiries should be directed to admissions@qcq.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some required courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

COURI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.
• This program may be completed 100% online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 52.0703.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
BusinessAdmin@qcc.mass.edu

Gainful Employment:
Visit www.QCC.edu/gainful-employment for more information.

Foodservice Management Certificate — FM Certificate

Connections:
Credits from this certificate can be applied to the following associate degree(s):

• Hospitality and Recreation Management - Foodservice Management Option - Associate in Science (Program Code: HRFO)
• Hospitality and Recreation Management - Hospitality Management Option - Associate in Science (Program Code: HRHO)

Program Goals:
The Certificate in Foodservice Management is a proud participant in the National Restaurant Association’s Management First program. Students can earn simultaneous credentialing with the National Restaurant Association.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

• Manage and evaluate functional systems in foodservice operations.
• Integrate human, financial and equipment resources into foodservice operations.
• Demonstrate professional ethics and work effectiveness within a team.
• Manage and evaluate interpersonal relationships.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are required for students working at the Diner. Finger printing and drug testing are not required.

• The College is authorized by the Commonwealth’s Department of Criminal Justice Information Services to access CORI records. The College shall refer to regulations issued by the Commonwealth’s Executive Office of Health and Human Services, 101 CMR 15.00-15.15, as guidance when assessing student CORI records.
• Sex Offender background checks shall be performed pursuant to Massachusetts General Laws, Chapter 6, Sections 178C-178P, with regulations at 803 CMR 1.01-1.37.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

• Students enrolled in HRM 299 may incur an additional expense for professional liability insurance.
• Students who successfully complete HRM 111 and HRM 112 will sit for the National Restaurant Association Cooking Certificate. Additional fees may be assessed for this examination.

Location:

• This program may be completed at the QCC Worcester campus.
• All HRM-specific courses are offered at the Worcester Senior Center location.
• This program may be completed face-to-face.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 52.0905.

**Total Credits Required:** 27

**Additional Information:**
- Students not meeting admissions requirements for the associate degree are encouraged to enroll in the certificate program.
- All courses in the certificate program apply to the associate degree.
- CIS 111 may be used as a Business Elective.

**Gainful Employment:**
Visit www.QCC.edu/gainful-employment for more information.
Full Charge Bookkeeper Certificate — FCBK

Certificate

Program Goals:
The Full Charge Bookkeeper Certificate focuses on the accounting skills, knowledge, certification and practical experience needed in business. Upon graduation, students will be prepared for entry-level full charge bookkeeper positions in a variety of business settings.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

- Adjust entries.
- Correct errors, including the bank reconciliation.
- Calculate depreciation, book and tax, including passenger autos.
- Manage payroll.
- Manage inventory under the perpetual and periodic systems, including moving and weighted average, LIFO, FIFO and LCM costing.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some required courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/High School Equivalency (HiSET).
- Completion of the Accounts Payable/Accounts Receivable Certificate (Program Code: APAR).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

- Prospective students should note that CORI/SORI checks, finger printing, and drug testing may be required by a cooperative education host employer in order to complete BUS 299.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

- Estimated cost of $210.00 to take the American Institute of Professional Bookkeepers (AIPB) Certified Bookkeeper examination.

Location:

- This program may be completed at the QCC Worcester campus and at the Southbridge location.
- This program may be completed face-to-face.
- This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 52.0302.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
BusinessAdmin@qcc.mass.edu

Additional Information:

- Students complete this certificate with 16 college credits; 12 credits are transferrable to the associate degree (Program Code: BB).
- BKK 102 is designed to prepare students for the AIPB certification exam (may not be considered equivalent to college level accounting for transfer of credit).

Gainful Employment:
Visit www.QCC.edu/gainful-employment for more information.

Business, Financial and Hospitality Management

Hospitality and Recreation Management - Foodservice Management Option — HRFO

Associate in Science

Connections:
The following certificate(s) can be completed along with this associate degree:

- Dietary Management Certificate (Program Code: DMC)
- Foodservice Management Certificate (Program Code: FM)
- Hospitality Management Certificate (Program Code: HO)

Program Goals:
The goal of the Hospitality and Recreation Management Program is to provide business academics in an entrepreneurial, experiential setting that provides graduates of the Hospitality and Recreation Management Program the confidence, knowledge and skills to successfully advance the area’s Hospitality and Recreation Industry.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

- Demonstrate and develop leadership skills through group cooperation.
- Demonstrate and develop technical skills through practical “real life” experience in the industry.
- Recognize the importance of outstanding guest service quality and ethics.
- Demonstrate improved ability to exercise judgment and critically analyze problems.
- Demonstrate professional written, oral and non-verbal communication skills.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.cc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/High School Equivalency (HiSET).
- Math: One year of High School Algebra with a grade of “C” or higher; or MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score.
- English: Three years of High School English with grades of “C” or higher; or ENG 091 with a grade of “C” or higher; or appropriate placement score.

Note: Students not meeting admissions requirements are encouraged to enroll in either the Foodservice Management Certificate (Program Code: FM) or the Hospitality Management Certificate (Program Code: HO).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are required for students working at the Diner. Finger printing and drug testing are not required.

- The College is authorized by the Commonwealth’s Department of Criminal Justice Information Services to access CORI records. The College shall refer to regulations issued by the Commonwealth’s Executive Office of Health and Human Services, 101 CMR 15.00-15.15, as guidance when assessing student CORI records.
- Sex Offender background checks shall be performed pursuant to Massachusetts General Laws, Chapter 6, Sections 178C-178P, with regulations at 803 CMR 1.01-1.37.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

- Students enrolled in HRM 299 may incur an additional expense for professional liability insurance.
- Students who successfully complete HRM 111 and HRM 112 will sit for the National Restaurant Association Cooking Certificate. Additional fees may be assessed for this examination.

Location:
- All HRM-specific courses are offered at the Worcester Senior Center location; all other courses may be completed at the QCC Worcester campus or at the Southbridge location.
- This program may be completed face-to-face.
- This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.
**Career Outlook:**

Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 52.0905.

For information on electives, see p. 338-339.
Hospitality and Recreation Management - Hospitality Management Option — HRHO

Associate in Science

Connections:
The following certificate(s) can be completed along with this associate degree:
• Dietary Management Certificate (Program Code: DMC)
• Foodservice Management Certificate (Program Code: FM)
• Hospitality Management Certificate (Program Code: HO)

Program Goals:
The goal of the Hospitality and Recreation Management Program is to provide business academics in an entrepreneurial, experiential setting that provides graduates of the Hospitality and Recreation Management Program the confidence, knowledge and skills to successfully advance the area’s Hospitality and Recreation Industry.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Demonstrate and develop leadership skills through group cooperation.
• Demonstrate and develop technical skills through practical “real life” experience in the industry.
• Recognize the importance of outstanding guest service quality and ethics.
• Demonstrate improved ability to exercise judgment and critically analyze problems.
• Demonstrate professional written, oral and non-verbal communication skills.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).
• Math: One year of High School Algebra with a grade of “C” or higher; or MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score.
• English: Three years of High School English with grades of “C” or higher; or ENG 091 with a grade of “C” or higher; or appropriate placement score.

Note: Students not meeting admissions requirements are encouraged to enroll in either the Hospitality Management Certificate (Program Code: HO) or the Foodservice Management Certificate (Program Code: FM).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are required for students working at the Diner. Finger printing and drug testing are not required.
• The College is authorized by the Commonwealth’s Department of Criminal Justice Information Services to access CORI records. The College shall refer to regulations issued by the Commonwealth’s Executive Office of Health and Human Services, 101 CMR 15.00-15.15, as guidance when assessing student CORI records.
• Sex Offender background checks shall be performed pursuant to Massachusetts General Laws, Chapter 6, Sections 178C-178P, with regulations at 803 CMR 1.01-1.37.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• Students enrolled in HRM 299 may incur an additional expense for professional liability insurance.

Location:
• This program may be completed at the QCC Worcester campus.
• All HRM-specific courses are offered at the Worcester Senior Center location.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/
specific occupational information. The CIP code for this program is 52.0901.

**Transfer Articulations & Opportunities:**
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

**Program Contact Email:**
hrm@qcc.mass.edu

**Additional Information:**
- Students not meeting admissions requirements are encouraged to enroll in either the Hospitality Management Certificate (Program Code: HO) or the Foodservice Management Certificate (Program Code: FM).
- All courses in the certificate program apply to the associate degree.
- CIS 111 may be used as a Business Elective.

Hospitality Management Certificate — HO

Certificate

Connections:
Credits from this certificate can be applied to the following associate degree(s):
- Hospitality and Recreation Management - Foodservice Management Option - Associate in Science (Program Code: HRFO)
- Hospitality and Recreation Management - Hospitality Management Option - Associate in Science (Program Code: HRHO)

Program Goals:
The Certificate in Hospitality Management is designed for individuals with industry experience who desire to advance into management positions. The curriculum is designed to build upon an individual’s industry experience and knowledge of operations and job responsibilities.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
- Manage and evaluate functional systems in hospitality operations.
- Integrate human, financial and equipment resources into hospitality operations.
- Demonstrate professional ethics and work effectiveness within a team.
- Manage and evaluate interpersonal relationships.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
- High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are required for students working at the Diner. Finger printing and drug testing are not required.
- The College is authorized by the Commonwealth’s Department of Criminal Justice Information Services to access CORI records. The College shall refer to regulations issued by the Commonwealth’s Executive Office of Health and Human Services, 101 CMR 15.00-15.15, as guidance when assessing student CORI records.
- Sex Offender background checks shall be performed pursuant to Massachusetts General Laws, Chapter 6, Sections 178C-178P, with regulations at 803 CMR 1.01-1.37.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
- Students enrolled in HRM 299 may incur an additional expense for professional liability insurance.

Location:
- This program may be completed at the QCC Worcester campus.
- All HRM-specific courses are offered at the Worcester Senior Center location.
- This program may be completed face-to-face.
- This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 52.0904.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email: hrm@qcc.mass.edu

Additional Information:
- Students not meeting admissions requirements for the associate degree are encouraged to enroll in the certificate program.
- All courses in the certificate program apply to the associate degree.
- CIS 111 may be used as a Business Elective.

Logistics/Supply Chain Management Certificate — LOGC

Certificate

Connections:
Credits from this certificate can be applied to the following associate degree(s):

- Business Administration Career - Associate in Science (Program Code: BB)

Program Goals:
The Logistics/Supply Chain certificate prepares students for entry-level positions in the fields of transportation, distribution/warehousing, and purchasing. Students will gain an understanding of logistics and supply chain management, as well as the communication, analytical and managerial skills necessary to be successful in a variety of business environments. Students also build a foundation of core supply chain management knowledge that can form the basis for further study in this field. Students may elect to participate in a Co-op Experience to further enhance education gained in the classroom.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

- Understand the key functional areas of logistics, including transportation, distribution, warehousing, inventory management and purchasing, and how they interact within the overall supply chain.
- Demonstrate a basic understanding of financial accounting and its relationship to supply chain activities of a firm.
- Create effective business communications, including letters, proposals, emails, etc., as well as prepare and deliver impactful oral presentations.
- Apply hands-on experience in word processing, spreadsheet analysis and database management to the logistics and supply chain activities of a business.
- Use statistics, including measures of central tendency and measures of dispersion, to analyze the efficiency of logistics operations.
- Lead group activities, organize discussions, and apply interpersonal skills to a variety of business situations.

Admissions Requirements:
Students should note that some required courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

- Prospective students should note that CORI/SORI checks, finger printing, and drug testing may be required by a cooperative education host employer in order to complete BUS 299, if the student chooses BUS 299 as a Program Elective.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
- This program may be completed at the QCC Worcester campus.
- This program may be completed face-to-face.
- This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 52.0203.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email: BusinessAdmin@qcc.mass.edu

Medical Office Certificate — MSBB

Certificate

Connections:
Credits from this certificate can be applied to the following associate degree(s):
• Business Administration Career - Administrative Professional Option - Associate in Science (Program Code: BBAP)

Program Goals:
The Medical Office Certificate focuses on the clerical skills and specialized knowledge needed in a medical or dental office setting. Upon graduation, students will be prepared for entry-level positions as medical administrative assistants/receptionists or may move seamlessly into the Business Career Administrative Professional Option associate degree program.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Demonstrate keyboarding speed and accuracy with a minimum touch keyboarding rate of 30-35 words per minute on a three-minute timed writing with at least 90% accuracy.
• Communicate clearly and effectively.
• Understand the coding systems and recordkeeping programs used in medical facilities.
• Learn how the various components of the patient billing system relate to the accounting system in a medical office.
• Recognize the legal, ethical and bioethical issues encountered in a medical office and deal with those issues in an informed, legal and sensitive manner.
• Produce accurate medical transcriptions in a timely manner, using appropriate medical terminology.
• Understand records management, appointment scheduling, business etiquette and develop excellent customer service skills.
• Complete a 150-225 hour structured learning experience in which students apply skills and knowledge learned in the classroom to a work experience.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some required courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

COCI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.
• Prospective students should note that CORI/SORI checks, finger printing, and drug testing may be required by a cooperative education host employer in order to complete BUS 299.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• Students enrolled in BUS 299 may incur an additional expense for professional liability insurance.

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 51.0716.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email: BusinessAdmin@qcc.mass.edu

Computer Information Systems - Applications Specialist Certificate — CAS Certificate

Connections:
Credits from this certificate can be applied to the following associate degree(s):
• Computer Information Systems - Applications Specialist Option - Associate in Science (Program Code: CIAS)

Program Goals:
The certificate in Application Specialist certificate is designed for students who want to use today’s applications software in the business environment. Credits earned through this curriculum can be transferred to the two Computer Information Systems degrees as part of a career ladder.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Demonstrate knowledge of fundamental business methods including communications, math, and writing.
• Apply Personal Productivity using IS Technology.
• Code basic Programming techniques.
• Describe the Fundamentals of Information Theory Systems, Practice, Hardware and Systems Software.
• Explain introductory Networks and Telecommunications concepts.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Computer Information Systems - Applications Specialist Option — CIAS
Associate in Science

Connections:
The following certificate(s) can be completed along with this associate degree:
- Applications Specialist Certificate (Program Code: CAS)

Program Goals:
The Application Specialist Option provides students with a thorough introduction to today’s most widely-used computer software applications. The program curriculum provides hands-on computer experience in spreadsheets, advanced database applications, basic programming, web page development, network management, data communication, and systems analysis and design. Additional courses introduce students to the fields of accounting, business law and ethics, and technical writing. The Cooperative Work Experience is a requirement in this program and provides an opportunity for students to apply classroom knowledge to practical work experience. Career opportunities for the Application Specialist Option may include positions in the areas of computer operations, business applications, systems analysis, software support, database development, customer support, technical and microcomputer support.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
- Demonstrate knowledge of fundamental business methods including communications, math, and writing.
- Apply Personal Productivity using IS Technology.
- Code basic Programming, Data, Database, File and Object Structure techniques.
- Describe the Fundamentals of Information Theory Systems, Practice, Hardware and Systems Software.
- Explain intermediate Networks and Telecommunications concepts.
- Apply the (SDLC) System Development Life Cycle (including project management) concepts to typical business applications.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
- High School Diploma or GED/High School Equivalency (HiSET).
- Math: One year of High School Algebra with a grade of “C” or higher; or MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score.
- English: Three years of High School English with grades of “C” or higher; or ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score.

CORI, SORI, Finger Printing & Drug Testing:
Prospective students should note that, as a condition of cooperative education employment, Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks, finger printing, and drug testing may be required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
- Students enrolled in CIS 299 may incur an additional expense for professional liability insurance.
- Students enrolled in CIS 229, CIS 232, CIS 245, CIS 246, and CIS 247 will be required to bring their own laptop to class.

Location:
- This program may be completed at the QCC Worcester campus.
- This program may be completed face-to-face.
- This program may be completed 80% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 11.0501.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

**Total Credits Required:** 60-63

For information on electives, see p. 338-339.
Computer Information Systems - Database Certificate — DB

Connections:
Credits from this certificate can be applied to the following associate degree(s):

• Computer Information Systems - Database Option - Associate in Science (Program Code: CIDB)

Program Goals:
The certificate in Database is designed to provide the student with the basic knowledge and skills necessary for career opportunities in entry-level Database design, management or administration. This certificate is ideal for adult students re-entering college or for students who are currently in the workforce and want to update their skill sets. The curriculum may be completed in one academic year, depending on the student’s background in computer applications. Courses in general computer applications and basic programming are combined with basic database development tools and approaches through the use of Relational Database Management Systems (RDBMS) and SQL. At the completion of this certificate, students will be able to manipulate data in complex RDBMS structures. This certificate is for anyone who wants to understand basic database design and implementation technologies in today’s workplace.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

• Demonstrate knowledge of fundamental business methods including communications, math, and writing.
• Demonstrate Personal Productivity with IS Technology.
• Develop Basic Programming, Data, and Database techniques.
• Apply Database Management Application Development techniques to basic business applications.
• Code intermediate and advanced SQL and PL/SQL Programs for the solution of business applications.
• Design a (RDBMS) Relational Database Management System per industry (DSDLC) Database System Development Life Cycle standards.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:

• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 11.0802.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
cis@qcc.mass.edu

Gainful Employment:
Visit www.QCC.edu/gainful-employment for more information.

For information on electives, see p. 338-339.
Computer Information Systems - Database Option — CIDB
Associate in Science

Connections:
The following certificate(s) can be completed along with this associate degree:
• Database Certificate (Program Code: DB)

Program Goals:
The Database Option provides students with a basic foundation of database technologies. For many organizations, database systems are the most business-critical component of their information technology infrastructure. Databases drive accounting, human resources, inventory, sales and other key operations. Qualified database professionals are in great demand to utilize, design, maintain and secure these systems for maximum efficiency and competitiveness. This curriculum will focus on database programming and administration concepts and tasks, using RDBMS technology. In addition, students will acquire skills in software development, data communications, as well as foundational knowledge in the field of computer science career opportunities for the database option may include positions as entry-level database support specialists.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Demonstrate knowledge of fundamental business methods including communications, math, and writing.
• Demonstrate Personal Productivity with IS Technology.
• Develop Advances Programming, Data, Database, and File techniques.
• Apply the (SDLC) System Development Life Cycle (including project management) concepts to typical business applications.
• Apply Database Management Application Development techniques to advanced business applications.
• Code intermediate and advanced SQL and PL/SQL Programs for the solution of business applications.
• Design, organize and maintain a (RDBMS) Relational Database Management System per industry (DSLC) Database System Life Cycle standards.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HSET).
• Math: One year of High School Algebra with a grade of “C” or higher; or MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score.
• English: Three years of High School English with grades of “C” or higher; or ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score.

CORI, SORI, Finger Printing & Drug Testing:
Prospective students should note that, as a condition of cooperative education employment, Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks, finger printing, and drug testing may be required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• Students enrolled in CIS 299 may incur an additional expense for professional liability insurance.
• Students enrolled in CIS 229, CIS 232, CIS 245, CIS 246, and CIS 247 will be required to bring their own laptop to class.

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 11.0802.

Transfer Articulations & Opportunities:

Computer Information Systems - Health Information Option — CIHI
Associate in Science

Program Goals:
The Computer Information Systems Health Information Option will prepare students to work in various health-related industries, such as hospitals, clinics, insurance, etc. The program curriculum provides hands-on computer experience in spreadsheet, web development, data communication, database development and management, basic programming, and systems analysis and design. Additional courses include medical law and ethics, medical coding, medical billing and insurance, and electronic health records. The Cooperative Work Experience is a requirement in this program and provides an opportunity for students to apply classroom knowledge to practical work experience. Career opportunities for the Health Information Option may include positions as Medical Records and Health Information Technicians and entry-level database support specialists.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

• Explain the basic components and emerging principles and concepts that impact the Health industry.
• Explain different types of health information and rules and regulations surrounding their use.
• Evaluate and apply the merits, risks, and social concerns of activities in the field of healthcare.
• Explain relevant local, state, and federal laws and regulations that impact the Health industry.
• Demonstrate the existing and emerging principles and concepts of health records.
• Use technology to control and safeguard the collection, organization, structure, processing and delivery of health information.
• Use standard documentation procedures to collect and communicate appropriate health information within legal and regulatory requirements.
• Apply confidentiality and electronic security measures to store and protect health information.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

• High School Diploma or GED/High School Equivalency (HiSET).
• Math: One year of High School Algebra with a grade of “C” or higher; or MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score.
• English: Three years of High School English with grades of “C” or higher; or ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score.

CORI, SORI, Finger Printing & Drug Testing:
Prospective students should note that, as a condition of cooperative education employment, Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks, finger printing, and drug testing may be required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• Students enrolled in CIS 299 may incur an additional expense for professional liability insurance.

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 51.0707.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email: cis@qcc.mass.edu

Additional Information:
• Some courses may utilize a virtual laboratory; contact the Program Coordinator for minimum hardware and software requirements.

Computer Information Systems - Transfer Option — CITR
Associate in Science

Program Goals:
The Associate in Science in Computer Information Systems Transfer program is designed to prepare students for transfer to four-year institutions where they can complete the baccalaureate degree, preparing the students for professional careers in the rapidly-changing field of Computer Information Systems. Students develop good communication skills and the ability for teamwork and leadership roles in their professional careers. Graduates from the CIS Transfer Option with a GPA of 2.5 or higher are guaranteed admission to all Massachusetts state universities and to the University of Massachusetts under the MassTransfer Program.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

• Analyze and design information systems and database applications solutions to achieve business/organizational goals.
• Implement a designed solution to solve business Information Systems (IS) problems using state-of-the-art programming techniques and application software.
• Apply knowledge of computing and mathematics appropriate to the discipline.
• Think critically and apply the scientific method.
• Present technical solutions effectively.
• Exhibit professional, legal and ethical behavior.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.c.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

• High School Diploma or GED/High School Equivalency (HiSET).
• Math: One year of High School Algebra with a grade of “C” or higher; or MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score.
• English: Three years of High School English with grades of “C” or higher; or ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score.

CORI, SORI, Finger Printing & Drug Testing:
Prospective students should note that, as a condition of cooperative education employment, Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks, finger printing, and drug testing may be required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

• Students enrolled in CIS 229, CIS 232, CIS 245, CIS 246, and CIS 247 will be required to bring their own laptop to class.

Location:

• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 11.0101.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
cis@qcc.mass.edu

Additional Information:

• Some courses may utilize a virtual laboratory; contact the Program Coordinator for minimum hardware and software requirements.

Computer Information Systems - Web Applications Certificate — CWA

Connections:
Credits from this certificate can be applied to the following associate degree(s):
• Computer Information Systems - Web Development & Programming Option - Associate in Science (Program Code: CIWP)

Program Goals:
The certificate in Web Applications is designed to provide the student with the basic knowledge and skills necessary for career opportunities as an entry-level Web Developer or Web Administrator. This certificate is ideal for adult students re-entering college or for students who are currently in the workforce and want to update their skill sets. The curriculum may be completed in one academic year depending on the student’s background in computer applications. Courses in general computer applications and basic programming are combined with basic web development tools and approaches through the use of HTML structures, Javascript, and CGI. At the completion of this certificate, students will be able to manage complex web applications in today’s rapidly changing internet world. This certificate is for anyone who wants to understand today’s web applications, development and technology.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Demonstrate Personal Productivity with IS Technology.
• Develop basic Programming, Data, and Database techniques.
• Develop intermediate Client Side Web applications.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.
• This program may be completed 80% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 11.0801.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
cis@qcc.mass.edu

Gainful Employment:
Visit www.QCC.edu/gainful-employment for more information.

Computer Information Systems - Web Development & Programming Option — CIWP

Associate in Science

Connections:
The following certificate(s) can be completed along with this associate degree:
• Web Applications Certificate (Program Code: CWA)

Program Goals:
The Web Development & Programming Option is a career-based program which will prepare the student to work in a business information systems environment. The curriculum provides hands-on experience in application software, Web development platforms, program development languages, and systems analysis and design. The primary focus of this program is application software development in a business environment. It will prepare the students to perform in an entry-level role as a Web developer and programmer in a business information environment. The Cooperative Work Experience is a requirement in this program and provides an opportunity for students to apply classroom knowledge to practical work experience. This work experience will help students develop career skills, such as:
• Analyze existing information systems (either computer or non-computer systems).
• Write detailed computer programs using several different languages.
• Debug and implement computer software applications.
• Write detailed documentation for new or existing computer information systems.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Analyze and design information systems and database applications solutions to achieve business/organizational goals.
• Implement a designed solution to solve business Information Technology (IT) problems using state-of-the-art programming techniques and application software.
• Code intermediate SQL programs to solve business Information Systems (IS) problems.
• Develop advanced Client-Server Side Web Applications.
• Present technical solutions effectively.
• Exhibit professional, legal and ethical behavior.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).
• Math: One year of High School Algebra with a grade of “C” or higher; or MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score.
• English: Three years of High School English with grades of “C” or higher; or ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score.

CORI, SORI, Finger Printing & Drug Testing:
Prospective students should note that, as a condition of cooperative education employment, Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks, finger printing, and drug testing may be required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• Students enrolled in CIS 299 may incur an additional expense for professional liability insurance.
• Students enrolled in CIS 229, CIS 232, CIS 245, CIS 246 and CIS 247 will be required to bring their own laptop to class.

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.
**COMPUTER AND INFORMATION TECHNOLOGY**

**Career Outlook:**
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 11.0201.

**Transfer Articulations & Opportunities:**
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

**Program Contact Email:**
cis@qcc.mass.edu

**Additional Information:**
- Some courses may utilize a virtual laboratory; contact the Program Coordinator for minimum hardware and software requirements.

Computer Science Transfer — CS
Associate in Science

Program Goals:
The Associate in Science in Computer Science Transfer program is designed to prepare students for transfer to four-year institutions where they can complete the baccalaureate degree, leading to careers in computer science, software engineering, and systems analysis.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

• Apply knowledge of computing and mathematics appropriate to the discipline.
• Think critically and apply the scientific method.
• Analyze a problem and craft an appropriate algorithmic solution.
• To design, implement and evaluate an appropriate and secure computer-based system, process, component, or program to satisfy required specifications.
• Read and interpret technical information, as well as listen effectively to, communicate orally with, and write clearly for a wide range of audiences.
• Function effectively as a member of a team to accomplish common goals.
• Engage in continuous learning as well as research and assess new ideas and information to provide the capabilities for lifelong learning.
• Exhibit professional, legal and ethical behavior.

Note: Student learning outcomes for this program align with recommendations for Transfer Programs as defined by the Committee for Computing Education in Community Colleges of the Association for Computing Machinery (ACM).

Admissions Process:
Admissions inquiries should be directed to admissions@qc.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

• High School Diploma or GED/High School Equivalency (HiSET).
• Math: MAT 100 with a grade of “C” or higher; or appropriate placement score.
• English: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

• The Computer Science Transfer program utilizes a virtual laboratory. Students enrolled in all CSC courses required in this program will be required to bring their own PC/Windows laptop to class.

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.
• This program may be completed 80% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 11.0701.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
compsci@qcc.mass.edu

Additional Information:
• Understand the basic principles of the scientific method.
• Use effective communication skills in documenting programming projects.
• Student learning outcomes for this program align with recommendations for Transfer Programs as defined by
the Committee for Computing Education in Community Colleges of the Association for Computing Machinery (ACM).

• WPI awards no transfer credit for any online coursework. Students are advised to consult with their transfer institution(s) of choice for similar policies.

Minimum Requirements for Laptop Hardware

• Processor: Dual/Quad core Intel or AMD processor
• Memory: 4.0GB Memory
• Hard Drive: 500 GB Hard Drive
• Microsoft Windows 7 or 8 Professional Installed
• CD/DVD: 24X DVD‐RW/DVD
• Network: Wired or Wireless (802.11 a/g/n)
• Web Cam + Mic + Speaker (Recommend Microsoft Lifecam Studio)

Software

• Microsoft Windows 8/10
• Open Office
• MSOffice 2013/2016 Professional Edition (Service Pack 1) * Optional Purchase
• .PDF Add-on for MSOffice 2010 * Free Download from Microsoft
• Acrobat Reader, Flash, Shockwave
• Antivirus Software (Norton or McAfee)
• Quicktime
• Computrace [Recommended: Once registered, Computrace Professional offers a monetary guarantee up to $1,000.00 if a stolen computer is reported but not recovered. For more info see http://www.absolute.com/products]
• Internet Explorer, Mozilla Firefox, Google chrome
• Latest Java JDK and Netbeans (Free online)

Computer Systems Engineering Technology - Computer Forensics Certificate — CF

Connections:
Credits from this certificate can be applied to the following associate degree(s):
• Computer Systems Engineering Technology - Forensics Option - Associate in Science (Program Code: SEF)

Program Goals:
Computer Forensics Certificate prepares graduates to work in the Information Technology and Criminal Justice fields as Computer and Digital Forensics Investigators. According to the Occupational Outlook Handbook, 2016-2017 Edition, employment of computer forensics specialists is expected to increase by 18% from 2014 to 2024.¹ Competition will be high for these positions, requiring advanced technical and investigative skills and knowledge. Demand for these workers will result from the increase use of digital devices by individuals and businesses, as well as the increase in criminal activity on the Internet, such as identity thief, electronic harassment, illegal obtainment of copyrighted materials, and malware activities. Computer forensics, also called cyber forensics, “is the application of investigation and analysis techniques to gather and preserve evidence from a particular computing device in a way that is suitable for presentation in a court of law. The goal of computer forensics is to perform a structured investigation while maintaining a documented chain of evidence to find out exactly what happened on a computing device and who was responsible for it.”²

1. www.bls.gov/ooh/
2. http://searchsecurity.techtarget.com/definition/computer-forensics

Student Learning Outcomes:
Computer Forensics Certificate Student Learning Outcomes include the following knowledge, skills, and abilities:
• Demonstrates the application of information technology to common business functions, including the implementation and use of basic end user software.
• Understands the common processes and procedures used to conduct criminal and noncriminal investigations of activities involving evidence with digital media, including the laws that apply to these processes.
• Performs support and maintenance of computer hardware.
• Analyzes and applies operating systems concepts to implement and support multiple industry standard operating systems in enterprise networking environments.
• Applies networking concepts to design, implement and maintain LANs and WANs to support modern implementations including internetworking and data convergence.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• Students who pursue any of the industry certifications will incur additional expenses for testing fees.

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.
• This program may be completed 80% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning, including industry standard certifications. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Additional Information:
• The Computer Forensics Certificate offers courses that teach material from several industry standard certifications including:
  ° Computing Technology Industry Association (CompTIA):
    • A+ - CSC 233 Computer Hardware and Support
    • Network+ - CSC 234 Networking Technologies
    • Linux+ - CST 245 UNIX Operating Systems I
  ° Microsoft’s Certified Specialist:
    • Windows 10 - CSC 141 Windows Client Operating Systems

Gainful Employment:
Visit www.QCC.edu/gainful-employment for more information.

For information on electives, see p. 338-339.
Computer Systems Engineering Technology
- Computer Support Option — SECS

Associate in Science

Connections:
The following certificate(s) can be completed along with this associate degree:
• Help Desk Technician Certificate (Program Code: HDTC)
• Personal Computer Specialist Certificate (Program Code: PCS)

Program Goals:
The Computer Systems Engineering Technology - Computer Support Option program is designed to meet the demand of computer support middle skills in business and industry, while focusing on the technical and human aspect of providing computer support. This program pulls from multiple areas of computer-related programming at QCC and is “stackable” from the Personal Computer Specialist Certificate.

Student Learning Outcomes:
Computer Systems Engineering Technology program Student Learning Outcomes include the following knowledge, skills, and abilities:
• Knows fundamental business methods including communications, math, and writing.
• Analyzes and applies security in computer and networking infrastructures while detecting any legal and ethical breaches.
• Analyzes and applies operating systems concepts to implement and support multiple industry standard operating systems in enterprise networking environments.
• Applies networking concepts to design, implement and maintain LANs and WANs to support modern implementations including internetworking and data convergence.
• Ability to design and implement basic and advanced routing utilizing the TCP/IP and other common networking protocols and utilities.
• Develops documentation appropriate to clearly communicate computer and network specification, configuration, and/or processes.
• Troubleshoots computer networking infrastructures to resolve user problems.
• Demonstrates computer support specialist skills in a business environment through cooperative education and seminars or service learning experience.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks may be required. Finger printing and drug testing may be required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• Students who pursue any of the industry certifications will incur additional expenses for testing fees.

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning, including industry standard certifications. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 11.1006.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.
**Program Contact Email:** cset@qcc.mass.edu

**Additional Information:**

- The CSET Program offers extensive coursework, lecturing on theoretical information technology design, principles, and approaches and supplementing the lecture with practical hands-on application in QCC’s state-of-the-art CSET labs.

- The Computer Support Option offers courses that teach material from several industry standard certifications including:

  - Computing Technology Industry Association (CompTIA):
    - A+ - CSC 233 Computer Hardware and Support
    - Network+ - CSC 234 Networking Technologies
    - Linux+ - CST 245 UNIX Operating Systems I
    - Security+ - CST 205 IT Security Foundations
    - Mobility+ - CSC 140 Mobile Operating Systems

  - Microsoft’s Certified Solutions Associate, Specialist, or Technology Associate, in the following topics:
    - Windows 10 - CSC 141 Windows Client Operating Systems
    - Windows Server 2016 - CSC 241 Windows Server Operating Systems

| **Total 15**                              |           |                  |         |                                                   |

**Total Credits Required:** 63

For information on electives, see p. 338-339.
Computer Systems Engineering Technology
- Cyber Security Certificate — CBS

Certificate

Connections:
Credits from this certificate can be applied to the following associate degree(s):

• Computer Systems Engineering Technology - Enterprise Information Technology (IT) Option - Associate in Science (Program Code: SEIT)
• Computer Systems Engineering Technology - Forensics Option - Associate in Science (Program Code: SEF)

Program Goals:
Cyber Security is designed to prepare graduates to work in the Information Technology field as Computer Support Specialists with an emphasis in cyber security. According to the Occupational Outlook Handbook, 2016-2017 Edition, employment of computer support specialists is expected to increase by 18% from 2014 to 2024, which is much faster than the average for all occupations. Demand for these workers will result as organizations and individuals continue to adopt the newest forms of technology. As technology becomes more complex and widespread, support specialists will be needed in greater numbers to implement technology solutions and resolve the technical problems that arise. Businesses, especially, will demand greater levels of support, as information technology has become essential in the business environment. “We lead Internet-connected, digital lives. From our desks and homes to on the go, we work, learn and play online. Even when we are not directly connected to the Internet, our critical infrastructure - the vast, worldwide connection of computers, data and websites supporting our everyday lives through financial transactions, transportation systems, healthcare records, emergency response systems, personal communications and more - impacts everyone. Cybersecurity is the mechanism that maximizes our ability to grow commerce, communications, community and content in a connected world.”

1. www.bls.gov/ooh/
2. http://staysafeonline.org/ncsam/about/

Student Learning Outcomes:
Cyber Security Certificate Student Learning Outcomes include the following knowledge, skills, and abilities:

• Demonstrates the application of information technology to common business functions, including the implementation and use of basic end user software.
• Analyzes and applies operating systems concepts to implement and support multiple industry standard operating systems in enterprise networking environments.
• Applies networking concepts to design, implement and maintain LANs and WANs to support modern implementations including internetworking and data convergence.
• Ability to design and implement basic and advanced routing utilizing the TCP/IP and other common networking protocols and utilities.
• Analyzes and applies security in computer and networking infrastructures while detecting any legal and ethical breaches.
• Troubleshoots computer networking infrastructures to resolve user problems.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.cc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

• Students who pursue any of the industry certifications will incur additional expenses for testing fees.

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).
Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning, including industry standard certifications. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 11.1003.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
cset@qcc.mass.edu

Additional Information:
• The Cyber Security Certificate offers extensive coursework, lecturing on theoretical information technology design, principles, and approaches and supplementing the lecture with practical hands-on application in QCC’s state-of-the-art CSET labs.
• The Cyber Security Certificate offers courses that teach material from several industry standard certifications including:
  ° Computing Technology Industry Association (CompTIA):
    • Network+ - CSC 234 Networking Technologies
    • Linux+ - CST 245 UNIX Operating Systems I
    • Security+ - CST 205 IT Security Foundations
  ° Microsoft’s Certified Specialist:
    • Windows 10 - CSC 141 Windows Client Operating Systems
    • Installing and Configuring Windows Server 2016 - CSC 241 Windows Server Operating Systems
  ° International Information System Security Certification Consortium (ISC)²:
    • Certified Information Systems Security Professional (CISSP) - CST 208 Enterprise IT Systems Security

Gainful Employment:
Visit www.QCC.edu/gainful-employment for more information.

Computer Systems Engineering Technology
- Cybersecurity Option — SECY
Associate in Science

Connections:
The following certificate(s) can be completed along with this associate degree:
• Cyber Security Certificate (Program Code: CBS)

Program Goals:
The Computer Systems Engineering Technology - Cybersecurity Option program is designed to meet the demand of cybersecurity professional skills in business and industry, while focusing on the technical and human aspect of cybersecurity. This program meets the National Institute of Standards and Technology's National Initiative for Cybersecurity Education framework (including knowledge, skills, and abilities).

Student Learning Outcomes:
Computer Systems Engineering Technology program Student Learning Outcomes include the following knowledge, skills, and abilities:
• Knows fundamental business methods including communications, math, and writing.
• Understands the common processes and procedures used to conduct criminal and noncriminal investigations of activities involving evidence with digital media, including the laws that apply to these processes.
• Analyzes and applies security in computer and networking infrastructures while detecting any legal and ethical breaches.
• Analyzes and applies operating systems concepts to implement and support multiple industry standard operating systems in enterprise networking environments.
• Designs fault tolerance and data recovery method to minimize risk in the business environment.
• Applies networking concepts to design, implement and maintain LANs and WANs to support modern implementations including internetworking and data convergence.
• Ability to design and implement basic and advanced routing utilizing the TCP/IP and other common networking protocols and utilities.
• Defines and manages network services for effective network performance.
• Develops documentation appropriate to clearly communicate computer and network security specification, configuration, and/or processes.
• Troubleshoots computer networking infrastructures to resolve user problems.
• Demonstrates the implementation of digital forensics techniques and processes in a business and/or law enforcement environment through cooperative education and seminars or service learning experience.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks may be required. Finger printing and drug testing may be required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• Students who pursue any of the industry certifications will incur additional expenses for testing fees.

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning, including industry standard certifications. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 11.1003.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.
**Program Contact Email:** cset@qcc.mass.edu

**Additional Information:**

- The CSET Program offers extensive coursework, lecturing on theoretical information technology design, principles, and approaches and supplementing the lecture with practical hands-on application in QCC's state-of-the-art CSET labs.
- The Cybersecurity Option offers courses that teach material from several industry standard certifications including:
  - Computing Technology Industry Association (CompTIA):
    - A+ - CSC 233 Computer Hardware and Support
    - Network+ - CSC 234 Networking Technologies
    - Linux+ - CST 245 UNIX Operating Systems I
    - Security+ - CST 205 IT Security Foundations
  - Microsoft's Certified Solutions Associate, Specialist, or Technology Associate, in the following topics:
    - Windows 10 - CSC 141 Windows Client Operating Systems
    - Windows Server 2016 - CSC 241 Windows Server
  - Operating Systems
    - Cisco's Certified:
      - Network Administrator (CCNA) - CST 240 Routing Technologies
    - International Information System Security Certification Consortium (ISC)²:
      - Certified Information Systems Security Professional - CST 208 Enterprise IT Systems Security
      - EC-Council's Certified Ethical Hacker - CST 209 Ethical Hacking

For information on electives, see p. 338-339.
Computer Systems Engineering Technology - Enterprise Information Technology (IT) Option — SEIT

Associate in Science

Connections:
The following certificate(s) can be completed along with this associate degree:

• Cyber Security Certificate (Program Code: CBS)
• Help Desk Technician Certificate (Program Code: HDTC)
• Network Associate Certificate (Program Code: NAC)
• Network Technician Certificate (Program Code: NTC)
• Personal Computer Specialist Certificate (Program Code: PCS)
• UNIX Systems Administrator Certificate (Program Code: USAC)
• Windows Systems Administrator Certificate (Program Code: WSAC)

Program Goals:
The mission of the Computer Systems Engineering Technology (CSET) Program is to prepare students for a broad range of career opportunities in the Information Technology (IT) field. Graduates are prepared to work in virtually any business or organization that utilizes computers and computer networks. This is accomplished by adhering to industry standards developed to measure and promote the competency of IT professionals. The CSET Program offers two associate degrees and nine certificate options that allow students to specialize in specific areas of interest.

Student Learning Outcomes:
Computer Systems Engineering Technology program Student Learning Outcomes include the following knowledge, skills, and abilities:

• Knows fundamental business methods including communications, math, and writing.
• Demonstrates the application of information technology to common business functions, including the implementation and use of basic end user software.
• Demonstrates the fundamentals of telecommunications in a modern business environment, including management of voice, call centers, and Voice Over IP.
• Performs support and maintenance of computer hardware.
• Analyzes and applies operating systems concepts to implement and support multiple industry standard operating systems in enterprise networking environments.
• Applies an understanding of basic programming structures and algorithms.
• Applies networking concepts to design, implement and maintain LANs and WANs to support modern implementations including internetworking and data convergence.
• Ability to design and implement basic and advanced routing utilizing the TCP/IP and other common networking protocols and utilities.
• Analyzes and applies security in computer and networking infrastructures while detecting any legal and ethical breaches.
• Defines and manages network services for effective network performance.
• Designs data storage solutions that meet the enterprises’ varied needs, including fault tolerance and disaster recovery.
• Deploys and manages common third party applications to support business needs.
• Demonstrates the management of IT infrastructures and projects.
• Develops documentation appropriate to clearly communicate computer network specification, configuration, and/or processes.
• Troubleshoots computer networking infrastructures to resolve user problems.
• Demonstrates the implementation of IT in a business environment through cooperative education and seminars or service learning experience.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.c.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks may be required. Finger printing and drug testing may be required.
COMPUTER AND INFORMATION TECHNOLOGY

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

- Students who pursue any of the industry certifications will incur additional expenses for testing fees.

Location:
- This program may be completed at the QCC Worcester campus.
- This program may be completed face-to-face.
- This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning, including industry standard certifications. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 15.1201.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
cset@qcc.mass.edu

Additional Information:
- The CSET Program offers extensive coursework, lecturing on theoretical information technology design, principles, and approaches and supplementing the lecture with practical hands-on application in QCC’s state-of-the-art CSET labs.
- Students who pursue any of the industry certifications will incur additional expenses for testing fees.

The CSET Program offers courses that teach material from several industry standard certifications including:

- Computing Technology Industry Association (CompTIA):
  - A+ - CSC 233 Computer Hardware and Support
  - Network+ - CSC 234 Networking Technologies
  - Linux+ - CST 245 UNIX Operating Systems I
  - Security+ - CST 205 IT Security Foundations
  - Convergent Technology Professional (CTP+) - CST 207 Telecommunications in Business
  - Mobility+ - CSC 140 Mobile Operating Systems

- Microsoft’s Certified Solutions Associate, Specialist, or Technology Associate, in the following topics:
  - Windows 10 - CSC 141 Windows Client Operating Systems
  - Windows Server 2016 - CSC 241 Windows Server Operating Systems
  - Microsoft SQL Server 2016 - CST 251 SQL Server Administration
  - Microsoft Exchange Server 2016 - CST 252 Exchange Server Administration

- Cisco’s Certified:
  - Network Administrator (CCNA) - CST 240 Routing Technologies
  - Network Professional (CCNP) - CST 260 Enterprise Network Convergence and CST 265 Wide Area Networks

- EMC’s Proven Professional Information Storage and Management Associate - CSC 210 Storage Technologies
# Computer Systems Engineering Technology - Enterprise Information Technology (IT) Option — SEIT — Associate in Science

## Course Title | Course # | Semester Offered | Credits | Prerequisites
--- | --- | --- | --- | ---
### Semester 1
- Register for and successfully complete all courses to graduate in four semesters.
- Apply and get accepted to this program (Program Code: SEIT).
- Meet with Academic Advisor about co-enrolling in CSET certificate.
- Complete CSC 141, CSC 234, and ENG 101.
- Complete the Mathematics Elective.

Computer Systems Engineering Technology - Forensics Option — SEF

Associate in Science

Connections:
The following certificate(s) can be completed along with this associate degree:
• Computer Forensics Certificate (Program Code: CF)
• Cyber Security Certificate (Program Code: CBS)

Program Goals:
CSET with Computer Forensics Option Associate in Science Degree provides an in-depth insight into Criminal Justice and Information Technology for analysis of digital information commonly used in criminal investigations. This program is intended as a transfer pathway to multiple four-year institutions.

Student Learning Outcomes:
Computer Systems Engineering Technology Forensics program Student Learning Outcomes include the following knowledge, skills, and abilities:
• Knows fundamental business methods including communications, math, and writing.
• Demonstrates the application of information technology to common business functions, including the implementation and use of basic end user software.
• Understands the common processes and procedures used to conduct criminal and noncriminal investigations of activities involving evidence with digital media, including the laws that apply to these processes.
• Performs support and maintenance of computer hardware.
• Analyzes and applies operating systems concepts to implement and support multiple industry standard operating systems in enterprise networking environments.
• Applies networking concepts to design, implement and maintain LANs and WANs to support modern implementations including internetworking and data convergence.
• Ability to design and implement basic and advanced routing utilizing the TCP/IP and other common networking protocols and utilities.
• Analyzes and applies security in computer and networking infrastructures while detecting any legal and ethical breaches.
• Defines and manages network services for effective network performance.
• Develops documentation appropriate to clearly communicate computer network specification, configuration, and/or processes.
• Troubleshoots computer networking infrastructures to resolve user problems.
• Demonstrates the implementation of digital forensics techniques and processes in a business and/or law enforcement environment through cooperative education and seminars or service learning experience.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.c.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks may be required. Finger printing and drug testing may be required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• Students who pursue any of the industry certifications will incur additional expenses for testing fees.

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning, including industry standard certifications. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.
Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 11.1003.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
cset@qcc.mass.edu

Additional Information:
• The CSET Forensics Program offers extensive coursework, lecturing on theoretical information technology design, principles, and approaches and supplementing the lecture with practical hands-on application in QCC’s state-of-the-art CSET labs.
• The CSET Forensics Program offers courses that teach material from several industry standard certifications including:
  ° Computing Technology Industry Association (CompTIA):
    • A+ - CSC 233 Computer Hardware and Support
    • Network+ - CSC 234 Networking Technologies
    • Linux+ - CST 245 UNIX Operating Systems I
    • Security+ - CST 205 IT Security Foundations
  ° Microsoft’s Certified Specialist:
    • Windows 10 - CSC 141 Windows Client Operating Systems
  ° Cisco’s Certified:
    • Network Administrator (CCNA) - CST 240 Routing Technologies

**Total Credits Required:** 64

For information on electives, see p. 338-339.
Computer Systems Engineering Technology - Help Desk Technician Certificate — HDTC

Connections:
Credits from this certificate can be applied to the following associate degree(s):
• Computer Systems Engineering Technology - Enterprise Information Technology (IT) Option - Associate in Science (Program Code: SEIT)

Program Goals:
The Help Desk Technician Certificate prepares graduates to work in the Information Technology field as an entry-level Computer Support Specialist, such as a Help Desk Technician or Desktop Specialist. According to the Occupational Outlook Handbook, 2016-2017 Edition, employment of computer support specialists and/or help desk technicians is expected to increase by 12% from 2014 to 2024.¹ Demand for these workers will result from the increased use of IT and digital communications technology at home and in the business environment. Computer Support Specialists or Help Desk Technicians “provide help and advice to people and organizations using computer software or equipment. Some, called computer network support specialists [technical support specialists], support information technology (IT) employees within their organization. Others, called computer user support specialists [help-desk technicians], assist non-IT users who are having computer problems.”¹

¹. www.bls.gov/ooh/computer-and-information-technology/computer-support-specialists.htm

Student Learning Outcomes:
Help Desk Technician Certificate Student Learning Outcomes include the following knowledge, skills, and abilities:
• Demonstrates the application of information technology to common business functions, including the implementation and use of basic end user software.
• Analyzes and applies operating systems concepts to implement and support multiple industry standard operating systems in enterprise networking environments.
• Performs support and maintenance of computer hardware.
• Troubleshoots computer infrastructures to resolve user problems.
• Provides problem resolution services to customers using IT.
• Implements basic Local Area Network (LAN) solutions utilizing TCP/IP networking protocols and utilities.
• Troubleshoots computer networking infrastructures to resolve user problems.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks may be required. Finger printing and drug testing may be required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• Students who pursue any of the industry certifications will incur additional expenses for testing fees.

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning, including industry standard certifications. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 11.1006.
Computer Systems Engineering Technology - Help Desk Technician Certificate — HDTC

### Course Title | Course # | Semester Offered | Credits | Prerequisites
---|---|---|---|---
IT Help Desk Concepts | CSC 105 | F/S/SU | 2 |
Mobile Operating Systems | CSC 140 | F/S | 3 |
Windows Client Operating Systems | CSC 141 | F/S/SU | 4 | Coreq: CSC 141
Computer Hardware and Support | CSC 233 | F/S/SU | 4 | Coreq: CSC 141
Networking Technologies | CSC 234 | F/S/SU | 4 | Coreq: CSC 141

Total Credits Required: 17

#### Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

#### Program Contact Email:
cset@qcc.mass.edu

#### Additional Information:
- The Help Desk Technician Certificate offers extensive coursework, lecturing on theoretical information technology design, principles, and approaches and supplementing the lecture with practical hands-on application in QCC’s state-of-the-art CSET labs.

- For information on electives, see p. 338-339.

- The Help Desk Technician Certificate offers courses that teach material from several industry standard certifications including:
  - Computing Technology Industry Association (CompTIA):
    - Network+ - CSC 234 Networking Technologies
    - Linux+ - CST 245 UNIX Operating Systems I
    - Mobility+ - CSC 140 Mobile Operating Systems
  - Microsoft’s Certified Specialist:
    - Windows 10 - CSC 141 Windows Client Operating Systems

#### Gainful Employment:
Visit www.QCC.edu/gainful-employment for more information.
Computer Systems Engineering Technology - Network Associate Certificate — NAC Certificate

Connections:
Credits from this certificate can be applied to the following associate degree(s):

• Computer Systems Engineering Technology - Enterprise Information Technology (IT) Option - Associate in Science (Program Code: SEIT)

Program Goals:
The Network Associate Certificate prepares graduates to work in the Information Technology field as an entry-level Network Specialist, such as a Network Administrator or Network Associate. According to the Occupational Outlook Handbook, 2016-2017 Edition, employment of network systems and data communications analysts is expected to increase by 8% from 2014 to 2024, which is average for all occupations. Demand for these workers will result from the increased use of IT and digital communications technology at home and in the business environment. A Network Associate certificate “validates the ability to install, configure, operate, and troubleshoot medium-size route and switched networks”, including implementation and verification of connections to remote sites in a WAN.

1. www.bls.gov/ooh/

Student Learning Outcomes:
Network Associate Certificate Student Learning Outcomes include the following knowledge, skills, and abilities:

• Demonstrates the application of information technology to common business functions, including the implementation and use of basic end user software.
• Demonstrates the fundamentals of telecommunications in a modern business environment, including management of voice, call centers, and Voice Over IP.
• Analyzes and applies operating systems concepts to implement and support multiple industry standard operating systems in enterprise networking environments.
• Applies networking concepts to design, implement and maintain LANs and WANs to support modern implementations including internetworking and data convergence.
• Ability to design and implement basic and advanced routing utilizing the TCP/IP and other common networking protocols and utilities.
• Defines and manages network services for effective network performance.
• Designs data storage solutions that meet the enterprises’ varied needs, including fault tolerance and disaster recovery.
• Troubleshoots computer networking infrastructures to resolve user problems.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks may be required. Finger printing and drug testing may be required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

• Students who pursue any of the industry certifications will incur additional expenses for testing fees.

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning, including industry standard certifications. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Computer Systems Engineering Technology - Network Professional Certificate — NPC

Certificate

Program Goals:
Network Professional Certificate prepares graduates to work in the Information Technology field as an advanced professional specializing in networking, such as a Network Designer, Manager, or Engineer. According to the Occupational Outlook Handbook, 2016-2017 Edition, employment of network systems and data communications analysts is expected to increase by 8% from 2014 to 2024, which is average for all occupations. Competition will be high for these positions, requiring advanced technical and investigative skills and knowledge. Demand for these workers will result from the increased use of IT and digital communications technology in the business environment. A Network Professional certificate “validates the ability to plan, implement, verify and troubleshoot local and wide-area enterprise networks and work collaboratively with specialists on advanced security, voice, wireless and video solutions.”

1. www.bls.gov/ooh/
2. www.cisco.com/web/learning/certifications/professional/ccnp/index.html

Student Learning Outcomes:
Network Professional Certificate Student Learning Outcomes include the following knowledge, skills, and abilities:

- Knows fundamental business methods including communications and writing.
- Demonstrates the application of information technology to common business functions, including the implementation and use of basic end user software.
- Demonstrates the fundamentals of telecommunications in a modern business environment, including management of voice, call centers, and Voice Over IP.
- Analyzes and applies operating systems concepts to implement and support multiple industry standard operating systems in enterprise networking environments.
- Applies networking concepts to design, implement and maintain LANs and WANs to support modern implementations including internetworking and data convergence.
- Ability to design and implement basic and advanced routing utilizing the TCP/IP and other common networking protocols and utilities.
- Analyzes and applies security in computer and networking infrastructures while detecting any legal and ethical breaches.
- Defines and manages network services for effective network performance.
- Designs data storage solutions that meet the enterprises’ varied needs, including fault tolerance and disaster recovery.
- Demonstrates the management of IT infrastructures and projects.
- Develops documentation appropriate to clearly communicate computer network specification, configuration, and/or processes.
- Troubleshoots computer networking infrastructures in complex environments.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/High School Equivalency (HiSET) and
- Completion of one of the following:
  - Network Associate Certificate (Program Code: NAC); or
  - Computer Systems Engineering Technology - Enterprise Information Technology (IT) Option - Associate in Science (Program Code: SEIT); or
  - Computer Systems Engineering Technology - Forensics Option - Associate in Science (Program Code: SEF); or
  - Cisco Certified Network Associate (CCNA) Certification

CRI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

- Students who pursue any of the industry certifications will incur additional expenses for testing fees.

Location:
- This program may be completed at the QCC Worcester campus.
- This program may be completed face-to-face.
- This program may be completed 50% or more online.

Computer Systems Engineering Technology - Personal Computer Specialist Certificate — PCS Certificate

Connections:
Credits from this certificate can be applied to the following associate degree(s):

- Computer Systems Engineering Technology - Enterprise Information Technology (IT) Option - Associate in Science (Program Code: SEIT)

Program Goals:
Personal Computer Specialist Certificate prepares graduates to work in the Information Technology field as Computer Support Specialists with an emphasis on personal computer/desktop management and support. According to the Occupational Outlook Handbook, 2016-2017 Edition, employment of computer support specialists is expected to increase by 12% from 2014 to 2024, which is faster than the average for all occupations. Demand for these workers will result from the increased use of IT and digital communications technology by individuals and organizations. As technology becomes more complex and prevalent, a greater level of support will become essential to users and their employers. A Personal Computer Specialist has “responsibility for analyzing, managing, supervising, or performing work necessary to plan, design, develop, acquire, document, test, implement, integrate, maintain, or modify systems for solving problems or accomplishing work processes by using computers” in a desktop or personal computer environment.

1. www.bls.gov/ooh/

Student Learning Outcomes:
Personal Computer Specialist Certificate Student Learning Outcomes include the following knowledge, skills, and abilities:

- Knows fundamental business methods including communications, math, and writing.
- Demonstrates the application of information technology to common business functions, including the implementation and use of basic end user software.
- Performs support and maintenance of computer hardware.
- Analyzes and applies operating systems concepts to implement and support multiple industry standard operating systems in enterprise networking environments.
- Applies an understanding of basic programming structures and algorithms.
- Deploys and manages common third party applications to support business needs.
- Troubleshoots computer resources to resolve user problems.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.c.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

- Students who pursue any of the industry certifications will incur additional expenses for testing fees.

Location:
- This program may be completed at the QCC Worcester campus.
- This program may be completed face-to-face.
- This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning, including industry standard certifications. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 11.1006.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
cset@qcc.mass.edu

Additional Information:
• The Personal Computer Specialist Certificate offers courses that teach material from several industry standard certifications including:
  ○ Computing Technology Industry Association (CompTIA):
    • A+ - CSC 233 Computer Hardware and Support
    • Linux+ - CST 245 UNIX Operating Systems I
    • Mobility+ - CSC 140 Mobile Operating Systems
  ○ Microsoft’s Certified Specialist:
    • Windows 10 - CSC 141 Windows Client Operating Systems

Gainful Employment:
Visit www.QCC.edu/gainful-employment for more information.

Connections:
Credits from this certificate can be applied to the following associate degree(s):

- Computer Systems Engineering Technology - Enterprise Information Technology (IT) Option - Associate in Science (Program Code: SEIT)

Program Goals:
Unix Systems Administrator Certificate prepares graduates to work in the Information Technology field as a Systems Administrator with an emphasis on management and support of Unix and Linux operating systems. According to the Occupational Outlook Handbook, 2016-2017 Edition, employment of computer support specialists is expected to increase by 8% from 2014 to 2024, which is average for all occupations. Demand for these workers will increase as organizations continue to invest in technology as an integral part of their business. “The person who is responsible for setting up and maintaining the system or server is called the system administrator … The duties of a system administrator are wide-ranging, and vary widely from one organization to another. Sysadmins are usually charged with installing, supporting, and maintaining servers or other computer systems, and planning for and responding to service outages and other problems. Other duties may include scripting or light programming, project management for systems-related projects.”

1. www.bls.gov/ooh/
2. www.cyberciti.biz/faq/what-is-the-role-of-the-system-administrator/

Student Learning Outcomes:
Unix Systems Administrator Certificate Student Learning Outcomes include the following knowledge, skills, and abilities:

- Demonstrates the application of information technology to common business functions, including the implementation and use of basic end user software.
- Analyzes and applies operating systems concepts to implement and support multiple industry standard operating systems in enterprise networking environments.
- Applies an understanding of basic programming structures and algorithms.
- Applies networking concepts to design, implement and maintain LANs and WANs to support modern implementations including internetworking and data convergence.
- Ability to design and implement basic and advanced routing utilizing the TCP/IP and other common networking protocols and utilities.
- Designs data storage solutions that meet the enterprises’ varied needs, including fault tolerance and disaster recovery.
- Deploys and manages common third party applications to support business needs.
- Analyzes and applies security in computer and networking infrastructures while detecting any legal and ethical breaches.
- Troubleshoots computer networking infrastructures to resolve user problems.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

- Students who pursue any of the industry certifications will incur additional expenses for testing fees.

Location:
- This program may be completed at the QCC Worcester campus.
- This program may be completed face-to-face.
- This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

### Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning, including industry standard certifications. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

### Career Outlook:

### Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

### Program Contact Email:
cset@qcc.mass.edu

### Additional Information:
- The Unix Systems Administrator Certificate offers extensive coursework, lecturing on theoretical information technology design, principles, and approaches and supplementing the lecture with practical hands-on application in QCC’s state-of-the-art CSET labs.
- The Unix Systems Administrator Certificate offers courses that teach material from several industry standard certifications including:
  - Computing Technology Industry Association (CompTIA):
    - Network+ - CST 234 Networking Technologies
    - Linux+ - CST 245 UNIX Operating Systems I
    - Security+ - CST 205 IT Security Foundations
    - Mobility+ - CST 140 Mobile Operating Systems
  - Microsoft’s Certified Specialist:
    - Windows 10 - CST 141 Windows Client Operating Systems

### Gainful Employment:
Visit [www.QCC.edu/gainful-employment](http://www.QCC.edu/gainful-employment) for more information.

For information on electives, see p. 338-339.

Connections:
Credits from this certificate can be applied to the following associate degree(s):
- Computer Systems Engineering Technology - Enterprise Information Technology (IT) Option - Associate in Science (Program Code: SEIT)

Program Goals:
Windows Systems Administrator Certificate prepares graduates to work in the Information Technology field as a Systems Administrator with an emphasis on management and support of Windows operating systems and environments. According to the Occupational Outlook Handbook, 2016-2017 Edition, employment of computer support specialists is expected to increase by 8% from 2014 to 2024, which is average for all occupations. Demand for these workers will increase as organizations continue to invest in technology as an integral part of their business. This certificate follows the coursework of the Microsoft Certified Systems Administrator. “The person who is responsible for setting up and maintaining the system or server is called the system administrator ... The duties of a system administrator are wide-ranging, and vary widely from one organization to another. Sysadmins are usually charged with installing, supporting, and maintaining servers or other computer systems, and planning for and responding to service outages and other problems. Other duties may include scripting or light programming, project management for systems-related projects.”

Student Learning Outcomes:
Windows Systems Administrator Certificate Student Learning Outcomes include the following knowledge, skills, and abilities:
- Demonstrates the application of information technology to common business functions, including the implementation and use of basic end user software.
- Performs support and maintenance of computer hardware.
- Analyzes and applies operating systems concepts to implement and support multiple industry standard operating systems in enterprise networking environments.
- Applies networking concepts to design, implement

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
- High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Gainful Employment:
Visit www.QCC.edu/gainful-employment for more information.

For information on electives, see p. 338-339.
Interactive Media - Digital Design Option — IMDD
Associate in Science

Program Goals:
The Interactive Media - Digital Design Option is a multi-faceted computer based program designated for students seeking a design career in digital media in the Global marketplace. Students produce designs, symbols, typography, illustrations, photography, video, multimedia, motion graphics, sound, and animation for use in print, web and interactive media.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

- Achieve graphic art computer competencies to communicate ideas for promotion and sales of products for newspapers, magazines, web publications, multimedia and video content providers, ad agencies and manufacturers.
- Achieve graphic art computer competencies in electronic and digital design technologies for career opportunities in the industry.
- Achieve graphic art computer competencies in electronic and digital design technologies for career opportunities in the print and prepress industry.
- Achieve graphic art computer competencies in electronic and digital design technologies for career opportunities in Internet publishing industries as content providers using multimedia, video and animation.
- Produce a print, PDF, web/epublishing presence, and interactive DVD portfolio of student work for presentation to future employers or for transfer to institutions of higher learning.
- Transfer to bachelor degree programs at colleges and universities with related fields of study.
- Provide a progressive framework of courses to meet general education core curriculum goals for measurable proficiencies in: Information Literacy, Quantitative Reasoning, Scientific Reasoning, Technical Literacy, Aesthetics, Multiple Perspectives, Ethics, Impact of Technology, and Civic Literacy.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

- The Interactive Media - Digital Design Option is a first-come, first-served program that restricts enrollment in required course offerings to 40 full-time students per academic year, beginning each fall semester. Required courses in this program will only be offered Monday through Thursday between 8:00am and 4:00pm, so please plan accordingly.

Admissions Requirements:
Students should note that some required courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

- Students enrolled in the program are required to purchase a high quality digital camera for IMD 161.
- Students are encouraged to purchase a computer (preferably Mac) with related software.

Location:
- This program may be completed at the QCC Worcester campus.
- This program may be completed face-to-face.
- This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 11.0803.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email: interactivemedia@qcc.mass.edu

Additional Information:
- Accepted students must register simultaneously for all four IMD courses required in Semesters 1-3, and for both IMD courses required in Semester 4. Early application is recommended.

Interactive Media - Game Design Option — IMGD
Associate in Science

Program Goals:
The Interactive Media - Game Design Option is a multi-faceted computer based program designated for students seeking a game design career in the Global marketplace. Game Design majors map out and develop the gameplay that defines a player’s unique game experience. It is a complex science that combines artistic talent with high mathematics and computer programming ability. Students develop an extensive game-design portfolio of individual and collaborative work using state-of-the-art technology resources.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

• Demonstrate the skills necessary to compete for entry-level positions in the game industry: game-play tester, conceptual artist, texture artist, 3D modeler, and graphical user interface designer.
• Demonstrate the skills necessary upon graduation to transfer into a Bachelor Degree program in Game Design.
• Understand and apply theories of graphical environment design, character design, animation, and interface design to the development of interactive media and game design.
• Design and create 2D and 3D graphical environments for game design and create prototypes of computer games for a variety of environments.
• Develop skills in operating computer game development tools and assessing their advantages and disadvantages while understanding the ethical, legal, and professional responsibilities of a game design professional.
• Use theoretical concepts and perspectives to explain and evaluate the development of games in various settings and apply principles of game design and group work to project work.
• Learn to use professional-level application software for game design.
• Critically evaluate various approaches to game design and identify the elements that are likely to make for effective games and author game design documents.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

• The Interactive Media - Game Design Option is a first-come, first-served program that restricts enrollment in required course offerings to 20 full-time students per academic year, beginning each fall semester. Required courses in this program will only be offered Monday through Thursday afternoons from 4:00pm to 7:00pm, so please plan accordingly.

Admissions Requirements:
Students should note that some required courses carry minimum prerequisites. Refer to the program grid.

• High School Diploma or GED/High School Equivalency (HiSET).
• Math: MAT 100 with a grade of “C” or higher; or appropriate placement score.
• English: Three years of High School English with grades of “C” or higher; or ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• Students are encouraged to purchase a computer (preferably Mac) with related software.

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 50.0411.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email: interactivemedia@qcc.mass.edu

Additional Information:
• Accepted students must register simultaneously for all required courses in each semester. Early application is recommended.
• Required IMD and IMG courses in this option will only be available late afternoons, evenings, and weekends.

Early Childhood Education — EC
Associate in Arts

Program Goals:
This program prepares students for responsible positions in the field of early care and education or for careers in other child-related areas. Graduates will be qualified for career opportunities in Early Education and care as a lead teacher and, depending upon experience, as an assistant director or a director in a variety of early education programs. Students are also prepared for transfer to a four-year institution.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Describe young children’s characteristics and needs and the multiple influences on development and learning.
• Apply knowledge of development to create healthy, respectful, supportive, and challenging learning environments.
• Demonstrate knowledge and understanding of family and community characteristics and describe methods for involving families and communities in their children's development and learning.
• Demonstrate knowledge of and practice meaningful observation, documentation and assessment of young children that support individual learning and growth.
• Employ positive guidance strategies that are developmentally appropriate.
• Integrate content knowledge with other disciplines to support the development, implementation, and evaluation of curriculum that promotes positive outcomes for children.
• Engage in continuous, collaborative learning to inform practice.
• Value ethical standards and professional guidelines.
• Demonstrate informed advocacy for children and the profession.
• Identify and utilize professional resources.
• Demonstrate ability to write and speak effectively.
• Demonstrate knowledge and appreciation of diverse cultures.
• Pass the CLST portion of the MTEL test after completion of ENG 102 (for students transferring into Licensure program at a four-year institution).

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and Department of Children & Families (DCF) checks are required. Finger printing is required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
• This program may be completed at the QCC Worcester campus.
• Many courses are offered at the Southbridge location.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 13.1209.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
earlychildhood@qcc.mass.edu

Additional Information:
• Students must pass all ECE courses with a grade of “C” or higher.
• Students cannot take any ECE course more than twice.
• Student teaching may be completed at the student’s work site.
• Students will be required to complete a one semester field placement in a community-based setting.

Early Childhood Education - Birth through Eight Years Old Option — ECBA

Associate in Arts

Connections:
The following certificate(s) can be completed along with this associate degree:
• Early Childhood Education Certificate (Program Code: ED)
• Early Childhood Education Birth through Eight Years Old Certificate (Program Code: ECBC)
• Technician in Applied Behavior Analysis Certificate (Program Code: TABC)

Program Goals:
This program prepares students for responsible positions in the field of early care and education or for careers in other child-related areas. Graduates will be qualified for career opportunities in Early Education and care as a lead teacher and, depending upon experience, as an assistant director or a director in a variety of early education programs. Students are also prepared for transfer to a four-year institution.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Describe children’s developmental characteristics and needs and the multiple influences on development and learning.
• Apply knowledge of development to support healthy, respectful, supportive, and challenging learning environments.
• Demonstrate knowledge and understanding of family and community characteristics and describe methods for involving families and communities in their children’s development and learning.
• Employ positive guidance strategies that are developmentally appropriate.
• Integrate content knowledge with other disciplines to support the development, implementation, and evaluation of curriculum that promotes positive outcomes for children.
• Demonstrate knowledge and appreciation of diverse cultures.
• Engage in continuous, collaborative learning to inform practice.
• Value ethical standards and professional guidelines.
• Demonstrate informed advocacy for children and the profession.
• Identify and utilize professional resources.
• Demonstrate ability to write and speak effectively.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).
• Students must have either a letter from employer or EEC Teacher Certificate.
• Students must have over 960 hours of documented experience in an EEC licensed program or public school.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and Department of Children & Families (DCF) checks are required. Finger printing is required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
• This program may be completed at the QCC Worcester campus.
• Many courses are offered at the Southbridge location.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 13.1210.

**Course Title** | **Course #** | **Semester Offered** | **Credits** | **Prerequisites**
--- | --- | --- | --- | ---
**Semester 4 (Spring)**
- Students seeking EEC Infant Toddler Lead Teacher License should take ECE 221.
- For the History Elective, choose: HST 104, HST 105, HST 106, HST 115, or HST 116.
- Continue with/complete the transfer application process.
- Submit an Intent to Graduate Form, located on The Q.

| Infant & Toddler Curriculum and Development or Young Children with Special Needs | ECE 221 | F/S | 3 | ENG 096 with a grade of "C" or higher; or approp place score |
| Early Childhood Curriculum | ECE 258 | F/S | 3 | ECE 250 |
| Seminar and Field Experience: Classroom Teaching in Early Education and Care | ECE 259 | F/S/SU | 3 | ENG 102, ECE 250 |
| History Elective | --- | F/S/SU | 3 | |
| Humanities Elective | --- | F/S/SU | 3 | |
| **Total Credits Required:** | | | 15 | |
| **Total Credits Required:** | | | 62 | |

**Transfer Articulations & Opportunities:**
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

**Program Contact Email:**
earlychildhood@qcc.mass.edu

**Additional Information:**
- Students must pass all ECE courses with a grade of “C” or higher.
- Students cannot take any ECE course more than twice.
- Student teaching may be completed at the student’s work site.
- Students will be required to complete visits to the Quinsigamond Community College Children’s School as scheduled by the seminar supervisor.
Early Childhood Education Birth through Eight Years Old Certificate — ECBC

Certificate

Connections:
Credits from this certificate can be applied to the following associate degree(s):
• Early Childhood Education - Birth through Eight Years Old Option - Associate in Arts (Program Code: ECBA)

Program Goals:
The Early Childhood Education Certificate program provides students with both the theoretical knowledge and practical skills training necessary for working with typical and atypical children from birth through eight years old.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Describe young children's characteristics and needs and the multiple influences on development and learning.
• Apply knowledge of development to create healthy, respectful, supportive, and challenging learning environments.
• Demonstrate knowledge and understanding of family and community characteristics and describe methods for involving families and communities in their children's development and learning.
• Employ positive guidance strategies that are developmentally appropriate.
• Integrate content knowledge with other disciplines to support the development, implementation, and evaluation of curriculum that promotes positive outcomes for children.
• Engage in continuous, collaborative learning to inform practice.
• Value ethical standards and professional guidelines.
• Demonstrate informed advocacy for children and the profession.
• Identify and utilize professional resources.
• Demonstrate ability to write and speak effectively.
• Demonstrate knowledge and appreciation of diverse cultures.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

Students taking this certificate should have either a current Child Development Associate Credential or a letter verifying employment in an ECE program. This program does not offer or provide verification of students’ classroom experience. No classroom experience is given with this certificate.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and Department of Children & Families (DCF) checks are required. Finger printing is required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
• This program may be completed at the QCC Worcester campus.
• Many courses are offered at the Southbridge location.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 13.1210.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email: earlychildhood@qcc.mass.edu

Additional Information:
• Students must pass all ECE courses with a grade of “C” or higher.
• Students cannot take any ECE course more than twice.
• This program does not offer or provide verification of students’ classroom experience. No classroom experience is given with this certificate.
• Many of the required courses can be applied to the Associate Degree option(s).

Leadership in Early Education and Care Certificate — EEC

Certificate

Program Goals:
This certificate program provides students who are already working in early childhood centers as directors, supervisors, or aspiring to a leadership role with the skills required for creating and sustaining healthy working relationships leading to quality programs for young children and their families.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

• Demonstrate knowledge of child and adult development, personality typologies, dispositions and learning styles as they relate to self and others.
• Demonstrate communication skills supportive of collaboration in a school setting and with families.
• Document reflective thinking necessary for self-growth and professional development.
• Demonstrate ability to advocate on behalf of young children, their families and the early childhood community.
• Reflect critically on early childhood educational leadership competencies.
• Demonstrate ethical leadership skills in early childhood education settings.
• Engage in continuous, collaborative learning to inform practice.
• Value ethical standards and professional guidelines.
• Identify and utilize professional resources.
• Demonstrate ability to write and speak effectively.
• Demonstrate knowledge and appreciation of diverse cultures.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

• High School Diploma or GED/High School Equivalency (HiSET).
• Students must have an Associate Degree to complete this certificate.
• Students must supply verification of employment within the Early Education field.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and Department of Children & Families (DCF) checks are required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
• This program may be completed at the QCC Worcester campus.
• Many courses are offered at the Southbridge location.
• This program may be completed face-to-face.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 13.1209.

Applied Manufacturing Certificate — AMC
Certificate

Connections:
Credits from this certificate can be applied to the following associate degree(s):
• Manufacturing Technology - Applied Manufacturing Option - Associate in Science (Program Code: MPA)

Program Goals:
The goal of the Applied Manufacturing Certificate is to prepare highly skilled technicians and front-line supervisory personnel for the advanced manufacturing workforce. This program encourages graduates of the Manufacturing Advancement Center Workforce Innovation Collaborative (MACWIC) apprentice program to continue their education. The program has been designed to incorporate credentials earned through the MACWIC credentialing system, provide some college credit for successful competency development, and build on students’ knowledge and skills to further their education.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Be able to apply mathematical and scientific concepts to solve manufacturing problems.
• Practice safe working protocols to nurture ethical responsibilities.
• Use modern precision measurement systems to verify product conformance.
• Use modern tooling, skills, and techniques for effective manufacturing systems practice.
• Safely operate, program, and setup a variety of CNC equipment.
• Communicate technical information both verbally and in written form.
• Understand management systems and principles of project management.
• Use modern computers and software to provide digital documentation.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).
• Manufacturing Advancement Center Workforce Innovation Collaborative (MACWIC): Level 3 Completion/ Evidence of Certification.
• Students must present their MACWIC Level 3 Certificate.
• Students should note the following accompanying conditions:
  ○ Admitted students will receive 14 credits for prior learning for MACWIC Level 3 completion.
  ○ Students will work through QCC’s Career Placement Services Office for prior learning credit.
  ○ See the Additional Cost section for information regarding credentialing fees.
  ○ Learn more about MACWIC at http://www.macwic.org/training/credentials/.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• Students are required to pay the current QCC credentialing fee for the 14 college credits granted through this agreement; see www.QCC.edu/services/experience-based-education/credentialing.
• Students should anticipate additional expenses for professional certification examinations.

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all Technical Performance Standards).

Total Credits Required: 29

### Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

- Applicants to this program should note that 14 credits are being granted through articulation as per the terms of the agreement between Manufacturing Advancement Center Workforce Innovation Collaborative (MACWIC) and QCC for this certificate.
- While students enrolled in this program may be able to earn additional academic credit for prior learning, it should be noted that a minimum of 15 credits must be completed at QCC in order to meet the residency requirement.

### Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 48.0510.

### Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

### Program Contact Email:
Manufacturing@qcc.mass.edu

For information on electives, see p. 338-339.
Electronics Engineering Technology - Biomedical Instrumentation Option — EEBI

Associate in Science

Connections:
The following certificate(s) can be completed along with this associate degree:
- Electronics Technology Certificate (Program Code: CE)
- Photonics Certificate (Program Code: CP)

Program Goals:
The Biomedical Instrumentation Option in Electronics Engineering Technology prepares students to enter the workforce as an essential member of a medical organization, calibrating, troubleshooting, and maintaining the electronic instrumentation equipment that is vital to today's technology-driven healthcare industry. Graduates may also continue their education toward a bachelor's degree in Engineering Technology.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
- Communicate effectively through verbal and written means.
- Apply the concepts and methods of mathematics to the solution of technical problems.
- Apply the concepts of Physics to the solution of technical problems.
- Write technical reports using a word processor.
- Collect, sort and analyze data using a spreadsheet.
- Operate electronic test equipment such as multi-meters, function generators and oscilloscopes.
- Troubleshoot and configure computer networks.
- Troubleshoot and repair basic electronic systems.
- Identify key areas of human anatomy and physiology.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
- High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks may be required of students enrolled in EET 299. Finger printing and drug testing may be required of students enrolled in EET 299.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
- This program may be completed at the QCC Worcester campus.
- This program may be completed face-to-face.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 15.0303.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Electronics Engineering Technology - Electronics Technology Certificate — CE  

Certificate

Connections:
Credits from this certificate can be applied to the following associate degree(s):

- Electronics Engineering Technology - Biomedical Instrumentation Option - Associate in Science (Program Code: EEBI)
- Electronics Engineering Technology - Mechatronics Option - Associate in Science (Program Code: EEMO)
- Electronics Engineering Technology - Photonics Option - Associate in Science (Program Code: EEPH)

Program Goals:
The Electronics Technology Certificate prepares students for entry-level positions in the field of Electronics. Students also build a foundation of core Electronics skills and knowledge that form the basis for further study in Electronics, Mechatronics, Photonics, or Biomedical Instrumentation.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

- Apply the concepts and methods of arithmetic and basic algebra to the solution of technical problems.
- Write technical reports using a word processor.
- Collect, sort and analyze data using a spreadsheet.
- Operate electronic test equipment such as multi-meters, function generators and oscilloscopes.
- Analyze basic electronic systems.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
- This program may be completed at the QCC Worcester campus.
- This program may be completed face-to-face.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 15.0303.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Electronics Engineering Technology -
Mechatronics Option — EEMO
Associate in Science

Connections:
The following certificate(s) can be completed along with this associate degree:
- Electronics Technology Certificate (Program Code: CE)
- Photonics Certificate (Program Code: CP)

Program Goals:
The goal of the Mechatronics Option in Electronics Engineering Technology is to prepare students for careers as Mechatronics technicians. Mechatronics technicians install, maintain, troubleshoot and repair a wide range of computer-driven automated equipment and/or robotic systems. They must understand basic electronics, mechanics, computer interfacing and software. These skills are vital to the success of advanced manufacturing.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
- Communicate effectively through verbal and written means.
- Apply the concepts and methods of mathematics to the solution of technical problems.
- Write technical reports using a word processor.
- Collect, sort and analyze data using a spreadsheet.
- Operate electronic test equipment such as multi-meters, function generators and oscilloscopes.
- Troubleshoot and configure computer networks.
- Troubleshoot and repair basic mechatronic systems.
- Wire, test and program basic programmable logic controller systems.
- Program and troubleshoot basic robotic systems.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
- High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks may be required of students enrolled in EET 299. Finger printing and drug testing may be required of students enrolled in EET 299.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
- This program may be completed at the QCC Worcester campus.
- This program may be completed face-to-face.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:

Electronics Engineering Technology - Photonics Certificate — CP

Certificate

Connections:
Credits from this certificate can be applied to the following associate degree(s):
• Electronics Engineering Technology - Biomedical Instrumentation Option - Associate in Science (Program Code: EEBI)
• Electronics Engineering Technology - Mechatronics Option - Associate in Science (Program Code: EEMO)
• Electronics Engineering Technology - Photonics Option - Associate in Science (Program Code: EEPH)

Program Goals:
The primary goal of the Photonics Certificate is to provide students an educational pathway to high-wage, high-tech jobs in areas such as manufacturing, telecommunications, medical devices and systems, security systems, clean energy systems, and research throughout Central Massachusetts. A secondary goal is to provide employed individuals with opportunities to upgrade and broaden their skills and knowledge, either to become more effective in their current positions or to open new career paths. Students will also build a foundation of knowledge that forms the basis for further study in electronics and photonics.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Given documentation (schematics, wiring diagrams, and/or mechanical drawings), troubleshoot systems involving photonics and electronics.
• Analyze problems involving photonics applications, propose and evaluate solutions.
• Given documentation (schematics, wiring diagrams, mechanical drawings, and/or instructions), build and test electronic, electromechanical, and photonic systems.
• Use the following electronic test equipment to analyze and troubleshoot circuits: multi-meter, oscilloscope, power supply, function generator.
• Produce professional-quality technical reports, including text, graphics, and data, using a word processor (and spreadsheet, if necessary).
• Communicate effectively verbally and in writing.
• Work effectively as a member of a team toward the solution of problems.
• Given a technical problem of medium complexity, develop a solution using mathematics and knowledge of basic physical principles.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.c.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
• This program may be completed at the Southbridge location.
• This program may be completed face-to-face.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 15.0304.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Electronics Engineering Technology - Photonics Option — EEPH
Associate in Science

Connections:
The following certificate(s) can be completed along with this associate degree:
• Electronics Technology Certificate (Program Code: CE)
• Photonics Certificate (Program Code: CP)

Program Goals:
The goal of the Photonics Option in Electronics Engineering Technology is to prepare students for careers as Photonics technicians and/or Electronics technicians with photonics experience. Photonics technicians build, test, troubleshoot and maintain systems involving lasers, fiber optics and other electro-optical components. This is an exciting, dynamic career field that is projected to grow steadily as new Photonics applications are developed to support manufacturing, telecommunications, medical devices and systems, security systems, clean energy systems, research, etc. Students also build a foundation of knowledge that forms the basis for further study in electronics and photonics.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Communicate effectively through verbal and written means.
• Apply the concepts and methods of mathematics to the solution of technical problems.
• Understand the operation of electro-optical systems such as lasers.
• Analyze electro-optic systems and their interfaces.
• Operate electronic test equipment such as multi-meters, function generators and oscilloscopes.
• Troubleshoot and repair electro-optic and photonic systems.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

• High School Diploma or GED/High School Equivalency (HIGET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks may be required of students enrolled in EET 299. Finger printing and drug testing may be required of students enrolled in EET 299.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
• This program may be completed at the Southbridge location.
• This program may be completed face-to-face.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 15.0304.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

For information on electives, see p. 338-339.
Engineering — ERG
Associate in Science

Program Goals:
The Engineering program is a rigorous program that emphasizes mathematics and sciences. It prepares students for transfer to four-year colleges and universities at which they can continue their education in all fields of engineering, life sciences, and sciences. The program strives to develop students’ ability and awareness to think critically, solve problems, foster a strong sense of global community, and work wisely and creatively to better themselves and the world in which they live.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Apply knowledge of mathematics, science, and engineering.
• Design and conduct experiments, as well as to analyze and interpret data.
• Design a system, component or process to meet desired needs.
• Function on multidisciplinary teams.
• Identify, formulate, and solve engineering problems.
• Use the techniques, skills, and modern engineering tools necessary for engineering practice.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

COUR, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (COUR) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 14.0102.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
Engineering@qcc.mass.edu

Additional Information:
• Students should note that some required courses carry a minimum corequisite of MAT 233.
• WPI awards no transfer credit for any online course work. Students are advised to consult with their transfer institution(s) of choice for similar policies.
• For students pursuing the Associate in Science in Engineering, it is strongly recommended they take six of these courses at QCC: CSC 221, ERG 223, MAT 235, MAT 237, MAT 238, MAT 243, and PHY 205.
• It is strongly recommended that interested students contact the Program Coordinator as early as possible in order to review degree requirements and make arrangements for any needed prerequisite courses.

**Total Credits Required:** 68
Engineering - Biomedical Engineering Option — ERBM
Associate in Science

Program Goals:
The Engineering - Biomedical Engineering Option is a
target program that emphasizes mathematics, sciences,
and life sciences. It prepares students for transfer to four-
year colleges and universities at which they can continue
their education in all fields of biomedical engineering,
medicine, life sciences, and sciences. The program strives
to develop students’ ability and awareness to think
critically, solve problems, foster a strong sense of global
community, and work wisely and creatively to better
themselves and the world in which they live.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Apply knowledge of mathematics, biology, sciences, and
  engineering.
• Design and conduct experiments, as well as to analyze
  and interpret data.
• Design a component, device, or process to meet desired
  needs.
• Function on multidisciplinary teams.
• Identify, formulate, and solve engineering problems
  with special focus on biological and health systems and
  products.
• Use the techniques, skills, and modern engineering tools
  necessary for engineering practice.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the
program of their choice by following the enrollment steps
at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses
carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency
  (HiSET).

CORSI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex
Offender Registry Information (SORI) checks are not
required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs
have program fees).

Location:
• This program may be completed at the QCC Worcester
campus.
• This program may be completed face-to-face.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn
academic credit for prior learning. Please contact the
Student Employment and Transfer Center (Room 272A)
at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information
System at https://masscis.intocareers.org/ or the
Occupational Outlook Handbook at www.bls.gov/ooh/ for
specific occupational information. The CIP code for this
program is 14.0102.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer
articulation agreements at www.QCC.edu/agreements.
More information regarding transfer opportunities is
available at www.QCC.edu/transfer.

Program Contact Email:
Engineering@qcc.mass.edu

Additional Information:
• Students should note that some required courses carry a
  minimum prerequisite of MAT 124 or higher.
• WPI awards no transfer credit for any online course
  work. Students are advised to consult with their transfer
  institution(s) of choice for similar policies.
• For students pursuing the Associate in Science in
  Engineering - Biomedical Engineering Option, it is
  strongly recommended that the following courses are
  taken in residence at QCC: BIO 107, BIO 159, BIO 160, ERG
  223, MAT 235, MAT 237, MAT 238, MAT 243, and PHY 205.
• It is strongly recommended that interested students
  contact the Program Coordinator as early as possible
  in order to review degree requirements and make
  arrangements for any needed prerequisite courses.

For information on electives, see p. 338-339.
Manufacturing Technology — MP
Associate in Science

Connections:
The following certificate(s) can be completed along with this associate degree:
• CNC Technologies Certificate (Program Code: CNC)
• Computer Aided Design Certificate (Program Code: CAD)
• Manufacturing Technology Certificate (Program Code: MPC)

Program Goals:
The Manufacturing Technology program is designed to prepare graduates to enter the field of advanced manufacturing. Students will gain an understanding of materials and manufacturing processes as well as the quality systems in place in modern industry. Using safe working practices, students will learn to operate and maintain a variety of production equipment. Since there is a strong focus on applied mathematical and scientific knowledge in advanced manufacturing, students will obtain an advanced understanding of electrical, pneumatic, and hydraulic systems. Use of PC's, communication skills, CNC machine tools, and CAD/CAM software will allow successful graduates to enhance their ability to add value to any manufacturing environment. Graduates will be able to apply lean principles and automation techniques to improve process and product efficiency and quality.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Apply mathematical and scientific concepts to solve manufacturing problems.
• Understand the process of product development through design and experimentation.
• Supervise and manage a variety of manufacturing systems.
• Work in multicultural and multidisciplinary teams to assess and improve system performance.
• Practice safe working protocols to nurture ethical responsibilities.
• Communicate technical information both verbally and in written form.
• Use modern tooling, skills, and techniques for effective manufacturing systems practice.
• Understand the behavior of a variety of material properties as they relate to manufacturing processing.
• Apply accurate design methodology and use industry standard CAD/CAM software to improve quality and production.
• Identify problems before they occur and design a solution.
• Understand and manage product variability as defined by quality systems.
• Apply advanced methods of analysis, synthesis, and control of manufacturing systems.
• Safely operate, program, and setup a variety of CNC equipment.
• Measure manufacturing process variables and draw credible technical conclusions.
• Apply lean principles in the operation and development of production systems.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.
• CORI/SORI checks, finger printing, and drug testing may be required of students enrolled in MNT 299.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• Graduates may be required to meet at off-campus locations and are expected to provide their own transportation to these venues. Types of venues used vary each semester, but may include company tours outside of class and/or training at other local educational facilities.
• Students should anticipate additional expenses for professional certification examinations.
ENGINEERING AND ENGINEERING TECHNOLOGY

Location:
- This program may be completed at the QCC Worcester campus (note: other local locations may be used to enhance the educational experience of the student).
- This program may be completed face-to-face.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.
- To evaluate technical prior learning credit, students should contact the Program Coordinator.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 15.0613.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
Manufacturing@qcc.mass.edu

Additional Information:
- The courses in this program are aligned with national standards as set by National Association of Manufacturers (NAM), Manufacturing Skills Standards Council (MSSC), and the statewide standards as defined by the Manufacturing Advancement Center Workforce Innovation Collaborative (MACWIC).
- During the course of this program, students will be required to take industry prescribed certifications. See program grid for details.

Manufacturing Technology - Applied Manufacturing Option — MPA
Associate in Science

Program Goals:
The goal of the Manufacturing Technology Applied Manufacturing Option is to prepare highly skilled technicians and front-line supervisory personnel for the advanced manufacturing workforce. This option is specifically designed to serve as an associate degree completion program for applicants who meet the criteria for admission to the program and have demonstrated successful completion of Manufacturing Advancement Center Workforce Innovation Collaborative (MACWIC) Level 4.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

• Apply mathematical and scientific concepts to solve manufacturing problems.
• Use their knowledge of engineering principles to operate, troubleshoot, and maintain highly technical manufacturing equipment and integrated systems.
• Program, set up and operate sophisticated CNC machinery while maintaining safe working conditions and a structured approach to CNC programming methodology.
• Use industry recognized CAD/CAM software to prepare engineering drawings and build complex CNC programs.
• Apply advanced methods of analysis, synthesis, and control of productions systems as they relate to lean production and automated process techniques.
• Integrate advanced methods of communication and maintain a professional approach to add value to a variety of manufacturing organizations through contextualized experience and applied technical knowledge.
• Understand and analyze modern quality systems to maintain and improve the production of goods and the processes that drive them.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

• High School Diploma or GED/High School Equivalency (HiSET).
• Successful completion of QCC Applied Manufacturing Certificate (Program Code: AMC).
• Manufacturing Advancement Center Workforce Innovation Collaborative (MACWIC): Level 4 Completion/Evidence of Certification.
• Students must present their MACWIC Level 4 Certificate.
• Students should note the following accompanying conditions:
  ◦ Admitted students will receive 12 credits for prior learning with MACWIC Level 4 Certificate as evidence of a minimum of 800 documented hours of successful on the job training (OJT).
  ◦ Students will work through QCC’s Career Placement Services Office for prior learning credit.
  ◦ See the Additional Cost section for information regarding credentialing fees.
  ◦ Learn more about MACWIC at http://www.macwic.org/training/credentials/.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

• Students are required to pay the current QCC credentialing fee for the 12 college credits granted through this agreement; see www.qcc.edu/services/experience-based-education/credentialing.
• Students should anticipate additional expenses for professional certification examinations.

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.
• This program may be completed 80% or more online.
**Technical Performance Standards:**
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning:**
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

- Applicants to this program should note that 12 credits are being granted through articulation as per the terms of the agreement between Manufacturing Advancement Center Workforce Innovation Collaborative (MACWIC) and QCC for this associate degree completion option.
- While students enrolled in this program may be able to earn additional academic credit for prior learning, it should be noted that a minimum of 15 credits must be completed at QCC in order to meet the residency requirement.

**Career Outlook:**
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 15.0613.

**Transfer Articulations & Opportunities:**
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

- Applicants should note that credits granted through articulation as per the terms of the agreement between Manufacturing Advancement Center Workforce Innovation Collaborative (MACWIC) and QCC may not be eligible for transfer to four-year colleges or universities; applicants are advised to check with their transfer institution of choice regarding relevant transfer policies.

**Program Contact Email:**
Manufacturing@qcc.mass.edu

Manufacturing Technology - CNC Technologies Certificate — CNC Certificate

Connections:
Credits from this certificate can be applied to the following associate degree(s):
• Manufacturing Technology - Associate in Science (Program Code: MP)

Program Goals:
The CNC or Computer Numerical Control program is designed to prepare graduates to enter the field of advanced manufacturing specifically as a CNC operator/programmer. Students will gain an understanding of CAD/CAM systems and the conventions of blueprint reading, safety, metrology, quality, and machine operations. Using safe working practices, students will learn to operate, set-up, and program Haas CNC equipment along with other production machines. Graduates will be able to apply sound mathematical principles to solve manufacturing problems.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Apply mathematical and scientific concepts to solve manufacturing problems.
• Supervise and manage a variety of manufacturing systems.
• Practice safe working protocols to nurture ethical responsibilities.
• Communicate technical information both verbally and in written form.
• Use modern tooling, skills, and techniques for effective manufacturing systems practice.
• Apply accurate design methodology and use industry standard CAD/CAM software to improve quality and production.
• Identify problems before they occur and design a solution.
• Understand and manage product variability as defined by quality systems.
• Apply advanced methods of analysis, synthesis, and control of manufacturing systems.
• Safely operate, program, and setup a variety of CNC equipment.
• Measure manufacturing process variables and draw credible technical conclusions.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some required courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• Lab fees will be charged for specific courses.
• Books and online LMS charges may apply to specific courses.
• Examination fees for 3rd party certification exams.

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.
• Credit may be applied for students that have a nationally recognized credential listed below:
  ◦ MACWIC Level 1 and Level 2 (Manufacturing Advancement Center Workforce Innovation Collaborative).
  ◦ OSHA 30 (Occupational Safety & Health Administration).
  ◦ NIMS Level 1 and Level 2 (National Institute for Metalworking Skills).

### Career Outlook:

Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 48.0510.

### Transfer Articulations & Opportunities:

Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

- The courses of this certificate can be transferred to the Associate degree in Manufacturing Technology. Upon graduation they can be transferred to Fitchburg State University.

### Program Contact Email:

Manufacturing@qcc.mass.edu

### Additional Information:

- This certificate is designed for full-time enrollment.
- The courses in this program are aligned with national standards as set by the National Association of Manufacturers (NAM), and statewide standards as defined by the Manufacturing Advancement Center Workforce Innovation Collaborative (MACWIC).

### Certifications:

- MACWIC Level 1: www.macwic.org
- MACWIC Level 2: www.macwic.org
- MACWIC Level 3: www.macwic.org

For information on electives, see p. 338-339.
Manufacturing Technology - Computer Aided Design Certificate — CAD Certificate

Connections:
Credits from this certificate can be applied to the following associate degree(s):
- Manufacturing Technology - Associate in Science (Program Code: MP)

Program Goals:
The certificate in Computer Aided Design is intended to prepare successful graduates to apply technical knowledge and skills to develop working engineering drawings and in support of mechanical and industrial engineers, and related professionals. Students gain knowledge in manufacturing materials and processes, mechanical drafting, electro-mechanical drafting, basic metallurgy, geometric dimensioning and tolerancing, blueprint reading, and technical communication. Upon completion the student will be able to use a variety of industry standard CAD programs and apply quality practices to perform as a CAD technician.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
- Understand the power and effectiveness of modern CAD software.
- Be able to apply mathematical and scientific concepts to solve design problems.
- Understand the principles of product development through design.
- Communicate technical information both verbally and in written form.
- Understand the behavior of a variety of material properties as they relate to manufacturing processing.
- Apply accurate design methodology and use industry standard CAD software to improve quality and production.
- Understand and manage product variability as defined by quality systems.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
- High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
- Students should anticipate additional expenses for professional certification examinations.

Location:
- This program may be completed at the QCC Worcester campus.
- This program may be completed face-to-face.
- This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 15.1302.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Manufacturing Technology Certificate — MPC

Certificate

Connections:
Credits from this certificate can be applied to the following associate degree(s):
• Manufacturing Technology - Associate in Science (Program Code: MP)

Program Goals:
The Manufacturing Technology Certificate is designed to introduce the principles of engineering and manufacturing. The program prepares students to apply basic engineering principles and technical skills to the identification and resolution of production problems in the manufacture of products. The student will gain basic knowledge of material properties and identify a variety of production processes to assist in a production environment. Along with enhanced computer skills, the student will be able to communicate effectively in a manufacturing environment and use industry standard software to operate as an entry-level manufacturing/engineering technician.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Apply mathematical and scientific concepts to solve manufacturing problems.
• Practice safe working protocols to nurture ethical responsibilities.
• Communicate technical information both verbally and in written form.
• Use modern tooling, skills, and techniques for effective manufacturing systems practice.
• Understand the behavior of a variety of material properties as they relate to manufacturing processing.
• Apply accurate design methodology and use industry standard CAD software to improve quality and production.
• Identify problems before they occur and design a solution.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

Additional Information:

• QCC’s Manufacturing Technology Certificate is endorsed by the Manufacturing Institute, a non-partisan affiliate of the National Association of Manufacturers. The M-List distinguishes quality manufacturing education and training programs that are a preferred source of talent for manufacturing employers. For more information, visit the Manufacturing Institute at www.themanufacturinginstitute.org/ or the M-List at www.themanufacturinginstitute.org/Skills-Certification/M-List/M-List.aspx.

• If a successful graduate wishes to continue his/her education, the courses required for the certificate in Manufacturing Technology apply to the Associate Degree in Manufacturing Technology.

• The courses in this program are aligned with national standards as set by the National Association of Manufacturers (NAM), Manufacturing Skills Standards Council (MSSC), and statewide standards as defined by the Manufacturing Advancement Center Workforce Innovation Collaborative (MACWIC).

• Students that successfully complete curriculum requirements may elect to register for the following certification examination: MACWIC Level 1.

Certifications:

• MACWIC Level 1. Manufacturing Advancement Center Workforce Innovation Collaborative (MACWIC): www.macwic.org/.

Gainful Employment:

Visit www.QCC.edu/gainful-employment for more information.

For information on electives, see p. 338-339.
Advanced Placement Nurse Education LPN — NUL

Associate in Science

Program Goals:
This one year program is for LPN’s seeking advanced placement into the Evening Associate of Science Degree Program to prepare the LPN for a career as a Registered Nurse. Graduates of the program assume responsibilities related to direct patient care in a variety of settings, including, but not limited to, hospitals, clinics, extended care facilities, home and community health agencies. Upon successful completion of this program, students are eligible to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN). The Quinsigamond Community College Nurse Education Program is approved by the Massachusetts Board of Registration in Nursing (MBORN) and accredited by the Accreditation Commission for Education in Nursing (ACEN), 3343 Peachtree Road, NE, Suite 850, Atlanta, GA 30326, 1.404.975.5000, www.acenursing.org. The program also prepares students for further study at four-year colleges and universities.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

- Relate Orem’s self-care model to the nursing management of individuals, families and groups throughout the life cycle.
- Relate Erikson’s developmental stages when planning for and delivering nursing care.
- Assume the role of the nurse in ways that reflect integrity, responsibility, ethical practice and an evolving identity as a professional nurse committed to evidence-based practice, caring, patient advocacy, and safe quality care for diverse patients in various settings.
- Effectively communicate verbally, nonverbally, in writing or with computer based technology with the patient, family and other health professionals with a patient-centered focus.
- Use the nursing process and other theoretical concepts in the comprehensive delivery of care.
- Make judgments in nursing practice, based on evidence, that integrate nursing science in the provision of safe, quality care and promote the health of patients, families and communities.
- Employ relationship-centered interventions that are caring, compassionate, nurturing, protective, therapeutic and respectful of human differences.
- Participate in a spirit of inquiry to help promote and maintain health and reduce risks for patients, families and communities by challenging the status quo, questioning underlying assumptions and offering new insights to improve quality of care.
- Collaborate within the nursing and inter-professional teams to foster open communication, mutual respect, and shared decision-making in order to achieve quality patient care.
- Manage patient care through planning, organizing, directing and delegating with an emphasis on system effectiveness to provide quality healthcare and a safe environment for patients and workers.
- Advocate for patients, families and oneself to retain or develop new pathways which encompass one’s uniqueness, dignity, diversity and freedom toward a holistic well-being.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/High School Equivalency (HISET).
- Must take the college placement test to determine Math and English levels if no college level courses were previously completed.
- Math: minimum grade of “B” in MAT 098 or MAT 099 or take Math Placement Test and test into MAT 100.
- Biology: minimum grade of “B” in high school biology or “B” in BIO 101 (recommended) or other college biology class.
- Qualifying mathematics and one biology course must be taken within five years of application and a grade of “B” or higher must be achieved.
- English: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score.
- Required TEAS V or TEAS composite score of 65% must be achieved in one test (cannot be a combination of two tests).
- Required grade must be earned within two attempts of taking and completing the course.
- Attendance at a Health Information Session.
- Current LPN license in the state of Massachusetts.
- Satisfy admissions requirements to the Associate of Science Degree Nursing Program.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Finger printing and drug testing are required. Finger printing and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, finger printing and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

- Applicants should understand that the Massachusetts Board of Registration in Nursing (MBORN) reserves the right to refuse an applicant the privilege of sitting for the NCLEX examination based on a Good Moral Character Licensure requirement.
• More information is available from the Massachusetts Board of Registration in Nursing (MBORN).

**Additional Cost:**
See the Program Fees (page 33). (Note: Not all programs have program fees).

• Nurse Education students should anticipate additional expenses for professional uniforms, standardized testing, CPR certification, health immunizations and physical exams. Also, there may be additional costs associated with the purchase of textbooks, professional liability insurance, licensing examinations applications, mandatory clinical make-up and any required skills for remediation.

**Location:**
• This program may be completed at the QCC Healthcare and Workforce Development Center in downtown Worcester.
• This program will require students to travel to clinical sites within the Worcester County area.

**Technical Performance Standards:**
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning:**
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

**Career Outlook:**
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 51.3801.

**Transfer Articulations & Opportunities:**
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

**Program Contact Email:**
NurseeducationeveningsNULNUP@qcc.mass.edu

**Additional Information:**
• All clinical experiences are under the supervision of QCC Nurse Education faculty and entrance into most clinical agencies will require the wearing of a standardized school uniform.
• To be eligible to continue in the program, the student must achieve a grade of “C” or higher in all nursing (NUR) courses and in BIO 111, BIO 112 and BIO 232. Students who have received a grade below a “C” in BIO 111, BIO 112 or BIO 232 are required to repeat the course and obtain a grade of “C” or higher by the end of the semester in which they are required or required as a prerequisite.
• In addition, the student must demonstrate satisfactory performance in the nursing laboratory and in the clinical settings.
• The student must also satisfy all course and program requirements, including regulations on attendance and conduct, in order to be eligible for certification for licensure. Students who do not have completed health files (including titres and immunizations) submitted to the Nurse Education Department and cleared by the Health Compliance Officer by April 1 (summer Evening students only), July 15, and January 5 of the respective semester will be removed from their nursing courses and will have to file for readmission to the next available semester.
• Readmission is not guaranteed and is always based upon space availability. Please review the readmission policy outlined in the QCC Handbook.
• All students accepted in the NUL program must obtain/maintain a current American Heart Association BLS for Healthcare Providers CPR certificate or a Red Cross Basic Life Support for Healthcare Provider/BLS/CPR for Healthcare certification. Documentation of immunization currency, satisfactory health status, and clinical standard compliance is required prior to beginning of clinical experiences.
• A Social Security Number is mandatory for NCLEX Application (Licensure).
• All Clinical Experiences will start before 1:30pm. Some Clinical Experiences will be held during the daytime.
• This program is a rigorous 12-month program.
• LPN to AD Advanced Placement Program Graduates from the current QCC LPN Program may apply for three spaces in the AD Program.
• A student seeking readmission from the NUL to NUR program must first apply for readmission (see QCC Student Handbook), as this is dependent upon space availability (and other criteria). Once the student completes the readmission process with the appropriate Program Coordinator, the student is responsible for the following:
  ° Either complete a petition form (if previous QCC PN or other community college graduate) to grant credits for the NUR 103 and NUR 104 courses.
  ° Or complete a Credit for Prior Learning application (if vocational LPN school graduate) with Experience Based Education (Room 272, Administration Building, main Worcester campus).

### Statistics:

**NCLEX Licensure Pass Rates: Expected Level of Achievement** developed by QCC AD Faculty (and reported to ACEN accrediting body) are at or above National Mean.

- 2013: National Results = 83.04%; QCC Results = 80%
- 2014: National Results = 81.78%; QCC Results = 83.5%
- 2015: National Results = 83.5%; QCC Results = 88%

**Program Completion: Expected Level of Achievement** developed by QCC AD Faculty (and reported to ACEN accrediting body) are that 50% of students complete the program within seven semesters.

- Program Completion Rate for 2015 academic year: 68% of students complete the AD Program in seven semesters.

**Graduates Obtaining Jobs: Expected Level of Achievement** developed by QCC AD Faculty (and reported to ACEN accrediting body) are that 80% of responding graduates seeking employment are employed within one year.

- 100% of responding students have obtained jobs.

**Graduate Satisfaction (as answered on Post-Graduate Survey):** Question asked - “As a graduate, the length of the program prepared me for entry into the novice level of nursing practice”.

- 100% of the students responded “Agree” or “Strongly Agree” to the above statement.

For information on electives, see p. 338-339.
Advanced Placement Nurse Education
Paramedic — NUP

Associate in Science

Program Goals:
This Program is for Paramedics seeking Advanced Placement into the Evening Associate of Science Degree Program to prepare the Paramedic for a career as a Registered Nurse. Graduates of the program assume responsibilities related to direct patient care in a variety of settings, including, but not limited to, hospitals, clinics, extended care facilities, home and community health agencies. Upon successful completion of this program, students are eligible to take the National Council Examination for Registered Nurses (NCLEX-RN). The Quinsigamond Community College Nurse Education Program is approved by the Massachusetts Board of Registration in Nursing (MBORN) and accredited by the Accreditation Commission for Education in Nursing (ACEN), 3343 Peachtree Road, NE, Suite 850, Atlanta, GA 30326, 1.404.975.5000, www.acenursing.org. The program also prepares students for further study at four-year colleges and universities.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

• Relate Orem’s self-care model to the nursing management of individuals, families and groups throughout the life cycle.
• Relate Erikson’s developmental stages when planning for and delivering nursing care.
• Assume the role of the nurse in ways that reflect integrity, responsibility, ethical practice and an evolving identity as a professional nurse committed to evidence-based practice, caring, patient advocacy, and safe quality care for diverse patients in various settings.
• Effectively communicate verbally, nonverbally, in writing or with computer based technology with the patient, family and other health professionals with a patient-centered focus.
• Use the nursing process and other theoretical concepts in the comprehensive delivery of care.
• Make judgments in nursing practice, based on evidence, that integrate nursing science in the provision of safe, quality care and promote the health of patients, families and communities.
• Employ relationship-centered interventions that are caring, compassionate, nurturing, protective, therapeutic and respectful of human differences.
• Participate in a spirit of inquiry to help promote and maintain health and reduce risks for patients, families and communities by challenging the status quo, questioning underlying assumptions and offering new insights to improve quality of care.
• Collaborate within the nursing and inter-professional teams to foster open communication, mutual respect, and shared decision-making in order to achieve quality patient care.
• Manage patient care through planning, organizing, directing and delegating with an emphasis on system effectiveness to provide quality healthcare and a safe environment for patients and workers.
• Advocate for patients, families and oneself to retain or develop new pathways which encompass one’s uniqueness, dignity, diversity and freedom toward a holistic well-being.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

• High School Diploma or GED/High School Equivalency (HiSET).
• Must take the college placement test to determine Math and English levels if no college level courses were previously completed.
• Math: minimum grade of “B” in MAT 098 or MAT 099 or take Math Placement Test and test into MAT 100.
• Biology: minimum grade of “B” in high school biology or “B” in BIO 101 (recommended) or other college biology class.
• Qualifying mathematics and one biology course must be taken within five years of application and a grade of “B” or higher must be achieved.
• English: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score.
• Required TEAS V or TEAS composite score of 65% must be achieved in one test (cannot be a combination of two tests).
• Required grade must be earned within two attempts of taking and completing the course.
• Attendance at a Health Information Session.
• Current Certification in Massachusetts as a Paramedic.
• Satisfy admissions requirements to the Associate of Science Degree Nursing Program.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Finger printing and drug testing are required. Finger printing and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, finger printing and/ or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.
• Applicants should understand that the Massachusetts Board of Registration in Nursing (MBORN) reserves the right to refuse an applicant the privilege of sitting for the NCLEX examination
based on a Good Moral Character Licensure requirement.
- More information is available from the Massachusetts Board of Registration in Nursing (MBORN).

**Additional Cost:**
See the Program Fees (page 33). (Note: Not all programs have program fees).
- Nurse Education students should anticipate additional expenses for professional uniforms, standardized testing, CPR certification, health immunizations and physical exams. Also, there may be additional costs associated with the purchase of textbooks, professional liability insurance, licensing examinations applications, mandatory clinical make-up and any required skills for remediation.

**Location:**
- This program may be completed at the QCC Healthcare and Workforce Development Center in downtown Worcester.
- This program will require students to travel to clinical sites within the Worcester County area.

**Technical Performance Standards:**
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning:**
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

**Career Outlook:**
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 51.3801.

**Transfer Articulations & Opportunities:**
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

**Program Contact Email:**
NurseeducationeveningsNULNUP@qcc.mass.edu

**Additional Information:**
- The program also prepares students for further study at four-year colleges and universities, as well as to provide a broad background for employment in healthcare facilities.
- Courses in both Nurse Education and Liberal Arts are required in the program curriculum. Nursing courses include clinical experiences in area hospitals, rehabilitation, long term care and community agencies, as well as classroom study and laboratory practice on campus.

- All clinical experiences are under the supervision of QCC Nurse Education faculty and entrance into most clinical agencies will require the wearing of a standardized school uniform.
- To be eligible to continue in the program, the student must achieve a grade of "C" or higher in all nursing (NUR) courses and in BIO 111, BIO 112 and BIO 232. Students who have received a grade below a "C" in BIO 111, BIO 112 or BIO 232 are required to repeat the course and obtain a grade of "C" or higher by the end of the semester in which they are required or required as a prerequisite.
- In addition, the student must demonstrate satisfactory performance in the nursing laboratory and in the clinical settings.
- The student must also satisfy all course and program requirements, including regulations on attendance and conduct, in order to be eligible for certification for licensure. Students who do not have completed health files (including titres and immunizations) submitted to the Nurse Education Department and cleared by the Health Compliance Officer by April 1 (Evening students only for summer rotations), July 15, and January 5 of the respective semester will be removed from their nursing courses and will have to file for readmission to the next available semester.
- Readmission is always based upon space availability. Please review the readmission policy outlined in the QCC Handbook.
- All students accepted in the NUP program must obtain/maintain a current American Heart Association BLS for Healthcare Providers CPR certificate or a Red Cross Basic Life Support for Healthcare Provider/BLS/CPR for Healthcare certification. Documentation of immunization currency, satisfactory health status, and clinical standard compliance is required prior to beginning of clinical experiences. A Social Security Number is mandatory for NCLEX Application (Licensure).
- All Clinical Experiences will start before 1:30pm. Some Clinical Experiences will be held during the daytime.
- This program is a rigorous 14-month program.
- A student seeking readmission from the NUP to NUR program must first apply for readmission (see QCC Student Handbook), as this is dependent upon space availability (and other criteria). Once the student completes the readmission process with the appropriate Program Coordinator, the student is responsible for the following:
  - Either complete a petition form (if previous QCC Paramedic or other community college graduate) to grant credits for the NUR 103 and NUR 104 courses.
  - Or complete a Credit for Prior Learning application (if the student has completed a program of study for Paramedicine from a setting other than a college setting) with Experience Based Education (Room 272, Administration Building, main Worcester campus).

**Statistics:**

NCLEX Licensure Pass Rates: Expected Level of Achievement developed by QCC AD Faculty (and reported to ACEN accrediting body) are at or above National Mean.

- 2013: National Results = 83.04%; QCC Results = 80%
- 2014: National Results = 81.78%; QCC Results = 83.5%
- 2015: National Results = 83.5%; QCC Results = 88%

Program Completion: Expected Level of Achievement developed by QCC AD Faculty (and reported to ACEN accrediting body) are that 50% of students complete the program within seven semesters.

- Program Completion Rate for 2015 academic year: 68% of students complete the AD Program in seven semesters.

Graduates Obtaining Jobs: Expected Level of Achievement developed by QCC AD Faculty (and reported to ACEN accrediting body) are that 80% of responding graduates seeking employment are employed within one year.

- 100% of responding students have obtained jobs.

Graduate Satisfaction (as answered on Post-Graduate Survey): Question asked - “As a graduate, the length of the program prepared me for entry into the novice level of nursing practice”.

- 100% of the students responded “Agree” or “Strongly Agree” to the above statement.
Allied Dental Services - Dental Office Management Option — ADDO
Associate in Science

Program Goals:
This program prepares graduates to oversee the business operations of a dental practice. A successful dental office manager enjoys working with computers, managing multiple administrative tasks, and/or supervising people.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
- Obtain employment as an integral member of the dental health team after graduation.
- Demonstrate an understanding of the management of a dental practice.
- Oversee the business operations of a dental practice.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
- High School Diploma or GED/High School Equivalency (HiSET).
- Math: MAT 095 with a grade of “C” or higher; or pass the MAT 095 departmental final exam; or appropriate placement score.
- English: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score.
- Attendance at a Health Information Session.
- Program certificate in Dental Assisting from a postsecondary ADA accredited program.
- Current CDA status.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Finger printing and drug testing may be required. Finger printing and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, finger printing and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
- Allied Dental Services students should anticipate additional expenses for uniforms/clinical wear, textbooks, professional liability insurance, licensing examinations, and any required skills remediation.

Location:
- This program may be completed at the QCC Worcester campus with extern hours at dental offices within Worcester County.
- This program may be completed face-to-face.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 51.0699.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Allied Dental Services - Dental Sales/Marketing Option — ADDS
Associate in Science

Program Goals:
This program prepares graduates to work as sales representatives or product managers for a dental products company. For individuals who are outgoing, enjoy meeting people, and like to travel, this option will provide them with the professional skills they need to be successful in marketing or sales.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Obtain entry-level employment as an integral member of the dental sales team after graduation.
• Demonstrate and market specific products to dental professionals.
• Communicate effectively in the dental sales field.
• Demonstrate the knowledge, skills and tools necessary to be a successful sales professional.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).
• Math: MAT 095 with a grade of “C” or higher; or pass the MAT 095 departmental final exam; or appropriate placement score.
• English: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score.
• Attendance at a Health Information Session.
• Program certificate in Dental Assisting from a postsecondary ADA accredited program.
• Current CDA status.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Finger printing and drug testing may be required. Finger printing and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, finger printing and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• Allied Dental Services students should anticipate additional expenses for uniforms/clinical wear, textbooks, professional liability insurance, licensing examinations, and any required skills remediation.

Location:
• This program may be completed at the QCC Worcester campus with extern hours at dental offices within Worcester County.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Allied Dental Services - Health Sciences
Option — ADHS
Associate in Science

Program Goals:
This program prepares its graduates with a strong science background and is a good choice if the ultimate goal is transfer into the Dental Hygiene program or into a baccalaureate program. Does not require DANB, CDA status.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Meet the requirements to apply for the Dental Hygiene Program.
• Transfer to a Baccalaureate program in the Health Field.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).
• Math: MAT 095 with a grade of “C” or higher; or pass the MAT 095 departmental final exam; or appropriate placement score.
• Biology: minimum grade of “C” in high school biology or “C” in BIO 101 (recommended) or other college level biology course.
• Chemistry: minimum grade of “C” in high school chemistry or “C” in CHM 090.
• English: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score.
• Attendance at a Health Information Session.
• Program certificate in Dental Assisting from a postsecondary ADA accredited program.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Finger printing and drug testing may be required. Finger printing and drug testing results must meet clinical requirements. An issue with CORI/SORI,

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• Allied Dental Services students should anticipate additional expenses for uniforms/clinical wear, textbooks, professional liability insurance, licensing examinations, and any required skills remediation.

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 51.0699.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Complementary Health — CHM
Associate in Science

Program Goals:
The Complementary Health program is designed to educate students in the philosophies, principles and practices of Complementary Health and the integrative approach to health and healing. Students study the knowledge, scientific foundations, cultural beliefs, and the wide range of therapeutic practices within Complementary Health. Emphasis is placed on patient-provider relationship, whole person-centered care, and complementary and energetic perspectives of wellness and self-care. Complementary Health is a diverse collective of health and healing practices from the Alternative, Complementary and Integrative Medicine perspectives. The aim of the program is to develop providers who can incorporate a complementary-integrative perspective into their work with patient-clients. The program is designed for students who hold current Certification or Licensure in holistic or conventional healthcare fields/disciplines. The Program prepares healthcare providers who are knowledgeable in Complementary-Integrative Medicine and ready for employment in Private Practices, Clinics and Hospitals, Health and Fitness facilities, and Wellness Centers. The Program is designed to serve as an Associate Degree completion program.

Student Learning Outcomes:
Upon completion of the program graduates will be able to have:

- Knowledge and understanding of holistic, mind-body-spirit, Complementary - Integrative Medicine: its philosophies, theories, therapeutic practices and approaches and its applications in healthcare, wellness promotion, and healthy living.
- Knowledge and understanding of the therapeutic practices of Complementary Health including mind-body interventions, massage therapy, yoga, meditation, guided imagery, acupuncture, homeopathy, chiropractic, expressive therapies, healing-therapeutic touch, among others, and their applications in health and healing.
- Knowledge and understanding of patient-centered and whole person-centered healthcare and the use of health promotion, wellness coaching, energetic approaches, integrative nutrition, healthy lifestyle change and mind-body-spirit transformation to support an empowered, pro-active role in individual self-care and patient-client health and well-being.
- Ability to participate in an integrative patient assessment/intake, create effective wellness care plans for self and patient-client, and communicate to others via oral, written, and electronically.
- Ability to assist patient clients and health professionals in incorporating complementary health practices and approaches into their healthcare, prevention and disease management strategies and healthy living choices.
- Knowledge and understanding of the impact of chronic stress and human emotions on human physiology and states of health and well-being and the tools of Complementary/Integrative Health that can be applied to healing stress management.
- Knowledge and understanding of the indigenous world medicines and their influence on today’s healthcare and healing practices.
- Knowledge and understanding of current happiness research and the ability to choose to apply practices and tools, such as forgiveness, gratitude or mind-body health, that enhances states of happiness and well-being.
- Ability to identify Complementary and Integrative Health needs of specialized populations such as Elders, Children, Women’s and Men’s Health, Substance Abuse and Addiction, Cancer, Cardiovascular and Nutritional wellness, among others.
- Ability to integrate professional literature into their course work, professional communications, and to demonstrate professional standards, integrity, and collaborative approach in their work with patient-clients, other health and healing professionals, and the community.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/High School Equivalency (HiSET).
- Must take the college placement test to determine Math and English levels if no college level courses were previously completed.
- Math: minimum grade of “C” in MAT 095 or place into MAT 099 level or above.
- Biology: minimum grade of “C” in high school biology or “C” in BIO 101 (recommended) or other college biology class.
• Qualifying mathematics and one biology course must be taken within five years of application. Required grade must be earned within two attempts of taking and completing the course.
• English: Place into ENG 101 on the college placement test.
• Attendance at a Health Information Session.
• License or certification in either a conventional, naturalistic, or holistic healthcare recognized by the College.

**CORI, SORI, Finger Printing & Drug Testing:**
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

**Additional Cost:**
See the Program Fees (page 33). (Note: Not all programs have program fees).
• Complementary health students should anticipate additional expenses for certification/license credentialing. This may range from $50.00-$75.00 per credit for a total of $1,400.00 to $2,100.00.

**Location:**
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

**Technical Performance Standards:**
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning:**
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

**Career Outlook:**
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 51.3399.

**Transfer Articulations & Opportunities:**
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

**Program Contact Email:**
complementaryhealth@qcc.mass.edu

**Additional Information:**
• Individuals with an interest, or past experience in complementary approach to health and healing, who are not yet certified or licensed in health and healing, may also elect to study within individual courses that can offer personal and professional growth and development and serve as vehicles of career inquiry and exploration or curriculum elective. To be awarded the degree, one would need to hold Certification or Licensure in a recognized field of holistic or conventional health.

**Semester 1 (Fall)**
- Register for and successfully complete all courses to graduate in two semesters.
- Apply and get accepted to this program (Program Code: CHM).
- Students must complete a minimum of 15 credits at QCC to meet the residency requirement (nine of these 15 credits must be earned in CHC courses).

For information on electives, see p. 338-339.
Dental Assisting Certificate — DA Certificate

Program Goals:
This program prepares the student to obtain employment as a dental assistant along with the knowledge to take the Dental Assisting National Board examination in order to achieve the Certified Dental Assistant (CDA) designation. In addition the students will be prepared to continue their studies at the Associate degree level.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
- Obtain entry-level employment as an integral member of the dental health team within six months of graduation, or enroll in an advanced education program.
- Competently perform chair side assisting and related office and laboratory procedures under the direction and supervision of the dentist within the guidelines of the Massachusetts Dental Practice Act.
- Demonstrate the appropriate level of knowledge needed to perform dental assisting functions by successfully challenging the Dental Assisting National Board Certification Dental Assistant examination.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.c.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
- High School Diploma or GED/High School Equivalency (HiSET).
- Math: Test into MAT 099.
- Biology: One year of High School Biology or QCC equivalent grade of “C” or higher.
- Chemistry: One year of High School Chemistry or QCC equivalent grade of “C” or higher.
- English: Test into ENG 101.
- Required TEAS V or TEAS composite score of 45%.
- Required TEAS V or TEAS scores must be achieved within two attempts of taking the test.
- Attendance at a Health Information Session.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Finger printing and drug testing may be required. Finger printing and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, finger printing and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
- Dental Assisting students should anticipate additional expenses for uniforms/clinical wear, textbooks, professional liability insurance, licensing examinations, and required skills remediation.

Location:
- This program may be completed at the QCC Worcester campus along with 300 hours at dental offices within Worcester County.
- This program may be completed face-to-face.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 51.0601.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
dentalassisting@qcc.mass.edu
Additional Information:

- The program in Dental Assisting is accredited by the Commission on Dental Accreditation. The Commission is a specialized accrediting body recognized by the United States Department of Education. The Commission of Dental Accreditation can be contacted at 312.440.4653 or at 211 East Chicago Avenue, Chicago, IL 60611.
- In order to continue in the program, students must achieve a grade of “C” or higher in all DAS courses and in BIO 100, DHY 131, and DHY 241.
- It is suggested that students take BIO 100 and ENG 101 prior to entering the program.

Dental Assisting “Bridge” to Dental Hygiene Program:

Two seats in the Dental Hygiene freshman class will be reserved for currently-enrolled QCC dental assistants scheduled to graduate in May 2017. Students must bridge directly from the Dental Assisting program to the Dental Hygiene program. “Bridge” selection applications may be obtained from the Dental Assisting Program Coordinator. Decisions will be made by April 15 each year.

Dental Assisting graduates may be eligible to by-pass the Dental Hygiene wait-list if the following criteria are met:

- Minimum grade point average of 3.3 in QCC DA program.
- Minimum grade of “B” in all QCC DHY courses.
- Minimum grade of “A-” in the DAS 151, DAS 153, and DAS 155 courses.
- Two recommendations from QCC DHY core course faculty, of which one is from a full-time faculty member.
- BIO 111 and BIO 112 must be completed prior to the start of Fall classes with a passing grade of “C” or higher.
- Current dental hygiene admissions requirements including a minimum grade of “B” in Biology and Chemistry as well as the TEAS V or TEAS test will be waived; these requirements may be used to determine eligibility if more than two students qualify for admission.
- Attendance at a Health Information Session.
- Any DHY course taken in the DAS program can transfer with a “C” or higher up to one year of the completion of the certificate.
- Students will need to audit DHY 241. This will entail attending all DHY 241 lab sessions. Attending lecture is optional.

All students who have taken DHY 131 Dental Radiology and passed with a “C” or higher within one year of entering or re-entering the Dental Hygiene program - will be required to demonstrate competency the summer before entering or re-entering the program. This will be scheduled for three hours in late August. There will be no charge for this competency evaluation. If students fail the competency exam, they will be required to enroll in or audit DHY 131L.

Students who have taken DHY 131 prior to one year will be required to retake the course. In addition, students will also be required to demonstrate competency the following January before treating patients. There will be a fee of $75.00 for this competency and review course. If students do not demonstrate competency, they will be required to participate in remediation prior to exposing radiographs on patients at the expense of $25.00 per hour. The competency will consist of:

- Review of QCC Dental Hygiene program radiograph exposure protocols, forms, and documentation.
- Review of darkroom procedures, x-ray equipment, and safety.
- Exposing digital and film based intra-oral radiographs and a digital panoral radiograph on a DXTTR to clinical competency.

Gainful Employment:

Visit www.QCC.edu/gainful-employment for more information.

Dental Hygiene — DH  
Associate in Science

Program Goals:
To accept students into the program who have the potential for achieving the stated competencies.

- To provide a curriculum that includes scientific advancements and innovations in dental hygiene practice and healthcare systems, as well as current information in the behavioral and dental sciences which will enable dental hygiene students to achieve the stated competencies required for the dental hygiene process of care.
- To prepare each dental hygiene graduate to assume responsibility for ethical dental hygiene care in accordance with the laws of the Commonwealth of Massachusetts.
- To graduate students who will advance the profession through service activities, community partnerships and affiliations with professional organizations.
- To develop and provide ongoing continuing education programs for community dental professionals and the QCC Dental Hygiene students.
- To provide access to quality dental hygiene care to the community within the parameters of the educational requirements of the program.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

- Provide the Dental Hygiene Process of care to a diverse population, including the child, adolescent, adult, geriatric, compromised patient and patients with all classifications of periodontal disease as well as in assessing the treatment needs of patients with special needs.
- Demonstrate effective interpersonal and communication skills in the interaction with diverse population groups and other members of the healthcare team.
- Assess, analyze data, plan, implement and evaluate community-based oral health programs including health promotion and disease prevention activities.
- Apply legal and regulatory concepts to the provision and/or support of oral healthcare services.
- Apply of the principles of ethical reasoning, ethical decision making and professional responsibility as they pertain to academic environment, research, patient care and patient management.
- Utilize technology as a learning resource and for information management.
- Evaluate current scientific literature and research.
- Represent and support the profession through community service and affiliations with professional organizations.
- Provide appropriate life support measures for medical emergencies that may be encountered in dental hygiene practice.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/High School Equivalency (HiSET).
- Must take the college placement test to determine Math and English levels if no college level courses were previously completed.
- Math: minimum grade of “B” in MAT 098 or MAT 099 or place into MAT 100-level or above.
- Biology: minimum grade of “B” in high school biology or “C+” in BIO 101 (recommended) or other college level biology course.
- Chemistry: minimum grade of “B” in high school chemistry or “B” in CHM 090.
- English: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score.
- Required TEAS V or TEAS scores must be achieved within two attempts of taking the test.
  - English: 53%
  - Reading: 53%
  - Math: 54%
  - Science: 40%
- GPA: 3.0 or equivalent in high school or 3.0 in college with minimum 10 credits; or 550 Battery Average on GED; or HiSET 45.
- Attendance at a Health Information Session.
- Four-hour dental office observation.
CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Finger printing and drug testing may be required. Finger printing and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, finger printing and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• Uniforms/clinical wear, textbooks, required academic or skills remediation, membership in the Dental Hygiene Professional Association, Regional and National Board exams.
• Instruments will need to be purchased Fall and Spring semesters of the freshman year and Spring semester of the sophomore year. Estimated cost is about $200.00 per semester.

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 51.0602.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
dentalhygiene@qcc.mass.edu

Additional Information:
• The QCC Dental Hygiene program is accredited by the ADA’s Commission on Dental Accreditation, 211 East Chicago Avenue, Chicago, IL 60611-267.
• Dental hygienists must be licensed by the state in which the student practices. Licensure in Massachusetts requires that applicants pass the National Board Dental Hygiene Examination and the Commission on Dental Competency Assessments (CDCA) Examination.
• Students accepted to the Dental Hygiene Program must obtain Healthcare Provider level BLS/CPR certification prior to beginning the program.
• Although every effort will be made to schedule patients for students, ultimately, students are responsible for supplying their own patients to meet their clinical requirements.
• Clinical rotations may be required during summer sessions or intersession. Clinical rotations may be required off-campus throughout the duration of the program. Students are responsible for their own transportation.
• Provide documentation of immunization currency and satisfactory health status and be cleared by the Health Compliance Officer by July 2.
• Students are required to maintain health insurance throughout the students’ enrollment.
• Annual TB testing required.
• Maintain active membership in the professional organization (ADHA) throughout the duration of enrollment in the Dental Hygiene program.
• Dental Assisting “Bridge” to Dental Hygiene Program: Graduates of the QCC Dental Assisting Certificate program may transfer into the QCC Dental Hygiene - Associate in Science program; see the Dental Assisting Certificate (Program Code: DA) for details.

*For information on electives, see p. 338-339.*
Emergency Medical Services - Emergency Medical Technician - Basic Course Offerings

Program Goals:
This course prepares the student upon successful completion of the Massachusetts EMT-Basic exam to practice at the EMT-Basic level. It provides supervised classroom, laboratory training, and field experience with a local Emergency Services provider. Students in this program will be required to complete approximately 160 hours of intensive lecture and laboratory materials. This program is accredited by the Massachusetts Office of Emergency Medical Services (OEMS). Upon successful completion of the didactic and clinical components of this program, the student will be eligible to take the certification examination for EMT-Basic of the Massachusetts Office of Emergency Medical Services.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are required of all students accepted into the program. Students should be aware that a court record may prevent them from certification for EMT-Basic or the Massachusetts Department of Public Health. Finger printing may be required and drug testing will be required. All students must submit evidence of a positive Hepatitis B titer to be admitted to the program. To qualify for this course, the candidate must hold a current Massachusetts driver’s license, and possess a Healthcare Provider CPR card. A completed health form is also required.

Technical Performance Standards:
See the Technical Performance Standards (page 20).

Emergency Medical Technician Certificate — EMT Certificate

Program Goals:
The Emergency Medical Technician program prepares a student for a career as an Emergency Medical Technician. Emergency Medical Technicians are important members of the healthcare team.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

• List key developments in the history of EMS, the five types of services that provide emergency care, and discuss the role of the National Scope of Practice and the National EMS Education Standards as they relate to the levels of EMS education.

• Understand the body’s topographic anatomy, including the anatomic position and the planes of the body, and the major structures of the respiratory system.

• Explain how pharmacology relates to Emergency Medical Technician clinical practice and describe the regulatory measures affecting medications administered in the pre-hospital setting.

• Describe how to determine the mechanism of injury or nature of illness at an emergency and the importance of differentiating trauma patients from medical patients. Discuss some of the possible hazards that may be present at an emergency scene, ways to recognize them, and the precautions to protect personal safety.

• Define the term trauma and explain its relationship to energy, kinetics, and biomechanics.

• Discuss the importance of the American Heart Association’s five links of the Chain of Survival to a successful code. Describe how progressive communities can improve survival of pre-hospital cardiac arrest patients.

• Understand the normal changes that occur in the various body systems during pregnancy and the process of childbirth.

• Summarize the medical equipment, safety equipment, and operations equipment carried on an ambulance. Provide examples of some high-risk situations and hazards that may affect the safety of the ambulance and its passengers during both pre-transport and transport.

• Perform CPR (Cardiopulmonary Resuscitation) as instructed in the program.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Finger printing and drug testing may be required. Finger printing and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, finger printing and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

• Students should anticipate additional expenses: didactic and lab uniforms: approximately $25.00; NREMT computerized exam: $80.00; NREMT psychomotor exam: $175.00; MA certification: $150.00.

• CPR Certification Card: $10.00.

• Personal stethoscope suggested: approximately $45.00.

Location:
• This program may be completed at the QCC Healthcare and Workforce Development Center in downtown Worcester.

• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

**Career Outlook:**
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 51.0904.

**Transfer Articulations & Opportunities:**
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

**Program Contact Email:**
emt@qcc.mass.edu

**Additional Information:**
- This is a great opportunity for students to gain entry-level employment in the healthcare field prior to matriculating into a select program.
- Must take the college placement test to determine Math and English levels if no college level courses were previously completed.
- If students complete the Health Certificate, maintain a GPA of 3.0, and meet the admissions requirements of a Healthcare program, they will be guaranteed admission on a space-available basis.
EMT Paramedic Certificate — PC
Certificate

Program Goals:
To prepare competent entry-level Emergency Medical Technician-Paramedics to serve in career and volunteer positions throughout the Commonwealth and neighboring regions.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

• Comprehend, apply and evaluate the didactic, lab, clinical and field information relative to the graduate’s role as an entry-level Paramedic and to display behaviors consistent with the professional and employer expectations within the Commonwealth.
• Demonstrate technical proficiency in all skills necessary to fulfill the role of entry-level Paramedic within the Commonwealth including but not limited to:
  ◦ Administer advanced life support care to sick and injured persons from pre-term through geriatric patients.
  ◦ Assess the nature and extent of illness or injury to establish and prioritize medical procedures to be followed or need for additional assistance.
  ◦ Restore and stabilize heart rhythm on pulseless, non-breathing patients, using defibrillator, cardioversion, or external pacemaker.
  ◦ Monitor cardiac patients using electrocardiograph.
  ◦ Initiate intravenous fluids to administer medication, or to replace fluids to the body.
  ◦ Perform endotracheal intubation, or other advanced airway techniques, to maintain the patient’s airway and to ventilate the patient.
  ◦ Administer injections of medications.
  ◦ Record patient vital signs including blood pressure, pulse rate, respiratory rate, skin color, texture and temperature, pupil response to light, capillary refill time, blood glucose reading, pulse oximetry and capnography.
  ◦ Extricate entrapped victims.
  ◦ Observe, record, and report any changes in patient condition to the physician.
  ◦ Operate and maintain control of the emergency response vehicle.
  ◦ Function in the role of Team Leader for additional personnel involved in any emergency scene.
  ◦ Communicate effectively to additional personnel at scene or to hospital personnel via radio/telephone systems.

• At the completion of didactic, clinical and field practicum, the Paramedic student is prepared to sit for the National Registry of Emergency Medical Technicians Psychomotor and Computerized Examinations.

The Quinsigamond Community College Paramedic program has been issued a Letter of Review by the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP). This letter is NOT a CAAHEP accreditation status, it is a status signifying that a program seeking initial accreditation has demonstrated sufficient compliance with the accreditation Standards through the Letter of Review Self Study Report (LSSR) and other documentation. Letter of Review is recognized by the National Registry of Emergency Medical Technicians (NREMT) for eligibility to take the NREMT’s Paramedic credentialing examination(s). However, it is NOT a guarantee of eventual accreditation. To contact CoAEMSP: 8301 Lakeview Parkway Suite 111-312, Rowlett, TX 75088 | Phone: 214.703.8445 | Fax: 214.703.8992.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

• High School Diploma or GED/High School Equivalency (HiSET).
• English: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score.
• EMT-B certification.
• One year of EMT-B certification as verified by letter from employer.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Finger printing and drug testing may be required. Finger printing and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, finger printing and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.
HEALTHCARE

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
- Cost for NREMT Paramedic Computerized Exam: $125.00. Psychomotor costs vary by site (approximately $180.00). Uniforms for Clinical and Field Practicum vary per semester by student agreement. Estimated current cost: $200.00.
- Additional cost applies to become certified as a Massachusetts Paramedic, once Nationally Registered: $150.00.

Location:
- This program may be completed at the QCC Healthcare and Workforce Development Center in downtown Worcester.
- This program will require students to travel to clinical sites and field sites within the Worcester county area.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 51.0904.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
emt@qcc.mass.edu

Gainful Employment:
Visit www.QCC.edu/gainful-employment for more information.

Medical Assisting Certificate — ME Certificate

Program Goals:
To prepare competent entry-level medical assistants in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Demonstrate proficiency in performing entry-level clinical and administrative procedures of the medical assistant profession.
• Work under the direction of a physician in an ethical, legal and safe manner.
• Achieve employment as an entry-level medical assistant.
• Demonstrate appropriate critical thinking skills including written, verbal and nonverbal communication.
• Work effectively as part of a team.
• Recognize the importance of continued professional development.
• Apply principles of teaching and learning into the delivery of care to patients and families.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).
• Must take the college placement test to demonstrate Math and English competency at the appropriate level.
• Applicants must place into MAT 099 and ENG 101 on the college placement test; mathematics must be taken within five years.
• Attendance at a Health Information Session.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Finger printing and drug testing may be required. Finger printing and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, finger printing and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• Students should anticipate additional expenses for uniforms/clinical wear, textbooks, professional liability insurance, licensing exams, and parking fees at clinical sites.

Location:
• This program may be completed at the QCC Healthcare and Workforce Development Center in downtown Worcester.
• This program will require students to travel to clinical sites within the Worcester County area.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 51.0801.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Additional Information (Continued):

- The QCC Medical Assisting Certificate program has an average retention rate of 75.8% for the past five years; there are a number of student support services to assist with program completion.
- Students accepted to the Medical Assistant program must:
  - Obtain CPR certification, Healthcare Provider (Red Cross) or BLS for Healthcare Provider (American Heart Association), prior to beginning the fieldwork experience (externship).

- Provide documentation of immunization currency and satisfactory health status and be cleared by the Health Compliance Officer by September 15 or January 15 of Fieldwork Experience.

Gainful Employment:
Visit www.QCC.edu/gainful-employment for more information.

For information on electives, see p. 338-339.
Medical Support Specialist - Medical Assisting Option — MSMA
Associate in Science

Program Goals:
To prepare competent entry-level medical assistants in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
- Demonstrate proficiency in performing entry-level clinical and administrative procedures of the medical assistant profession.
- Work under the direction of a physician in an ethical, legal and safe manner.
- Achieve employment as an entry-level medical assistant.
- Demonstrate appropriate critical thinking skills including written, verbal and nonverbal communication.
- Work effectively as part of a team.

Nurse Education — NUR
Associate in Science

Program Goals:
The Nurse Education program prepares students for a career as a Registered Nurse. Graduates of the program assume responsibilities related to direct patient care in a variety of settings, including, but not limited to, hospitals, clinics, extended care facilities, home and community health agencies. Upon successful completion of this program, students are eligible to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN). The Quinsigamond Community College Nurse Education Program is approved by the Massachusetts Board of Registration in Nursing (MBORN) and accredited by the Accreditation Commission for Education in Nursing (ACEN), 3343 Peachtree Road, NE, Suite 850, Atlanta, GA 30326, 1.404.975.5000, www.acenursing.org. The program will also prepare students for further study at four-year colleges and universities.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

- Relate Orem’s self-care model to the nursing management of individuals, families and groups throughout the life cycle.
- Relate Erikson’s developmental stages when planning for and delivering nursing care.
- Assume the role of the nurse in ways that reflect integrity, responsibility, ethical practice and an evolving identity as a professional nurse committed to evidence-based practice, caring, patient advocacy, and safe quality care for diverse patients in various settings.
- Effectively communicate verbally, nonverbally, in writing or with computer based technology with the patient, family and other health professionals with a patient-centered focus.
- Use the nursing process and other theoretical concepts in the comprehensive delivery of care.
- Make judgments in nursing practice, based on evidence, that integrate nursing science in the provision of safe, quality care and promote the health of patients, families and communities.
- Employ relationship-centered interventions that are caring, compassionate, nurturing, protective, therapeutic and respectful of human differences.
- Participate in a spirit of inquiry to help promote and maintain health and reduce risks for patients, families and communities by challenging the status quo, questioning underlying assumptions and offering new insights to improve quality of care.
- Collaborate within the nursing and inter-professional teams to foster open communication, mutual respect, and shared decision-making in order to achieve quality patient care.
- Manage patient care through planning, organizing, directing and delegating with an emphasis on system effectiveness to provide quality healthcare and a safe environment for patients and workers.
- Advocate for patients, families and oneself to retain or develop new pathways which encompass one’s uniqueness, dignity, diversity and freedom toward a holistic well-being.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/High School Equivalency (HiSET).
- Must take the college placement test to determine Math and English levels if no college level courses were previously completed.
- Math: minimum grade of “B” in MAT 098 or MAT 099 or take Math Placement Test and test into MAT 100.
- Biology: minimum grade of “B” in high school biology or “B” in BIO 101 (recommended) or other college biology class.
- Qualifying mathematics and one biology course must be taken within five years of application and a grade of “B” or higher must be achieved.
- English: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score.
- Required TEAS V or TEAS composite score of 65% must be achieved in one test (cannot be a combination of two tests).
- Required grades as listed above must be earned within two attempts of taking and completing the course.
- Attendance at a Health Information Session.
- BA/BS or MA/MS degree for Associate of Science Degree Evening program only.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Finger printing and drug testing are required. Finger printing and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background,
finger printing and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

- Applicants should understand that the Massachusetts Board of Registration in Nursing (MBORN) reserves the right to refuse an applicant the privilege of sitting for the NCLEX examination based on a Good Moral Character Licensure requirement.
- More information is available from the Massachusetts Board of Registration in Nursing (MBORN).

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

- Nurse Education students should anticipate additional expenses for professional uniforms, standardized testing, CPR certification, health immunizations and physical exams. Also, there may be additional costs associated with the purchase of textbooks, professional liability insurance, licensing examinations applications, mandatory clinical make-up and any required skills for remediation.

Location:
- This program may be completed at the QCC Healthcare and Workforce Development Center in downtown Worcester.
- This program will require students to travel to clinical sites within the Worcester County area.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 51.3801.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email: Nurseeducation@qcc.mass.edu

Additional Information:
- The program also prepares students for further study at four-year colleges and universities, as well as to provide a broad background for employment in healthcare facilities.
- Courses in both Nurse Education and Liberal Arts are required in the program curriculum. Nursing courses include clinical experiences in area hospitals, rehabilitation, long term care and community agencies, as well as classroom study and laboratory practice on campus.
- All clinical experiences are under the supervision of QCC Nurse Education faculty and entrance into most clinical agencies will require the wearing of a standardized school uniform.
- To be eligible to continue in the program, students must achieve a grade of “C+” or higher in all nursing (NUR) courses.
- To be eligible to continue in the program, students must achieve a grade of “C” or higher in BIO 111, BIO 112, and BIO 232; students who have received a grade below a “C” in BIO 111, BIO 112, or BIO 232 are required to repeat the course and obtain a grade of “C” or higher by the end of the semester in which they are required or required as a prerequisite.
- In addition, students must demonstrate satisfactory performance in the nursing laboratory and in the clinical settings.
- Students must also satisfy all course and program requirements, including regulations on attendance and conduct, in order to be eligible for certification for licensure; students who do not have completed health files (including titres and immunizations) submitted to the Nurse Education Department and cleared by the Health Compliance Officer by July 15, April 1 (Evening Students only for summer rotations), and January 5 of the respective semester will be removed from their nursing courses and will have to file for readmission to the next available semester.
- Readmission is not guaranteed and is always based upon space availability. Please review the readmission policy outlined in the QCC Handbook.
- All students accepted in the NUR program must obtain/maintain a current American Heart Association BLS for Healthcare Providers CPR certificate or a Red Cross Basic Life Support for Healthcare Provider/BLS/CPR for Healthcare certification. Documentation of immunization currency, satisfactory health status, and clinical standard compliance is required prior to beginning of clinical experiences.
- A Social Security Number is mandatory for NCLEX Application (Licensure) with the Massachusetts Board of Registration in Nursing (MBORN).

**Statistics:**

NCLEX Licensure Pass Rates: Expected Level of Achievement developed by QCC AD Faculty (and reported to ACEN accrediting body) are at or above National Mean.

- 2013 National Results: 83.04% | QCC Results = 80%
- 2014 National Results: 81.78% | QCC Results = 83.5%
- 2015 National Results: 83.5% | QCC Results = 88%

Program Completion: Expected Level of Achievement developed by QCC AD Faculty (and reported to ACEN accrediting body) are that 50% of students complete the program within seven semesters.

- Program Completion Rate for 2015 academic year: 68% of students complete the AD Program in seven semesters.

Graduates Obtaining Jobs: Expected Level of Achievement developed by QCC AD Faculty (and reported to ACEN accrediting body) are that 80% of responding graduates seeking employment are employed within one year.

- 100% of responding students have obtained jobs.

Graduate Satisfaction (as answered on Post-Graduate Survey): Question asked - “As a graduate, the length of the program prepared me for entry into the novice level of nursing practice”.

- 100% of the students responded “Agree” or “Strongly Agree” to the above statement.
Nurse Education - Evening — NUE
Associate in Science

Program Goals:
The Nurse Education program prepares students for a career as a Registered Nurse. Graduates of the program assume responsibilities related to direct patient care in a variety of settings, including, but not limited to, hospitals, clinics, extended care facilities, home and community health agencies. Upon successful completion of this program, students are eligible to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN). The Quinsigamond Community College Nurse Education Program is approved by the Massachusetts Board of Registration in Nursing (MBORN) and accredited by the Accreditation Commission for Education in Nursing (ACEN), 3343 Peachtree Road, NE, Suite 850, Atlanta, GA 30326, 1.404.975.5000, www.acenursing.org. The program also prepares students for further study at four-year colleges and universities.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

• Relate Orem’s self-care model to the nursing management of individuals, families and groups throughout the life cycle.
• Relate Erikson’s developmental stages when planning for and delivering nursing care.
• Assume the role of the nurse in ways that reflect integrity, responsibility, ethical practice and an evolving identity as a professional nurse committed to evidence-based practice, caring, patient advocacy, and safe quality care for diverse patients in various settings.
• Effectively communicate verbally, nonverbally, in writing or with computer based technology with the patient, family and other health professionals with a patient-centered focus.
• Use the nursing process and other theoretical concepts in the comprehensive delivery of care.
• Make judgments in nursing practice, based on evidence, that integrate nursing science in the provision of safe, quality care and promote the health of patients, families and communities.
• Employ relationship-centered interventions that are caring, compassionate, nurturing, protective, therapeutic and respectful of human differences.
• Participate in a spirit of inquiry to help promote and maintain health and reduce risks for patients, families and communities by challenging the status quo, questioning underlying assumptions and offering new insights to improve quality of care.
• Collaborate within the nursing and inter-professional teams to foster open communication, mutual respect, and shared decision-making in order to achieve quality patient care.
• Manage patient care through planning, organizing, directing and delegating with an emphasis on system effectiveness to provide quality healthcare and a safe environment for patients and workers.
• Advocate for patients, families and oneself to retain or develop new pathways which encompass one’s uniqueness, dignity, diversity and freedom toward a holistic well-being.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

• High School Diploma or GED/High School Equivalency (HiSET).
• Must take the college placement test to determine Math and English levels if no college level courses were previously completed.
• Math: minimum grade of “B” in MAT 098 or MAT 099 or take Math Placement Test and test into MAT 100.
• Biology: minimum grade of “B” in high school biology or “B” in BIO 101 (recommended) or other college biology class.
• Qualifying mathematics and one biology course must be taken within five years of application and a grade of “B” or higher must be achieved.
• English: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score.
• Required TEAS V or TEAS composite score of 65% must be achieved in one test (cannot be a combination of two tests).
• Required grades as listed above must be earned within two attempts of taking and completing the course.
• Attendance at a Health Information Session.
• BA/BS or MA/MS degree for Associate of Science Degree Evening program only.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Finger printing and drug testing are required. Finger printing and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, finger printing and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.
• Applicants should understand that the Massachusetts Board of Registration in Nursing (MBORN) reserves the right to refuse an applicant the privilege of sitting for the NCLEX examination based on a Good Moral Character Licensure requirement.
• More information is available from the Massachusetts Board of Registration in Nursing (MBORN).

**Additional Information:**
• The program also prepares students for further study at four-year colleges and universities as well as provides a broad background for employment in healthcare facilities.
• Courses in both Nurse Education and Liberal Arts are required in the program curriculum. Nursing courses include clinical experiences in area hospitals, rehabilitation, long term care and community agencies, as well as classroom study and laboratory practice on campus.
• All clinical experiences are under the supervision of QCC Nurse Education faculty and entrance into most clinical agencies will require the wearing of a standardized school uniform.
• To be eligible to continue in the program, students must achieve a grade of “C+” or higher in all nursing (NUR) courses.
• To be eligible to continue in the program, students must achieve a grade of “C” or higher in BIO 111, BIO 112, and BIO 232; students who have received a grade below a “C” in BIO 111, BIO 112, or BIO 232 are required to repeat the course and obtain a grade of “C” or higher by the end of the semester in which they are required or required as a prerequisite.
• In addition, students must demonstrate satisfactory performance in the nursing laboratory and in the clinical settings.
• Students must also satisfy all course and program requirements, including regulations on attendance and conduct, in order to be eligible for certification for licensure; students who do not have completed health files (including titres and immunizations) submitted to the Nurse Education Department and cleared by the Health Compliance Officer by April 1 (Evening Students only for summer rotations), July 15, and January 5 of the respective semester will be removed from their nursing courses and will have to file for readmission to the next available semester.
• Readmission is not guaranteed and is always based upon space availability. Please review the readmission policy outlined in the QCC Handbook.
• All students accepted in the NUE program must obtain/maintain a current American Heart Association BLS for Healthcare Providers CPR certificate or a Red Cross Basic Life Support for Healthcare Provider/BLS/CPR for Healthcare certification. Documentation of immunization currency, satisfactory health status, and clinical standard compliance is required prior to beginning of clinical experiences.
• A Social Security Number is mandatory for NCLEX Application (Licensure).
• All Clinical Experiences will start before 1:30pm. Some Clinical Experiences will be held during the daytime.
• Students must provide their own transportation to the clinical sites.
• This program is a rigorous 16-month program.

### Course Title | Course # | Semester Offered | Credits | Prerequisites
--- | --- | --- | --- | ---
Total | 19 |  

**Semester 5 (Fall)**

- Continue with/complete the transfer application process.
- Complete NUR 202 and NUR 203 with grades of “C+” or higher.
- Submit an Intent to Graduate Form, located on The Q.

| Advanced Medical Surgical Nursing III/Mental Health | NUR 202 | F/S | 10 | ENG 102, any HST, SOC 101 or SOC 111, a grade of “C+” or higher is required in NUR 201, Coreq: NUR 203, Humanities Elective |
| Current Concepts in Nursing & Health Care II | NUR 203 | F/S | 2 | A grade of “C+” or higher is required in NUR 201, Coreq: NUR 202 |
| Humanities Elective | --- | F/S/SU | 3 | |
| **Total Credits Required:** | 71 | |

### Statistics:

**NCLEX Licensure Pass Rates:** Expected Level of Achievement developed by QCC AD Faculty (and reported to ACEN accrediting body) are at or above National Mean.

- 2013 National Results: 83.04% | QCC Results = 80%
- 2014 National Results: 81.78% | QCC Results = 83.5%
- 2015 National Results: 83.5% | QCC Results = 88%

**Program Completion:** Expected Level of Achievement developed by QCC AD Faculty (and reported to ACEN accrediting body) are that 50% of students complete the program within seven semesters.

- Program Completion Rate for 2015 academic year: 68% of students complete the AD Program in seven semesters.

**Graduates Obtaining Jobs:** Expected Level of Achievement developed by QCC AD Faculty (and reported to ACEN accrediting body) are that 80% of responding graduates seeking employment are employed within one year.

- 100% of responding students have obtained jobs.

**Graduate Satisfaction** (as answered on Post-Graduate Survey): Question asked - “As a graduate, the length of the program prepared me for entry into the novice level of nursing practice”.

- 100% of the students responded “Agree” or “Strongly Agree” to the above statement.
Nursing Assistant Certificate — NA Certificate

Program Goals:
The Nursing Assistant Certificate Program educates individuals to work in various aspects of healthcare including hospitals and other healthcare facilities.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Function effectively as an entry-level nursing assistant.
• Follow safety and infection control procedures for protection of patients/residents, self, and others.
• Apply specialized job skills and abilities that may be required in the sub-acute care, long term care, individual's home, and hospital settings.
• Recognize and report changes and abnormalities to the licensed healthcare providers.
• Provide respectful care to patients/residents by complying with patient rights and respecting diversity.
• Utilize effective communication techniques with patients and members of the interdisciplinary healthcare team.
• Follow HIPAA guidelines for the protection of patient confidentiality.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Finger printing and drug testing may be required. Finger printing and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, finger printing and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• Students should anticipate additional expenses for clinical uniforms, professional liability insurance, clinical parking fees, and materials required in the program.

Location:
• This program may be completed at the QCC Healthcare and Workforce Development Center in downtown Worcester; certain courses (ALH 131 and ALH 132) in this program are offered at both the QCC Healthcare and Workforce Development Center in downtown Worcester and at the Southbridge location.
• This program will require students to travel to clinical sites within the Worcester county area.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 51.3901.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

**Additional Information:**

- Students accepted into the Nursing Assistant Certificate program must:
  - Provide documentation of immunization currency and satisfactory health status and must submit evidence of a positive Hepatitis B antibody titer prior to beginning the clinical externship; this is a six month process. Students are required to meet the health requirements as identified on the QCC Health Form; these documents must be submitted by October 1, March 1, May 10, or July 10 of semester enrolled in ALH 131. Students who have not been cleared by the Health Compliance Officer will not be allowed to participate in the clinical externship, and may necessitate withdrawal or course failure.
  - Take the college placement test to determine Math and English levels if no college level courses were previously completed.
  - This is a great opportunity for students to gain entry-level employment in the healthcare field prior to matriculating into a selective program.
  - Students should be aware that clinical hours may be scheduled on weekday evenings or on Saturdays, based on facility availability.
  - If students complete the Health Certificate, maintain a GPA of 3.0, meet the admissions requirements of the selected Healthcare program, and receive a letter from Admissions that they have been placed on a waitlist for the specific Healthcare program, then they will be considered for earlier admission to the requested Healthcare program based on space availability.

**Gainful Employment:**

Visit www.QCC.edu/gainful-employment for more information.
Occupational Therapy Assistant — OT  
*Associate in Science*

**Program Goals:**
This program prepares students for entry-level employment as a Certified Occupational Therapy Assistant (COTA). The Certified Occupational Therapy Assistant practices under the supervision of a Registered Occupational Therapists (OTR) as a member of the Healthcare team. Program graduates are eligible to apply for certification by examination from the National Board of Certification in Occupational Therapy and, upon successful completion of the examination; the graduate may apply for state licensure which is offered based upon the NBCOT Certification examination results. Licensure is required for practice.

**Student Learning Outcomes:**
Upon completion of the program graduates will be able to:
- Demonstrate a knowledge and understanding of the history and philosophical base of the profession, its Code of Ethics, Core Values and Standards of Practice.
- Demonstrate knowledge of OT theory, be able to differentiate between activity, purposeful activity and occupation, and articulate the importance of engagement in occupation to support participation in context.
- Select, adapt and safely administers appropriate activities and occupations for evaluation and treatment interventions based upon analysis of the activity and identification of client’s needs.
- Communicate effectively through written, oral and non-verbal communication with client, family, employer and other health professional to explain the value of OT interventions and the importance of occupation in the promotion and maintenance of health.
- Participate in teaching, learning and collaboration with the client, significant support person(s), and other members of the healthcare team to help promote and maintain health.
- Understand and appreciates the importance of diversity and context factors in an individual's perception of health, illness, disability and treatment interventions.
- Demonstrate critical thinking, clinical decision making and therapeutic use of self to effect client change in individual and group settings.
- Describe the professional relationship between the OTA and COTA, including the role of supervision during the steps of the OT Process.
- Demonstrate effective written communication skills to document OT services and gain reimbursement.
- Understand the contexts of OT service delivery and the role of the OTA in these contexts.
- Understand the varied tasks that the COTA may assume to assist in the provision of OT services in traditional and emerging practice areas, and the implications of legislation on service provision.
- Assume responsibility for his/her personal and professional actions in the practice of OT and maintenance of competence.

**Admissions Process:**
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

**Admissions Requirements:**
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
- High School Diploma or GED/High School Equivalency (HiSET).
- Must take the college placement test to determine Math and English levels if no college level courses were previously completed.
- Math: minimum grade of “B” in MAT 098 or MAT 099 or place into MAT 100-level or above.
- Biology: minimum grade of “B” in high school biology or “C+” or higher in any college level biology course (BIO 101 recommended).
- Qualifying mathematics and one biology course must be taken within five years of application. Required grade must be earned within two attempts of taking and completing the course.
- English: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score.
- Required TEAS V or TEAS scores must be achieved within two attempts of taking the test and within five years of application.
  - English: 53%
  - Reading: 60%
  - Math: 54%
  - Science: 40%
- Attendance at a Health Information Session.

**CORI, SORI, Finger Printing & Drug Testing:**
Criminal Offender Record Information (CORI), Sex Offender
Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Finger printing and drug testing may be required. Finger printing and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, finger printing and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

**Additional Cost:**
See the Program Fees (page 33). (Note: Not all programs have program fees).

- Students should anticipate additional expenses for textbooks, professional liability insurance, transportation and parking fees at field placement sites.

**Location:**
- This program may be completed at the QCC Healthcare and Workforce Development Center in downtown Worcester.
- This program may require students to travel to clinical sites that are within a 75 mile radius of the College.

**Technical Performance Standards:**
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning:**
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

**Career Outlook:**
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 51.0803.

**Transfer Articulations & Opportunities:**
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

**Program Contact Email:**
otassistant@qcc.mass.edu

**Additional Information:**
- The OTA program at QCC is fully accredited by the Accreditation Council for Occupational Therapy Education of the American Occupational Therapy Association (AOTA), which is located at 4720 Montgomery Lane, Suite 200, Bethesda, MD 20814-3449. The telephone number is 301.652.AOTA and the web address is www.aota.org/Education-Careers/Accreditation.aspx.
- Students accepted to the Occupational Therapy Assistant Program must:
  - Obtain CPR certification prior to the second semester in the program.
  - Purchase a student membership to the American Occupational Therapy Association (approximately $80.00) annually.
- A grade of “C” or higher is required for ENG 101, ENG 102, BIO 111, BIO 112, and all OTA courses in order to remain in and advance through the program.
- Both OTA 241 and OTA 242 must be completed within 18 months of the OTA didactic coursework.

**Total Credits Required:** 68

For information on electives, see p. 338-339.
Paramedic Technology — EM
Associate in Science

Program Goals:
To prepare competent entry-level Emergency Medical Technician-Paramedics to serve in career and volunteer positions throughout the Commonwealth and neighboring regions.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

• Comprehend, apply and evaluate the didactic, lab, clinical and field information relative to the graduate’s role as an entry-level Paramedic and to display behaviors consistent with the professional and employer expectations within the Commonwealth.

• Demonstrate technical proficiency in all skills necessary to fulfill the role of entry-level Paramedic within the Commonwealth including but not limited to:
  ◦ Administer advanced life support care to sick and injured persons from pre-term through geriatric patients.
  ◦ Assess the nature and extent of illness or injury to establish and prioritize medical procedures to be followed or need for additional assistance.
  ◦ Restore and stabilize heart rhythm on pulseless, non-breathing patients, using defibrillator, cardioversion, or external pacemaker.
  ◦ Monitor cardiac patients using electrocardiograph.
  ◦ Initiate intravenous fluids to administer medication, or to replace fluids to the body.
  ◦ Perform endotracheal intubation, or other advanced airway techniques, to maintain the patient’s airway and to ventilate the patient.
  ◦ Administer injections of medications.
  ◦ Record patient vital signs including blood pressure, pulse rate, respiratory rate, skin color, texture and temperature, pupil response to light, capillary refill time, blood glucose reading, pulse oximetry and capnography.
  ◦ Extricate entrapped victims.
  ◦ Observe, record, and report any changes in patient condition to the physician.
  ◦ Operate and maintain control of the emergency response vehicle.
  ◦ Function in the role of Team Leader for additional personnel involved in any emergency scene.
  ◦ Communicate effectively to additional personnel at scene or to hospital personnel via radio/telephone systems.

• At the completion of didactic, clinical and field practicum, the Paramedic student is prepared to sit for the National Registry of Emergency Medical Technicians Psychomotor and Computerized Examinations.

The Quinsigamond Community College Paramedic program has been issued a Letter of Review by the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP). This letter is NOT a CAAHEP accreditation status, it is a status signifying that a program seeking initial accreditation has demonstrated sufficient compliance with the accreditation Standards through the Letter of Review Self Study Report (LSSR) and other documentation. Letter of Review is recognized by the National Registry of Emergency Medical Technicians (NREMT) for eligibility to take the NREMT’s Paramedic credentialing examination(s). However, it is NOT a guarantee of eventual accreditation. To contact CoAEMSP: 8301 Lakeview Parkway Suite 111-312, Rowlett, TX 75088 | Phone: 214.703.8445 | Fax: 214.703.8992.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

• High School Diploma or GED/High School Equivalency (HiSET).
• Biology: minimum grade of “C” in high school biology or “C” in BIO 101 (recommended) or other college level biology course.
• English: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score.
• EMT-B certification.
• One year of EMT-B certification as verified by letter from employer.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Finger printing and drug testing may be required. Finger printing and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, finger printing and/or drug testing could prevent a student from participating...
in a clinical/field rotation, which could result in dismissal from the program.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
- Cost for NREMT Paramedic Computerized Exam: $125.00. Psychomotor costs vary by site (approximately $180.00). Uniforms for Clinical and Field Practicum vary per semester by student agreement. Estimated current cost: $200.00.
- Additional cost applies to become certified as a Massachusetts Paramedic, once Nationally Registered: $150.00.

Location:
- This program may be completed at the QCC Healthcare and Workforce Development Center in downtown Worcester.
- This program will require students to travel to clinical sites and field sites within the Worcester County area.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 51.0904.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
etm@qcc.mass.edu

For information on electives, see p. 338-339.
Perioperative Nursing Certificate — PNC
Certificate

Program Goals:
The Perioperative Nursing Program is designed to provide nurses with an understanding of the operating room nurse’s role and responsibilities as part of the surgical team. Instruction includes components of the basic sciences, surgical asepsis/sterile technique, operating room techniques, surgical procedures, clinical practices and the assessment of patient’s physical, emotional, and spiritual needs. The content is based on the standards and recommended practices established by the Association of Operating Room Nurses (AORN). Upon completion, students will be prepared for an entry-level operating room staff nurse position. Graduates are also eligible to join the AORN and, following two years of operating room experience, may sit for the elective certification exam.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Identify the role and responsibilities of the perioperative nurse.
• Correlate the knowledge of anatomy, physiology, pathophysiology, and microbiology to the role of the perioperative nurse.
• Demonstrate a safe level of practice and knowledge in the circulating and scrubbing roles.
• Identify the components of the nursing process into the perioperative experience.
• Identify the purpose and principles for maintaining environmental controls within the Operating Room Suite.
• Identify the important elements, actions, and use of medications and anesthetic agents used during the perioperative experience.
• Apply principals of aseptic technique in the clinical setting.
• Discuss the process of disinfection/sterilization of instruments and equipment.
• Demonstrate safety in regards to perioperative routines, patient transportation, patient positioning and emergency interventions.
• Acquire an understanding of the medical, ethical, legal, and moral values which relate to the individual patient, perioperative nurse, and operating room procedures.
• Identify common instruments, supplies, and equipment.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• Registered Nurse (RN) with Massachusetts license and 2000 clinical hours verified through a letter from employer.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Finger printing and drug testing may be required. Finger printing and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, finger printing and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• Students should anticipate additional expenses for clinical parking fees.

Location:
• This program may be completed at the QCC Healthcare and Workforce Development Center in downtown Worcester.
• This program will require students to travel to clinical sites within the Worcester County area.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 51.3812.

Pharmacy Technician Certificate — PT
Certificate

Program Goals:
This program provides students with the knowledge needed to prepare for a career as a pharmacy technician.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Gain knowledge regarding the laws of pharmacy practice.
• Learn drug names and classification, compounding, calculations, abbreviations and dosage forms.
• Perform various pharmacy technician duties.
• Refine communication and interview skills.
• Assist the pharmacist as directed.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Finger printing and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, finger printing and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• Students should anticipate additional expenses for clinical uniforms, professional liability insurance, clinical parking fees, and materials required in the program.

Location:
• This program may be completed at the QCC Healthcare and Workforce Development Center in downtown Worcester.

• This program will require students to travel to clinical sites within the Worcester County area.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 51.0805.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email: pcreelman@qcc.mass.edu

Additional Information:
• Students accepted into the Pharmacy Technician Certificate program must:
  ° Provide documentation of immunization currency and satisfactory health status and must submit evidence of a positive Hepatitis B antibody titer prior to beginning the clinical externship; this is a six month process. Students are required to meet the health requirements as identified on the QCC Health Form; these documents must be submitted by December 15, prior to entering ALH 138 in the Spring Semester. Students who have not been cleared by the Health Compliance Officer will not be able to participate in the clinical externship, and may necessitate withdrawal or course failure.
  ° Take the college placement test to determine Math and English levels if no college level courses were previously completed.
• This is a great opportunity for students to gain entry-level employment in the healthcare field prior to matriculating into a selective program.

Additional Information (Continued):

- Students will increase their chances of obtaining employment by completing both the theoretical course (ALH 137) and the Clinical Externship (ALH 138).
- If students complete the Health Certificate, maintain a GPA of 3.0, meet the admissions requirements of the selected Healthcare program, and receive a letter from Admissions that they have been placed on a waitlist for the specific Healthcare program, then they will be considered for earlier admission to the requested Healthcare program based on space availability.

Gainful Employment:
Visit www.QCC.edu/gainful-employment for more information.
Phlebotomy/EKG Technician Certificate — PEKG

Certificate

Program Goals:
This Phlebotomy/EKG Technician Certificate Program educates individuals to work in various aspects of healthcare including hospitals, clinics, and outreach/home sites.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

- Understand medical terminology, basic anatomy of the venous system, basic hematology, infection control, quality assurance and safety.
- Perform venipuncture and capillary puncture, specimen handling.
- Gain knowledge of basic EKG tracing, rate, rhythm, common heart abnormalities and the use and function of the EKG machine.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Finger printing and drug testing may be required. Finger printing and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, finger printing and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

- Students should anticipate additional expenses for clinical uniforms, professional liability insurance, clinical parking fees, and materials required in the program.

Location:
- This program may be completed at the QCC Healthcare and Workforce Development Center in downtown Worcester.
- This program will require students to travel to clinical sites within the Worcester County area.
- This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 51.1009.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
pcreeiman@qcc.mass.edu

Additional Information:
- Students accepted into the Phlebotomy/EKG Technician Certificate program must:
  - Provide documentation of immunization currency and satisfactory health status and must submit evidence of a positive Hepatitis B antibody titer prior to beginning the clinical externship; this is a six month process. Students are required to meet the health requirements as identified on the QCC Health Form; these documents must be submitted by October 1 and March 1 of semester enrolled in ALH 134/ALH 136 coursework. Students who have not been cleared by the Health Compliance Officer will not be allowed to participate in the clinical externship, and may necessitate withdrawal or course failure.
  - Take the college placement test to determine Math and English levels if no college level courses were previously completed.

Additional Information (Continued):

• This is a great opportunity for students to gain entry-level employment in the healthcare field prior to matriculating into a selective program.
• Students will increase their chances of obtaining employment by completing both the theoretical course (ALH 134) and the Clinical Externship (ALH 136).
• If students complete the Health Certificate, maintain a GPA of 3.0, meet the admissions requirements of the selected Healthcare program, and receive a letter from Admissions that they have been placed on a waitlist for the specific Healthcare program, then they will be considered for earlier admission to the requested Healthcare program based on space availability.

Gainful Employment:
Visit www.QCC.edu/gainful-employment for more information.
Physical Therapist Assistant
Associate in Science

Program Goals:
This Physical Therapist Assistant (PTA) program is offered through an articulation agreement with Mount Wachusett Community College (MWCC). General education requirements can be taken at Quinsigamond Community College. All PTA courses must be taken at MWCC. Students must meet the selective admissions requirements to the MWCC PTA program.

Admissions Process:
The application deadline is May 1 each year for the upcoming September enrollment. Students applying after the established deadline will be considered for acceptance if seats are available. This selective enrollment program requires additional application components. The selection process is competitive and space is limited. For specific information, contact QCC Admissions Office, Judith D’Angelo, jdangelo@qcc.mass.edu, 508.854.4262.

Admissions Requirements:
• Contact MWCC for admissions requirements.
• MWCC MAT 126 or higher is required prior to Semester 1 coursework.
• PTA students are required to keep pace with the incoming class and must take courses in sequential order.
• Applicants must meet all requirements for consideration before entering the program.
• Students must meet technical performance standards and additional requirements, including immunizations, Healthcare Provider CPR certification, liability insurance, Criminal Offender Record Information (CORI), and Sex Offender Registry Information (SORI) checks.
• BIO 111 and BIO 112 must be completed within five years prior to or concurrently with PTA coursework in Semesters 1 and 2.
• All BIO and PTA courses require a grade of “C+” in order to be eligible for promotion to the next level.

Additional Information:
• PTAs implement treatment procedures in the rehabilitation of injured, ill, or debilitated individuals.
• The PTA program prepares individuals to work in the healthcare field under the direct supervision of a PT in a variety of settings.
• The program also prepares students for the PTA licensure examination in the students’ respective state of practice.
• The program is accredited by the Commission on Accreditation in Physical Therapy Education.
• For more information, please contact MWCC at 978.630.9292.

Courses that may be taken at QCC:
• BIO 111 Anatomy & Physiology I
• BIO 112 Anatomy & Physiology II
• CIS 111 Introduction to Microcomputer Applications or a Business Elective and a Humanities Elective
• ENG 101 Composition I
• ENG 102 Composition II
• MAT 100 College Algebra
• MAT 121 Topics in Mathematics or higher
• PSY 101 Introduction to Psychology
• PSY 121 A Survey of Life Span Development: Conception to Death

Location:
• Even Years: MWCC, Gardner Campus
• Odd Years: MWCC, Devens Campus

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Career Outlook:
PTAs assist physical therapists (PTs) in acute care and rehabilitation hospitals, long-term care, private practices, school systems, and home care/visiting nurse associations.

Transfer Articulations & Opportunities:
While there has traditionally been no direct transfer route for PTA graduates, they may choose from a variety of higher level degrees such as exercise physiology, pre-physical therapy, and massage therapy or other complementary healthcare programs. Students should consult with their Academic Advisor. Transfer agreements exist with numerous colleges and universities. For more transfer information, visit MWCC’s transfer services website at http://mwcc.edu/advising/workshops/transfer/agreements/.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• PTA students should anticipate additional expenses for uniforms/clinical wear, textbooks, professional liability insurance, licensing examinations, and any required skills remediation.
Practical Nursing Certificate — LP Certificate

Program Goals:
Practical Nurse Education prepares students with skills and education that will enable them to become an effective Licensed Practical Nurse. The program will prepare the graduate to assume an entry-level position in the field or pursue additional education. Graduates of the program assume responsibilities related to direct patient care in a variety of settings, including, but not limited to, doctor’s offices, clinics, extended care facilities, home and community health agencies. Upon successful completion of this program, students are eligible to take the National Council Examination for Practical Nurses (NCLEX-PN). The Quinsigamond Community College Practical Nurse Certificate Program is approved by the Massachusetts Board of Registration in Nursing (MBORN) and accredited by the Accreditation Commission for Education in Nursing (ACEN), 3343 Peachtree Road, NE, Suite 850, Atlanta, GA 30326, 1.404.975.5000, www.acenursing.org. The program also prepares students for further study at two and four-year colleges and universities.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

• Apply the nursing process to the care of culturally diverse clients, throughout the life span, who have actual, common, well-defined, or potential, health-deviation requisites.
• Use therapeutic communication effectively with patients, families, and members of the healthcare team.
• Implement goal-directed teaching plans to assist patients in resolving self-care deficits.
• Manage the nursing care of patients with actual or potential common, well-defined, health-deviation requisites, in a variety of structured settings, in accordance with ethical, legal and professional standards.
• Demonstrate professional attributes in the provision of safe effective Practical Nursing Care.
• Illustrate use of relevant technology for patient care and documentation.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

• High School Diploma or GED/High School Equivalency (HiSET).
• Math: Must test into MAT 099 or higher or completion of MAT 095 with a grade of “B” or higher.
• English: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score.
• TEAS V or TEAS composite score of 55%.
• Attendance at a Health Information Session.
• Must show evidence of being compliant with health requirements as defined by the Nurse Education Department.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Finger printing and drug testing are required. Finger printing and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, finger printing and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

• Applicants should understand that the Massachusetts Board of Registration in Nursing (MBORN) reserves the right to refuse an applicant the privilege of sitting for the NCLEX examination based on a Good Moral Character Licensure requirement.
• More information is available from the Massachusetts Board of Registration in Nursing (MBORN).

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

• Practical Nurse Certificate students should anticipate additional expenses for professional uniforms and required supplies, standardized testing, CPR certification, health immunizations and physical exams. Also, there may be additional costs associated with the purchase of textbooks, professional liability insurance, licensing examinations applications, end-of-course mandatory review, clinical make-up and any required skills for remediation.

Location:
• This program may be completed at the QCC Healthcare and Workforce Development Center in downtown Worcester.
• This program will require students to travel to clinical sites within the Worcester County area.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).
Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 51.3901.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
practicalnursing@qcc.mass.edu

Additional Information:
• The program also prepares students for further study at two and four-year colleges and universities, as well as to provide a broad background for employment in healthcare facilities.
• Courses in both Practical Nursing and Liberal Arts are required in the program curriculum. Nursing courses include clinical experiences in area hospitals, rehabilitation, long term care and community agencies, as well as classroom study and laboratory practice on campus.
• All clinical experiences are under the supervision of QCC Nurse Education faculty and entrance into most clinical agencies will require the wearing of a standardized school uniform.
• To be eligible to continue in the program, the student must achieve a grade of “C” or higher in all Practical Nursing (PNP) courses and in BIO 100 or BIO 140, PSY 101, and PSY 121, and must demonstrate satisfactory progress in the laboratory and clinical components of each nursing course. Students who have received a grade below a “C” in BIO 100 or BIO 140, PSY 101, and PSY 121 are required to repeat the course and obtain a grade of “C” or higher by the end of the semester in which they are required or required as a prerequisite.
• In addition, the student must demonstrate satisfactory performance in the nursing laboratory and in the clinical settings.
• The student must also satisfy all course and program requirements, including regulations on attendance and conduct, in order to be eligible for certification for licensure.

Students who do not have completed health files (including titres and immunizations) submitted to the Nurse Education Department and cleared by the Health Compliance Officer by July 15 will be removed from their nursing courses and will have to file for readmission to the next available semester.
• Readmission is always based upon space availability. Please review the readmission policy outlined in the QCC Handbook.
• All students accepted in the LP program must obtain/maintain a current American Heart Association BLS for Healthcare Providers CPR certificate or a Red Cross Basic Life Support for Healthcare Provider/BLS/CPR for Healthcare certification. Documentation of immunization currency, satisfactory health status, and clinical standard compliance is required prior to beginning of clinical experiences.
• A Social Security Number is mandatory for NCLEX Application (Licensure).
• Clinical Experiences will start before 7:00am. Some Clinical Experiences will be held on Saturday.

Gainful Employment:
Visit www.QCC.edu/gainful-employment for more information.

Statistics:
NCLEX Licensure Pass Rates: Expected Level of Achievement developed by QCC PN Faculty (and reported to ACEN accrediting body) are at or above National Mean.
• 2013 National Results: 84.63% | QCC Results = 90.91%
• 2014 National Results: 82.16% | QCC Results = 88%
• 2015 National Results: 81.88% | QCC Results = 79.25%

Program Completion: Expected Level of Achievement developed by QCC PN Faculty (and reported to ACEN accrediting body) are that 50% of students complete the program within seven semesters.
• Program Completion Rate for 2015 academic year: 67% of students complete the PN Program in five semesters.

Graduates Obtaining Jobs: Expected Level of Achievement developed by QCC PN Faculty (and reported to ACEN accrediting body) are that 80% or responding graduates seeking employment are employed within one year.
• 100% of responding students have obtained jobs.

Graduate Satisfaction (as answered on Post-Graduate Survey): Question asked - “As a graduate, the length of the program prepared me for entry into the novice level of nursing practice”.
• 100% of the students responded “Agree” or “Strongly Agree” to the above statement.

Practical Nursing Certificate - Evening — LPE

Certificate

Program Goals:
Practical Nurse Education prepares students with skills and education that will enable them to become an effective Licensed Practical Nurse. The program will prepare the graduate to assume an entry-level position in the field or pursue additional education. Graduates of the program assume responsibilities related to direct patient care in a variety of settings, including, but not limited to, doctor’s offices, clinics, extended care facilities, home and community health agencies. Upon successful completion of this program, students are eligible to take the National Council Examination for Practical Nurses (NCLEX-PN). The Quinsigamond Community College Practical Nurse Certificate Program is approved by the Massachusetts Board of Registration in Nursing (MBORN) and accredited by the Accreditation Commission for Education in Nursing (ACEN), 3343 Peachtree Road, NE, Suite 850, Atlanta, GA 30326, 1.404.975.5000, www.acenursing.org. The program also prepares students for further study at two and four-year colleges and universities.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
- Apply the nursing process to the care of culturally diverse patients, throughout the life span, who have actual, common, well-defined, or potential, health-deviation requisites.
- Use therapeutic communication effectively with patients, families, and members of the healthcare team.
- Implement goal-directed teaching plans to assist patients in resolving self-care deficits.
- Manage the nursing care of patients with actual or potential common, well-defined health-deviation requisites, in a variety of structured settings, in accordance with ethical, legal and professional standards.
- Demonstrate professional attributes in the provision of safe effective Practical Nursing Care.
- Illustrate use of relevant technology for patient care and documentation.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
- High School Diploma or GED/High School Equivalency (HiSET).
- Math: Must test into MAT 099 or higher or completion of MAT 095 with a grade of “B” or higher.
- English: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score.
- TEAS V or TEAS composite score of 55%.
- Attendance at a Health Information Session.
- Must show evidence of being compliant with health requirements as defined by the Nurse Education Department.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Finger printing and drug testing are required. Finger printing and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, finger printing and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

- Applicants should understand that the Massachusetts Board of Registration in Nursing (MBORN) reserves the right to refuse an applicant the privilege of sitting for the NCLEX examination based on a Good Moral Character Licensure requirement.
- More information is available from the Massachusetts Board of Registration in Nursing (MBORN).

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

- Practical Nurse Certificate students should anticipate additional expenses for professional uniforms and required supplies, standardized testing, CPR certification, health immunizations and physical exams. Also, there may be additional costs associated with the purchase of textbooks, professional liability insurance, licensing examinations applications, end-of-course mandatory review, clinical make-up and any required skills for remediation.

Location:
- This program may be completed at the QCC Healthcare and Workforce Development Center in downtown Worcester.
- This program will require students to travel to clinical sites within the Worcester County area.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).
Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 51.3901.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
practicalnursing@qcc.mass.edu

Additional Information:
• The program also prepares students for further study at two and four-year colleges and universities, as well as to provide a broad background for employment in healthcare facilities.
• Courses in both Practical Nursing and Liberal Arts are required in the program curriculum. Nursing courses include clinical experiences in area hospitals, rehabilitation, long term care and community agencies, as well as classroom study and laboratory practice on campus.
• All clinical experiences are under the supervision of QCC Nurse Education faculty and entrance into most clinical agencies will require the wearing of a standardized school uniform.
• To be eligible to continue in the program, the student must achieve a grade of “C” or higher in all Practical Nursing (PNP) courses and in BIO 100 or BIO 140, PSY 101, and PSY 121, and must demonstrate satisfactory progress in the laboratory and clinical components of each nursing course. Students who have received a grade below a “C” in BIO 100 or BIO 140, PSY 101, and PSY 121 are required to repeat the course and obtain a grade of “C” or higher by the end of the semester in which they are required or required as a prerequisite.
• In addition, the student must demonstrate satisfactory performance in the nursing laboratory and in the clinical settings.
• The student must also satisfy all course and program requirements, including regulations on attendance and conduct, in order to be eligible for certification for licensure.

Students who do not have completed health files (including titres and immunizations) submitted to the Nurse Education Department and cleared by the Health Compliance Officer by July 15 will be removed from their nursing courses and will have to file for readmission to the next available semester.
• Readmission is always based upon space availability. Please review the readmission policy outlined in the QCC Handbook.
• All students accepted in the LPE program must obtain/ maintain a current American Heart Association BLS for Healthcare Providers CPR certificate or a Red Cross Basic Life Support for Healthcare Provider/BLS/CPR for Healthcare certification. Documentation of immunization currency, satisfactory health status, and clinical standard compliance is required prior to beginning of clinical experiences.
• A Social Security Number is mandatory for NCLEX Application (Licensure).
• Clinical Experiences will start before 3:00pm. Some Clinical Experiences may be held on weekend days.

Gainful Employment:
Visit www.QCC.edu/gainful-employment for more information.

Statistics:
NCLEX Licensure Pass Rates: Expected Level of Achievement developed by QCC PN Faculty (and reported to ACEN accrediting body) are at or above National Mean.
• 2013 National Results: 84.63% | QCC Results = 90.91%
• 2014 National Results: 82.16% | QCC Results = 88%
• 2015 National Results: 81.88% | QCC Results = 79.25%

Program Completion: Expected Level of Achievement developed by QCC PN Faculty (and reported to ACEN accrediting body) are that 50% of students complete the program within seven semesters.

Public Health Certificate — PHC
Certificate

Connections:
Credits from this certificate can be applied to the following associate degree(s):
• General Studies - Public Health Option - Associate in Arts (Program Code: GSPL)

Program Goals:
This program prepares the student to obtain employment as an entry-level public health worker. Public healthcare workers serve large populations of people and organize their efforts to prevent the spread of diseases through entire communities.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Identify the roles and responsibilities of the public health worker.
• Identify the multiple ways public health affects daily living.
• Explain relationships between the social and behavioral sciences and public health.
• Implement strategies that promote behavior change.
• Understand safe practices as it relates to the public health role.
• Understand the similarities and differences in public and global health including demographic measures of health status and burden of disease.
• Understand the impact of the environment and communicable diseases on the health of populations.
• Describe the basis of chronic diseases on morbidity or mortality and approaches to prevention, early detection, and disease management.

Admissions Process:
Admissions inquiries should be directed to admissions@qcqc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HISET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required in the program, as there is no co-operative experience.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
• This program may be completed at the QCC Worcester campus.
• Some classes may be offered at the QCC Healthcare and Workforce Development Center in downtown Worcester or at the Southbridge location.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 51.2208.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
lesper@qcc.mass.edu

Radiologic Technology — RT
Associate in Science

Program Goals:
The Radiologic Technology program prepares students to serve the local community as medical imaging professionals by meeting the specific goals to:
• Demonstrate competence in performing entry-level medical radiography procedures.
• Exhibit professional and ethical behaviors.
• Demonstrate critical thinking and problem solving skills for immediate and life-long learning.
• Employ effective written and oral communication skills.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Provide effective patient care.
• Utilize proper positioning/alignment skills.
• Apply appropriate exposure factors.
• Employ acceptable radiation safety.
• Be respectful of patients and co-workers.
• Work effectively as part of a team.
• Exhibit satisfactory work ethic.
• Recognize the importance of continued professional development.
• Modify routine imaging parameters to accommodate patient limitations.
• Assess image quality according to professional standards.
• Employ age/audience appropriate oral communication.
• Utilize effective writing skills.

Admissions Process:
Admissions inquiries should be directed to admissions@qcctec.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

• High School Diploma or GED/High School Equivalency (HiSET).
• Must take the college placement test to determine Math and English levels if no college level courses were previously completed.
• Math: minimum grade of “B” in MAT 099 or place into MAT 100-level or above.
• Biology: minimum grade of “B” in high school biology or “C+” or higher in any college level biology course (BIO 101 recommended).
• Qualifying mathematics and one biology course must be taken within five years of application. Required grade must be earned within two attempts of taking and completing the course.
• English: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score.
• Required TEAS V or TEAS scores must be achieved within two attempts of taking the test and within five years of application.
  ◦ English: 53%
  ◦ Reading: 60%
  ◦ Math: 54%
  ◦ Science: 40%
• Attendance at a Health Information Session.
• Four-hour clinical observation (offered to academically qualified applicants only).
• Complete all Discovery Activities listed at www.QCC.edu/radiologic-technology/admission-health-transfer-articulation-agreements.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Finger printing and drug testing may be required. Finger printing and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, finger printing and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

• Students enrolled in RDT courses are subject to expenses for professional liability insurance, uniforms and transportation to clinical sites and clinical parking fees.

Location:
• This program may be completed at the QCC Healthcare and Workforce Development Center in downtown Worcester.
• This program will require students to travel to clinical sites within the Worcester County area.
Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 51.0911.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
radiologictechnology@qcc.mass.edu

Additional Information:
- The Radiologic Technology program is accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT), 20 N. Wacker Drive, Suite 2850, Chicago, IL 60606, 312.704.5300, e-mail: mail@jrcert.org.
- Students accepted to the Radiologic Technology program must:
  - Obtain Healthcare Provider level BLS/CPR certification prior to beginning the program.
  - Provide documentation of immunization currency and satisfactory health status and be cleared by the Health Compliance Officer by July 1 of the respective year.
  - Maintain health insurance throughout the student’s enrollment.
  - Provide annual TB test results.
- Clinical rotations occur during fall, winter, spring and summer semesters. Students are responsible for their own transportation and may be assigned to any clinical education setting affiliated with the Radiologic Technology program.
- Graduates are eligible to apply for certification by examination from the American Registry of Radiologic Technologists and licensing by the Radiation Control Program of MA-DPH (required for employment).
  - A fee of $200.00 - $300.00 is required for each credentialing process.

For information on electives, see p. 338-339.
Respiratory Care — RS
Associate in Science

Program Goals:
The Respiratory Care Program prepares students for a career as advanced level Respiratory Care practitioners. Graduates of this program are eligible to attempt the credentialing examinations offered by the National Board for Respiratory Care. Upon successful completion of this process, graduates receive the Registered Respiratory Therapist (RRT) credential.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Assume the role of the Respiratory Therapist in ways that reflect integrity, responsibility, ethical practice and an evolving identity as a professional healthcare provider committed to evidence-based practice.
• Effectively communicate verbally, non-verbally, in writing or with computer-based technology with the patient, family and other health professionals.
• Utilize Respiratory Care theoretical concepts in the comprehensive delivery of care, and apply and evaluate clinical information relevant to their roles as advanced level Respiratory Care practitioners.
• Make judgments in Respiratory Care practice that integrate science and evidence-based medicine to provide safe, quality care and promote the pulmonary health of patients, families and communities.
• Employ relationship-centered interventions that are caring, compassionate, protective, therapeutic, and respectful of human differences.
• Collaborate with inter-professional teams to foster open communication, mutual respect, and shared decision-making to achieve quality patient care.
• Demonstrate technical proficiency in all skills necessary to fulfill their roles as advanced level Respiratory Care practitioners.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

• Must take the college level placement test to determine Math and English levels if no college level courses were previously completed.
• Math: minimum grade of “B” in MAT 098 or MAT 099 or place into MAT 100-level or above.
• Biology: minimum grade of “B” in high school biology or “B” in BIO 101 (recommended) or other college biology class.
• Chemistry: minimum grade of “B” in high school chemistry or “B” in CHM 090.
• Qualifying mathematics, one chemistry, and one biology course must be taken within five years of application.
• English: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score.
• Required TEAS V or TEAS composite score of 65% must be achieved within two attempts of taking the test.
  ° Reading: 60%
• GPA of 3.0 or equivalent in high school or 3.0 in college with minimum 10 credits; or 550 Battery Average on GED; or HiSET 45.
• Attendance at a Health Information Session.
• Attend one Respiratory Care class.
• Review of program website and career video.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Finger printing and drug testing may be required. Finger printing and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, finger printing and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.
• Students should be aware that a prior or current history of criminal or sexual offense may negatively impact the applicant’s ability to obtain a limited work permit while a student in the program, and/or a license to practice within the Commonwealth of Massachusetts after graduation.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• Respiratory Care students should anticipate additional expenses for uniforms/clinical wear, textbooks, professional liability insurance, parking fees at clinical sites, licensing examinations, CPR certification, health immunizations and physical exams, and any required skills remediation.
Location:
• This program may be completed at the QCC Healthcare and Workforce Development Center in downtown Worcester.
• This program may require students to travel to clinical sites that are within a 75 mile radius of the College.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.
• If an applicant holds the CRT credential awarded by the National Board for Respiratory Care, or has successfully completed courses at a CoARC accredited school of Respiratory Care, then s/he may apply for advanced standing/credits toward a degree from QCC.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 51.0908.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
respiratorycare@qcc.mass.edu

Additional Information:
• The program is fully accredited by the Commission on Accreditation for Respiratory Care, 1248 Harwood Road, Bedford, TX 76021-4244, www.coarc.com.
• Licensure by the MA Department of Public Health is required to work as a Respiratory Therapist within the Commonwealth of Massachusetts (for more information on licensure contact: MA Department of Public Health, Division of Health Professions on Licensure, www.state.ma.us/reg/boards/rc).
• Courses in both Respiratory Care and Liberal Arts are required in the program curriculum. Respiratory Care courses include clinical experiences in area hospitals, rehabilitation/long term care facilities and home care settings, as well as classroom study and laboratory practice on campus.
• All clinical experiences are under the supervision of QCC Respiratory Care faculty, and entrance into all clinical agencies will require a standardized school uniform and identification nametag.
• Students accepted to the Respiratory Care program must:
  ◦ Obtain Healthcare Provider level BLS/CPR certification prior to beginning the program.
  ◦ Provide documentation of immunization currency and satisfactory health status, and be cleared by the Health Compliance Officer by August 15 of the respective year.
  ◦ Maintain health insurance throughout the student’s enrollment.
  ◦ Provide annual TB test results.
• All students must achieve a grade of “C” or higher in all Respiratory Care (RCP) courses and in PHY 103, BIO 111, BIO 112, and BIO 232. In addition, students must also satisfy all course and program requirements, including regulations on conduct, professionalism, and attendance.
• In addition, the student must demonstrate satisfactory performance in both the clinical and laboratory setting.
• Readmission is not guaranteed and is based on space availability and recommendation by faculty. Please review the readmission policy outlined in the QCC handbook.
• A Social Security number is mandatory for all NBRC examinations.

**Total Credits Required:** 75
Sleep Technology Certificate

Program Goals:

• Sleep Technology (Polysomnography or PSG) is an allied health specialty whose practitioners administer complex sleep/neurodiagnostic studies. Polysomnographic technologists are typically employed in hospital based clinics and sleep/neurodiagnostic laboratories. Due to the nature of the work, sleep technologists often work at night.

• The Sleep Technology Certificate program is offered through an articulation agreement with Northern Essex Community College (NECC). General education requirements can be taken at Quinsigamond Community College. All PSG courses are taken online through NECC with a commitment of attendance on campus at NECC for one Saturday per month throughout the certificate program.

• Students may choose to enroll in face-to-face classes at NECC - Lowell Campus. Laboratory experience will involve one Saturday per month traveling to NECC. All clinical assignments will be in the Central Massachusetts area.

• The Sleep Technology Certificate program prepares graduates for a career in sleep medicine. Graduates of the program will be prepared to take the Registered Polysomnography Technologist (RSPGT) examination. Students must earn a “C” or higher in all PSG courses at NECC in order to graduate. A minimum of 28 credits is required for graduation.

Admissions Requirements:

All admissions criteria are available on the NECC website at www.necc.mass.edu/academics/courses-programs/areas/health/.

CORI, SORI, Finger Printing & Drug Testing:

Students interested in participation in this academic program may be required to undergo a Criminal Offender Record Information (CORI) check, a Criminal History Record Information (CHRI) check, and/or a Sex Offender Registry Information (SORI) check. Finger printing may be required and drug testing will be required. For more information, visit www.necc.mass.edu/cori-sori/.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

- Students should anticipate additional expenses for uniforms/clinical wear, textbooks, professional liability insurance, licensing examinations, and any required skills remediation.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Career Outlook:

Graduates will be able to pursue many career paths. Most sleep technologists work in sleep labs, often associated with hospitals. Positions as sleep technologists are available. Salaries are competitive.

Additional Information:

- Students are required to be CPR Certified at the Healthcare Provider Professional Rescuer level prior to the start of clinical courses. Students are required to complete a health evaluation, including the Hepatitis B immunization series, prior to final acceptance into the program.

- Students are required to carry professional liability insurance. The premium is to be paid at the time of course registration.

- The Commission on Accreditation of Allied Health Education Programs (CAAHEP, 25400 U.S. Highway 19 North, Suite 158, Clearwater, FL 33763, 727.210.2350, www.caahep.org) accredits the Sleep Technology Certificate program at NECC upon the recommendation of the Committee on Accreditation for Polysomnographic Technologists (CoA-PSG). Currently there is no state licensure required.

Surgical Technology Certificate — ST Certificate

Program Goals:
The Surgical Technology Program is designed to prepare the beginning practitioner to possess the knowledge, skills, and abilities necessary to provide services in the operating room in the role of Surgical Technologist as part of the surgical team. Instruction includes components of the basic sciences, operating room policies and procedures, safe patient care, operating room techniques, surgical procedures, and clinical practice.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

- Correlate the knowledge of anatomy, physiology, pathophysiology, and microbiology to their role as a Surgical Technologist.
- Demonstrate a safe level of practice and knowledge in their role as a Surgical Technologist.
- Identify the purpose and principles for maintaining environmental control in the operating room suite.
- Identify the various classifications of surgical armamentarium, including instrumentation, sutures, and equipment used during the perioperative experience.
- Acquire an understanding of the ethical, legal, moral, and medical values related to the patient and the operating room team during the perioperative experience.
- Identify the elements, actions, and use of medications and anesthetics used during the perioperative experience.
- Demonstrate knowledge and utilizes relevant medical terminology.
- Demonstrate safe practice techniques in regards to perioperative routines, patient transportation, positioning, and emergency procedures.
- Demonstrate and integrates principles of surgical asepsis as part of the perioperative experience.
- Carry out the principles and techniques of medical asepsis as part of the perioperative experience.
- Effectively communicate both written and orally.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/High School Equivalency (HISSET).
- Must take the college level placement test to determine Math and English levels if no college level courses were previously completed.
- Math: minimum grade of “C” in MAT 095 or place into MAT 099 level or above; must be taken within five years of application.
- English: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score.
- Required TEAS V or TEAS composite score of 60% must be achieved within two attempts of the test and within five years of application.
- Attendance at a Health Information Session.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Finger printing and drug testing may be required. Finger printing and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, finger printing and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

- Students should anticipate additional expenses for textbooks, credentialing exam, professional liability insurance, transportation, and parking fees at clinical sites.

Location:
- This program may be completed at the QCC Healthcare and Workforce Development Center in downtown Worcester.
- This program will require students to travel to clinical sites within the Worcester County area.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 51.0909.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
surgicaltechnology@qcc.mass.edu

Additional Information:
- QCC Surgical Technology certification exam pass rate was 67% for 2016.
- Transportation is required.

Gainful Employment:
Visit www.QCC.edu/gainful-employment for more information.
Automotive Technology — AT
Associate in Applied Science

Connections:
The following certificate(s) can be completed along with this associate degree:
• Ford Maintenance and Light Repair Certificate (Program Code: AMF)

Program Goals:
The Automotive Technology program is designed to prepare the student to become a professional Automotive Technician and fill the need of area dealerships and independent repair facilities. The program trains students in all eight areas of automotive repair to prepare a student to become an ASE Master Technician. The program builds a foundation of knowledge allowing graduates to adapt to new technology and grow as an employee. The program also provides the opportunity to transfer to a bachelor’s degree program in a related field of study.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Diagnose and repair components of the electrical and electronic systems.
• Diagnose and repair automotive engine and power transmission systems.
• Diagnose and repair components of the steering and suspension systems.
• Diagnose and repair components of hydraulic and anti-lock brake systems.
• Diagnose and repair components of the climate control system.
• Diagnose and repair electronic power-train control systems.
• Sit for the ASE Master Technician certification examinations.
• Adapt to new technology and service procedures as they are developed, and thus, build a professional foundation in all aspects of automotive systems and service techniques.
• Grow as an automotive technician, moving up the career ladder.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.c.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

• Enrollment in Automotive Technology programs is restricted to 20 full-time students per academic year on a first-come, first-served basis, beginning each fall semester.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

• High School Diploma or GED/High School Equivalency (HiSET).
• Math: One year of High School Algebra with a grade of “C” or higher; or MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score.
• English: Three years of High School English with grades of “C” or higher; or ENG 091 with a grade of “C” or higher; or appropriate placement score.
• Must have valid learner’s permit from the MA Registry of Motor Vehicles (or like agency in state of residence); valid driver’s license will be required for employment in this field.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

• Applicants should be aware that some employers may require CORI/SORI checks, finger printing, and drug testing as part of the hiring process.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

• Students enrolled in AUT 299 may incur an additional expense for professional liability insurance.
• Students are responsible for the purchase of tools prior to enrollment in AUT 299 and/or employment.

Location:
• This program may be completed at the QCC Worcester campus and the QCC Automotive Technology Laboratory located at Burncoat High School in Worcester.
• This program may be completed face-to-face. Some required courses may be completed online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).
Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 47.0604.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
autotech@qcc.mass.edu

Additional Information:
• Applicants to this program must have a valid learner’s permit and a driving record that is suitable for prospective employing dealership’s insurance requirements. A Request for Driving Record will be forwarded to the MA Department of Transportation on behalf of each student accepted to the program each fall.
• Applicants should be aware that some employers may require CORI/SORI checks, finger printing, and drug testing as part of the hiring process.

Automotive Technology - Ford
Maintenance and Light Repair Certificate
— AMF

Certificate

Connections:
Credits from this certificate can be applied to the following associate degree(s):
• Automotive Technology - Associate in Applied Science (Program Code: AT)

Program Goals:
The Ford Maintenance and Light Repair Program Certificate curriculum is designed by Ford Motor Company to prepare certified light line technicians for Ford/Lincoln dealerships. The program features hands-on training on late model vehicles as well as classroom instruction.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Perform tasks to diagnose and repair components of the electrical systems.
• Diagnose and repair automotive engine systems.
• Diagnose and repair components of the steering and suspension systems.
• Diagnose and repair components of hydraulic and anti-lock brake systems.
• Diagnose and repair components of the climate control system.
• Sit for the ASE Technician certification examinations.
• Adapt to new technology and service procedures as they are developed, and thus, build a professional foundation in all aspects of automotive systems and service techniques.
• Grow as an automotive technician, moving up the career ladder.

Admissions Process:
Admissions inquiries should be directed to admissions@qccl.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.
• Enrollment in Automotive Technology programs is restricted to 20 full-time students per academic year on a first-come, first-served basis, beginning each fall semester.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).
• Must have valid learner’s permit from the MA Registry of Motor Vehicles (or like agency in state of residence); valid driver’s license will be required for employment in this field.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.
• Applicants should be aware that some employers may require CORI/SORI checks, finger printing, and drug testing as part of the hiring process.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• Students enrolled in AUT 299 may incur an additional expense for professional liability insurance.
• Students are responsible for the purchase of tools prior to employment.

Location:
• This program may be completed at the QCC Automotive Technology Laboratory located at Burncoat High School in Worcester.
• This program may be completed face-to-face.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 47.0604.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

**Program Contact Email:**
autotech@qcc.mass.edu

**Gainful Employment:**
Visit www.QCC.edu/gainful-employment for more information.

**Additional Information:**
- Applicants to this program must have a valid learner’s permit and a driving record that is suitable for prospective employing dealership’s insurance requirements. A Request for Driving Record will be forwarded to the MA Department of Transportation on behalf of each student accepted to the program each fall.
- Applicants should be aware that some employers may require CORI/SORI checks, finger printing, and drug testing as part of the hiring process.

For information on electives, see p. 338-339.
Energy Utility Technology Certificate — EUTC

Certificate

Connections:
Credits from this certificate can be applied to the following associate degree(s):
- General Studies - Energy Utility Technology Option - Associate in Arts (Program Code: GSET)

Program Goals:
The Energy Utility Technology certificate program is designed to prepare students for entry-level positions in the electrical and/or gas utility industry. The energy industry has forecast a strong need for technologically literate employees in the next several years for positions such as overhead and underground line workers, meter workers, and substation maintenance personnel. The program includes courses that provide students with an introduction to the energy industry; knowledge of direct and alternating current circuits; generation, transmission and distribution of electricity; industrial safety; and computer applications. In addition, students will gain hands-on experience through a practicum in the second semester.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
- Enter the electrical utility workforce in an entry-level position.
- Enter the gas utility workforce in an entry-level position.
- Advance through utility specific training.
- Transfer into the General Studies - EUT Associates Degree Program at QCC.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.
- The Energy Utility Technology Certificate is restricted to 20 full-time students on a first-come, first-served basis, beginning each fall semester.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
- High School Diploma or GED/High School Equivalency (HiSET).
- Math: MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score.
- English: Three years of High School English with grades of “C” or higher; or ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.
- CORI/SORI checks, finger printing, and drug testing may be required by utility employers. Additionally, driving infractions will likely affect an individual’s employability.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
- Practicum participants will be expected to wear protective boots with steel or composite toes and an EH rating at the utility training site (approximately $100.00-$200.00).

Location:
- This program may be completed at the QCC Worcester campus and at a utility training facility located in Millbury, MA.
- This program may be completed face-to-face.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 15.0503.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

**Program Contact Email:**
eut@qcc.mass.edu

**Additional Information:**
- Students are advised to enroll in all Semester 1 courses in the fall semester in order to progress to Semester 2.
- Students should enroll in all Semester 2 courses in order to complete the program in one academic year.
- Individuals seeking employment with utility companies must also meet employer-specific hiring requirements; this may include CORI/SORI checks, finger printing, and drug testing.

- Individuals with driving and/or legal infractions should be aware that their actions may impact their employability.

**Gainful Employment:**
Visit www.QCC.edu/gainful-employment for more information.

For information on electives, see p. 338-339.
Heating Ventilation Air Conditioning Certificate — HVAC

Certificate

Program Goals:
The QCC HVAC/R Program will provide successful graduates with the skills needed to enter the HVAC/R Field as an entry-level technician who can install, maintain and repair a wide variety of HVAC/R equipment. Graduates will also possess the knowledge, skills and abilities that will insure the safe and energy-efficient operation of HVAC/R equipment.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

- Solder, Braze, and Flare copper tubing.
- Safely wire and install electrical circuits.
- Use electrical meters to make electrical measurements.
- Understand and interpret wiring schematics.
- Troubleshoot electrical problems.
- Evacuate, charge, and recover refrigerant from Air Conditioning and Refrigeration systems.
- Troubleshoot Air Conditioning and Refrigeration systems.
- Troubleshoot Heating systems.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

- The HVAC/R program is restricted to 16 students on a first-come, first-served basis, beginning each fall semester.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

- Laptop Computer: Students enrolled in any HVC course will be required to bring their own computer to class.

Please contact the Program Coordinator for minimum hardware and software requirements.

- Hand Tools for lab use: Students enrolled in HVC 101, HVC 102, HVC 104, HVC 105, HVC 106, and HVC 107 will be required to purchase basic hand tools utilized in the laboratory. Please contact the Program Coordinator for a required tool list.

Location:
- This program is offered at the Assabet location only.
- This program must be completed in blended format including both face-to-face and online coursework.
- This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 47.0201.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
hvac@qcc.mass.edu

Additional Information:

Biotechnology Technician Certificate — BI
Certificate

Connections:
Credits from this certificate can be applied to the following associate degree(s):
- General Studies - Biotechnology Option - Associate in Arts (Program Code: GSBT)

Program Goals:
This certificate program provides students with an overview of the science of biotechnology as well as the technical skills necessary for employment in the industry.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
- Explain the fundamental scientific principles underlying biotechnology.
- Accurately collect, analyze, and interpret experimental data.
- Work effectively in a laboratory setting emphasizing collaboration.
- Utilize critical thinking and scientific methodology to analyze and/or troubleshoot biotechnological issues.
- Apply scientific knowledge to common biotechnological techniques.
- Apply mathematical principles to biotechnological concepts.
- Effectively communicate using both written and oral formats.
- Identify careers in biotechnology and utilize skills to seek employment such as job search databases and resume writing.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
- High School Diploma or GED/High School Equivalency (HiSET).
- Math: MAT 099 with a grade of “C” or higher on the MAT 099 departmental final exam; or appropriate placement score.
- English: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score.

C  ORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
- This program may be completed at the QCC Worcester campus, except for BTT 212 which is offered only at Abbvie Bioresearch Center.
- This program may be completed face-to-face.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 15.0401.

General Studies — GS
Associate in Arts

Program Goals:
• To provide a comprehensive, responsive, directed academic experience which helps students identify educational and career choices, develop individualized career plans and implement career pathways leading to further education or careers.
• To meet the academic needs of QCC career programs, four-year institutions and area employers.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Identify and explore their educational and career choices.
• Write and speak effectively.
• Locate, evaluate and apply reliable and appropriate information.
• Apply the concepts and methods of mathematics to solve problems.
• Relate scientific methods of inquiry to the acquisition of knowledge.
• Demonstrate knowledge and appreciation of the relative historical and cultural perspectives of society.
• Demonstrate knowledge and appreciation of the behavioral sciences.
• Demonstrate knowledge of the basic principles and practices of sound critical thinking and problem solving.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.c.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees.)

Location:
• This program may be completed at the QCC Worcester campus and at the Southbridge location.
• This program may be completed face-to-face.
• This program may be completed 100% online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 24.0102.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

General Studies - Biotechnology Option — GSBT

Associate in Arts

Connections:
The following certificate(s) can be completed along with this associate degree:
• Biotechnology Technician Certificate (Program Code: BI)

Program Goals:
This program provides students with a strong academic foundation in biotechnology and lab sciences. Graduates are prepared to enter the biotechnology workforce.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Explain the fundamental scientific principles underlying biotechnology.
• Accurately collect, analyze, and interpret experimental data.
• Work effectively in a laboratory setting emphasizing collaboration.
• Utilize critical thinking and scientific methodology to analyze and/or troubleshoot biotechnological issues.
• Apply scientific knowledge to common biotechnological techniques.
• Apply mathematical principles to biotechnological concepts.
• Effectively communicate using both written and oral formats.
• Demonstrate knowledge and appreciation of the relative historical and cultural perspectives of society.
• Demonstrate knowledge and appreciation of the behavioral sciences.
• Identify careers in biotechnology and utilize skills to seek employment such as job search databases and resume writing.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
• This program may be completed at the QCC Worcester campus, except for BTT 212 which is offered only at Abbvie Bioresearch Center.
• This program may be completed face-to-face.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
biotechnology@qcc.mass.edu

General Studies - Deaf Studies Option —
GSDS
Associate in Arts

Program Goals:
The Deaf Studies Option prepares students to have the necessary communication skills and cultural knowledge to work with deaf and hard of hearing individuals. Through practicum participation and other course related research, students explore career opportunities in the deaf community.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Transfer to a four-year college to continue in the area of Deaf Studies.
• Transfer to an interpreter training program.
• Work in a program serving deaf and hard of hearing individuals.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
• This program may be completed at the QCC Worcester campus. Some laboratory classes may be completed at local laboratory facilities.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 05.0211.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

General Studies - Elementary Education Transfer Option — GSEE
Associate in Arts

Program Goals:
The Elementary Education Transfer Option meets the standards of MassTransfer and prepares students for transfer to undergraduate elementary education programs at Massachusetts public higher education institutions. The program includes broad based general education courses as well as courses that are more closely aligned to children and teaching. The goal is to provide students with a clear path to a degree at a four-year university.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

- Demonstrate mastery of number sense and numeration, patterns and functions, geometry and measurement, and data analysis.
- Apply the concepts and methods of understanding of human development from conception to adolescence.
- Apply the concepts and methods of understanding children's literature.
- Apply the concepts and methods of teaching and learning at the Elementary level.
- Achieve awareness of historical, philosophical and pedagogical perspectives in elementary education.
- Write and speak clearly.
- Locate, evaluate and apply reliable and appropriate information.
- Apply the concepts and methods of mathematics to solve problems.
- Relate scientific methods of inquiry to the acquisition of knowledge.
- Demonstrate knowledge and appreciation of diverse cultures (Social Science Electives).

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
- High School Diploma or GED/High School Equivalency (HiSET).

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
- Optional: MTEL (Massachusetts Tests for Educator Licensure) Preparation Class.

Location:
- This program may be completed at the QCC Worcester campus.
- This program may be completed face-to-face.
- This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 13.1202.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Additional Information:
- Note: Students must pass the CLST portion of the MTEL (Massachusetts Tests for Educator Licensure) in order to be admitted into the Elementary Education Program at a Massachusetts four-year college or university. Students are strongly advised to take this exam after completing ENG 102.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are required. Finger printing and drug testing are not required.

**General Studies - Energy Utility Technology Option — GSET**

*Associate in Arts*

**Connections:**
The following certificate(s) can be completed along with this associate degree:
- Energy Utility Technology Certificate (Program Code: EUTC)

**Program Goals:**
The General Studies Energy Utility Technology Associate in Arts degree is designed to prepare student for advancement in the energy industry. Additionally, students completing this degree will be prepared to transfer to a four-year program to complete a bachelor degree.

**Student Learning Outcomes:**
Upon completion of the program graduates will be able to:
- Seek advancement in the energy industry.
- Transfer to a four-year institution.

**Admissions Process:**
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

**Admissions Requirements:**
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
- High School Diploma or GED/High School Equivalency (HiSET).
- Completion of the Energy Utility Technology Certificate (Program Code: EUTC).

**CORI, SORI, Finger Printing & Drug Testing:**
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.
- CORI/SORI checks, finger printing, and drug testing may be required by utility employers. Additionally, driving infractions will likely affect an individual’s employability.

**Location:**
- This program may be completed at the QCC Worcester campus.
- Non-EUT classes may be completed at the Southbridge location.
- This program may be completed face-to-face.
- This program may be completed 50% or more online.

**Technical Performance Standards:**
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning:**
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

**Career Outlook:**
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 15.0503.

**Transfer Articulations & Opportunities:**
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

**Program Contact Email:**
eut@qcc.mass.edu

For information on electives, see p. 338-339.
General Studies - Healthcare Option — GSHC

*Associate in Arts*

**Program Goals:**
This program offers students the opportunity to prepare for QCC’s Healthcare Programs. Students will also be well prepared to transfer to a baccalaureate institution in science based programs.

**Student Learning Outcomes:**
Upon completion of the program graduates will be able to:
• Demonstrate effective communication skills.
• Have an understanding of the biological sciences relative to the Health Professions
• Strengthen the development of their general education skills with courses in English, Math and Humanities.
• Have an understanding of medical terminology and pharmacology for health professions.

**Admissions Process:**
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

**Admissions Requirements:**
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

• High School Diploma or GED/High School Equivalency (HiSET).

**CORI, SORI, Finger Printing & Drug Testing:**
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

**Additional Cost:**
See the Program Fees (page 33). (Note: Not all programs have program fees).

**Location:**
• This program may be completed at the QCC Worcester campus and at the Southbridge location.
• This program may be completed face-to-face.
• This program may be completed 80% or more online.

**Technical Performance Standards:**
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning:**
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

**Career Outlook:**
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 51.0000.

**Transfer Articulations & Opportunities:**
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

General Studies - Pre-Pharmacy Option — GSPH
Associate in Arts

Program Goals:
This program provides students with the first two years of a strong academic foundation required for transfer to a four or six year Bachelor or Ph.D. degree programs in Pharmacy or related biological or biochemistry fields.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

• Demonstrate the academic and technical skills necessary for admission to a four or six year pharmacy program.
• Demonstrate the ability to be an effective team member.
• Demonstrate effective written and verbal communication skills.
• Understand the fundamental scientific principles necessary for continuation in pharmacology or a related field.
• Demonstrate a high standard of math competency.
• Utilize critical thinking and scientific methodology.
• Demonstrate application of scientific knowledge to common pharmacy and biological sciences practices.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

• High School Diploma or GED/High School Equivalency (HiSET).
• Math: MAT 123 with a grade of “B” or higher; or appropriate placement score.
• English: ENG 096 with a grade of “B” or higher; or appropriate placement score.
• Chemistry: One year of High School Chemistry with a grade of “B” or higher; or CHM 090 with a grade of “B” or higher; or appropriate placement score.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 51.1103.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

General Studies - Public Health Option — GSPL

Associate in Arts

Connections:
The following certificate(s) can be completed along with this associate degree:
• Public Health Certificate (Program Code: PHC)

Program Goals:
The General Studies - Public Health Option prepares students for a career as a Public Health Worker and/or prepares students with the first two years of a strong academic foundation required for transfer to a four-year Bachelor degree program in Public Health or related field.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Identify the roles and responsibilities of the public health worker.
• Identify the multiple ways public health affects daily living.
• Explain relationships between the social and behavioral sciences and public health.
• Implement strategies that promote behavior change.
• Understand safe practices as it relates to the public health role.
• Understand the similarities and differences in public and global health including demographic measures of health status and burden of disease.
• Understand the impact of the environment and communicable diseases on the health of populations.
• Describe the basis of chronic diseases on morbidity or mortality and approaches to prevention, early detection, and disease management.
• Understand the historical roots of epidemiological thinking and their contribution to the evolution of the scientific method.
• Describe the basic epidemiologic study designs that are used to test hypotheses, identify associations, and establish causation.
• Apply broad-based skills needed for problem solving in the many areas of public health.
• Participate in a co-operative experience directly related to public health.
• Demonstrate proficiency in the public and/or private sectors of public health.
• Develop multidisciplinary and collaborative strategies for solving health-related problems.
• Participate in a leadership role in health promotion and disease prevention.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Finger printing and drug testing may be required. Finger printing and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, finger printing and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
• This program may be completed at the QCC Worcester campus.
• Some classes may be offered at the QCC Healthcare and Workforce Development Center in downtown Worcester or at the Southbridge location.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 51.2208.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Liberal Arts — LA

Associate in Arts

Program Goals:

• Provide a well-rounded foundational education in the liberal arts disciplines, defined as fine arts and humanities, mathematics, natural sciences, and social sciences.
• Foster and hone high-level communication and critical reasoning skills, vital for success in a baccalaureate program or professional career.
• Provide the broad-based intercultural and interdisciplinary learning for flourishing in the globalized, knowledge-driven, and increasingly diverse society and economy of the 21st century.
• Instill the life-long orientation to learning that a continuously-evolving global society will require for sustained success.

Student Learning Outcomes:

Upon completion of the program graduates will be able to:

• Demonstrate the capacity to make well-reasoned ethical and aesthetic judgments by calling upon the discursive, expressive, and interpretive skills honed and developed in the humanities and fine arts.
• Apply the concepts and methods of mathematics to solve problems, and demonstrate quantitative reasoning in a variety of disciplines.
• Demonstrate knowledge of the scientific process and basic scientific principles, and apply the scientific method to complex problems in the natural sciences.
• Demonstrate understanding of the development, diversity, and complexity of human behavior in society and culture, and the methodologies used in the social and behavioral sciences.
• Demonstrate high-level communication skills (verbal, written, graphic, and numerical) across the full span of the liberal arts disciplines.
• Apply critical reasoning skills, drawing upon interdisciplinary approaches, to analyze and solve complex problems.
• Demonstrate the ability to use interlibrary catalog/loan systems and electronic databases and to distinguish between reliable and non-reliable sources, whether print, cinematic, televisual, or web.
• Demonstrate the multiple perspectives that derive from knowledge and awareness of cultures and cultural practices (one's own and others').

Admissions Process:

Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

• High School Diploma or GED/High School Equivalency (HiSET).
• Math: One year of High School Algebra with a grade of “C” or higher; or MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score.
• English: Three years of High School English with grades of “C” or higher; or ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score.

CORI, SORI, Finger Printing & Drug Testing:

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:

See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:

• This program may be completed at the QCC Worcester campus and at the Southbridge location.
• This program may be completed face-to-face.
• This program may be completed 80% or more online.

Technical Performance Standards:

See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:

Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:

Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 24.0101

Transfer Articulations & Opportunities:

Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Liberal Arts - Biology Option — LABI

Associate in Arts

Program Goals:
This program provides a curriculum with an emphasis on courses that the student will need to transfer to a baccalaureate program in the biological sciences or a pre-professional field. This program also provides a well-rounded foundational education in the liberal arts disciplines while fostering and honing high-level communication and critical reasoning skills which are vital for success in a baccalaureate program or professional career.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

• Apply general chemistry principles to biological systems.
• Demonstrate a foundational understanding of general biology principles including evolution and organismal diversity, cell structure and function, metabolism and enzyme function, and genetics.
• Demonstrate a proficiency in mathematics to support future STEM courses in fields such as biology, chemistry, physics, and environmental science.
• Utilize critical thinking skills and the scientific method to investigate scientific principles and solve complex problems.
• Utilize the broad-based liberal arts curriculum in the fine arts, humanities, mathematics, natural sciences, and social and behavioral sciences to examine the role of biology in society.
• Demonstrate the multiple perspectives that derive from knowledge and awareness of cultures and cultural practices.
• Demonstrate high-level communication skills (verbal, written, graphic, and numerical) across the full span of the liberal arts disciplines.
• Utilize interlibrary catalog/loan systems and electronic databases and to distinguish between reliable and non-reliable sources, whether print, cinematic, televisual, or web.
• Demonstrate a technical proficiency in computer technology and in the various scientific instrumentation utilized in the curriculum.

Admissions Requirements:
Students should note that some required courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 26.0101.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
biology@qcc.mass.edu

To meet MassTransfer, the Multiple Perspectives Elective must also be a Humanities Elective course.

- Continue with/complete the transfer application process.
- Submit an Intent to Graduate Form, located on The Q.

For information on electives, see p. 338-339.
Liberal Arts - Chemistry Option — LACH

Associate in Arts

Program Goals:
- Provide a curriculum with an emphasis on courses that the student will need to seamlessly transfer to a baccalaureate program in chemistry or a pre-professional field.
- Provide a well-rounded foundational education in the liberal arts disciplines, defined as fine arts, humanities, mathematics, natural sciences, and social and behavioral sciences.
- Foster and hone high-level communication and critical reasoning skills, vital for success in a baccalaureate program or professional career.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
- Apply general chemistry principles, and understand basic principles of physics along with understanding of general biology principles.
- Demonstrate a foundational understanding of chemistry principles.
- Understand the chemistry of carbon and carbon compounds.
- Demonstrate skill to synthesize intermediates, pharmaceuticals, polymers and bio molecules in lab.
- Demonstrate skill of organic analysis using NMR, GC and IR spectroscopy.
- Demonstrate a proficiency in mathematics to support future STEM courses in fields such as chemistry, biology, physics, and environmental science. Apply this skill for solving the problems related to chemistry and physics.
- Utilize critical thinking skills and the scientific method to investigate scientific principles and solve complex problems.
- Utilize the broad-based liberal arts curriculum in the fine arts, humanities, mathematics, natural sciences, and social and behavioral sciences to examine the role of chemistry in society.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some required courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
- This program may be completed at the QCC Worcester campus.
- This program may be completed face-to-face.
- This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 40.0501.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

For information on electives, see p. 338-339.
Liberal Arts - English Option — LAEN
Associate in Arts

Program Goals:
• Provide foundational courses in English literature required by four-year colleges and universities, enabling students to transfer to a baccalaureate program as juniors in English and/or a related field, such as creative writing, fine arts, communication/journalism, liberal arts or cultural studies.
• Introduce students to the liberal arts disciplines, defined as fine arts, humanities, mathematics, natural sciences, and social and behavioral sciences.
• Develop students’ communication and critical reasoning skills, vital for success in a baccalaureate program or professional career.
• Enhance students’ understanding and appreciation of a broad range of issues and ideas in both western and non-western art and literature through an intercultural and interdisciplinary approach to teaching.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Utilize the broad-based liberal arts curriculum in the fine arts, humanities, mathematics, natural sciences, and social and behavioral sciences to develop a historical perspective on the world.
• Demonstrate familiarity with major writers and historical events that have shaped major literary movements and traditions.
• Analyze primary sources in their historical context.
• Demonstrate familiarity with different literary genres.
• Understand major critical theories and demonstrate the ability to apply them to analysis and interpretation of texts.
• Evaluate, analyze and synthesize material from primary and secondary sources.
• Demonstrate the ability to use library databases to conduct research and to distinguish between reliable and unreliable sources in various media.
• Demonstrate high level communication skills, both oral and written, and use knowledge of audience, purpose and genre to produce effective writing.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 23.0101.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Liberal Arts - Environmental Science Option — LAES  
Associate in Arts

Program Goals:
This program provides students with a strong academic foundation in the environmental, natural, and physical sciences. Graduates are prepared to transfer to a Bachelor degree program in the environmental field.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

• Demonstrate scientific literacy by explaining the process of scientific reasoning and applying scientific principles in both laboratory and field settings.
• Develop critical thinking and/or observation skills, and apply them to the analysis of a problem or question related to the environment.
• Utilize the English language to communicate and interact effectively, in both written and oral formats, to a variety of individuals and diverse groups of human beings.
• Apply mathematical concepts, including statistical methods, to study environmental phenomena (including field and laboratory data).
• Understand the natural environment and its relationships with human activities.
• Demonstrate an ability to integrate the many disciplines and fields that intersect with environmental concerns.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some required courses carry minimum prerequisites. Refer to the program grid.

• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees.)

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 03.0104.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

• For the purpose of the articulation agreement with UMass Lowell:
  ° It is recommended that students intending to transfer as an Environmental Science major to UMass Lowell complete Physics II (PHY 102).
  ° If the student intends to pursue the Environmental Geoscience option at UMass Lowell, it is recommended that the student also complete Calculus II (MAT 234).
  ° Students must receive a minimum grade of “C-” in all courses within the program for transferability to UMass Lowell.

Liberal Arts - History Option — LAHI

Associate in Arts

Program Goals:
• Provide a foundational education in history, enabling transfer to a baccalaureate program in history.
• Provide a well-rounded foundational education in the liberal arts disciplines, defined as fine arts, humanities, mathematics, natural sciences, and social and behavioral sciences.
• Foster and hone high-level communication and critical reasoning skills, vital for success in a baccalaureate program or professional career.
• Provide the broad-based intercultural and interdisciplinary learning for flourishing in the globalized, knowledge-driven, and increasingly diverse society and economy of the 21st century.
• Instill the life-long orientation to learning that a continuously evolving global society will require for sustained success.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Utilize the broad-based liberal arts curriculum in the fine arts, humanities, mathematics, natural sciences, and social and behavioral sciences to develop a historical perspective on the world.
• Demonstrate a basic knowledge of significant periods, events, and ideas in the past that have shaped different cultures and civilizations.
• Analyze primary sources in their historical context.
• Evaluate secondary sources through an understanding of how historians ask questions and interpret the past.
• Write articulately and persuasively on historical issues.
• Demonstrate understanding of the development, diversity, and complexity of human behavior in society and culture, and the methodologies to do so in the social and behavioral sciences.
• Demonstrate the capacity to make well-reasoned ethical and aesthetic judgments, by calling upon the discursive, expressive, and interpretative skills honed and developed in the humanities and fine arts.
• Apply the concepts and methods of mathematics to solve problems, and demonstrate quantitative reasoning in a variety of disciplines.
• Demonstrate knowledge of the scientific process and basic scientific principles, and apply the scientific method to complex problems in the natural sciences.
• Demonstrate high-level communication skills (verbal, written, graphic, and numerical) across the full span of the liberal arts disciplines.
• Apply critical reasoning skills, drawing upon interdisciplinary approaches, to analyze and solve complex problems.
• Demonstrate the ability to use interlibrary catalog/loan systems and electronic databases and to distinguish between reliable and non-reliable sources, whether print, cinematic, televisual, or web.
• Demonstrate the multiple perspectives that derive from knowledge and awareness of cultures and cultural practices (one’s own and others’).

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

Liberal Arts - Music Option — LAMU
Associate in Arts

Program Goals:
• Prepare students to transfer to a four-year college or university, or entry-level work requiring communication and critical thinking skills.
• Provide a foundational education comprised of the humanities, social sciences, and mathematics, with a concentration in music knowledge, skill, and a solid base of musical proficiency.
• To attract students with a strong interest in music, whom might otherwise never attend, to the college experience.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Demonstrate fundamental musicianship.
• Demonstrate and apply music theory and composition.
• Identify historical perspectives of music, including styles and nationality, and interpret the underlying meanings of music from historical perspectives.
• Distinguish melodic and rhythmic intervals and demonstrate this through musical dictation.
• Create, analyze, and understand the aesthetic value of musical works.
• Demonstrate musical proficiency in his/her chosen instrument.
• Demonstrate a broad range of knowledge, skill, and abilities for interpreting the human experience via the arts and humanities, mathematics and natural sciences, and the social and behavioral sciences.
• Appreciate and contribute to the history of diverse human cultural experience and develop a global perspective for interpreting and evaluating it.
• Use rich, descriptive language and logical, coherent structure to convey ideas effectively in multiple modes of communication - speaking, reading, writing, and listening.
• Acquire, analyze, organize, and utilize data to determine appropriate solutions to myriad work/life/personal challenges.
• Develop a life path that develops self-actualization, adapts to change, and recognizes the value of lifelong learning.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 50.0901.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

**Total Credits Required:** 60-61

For information on electives, see p. 338-339.
Liberal Arts - Psychology Option — LAPY
Associate in Arts

Program Goals:
The Psychology option in Liberal Arts prepares students for transfer to four-year colleges and universities at which they can continue their education in the field of psychology.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Demonstrate familiarity with the major concepts, theoretical perspectives, empirical findings, and historical trends in psychology.
• Understand and apply basic research methods in psychology, including research design, data analysis and interpretation.
• Respect and use critical and creative thinking, skeptical inquiry, and, when possible, the scientific approach to solve problems related to behavior and mental processes.
• Understand and apply psychological principles to personal, social, and organizational issues.
• Weigh evidence, tolerate ambiguity, act ethically and reflect other values that are the underpinnings of psychology as a discipline.
• Acquire, analyze, organize, and utilize data to determine appropriate solutions to myriad work/life/personal challenges.
• Demonstrate comprehensive scientific, mathematical and computer/technological competencies.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.
• This program may be completed 80% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 42.0101.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

**Total Credits Required:** 62
Liberal Arts - Theater Option — LATH
Associate in Arts

Program Goals:
Theater at Quinsigamond Community College serves the Liberal Arts by providing a rigorous aesthetic, intellectual, and practical opportunity to explore the frontiers of learning and the formation of collaborative communities. The primary mode of study is the practice of theater, involving theoretical, historical, aesthetic and technical elements. The program is comprehensive in nature, and is designed to maximize opportunities for training that would transfer to four-year institutions for students interested in theater arts, or provide our students with enough knowledge to enter the visual or performing arts workforce.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:

• Obtain a fundamental understanding of the production process, including ticket sales, set design/construction, lights/sound, and marketing, front of house, props, costumes, and make-up/hair.
• Learn how to use their bodies as vessels for more complete and creative acting and character development; students will also learn tumbling, mask utilization, breathing techniques, and script analysis as it serves the physical life of the characters, as well as balance, physical/psychological extension, flexibility, stress/adaptive strategies, sensory acuity, and hand-to-hand combat.
• Learn the importance of breathing, alignment, dynamic tension, warm-up, range extension, pitch and stress work, resonance, vocal care and stamina, acting through the emotion, improving speech detail, International Phonetic Alphabet notation/pronunciation in varying contemporary and classical styles, and text analysis; students will study how “voice” can influence characterization and will also learn dialects.
• Gain familiarity with the art and practice of acting, both as an observer and a participant, including an introduction to the language, terms, and concepts of theater, as well as to the specific craft and technique work of the actor and the process by which actors work; students will learn to critically observe and evaluate theater performance: text and subtext, stage business, blocking, character analysis, analyzing a script - dramaturgy, beats of action, methods of acting - want/ objective-obstacle-action-conclusion, auditioning skills, play reports, post 1930 full-length plays (non-musicals, one-acts, or ten-minute plays), urgency scene (no speaking), oral history, as well as other skills.
• Learn how to manage a production from rehearsal to performance to striking the production on closing night, including pre-show techniques and efficiencies, call times, sound and light cues, costume changes, front of house coordination, recording blocking, and managing backstage; students will also learn Actors Equity Association rules of stage management.
• Learn to develop artistic perception, creative expression, and aesthetic valuing of the writer’s Creative Intent, and develop the ability to connect and apply what is learned in drama to other art forms, subjects, and careers; students will continue to learn theater terminology for the stage, acting, directing, and technical aspects of production through the literary management of the text, will learn writing/acting/script analysis, and will use personally-inspired stories to create scenes and possibly one-act plays, as well as cultural implications, staging effects, and oral interpretation.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).
Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 50.0507.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

For information on electives, see p. 338-339.
Criminal Justice — CJ
Associate in Science

Connections:
The following certificate(s) can be completed along with this associate degree:
• Law Enforcement Certificate (Program Code: LEC)

Program Goals:
This program provides students with a broad academic background in the area of criminal justice and the opportunity to develop the skills needed for pursuing a public service career in policing, corrections, courts, probation, parole, federal agencies, the private sector, or transfer to a four-year institution.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Communicate ideas and information; plan, organize, and evaluate projects.
• Work in teams and with diverse populations and constituencies.
• Apply problem-solving techniques.
• Use technology appropriate to their fields.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
• This program may be completed at the QCC Worcester campus or at the Southbridge location.

• This program may be completed face-to-face.
• This program may be completed 80% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for DANTES and CLEP Exams (six credit maximum). Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 43.0107.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

For information on electives, see p. 338-339.
Direct Support Certificate — DSC

Certificate

Connections:
Credits from this certificate can be applied to the following associate degree(s):
• Human Services - Associate in Science (Program Code: HA)

Program Goals:
This program is designed for community support workers who work in programs funded by the Massachusetts Department of Developmental Services (DDS). It serves as a pathway for career development and advancement for non-degree workers in the field. Graduates are prepared to transfer into the Associate Degree Program.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Understand the past, present and future of human services.
• Demonstrate the ability to effectively perform empathic listening, observation and interactional skills with individuals, groups, families and community.
• Utilize knowledge of formal and informal networks for individuals, families and groups within the development disabilities (DD) community of care.
• Understand and apply a specific set of skills designed for effective interaction and treatment for individuals with developmental disabilities.
• Identify, explain and apply the 12 National Community Support Skill Standards for human service delivery.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.
• Students applying for the Direct Support Certificate are required to complete a program specific application in addition to the College admissions application.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).
• Must be employed in a DDS funded agency for six months or longer.
• Must meet with the Direct Support Certificate Program Coordinator to complete additional application.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are required. Finger printing and drug testing are not required.
• CORI/SORI checks are required for all students before fieldwork/practicum placement; students should be aware that a court record, active or inactive, may prevent them from completing curriculum/fieldwork requirements.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• Registration for the practicum includes a fee for Liability/Malpractice Insurance.

Location:
• Some courses are offered at the Southbridge location.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.
• For students attending QCC for career development and that have 5-7 years of prior experience in the field of human services, a portfolio may be a viable option for prior learning credit.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 44.0000.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email: humanservices@qcc.mass.edu

Gainful Employment:
Visit www.QCC.edu/gainful-employment for more information.

Fire Science — FS
Associate in Science

Connections:
The following certificate(s) can be completed along with this associate degree:
• Fire Science Certificate (Program Code: FSC)

Program Goals:
This program prepares students for a career as a firefighter or to advance in the Firefighting profession. Graduates are prepared to transfer to a four-year program.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Demonstrate and use basic interpersonal, group and public communication skills.
• Formulate accurate and clearly written letters, memos, technical reports and business communications.
• Illustrate and relate the basics of mathematical models to fire and life safety.
• Summarize and restate basic theories and fundamentals of how and why fires start, spread and are controlled.
• Evaluate the components of building construction related to fire and life safety; including inspections, pre-incident planning and emergency operations.
• Compare and contrast and performing basic responsibilities of company officers including supervision, delegation, problem solving, decision-making, communications and leadership.
• Evaluate the laws, rules, regulations, and codes and those relevant to fire prevention of the authority having jurisdiction.
• Distinguish the benefits of fire protection systems in various types of structures.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• The Fire Science Program does not have any additional costs. However, EMT 101 may require students to purchase some supplies. The EMT 101 course prepares students for the Massachusetts State Certification exam and the cost of the state exam is the student’s responsibility.

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be competed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.
• Additionally, credit may be earned for courses taken at the Massachusetts Firefighting Academy or at Worcester Fire Academy or for EMT 101 for students with current EMT Basic, EMT I or EMT Paramedic certification.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 43.0202.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email: firescience@qcc.mass.edu

Additional Information:
• This Program is designed to align with the Fire and Emergency Services Higher Education (FESHE) Model for Associate degree Programs in Fire Science.
• QCC is recognized as a FESHE College by the National Fire Academy - FEMA.

Fire Science Certificate — FSC

Connections:
Credits from this certificate can be applied to the following associate degree(s):
• Fire Science - Associate in Science (Program Code: FS)

Program Goals:
This program prepares students for a career as a firefighter or to advance in the Firefighting profession. The certificate credits are directly applicable to an Associate of Science Degree in Fire Science.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Demonstrate and use basic interpersonal, group and public communication skills.
• Formulate accurate and clearly written letters, memos, technical reports and business communications.
• Illustrate and relate the basics of mathematical models to fire and life safety.
• Summarize and restate basic theories and fundamentals of how and why fires start, spread and are controlled.
• Evaluate the components of building construction related to fire and life safety; including inspections, pre-incident planning and emergency operations.
• Compare and contrast and performing basic responsibilities of company officers including supervision, delegation, problem solving, decision-making, communications and leadership.
• Evaluate the laws, rules, regulations, and codes and those relevant to fire prevention of the authority having jurisdiction.
• Distinguish the benefits of fire protection systems in various types of structures.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HISET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• The Fire Science Program does not have any additional costs. However, EMT 101 Basic Emergency Medical Technology may require students to purchase some supplies. The QCC EMT 101 course prepares students for the Massachusetts State Certification exam and the cost of the state exam is the student’s responsibility.

Location:
• This program may be completed at the QCC Worcester campus.
• This program may be competed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.
• Additionally credit may be earned for courses taken at the Massachusetts Firefighting Academy or at Worcester Fire Academy or for EMT 101 for students with current EMT Basic, EMT I or EMT Paramedic certification.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 43.0203.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email: firescience@qcc.mass.edu

Additional Information:
• This Program is designed to align with the Fire and Emergency Services Higher Education (FESHE) Model for Associate degree Programs in Fire Science.
• QCC is recognized as a FESHE College by the National Fire Academy.

Gainful Employment:

Human Services — HA
Associate in Science

Connections:
The following certificate(s) can be completed along with this associate degree:
• Direct Support Certificate (Program Code: DSC)
• Human Services Certificate (Program Code: HS)

Program Goals:
This program prepares students for a career as an entry-level human service practitioner. It also serves as a pathway for career development and advancement for non-degree workers in the field of human services. Graduates are prepared to transfer to a four-year program.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Understand the past, present and future of human services.
• Demonstrate the ability to effectively perform empathic listening, observation and interactional skills with individuals, groups, families and community.
• Conduct intake interviews and provide a basic assessment of human needs.
• Apply core interpersonal skills within the helping relationship.
• Be prepared for group facilitation and participation.
• Utilize knowledge of formal and informal networks in the human services delivery system.
• Apply fundamental legal and ethical standards in providing client services and maintaining participant records.
• Advocate for participants needs utilizing a strength-based culturally competent dynamic.
• Identify, explain and apply the 12 National Community Support Skill Standards for human service delivery.
• Be eligible to sit for the Human Services-Board Certified Practitioner (HS-BCP) Exam.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HISET).
• English: ENG 091 with a grade of “C” or higher; ENG 096 with a grade of “C” or higher; or appropriate placement score.

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are required. Finger printing and drug testing are not required.
• CORI/SORI checks are required for all students before fieldwork/practicum placement; students should be aware that a court record, active or inactive, may prevent them from completing curriculum/fieldwork requirements.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).
• Registration for Practicum I and Practicum II includes a fee for Liability/Malpractice Insurance.

Location:
• This program may be completed at the QCC Worcester campus or at the Southbridge location.
• This program may be completed face-to-face.
• This program may be completed 50% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.
• For students attending QCC for career development and that have 5-7 years of prior experience in the field of human services, a portfolio may be a viable option for prior learning credit.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 44.0000.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Human Services Certificate — HS
Certificate

Connections:
Credits from this certificate can be applied to the following associate degree(s):
• Human Services - Associate in Science (Program Code: HA)

Program Goals:
This program prepares students for an entry-level career positions in a wide variety of human service occupations. It also serves as a pathway for career development and advancement for non-degree workers in the field. Graduates are prepared to transfer into the Associate’s Degree.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Understand the past, present and future of human services.
• Demonstrate the ability to effectively perform empathic listening, observation and interactional skills with individuals, groups, families and community.
• Conduct intake interviews and provide a basic assessment of human needs.
• Apply core interpersonal skills within the helping relationship.
• Be prepared for group facilitation and participation.
• Utilize knowledge of formal and informal networks in the human services delivery system.
• Advocate for participant’s needs utilizing strength-based, a culturally competent dynamic.
• Identify, explain and apply the 12 National Community Support Skill Standards for human service delivery.

Admissions Process:
Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are required. Finger printing and drug testing are not required.
• CORI/SORI checks are required for all students before fieldwork/practicum placement; students should be aware that a court record, active or inactive, may prevent them from completing curriculum/fieldwork requirements.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
• This program may be completed at the QCC Worcester campus or at the Southbridge location.
• This program may be completed face-to-face.
• This program may be completed 80% or more online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

• For students attending QCC for career development and that have 5-7 years of prior experience in the field of human services, a portfolio may be a viable option for prior learning credit.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 44.0000.

Transfer Articulations & Opportunities:
Prospective students may learn more about transfer articulation agreements at www.QCC.edu/agreements. More information regarding transfer opportunities is available at www.QCC.edu/transfer.

Program Contact Email:
humanservices@qcc.mass.edu

Gainful Employment:
Visit www.QCC.edu/gainful-employment for more information.

- Register for and successfully complete all courses to graduate in two semesters.
- Apply and get accepted to this program (Program Code: HS).
- Meet with a QCC Career Placement Services Representative and attend Workshops. See www.QCC.edu/career-placement-services.
- Meet with Academic Advisor to discuss associate degree (Program Code: HA).

- Meet with a Career Placement Representative for Job Search Assistance services.
- Submit an Intent to Graduate Form, located on The Q.

For information on electives, see p. 338-339.
Law Enforcement Certificate — LEC
Certificate

Connections:
Credits from this certificate can be applied to the following associate degree(s):
• Criminal Justice - Associate in Science (Program Code: CJ)

Program Goals:
This certificate was developed in cooperation with the Massachusetts Police Chiefs Association (MPCA) to have a better-educated and more professional workforce. The certificate credits are directly applicable to an associate of science degree in criminal justice.

Student Learning Outcomes:
Upon completion of the program graduates will be able to:
• Appreciate the discipline of criminal justice and its role in contributing to our understanding of the evolving world of crime.
• Understand the criminal justice system and organizational environment in which they plan to work, including government institutions, political institutions, and organizational structure.
• Demonstrate the ability to use technology to access information and perform technological functions relating to the criminal justice systems; communication that facilitates cogent rhetorical expression of one’s abilities and knowledge through literacy.

Admissions Process:
Admissions inquiries should be directed to admissions@qc.edu. Prospective students may apply to the program of their choice by following the enrollment steps at www.QCC.edu/enrollment-steps.

Admissions Requirements:
Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.
• High School Diploma or GED/High School Equivalency (HiSET).

CORI, SORI, Finger Printing & Drug Testing:
Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Finger printing and drug testing are not required.

Additional Cost:
See the Program Fees (page 33). (Note: Not all programs have program fees).

Location:
• This program may be completed at the QCC Worcester campus or at the Southbridge location.
• This program may be completed face-to-face.
• This program may be completed 100% online.

Technical Performance Standards:
See the Technical Performance Standards (page 20). (Note: Not all programs have technical performance standards).

Credit for Prior Learning:
Students enrolled in this program may be able to earn academic credit for prior learning. Please contact the Student Employment and Transfer Center (Room 272A) at careerservices@qcc.mass.edu or 508.854.4439.

Career Outlook:
Please consult the Massachusetts Career Information System at https://masscis.intocareers.org/ or the Occupational Outlook Handbook at www.bls.gov/ooh/ for specific occupational information. The CIP code for this program is 43.0107.

Notes:
Course Information

The College offers three types of associate degrees, and the type of degree determines the minimum number of credits required in general education. The Associate in Applied Science degree requires a minimum of sixteen credits in general education; the Associate in Science degree requires a minimum of twenty credits in general education; and the Associate in Arts degree requires a minimum of thirty-three credits in general education. These requirements are distributed across the disciplines of Humanities, Mathematics, Science, and the Social Sciences. Actual distribution requirements will vary according to the demands of each program.

General Education Student Learning Outcomes

General education at Quinsigamond Community College provides students with the skills, knowledge, and perspectives that enable them to achieve their academic, professional, and personal goals. The following general education student learning outcomes are integrated into the general education and program courses that are required for each associate degree program.

- **Communication Skills**: Students will be able to write and speak effectively.
- **Information Literacy**: Students will engage in a reflective process of information discovery, articulate the value of information and its cycle of development, and participate responsibly in communities of learning.
- **Quantitative Reasoning**: Students will apply the concepts and methods of mathematics to solve problems.
- **Scientific Reasoning**: Students will relate scientific methods of inquiry to the acquisition of knowledge.
- **Technical Literacy**: Students will utilize computer and emerging technologies effectively.
- **Aesthetics**: Students will appreciate the variety of human experiences as expressed through the arts.
- **Multiple Perspectives**: Students will demonstrate knowledge and appreciation of diverse cultures.
- **Ethics**: Students will develop an awareness of personal obligations and responsibilities in one’s community of influence.
- **Impact of Technology**: Students will reflect on the impact of scientific and technological advances on the individual, society, and the environment.
- **Civic Literacy**: Students will demonstrate awareness of the responsibilities of local, national, and international citizenship.

Information on Course Selection

Types of Courses

**College level courses**: College level courses are defined as all credit courses offered by the College except the developmental (pre-college level) courses.

**Developmental Courses**: Developmental courses are courses offered by the College to improve academic skills of students, enabling them to succeed in college level courses. The following developmental courses cannot be used to satisfy degree or certificate requirements.

- CHM 090
- ENG 090
- ENG 091
- ENG 095
- ENG 096
- MAT 090
- MAT 095
- MAT 098
- MAT 099

**Interdisciplinary Courses**: Interdisciplinary courses are those courses which combine subject matter from more than one academic discipline. The interdisciplinary courses can also be used to satisfy a Liberal Arts Elective if they have an IDS designation in the course numbers.

Types of Course Modalities

The following types of course modalities are offered at Quinsigamond Community College.

**Face-To-Face**

A face-to-face course is one in which instruction is delivered fully on-site with face-to-face interaction between the instructor and student. A face-to-face course may make use of computers, the internet, or other electronic media in the classroom. Students may be directed to online materials provided by publishers or to other internet accessible sources as part of their course work.

**Blended**

A Blended (also, hybrid) course has fewer in-person course meetings than a face-to-face course. A portion of the course is delivered online and a portion is delivered on-site face-to-face. Blended courses use the institution’s chosen Learning Management System for the online portion of the course.

**Online**

An online course is a course that is provided entirely through the institution’s Learning Management System. No on-site class meetings are required. Although it is preferred that all assessments occur within an online course, a proctored in-person exam may be required.
Accelerated
An accelerated course runs in a compressed time and either meets more often to ensure adequate contact time or utilizes other proven accelerated learning methods to replicate the required contact hours. Specialized accelerated learning cognitive methods may also be used. An accelerated course may be offered face-to-face, online, or in a blended modality.

Types of Electives
Electives: Any college level course qualifies as an Elective, and a student may enroll in any college level course for which he or she meets the prerequisites.

Business Electives: Courses with the following designations are considered Business Electives:
- Accounting (ACC)
- Bookkeeping (BKK)
- Business (BUS)
- Business Law (BSL)
- Business Office Support Specialist (BSS)
- Computer Information Systems (CIS)
- Economics (ECO)
- Finance (FIN)
- Hospitality & Recreation Management (HRM)
- Logistics (LOG)
- Management (MGT)
- Manufacturing Technology (MNT)
- Marketing (MRK)

Multiple Perspectives Electives: Courses designated as Multiple Perspectives Electives involve the study of diversity of people with respect to culture (national origin, language, religion, and ethnicity), gender, race, social class, age, sexual orientation, and ability. The study can be focused on diversity in America or global diversity in a non-Western context.

The following courses are considered Multiple Perspectives Electives:
- ANT 111 and ANT 221
- ART 260
- ASL 111, ASL 112, ASL 113, ASL 200, ASL 211, ASL 212, and ASL 215
- CHC 151, CHC 250, and CHC 255
- CRJ 110
- ENG 231 and ENG 232
- FRC 111, FRC 112, FRC 211, and FRC 212
- GEO 210
- GER 111, GER 112, GER 211, and GER 212
- GRT 101
- HST 104, HST 105, HST 106, HST 133, HST 152, HST 157, HST 203, HST 204, HST 215, HST 216, and HST 241
- HUM 211
- HUS 221
- IDS 101
- MUS 121
- PHA 102
- PHI 121, PHI 123, and PHI 201
- PSY 142
- SOC 111, SOC 115, SOC 201, SOC 211, and SOC 220
- SPN 111, SPN 112, SPN 211, and SPN 212

Foreign Language Electives: Courses with the following designations are considered Foreign Language Electives:
- American Sign Language (ASL)
- French (FRC)
- German (GER)
- Spanish (SPN)

Note that these course designations are also considered Multiple Perspectives Electives or Humanities Electives.

Liberal Arts Electives: The following types of Electives are also considered Liberal Arts Electives:
- Humanities Electives
- Mathematics Electives
- Social Science Electives or Lab Science Electives
- Science Electives

Humanities Electives: The Humanities courses present knowledge concerned with humanity and world culture: philosophy, literature, and the fine arts. These arts are distinguished from the sciences and are produced or intended primarily for beauty, not utility. Sculpture, painting, drawing, architecture, literature, drama, music, and dance are examples of such expressions.

Courses with the following designations are considered Humanities Electives:
- American Sign Language (ASL)
- Art (ART)
- English (ENG)
- French (FRC)
- German (GER)
- Humanities (HUM)
- Music (MUS)
- Philosophy (PHI)
- Spanish (SPN)
- Speech (SPH)
- Theater (THA)

Social Science Electives: All the social sciences are concerned with the study of people and their behavior, both individually and as a member of groups, nations, cultures, and societies.

Courses with the following designations are considered Social Science Electives:
- Anthropology (ANT)
- Economics (ECO)
- Geography (GEO)
- History (HST)
- Political Science (PSC)
- Psychology (PSY)
- Social Science (SOS)
- Sociology (SOC)

Behavioral Science Electives: Behavioral sciences involve seeking to discover general truths about human social behavior.
Courses with the following designations are considered Behavioral Science Electives:

- Anthropology (ANT)
- Sociology (SOC)
- Psychology (PSY)

**Mathematics Electives:** Any college level mathematics course (MAT 100 or above) qualifies as a Mathematics Elective. Note that some programs may have specific recommendations.

**Science Electives or Lab Science Electives:** These courses present systematized knowledge derived from observation, study, and experimentation. Electives that are specifically designated as Science Electives do not require a lab; however, a science course with a lab will also fulfill the requirement. Electives that are specifically designated as Lab Science Electives require a science course that includes a lab (at least four credits).

Courses with the following designations are considered Science Electives (three credits) or Lab Science Electives (at least four credits):

- Biology* (BIO)
- Physics (PHY)
- Biotechnology (BTT)
- Science (SCI)
- Chemistry (CHM)

*BIO 140 (no longer offered) is not a Lab Science Elective

**Social Science Foundational Electives:** The following courses are considered Social Science Foundational Electives:

- ANT 111
- ANT 221
- ECO 215
- ECO 216
- GEO 210
- SOC 101
- PSC 201

**Literature, Philosophy, or Language Electives:** Courses with the following designations are considered Literature, Philosophy, or Language Electives:

- American Sign Language (ASL)
- Humanities (HUM)
- French (FRC)
- Philosophy (PHI)
- German (GER)
- Spanish (SPN)

Note that the following courses are also considered Literature, Philosophy, or Language Electives:

- ENG 200
- ENG 232
- ENG 252
- ENG 212
- ENG 241
- ENG 255
- ENG 215
- ENG 242
- ENG 260
- ENG 231
- ENG 251

**Creative Arts Electives:** Courses with the following designations are considered Creative Arts Electives:

- Art (ART)
- Music (MUS)
- Theater (THA)

Note that the following courses are also considered Creative Arts Electives:

- ENG 202
- ENG 203
- ENG 204

**U.S. or World History Survey Electives:** The following courses are considered U.S. or World History Survey Electives:

- HST 104
- HST 115
- HST 105
- HST 116
- HST 106

**Anticipated Course Offerings**

The College has attempted to identify the cycle of course offerings. The following notations can be found at the end of course descriptions:

- **“F”** indicates course is offered during the Fall Semester
- **“S”** indicates course is offered during the Spring Semester
- **“SU”** indicates course is offered during the Summer Sessions (Sessions I & II will be determined at time of offering)
- **“IN”** indicates course is offered during the Winter Intersession

Courses that are not offered every year may be designated with an “F” or “S” and a specific year. Thus, a course designated “F, 2017” means that the course will be offered in the Fall Semester, 2017. Students are encouraged to work with their advisors to plan out a sequence of courses that takes into account when courses will be offered.

The College reserves the right to deviate from the indicated cycles, although such deviations are anticipated to be minimal. The College also reserves the right to cancel courses and sections that are under enrolled.
Course Descriptions

A prerequisite for a course is listed at the end of its description. It must be successfully completed before registering for that course. The prerequisite requirement may also be fulfilled by an appropriate placement score. The instructor of the course section, program coordinator, academic dean, or the vice president of Academic Affairs may waive the prerequisite requirement on presentation of acceptable documentation. A corequisite requirement indicates a course that should be taken concurrently or prior to enrollment in a course.

Accounting

ACC 101 Financial Accounting I
This course focuses on the relationships between business activities and events and the impact they have on financial statements from a preparer perspective. Students study financial transactions for both service and merchandising businesses and relate the transactions to a company’s assets, liabilities, owners’ equity, revenues, and expenses. Areas of study include the basic accounting model, the process of the accounting cycle, accounting principles and terminology, financial statement preparation, and computerized accounting applications.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score, MAT 090 with a grade of “C” or higher on the MAT 090 departmental final exam; or appropriate placement score

ACC 102 Financial Accounting II
This course builds on the material learned in ACC 101. Students use their knowledge of preparing financial statements to analyze and communicate a variety of financial information including accounting for plant assets, stockholders equity, current and long term liabilities and the statement of cash flows. Students demonstrate the knowledge they gain by working with Web resources to present a financial analysis of a public corporation.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ACC 101

ACC 110 Accounting Software for Small Business
This course focuses on understanding accounting through a mastery of general ledger software applications. Students set up and maintain a computerized accounting records system by recording the transactions necessary to operate a service and merchandizing business. This course covers the areas of cash, accounts receivable, accounts payable, and payroll transactions. Students learn how to create these transactions on a computer and how to understand and interpret the resulting financial reports. During the laboratory component, students will be required to develop an accounting system for a small company. This course will prepare students for the Certified QuickBooks Users examination.

Credits: 4
Semester Offered: F
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score, MAT 090 with a grade of “C” or higher on the MAT 090 departmental final exam; or appropriate placement score

ACC 211 Federal Taxation
This course examines basic federal income and employment taxes. Students learn how to prepare individual tax returns including the appropriate schedules, manually and on computers. Topics covered include analysis of tax problems, identification of tax issues, income inclusion and exclusion, deductible business and non-business expenses, gains and losses, tax credits, special taxes, and current tax laws and procedures.

Credits: 3
Semester Offered: F
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

ACC 222 Managerial Accounting
This course examines information used by executives and managers who work in business. Students study manufacturing accounting, budgeting and forecasting. Using computer applications, working in groups, and through classroom exercises, students learn to use and interpret accounting data as the basis for managerial decision-making and planning.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ACC 102

ACC 225 Volunteer Income Tax Assistance, VITA Practicum
This course introduces students to concepts and language of IRS and taxation while preparing federal and state taxes within their community for low-income individuals.

Credits: 4
Semester Offered: S
Prerequisites: CIS 111, ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score, MAT 090 with a grade of “C” or higher on the MAT 090 departmental final exam; or appropriate placement score

ACC 231 Computerized Accounting
This course focuses on understanding accounting through a mastery of general ledger software applications, using industry standard software. Students set up and maintain a computerized accounting records system by recording the transactions necessary to operate a service and merchandising business. The course covers the areas of cash, accounts receivable, accounts payable, and payroll transactions. Students learn how to create these transactions on a computer and how to understand and interpret the resulting financial reports.

Credits: 3
Semester Offered: S
Prerequisites: ACC 101, CIS 111

Allied Health

ALH 102 Introduction to Medical Terminology
This course provides a basic foundation for students interested in the allied health field. Emphasis is on analyzing word parts and learning basic prefixes, suffixes and word roots. The course also highlights the body systems: basic anatomy and physiology, including terms used in diseases and surgical procedures.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score
ALH 103 Introduction to Pharmacology for Allied Health Professionals

This course provides a foundation with knowledge in pharmacology, a historical view of pharmacology and explores the fundamental pharmacological concepts such as pharmacokinetics and pharmacodynamics. Students study drug classifications, their actions, indications for use, contraindications and adverse effects. Natural alternatives and herbal remedies are included. This course is designed for all students with an interest in the Allied Health Professions, as well as the general public.

Credits: 3
Semester Offered: F/S
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

ALH 106 Medical Law and Ethics

This course explores many legal, ethical and bioethical issues encountered in a medical office and offers suggestions for dealing with those issues in an informed, legal and sensitive manner. Students learn the various designations for medical employees (licensed, registered and certified) and understand the laws that directly relate to physicians. Also an understanding of the role of bioethics in a medical office is discussed.

Credits: 3
Semester Offered: F/S
Prerequisites: ENG 096 with a grade of “C” or higher; or appropriate placement score

ALH 107 Medical Coding and Billing

This course examines ICD-10CM coding, CPT-4 coding, insurance programs, Medicare, insurance claim forms, and legal issues. The course introduces the coding systems and recordkeeping used in medical facilities.

Credits: 3
Semester Offered: S
Prerequisites: ENG 096 with a grade of “C” or higher; or appropriate placement score

ALH 109 Co-Operative Externship

The externship prepares students for a career as a phlebotomy/EKG technician. Students learn phlebotomy skills, EKG skills and how to use reference materials. Students then work in a laboratory and learn how to perform as a phlebotomist; they also work in an EKG clinic and learn how to perform as an EKG technician. Students practice their communication skills, familiarize themselves with the layout of the EKG clinic and its daily and monthly operation. Students experience data entry and third party billing, inventory and quality control checks. Students also practice writing resumes, interviewing techniques and professional skills.

Credits: 6
Semester Offered: F/S
Corequisites: ALH 134

ALH 110 Medical Terminology

This course introduces the coding systems and recordkeeping used in medical facilities. Students' knowledge of how to understand and use reference materials.

Credits: 6
Semester Offered: F/S
Corequisites: ALH 106

ALH 132 Advanced Nursing Assistant

This advanced course is designed for students who have completed a Massachusetts state-approved nursing assistant training program and want to expand their knowledge related to the role and practice of the certified nursing assistant. Students learn the importance of professionalism and develop the traits, behaviors, and skills that employers are demanding of today's healthcare workers. Topics include work ethics and performance, personal values, personal traits of the healthcare professional, interpersonal relationships, teamwork and communication skills, cultural competence, professionalism and personal life, job-seeking skills, becoming a leader, and career development. This course also includes advanced education to expand students' knowledge of how to understand and successfully care for people with dementia. Topics include types and symptoms of dementia, conditions that may present dementia-like symptoms, prevention of abuse, communication strategies, understanding and dealing with challenging behaviors, and the principles of a person-centered approach to care.

Credits: 5
Semester Offered: F/S/SU
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

ALH 133 Phlebotomy/EKG Technician

This course provides an introduction to the theory, techniques and roles of a phlebotomist and electrocardiogram (EKG) technician. Students learn phlebotomy skills, including skin puncture, venipuncture, blood collection, and quality assurance. Additional topics include infection control, medical terminology, quality assurance, principles of venipuncture, specimen handling, basic hematology and basic anatomy of the venous system. Students learn the cardiovascular system as it relates to the performance of an EKG. Students gain knowledge in basic EKG tracing, rate, rhythm, common heart abnormalities and the use and function of the EKG machine.

Credits: 3
Semester Offered: F/S
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

ALH 134 Clinical Co-Operative Externship

The externship prepares students for a career as a pharmacy technician. Students study the laws of pharmacy practice, drug names and classification, compounding, calculations, abbreviations, and dosage forms. Students learn various duties a technician may perform as well as communication skills and aspects of assisting the pharmacist.

Credits: 3
Semester Offered: F
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score, MAT 090 with a grade of “C” or higher on the MAT 090 departmental final exam; or appropriate placement score

ALH 135 Pharmacy Technician Clinical Co-Operative Externship

The externship prepares students for a career as a pharmacy technician. Students learn compounding skills, mathematical calculations, and how to use reference materials. Students then work in a pharmacy and learn how to perform as a pharmacy technician. They practice their communication skills; familiarize themselves with the layout of a pharmacy and its daily and monthly operation. Students experience data entry and third-party billing, inventory and compounding. Students also practice writing resumes, interviewing, and professional skills.
American Sign Language

ASL 111 Beginning American Sign Language I
This course introduces American Sign Language (ASL), a method of visual/gestural communication used by deaf people in the United States and Canada. Students learn visual readiness skills to recognize and express spatial relationships and to use appropriate non-manual signals, such as facial expressions and body movements. Course topics include communicative functions, vocabulary, grammar, and cultural aspects of the deaf community. The course also covers functional communication to help students understand the needs and history of the deaf as well as their Community. Students learn the differences between American Sign Language and oral communication for the deaf.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ASL 112

ASL 112 Beginning American Sign Language II
This course emphasizes visual readiness skills and conversational skills by utilizing grammatical principles, language functions, and cultural behaviors. Students explore the functions of language and identify cultural behaviors characteristic of deaf people. Students increase their fluency in American Sign Language: describing behavior, making requests, and giving directions, etc.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ASL 111

ASL 113 Introduction to Deaf Studies
This course utilizes a multi disciplinary perspective to emphasize issues and values affecting the American Deaf Community. Topics include the causes of hearing loss, the speech and hearing process, various manual sign systems, professions in the field of deafness, current events in the Deaf community, various aspects of deaf communication, technology and its impact on communication, educational philosophies, and the history of the Deaf in the United States.

Credits: 3
Semester Offered: S
Prerequisites: ASL 111

ASL 200 Deaf Community Practicum
This course emphasizes practical experience by involving students in various educational or human service settings that service the Deaf Community. Students utilize receptive and expressive skills as well as their knowledge of Deaf Culture through first hand interaction and exposure. Students integrate their hands on experience with related readings, classroom discussions and student presentations. This course has a community based learning component.

Credits: 3
Semester Offered: F/S
Prerequisites: ASL 113, CORI/SORI Check

ASL 211 Intermediate American Sign Language I
This course focuses on further development of visual-spatial orientation and manipulations skills, sign vocabulary, and complex sentence structures. Students continue learning strategies for opening, sustaining, and closing general conversations on a range of topics. The course concentrates on developing the abilities to question, narrate, and give increasingly detailed descriptions of activities, interactions, plans, and directions. Students learn how to communicate clearly and express themselves in a culturally appropriate way.

Credits: 3
Semester Offered: F/S
Prerequisites: ASL 112

ASL 212 Intermediate American Sign Language II
This course emphasizes further development of visual/spatial orientation, vocabulary, complex sentence structures and conversational skills. Students learn to give clearly detailed descriptions of activities, interactions, plans and directions. Through in-class assignments and interactions with the Deaf community students demonstrate complex conversational receptive and expressive skills. Students learn to analyze and discuss current events in the Deaf community using ASL. The course also covers ASL to voice and voice to ASL translating.

Credits: 3
Semester Offered: S
Prerequisites: ASL 211

ASL 215 Introduction to the Field of Interpreting
This course provides students with information regarding the role and function of an interpreter. Topics covered include: the history of interpreting, terminology, employment options and settings, the Registry of Interpreters for the Deaf, and the Code of Ethics. Students explore interpreting and translation. This course addresses the influence of culture on interpreting, equivalence issues in translation, cultural influences on context, and strategies for improved inter-cultural communication.

Credits: 3
Semester Offered: S
Prerequisites: ASL 113, ASL 211
### Anthropology

**ANT 111 Cultural Anthropology**

The course introduces the concepts of cultural adaptation in small-scale and large-scale societies. It focuses on the integration of fundamental cultural institutions including economics, political organizations, family, and religion. Students learn how to explain why specific cultural differences and similarities occur and persist in the United States and other countries. Students develop an understanding of culture contact, culture change, and the role of anthropology in the modern world.

**Credits:** 3  
**Semester Offered:** F/S/SU  
**Prerequisites:** ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

**ANT 221 Physical Anthropology**

The course examines the evolutionary foundations of human variation and diversity. Students study human evolution; primate behavior; and the interactions of culture, environment, and human biology by reviewing research on biological differences within and among modern human populations.

**Credits:** 3  
**Semester Offered:** SU  
**Prerequisites:** ENG 101

### Art

**ART 101 Art Appreciation**

This course introduces the major art forms and ways to relate to them. Through the use of videos, DVDs and field trips, students learn about the diversity found in art and the impact that artistic works have. Students learn how to appreciate art by developing the skills necessary to view it through intelligent and informed evaluations.

**Credits:** 3  
**Semester Offered:** F/S/SU  
**Prerequisites:** ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

**ART 111 A History of Art I**

This course presents a study of art through the major historical periods in Western civilization. Course topics include pre-historic, ancient, classical, early Christian, and Byzantine artistic expressions including painting, sculpture, architecture, and the minor arts. Students learn the many aspects of the visual arts as they relate to the formal influences by examining the underlying social, political, environmental, and humanistic factors of specific historical periods. Museum trips are required.

**Credits:** 3  
**Semester Offered:** F  
**Prerequisites:** ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

**ART 112 A History of Art II**

This course covers a study of art through the major historical periods in Western civilization. It focuses on painting, sculpture, architecture, and the minor arts of the Renaissance, Baroque, and early modern periods. Students learn aspects of the visual arts of these periods as they relate to formal influences and underlying social, political, environmental, and humanistic factors. Museum trips are required.

**Credits:** 3  
**Semester Offered:** F/S  
**Prerequisites:** ART 111

**ART 121 Contemporary Art**

This course covers the underlying social, political, environmental, and humanistic influences that affect contemporary artistic styles and ways artists have expressed those influences. Students examine the development of diverse styles in contemporary art by exploring the evolution of modern artistic trends from 1940 to the present.

**Credits:** 3  
**Semester Offered:** SU  
**Prerequisites:** ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

**ART 131 Introduction to Drawing I**

This course examines the varied experiences involved in the drawing process while emphasizing an awareness of traditional disciplines. Students learn how to solve problems of surface organization and to develop the ability to analyze and translate three-dimensional space into a two-dimensional surface by using both perceptual and conceptual drawing methods.

**Credits:** 3  
**Semester Offered:** F/S  
**Prerequisites:** ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

**ART 132 Introduction to Drawing II**

This course introduces instrumental and perspective drawing, including free application of mechanical theories. Topics include art and design applications of techniques; proper instrument use; and parallel, angular, and three-point perspective. Students learn how to use both freehand techniques and mechanical instruments to render drawings with speed, accuracy, legibility, and neatness.

**Credits:** 3  
**Semester Offered:** F/S  
**Prerequisites:** ART 131

**ART 141Photographing People**

This course covers both posed and candid photographs of people. Students learn the proper operation of various cameras (automatic, manual, single-lens reflex, digital) and the selection of subjects, posing, and lighting. Students must supply their own photographic equipment (a working camera) and pay their own processing costs for prints.

**Credits:** 3  
**Semester Offered:** F/S/SU

**ART 143 Nature, Scenic, and Travel Photography**

This course covers photography of both natural and human-made subjects of interest to travelers or nature lovers. Topics include photographing wildlife, landscapes, and structures. Students learn ways of visualizing and capturing subjects at various times of the day or year. Course topics include equipment, planning, and techniques necessary to create the best photographs under varied circumstances. The course requires field trips. Students must provide their own photographic equipment (a working camera, and are responsible for the cost of their own film (if used, five rolls minimum), printing or processing, and travel and meal expenses.

**Credits:** 3  
**Semester Offered:** SU

**ART 211 History of Graphic Design**

This course is a chronological exploration of graphic design from the invention of writing and to the digital revolution. Students examine the origins of type and graphic representations from the Renaissance, through Art Nouveau, the Bauhaus, and Postmodern influences. Students learn about the impact that graphic forms have made. Students study the basic concepts and movements in graphic design and the relationship of fine art, design art, photography, and emerging technologies in graphic and visual communications.

**Credits:** 3  
**Semester Offered:** SU  
**Prerequisites:** ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

**ART 221 History of Graphic Design**

This course is a chronological exploration of graphic design from the invention of writing and to the digital revolution. Students examine the origins of type and graphic representations from the Renaissance, through Art Nouveau, the Bauhaus, and Postmodern influences. Students learn about the impact that graphic forms have made. Students study the basic concepts and movements in graphic design and the relationship of fine art, design art, photography, and emerging technologies in graphic and visual communications.

**Credits:** 3  
**Semester Offered:** SU  
**Prerequisites:** ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score
ART 260 American Women Artists
This course surveys the work of American women artists from early Native American times to the present. It focuses on the accomplishments of American women artists in the face of longstanding cultural prejudices against them. Students explore the struggle of women to gain access to schools dominated by men, and examine the gains and setbacks of women artists through each historical period. Students learn the contributions of American women artists to American culture from women's perspective.
Credits: 3
Semester Offered: S
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

Automotive Technology
AUT 102 Fundamentals of Automotive Service
This course provides students the fundamentals of working in the automotive industry. It covers dealership workshop operations and organization, and how to work safely in a shop environment. Students learn to identify the major components and systems of an automobile; how to navigate both printed and electronic service information systems; and how to follow service procedures. The course focuses on the proper use of shop equipment such as hand tools, power tools, and specialty tools, including proper usage, storage and safety guidelines; fasteners, fluids, and vehicle maintenance; and measuring devices such as micrometers and dial indicators.
Credits: 3
Semester Offered: F
Please Note: Two hours lecture, three hours laboratory

AUT 111 Automotive Electrical Systems
This course covers basic automotive electrical theory and operation including the battery and starting and charging system. Students learn electrical diagnostic tools and testing using all service publications in their available formats, obtain information needed for diagnosis, use the Symptom-to-System-to-Component-to-Cause (SSCC) diagnostic process, and learn repair procedures.
Credits: 4
Semester Offered: F
Please Note: Three hours lecture, three hours laboratory

AUT 113 Basic Automotive Electronics
This course explores the internal workings of automotive microprocessors, interrelationship of inputs and outputs, and sensor input and output controlling devices. Through classroom exercises, students examine electronically controlled components and systems, identify and describe the functions of various sensors, learn the types of generated signals, understand the internal workings of the automotive microprocessor, and describe and explain the operation of various output devices.
Credits: 3
Semester Offered: S
Prerequisites: AUT 111
Please Note: Two hours lecture, three hours laboratory

AUT 121 Basic Gasoline Engines
This course covers the basic functions of gasoline engines. Topics include operation, design, diagnostic, and repair strategies. Students disassemble measure, inspect, and reassemble engines to blueprint specifications and perform dynamic tests in a laboratory environment. Students learn how to describe the major components of a gasoline engine and explain how they contribute to an engine's performance and operation.
Credits: 4
Semester Offered: S
Prerequisites: AUT 102
Please Note: Three hours lecture, three hours laboratory

AUT 125 Engine Testing/Performance Analysis
This course covers basic engine performance, operations, and testing. Topics include the theory and operation of engine systems including ignition, fuel and air management, and emission control using current diagnostic methods and tools. Students diagnose and repair engine performance-related problems and learn how to explain the operations and relationships between engine performance and emissions.
Credits: 4
Semester Offered: S
Prerequisites: AUT 102
Please Note: Three hours lecture, three hours laboratory

AUT 131 Brake Systems
This course focuses on the basics of hydraulic principles, and the types, components, and operation of brake systems. Students learn the specific types of master cylinders, disc brakes, drum brakes, and anti-lock brakes with emphasis on diagnosing brake problems and making adjustments and repairs. The course concentrates on the diagnosis and repair of car and light truck anti-lock brakes and stability systems using equipment specified by manufacturers.
Credits: 3
Semester Offered: F
Please Note: Two hours lecture, three hours laboratory

AUT 133 Suspension, Steering & Alignment
This course explores conventional suspension, air suspension, and programmed/automatic ride control systems. Students learn the theory and operation of basic steering systems, rack and pinion steering systems, and variable and electronic steering systems. Topics include two - four-wheel alignment and use of specialized steering equipment. Students gain an entry-level knowledge of suspension and steering as the foundation for performing comprehensive vehicle suspension and steering performance evaluations and repairs.
Credits: 3
Semester Offered: S/SU
Prerequisites: AUT 102
Please Note: Two hours lecture, three hours laboratory

AUT 141 Climate Control System
This course explores the air conditioning and heater components through an understanding of basic refrigeration principles and the use of diagnostic tools. Students learn how to diagnose and repair A/C and heating related problems (including controls, switches, compressors, and clutches) and learn to perform leak testing, recharging, and safety procedures. Students acquire the knowledge necessary to obtain a National Institute Automotive Service Excellence (ASE) certification in this field.
Credits: 3
Semester Offered: SU
Prerequisites: AUT 121
Please Note: Two hours lecture, three hours laboratory

AUT 211 Electronic Powertrain Control Systems
This course covers the repair of devices that manage engine operations, emissions, and powertrain systems. Through a combination of lectures and laboratory work students learn to diagnose and repair electronic powertrain control systems. The course also examines
the regulations for the second generation of On-Board Diagnostics (OBD II) and the latest developments in powertrain controls.

Credits: 5
Semester Offered: 5
Prerequisites: AUT 125
Please Note: Four hours lecture, three hours laboratory

AUT 251 Automotive Drive Train
This course covers manual transmissions, manual transaxles, clutch systems, operation assemblies, and front wheel drive halfshafts. Students learn how to explain driveline functions, including three-, four-, and five-speed manual transmissions and transaxles. They also learn how to diagnose and repair rear differentials, and locate and repair driveline vibrations problems in two-wheel drive, four-wheel drive, and all-wheel drive systems.

Credits: 3
Semester Offered: F
Prerequisites: AUT 121
Please Note: Two hours lecture, three hours laboratory

AUT 253 Automatic Transmission & Transaxle
This course covers the operation principles of automatic transmissions and transaxles including hydraulic and mechanical operating principles and powerflow, diagnostic procedures, disassembly, repair, and reassembly. Students learn about automatic transmission powerflow, hydraulic circuits in valve bodies, and other components. They diagnose problems by electronic testing and pressure methods. The course also covers electronic transmissions and their relationships to the powertrain control module.

Credits: 4
Semester Offered: F
Corequisites: AUT 251
Please Note: Three hours lecture, three hours laboratory

AUT 299 Field Experience and Cooperative Education in Automotive Technology
This course provides students with an opportunity to apply classroom theory to practical work experience in an approved facility. Students receive feedback from supervisors at the employment site who review their progress and consult with the Automotive Technology faculty on an on-going basis.

Credits: 3

Semester Offered: F/S/SU
Prerequisites: Approval of Program Coordinator

Biology

BIO 100 Principles of Human Biology
This course focuses on the basic structure and function of the human body. Topics include the anatomy and physiology of human cells, tissues and key organ systems. Basic chemical principles will be introduced. The course also explores the major types of microorganisms that infect humans as well as concepts of disease transmission and prevention. Three hours lecture, three hours laboratory.

Credits: 4
Semester Offered: F/S/SU
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

BIO 101 General Biology: Core Concepts
Students intending to major in the health sciences learn scientific method, basic chemistry (for the understanding of biologic concepts), structure and function of basic cells and tissues, mitosis and meiosis, genetics, and the basic principles of evolution. The laboratory component covers basic techniques in observation, analysis, and interpretation of data relating to the topics discussed in lecture. The lab activities are investigative in nature with the students devising hypotheses, predictions, and identifying independent and dependent variables.

Credits: 4
Semester Offered: F/S/SU
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

BIO 104 Introduction to Plant Biology
This course introduces the formal concepts of the science of botany as well as the impact that plants have on humans and earth. Topics include plant structure, plant growth, diversity of plants, life cycles and natural history, major plant environments of the world, and the economic influence that plants have on our species. Students gain enhanced appreciation of the importance of plants in our lives and present the fundamental concepts used in the study of plants. In the laboratory component, students learn basic scientific investigation of the plant world.

Credits: 4

Semester Offered: F/S/SU
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score, MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score

BIO 105 Principles of Ecology
This course examines the fundamental concepts of ecology. Topics include ecosystem formation within the context of habitat, population, community, biodiversity, evolution, sustainability and global change. The laboratory component focuses on the collection and interpretation of data based on computer simulations of renowned ecological field studies.

Credits: 4
Semester Offered: F/S/SU
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score, MAT 090 with a grade of “C” or higher on the MAT 090 departmental final exam; or appropriate placement score

BIO 107 Principles of Biology I
This course examines principles of molecular, cellular and physiological levels of living organisms. Topics include biomolecules, cell structure and function, cellular energetics, heredity and the molecular control of genes and evolution. The laboratory component focuses on scientific methodology, acquiring and interpreting data and experimental design. The course is designed for those planning to major in the biological sciences, biotechnology, biochemistry, or biomedical engineering.

Credits: 4
Semester Offered: F/S/SU
Prerequisites: MAT 099 with a grade of “C” or higher on the MAT 099 departmental final exam; or appropriate placement score

Corequisites: ENG 101

BIO 108 Principles of Biology II
This course examines the principles of organismal biology. Topics include evolution, comparative anatomy and physiology, diversity of biological organisms, and plant phylogeny and biology. The laboratory component focuses on scientific methodology, acquiring and interpreting data, and experimental design. The course is designed for those planning to major in the biological sciences.

Credits: 4
Semester Offered: F/S/SU
Prerequisites: BIO 107
BIO 111 Anatomy & Physiology I

This course examines the organization of the human body at the tissue, organ, and system level. Students study the structure and function of the integumentary, skeletal, muscular, and nervous systems with emphasis on concepts of homeostasis, the complementary nature of structure and function, and the interrelationships of systems.

Credits: 4
Semester Offered: F/S
Prerequisites: BIO 101 or High School Advanced Placement Biology
Corequisites: ENG 101

BIO 112 Anatomy & Physiology II

Students study the structure and function of the endocrine, cardiovascular, lymphatic, respiratory, digestive, urinary, and reproductive systems. The course emphasizes the roles that systems play in immunity and in fluid, electrolyte, and pH balance.

Credits: 4
Semester Offered: F/S/SU
Prerequisites: BIO 111

BIO 221 Pathophysiology

This course focuses on the physiological changes associated with normal human function including alterations of cells, inflammation, changes in immunity, disorders of cell proliferation and differentiation, alterations in fluid, electrolyte and pH balance; alterations in perfusion, cardiac function, ventilation, elimination, and hormonal regulation. Students study the etiology, pathogenesis, morphological changes, diagnosis, and the clinical course of major and common diseases. Students learn about epidemiology, natural histories of disease, risk factors, and prevention of disease. Students gain an appreciation for the multi-factorial nature of disease and the interactions of the inflammatory response, environmental factors, and genetic predisposition in pathophysiology.

Credits: 3
Semester Offered: 5
Prerequisites: BIO 112

BIO 231 General Microbiology

This course explores the morphology, growth, metabolism, and genetics of microorganisms including bacteria, fungi, and viruses. Topics include microbial growth, identification, genetic manipulation techniques used in the biotechnology industry, pathogenicity, disease transmission, and immunology. The course emphasizes documentation, data manipulation, and experimental design.

Credits: 4
Semester Offered: F/S
Prerequisites: BIO 107

BIO 232 Medical Microbiology

This course examines the major groups of pathogenic bacteria. Topics include microbial control, immunization, and the physiological problems these microorganisms produce on body tissues. Students learn the general structure and function of bacteria, viruses, molds, fungi, and rickettsiae; the factors which make these microbes pathogenic, and how these factors induce the disease state; how the human body fights infection naturally; and, methods of natural and passive immunization.

Credits: 4
Semester Offered: F/S/SU
Prerequisites: BIO 112 or CHM 123 or CHM 105

BIO 241 Nutrition

This course covers the nutrients including proteins, minerals, and vitamins; their sources; their digestion, absorption, and cellular function. Students also examine nutrition in pregnancy and lactation; nutrition of the elderly; obesity; fad diets; and food preservation.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: BIO 101 or BIO 111

BIO 259 Cell Biology

This course focuses on the structure and function of cells. Topics include organelles, membrane function, metabolism, and regulation of growth as well as collection, analysis, and documentation methods. Students explore laboratory instrumentation, cellular techniques, and manipulations employed in the biotechnology industry.

Credits: 4
Semester Offered: F/S
Prerequisites: BIO 101 or BIO 111

BIO 259 Cell Biology

This course focuses on the structure and function of cells. Topics include organelles, membrane function, metabolism, and regulation of growth as well as collection, analysis, and documentation methods. Students explore laboratory instrumentation, cellular techniques, and manipulations employed in the biotechnology industry.

Credits: 4
Semester Offered: F/S
Prerequisites: BIO 101 or BIO 111

BIO 260 Molecular Biology

This course focuses on the principles of molecular biology and associated laboratory techniques. Topics include the structure and function of nucleic acids including replication, protein synthesis and sorting, and gene regulation. Students learn data collection, analysis, and documentation. The laboratory component focuses on recombinant DNA and its manipulation.

Credits: 4
Semester Offered: F/S
Prerequisites: BIO 107

BIO 262 Principles of Genetics

This course covers the principles of classical and molecular genetics in both model organisms and humans. The material focuses on experimental evidence for genetic principles along with application of these principles to solve problems involving inheritance patterns. Students perform investigative laboratory exercises in genetic mapping, recombinant DNA techniques, gene regulation, and bioinformatics.

Credits: 4
Semester Offered: F/S
Prerequisites: BIO 108, MAT 122

Biotechnology

BTT 101 Introduction to Biotechnology

The basic tenets of biotechnology including the scientific method will be presented through readings on the commercialization of recombinant DNA technology to produce therapeutic proteins and on the drug discovery process. Students will discuss the ethics, public policy issues, patent issues, career opportunities, and therapeutic promises of recombinant DNA technology. Students will also participate in a virtual drug discovery program to elucidate issues in drug discovery such as target identification, lead discovery and optimization, candidate selection, ethical clinical trials, and drug markets.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 091 with a grade of “C” or higher on the re- assessment; or appropriate placement score, MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score

BTT 211 Techniques in Biotechnology I

The course focuses on laboratory skill sets which are commonly used in the biotechnology industry. Students develop specific skills in areas such as formulation of solutions, mammalian cell culture, enzyme assay development, protein expression and purification, DNA and protein analysis, and recombinant DNA techniques.

Credits: 3
Semester Offered: S/SU
Prerequisites: BIO 259, BIO 260, BIO 231

BTT 212 Techniques in Biotechnology II

The course focuses on industrial scale practices in biotechnology with an emphasis on good manufacturing practices. At local biotechnology companies students explore biomanufacturing production suites, laboratories which support biomanufacturing, and drug discovery.
Business

BUS 113 Ethical Issues in Business & the Professions
This course is designed to examine the ethics of professional conduct, evaluate business practices and organizations, using the case study methods and confront students' ethical challenges facing the professional in the light of current business goals, values, and practices in relation to the constantly changing societal expectations.
Credits: 3
Semester Offered: F
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

BUS 201 Integrated Communications for Business
This course emphasizes the creation, preparation and perfecting of effective business communication. Students write and edit letters, memos, proposals, short reports, e-mails, resumes, cover letters, and oral presentations using word processing, spreadsheets, and presentation software. Students create a portfolio of their semester’s work.
Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

BUS 250 Business Administration Capstone
This course is designed to prepare Business Administration career track students to make the transition from school to work. The course focuses on how personality traits effect relationships with coworkers and managers, as well as overall career advancement. Other topics of importance include analysis of the job market, analyzing companies, the job hunting process, including resume presentation, techniques and job interviewing skills, the basics of networking, professional dress codes, and codes of ethics.
Credits: 3
Semester Offered: F/S/SU
Prerequisites: Over 42 credits completed in the Business Administration degree program

BUS 299 Career Strategies and Co-op Experience
This course provides students with career and employment strategies. Students learn the job hunting process, identification of their skill set, resume and cover letter preparation, job interviewing skills, networking, negotiation, interpersonal skills development, business etiquette, ethics, and presenting themselves for success. Co-op Placement: Students develop a learning agreement with the instructor, stipulating learning goals and outcomes based on the position description. Students are required to successfully satisfy the terms of the learning agreement and complete a 150-hour unpaid or 225-hour paid cooperative work experience related to their particular major. The faculty member and career placement services can provide Co-op placement assistance, but students are ultimately responsible for securing a timely Co-op placement.
Credits: 3
Semester Offered: F/S/SU
Prerequisites: ALH 151 or BKK 102 or BSS 104 or permission of the Program Coordinator

Business Law

BSL 101 Business Law I
This course examines law and society; the operation of law as it reflects the mores of human relations; and the ethics of business, criminal, and tort law with special emphasis on the law of contracts. Topics include the general principles of the law assigned, the nature of the United States legal system, the trial process, and the sources of law available. Students analyze court decisions and learn to apply the law both in fact situations and in reasoning in gray areas.
Credits: 3
Semester Offered: F/S/SU

BSL 102 Business Law II
This course covers the Uniform Commercial Code with emphasis in the areas of sales, commercial paper, property law, agency, partnership, and corporations. Students learn the general principles of law assigned, analysis of court decisions, application of law to fact situations, and reasoning in gray areas as they pertain to the UCC.
Credits: 3
Semester Offered: F/S

BSL 103 E-Business Law & Ethics
This course introduces legal, clerical, and cyberlegal issues as they relate to the e-business world of today. Students learn the general laws as they pertain to business with special focus on laws which pertain to e-commerce contracting, copyright, and trademark infringement. The topics of Internet crime, free speech, privacy under the U.S. Constitution, and libel and other torts are also covered. The emphasis of the course is on ethical decision-making and socially responsible and appropriate practices involving technology.
**BSS 101 Keyboarding Applications**

This course focuses on the alphanumeric touch method of keyboarding with a personal computer, emphasizing the progressive development of speed and accuracy. Students learn basic keyboarding techniques, hardware components, and standard business needs, including business letters, forms, proposals, tabulations, and drafts. Through the course, students develop skills in composition, language arts, proofreading, and formatting. The goal of the course is for students to attain a speed of 30-35 wpm for three minutes with less than three errors.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** ENG 091 with a grade of “C” or higher; or appropriate placement score

**BSS 104 Business Office Procedures**

This course prepares students for office support tasks required in all types of businesses. Topics covered include the virtual worker, current employment structure, appointment scheduling, human relations, time and organization management, records management including medical records, compliances, communication, technology used for tasks, decision-making, creative thinking, and lifelong learning skills.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** BSS 101, CIS 111, ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

**BSS 112 Medical/Dental Billing and Insurance**

Students in this course acquire the entry-level skills for using patient billing software in medical and dental offices by utilizing Microsoft® and other web-based patient billing simulation packages. Students explore the steps of the patient billing process, including coding and third-party billing, become familiar with computerized recordkeeping for medical facilities, and learn how the various components of the patient billing system relate to the accounting system in a medical office.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** ALH 102

**CHM 090 Introduction to Chemistry**

This course is a foundation course for studies in biology and chemistry. Students manipulate significant figures and scientific notation; study density, energy, and their calculations; learn basic atomic structure and the periodic table; and write and solve formulas, equations, and related problems. They examine gases, chemical bonding, equilibrium, redox reactions, and rate chemistry; and, demonstrate knowledge of solutions, acid-base chemistry, and related calculations.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** MAT 095 with a grade of "C" or higher on the MAT 095 departmental final exam; or appropriate placement score

**CHM 101 Introduction to the Chemistry of Living Systems**

This course is designed for students seeking careers in the health sciences and the natural sciences (biology and chemistry) by focusing on those chemicals and processes that operate in living systems. Students learn the fundamentals of inorganic, organic, and biological chemistry and apply these chemical principles in laboratory exercises.

**Credits:** 4

**Semester Offered:** F/S/SU

**Prerequisites:** CHM 090 or one year of High School Chemistry, MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score

**CHM 105 General Chemistry I**

This course focuses on the classification of matter and the behavior and characteristics of chemicals in the natural world. Topics include the basic structure of the atom, nuclear chemistry, nomenclature of chemicals, chemical reactions, the mole concept, stoichiometry, acid-base concepts, the concentration units of solutions, the gas laws, thermochemistry and quantum theory. The laboratory portion of the course fosters basic laboratory skills and reinforces lecture concepts.

**Credits:** 4

**Semester Offered:** F/S/SU

**Prerequisites:** CHM 090 or one year of High School Chemistry, MAT 099 with a grade of "C" or higher on the MAT 099 departmental final exam; or appropriate placement score

**CHM 106 General Chemistry II**

This course focuses on stoichiometry, bonding and periodicity in special groups, Lewis structures, intramolecular attractions, crystalline solids, kinetics, acids and bases, thermodynamics, electrochemistry, organic chemistry and biochemistry. The lab fosters basic laboratory skills and reinforces lecture concepts.

**Credits:** 4

**Semester Offered:** F/S/SU

**Prerequisites:** CHM 105

**CHM 123 Principles of Chemistry for Engineers I**

This is the first part of a two-semester course sequence. The course is designed for students in engineering or for students requiring a sound knowledge of chemical principles. Students learn chemical principles of atomic structure, stoichiometry, thermodynamics, gases, quantum theory, chemical bonding, intermolecular forces, and solutions.

**Credits:** 4

**Semester Offered:** F/S/SU

**Corequisites:** MAT 233

**CHM 124 Principles of Chemistry for Engineers II**

This course is designed for students in engineering or for students requiring a sound knowledge of chemical principles. Students learn the chemical principles of chemical kinetics, chemical equilibrium, acid-base, solubility, electro-chemistry, coordination compounds, and organic chemistry.

**Credits:** 4

**Semester Offered:** F/S/SU

**Prerequisites:** CHM 123

**CHM 201 Organic Chemistry I**

This course introduces the chemistry of carbon compounds for students pursuing a career in medicine, chemistry, or modern biology by...
examining the relationship between organic chemistry and biology. Topics include the chemistry of the carbon atom; the structure, physical properties and reactivity of the important classes of organic compounds; stereochemistry; and IR spectroscopy. Laboratory topics include chromatography, isolation and crystallization, fractional distillation, and basic organic reactions.

Three hours lecture, three hours laboratory.

Credits: 4
Semester Offered: F/S/SU
Prerequisites: CHM 106 or CHM 124

CHM 202 Organic Chemistry II

This course includes the study of functional group reactions, aromaticity, NMR spectroscopy, common biological reaction types, biochemicals, biochemical pathways, and natural products chemistry. Laboratory topics include classic organic reactions; synthesis, isolation, and identification of natural products; and, polymer chemistry.

Credits: 4
Semester Offered: F/S/SU
Prerequisites: CHM 201

Complementary Health

CHC 150 Health and Healing: Mind-Body-Spirit

This course explores the whole person health promotion and lifestyle behavior change through the mind-body-spirit perspective of complementary-integrative health and healing. Students explore how all may use complementary-integrative health perspective and self-care practices (such as meditation/mindfulness, breath, imagery/visualization, yoga, integrative wellness care plans, among others) to support health, healing and well-being for oneself and for those in one’s care. The relationship and influence of lifestyle behaviors, chronic stress, and chronic pain on health states is examined. Students learn experiential, reflective and energy-based activities that illustrate Complementary Health’s guiding principles of illness prevention/healthy living, active learning, naturalistic health and healing and whole person care.

Credits: 3
Semester Offered: F
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

CHC 151 Fundamentals of Complementary Health

This course is an overview of the principles, concepts, and practices of complementary-integrative health. The course examines the multidisciplinary fields and the multidimensional therapeutic approaches within complementary-integrative medicine, health and healing. Students participate in experiential and reflective learning activities and explore the therapeutic practices of the complementary-integrative perspective including breath, Reiki, yoga, meditation/mindfulness, imagery/visualization, acupuncture, massage therapy, chiropractic, healthful eating, among others. Complementary Health practitioners from the community participate in experientially-oriented course activities.

Credits: 3
Semester Offered: S
Prerequisites: ENG 101

CHC 250 World Medicines: Harmony and Health

This course explores traditional-indigenous medicines and wisdom traditions in the context of integrative health and healing. The traditional medicines includes: Ayurvedic Medicine of India (e.g., meditation, yoga); Traditional Chinese Medicine (e.g., acupuncture, herbs, Qi Gong); Japanese Medicine (e.g., Reiki); Tibetan Medicine (subtle body and consciousness); and South American/Mexican Curanderismo (e.g., “Folk” medicine, Soul Illness). Elements are the imprint of culture and beliefs on the meaning of health and the treatment of illness; the use of plants/herbs/food; energy and movement; emotion and spirit; and connection to nature in medicine, health, and healing. The health benefits of happiness, forgiveness, kindness, and gratitude are also examined and explored.

Credits: 3
Semester Offered: S
Prerequisites: ENG 101

CHC 255 Strategies in Complementary-Integrative Health: Living in Balance

The course explores complementary-integrative healthcare options and strategies for particular populations of use (women's health, men's health, elders and children) and for healthy living needs from common ailments to lifestyle-related chronic disease. Examples may include type 2 diabetes, cancer, chronic pain, sleep disturbance, anxiety, substance abuse/addiction, heart health, among others, with areas of inclusion shaped by current issues and/or student interests. Core traits and elements of holistic, individualized and relationship-centered care - being present, empowering self, practicing empathy, and welcoming mystery - are included. Breath, movement (e.g., yoga, Qi Gong, Trager), nutrition, therapeutic touch (e.g., Reiki), among others, integrate with course content.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: CIS 111

CIS 105 Introduction to Information Technology

This course provides an overview of the core aspects of information technology. The topics include: computer hardware, operating systems, application software, networks, information security, interactive media, and programming. The course focuses on defining how each IT area relates to, and interacts with, each other. Upon completion of the course, students have the knowledge necessary for further study in IT as well as understanding of the impact of technology on society and organizations of all types. Knowledge and competencies in this course are in National Career Cluster Core IT Standards published by the Educational Development Center (EDC).

Credits: 3
Semester Offered: F/S/SU

CIS 111 Introduction to Microcomputer Applications

This course focuses on basic working knowledge and hands-on experiences in word processing, spreadsheet processing, database processing, and presentation software. Students acquire an overview of computer concepts, the most common business office operating systems, the Internet, and the World Wide Web.

Credits: 3
Semester Offered: F/S/SU

CIS 112 Advanced Microcomputer Applications

This course is a continuation of CIS 111. Students learn advanced database and spreadsheet processing through the use of realistic business situations. They also learn how to use presentation software to create professional-looking documents.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: CIS 111

CIS 115 Introduction to Computer Applications in Telecommunications

This course focuses on a basic orientation to computer hardware and the use of software applications in telecommunications. Students study the Windows environment, and use integrated software packages for word processing, database management, spreadsheets,
and telecommunications. Through lectures, interactive learning, and demonstrations students learn how to solve problems and transfer information via electronic media. They write reports, documents, and presentations and import and export documents between different software applications.

Credits: 3
Semester Offered: F/S

CIS 121 Introduction to Programming with C++
This course focuses on the basic concept of programming, utilization of the executable codes, and implementation of these codes in problem solving. Students learn the concept of solving problems through the design and implementation of algorithmic solutions using the C++ programming language. Topics include the programming process, structured programming techniques, and basic logic formations. Practical business applications are emphasized throughout the course.

Credits: 3
Semester Offered: F/S
Corequisites: CIS 111 or CIS 115

CIS 134 Web Page Development I
This course focuses on the basics of Web site design using the latest version of XHTML and CSS. Topics include text formatting, color, image maps, tables, frames, client-side forms, and insertion of audio and video files. Java Applets will be introduced. Students work on individual or team projects to create Web sites.

Credits: 3
Semester Offered: F/S
Corequisites: CIS 111 or CIS 115

CIS 135 Internet Server Technologies
This course introduces students to the hardware, software, and protocols used on Internet servers. Internet server software and the technologies it supports will determine what features and tools developers may employ when creating Web applications. This provides students with information on the most critical Internet information services such as email, file transfer, and e-commerce.

Credits: 3
Semester Offered: S
Prerequisites: CIS 105

CIS 141 Introduction to Data Communication & Networks
This course examines business data communications. Students learn fundamental communication concepts, communication networks, and communications hardware and software. Students study the information in a non-technical format designed to provide an understanding of data communication systems needed in today's business environment.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: CIS 111

CIS 212 Electronic Health Records
This course provides students with the understanding of Electronic Health Records (EHR) system, HIPPA requirements, patient confidentiality, a team-based approach, and workflow processes in a healthcare setting. This course allows the student to learn to use and operate an EHR software package.

Credits: 3
Semester Offered: F
Prerequisites: CIS 111, ALH 102

CIS 223 .NET Programming I
In this course, students who already have been exposed to programming and critical thinking are introduced to Microsoft.NET architecture, Visual Studio IDE and object-oriented programming with .NET. The course emphasizes building stand-alone desktop projects with graphical user interfaces using WinForm components. Students are taught how to apply the principles of programming and problem solving within an object-based design and event-driven paradigm. Among other skills, the student learns basic interface design, using common libraries and features of the common language runtime.

Credits: 3
Semester Offered: S
Prerequisites: CIS 111 or CIS 115, CIS 121

CIS 225 Programming with C++ II
This course is a continuation of CIS 121 and covers advanced topics including recursive programming, storage techniques, pointer and dynamic variables, arrays, manipulation of data (searching, sorting, etc.), file processing, linked lists, stacks and queues. The course emphasizes structured programming through the use of algorithm analysis. Students explore higher-level problem solving through user-defined functions and classes, and learn how to write programs and demonstrate proficiency in the C++ language.

Credits: 3
Semester Offered: S
Prerequisites: CIS 121

CIS 226 Introduction to Java
This course explores the fundamentals of visual object-oriented programming using the Java language. Students learn how to design, write, and compile Java programs through lectures, hands-on programming assignments, and projects. The emphasis is on problem solving through algorithmic analysis. Topics include Java applications and applets, control structures, methods and classes, arrays, searches, and fundamental data types.

Credits: 3
Semester Offered: F
Prerequisites: CIS 121

CIS 227 Java II
This course is a continuation of CIS 226 and focuses on higher-level visual object-oriented programming using the Java language. Students learn to design, write, and execute Java applications and applets using graphic user interface (GUI) components through lectures, hands-on programming exercises, and projects. Other topics include exception handling, classes and methods, objects and inheritance, and problem solving through the use of algorithmic analysis.

Credits: 3
Semester Offered: S
Prerequisites: CIS 226

CIS 228 SQL Programming
This course introduces students to the fundamentals and functions of Structured Query Language (SQL), including relational database, table creation, updating, and manipulation concepts. Using a live data base, students learn SQL basics and then move on to the more sophisticated and challenging aspects of SQL. Students get in-depth knowledge of the language through extensive use of internet-based, industry standard SQL programming and certification testing engines. Upon completion of this course, students have the skills and competencies required to program in SQL and the background necessary to continue to intermediate and advanced courses in PL/SQL and database administration.

Credits: 3
Semester Offered: F/S
Prerequisites: CIS 105 or CIS 111 or CIS 115

CIS 229 PL/SQL Programming
This is an intermediate course in the use of Relational Database Management Systems Procedural Language, PL/SQL. The course focuses on the concepts, design and components of relational database PL/SQL programming Language, including creating...
record, types, defining transactions, the basics of SQL in PL/SQL and datatypes. The student will also manipulate RDBMS including functions related to multiple tables, compound and complex queries, exporting and importing tables, sub-queries, and reporting.

Credits: 3
Semester Offered: F/S
Prerequisites: CIS 228

CIS 230 Mobile Apps Development
This course introduces application development for mobile devices such as Android, Windows, and web. Students program professional apps, using standard IDE (Integrated Development Environment) platforms commonly used professionally, through lectures, hands-on programming assignments, and individual and group projects.

Credits: 3
Semester Offered: S
Prerequisites: CIS 226

CIS 232 .NET Programming II
This course emphasizes in-depth programming skills and extends the student’s knowledge of Microsoft .NET and related tools. The course emphasizes the use of SQL and ADO.NET for the creation of stand-alone and distributed database applications to solve common business problems. The course exposes student to n-tier and database application design, advanced error handling and the production of flexible business reports.

Credits: 3
Semester Offered: F/S
Prerequisites: CIS 223

CIS 234 Web Page Development II
This course focuses on creating interactive Web sites using the latest version of XHTML, DHTML and JavaScript. Students write code for form validation, page animation, image and text rollovers, pull-down menus, slide shows, create expandable and collapsible outlines, and mouse and keyboard events to create interactive and dynamic web sites. Students also learn to code for W3CDOM. Concepts of e-commerce are discussed.

Credits: 3
Semester Offered: F/S
Prerequisites: CIS 121, CIS 134

CIS 237 Network Management
This course examines the issues from a management perspective that are involved in maintaining and managing an information network. Students learn the requirements of an information network, the aspects of function and support information needs, user access and control, and file and directory maintenance. Other topics include disaster prevention and recovery, network printing, setting operating system parameters for increased performance, and planning and supervision of network growth.

Credits: 3
Semester Offered: F/S
Prerequisites: CIS 141

CIS 240 Introduction to PERL
This course introduces the fundamentals of the PERL language. Students learn how to create and execute basic PERL programs through lectures and hands-on programming assignments. The course focuses on PERL syntax, operators, control structures, and reading and writing data to files. Students use PERL to perform basic Web/common gateway interface (CGI) scripting for Web development support.

Credits: 3
Semester Offered: S
Prerequisites: CIS 121, CIS 134

CIS 241 Systems Analysis & Design
This course provides practical experience in feasibility studies, data gathering, analysis, and design of a business information system. Students study the various techniques that can be utilized, conduct a feasibility study, learn valid data collection processes, analyze existing systems, and design new information systems.

Credits: 3
Semester Offered: F/S
Prerequisites: CIS 121 or CIS 223 or CIS 226 or CIS 240

CIS 243 Database Management Application Development
This course focuses on in-depth database management utilizing current database applications. Students learn the concepts of distributed database systems, query optimization, concurrency control, and deductive database and object-oriented database systems through lecture and hands-on activities. Topics include structural design, testing and debugging techniques, security, and backup and restart procedures. Students design and construct a complete database system.

Credits: 3
Semester Offered: F/S
Prerequisites: CIS 105 or CIS 111

CIS 244 Database Management Concepts
This course provides an overview of the skills and the knowledge of database application systems that are used in business, government, and industry. Topics include database systems, data models, the relational database model, entity relationship modeling, normalization of database tables, advanced data modeling, introduction to Structured Query Language (SQL), database design.

Credits: 3
Semester Offered: S
Prerequisites: CIS 105 or CIS 111 or CIS 115

CIS 245 Database-Driven Web Pages
This course introduces students to building database-driven pages using “open source” tools available on the Internet. The tools used in this course will be PHP (Hypertext Preprocessor), which is a server-side scripting language, and MySQL and/or MS SQL Server, a relational database management system.

Credits: 3
Semester Offered: F/S
Prerequisites: CIS 121, CIS 135 or CIS 141
Corequisites: CIS 234

CIS 246 .NET Programming III
This course introduces students who are already familiar with HTML, Visual Basic, and database concepts to creating N-tier Web applications using .NET technologies such as: Active Server pages and ActiveX data objects. Microsoft’s Active Server Pages (ASP) technology allows the Internet developer to create browser-independent, dynamic Web pages by combining programmatic code with the three-tier client-server Web applications.

Credits: 3
Semester Offered: S

CIS 247 Database Administration
This course focuses on how to fine tune a selected relational database (RDB), such as SQL SERVER/ORACLE. Topics include RDB architectural components; RDB administration tools; RDB instances; creating an RDB database; constructing Data Dictionary views; maintaining the control file; maintaining the Redo Log File; managing table spaces and data files; understanding relationships and impacts on the storage structure; managing tables, indexes and segments; maintaining data integrity; managing users, profiles, privileges, and roles; understanding and using database auditing options; using National Language Support.
CSC 105 IT Help Desk Concepts
This course focuses on key information needed by user support professionals, including decision making, communicating successfully with a client, determining the client’s specific needs, and technical writing for the end user. Students are introduced to the latest in support industry trends, such as the use of Web support, e-mail-based support, self-service support and automated help desk software. Career paths for user-support workers are researched and discussed. This course details real-life scenarios of working professionals and issues in the IT help desk environment.
Credits: 2
Semester Offered: F/S/SU
Prerequisites: CIS 228, CIS 244

CIS 299 Computer Information Systems Cooperative Education
This course provides students with an opportunity to apply classroom theory to practical work experience. Students exchange feedback about their work experience in a seminar environment. The number of credits earned is based upon the number of weeks and hours per week involved in the cooperative work experience as well as established learning objectives.
Credit Range: 3-6
Semester Offered: 5
Prerequisites: Approval of Program Coordinator
Corequisites: CIS 241

Computer Science

CSC 109 Computer Science II
This course is the second in a two-course sequence that provides students with a foundation in computer science. The progression of software engineering topics continues in CSC 108, where greater emphasis is placed on abstraction and sound software design principles, engaging students in the development of secure software components that solve a wide range of related problems and can be reused. The students determine the necessary elements of simple ADTs (such as a counter or a date) and then construct them; by their very nature, these components must be well-documented to encourage reuse. Additionally the students write assertions such as pre-conditions and post-conditions describing each class method, thereby encouraging students to think deeply about a simple problem before coding. After coding, the components must be well-tested, and therefore the use of test plans and test drivers are practiced. These activities reinforce the notion of constructing software from well-defined, independent pieces and complement the study of using existing library classes and APIs in software solutions.
Credits: 4
Semester Offered: F/S/SU
Prerequisites: CIS 111, ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score, MAT 100 or appropriate placement score
Please Note: Four hours lecture

CSC 111 Introduction to Architecture and Assembly Language
This course presents computers from the circuit level to higher levels of abstraction. Students work from logical gates, digital circuits, and memory, through the execution model, machine and assembly languages, and the interaction with high-level languages. Topics include the organization of computers, number representations, assembly language instruction sets and addressing modes, procedure calling and the stack, low-level input/output, and linkers and loaders. Students write and debug programs in assembly language.
Credits: 4
Semester Offered: F/S/SU
Prerequisites: CIS 109 with a grade of “C” or higher

CSC 141 Windows Client Operating Systems
This course provides the student with an introduction to Microsoft client or desktop operating systems. Hands-on activities in the laboratory closely parallel classroom discussion to give the student practical experience with the use and management of multiple desktop operating systems, both legacy and current. Topics include operating system installation and configuration, file systems, resource management, user management, and security. This course focuses on current Microsoft desktop operating systems and teaches subject-matter corresponding to the current Microsoft Solutions Associate certification examination.
Credits: 4
Semester Offered: F/S/SU
Please Note: Three hours lecture, three hours laboratory

CSC 208 Introduction to Architecture and Assembly Language
This course presents computers from the circuit level to higher levels of abstraction. Students work from logical gates, digital circuits, and memory, through the execution model, machine and assembly languages, and the interaction with high-level languages. Topics include the organization of computers, number representations, assembly language instruction sets and addressing modes, procedure calling and the stack, low-level input/output, and linkers and loaders. Students write and debug programs in assembly language.
Credits: 4
Semester Offered: F/S/SU
Prerequisites: CIS 109 with a grade of “C” or higher
CSC 210 Storage Technologies
This course covers the information needed to plan, design, manage, and use storage technology infrastructure for information management in an enterprise environment. Students learn information availability and management theories commonly used in business today, including backup, recovery, and replication. Through hands-on activities, students implement solutions using modern storage subsystems such as Direct Attached Storage (DAS), Storage Attached Networks (SANs), Network Attached Storage (NAS), and Content Addressed Storage (CAS). This course contains subject-matter consistent with topics in EMC's Storage Technologist and CompTIA's Storage+ exams. Note: Some of the products and technologies discussed in this course are subject to federal government restrictions on exports from the U.S. Accordingly, all students registered for this course shall be subject to review under the "Denied Persons List" maintained by the U.S. Department of Commerce's Bureau of Industry and Security in order to determine their eligibility to receive U.S. goods and technology information.

Credits: 3
Semester Offered: S/SU
Prerequisites: ENG 091 with a grade of "C" or higher, ENG 096 with a grade of "C" or higher; or appropriate placement score
Please Note: Two hours lecture, three hours laboratory

CSC 211 Programming with Data Structures
This course introduces data structures using object-oriented programming techniques and basic algorithm analysis. It covers basic structures such as lists, queues, and stack; binary trees and balanced trees; hash tables and priority queues; and set and graph representation. Students use algorithms to survey and apply recursion techniques; apply common sorting and searching algorithms such as MergeSort; graph traversal algorithms such as Floyd's and Dijkstra's; and explore depth-first traversals, divide and conquer, backtracking, and greedy algorithms. Students develop and test a variety of programs in the languages chosen for the course.

Credits: 4
Semester Offered: F/S/SU
Prerequisites: CSC 109 with a grade of "C" or higher or CIS 225

CSC 212 Introduction to Software Engineering
The progression of software engineering topics from the previous computer science courses conclude in CSC 212, where students are asked to step beyond the programmer role and take a broader view of software development; to consider its lifecycle from problem description to maintenance. Students first practice with analysis and design of medium-sized systems. Standard modeling tools are introduced and the students complete the phases of analysis, design, implementation and testing of a medium-sized team project that includes documents such as UML diagrams or CRC cards in addition to test plans. The software engineering topics are integrated with professionalism and ethics, as well as software and information assurance topics, such as security concerns and liabilities of computer-based systems.

Credits: 4
Semester Offered: F/S/SU
Prerequisites: CSC 109 with a grade of “C” or higher
Please Note: Four hours lecture

CSC 221 C++ For Scientists & Engineers
This is a course in computer architecture and programming. Course topics include the fundamentals of software engineering; the computation of the engineering problem and selection of the appropriate algorithm; the relationship between analysis, design, coding and testing; programming algorithm, modularity, functions, constants; data structures, (such as records, lists, and trees); arithmetic operations and variables, accumulating, counting, and formatting output; mathematical library functions; relational expressions; logical operators, loops, solution of simultaneous linear equations; root finding; fixed increment iterations; numerical integration; rectangular approximations and trapezoidal approximations; Simpson's method; pointers and character strings are covered in this course.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: MAT 124
Corequisites: MAT 233 recommended

CSC 223 Computer Hardware and Support
This course is a comprehensive study of the topics students need to learn in order to service, maintain, upgrade, and optimize computer systems’ hardware and related devices. Students perform hands-on laboratory projects utilizing servers, personal computers, laptops, tablets, and embedded systems. This course presents students with subject-matter corresponding to the CompTIA's A+ 220-801 certification examination.

Credits: 4
Semester Offered: F/S/SU
Corequisites: CSC 141
Please Note: Three hours lecture, three hours laboratory

CSC 234 Networking Technologies
This course presents students with information needed to install, configure and troubleshoot local area networks (LANs). Students are also introduced to wide area networks (WANs) methods and technologies. Students will learn the basics of telecommunications, home and enterprise networking technologies, wireless networking technologies, protocols of data communications, LAN cabling, and internetworking. This course presents subject-matter contained within the CompTIA's Network+ certification examination.

Credits: 4
Semester Offered: F/S/SU
Prerequisites: CSC 141
Corequisites: CSC 141
Please Note: Three hours lecture, three hours laboratory

CSC 241 Windows Server Operating Systems
This course introduces students to current Microsoft Windows server operating systems and the techniques utilized to network computers with Windows client and server operating systems. Topics covered include establishing a user environment including permissions and rights, print servers, file system management, and advance configuration and connectivity. Students use hands-on projects and project cases to emphasize what is covered in the lecture. This course presents subject-matter contained in the Microsoft Certified Solutions Associate examination in the area of the current Microsoft server operating system.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: CSC 141
Corequisites: CSC 141
Please Note: Two hours lecture, three hours laboratory

Computer Systems Engineering Technology

CST 205 IT Security Foundations
This course provides students with knowledge of the basic information security goals of availability, integrity, accuracy, and confidentiality. Vocabulary and terminology specific to the field of information security are discussed. Detection of exposures and vulnerabilities with their appropriate countermeasures, planning, and administrative controls are also discussed. Students become competent in the five areas of security, including general security, communications security, infrastructure security, cryptography, and operational/organizational security. This course presents subject-matter contained within CompTIA's Security+ exam.
CST 206 Computer Forensics
This course provides students with an introduction to computer forensics and investigation. Students are presented with methods to properly conduct computer forensics investigations beginning with an understanding of ethics through identification of tools and techniques to prevent, identify, and/or analyze computer crime. Students are presented with subject-matter contained within the Certified Forensic Computer Examiner (CFCE) certification offered by the International Association of Computer Investigative Specialists (IACIS) organization.
Credits: 3
Semester Offered: F/S
Prerequisites: CSC 141

CST 207 Telecommunications in Business
This course provides students with the key technical and business strategies needed to leverage telecommunications technologies effectively in the business enterprise today. This course covers the principles of implementing and managing secure integrated voice, video, and data for a converged network solution, as well as providing an understanding of the importance of the convergence of voice and data in today’s enterprise. This course introduces voice technologies including VOIP, IVR, phone systems, and call center management; reviews video technologies including IPTV and video conferencing; and explores the implementation of LAN and WAN-based technologies including circuit and packet-switched networks. Students are presented with subject-matter contained within the CompTIA’s Convergence Technologies Professional (CTP+) certification exam.
Credits: 3
Semester Offered: F/S
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

CST 208 Enterprise IT Systems Security
This course presents a modern and relevant introduction to information systems security in business. Topics presented combine technical and managerial competence, skills, experience, and credibility to design, implement, and manage enterprise IT systems and network environments. Students are presented with subject-matter contained within the International Information Systems Security Certification Consortium (ISC)² Certified Information Security Professional (CISSP) certification exam.
Credits: 3
Semester Offered: F/S
Prerequisites: CSC 141, CSC 234

CST 209 Ethical Hacking
This course combines an ethical hacking methodology with the hands-on application of security tools to assist students in maintaining secure computer and network infrastructures. Students learn to identify, counter, and defend hackers from penetrating networks and gaining access to vital information, mitigating potential threats. This course presents subject matter contained in the EC Council’s Certified Ethical Hackers certification exam.
Credits: 3
Semester Offered: F/S
Prerequisites: CSC 141

CST 211 Advanced Topics in Security
This course explores and reflects on modern security issues throughout the globe. Students learn to perform ongoing research on advanced security trends and the impact of those trends to the enterprise and consumer. Topics include security best practices, situational awareness, current vulnerabilities and threats, cyber-terrorism, mobile devices and Internet of Things security, and proposed/pending legislative actions regarding information security.
Credits: 3
Semester Offered: F/S
Prerequisites: CST 205
Please Note: Three hours lecture

CST 231 Internetworking Principles and Protocols
This course presents a detailed overview of the implementation of the Transmission Control Protocol/Internet Protocol (TCP/IP) suite. It prepares students with the necessary concepts and skills needed to configure, manage, and troubleshoot the TCP/IP environment. Upon completion of the course, students are able to configure TCP/IP clients and resources, configure and manage TCP/IP services, and troubleshoot network problems using TCP/IP utilities.
Credits: 3
Semester Offered: F/S
Prerequisites: MAT 100 or appropriate placement score

CST 235 Network Infrastructure Management
This course represents the concepts and technologies employed to manage computer networks. It has a technical focus, employing the latest techniques in the disciplines of Network Management to provide a central solution to managing distributed Network Resources. Students design, document, and plan the implementation of a complex network environment including security, configure/ use network management systems to control and troubleshoot networking equipment, and configure and use software to maintain and troubleshoot remote computer systems and resources from a central command center.
Credits: 3
Semester Offered: F/S/SU
Prerequisites: CSC 234
Corequisites: CST 231

CST 238 Enterprise Networking and Application Infrastructure
This course covers the many things that turn a Local Area Network (LAN) into an Enterprise Network. The focus is on the interconnectivity between multiple operating systems, services, and applications commonly deployed in business and industry today. Current trends are further illustrated with the current technology and network operating systems in wide use today.
Credits: 3
Semester Offered: S/SU
Corequisites: CSC 241

CST 240 Routing Technologies
This course provides students with a foundation in, and apprentice knowledge of, network routing for the small to medium office and home office environment. Students gain skills necessary to install, configure, and operate LAN, WAN, and dial access services for small to medium networks, including but not limited to use of these protocols: IP, IGMP, IPX, Serial, AppleTalk, Frame Relay, IP RIP, VLANs, RIP, Ethernet and Access Lists. This course presents student with subject-matter contained within the Cisco Certified Network Associate (CCNA) certification examination.
CST 245 UNIX Operating Systems I
This course provides students with a strong foundation in UNIX operating systems. Students explore the implementation of UNIX in a networked environment as a file/print server in an end-user environment and also as a special-purpose server, such as Web, e-mail, and database servers. Topics include installation and rebuilding of the operating system kernel, configuration, system administration and maintenance, and troubleshooting. This course presents subject-matter contained within the CompTIA's Linux+ certification exams.

Credits: 4
Semester Offered: F/S/SU
Corequisites: CSC 141
Please Note: Three hours lecture, three hours laboratory

CST 246 UNIX Operating Systems II
This course provides students with the knowledge to implement and maintain UNIX-based server technologies. Students install server-based Linux and those packages required to support Linux clients. Server components are discussed and then implemented by students and include: DNS, DHCP, NIS, NFS, and SAMBA. Students explore configuration of log files, remote access, task automation, security, and virtualization. After completing this course students have the required knowledge to sit for the Red Hat Certified System Administrator/Engineer (EX200 and EX300).

Credits: 3
Semester Offered: F/S/SU
Prerequisites: CST 245
Please Note: Two hours lecture, three hours laboratory

CST 250 Web Server Administration
This course is one of three in a series developed to introduce students to the growing complexities of network and application administration in today's enterprise computing environments. This course focuses on Web Servers, emphasizing IT best practices, and providing practical knowledge on how to administer Web Servers in a Windows and Linux environment. Students learn the basics between two common Web Server architectures and environments, Microsoft IIS, and Apache, and learn the basics of using Web Server management consoles and command lines to package and deploy web sites in both environments. Topics such as IIS Manager, Virtual Directories, Web Activation Service, and FTP are examined.

Credits: 1
Semester Offered: S
Prerequisites: CST 245 or CSC 141

CST 251 SQL Server Administration
This course is one of three in a series developed to introduce students to the growing complexities of network and application administration in today's enterprise computing environments. This course focuses on SQL Server, emphasizing practical knowledge on how to administer SQL Server in a Windows environment. Students learn the basics of Relational Database Management Systems along with an overview of products on the market today. Students are introduced to installing and configuring SQL Databases, creating database tables and indices, and accessing data using SQL commands such as SELECT, UPDATE, DELETE, JOIN, and stored procedures. Topics related to administering a Microsoft SQL Server installation is also covered, including SQL Server Management Studio, security considerations, and performance management.

Credits: 1
Semester Offered: S
Prerequisites: CSC 141

CST 252 Exchange Server Administration
This course is one of three in a series developed to introduce students to the growing complexities of network and application administration in today's enterprise computing environments. This course focuses on Exchange Server, emphasizing practical knowledge on how to administer an Exchange Server in a Windows environment. Students learn the basics of installing and deploying Exchange, its integration with Active Directory, using the Exchange Management shell, user and contact administration, mailbox management, and enterprise considerations such as security, backup and recovery strategies, and secure mobile access.

Credits: 1
Semester Offered: S
Prerequisites: CSC 241

CST 253 Unified Communications
This course, one of five in a series, introduces students to the growing complexities of network and application administration in today's enterprise computing environments. This course focuses on Unified Communication Technologies, including real-time enterprise communication services such as instant messaging, presence information, voice, mobility features, audio, web and video conferencing, fixed-mobile convergence, desktop sharing, data sharing, call control and speech recognition with non-real-time communication services such as unified messaging across multiple devices and media-types.

Credits: 1
Semester Offered: S
Prerequisites: CSC 141, CSC 234
Corequisites: CST 231

CST 254 SharePoint Server Administration
This course, one of five in a series, introduces students to the growing complexities of network and application administration in today's enterprise computing environments. This course focuses on SharePoint and other collaborative technologies, emphasizing IT best practices, and providing practical knowledge on how to administer SharePoint in a modern Windows environment. Students explore the information architecture of SharePoint, plan a deployment, and install an on-premise and cloud-based version of the software. Students explore topics such as SharePoint metadata, SharePoint sites, and SharePoint governance.

Credits: 1
Semester Offered: S
Prerequisites: CSC 141

CST 260 Enterprise Network Convergence
This course provides students with the key technical knowledge needed to plan, configure, and verify the implementation of complex enterprise switching solutions. Students explore the principles of managing secure converged data over local area networks, including both physical and protocol options commonly used in business today. Students implement these technologies using Cisco products and sample solutions. At the end of the course, students prepare to sit for Cisco's CCNP Implementing IP Switched Networks (SWITCH) exam.

Credits: 3
Semester Offered: S
Prerequisites: CST 240, CST 207

CST 265 Wide Area Networks
This course provides students with the key technical and business strategies needed to engineer and troubleshoot wide area network (WAN) technologies effectively in the business enterprise today. Students explore the principles of implementing and managing converged data...
in a secure manner over WANs, including both physical and protocol options commonly used in business today. Students implement these WAN technologies using Cisco products and examples. At the end of the course, students prepare to sit for Cisco’s CCNP Implementing IP Routing (ROUTE) exam.

Credits: 3  
Semester Offered: F  
Prerequisites: CST 240

CST 299 Cooperative Work Experience & Seminar  
This course provides students with a structured learning experience, in which they apply classroom theory to a practical work experience. The seminar provides opportunities for students to exchange feedback about their work experience. The number of credits earned is determined by the number of weeks and hours per week required by the cooperative work experience and the objectives of the student’s learning contract.

Credits: 3  
Semester Offered: F/S/SU  
Prerequisites: Approval of Program Coordinator

Criminal Justice  
CRJ 101 Introduction to Criminal Justice  
This course covers the philosophies and historical background of the American criminal justice system. Students discuss the organization, operation, and processes of the components of the justice system: police, courts, and corrections. Students study the nature of crime, the characteristics of criminals and victims, and several contemporary issues confronting each part of the system, such as the use of force by the police, changes in sentencing practices, and the growth in the prison population.

Credits: 3  
Semester Offered: F/S/SU  
Prerequisites: ENG 091 with a grade of “C” or higher; or appropriate placement score

CRJ 102 Terrorism and Homeland Security  
This course covers the fundamentals of preparing an organization and community for terrorism in the 21st century. Areas of study include the concept of threat assessment, prevention, mitigation, and response. Students learn about crisis and consequence management, and the methods used to plan for and respond to domestic terrorist incidents involving nuclear, biological, or chemical weapons of mass destruction as it relates to Homeland Security.

Credits: 3  
Semester Offered: F/S/SU

CRJ 110 Multicultural Diversity in Criminal Justice  
This course examines multicultural issues and social problems relating to the implementation of justice in a culturally diverse society. Students explore and discuss issues such as hate crimes, immigration and refugees in the United States, racial profiling, multicultural issues related to terrorism, homeland security, disaster preparedness, gangs, the homeless, and the mentally ill.

Credits: 3  
Semester Offered: F/S  
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

CRJ 111 Criminal Law  
This course examines the American court system from the perspective of the various ways in which antisocial or criminal behavior is stemmed or prevented by this formal mechanism of social control. Areas of study include common law, morality, decency, crimes against persons and property, and the history of several landmark cases. Students learn the statutory definitions of crime, the importance of constitutional provisions, and the motivations and origins of criminal behavior.

Credits: 3  
Semester Offered: F/S/SU  
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

CRJ 113 Constitutional Law  
This course focuses on the Bill of Rights; the Due Process clause of the Fourteenth Amendment; and, the laws of arrest, search and seizure, right to counsel, self-incrimination, and entrapment. Areas of study include judicial interpretations, civil rights, and individual liberties. Students learn the constitutional framework for criminal justice procedures and policies. The course provides a basis for understanding the principles and reasons on which the U.S. Constitution is based and the application of U.S. Supreme Court decisions.

Credits: 3  
Semester Offered: F/S/SU  
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

CRJ 123 Contemporary Corrections  
This course examines the history, philosophy, and components of the American corrections system. Areas of study include the origins of correctional systems in the U.S. and the development of the major programs that make up the correctional system - jails, probation, intermediate punishments, prisons, and parole. Students learn about life in prison, the management of correctional programs, the increases in imprisonment over the last two decades, rehabilitation, and controversial issues such as the death penalty.

Credits: 3  
Semester Offered: S  
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

CRJ 141 Introduction to Private Security  
This course emphasizes the role and services the security function provides. Students learn about the concepts, origins, and development of security systems. Areas of study include physical/facility security, loss prevention, risk assessment, disaster management, terrorism, and fraud. Students examine workplace violence, transportation security, hazard analysis, cybercrime, and white-collar crime in relation to private security issues.

Credits: 3  
Semester Offered: F/S  
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

CRJ 207 Criminal Investigation  
This course covers the fundamentals of investigation. Students learn the duties and responsibilities of an investigator, interview and interrogation techniques, search methods, techniques of protecting a crime scene, and the collection and preservation of evidence. Areas of study include the modus operandi system, scientific aids, electronic information gathering systems, court preparation, and case follow-up. Students learn the basics of technical writing as it applies to criminal investigation.

Credits: 3  
Semester Offered: F/S/SU  
Prerequisites: ENG 101

CRJ 208 Technologies in Criminal Justice  
This course examines the application of developing technologies in the field of criminal justice. Students learn forensic science techniques, computer applications for disasters and emergencies, record management systems, crime mapping, and automated fingerprint identification systems. The course also covers computerized booking systems, integrated criminal justice information systems, less than lethal weapons, and “interoperable”
wireless communications. Students explore the relationships of these new technologies and how they influence changes in criminal justice agency policy and procedure.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 091 with a grade of "C" or higher, ENG 096 with a grade of "C" or higher; or appropriate placement score

CRJ 211 Evidence & Court Procedure
This course examines the adjudication process and the influence of both case law and established practices of the courts. Areas of study include due process; evidentiary rules; burden of proof; hearsay; and offender, victim, and witness recall. Students learn the relevance of constitutional law to the adjudication process and examine the processing of a real case to understand the strengths and weaknesses of the current judicial process.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 101

CRJ 213 Criminology
This course focuses on various criminological theories. Areas of study include early explanations of criminal behavior and their modern counterparts. Areas of study include an overview of criminological theories regarding various types of violent crimes, property crimes, business and government crimes, drug-related crimes, and fraud-related crimes. Students learn these basic theories and their relationship to criminal investigations.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 091 with a grade of "C" or higher, ENG 096 with a grade of "C" or higher; or appropriate placement score

CRJ 215 Wrongful Convictions
This course examines wrongful convictions from a broadly interdisciplinary perspective. This course will consider the scope and causes, the process of exonerations, and the legal, political and social responses and implications of wrongful convictions on the U.S. Justice System as a whole. Areas of study include eyewitness misidentification, unvalidated forensic science, false confessions, police and prosecutorial misconduct, ineffective assistance, and snitch/informant testimony.

Credits: 3
Prerequisites: ENG 101 or appropriate placement score

CRJ 221 Probation & Parole in the Criminal Justice System
This course focuses on the theories and practice of probation and parole. Areas of study include recidivism, responses of paroling authorities to public pressures, and court controls and their implications for rehabilitative efforts. Students learn about the efforts to create alternatives to incarceration. Among the methods considered is the feasibility and effectiveness of reintroducing individuals into communities as part of their treatment while they are still under sentence. Other new programs used in crime control strategies are also explored.

Credits: 3
Semester Offered: 5

CRJ 231 Introduction to Policing
This course focuses on the philosophy and history of policing, limitations imposed on law enforcement in a democratic society in accordance with the Constitution; and the role and place of law enforcement in the total criminal justice process. Students study law enforcement agencies; examine the current challenges facing the contemporary police officer and practical police problems. Areas of study include homeland security, community policing, and crime control concepts. Students will be expected to demonstrate mastery of these areas before proceeding to more advanced coursework in the curriculum.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 091 with a grade of "C" or higher, ENG 096 with a grade of "C" or higher; or appropriate placement score

Dental Assisting

DAS 101 Clinical Science I
This course covers terminology and procedures performed in a general dental office. Students learn oral diagnosis, treatment of dental disease, management of medical emergencies, and dental therapeutics.

Credits: 3
Semester Offered: F
Corequisites: BIO 100, DAS 151

DAS 102 Dental Sciences
This course provides knowledge and understanding of the development, form and function of the structures of the head and neck and oral cavity including dental anatomy of the teeth, histology and embryology of the teeth and periodontium, and the embryonic development of the face and teeth in order to understand the rationale behind the performance of general dentistry procedures.

Credits: 4
Semester Offered: F
Prerequisites: DAS students only
Corequisites: DAS 101

DAS 105 Clinical Science II
This course explores the concepts of preventive dentistry, patient education and motivation, and dental specialties. Topics include dietary considerations for the dental patient; the psychology of human behavior as it relates to working and communicating with patients, other dental personnel, and society; and, restorative dentistry equipment and methods. Students prepare for the DANB CDA examination through a review of chairside materials, laboratory materials, and procedures.

Credits: 4
Semester Offered: S
Prerequisites: ENG 101

DAS 111 Practice Management
This course introduces students to office principles including reception techniques, appointment control, third-party billing, financial records, and manual and computerized accounting procedures. Students learn the basics of Microsoft Windows®, Word®, and PowerPoint®. Students learn effective oral communication through presentations on selected topics. Students prepare for employment through study of interviewing skills and creation of a resume.

Credits: 3
Semester Offered: 5

DAS 124 Introduction to Oral Pathology
This course is an introduction to the etiology, incidence, and disease process of common oral and dental pathological conditions. Students gain familiarity with diseases of the teeth and supporting structures, developmental disturbances of the oral cavity, and neoplasms; and, distinguish normal from abnormal tissue.

Credits: 1
Semester Offered: S
Prerequisites: DAS students only

DAS 151 Dental Assisting II
This course prepares students to provide chairside assistance to the dentist in all phases of general and specialty dentistry. Topics include principles of four-handed dentistry, instrument use and identification, exposure control, OSHA regulations, and hazard control recommendations. Students explore dental ethics, jurisprudence, and manipulation of chairside intraoral
materials. Students gain a familiarity with a professional dental setting through a 36-hour externship in a local dental office.

Credits: 4  
Semester Offered: F  
Corequisites: DAS 101

DAS 153 Dental Assisting Clinical Practicum

In the setting of a general dental office 60 hours rotation, students apply the skills and knowledge acquired in the classroom by competently performing dental assisting functions including participating in four-handed chairside techniques and related dental assisting procedures. Students are responsible for recruiting patients to participate in full-mouth radiographic series.

Credits: 4  
Semester Offered: F  
Corequisites: DAS 101, DAS 151, DAS 152

DAS 155 Dental Assisting II

In the setting of general and specialty dental office rotations, students apply the skills and knowledge acquired in the classroom by competently performing dental assisting functions including participating in four-handed chairside techniques and related dental assisting procedures. A minimum of 200 externship hours is required. Students must attend weekly seminars to discuss extern issues and topics related to the practice of dentistry. The course also provides a review for the DANB CDA examination.

Credits: 6  
Semester Offered: 5  
Corequisites: DAS 153

DAS 299 Dental Externship

Students apply classroom knowledge to a practical work experience. Students share learning experiences through a bi-weekly seminar conducted in conjunction with a 120-hour externship. Students prepare objectives for their work experience as part of a learning contract and portfolio.

Credits: 3  
Semester Offered: 5  
Corequisites: BSS 111, BSS 112

Dental Hygiene

DHY 111 Dental Hygiene Process I

In this fundamental course, students are introduced to the dental hygiene process of care through lecture and laboratory sessions. The theoretical concepts presented in this lecture are expanded upon and applied in the laboratory setting. Emphasis is placed on patient assessment in the dental hygiene process of care, including: disease transmission theory and regulatory guidelines, infection control practices, medical histories, vital signs assessment, intra and extra oral examination, soft and hard deposits, caries theory, removal of extrinsic stains/biofilm, dentifrices and mouth rinses, and the develop of basis instrumentation skills. Skills are developed through practice on mannequins and student partners.

Credits: 4  
Semester Offered: F  
Prerequisites: BIO 112, CHM 101, DHY 125

DHY 112 Dental Hygiene Process II

This course continues theoretical preparation in the dental hygiene process of care. Emphasis is on the action and administration of fluorides, caries prevention, prevention and management of medical emergencies including medicolegal implications, dental hygiene care planning, introduction to ultrasonic instrumentation, health promotion, and care of special needs clients. In the clinical setting, emphasis is on patient assessment, care planning, patient education, basic hand and ultrasonic instrumentation, care of oral appliances and application of caries preventive agents. Students are expected to use critical thinking and problem solving skills when planning and implementing patient care. A weekly one-hour Service-Learning component integrates with the academic experience.

Credits: 5  
Semester Offered: S  
Prerequisites: BIO 112, CHM 101, DHY 111, DHY 131  
Corequisites: DHY 250

DHY 113 Dental Hygiene Process Summer Clinic

This course continues preparation in the dental hygiene process of care and emphasizes developing and refining hand and ultrasonic instrumentation skills, medical emergency drills, protocol for dietary counseling, intraoral photography and an introduction to supportive periodontal treatment. Students demonstrate their understanding of the dental hygiene process of care in implementation and evaluation using critical thinking, problem solving and sound judgment in providing direct patient care in supervised clinical sessions.

Credits: 1  
Semester Offered: SU  
Prerequisites: DHY 112, DHY 250

DHY 116 Practice Management for the Dental Hygienist

This course introduces students to the duties related to dental practice management administrative functions and to dental office software, as it relates to the provision of clinical services used in the day-to-day operations in a dental setting. Students learn interpersonal and communication skills as well as basic computer skills to utilize dental practice management software for basic office procedures.

Credits: 1  
Semester Offered: IN  
Prerequisites: DHY 111

DHY 121 Anatomy of the Head & Neck

This course provides a theoretical and practical study of the anatomy of the head and neck. Students apply this foundational knowledge of anatomical principals and concepts to dental hygiene practice and the provision of comprehensive dental hygiene care. Students will gain in depth knowledge in head and neck anatomy including: anatomical nomenclature, identification of dento-osseous structures, location and function of muscles, nerves, lymphatics, glandular tissues, blood supply and the anatomy involved in the administration of local anesthetics.

Credits: 2  
Semester Offered: F  
Prerequisites: Admission to Dental Assisting or Dental Hygiene program

DHY 123 Oral Histology & Embryology

The student will study the microscopic anatomy of the oral tissues. Oral structure and its embryonic development and function will be presented. The student will gain knowledge in the cellular structure and embryonic development of the head, face, and oral cavity.

Credits: 2  
Semester Offered: S

DHY 124 Periodontology

This course provides a gross and microscopic study of the anatomy and physiology of the supporting structures of the teeth. The student will gain theoretical and practical knowledge in the etiology, the classification, and principles of examination and treatment of periodontal disease. An ability to recognize normal versus abnormal states of periodontium tissues is an expected learner outcome.

Credits: 2  
Semester Offered: S
DHY 125 Dental Anatomy
This course examines the anatomy and morphology of the human permanent and primary dentitions. The student will gain a theoretical and practical knowledge of tooth anatomy and relate those anatomical principles to the dental hygiene process of clinical care. The student will identify the anatomy of the human teeth.

Credits: 1
Semester Offered: SU

DHY 126 Oral Pathology
The student is introduced to the basic principles and process of pathology. Emphasized are the disease process, pathology of the oral cavity, and their relationship to caring for the total patient. The student is expected to recognize visually normal and abnormal tissue and gain a theoretical and practical knowledge of diseases of the teeth and supporting structures and developmental disturbances of the oral cavity and neoplasms.

Credits: 2
Semester Offered: S

DHY 131 Dental Radiology
This course provides an introduction to the history of dental radiology, radiation hazards and protection, and the production and control of the dental x-ray beam. Classroom and laboratory instruction in x-ray exposure and processing techniques, as well as interpretation of dental x-rays, are designed to prepare the student for future clinical x-ray experience.

Credits: 3
Semester Offered: F

DHY 150 Local Anesthesia for the Dental Hygienist
This course provides the dental hygiene student with the essential skills and knowledge necessary to deliver safe and effective administration of local anesthetics for pain control. Through lectures and clinical experience, students learn to select appropriate anesthetic agents for each patient, select and prepare local anesthetic equipment, locate anatomical landmarks for each injection site and provide comfortable and safe maxillary and mandibular injections. Emphasis is placed on prevention, recognition and management of complications associated with local anesthetic administration. Students serve as patients for each other during laboratory sessions.

Credits: 2
Semester Offered: S
Prerequisites: BIO 111, CHM 101, DHY 111, DHY 121, DHY 125, DHY 131
Corequisites: BIO 112, DHY 112

DHY 201 Health Promotion
This course examines the role of the dental hygiene professional in the promotion of patient-client health and well-being and in the prevention of disease. The multiple dimensions of health will be integrated with theories, principles, and processes of teaching and learning, communication, motivation and strategies for behavior change. Particular patient populations with unique health promotion needs are also presented. The learner will gain an overview of holistic nature of health and the importance of patient-provider relationships.

Credits: 2
Semester Offered: F

DHY 202 Dental Ethics, Jurisprudence & Professional Issues
This course explores the ethical and legal obligations of the Dental Hygiene professional. Content will include the major ethical theories applied in healthcare, the ethical code of the Dental Hygiene profession, and the resolution of ethical dilemma. The learner will become familiar with the legal regulation of their profession including practice acts, licensure, risk management, and quality assurance. A component of the course experience is devoted to preparing for dental hygiene employment and includes current professional issues, preparation of a resume, participation in employment interviews and selecting a career position.

Credits: 2
Semester Offered: S

DHY 211 Dental Hygiene Process III
This course continues the preparation in the dental hygiene process of care and emphasizes the theory of implementation of care for periodontally involved patients including advanced periodontal instrumentation, and the use of chemotherapeutic agents. Students evaluate dental hygiene care through case study applications. This course emphasizes the student demonstrating understanding of dental hygiene implementation and evaluation using critical thinking, problem solving, professional demeanor and sound judgment in providing direct patient care in supervised clinical sessions.

Credits: 5
Semester Offered: F
Prerequisites: BIO 112, DHY 113

DHY 212 Dental Hygiene Process IV
This clinical theory course emphasizes the various dental specialties including but not limited to: General, Orthodontics, Pediatric Dentistry, Endodontics, Periodontics and Oral surgery practice. Lectures provided by dental specialists highlight the role of the dental hygienist in each area. The clinical component emphasizes mastering the delivery of the dental hygiene process of care while demonstrating independent decision making, sound judgment, and critical thinking and problem solving skills. The course emphasizes the treatment of periodontally involved patients requiring advanced instrumentation skills. Service-learning externships include oral health promotion and provision of services to specific target populations in the community.

Credits: 2
Semester Offered: S
Prerequisites: DHY 211

DHY 231 Dental Pharmacology
This course studies the basic principles of pharmacology and anesthesiology and applies this knowledge to the treatment of patients. The student will gain knowledge of drugs, drug actions, and the efficacy of both those drugs used in dentistry and those impacting on the treatment of patients. The course content will include the physical and chemical properties, preparations, mode of administration, and effect on body systems, as well as reference to medical emergencies associated with dental treatment.

Credits: 2
Semester Offered: F

DHY 241 Dental Materials
This course studies the physical properties of dental materials encompassing principles of various materials, composition, and uses. The student will be introduced to a variety of dental materials in the classroom and laboratory settings. Emphasis is placed on the rationale for use of particular materials, selection criteria for various manipulative techniques of materials, and the importance of knowledge of materials for the dental hygienist and how these affect his/her responsibility in a clinical setting.

Credits: 2
Semester Offered: F

DHY 243 Dental Public Health
This course introduces dental public health and community dentistry. Emphasis is placed on the dental care delivery system, public health methodology, scientific evaluation, healthcare financing, and patient groups being served. The student will utilize classroom presentation and discussion, outside research, library assignments, and community experiences to become familiar with this aspect of the healthcare delivery system.

Credits: 2
Semester Offered: S

DHY 250 Nutrition in Oral and Systemic Health

The course provides an overview of the function and food sources of extreme essential to systemic and oral health with an emphasis on the role of nutrients in the development and maintenance of the oral tissues throughout the life cycle. Attention is given to specific life cycle nutrition and health issues that may impact oral health.

Credits: 2
Semester Offered: S
Prerequisites: BIO 112
Corequisites: DHY 112

Early Childhood Education

ECE 101 Introduction to Early Childhood Education

This course is an introduction to early childhood education. Students study the history and contributing theories of the field and the basic aspects important to quality programs for young children. Course content includes studies of child development, the types of programs available; qualifications for teachers and staff; state regulations monitoring programs, state Guidance Policy, the Massachusetts Early Childhood Standards; career opportunities; special education considerations, and current issues in early childhood education. During a 10-hour field experience students make observations in the Quinsigamond Children's School and focus on guidance practices; children's play; integrated curriculum practices; transitions and routines; and appropriate methods for addressing specific needs of young children.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 096 with a grade of “C” or higher; or appropriate placement score

ECE 102 Growth & Development of the Young Child

Students study the dynamics of child growth and development from birth to 14 years of age, thereby acquiring a complete view of the development of a healthy personality in the child. Students also identify rates and patterns of growth in young children. They also develop an understanding of the implications for creating healthy environments for children, individually and in groups. Discussion of special needs will be addressed throughout the course. Students observe infants, toddlers, preschool children and interview school age children. The focus of these observations includes applying developmental theory to the behaviors observed and to interpret the behaviors according to theories covered in this course.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 096 with a grade of “C” or higher; or appropriate placement score

ECE 103 Health, Safety & Nutrition in Programs for Young Children

This course examines the role of the early childhood educator in providing physical safety, health requirements, and proper nutrition for young children, with emphasis on their emotional and physical well being.

Credits: 3
Semester Offered: F
Prerequisites: ENG 096 with a grade of “C” or higher; or appropriate placement score

ECE 105 Understanding Applied Behavior Analysis

This course examines the definition, characteristics, basic frameworks, and theory of applied behavior analysis (ABA). Students review the history and foundations of applied behavioral analysis. Students also explore targeted areas of clinical intervention and educational intervention. Students learn to identify the differences in behaviorism, the experimental analysis of behavior, and applied behavioral analysis within the context of an educational environment. Students focus on information that emphasizes the relationship between the field of applied behavior analysis and the education of children.

Credits: 3
Semester Offered: F/S
Prerequisites: ENG 096 with a grade of “C” or higher; or appropriate placement score

ECE 112 Family Issues & Dynamics

This course focuses on the family life cycle, economics, family interactions and patterns, and family diversity; and, the course examines the effect these variables have on children's growth and development. Students relate these variables to their own personal family history and then examine this information in order to support children and families in school settings.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 096 with a grade of “C” or higher; or appropriate placement score

ECE 123 Fieldwork with Infants and Toddlers (Observation and Experience)

Students spend the first part of this course observing infants and toddlers to become familiar with the growth and developmental stages of these children. Specific observations cover the physical, social, cognitive and emotional needs of infants and toddlers. The impact of the caregiver's ability to nurture, support and encourage and set limits is also considered. Students, under the supervision of a licensed infant/toddler teacher take part in the in the daily routines, interact with the children and build competencies necessary to become a competent infant/toddler teacher.

Credits: 3
Semester Offered: S
Prerequisites: ENG 096 with a grade of “C” or higher; or appropriate placement score

ECE 131 Planning Programs for Young Children

This course examines ways to work with young children to support growth and development for the whole child (physically, cognitively, socially, and emotionally) from birth to age eight. Content includes the development of daily and long range curriculum plans and organization of learning centers within the classroom. Students discover ways to accommodate children's special needs and how to work with families and communities. The course reviews the value of play and the importance of cultural diversity. Students make connections between children's development and their learning experiences.

Credits: 3
Semester Offered: S
Prerequisites: ENG 096 with a grade of “C” or higher; or appropriate placement score

ECE 202 Fieldwork with Young Children I

This course provides onsite supervision and consultation for students who are developing skills and competencies as they work directly with young children in a school setting (ages 2.9-under seven years old and not yet enrolled in first grade). Early Childhood Education faculty observe and consult with students during this process. Students demonstrate and document competence in the following areas: setting up and maintaining a safe, healthy learning environment for children; implementing an age appropriate, culturally sensitive curricula; providing appropriate social experiences for young children; communicating and cooperating with team members appropriately; documenting self-growth over time; and demonstrating awareness of the total classroom at all times.
ECE 205 Applied Behavior Analysis Supervised Practicum

This course emphasizes practical classroom experience (150 hours) working with young children in the BCI ABA Center (Behavioral Concepts Inc. & Center for Applied Behavioral Instruction) and other approved private school settings under faculty supervision. Students examine competencies that include working as a team member; developing, implementing and evaluating appropriate applied behavioral strategies for young children. Students focus on demonstrating positive strategies and including strategies identified in the Registered Behavior Technician (RBT) task list; keeping children safe and healthy; and creating and maintaining a developmentally appropriate educational environment while maintaining a commitment to the profession of Applied Behavior Analysis and Early Care and Education.

Credits: 3
Semester Offered: F/S
Prerequisites: ECE 105 with a grade of “C” or higher
Restriction: Restricted to students accepted and enrolled in Technician in Applied Behavior Analysis Certificate

ECE 221 Infant & Toddler Curriculum and Development

This course examines the developmental stages of infants and toddlers. Using a holistic approach, students explore health and safety concerns, plans for stimulating learning experiences, and the design of indoor and outdoor environments specific to infants and toddlers. Students plan developmentally appropriate infant/toddler curricula and explain the connection between the physical environment and quality programs for infants and toddlers.

Credits: 3
Semester Offered: F
Prerequisites: ENG 096 with a grade of “C” or higher; or appropriate placement score

ECE 222 Infant/Toddler Curriculum: Application in the Field

This course examines the application of learning experiences for infant and toddlers in the early childhood classroom. Students plan developmentally appropriate infant/toddler curricula and apply these plans in an infant/toddler setting. Students apply national and state guidelines to curriculum plans, the classroom environment, and their daily interactions with families and children. Students participate in field placement under the direct supervision of an EEC Licensed Infant-Toddler Lead Teacher and are observed within the classroom environment during that time.

Credits: 3
Prerequisites: ENG 096 with a grade of “C” or higher; or appropriate placement score

ECE 223 Supervision, Coaching and Mentoring in Early Childhood Settings

This course covers the critical elements involved in on-site supervision, coaching and mentoring in early childhood settings. The course emphasizes observing, recording, and analyzing data, and giving constructive feedback to the classroom teacher. Students develop conference skills and interpersonal communication strategies, demonstrate team-building skills and sensitivity to cultural issues, and gain knowledge of basic adult development. Students also write formative and summative evaluations.

Credits: 3
Semester Offered: F
Prerequisites: ENG 101

ECE 231 Curriculum for Young Children I

This course examines the value and functions of equipment, multicultural materials, and developmentally appropriate activities for young children. Students learn how to develop curriculum that promotes sensitivity toward diversity through hands on classroom activities using the Massachusetts Early Childhood Program Standard and Guidelines for Preschool Learning Experiences. Attention is given to special accommodations to meet the needs of all children. A professional portfolio is developed during this course.

Credits: 3
Semester Offered: F
Prerequisites: ENG 101, ECE 101, ECE 102 or PSY 123
Corequisites: ECE 251, ECE 253

ECE 232 Curriculum for Young Children II

This course focuses on curriculum planning that is developmentally appropriate for young children. Students create and design plans and physical space using the Massachusetts Early Childhood Program Standards and Preschool Learning Experiences as a guide. Students implement the plans in a classroom setting (ECE 254 Supervised Student Participation II), and address the effectiveness of their plans through observation and assessment procedures. Attention will be given to special accommodations to meet the needs of all children.

Credits: 3
Semester Offered: S
Prerequisites: ENG 101, ECE 231, ECE 251, ECE 253
Corequisites: ECE 252, ECE 254

ECE 241 Young Children with Special Needs

This course explores ways of meeting the challenges of young children with special needs. Students study ways to construct and design environments to support children and their families. Students are introduced to evolving social policies and legislation supportive of young children with special needs and their families, and observe intervention programs for young children.

Credits: 3
Semester Offered: F
Prerequisites: ENG 096 with a grade of “C” or higher; or appropriate placement score, ECE 102 or PSY 123

ECE 242 Young Children with Special Needs

This course covers the administration routines and activities in a variety of early care and education settings. Content includes program and staff management, community relationship skills, budgeting, staffing, and program development. Students review meeting standards and license requirements, encouraging parent participation, and fundraising. Students explore elements of supervision and policy formation.

Credits: 3
Semester Offered: F
Prerequisites: ECE 102 or PSY 123

ECE 243 Administration in Early Education and Care

This course covers the administration routines and activities in a variety of early care and education settings. Content includes program and staff management, community relationship skills, budgeting, staffing, and program development. Students review meeting standards and license requirements, encouraging parent participation, and fundraising. Students explore elements of supervision and policy formation.

Credits: 3
Semester Offered: F
Prerequisites: ECE 102 or PSY 123

ECE 244 Communication for Collaboration

This course emphasizes leadership skills needed for communication and collaboration within Early Childhood Education settings. Students examine adult development and individual style in relationship to leadership skills in early education settings. The role emotional intelligence plays in interpersonal dynamics and communication when working with staff and families is addressed.

Credits: 3
Semester Offered: S
Prerequisites: ECE 102 or PSY 123
ECE 245 Advocacy and Ethics for Social Justice in Early Care and Education
This course examines the critical role advocacy plays in early education and care. Students use the National Association for the Education of Young Children’s Code of Ethics in their work to support advocacy for quality early childhood programs, and in addressing local/international issues for children and families.

Credits: 3
Semester Offered: S
Prerequisites: ECE 102 or PSY 123

ECE 246 Seminar and Field Experience: Leadership in Early Education and Care
This course examines students’ field experiences in connection with leadership skills and competencies. Students select a focus competency directly related to the early childhood field experience and assume a leadership role working with staff and families. Seminar sessions support the students’ self-examination of leadership competencies. Students demonstrate these specific leadership competencies in class and at the fieldwork placement. Skills required include reflective and analytical thinking, demonstration of logic, use of supportive interpersonal skills, clear written and oral communication and the ability to problem solve in group settings.

Credits: 3
Semester Offered: S
Prerequisites: ECE 102 or PSY 123

ECE 250 Using Observation for Authentic Assessment of Young Children
This course focuses on observation, documentation and assessment of young children. Students conduct extensive observations of young children in natural settings. The course provides students with a working knowledge of young children with special needs, individual planning and anti-bias strategies for inclusion.

Credits: 3
Semester Offered: F/S
Prerequisites: ECE 101, ECE 102, ECE 112

ECE 251 Integrating Theory and Practice I: Guidance of Young Children
This course covers major theories of Early Childhood Education and the Guides to Speech and Action developed by Katherine Baker. The implications of cultural, positive guidance practices as stated in the Department of Early Education and Care Child Guidance Policy, and the Massachusetts Early Childhood Program Standards and inclusion strategies compose the major focal area of this course. Students increase awareness of political and social issues that influence the lives of children, families, and the field of early education and care. Students observe young children throughout the course to identify positive guidance strategies, improve recording, observation and assessment skills.

Credits: 3
Semester Offered: F
Prerequisites: ECE 101, ECE 102, ECE 112, ECE 123, or PSY 123
Corequisites: ECE 231, ECE 253

ECE 252 Integrating Theory and Practice II: Observing, Recording and Authentic Assessment
This course focuses on observation, documentation and assessment of young children based on the developmental theories covered in ECE 251 Integrating Theory and Practice I: Guidance of Young Children. Students conduct extensive observations of young children in natural settings. Students record their observations and interpret the data. The course provides students with a working knowledge of young children with special needs, individual planning for inclusion, anti-bias strategies for inclusion and professional portfolio development.

Credits: 3
Semester Offered: S
Prerequisites: ECE 251
Corequisites: ECE 232, ECE 254

ECE 253 Supervised Student Participation I
This course provides students with practical experience (150 hours) working with young children in the Quinsigamond Children’s Laboratory School and in a community school setting under faculty supervision. Competencies introduced include working as a team member; developing, implementing and evaluating appropriate activities for young children; demonstrating positive guidance strategies and including strategies identified in the Office of Child Care Services Guidance Policy; keeping children safe and healthy; and, creating and maintaining a developmentally appropriate inclusive learning environment.

Credits: 4
Semester Offered: F
Prerequisites: ENG 101, ECE 101, ECE 112, ECE 123, or PSY 123
Corequisites: ECE 231, ECE 251

ECE 254 Supervised Student Participation II
This course provides the students with an extended opportunity (150 hours) to relate theory to practice in the Quinsigamond Children’s Laboratory School working under faculty supervision. Students act as lead teachers throughout the semester to observe children closely and use the Massachusetts Early Childhood Program Standards to plan, implement and evaluate curricula for young children. Students set up and maintain the total learning environment; provide appropriate guidance for young children and implement inclusion strategies as needed.

Credits: 4
Semester Offered: S
Prerequisites: ENG 101, ECE 231, ECE 251, ECE 253
Corequisites: ECE 232, ECE 252

ECE 255 Discipline: Guiding Children’s Behavior
This course helps students examine and interpret young children’s behavior. The course examines a variety of positive approaches to discipline. Students discover how materials and use of space contribute to children’s behavior; learn appropriate speech and action to guide children toward cooperation and productive interactions with others; and, develop realistic expectations of young children according to the child’s developmental level.

Credits: 3
Semester Offered: F/S
Prerequisites: ENG 096 with a grade of “C” or higher; or appropriate placement score

ECE 258 Early Childhood Curriculum
This course examines how to develop a curriculum that supports the growth and development of the whole child. Students discover how curriculum can be both planned and emergent in nature. Creative arts, dramatic play, STEM, and literacy are explored in connection with state and national standards. The course focus promotes sensitivity toward diversity and attention is given to special accommodations to meet the needs of all young children.

Credits: 3
Semester Offered: F/S
Prerequisites: ECE 250

ECE 259 Seminar and Field Experience: Classroom Teaching in Early Education and Care
This course examines students’ field experiences in connection with their classroom teaching
experience. Students focus on skills related to classroom teaching including behavior management, working with families, interactions with colleagues and curriculum facilitation. Seminar sessions support the students' self-examination of their classroom teaching. Students demonstrate these specific skills in class and at the fieldwork placement.

Credits: 3
Semester Offered: F/S
Prerequisites: ENG 102, ECE 250

Economics

ECO 215 Principles of Macroeconomics
The course examines the broad and general aspects of an economy and covers the traditional macroeconomic elements of an introductory economics program. Students study the theories of supply and demand, national income, fiscal and monetary policy, cyclical fluctuations, economic growth, inflation, employment, and international trade. Students learn how to understand and interpret statements and policies made by both national and world leaders.

Credits: 3
Semester Offered: F/S/SU
Corequisites: ENG 101

ECO 216 Principles of Microeconomics
The course examines particular aspects of an economy and covers the traditional microeconomic elements of an introductory economics program. Students study pricing, input/output costs, resource allocation, farm policy, income distribution, and environmental issues. Students gain an understanding of various market structures as they relate to the national economy.

Credits: 3
Semester Offered: F/S/SU
Corequisites: ENG 101

Electromechanical Technology

ELM 251 Instrumentation and Control Technology
This course covers the theory and application of mechanical processes and their control circuits. All major aspects of a control system are studied, including controllers, drivers, actuators, sensors and feedback control. Topics include AC and DC motors, brushless motors, stepper motors, sensors, transducers, servomechanisms, and pneumatics. Students gain skills designing, characterizing, and troubleshooting small-scale control systems.

Credits: 4

Semester Offered: F/S
Prerequisites: ELM 104, ELM 130
Please Note: Three hours lecture, three hours laboratory

ELM 256 Robotics and Automated Systems
This course provides students with an overview of the systems and concepts involved in today's highly automated manufacturing environments. Robotic systems, an important component of an automated system, are also studied. Topics include equipment safety, robotic systems, SCADA networks, manufacturing execution systems (MES), and statistical process control (SPC). Students learn and practice systematic troubleshooting, using a highly automated manufacturing system as well as robotic systems.

Credits: 4
Semester Offered: S
Prerequisites: ELM 104, ELM 121
Please Note: Three hours lecture, three hours laboratory

ELM 257 Introduction to Programmable Logic Controllers
This course focuses on the principles and application of programmable logic controllers (PLCs) in the control of control manufacturing processes. Students learn the fundamental parts of PLCs and the role each plays in providing an effective system of control. Students develop and implement PLC programs and learn methods of interfacing the PLC with external input and output devices.

Credits: 4
Semester Offered: F/S
Prerequisites: ELM 103, ELM 121
Please Note: Three hours lecture, three hours laboratory

ELM 258 Mechatronic Systems
This course provides students with a systems-level overview of mechatronic systems and how they are integrated into today's highly automated manufacturing environments. Topics include equipment safety, power distribution, pneumatics, controller I/O, SCADA networks, HMI programming, manufacturing execution systems (MES), and statistical process control (SPC). Students learn and practice systematic troubleshooting, problem solving, and preventive and corrective maintenance. Classroom material is reinforced by lab activities using a highly automated manufacturing system and other mechatronic systems.

Credits: 4

Semester Offered: F/S
Prerequisites: ELM 103

Please Note: Three hours lecture, three hours laboratory

ELM 260 Industrial Robotics
This course is an introduction to robotics as used in modern industry. Students explore coordinate configurations, control systems, drive systems, robot vision systems, and various methods of programming. The relationship of robot applications to other automated technologies is discussed and investigated. In the laboratory, students complete a series of projects that require them to apply robots to a variety of work cell tasks. Students practice industrial robot safety at all times. Students completing this course receive Fanuc CERT Certification, an internationally recognized robotics certification.

Credits: 4
Semester Offered: F/S
Prerequisites: ELM 130
Please Note: Three hours lecture, three hours laboratory

Electronics Engineering Technology

EET 299 Cooperative Work Experience
This course provides students with a structured learning experience while applying classroom theory to a practical work experience. Students develop a learning agreement that lists the objectives they will accomplish through their work experience. Evaluation is based on satisfactory completion of the learning agreement objectives and the demonstration of soft skills such as punctuality and attitude.

Credits: 3
Semester Offered: F/S
Prerequisites: ELM 104, ELM 130

Electronics Technology

ELT 103 Electronics I
This course provides an introduction to DC and AC electrical circuits. Students learn the concepts of voltage, current, resistance, magnetism, and power and energy and the relationships between them. Methods of circuit analysis using Ohm's Law, Kirchhoff's Laws, and network theorems are studied. Concepts of AC, capacitance, and inductance are presented. Impedance, R-L-C circuits, and impedance networks are introduced. In the laboratory, students use a variety of test equipment including analog and digital meters, oscilloscopes, and function generators in order to analyze a variety of circuit configurations using experimental and mathematical techniques.
ELT 121 Digital Circuits
This course explores digital fundamentals including number systems, digital code, logic gates, Boolean algebra, combinational logic, and flip-flops. Students learn the functions of the basic digital circuits used in all areas of Electronics. Students learn the operation of a digital electronic circuit, troubleshooting components of digital electronic circuits, binary and hexadecimal number systems, and Boolean rules and laws used to describe and construct gate networks.
Credits: 4
Semester Offered: F/S
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score, MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score
Please Note: Three hours lecture, three hours laboratory

ELT 120 Introduction to Photonics
This course provides students with an introduction to the fundamentals of optics, including the nature of light, light sources, and light propagation and interaction with matter in terms of geometrical optics and physical (wave) optics. This course gives students the opportunity to learn how to apply the principles of optics in a laboratory setting to conduct experiments and solve real world problems.
Credits: 4
Semester Offered: F/S
Prerequisites: ELT 103
Please Note: Three hours lecture, three hours laboratory

ELT 122 Photonics Technology
In this course, students apply the principles learned in Introduction to Photonics to investigate the operation and applications of modern photonic systems, including lasers, optical fibers, and detectors. Students learn how photonic systems operate, and apply those systems to analyze and solve real world problems.
Credits: 4
Semester Offered: F/S
Prerequisites: ELT 120
Please Note: Three hours lecture, three hours laboratory

EDU 101 Elementary Education: Teaching and Learning
This course provides students with a view of elementary schools as they are today. Historical, philosophical and pedagogical perspectives are examined. Students examine curriculum, teaching strategies and assessment models to gain insight and acquire skills in current methodologies employed in elementary settings. A field experience (pre-practicum) of 15 hours beyond classroom time is required. This fieldwork is divided between grades one and two, grades three and four and grades five and six. Please Note: Students are required to have a recent CORI/SORI on file to participate in the fieldwork which is required for successful completion of the course.
Credits: 3
Semester Offered: F/S
Prerequisites: ENG 096 with a grade of “C” or higher; or appropriate placement score
EDU 102 Theory to Practice: The Elementary School Learner
This course examines prominent theories of teaching and learning in elementary education. Students review social, emotional and cognitive developmental processes involved in learning for typical and atypical learners. The course also covers insights into motivational theories, the affective aspects of learning and classroom management. Students are required to participate in a field experience (pre-practicum) of 15 hours beyond classroom time in an elementary school setting. Please Note: Students must have a recent CORI/SORI on file to participate in the fieldwork which is required for successful completion of the course.
Credits: 3
Semester Offered: F/S
Prerequisites: ENG 096 with a grade of “C” or higher; or appropriate placement score
EDU 200 Foundations of Reading
This course provides a strong foundation in the best practices of literacy instruction. Essential areas of reading instruction are addressed: understanding phonological and phonemic awareness, the use of phonics, vocabulary development, fluency, comprehension, assessment, and writing. The course offers opportunities to gain knowledge of the mechanics of the reading process and to design and implement effective instruction for various student populations. A field experience (pre-practicum) of 15 hours beyond classroom time is required. Please Note: Students must have a recent CORI/SORI on file to participate in the fieldwork which is required for successful completion of the course.
Credits: 3
Semester Offered: F/S
Prerequisites: EDU 101
EDU 201 Curriculum and Instruction in the Elementary School
This course provides an overview of curriculum planning and instruction, addressing the
needs of all learners in an elementary school setting. Topics include classroom management, designing learning environments, assessment systems and communicating with families. State and national standards are integrated into instructional methods in the areas of language arts, social studies, math, science, health and technology. A field experience (pre-practicum) of 15 hours beyond classroom time is required. Please Note: Students must have a recent CORI/SORI on file to participate in the fieldwork which is required for successful completion of the course.

Credits: 3
Semester Offered: F/S
Prerequisites: EDU 101

Emergency Medical Technician

EMT 101 Basic Emergency Medical Technology

This course is designed to train individuals who respond to emergency calls for immediate care to the critically ill or injured and who transport patients to a medical facility. Students develop skills to determine the extent of illness or injury and establish priorities for emergency care. Topics include techniques in opening and maintaining an airway, cardiac resuscitation, controlling hemorrhage, treating shock, immobilizing fractures, assisting childbirth, managing behavioral emergencies, and light rescue skills including freeing patients from entrapment.

Credits: 7
Semester Offered: F/S/SU

EMT 108 Introduction to Advanced Pre-Hospital Care

This course provides paramedic students with the principles of advanced pre-hospital care and EMS operations under varying circumstances including operations and paramedic roles and responsibilities. There is an added emphasis on personal wellness and injury and illness prevention, the medical-legal aspects of emergency care and ethics, the Incident Command System, and managing resources at the emergency scene, particularly at scenes involving multiple ambulances and multiple agencies. Time is devoted to rescue operations, and an overview of hazardous material is presented. The student is made aware of their role in protecting the crime scene. An overview is provided in rural EMS, to raise awareness of the special circumstances that many providers face regarding distance, terrain, weather conditions, and EMS staffing.

Credits: 4
Semester Offered: F/S

Corequisites: BIO 100 or BIO 111, EMT 109, EMT 110, EMT 112, EMT 114

EMT 109 Pharmacology for Advanced Pre-Hospital Care

This course covers the general principles of pharmacology and the methods of calculating drug doses. The main focus is the nature and effects of drugs administered by paramedics in the treatment of patients in the clinical and field setting.

Credits: 2
Semester Offered: F/S
Corequisites: BIO 100 or BIO 111, EMT 108, EMT 110, EMT 112, EMT 114

EMT 110 Patient Assessment and Human Systems

This course covers the theory, skills, and terminology needed to perform physical assessment, including overview of basic anatomy and physiology, systematic assessment of the patient, the process of obtaining the patient’s medical history, procedures in performing the physical examination and a concise method of recording the findings.

Credits: 2
Semester Offered: F/S
Corequisites: BIO 100 or BIO 111, EMT 108, EMT 109, EMT 112, EMT 114

EMT 112 Patient Assessment/Pharmacology Laboratory Component

This course provides a comprehensive laboratory experience designed to familiarize the student with the practical aspects of medical patient assessment, including primary and secondary survey. In addition, both drug dose calculations and medication administration are practiced. The recording of patient data and the oral patient report is emphasized and demonstrated.

Credits: 1
Semester Offered: F/S
Corequisites: BIO 100 or BIO 111, EMT 108, EMT 109, EMT 110, EMT 114

EMT 117 Trauma

This course is intended to present to the paramedic student a comprehensive insight into traumatic injury to the human body; its causes, types and implications. The impact on trauma survival and the concept of well-developed regional trauma systems will be discussed. An emphasis will be placed upon the evaluation and management of both blunt and penetrating trauma in relationship to regional anatomy.

Credits: 3
Semester Offered: F/S
Corequisites: EMT 108, EMT 109, EMT 110, EMT 112, EMT 114

EMT 119 Cardiology and Advanced Cardiac Life Support

This course provides the student with the knowledge and skills needed to recognize and successfully manage cardiovascular emergencies encountered in the field. Following the standards of the American Heart Association, and the National Registry of EMTs, students learn cardiac anatomy and physiology, ECG recognition, and 12 lead ECG. Extensive coverage is devoted to the pharmacological and electrical management techniques used in treating acute cardiac events, including respiratory and cardiac arrest.

Credits: 4
Semester Offered: F/S
Corequisites: EMT 108, EMT 109, EMT 110, EMT 112, EMT 114
Corequisites: BIO 100 or BIO 112, EMT 116, EMT 117, EMT 118, EMT 119

EMT 1115 Advanced Pre-Hospital Care

The first half of this course focuses on pathophysiology common to all disease processes: shock, acid-base, and airway. The second half covers the pathophysiology of the pulmonary, nervous, gastrointestinal, and genitourinary systems. It reviews IV fluid administration and medical math, briefly reviews the anatomy and physiology of each topic covered, and uses a scenario-based approach to assessment and management.

Credits: 4
Semester Offered: F/S
Corequisites: BIO 100 or BIO 111, EMT 108, EMT 109, EMT 110, EMT 112
Corequisites: EMT 108, EMT 109, EMT 110, EMT 112, EMT 114
Corequisites: BIO 100 or BIO 112, EMT 115, EMT 116, EMT 118, EMT 119

EMT 118 Neonatal and Pediatric Emergencies
This course provides the paramedic student with a general understanding of the newborn and the newly born with overviews of structure and function of the cardiovascular and respiratory systems. Neonatal resuscitation will be presented, along with neonatal assessment. This course provides the paramedic student with a general understanding of the pediatric patient and the interaction that is necessary with their family members. Growth and development, anatomy and physiology review, pathophysiology, assessment and management of pediatric emergencies are stressed within this course.

Credits: 2
Semester Offered: F/S
Prerequisites: EMT 108, EMT 109, EMT 110, EMT 112, EMT 114
Corequisites: BIO 100 or BIO 112, EMT 115, EMT 116, EMT 117, EMT 119

EMT 119 Topics in Advanced Life Support
This course includes an overview of hematology along with the assessment and management of toxicological emergencies, infectious diseases, endocrine emergencies, allergic reaction and anaphylaxis, and environmental emergencies.

Credits: 3
Semester Offered: F/S
Prerequisites: EMT 108, EMT 109, EMT 110, EMT 112, EMT 114
Corequisites: BIO 100 or BIO 112, EMT 115, EMT 116, EMT 117, EMT 118

EMT 202 Clinical Placement for the Paramedic
This course gives the student the opportunity to deliver optimum patient care at several clinical hospital sites, using a preceptor approach. Clinical rotations occur within the following departments: Intensive/Critical Care Unit, Emergency Department, Anesthesiology (Operating Room), Pediatric Emergency Department, Emergency Mental Health, Labor and Delivery, and other departments as needed.

Credits: 7
Semester Offered: F/S
Prerequisites: EMT 115, EMT 116, EMT 117, EMT 118, EMT 119
Corequisites: EMT 203

EMT 203 Field Placement for the Paramedic
The paramedic Field Practicum provides the student with an opportunity to utilize and refine the skills and knowledge gained throughout the program in a realistic, pre-hospital setting, using a preceptor approach. Students will be assessed per rotation by the Field Coordinator for accuracy of field log, written patient assessments, stress management, and understanding of field principles.

Credits: 5
Semester Offered: F/S
Corequisites: EMT 202

Energy Utility Technology
EUT 101 Fundamentals of the Energy Industry
This course provides students with an overview of the energy utility industry and occupational opportunities, including but not limited to the history of natural gas and electrical service, regulatory influences, energy flow, basic natural gas and electrical terminology, typical conditions for employment, and career opportunities.

Credits: 4
Semester Offered: F
Prerequisites: ENG 091 with a grade of “C” or higher; or appropriate placement score
Please Note: Four hours lecture

EUT 110 Electrical Principles I
The course examines the foundations of basic DC circuit analysis concepts. Topics include voltage and current sources, Ohm’s law, Kirchhoff’s Laws, concept of resistance, conductance, capacitance, inductance, network topologies such as elements in series and parallel, Thévenin’s and Norton’s Theorems, and transient behavior of RC and RL circuits. Students utilize computer software tools and laboratory experiments to reinforce concepts.

Credits: 4
Semester Offered: F
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score
Please Note: Three hours lecture, three hours laboratory

EUT 111 Electrical Principles II
This course presents the foundations of basic AC circuit analysis. Topics for parallel and series circuit include: voltage and current sources, phase and phasor relations, resistance, inductance and capacitance in sinusoidal drive circuits, and Bode plots. Thévenin’s, Norton’s Maximum Power and Superposition theorem are applied. Transient behavior of networks, transformers and filters are analyzed. Computer software tools and laboratory experience are utilized to reinforce concepts.

Credits: 4
Semester Offered: S
Prerequisites: EUT 110
Please Note: Three hours lecture, three hours laboratory

EUT 115 Generation, Transmission and Distribution
This course presents an overview of the electrical generation process and power plant systems and functions. Students analyze transmission lines for impedance, reflection, and standing wave concepts. Students learn the operation and design of utility power distribution systems including planning; load characteristics; and the application of distribution transformers, substations, primary and secondary systems, and voltage regulation and voltage reductions.

Credits: 4
Semester Offered: S
Prerequisites: EUT 110
Please Note: Three hours lecture, three hours laboratory

EUT 120 Industrial Safety
This course provides an introduction to the principles of safety, guidelines for the design of equipment, and explanations of why certain practices should or should not be followed. This course will evaluate human reactions in normal and abnormal conditions. Students compare features required for safe working conditions to industry standards.

Credits: 3
Semester Offered: S
Prerequisites: EUT 101
Please Note: Three hours lecture

EUT 190 Energy Utility Technology Practicum
This course introduces students to the training labs of a major power transmission and distribution company. Students work in a facility learning how to splice wires, connect fuses and transformers and learn the industry standard techniques. Students become familiar and
learn the safe use of the tools and equipments used in the power industry. Topics include: splicing, meters, underground, overhead lines, transformers, substation, circuit breakers and regulators. Note: This course may be conducted in two locations.

Credits: 3
Semester Offered: 5
Corequisites: EUT 111, EUT 115, EUT 120
Please Note: Six hours practicum

Engineering

ERG 223 Thermodynamics
This course introduces the laws of thermodynamics through the study of systems and the flow of energy across system boundaries. Students learn the First Law of Thermodynamics (utilizing heat, energy, work, enthalpy) and the Second Law of Thermodynamics (and the property of entropy) and their macroscopic and microscopic implications. The course focuses on the application of thermodynamics to engineering systems.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 090 with a grade of “C” or higher; or appropriate placement score

Please Note: This developmental English course cannot be used to satisfy degree or certificate requirements

ENG 095 Basic Writing Skills
This course helps students develop competence in written communication by practicing writing clear sentences and paragraphs. Students learn how to recognize and use basic sentence patterns and to write coherent paragraphs containing a topic sentence, idea development, and a strong conclusion. Students complete a variety of writing assignments and develop the skills needed for ENG 096 Intermediate Writing Skills. Taking the departmental final examination is a requirement of the course. The minimal passing grade for developmental English courses is a “C”.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: Appropriate placement score

Please Note: This developmental English course cannot be used to satisfy degree or certificate requirements

ENG 096 Intermediate Writing Skills
This course helps students develop writing competence by practicing writing paragraphs and essays. Students learn to write unified, supported, coherent essays using grammatically sound sentences. Assignments focus on writing a variety of paragraphs and essays in order to prepare for college-level writing courses. Taking the departmental final examination is a requirement of the course. The minimal passing grade for developmental English courses is a “C”.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 095 with a grade of “C” or higher; or appropriate placement score

Please Note: This developmental English course cannot be used to satisfy degree or certificate requirements

ENG 101 Composition I
In Composition I, students write a minimum of four essays in multiple drafts in addition to shorter writing assignments, such as journals or discussion posts, with emphasis on audience awareness; critical thinking and reading; thesis development; organization; and grammatical correctness. Readings from various disciplines provide writing models and material for analysis of ideas. Students also evaluate, incorporate, and document sources from print, Internet, and library databases to support their writing.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

ENG 102 Composition II
In Composition II, students produce a minimum of four essays of carefully crafted prose. Student writers practice integrating and citing readings from academic disciplines, including literature; their research-based documented essays are expected to reflect the ethical standards of formal argument.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 101

ENG 105 Technical Writing
This course focuses on writing letters, memos, resumes, lab reports, instructions/processes and technical descriptions, and design visual aids. Instructional emphasis is placed on clarity, correctness, conciseness, audience, precision, accuracy, organization, and document design in writing technical documents.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 101

ENG 200 Children’s Literature
This course introduces students to the nature, variety, and artistry of children’s stories. Students examine various modes of the genre and investigate why stories are necessary and popular teaching vehicles for the intellectual growth and development of children. Students discuss and explore numerous tales, fables, myths, and literary archetypes. Special emphasis is placed on selected visually orientated stories and their context in today’s society. Students write individual reports and interact in panel discussions, commentary, and discussions of the merits of contemporary works.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 102

ENG 202 Creative Writing
This course centers on weekly student writing of poems, short stories, plays or personal essays. Specific Projects will be determined by individual and group interests. Group discussion of works-in-process will aid the student to achieve a significant creative writing project for the semester. Examples of creative excellence will be read and discussed, with some attention to critical and aesthetic theory.

Credits: 3
Semester Offered: F/S
Prerequisites: ENG 102

Prerequisites: ENG 102

ENG 203 Writing Poetry
This course focuses on writing fixed and free verse forms. Students learn the technical vocabulary of poetry and apply it to the work of classic and contemporary poets, as well as their own work and the work of their peers. Students present their poems in a group setting, and receive and provide both oral and written critiques.

Credits: 3
Semester Offered: F
Prerequisites: ENG 102

ENG 204 Writing Fiction
This course focuses on writing short story and/or novel prose. Students learn the technical vocabulary of the craft and apply it to the work of classic and contemporary fiction writers, as well as their own work and the work of their peers. Students present their writing in a group setting, and receive and provide both oral and written critiques.

Credits: 3
Semester Offered: S
Prerequisites: ENG 102

ENG 205 Technical and Workplace Writing
This course covers the theory and practice of writing appropriate to the workplace. While the course is designed for students interested in technical applications, it is useful for anyone who intends to enter an occupation that requires writing assignments such as resumes, reports, or proposals, instructions, web pages, abstracts, technical descriptions, and letters and memos in either traditional or electronic format. Other technically-oriented assignments may be included as well. Students explore concepts such as critical thinking, empathy, style, tone, persuasion, precision, simplicity, readability, ethics, etiquette, graphics, electronic and hard copy elements of design, and collaborative writing. Students develop a portfolio to show prospective employers.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 102, Computer Literacy

ENG 212 Death & Dying in Literature
This course surveys the many issues suggested by death as a topic of writing. Students explore the literary treatment of death including suicide, the attitudes of societies toward the dying and the dead, and the answers provided by religions and philosophies. Through study of literary sources from ancient civilizations to modernity, students define “life” and “death” in order to understand significant attitudes and trends toward death in society.

Credits: 3
Semester Offered: F
Prerequisites: ENG 102

ENG 215 The Hero in Literature, Myth, and Film
This course covers various cultural concepts of the hero in fiction, nonfiction, myth, and film. Topics include the oral tradition, the nature of civilization, and heroic topics such as transformation of consciousness, initiation, illumination, search for identity, the quest, and continuity. Reading selections include passages from The Odyssey, Beowulf, The Bagavah Gita, and The Tain Bo Cualgne. Typical film selections include Star Wars, Lord of the Rings, Gandi, Excalibur, and Sir Gawain; plus background films on Celtic, Indian, Middle Eastern, and classical cultures. Students write several short papers and complete a final project demonstrating their understanding of universal heroic themes.

Credits: 3
Semester Offered: S
Prerequisites: ENG 102

ENG 231 Masterpieces of World Literature I
This course examines the history and growth of great books and ideas and their relevance to modern times. Students read literary selections from the ancient world to the 18th century to help them understand the sense and perspectives of major world writers. Students learn to demonstrate an understanding of both Eastern and Western literary traditions through class discussions and written assignments.

Credits: 3
Semester Offered: F
Prerequisites: ENG 102

ENG 232 Masterpieces of World Literature II
This course complements ENG 231 Masterpieces of World Literature I by examining the history, growth, and cross influences of ideas and their impact on views of the modern world. Students study major writings and writers of both Eastern and Western literature from the 18th century to the present. Students learn how to understand the universal themes of great literature and the relevance of those themes in the modern world.

Credits: 3
Semester Offered: S
Prerequisites: ENG 102
ENG 241 British Literature I
This course explores British literature from its beginnings to 1750. Students examine major representative authors of the Anglo-Saxon, medieval, Renaissance, metaphysical, and Restoration periods. Students study the major developments in English literature and develop an understanding of the relevancy of key themes of early British literature to present works. The course also explores the evolution of the English language from its beginnings in Old English to its modern-day form.
Credits: 3
Semester Offered: F
Prerequisites: ENG 102

ENG 242 British Literature II
This course explores British literature from 1750 to the present. Students explore key literary and cultural movements that occurred during the Romantic, Victorian, 20th century, and contemporary periods. Selected works cover several literary genres including poetry, drama, the essay, the short story, and the novel.
Credits: 3
Semester Offered: S
Prerequisites: ENG 102

ENG 251 American Literature I
This course examines American literature from approximately 1600-1870, covering poetry, fiction, essays, and autobiography. Students explore literary movements and major authors of major American time periods including the Puritan, colonial, Revolutionary, Romantic, Transcendentalist, and abolitionist eras. Students examine how writers influenced both their own times and subsequent generations.
Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 102

ENG 252 American Literature II
This course examines American literature from the mid-1800s to the present, including poetry, fiction, essays, and autobiography. Students explore literary movements, major authors, and trends of the various time periods. Topics include American regional writing; American Realism; literature during and between the two world wars; the literatures of American minorities; and the contemporary literature of disillusionment. Students explore texts both as literary works and as products of historical forces.
Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 102

ENG 255 The American Short Story
This course focuses on reading and analyzing selected short stories of renowned American writers. Students participate in class discussions and write papers to demonstrate close reading skills, to express individual interpretation, and to understand the common themes and unique literary characteristics of the genre. Students view films based on the literary selections to enlarge their perceptions of themes, characters, and settings. The course also covers cultural and historical contexts that influenced the authors.
Credits: 3
Semester Offered: F/SU
Prerequisites: ENG 102

ENG 260 Special Topics in English
Special Topics in English provides an opportunity for specialized literary study of various topics from year to year. Special Topics may feature a particular literary theme, an historical era, a genre, a single author or group of authors, specific regional or national literature, or other topics defined by the teaching professor. Research papers or projects may constitute a significant portion of the course requirements. This course will vary in any number of ways according to the discretion of the instructor and the instructor’s choice of text(s).
Credits: 3
Semester Offered: F/S
Prerequisites: ENG 102

ESL 103 English as a Second Language: Writing I
This course focuses on paragraph development, including an emphasis on sentence structure and the writing process. Students learn grammar in the context of specific writing activities. Students respond in writing to prompts and short readings. The minimal passing grade for ESL courses is a “C”.
Credits: 3
Semester Offered: F/S
Prerequisites: Non-native speaker of English, High School Diploma or GED and ESL 103 passed with a grade of “C” or higher or appropriate placement score

ESL 104 English as a Second Language: Writing II
This course refines paragraph writing skills while introducing and developing the essay. Students learn more complex grammar and sentence structure. Students write paragraphs and essays, in response to simple prompts and readings. The minimal passing grade for ESL courses is a “C”.
Credits: 3
Semester Offered: F/S
Prerequisites: Non-native speaker of English, High School Diploma or GED and ESL 113 passed with a grade of “C” or higher or appropriate placement score

ESL 105 English as a Second Language: Writing III
This course develops students’ skills in essay writing. Students focus on writing and revising longer pieces using complex structures and appropriate rhetorical modes. The minimal passing grade for ESL courses is a “C”.
Credits: 3
Semester Offered: F/S
Prerequisites: Non-native speaker of English, High School Diploma or GED and ESL 104 passed with a grade of “C” or higher or appropriate placement score

ESL 113 English as a Second Language: Reading I
This course focuses on reading skills and vocabulary development. Students develop and demonstrate reading comprehension through class discussions and written responses in complete sentences and short paragraphs. The minimal passing grade for ESL courses is a “C”.
Credits: 3
Semester Offered: F/S
Prerequisites: Non-native speaker of English, High School Diploma or GED and appropriate placement score

ESL 114 English as a Second Language: Reading II
This course emphasizes reading longer passages and increasing academic vocabulary. Students develop and demonstrate comprehension and critical reading skills through class discussions and written responses in paragraphs and short essays. The minimal passing grade for ESL courses is a “C”.
Credits: 3
Semester Offered: F/S
Prerequisites: Non-native speaker of English, High School Diploma or GED and ESL 113 passed with a grade of “C” or higher or appropriate placement score
ESL 115 English as a Second Language: Reading III
This course focuses on the critical reading skills necessary to understand course readings. Students demonstrate their ability to comprehend, analyze and synthesize information through class discussions and more complex writing assignments. The minimal passing grade for ESL courses is a "C".
Credits: 3
Semester Offered: F/S
Prerequisites: Non-native speaker of English, High School Diploma or GED and ESL 114 passed with a grade of "C" or higher or appropriate placement score

ESL 133 English as a Second Language: Listening/Speaking I
This course focuses on the speaking and pronunciation skills that are necessary in an academic setting. Students practice speaking by responding to open-ended questions in response to class readings or discussions on a topic. Students prepare and give brief presentations in class using academic vocabulary. The minimal passing grade for ESL courses is a "C".
Credits: 3
Semester Offered: F/S
Prerequisites: Non-native speaker of English, High School Diploma or GED and appropriate placement score

ESL 134 English as a Second Language: Listening/Speaking II
Non-native speakers of English learn basic and intermediate spoken English skills necessary for social and academic interaction. The course explores American language customs, practical grammar, and correct pronunciation, including elements of intonation, stress, and rhythm.
Credits: 3
Semester Offered: F/S
Prerequisites: Non-native speaker of English, High School Diploma or GED and ESL 133 passed with a grade of "C" or higher or appropriate placement score

ESL 135 English as a Second Language: Listening/Speaking III
This course helps non-native speakers of English develop the oral language fluency necessary for social and academic interaction. Students gain advanced skills to understand spoken English and to increase their facility in spoken English. The course focuses on assisting students to acquire a larger vocabulary in order to participate more easily in social and academic situations.
Credits: 3
Semester Offered: F/S
Prerequisites: Non-native speaker of English, High School Diploma or GED and ESL 134 passed with a grade of "C" or higher or appropriate placement score

ESL 143 English as a Second Language: Note-Taking I
In this course, students learn to develop a system of note-taking while listening to short academic lectures. Students use their lecture notes and course reading to complete a variety of academic assignments, such as, responding to comprehension questions in sentence and paragraph form. The minimal passing grade for ESL courses is a "C".
Credits: 3
Semester Offered: F/S
Prerequisites: Non-native speaker of English, High School Diploma or GED and appropriate placement score

ESL 143 English as a Second Language: Note-Taking II
In this course, students continue to develop a system of note-taking while listening to academic lectures. Students use their lecture notes and course readings to summarize and synthesize information in paragraphs and short essays. The minimal passing grade for ESL courses is a "C".
Credits: 3
Semester Offered: F/S
Prerequisites: Non-native speaker of English, High School Diploma or GED and appropriate placement score

ESL 144 English as a Second Language: Note-Taking III
In this course, students refine their academic note-taking skills in preparation for content area courses. Students use their lecture notes and course readings to summarize, synthesize and evaluate information in paragraphs and essays. The minimal passing grade for ESL courses is a "C".
Credits: 3
Semester Offered: F/S
Prerequisites: Non-native speaker of English, High School Diploma or GED and ESL 143 passed with a grade of "C" or higher or appropriate placement score

ESL 145 English as a Second Language: Advanced Reading/Writing
This course emphasizes the critical reading and essay writing skills needed for college success. Students demonstrate their ability to comprehend, analyze, and synthesize information from course readings and to write essays displaying unity, support, and coherence. Students refine their understanding and use of academic vocabulary, correct sentence structure, and appropriate grammatical form.
Credits: 3
Semester Offered: F/S
Prerequisites: Non-native speaker of English, High School Diploma or GED and ESL 105 and ESL 115 or appropriate placement score

Finance
FIN 111 Personal Financial Planning
This course examines the tools, terminology, and applications necessary to successfully manage financial matters in our daily lives. Topics include the personal financial planning process, career strategies, money management, personal taxation, financial institution services, and consumer credit. Evaluation techniques related to housing, transportation, insurance, investments, real estate, and retirement planning are also covered.
Credits: 3
Semester Offered: F/S/SU
Prerequisites: MAT 090 with a grade of "C" or higher on the MAT 090 departmental final exam; or appropriate placement score

FIN 221 The Stock Market and Investments
This course provides an introduction to financial investments and the stock markets. Students study the purposes and history of the stock markets and the primary investments they control including stocks, bonds, and mutual funds.
Credits: 3
Semester Offered: F/S
Prerequisites: ENG 091 with a grade of "C" or higher, ENG 096 with a grade of "C" or higher; or appropriate placement score, MAT 090 with a grade of "C" or higher on the MAT 090 departmental final exam; or appropriate placement score

FIN 250 Principles of Finance
This course covers the principles and practices of financial management that are used in business. Topics examined include acquisition of funds, cash flow, financial analysis, capital budgeting, working capital requirements, and capital structure.
COURSES

Credits: 3  
Semester Offered: F/S  
Prerequisites: ENG 091 with a grade of "C" or higher, ENG 096 with a grade of "C" or higher; or appropriate placement score, MAT 099 with a grade of "C" or higher on the MAT 099 departmental final exam; or appropriate placement score

Fire Science

FSC 101 Principles of Emergency Services
This course provides an overview to fire protection and emergency services; career opportunities in fire protection and related fields; culture and history of emergency services; fire loss analysis; organization and function of public and private fire protection services; fire departments as part of local government; laws and regulations affecting the fire service; fire service nomenclature; specific fire protection functions; basic fire chemistry and physics; introduction to fire protection systems; introduction to fire strategy and tactics; life safety initiatives. This course follows the curriculum established by the Fire and Emergency Services Higher Education (FESHE) network.
Credits: 3  
Semester Offered: F  
Prerequisites: ENG 091 with a grade of "C" or higher, ENG 096 with a grade of "C" or higher; or appropriate placement score

FSC 104 Fire Behavior and Combustion
This course explores the theories and fundamentals of how and why fires start, spread, and how they are controlled. This course follows the curriculum established by the Fire and Emergency Services Higher Education (FESHE) network.
Credits: 3  
Semester Offered: S  
Prerequisites: ENG 091 with a grade of "C" or higher, ENG 096 with a grade of "C" or higher; or appropriate placement score, FSC 101

FSC 121 Building Construction for Fire Protection
This course provides the components of building construction related to firefighter and life safety. The elements of construction and design of structures are shown to be key factors when inspecting buildings, preplanning fire operations, and operating at emergencies. This course follows the curriculum established by the Fire and Emergency Services Higher Education (FESHE) network.
Credits: 3  
Semester Offered: F  
Prerequisites: FSC 104, FSC 121

FSC 151 Occupational Safety and Health for Emergency Services
This course introduces the basic concepts of occupational health and safety as it relates to emergency service organizations. Topics include risk and hazard evaluation and control procedures for emergency service organizations. This course follows the curriculum established by the Fire and Emergency Services Higher Education (FESHE) network.
Credits: 3  
Semester Offered: F  
Prerequisites: ENG 091 with a grade of "C" or higher, ENG 096 with a grade of "C" or higher; or appropriate placement score, FSC 101

FSC 201 Principles of Fire and Emergency Services Safety and Survival
This course introduces the basic principles and history related to the national firefighter life safety initiatives, focusing on the need for cultural and behavior change throughout the emergency services. This course follows the curriculum established by the Fire and Emergency Services Higher Education (FESHE) network.
Credits: 3  
Semester Offered: F  
Prerequisites: FSC 104, FSC 121

FSC 203 Fire Prevention
This course provides advanced knowledge relating to the field of fire prevention. Topics include: history and philosophy of fire prevention; organization and operation of a fire prevention bureau; use and application of codes and standards; plans review; fire inspections; fire and life safety education; and fire investigation. This course follows the curriculum established by the Fire and Emergency Services Higher Education (FESHE) network.
Credits: 3  
Semester Offered: F  
Prerequisites: FSC 104, FSC 121, ENG 101

FSC 207 Fire Fighting Tactics and Strategy
This course reviews fire chemistry, equipment, and personnel. Students learn basic fire fighting tactics and strategies, methods of attack, and preplanning to prevent fire problems. Fire situations are presented for analysis and study of accepted fire fighting practices. This course follows the curriculum established by the Fire and Emergency Services Higher Education (FESHE) network.
Credits: 3  
Semester Offered: S  
Prerequisites: MAT 095 with a grade of "C" or higher on the MAT 095 departmental final exam; or appropriate placement score

FSC 223 Fire Protection Systems
This course provides information relating to the features of design and operation of fire alarm systems, water-based fire suppression systems, special hazard fire suppression systems, water supply for fire protection and portable fire extinguishers. This course follows the curriculum established by the Fire and Emergency Services Higher Education (FESHE) network.
Credits: 3  
Semester Offered: S  
Prerequisites: FSC 201, FSC 203

FSC 230 Fire Investigation I
This course is intended to provide the student with the fundamentals and technical knowledge needed for proper fire scene interpretations, including recognizing and conducting origin and cause, preservation of evidence and documentation, scene security, motives of the fire setter, and types of fire causes. This course follows the curriculum established by the Fire and Emergency Services Higher Education (FESHE) network.
Credits: 3  
Semester Offered: F  
Prerequisites: FSC 201, FSC 203

FSC 241 Fire Protection Hydraulics and Water Supply
This course provides a foundation of theoretical knowledge in order to understand the principles of the use of water in fire protection and to apply hydraulic principles to analyze and to solve water supply problems. This course follows the curriculum established by the Fire and Emergency Services Higher Education (FESHE) network.
Credits: 3  
Semester Offered: S  
Prerequisites: FSC 104, FSC 121

FSC 242 Hazardous Materials Chemistry
This course provides basic chemistry relating to the categories of hazardous materials including recognition, identification, reactivity, and health hazards encountered by emergency
services. This course follows the curriculum established by the Fire and Emergency Services Higher Education (FESHE) network.

**Credits:** 3
**Semester Offered:** F
**Prerequisites:** FSC 203, MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score

## FSC 263 Introduction to Fire and Emergency Services Administration

This course introduces the student to the organization and management of a fire and emergency services department and the relationship of government agencies to the fire service. Emphasis is placed on fire and emergency service, ethics, and leadership from the perspective of the company officer. This course follows the curriculum established by the Fire and Emergency Services Higher Education (FESHE) network.

**Credits:** 3
**Semester Offered:** S
**Prerequisites:** FSC 203, SPH 101

## French

### FRC 111 Beginning French I

The course covers the fundamentals of French grammar as a foundation for speaking, understanding, reading, and writing the language. It includes brief readings in the everyday aspects of the French-speaking world. In addition to gaining an understanding of the fundamentals of French grammar, students develop a basic working vocabulary of 500 words. Previous knowledge of French is not required.

**Credits:** 3
**Semester Offered:** F

### FRC 112 Beginning French II

Students progress further in the foundations of the language, including understanding, speaking, reading, and writing. Students improve reading and speaking skills through the study of short pieces on contemporary French life and culture. Students study the French grammatical structure and develop a working vocabulary of 850 words. They also read and respond to short, simple French texts.

**Credits:** 3
**Semester Offered:** S
**Prerequisites:** FRC 111

### FRC 211 Intermediate French I

Students study French literature and culture through selected readings. They develop their reading, speaking, and comprehension skills of basic French and develop a working vocabulary of approximately 1,000 words.

**Credits:** 3
**Semester Offered:** F
**Prerequisites:** FRC 112

### FRC 212 Intermediate French II

The students master a working vocabulary of approximately 1,400 words and engage in more intensive practice through oral/aural drill and reading and discussing selected graded texts.

**Credits:** 3
**Semester Offered:** S
**Prerequisites:** FRC 211

## Geography

### GEO 210 World Regional Geography

This course will give the student a foundation for understanding the geographic regions of the world. It will also introduce the basic methods of geographic analysis for understanding regional patterns, thereby enabling the student to gain insight into, and comprehension of, global culture and world events. Upon successful completion of the course, the student will be able to perform the following: locate and map basic place names of the globe (the continents, major realms and regions, major countries and cities, and major physical and cultural features); compare, contrast, and interpret maps and geographic data, and articulate his/her understanding of current global problems from a regional perspective.

**Credits:** 3
**Semester Offered:** F/S
**Corequisites:** ENG 101

## German

### GER 111 Beginning German I

This course covers the fundamentals of German grammar as a foundation for speaking, understanding, reading, and writing the language. Students explore brief readings in the everyday aspects of the German-speaking world to develop a basic working vocabulary of 500 words. Previous knowledge of German is not required.

**Credits:** 3
**Semester Offered:** F

### GER 112 Beginning German II

This course emphasizes understanding, speaking, reading, and writing German. Students learn and develop basic reading skills through study of short contemporary pieces on modern German life and culture. Students study German grammar structure and develop a working vocabulary of 850 words. They also read and respond to short, simple German texts.

**Credits:** 3
**Semester Offered:** S
**Prerequisites:** GER 111

### GER 211 Intermediate German I

Students review the fundamentals of the German language and continue the study of German literature and culture through selected readings. Students continue to develop reading, speaking, and comprehension of German while acquiring a working vocabulary of at least 1,000 words.

**Credits:** 3
**Semester Offered:** F
**Prerequisites:** GER 112

### GER 212 Intermediate German II

Students develop intermediate German skills through intensive oral/aural drills, reading assignments, and discussion of selected graded texts. Students learn how to read, speak, write, develop, and master a working vocabulary of at least 1,400 words.

**Credits:** 3
**Semester Offered:** S
**Prerequisites:** GER 211

## Gerontology

### GRT 101 Introduction to Aging

This course focuses on issues in gerontology and normal psychological, social, and physical changes in the older adult. Students examine relevant theories in aging: disengagement, activity, developmental, and the concept of Shrinking Life Space. Students learn about problems facing the older person, such as isolation, dependency, illness, and institutionalization. External forces impinging on the aging individual will also receive attention. The course methodology includes guest lecturers from the community, visits to geriatric institutions, and experiences with the elderly population.

**Credits:** 3
**Semester Offered:** F/S/SU
**Prerequisites:** ENG 096 with a grade of “C” or higher; or appropriate placement score
Heating Ventilation Air Conditioning

HVC 101 Basic Refrigeration Systems and Heat Theory
This course introduces students to the basic concepts of heat transfer that dictate the behavior and operation of both heating and cooling systems. Topics lay the groundwork for the basic refrigeration cycle, including sensible, latent, and specific heat. Temperature and pressure concepts are also applied to refrigeration system models. This course includes a laboratory component.

Credits: 4
Semester Offered: F
Prerequisites: Enrollment limited to HVC majors only
Please Note: Three hours lecture, three hours laboratory

HVC 102 Basic Electricity
Students are exposed to AC fundamentals, Ohm’s Law, and other circuit rules effecting circuit behavior, as well as basic electrical components used to develop series and parallel control circuits. Laboratory exercises focus on creating wiring diagrams, and then applying them to actual wiring practices on working circuitry. Students are trained in the use of electrical meters to develop troubleshooting procedures. Electrical Safety is incorporated into all activities. This course includes a laboratory component.

Credits: 4
Semester Offered: F
Prerequisites: Enrollment limited to HVC majors only
Please Note: Three hours lecture, three hours laboratory

HVC 104 Massachusetts Refrigeration Code
This class explores the regulations of the American Society of Heating, Refrigerating and Air Conditioning Engineers (ASHRAE 15) and the Refrigeration Safety Code to ensure that systems are assembled and installed to code specifications as well as being safe for buildings and its occupants. Laboratory exercises apply ASHRAE 15 and Environmental Protection Agency regulations to shop-built projects that illustrate compliance in both installation and service procedures. This course includes a laboratory component.

Credits: 4
Semester Offered: S
Prerequisites: HVC 101, Enrollment limited to HVC majors only

HVC 105 Massachusetts Electrical Code
Wiring practices required by the Mass. Electrical Code (National Electrical Code) are detailed as they apply to the wide variety of heating, ventilation, air conditioning, and refrigeration equipment. Laboratory exercises demonstrate the application of these practices on controls, relays, timers, motors, circuit protection and electrical supplies for safety and functionality. This course includes a laboratory component.

Credits: 4
Semester Offered: F
Prerequisites: Enrollment limited to HVC majors only
Corequisites: HVC 102
Please Note: Three hours lecture, three hours laboratory

HVC 106 Comfort Heating Systems
This course is a study of mechanical energy systems that use gas, oil, and electricity for comfort heating applications. An emphasis on energy efficiency and awareness of energy costs is inherent in the content. Hands-on laboratories cover the installation and use of electrical controls, system evaluation, mechanical and electrical troubleshooting of residential and light commercial applications. This course includes a laboratory component.

Credits: 4
Semester Offered: S
Prerequisites: HVC 101, Enrollment limited to HVC majors only
Please Note: Three hours lecture, three hours laboratory

HVC 107 Comfort Cooling Systems
This course is a study of mechanical cooling equipment used in comfort cooling, heat pump, and other indoor environmental applications. Hands-on laboratories cover the installation and use of electrical controls, system evaluation, and mechanical and electrical troubleshooting of residential and light commercial applications. Strategies for energy efficiency maintenance procedures are matched to appropriate equipment. This course includes a laboratory component.

Credits: 4
Semester Offered: S
Prerequisites: HVC 101, Enrollment limited to HVC majors only

Please Note: Three hours lecture, three hours laboratory

History

HST 104 World History I: Beginning to 1500
This course examines the world’s ancient and pre-modern peoples, cultures, and civilizations. It emphasizes themes such as the development of agriculture and rise of civilization, formation of empires, development of religions, and economic and cultural interaction between regions of the world.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 101

HST 105 World History II: 1500 to World War I
This course examines the convergence of the world’s people, cultures, and civilizations on a global scale beginning around the 16th century. It emphasizes themes such as the emerging global economy, colonialism, revolution, industrialization, imperialism, and the rise of the nation-state.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 101

HST 106 World History III: World War I to Present
This course examines recent and current interactions between the world’s peoples, cultures, and civilizations. It emphasizes themes such as nationalism, migrations, technology, and economic and cultural interaction on a global scale.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 101

HST 115 U.S. History: Beginnings to 1865
This course surveys the period from pre-Columbian times to the end of the Civil War. Topics include Native American cultures and societies; colonization; origins and development of slavery; American Revolution; establishment of the United States; industrialization and immigration; westward expansion; sectional politics and Civil War. Students examine the Constitution in light of politics, society, economy, and culture of the period.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 101
HST 116 U.S. History: 1865 to Present
This course surveys the period from the end of the Civil War to present-day. Topics include Reconstruction; Gilded Age, populism and progressivism; imperialism; World War I; Great Depression and New Deal; World War II; Cold War; the Sixties; conservatism; globalization and September 11th’s aftermath. Students examine the Constitution in light of politics, society, economy, and culture of the period.
Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 101

HST 133 History of Puerto Rico
This course examines selected topics concerning Puerto Rico from the pre-Columbian period through Spanish conquest and colonization, and considers its relationship with the United States since the Spanish American War. Students develop an understanding of the Native American, Spanish, and African heritage of Puerto Rico. Sections are offered in Spanish.
Credits: 3
Semester Offered: F
Prerequisites: ENG 101

HST 153 The Bible as History
This course explores scripture both as a source of evidence and as a subject of study. Students examine history by applying the assumptions, tools, and methods of modern historical criticism to selected books and passages of the Old and New Testaments; identify the human authors of these documents; and evaluate the historicity and purpose of their narrative content. Students also examine the origins, history, and relationship of the Jewish and Christian faiths and their respective critical analyses and interpretations of scripture.
Credits: 3
Semester Offered: S
Prerequisites: ENG 101

HST 157 Genocide
This course examines the historical phenomenon of genocide – an attempt to annihilate an entire race, nation, culture, ethnicity, religion, or other identifiable human group. Students identify common characteristics of all genocides, focus on particular examples, and consider more recent manifestations of the phenomenon including hate crimes.
Credits: 3
Semester Offered: F
Prerequisites: ENG 101

HST 202 Topics in the History of Civilization
This course examines in-depth a selected topic from the history of civilization. Students develop greater knowledge, insight, and sophistication than might be obtained from a survey course while retaining historical and chronological perspectives. Topics vary from semester to semester.
Credits: 3
Prerequisites: ENG 101

HST 203 African American History I: Beginnings to 1865
This course examines the history of African Americans from their African origins and forced migration to and settlement in America to the end of the Civil War. Topics include the development of slavery, conceptions of race, struggle for freedom, development of African American culture, and life of free blacks before the Civil War.
Credits: 3
Semester Offered: F/S
Prerequisites: ENG 101

HST 204 African American History II: 1865 to the Present
This course examines the history of African Americans from the end of the Civil War to present day. Topics include Reconstruction, Jim Crow, the Great Migration, black nationalism, the Harlem Renaissance, black culture and society, the civil rights and restorative justice/reparations movements, and the role African Americans today play in the economic, political, and social life of the United States.
Credits: 3
Semester Offered: F/S
Prerequisites: ENG 101

HST 206 History of Latin America I: Pre-Contact to 1825
This course examines the emergence of Latin America from the first Mesoamerican and Andean civilizations to the wars of independence in the nineteenth century. The course examines the pre-contact civilizations of Latin America, and traces the process by which Spain and Portugal established colonies in the region. Topics include colonization, Indian and African resistance and rebellion, colonial gender roles, the role of the Catholic Church in colonial societies, and the nineteenth-century economic and political decline of colonial systems in Latin America.
Credits: 3
Semester Offered: F
Prerequisites: ENG 101

HST 207 History of Latin America II: 1825 to Present
This course examines the forces and events that have shaped Latin America from the early nineteenth century to the present. It analyzes Latin America’s experiences with independence movements, nationhood, dictatorships, revolution, and democracy. Through this analysis, students explain the political, economic, and social conditions present in modern Latin America.
Credits: 3
Semester Offered: S
Prerequisites: ENG 101

HST 212 The United States Constitution
This course examines the events and writings, which influenced the framers of the United States Constitution. It covers the principles, philosophies, and reasoning on which the Constitution is based, and how historical events, court cases, amendments, and evolving interpretations have made it a living document for each generation of Americans. Students consider the intent of the framers of the Constitution and judge the extent to which it has realized their expectations.
Credits: 3
Semester Offered: S
Prerequisites: ENG 101

HST 215 American Ethnic History
This course explores the pluralistic dimension of American history. Students examine the experience of various racial, ethnic, and immigrant peoples in the political, economic, social, and cultural development of the United States.
Credits: 3
Semester Offered: S
Prerequisites: ENG 101

HST 216 History of Native Americans in North America
This course explores the history of Native Americans in North America from earliest archeological periods to the present. Students examine the migration and settlements of native peoples, development of Native American societies and cultures in the pre-Columbian era, their encounters with Europeans and Africans, and their responses to the challenges of conquest, dispossession, and colonialism in North America.
Credits: 3
Semester Offered: F/S
Prerequisites: ENG 101
HST 221 History of Science
This course is an introductory survey of science across diverse cultures in world history. Students examine the development of sciences, such as astronomy, mathematics, medicine, chemistry, and agronomy, and address the social, cultural and political influences on the development of science and the impact of science on society.
Credits: 3
Semester Offered: S
Prerequisites: ENG 101

HST 232 Worcester’s History
This course traces the social, industrial, and political transformations in the “Heart of the Commonwealth” from the initial encounters of native Nipmuc people with Europeans in the 1600s to Worcester’s present. Students examine the city’s local perspective on important topics in American History including colonial town life; the American Revolution; the anti-slavery, women’s rights and other reform movements; the Civil War; Industrialization; immigration; ethnic diversity; and labor.
Credits: 3
Semester Offered: F
Prerequisites: ENG 101

HST 241 History of Chinese Civilization
This course surveys Chinese civilization from its origins to the present. Students examine geography, economy, society, culture, and politics. Students explore and discuss significant features of Chinese civilization to understand the ways that it deals with the same basic human problems as Western civilizations.
Credits: 3
Semester Offered: S
Prerequisites: ENG 101

Hospitality & Recreation Management

HRM 101 Introduction to Hotel/Restaurant Management
This course covers the hospitality industry, including food service, lodging, tourism, casinos, recreation, and convention management. Students learn the departments of hotels, restaurants, and travel organizations both individually and in relation to each other. Students examine the management process as it applies to the hospitality industry in order to select an area of interest for their own careers.
Credits: 3
Semester Offered: F/S

HRM 111 Basic Foods: Basic Boucher & Patisserie
This course introduces commercial food preparation and production management. Students learn basic principles of commercial cookery, including methods of preparation, nutrition, cost, and organization and management of commercial kitchens. Topics include the purpose and use of recipes; portion control techniques; and the selection, cooking, and handling of stocks and sauces, soups, meat, poultry, fish, vegetables, starches and salads. Students learn basic principles of kitchen operation and management and the safe usage of food service equipment. Students individually plan, produce, and serve products in the student-run diner at the Worcester Senior Center.
Credits: 4
Semester Offered: F/S
Corequisites: HRM 115

HRM 112 Basic Foods: Garde-Manager & Saucier
In the laboratory portion, students in a restaurant setting produce food, including appetizers, soups, salads, entrees, vegetables, and desserts. In the classroom portion, students calculate potential and actual operating food costs, assess and design menus and operations methods, and modify recipes for special diets or quantity production.
Credits: 4
Semester Offered: F/S
Corequisites: HRM 115

HRM 115 Sanitation Certification
This course examines the principles of sanitation in the hospitality and food service management fields. It focuses on sanitation and health, serving sanitary food, keeping a sanitary food environment, and managing a safe hospitality property. Students learn the skills necessary to gain certification in the National Restaurant Association Safe Serve Examination.
Credits: 1
Semester Offered: F/S/SU

HRM 121 Hospitality Law and Ethics
This course examines the U.S. laws that most impact hospitality operations in the areas of lodging, beverage service, foodservice, casino management, and convention planning. Using case studies, students learn hospitality management policies in order to minimize legal liability: the responsibilities and legal rights under the law for innkeepers, bartenders and employers; and the consequences of failing to meet those responsibilities.
Credits: 3
Semester Offered: S

HRM 131 Food and Beverage Cost Control
This course provides experience in identifying, analyzing, and creating controls for production, labor, and revenues necessary to ensure profitable foodservice operations. The main topics studied are forecasting, budgeting, and analyzing costs of food, beverages, and labor, in addition to the internal controls required for effective cost management. This course is required for both the foodservice track certificate and the foodservice track degree.
Credits: 3
Semester Offered: F/S

HRM 135 Front Office Operations
This course focuses on operations and procedures of lodging management for inns, hotels, resorts, clubs, and casinos in order to relate front office operations to other departments. Using property management software, students learn the mechanics of the front office in two general areas - customer service and financial management. In customer service, the course focuses on reservation inquiries, recording, availability, denials, check-ins, rate selection, walk-ins, and room status. Students also learn procedures related to special equipment needs, housekeeping, settlement, and checkout. In the financial management section, students learn guest accounting, night audits, and revenue.
Credits: 3
Semester Offered: F

HRM 136 Front Office Management
This course focuses on the application of hospitality service principles related to customer service including planning, organization, implementation and management of service systems and staff. Through case studies, students experience communication, problem solving, and decision-making as related to the effective management of the front office. The course also stresses customer-centered concepts in the areas of hiring, training, and motivating employees. Students participate in the International Customer Service Association’s CS certification program.
Credits: 3
Semester Offered: S

HRM 137 Introduction to Casino and Gaming Operations
This course uses a combination of lecture, guest speakers, experiential learning and independent study to examine the theory,
practice and business of gambling. Students discover how the gambling industry operates, analyze many of the popular games, and explore the phenomenon and impact of legalized commercial gaming.

**Credits:** 3

**HRM 139 Bar and Beverage Management**

This course focuses on the management of beverage operations including wine, beer, and spirit liquor. Students study grape growing, fermentation, aging, production, and primary taste characteristics of wine; beer-brewing techniques and brew houses; and the main ingredients and production of whiskies, bourbon, tequila, gin, and vodka. Students also learn the components of beverage operations including production, control, storage, and purchasing; and the marketing, service, and accounting functions. The course emphasizes the legal and social responsibilities of managing beverage operations.

**Credits:** 3

**Semester Offered:** 5

**HRM 201 Hospitality Accounting**

This course covers managerial accounting in the hospitality industry including financial statement interpretation and cost accounting. The course emphasizes the ability to analyze financial statements through the use of financial ratios. Students learn the use of the balance sheet, income statement, and the statement of cash flow; examine financial control systems used in the food and beverage management; and understand the budget cycle, sales forecasting, and the capital budgeting process in specific hospitality operations.

**Credits:** 3

**Semester Offered:** 5

**Prerequisites:** ACC 101

**HRM 215 Contract Foodservice Management**

This course covers the basic systems found in contract foodservice operations such as schools, healthcare facilities, and corporate environments. Students examine consumer needs with an emphasis on planning cyclical and pre-set menus, kitchen layout and design, and facilities planning and equipment selection. Students also review the foodservice and prototype contract, the contracting process, and catering services as a function of contract foodservice operations. Students attend a restaurant trade show or conduct research and complete a project on equipment and/or facility design.

**Credits:** 3

**Semester Offered:** F/S

**Corequisites:** HRM 115

**HRM 216 Nutrition for Foodservice Management**

This course is an introduction to human nutrition in foodservice management, focusing on basic nutrition including macro and micronutrients, recipe development and modification, and nutrient analysis. It also covers food purchasing, receiving, storage, and preparation for optimum nutrient retention. It emphasizes menu planning and food preparation for foodservice managers in healthcare, institutional settings, and spas. Students plan the development and marketing of healthful menu alternatives, understand special diets, and understand the roles of culture and religion in diet and menu preparation.

**Credits:** 3

**Semester Offered:** F/S

**Corequisites:** HRM 111 or HRM 112

**HRM 218 Dining Room and Banquet Management**

This course covers dining room staffing and employee training; basic service rules, techniques and styles (American, French, Russian, a la carte, buffet, butler); proper table setting, plating and presentation; and table etiquette. Students understand menu types (static, cycle, and market menus) and managing by menu. Using the student-run restaurant, students plan a merchandising and sales promotion and plan and develop special events, with emphasis on management approaches that achieve good customer relations and satisfaction.

**Credits:** 3

**Semester Offered:** 5

**HRM 232 Hotel Meetings: Sales and Operations**

This course focuses on front-of-the-house operations, from meeting the client through planning and selling an event. Topics include deciding room size and set up, food and beverage requirements, guest services, special equipment requirements, cost, and contracting for the event. The course also covers back-of-the-house operations including accounting, contracting with vendors, and staff scheduling and management. Students learn the marketing, planning, and management of large and small hotel meetings, functions, and conventions.

**Credits:** 3

**Semester Offered:** F

**HRM 235 Management in the Hospitality Industry**

This course is a capstone course for hospitality management students. It is designed to enhance leadership ability while focusing on the principles of effective management in the context of the hospitality industry. Students study how to develop, motivate and empower high performance teams and to put quality management tools into action to increase sales and customer service. An assessment tool developed by the American Motel/Hotel Association (AMHA) enables students to develop an understanding of and skills in the following areas: coaching and counseling, communication, managing change, performance management, setting goals and standards, managing conflict, problem solving, and decision making.

**Credits:** 3

**Semester Offered:** 5

**HRM 236 Destination Marketing and Management**

Students develop an understanding of destination marketing to a level where they are able to make marketing strategy recommendations for the promotion of tourism for a variety of visitors. A partnership with the Central Massachusetts Visitor and Convention Bureau serves as an experiential lab to promote the examination of the role of tourist, the tourism manager, and the central Massachusetts region as a destination. Topics covered in this course may change according to the current demand, events, or issues.

**Credits:** 3

**Semester Offered:** F

**HRM 299 Hotel/Restaurant Management Cooperative Education Experience**

This course provides a blend of classroom theory and practical job experience through periods of on-campus instruction and supervised off-campus employment. Cooperative Education helps students decide if they have selected a profession to which they are willing to commit themselves. Bringing field experience into the classroom discussion takes a new relevancy, and learning is enhanced. Individualized outcomes are developed among the student, a faculty supervisor, and the employer.

**Credit Range:** 2-6

**Semester Offered:** F/S/SU

**Prerequisites:** Approval of Program Coordinator
**Human Services**

**HUS 101 Introduction to Human Services**
This course focuses on the historical, political and social aspects of human services. Students gain core knowledge of common problems in living, consumer populations, helping models. Students learn about the agencies and services available in the Worcester area and identify strategies for effective delivery of human services. Upon completion students will be able to explain the value of participant empowerment, access appropriate supportive services, and expeditiously navigate the human service system.

**Credits:** 3  
**Semester Offered:** F/S/SU  
**Prerequisites:** ENG 096 with a grade of “C” or higher; or appropriate placement score

**HUS 121 The Helping Relationship: Delivering Human Services**
This course explores the knowledge, skills and personal characteristics that are critical for an effective helping relationship. The helping relationship is one that partners with and empowers others. Course material is built upon research about human behavior, life stage theory, intervention strategies and strength-based practice. Using demonstration, lecture, role-play and hands on experience, students learn the fundamentals of: basic helping skills, crisis intervention, behavior modification, case management and accurate recordkeeping.

**Credits:** 3  
**Semester Offered:** F/S/SU  
**Prerequisites:** ENG 096 with a grade of “C” or higher; or appropriate placement score

**HUS 125 Group Process for Human Services**
This course examines the theory, process, and practice of group work in human services through lecture and experiential methods. Students learn the value of groups, the stages of group development, the roles and tasks of the group facilitator, and the strategies for dealing with common group problems. Course material will focus on the unique issues of groups commonly found in human service programs: education, discussion, growth, support, and self-help. The experiential component provides students the opportunity to participate in a group with the goal of enhancing self-awareness of personal qualities and skills required for effective group leader roles.

**Credits:** 3  
**Semester Offered:** F/S/SU  
**Prerequisites:** HUS 101, HUS 121

**HUS 131 Introduction to Developmental Disabilities**
This course examines a variety of developmental disabilities such as mental retardation, autism, syndromes (e.g., Down Syndrome, Fetal Alcohol Syndrome), neurological, sensory, and health impairments, learning disabilities, and emotional and behavioral disorders. The course incorporates a sociopolitical perspective laws, legislation, court cases, and attitudes on the treatment and support of people with developmental disabilities. Effective teaching and intervention strategies are explored. Special attention is devoted to addressing barriers to integration and the impact on the individual and his/her family. Students explore their own beliefs and biases regarding people with disabilities and their possible role as change agents in society.

**Credits:** 3  
**Semester Offered:** F/S  
**Prerequisites:** HUS 101  
**Corequisites:** ENG 101

**HUS 141 Community Service: Delivering Human Services**
This course includes fieldwork in human service agencies in the Worcester area. Students learn about the various roles of the human service practitioner and explore multiple aspects of service delivery through the observation and “shadowing” of professionals. Students select three areas of interest within mental health, substance abuse, homeless/outreach, developmental disabilities, gerontology, adolescent behavior management and family/community based services. Visiting a minimum of three agencies during the semester increases students’ awareness of community resources and understanding of services provided to agency participants. The course also covers effective communication styles, agency systems and system theory, effective joining styles, establishing strong work habits and ethics, assertiveness skills, self-awareness, and self-management.

**Credits:** 3  
**Semester Offered:** F/S/SU  
**Prerequisites:** ENG 101, HUS 101, HUS 121

**HUS 143 Direct Support Practicum**
Students contract for a minimum of 10 hours per week at a practicum placement and a weekly seminar at the College. Practica are supervised by an agency staff person and by the course instructor, who visits the sites and maintains weekly contact with the students. Students demonstrate sensitivity to diverse populations and satisfactory proficiency in developing, interpreting, implementing, and documenting helping interventions. They understand the appropriate use of supportive services, group facilitation, conflict resolution, and system change strategies; and use appropriate written and verbal communication skills to document their work.

**Credits:** 3  
**Semester Offered:** F/S  
**Prerequisites:** HUS 101

**HUS 145 Special Topics in Developmental Disabilities**
This course is designed for human service professionals who work as direct support workers for the Department of Development Disabilities. Students enrolled in this course will gain a deeper understanding and appreciation of issues that may have been presented in previous human service classes. In addition, they will further develop their skills in working with both clients and their families. Topics covered in this course include person centered thinking, teaching and learning, diversity, health and wellness, sexuality, humans rights, grief and loss, and working with families.

**Credits:** 3  
**Semester Offered:** S  
**Prerequisites:** HUS 101, HUS 131

**HUS 151 Families and Children with Special Healthcare Needs**
This course focuses on understanding family systems and development for families with children who have special healthcare needs. Family-centered, strength-based model provides the foundation of the course. Students explore the impact of disabilities and special healthcare needs on family development and functioning; cultural and societal dynamics; home-based intervention and respite care; and the role of service providers in creating professional partnerships. Students receive 20 hours of practical experience including agency orientation, parent networking and self-advocacy groups.

**Credits:** 3  
**Semester Offered:** F/S/SU  
**Prerequisites:** HUS 101, HUS 121

**HUS 221 Cultural Competence for Human Service Workers**
This course prepares human service workers in developing awareness and skills to provide culturally competent services to meet the needs of a changing population. Students examine three core principles: the worker must be self-reflective and examine biases within themselves and their profession; the worker must have core knowledge about minority group value
systems, beliefs about health and personal problems, histories, traditions and natural systems of support inherent in one's culture; and the worker must be able to demonstrate an integration of this knowledge and personal reflection with practice skills.

**Credits:** 3  
**Semester Offered:** F/S  
**Prerequisites:** ENG 101, HUS 101, SOC 101

**HUS 231 Legal and Ethical Concepts in Human Services**

This course examines ethical and legal issues that confront human service workers. Students begin by investigating the core values that are the foundation of helping services and examine the issues of social justice and consumer rights. Topics of consumer privacy, confidentiality, duty to disclose, and boundary dilemmas are covered in depth. Examples from Massachusetts’s laws and cases are used to help learners understand their legal responsibilities and effectively collaborate with professionals from the justice system. Throughout the course, students develop an understanding of the legal system and how it impacts human service issues.

**Credits:** 3  
**Semester Offered:** F/S  
**Prerequisites:** HUS 101, HUS 121, HUS 141

**HUS 243 Human Services Practicum I**

This course provides training in technical competency and skills building through 120 hours of directed, professionally supervised individual and group work in a human service agency. Students demonstrate sensitivity to diverse populations and satisfactory proficiency in developing, interpreting, implementing, and documenting helping interventions. Students understand the appropriate use of supportive services, group facilitation, conflict resolution, and system change strategies; and use appropriate written and verbal communication skills to document their work. (Only open to students enrolled in the Human Services Program).

**Credits:** 4  
**Semester Offered:** F  
**Prerequisites:** HUS 101, HUS 141, PSY 231

**HUS 244 Human Services Practicum II**

This course provides a continuation of the technical competency and skills building through 130 hours of directed, professionally supervised individual and group work in a human service agency. Students demonstrate sensitivity to diverse populations and proficiency in developing, interpreting, implementing, and documenting helping interventions. Students understand the appropriate use of supportive services, group facilitation, conflict resolution, and system change strategies; and use appropriate written and verbal communication skills to document their work.

**Credits:** 4  
**Semester Offered:** 5  
**Prerequisites:** HUS 243

**Humanities**

**HUM 101 Critical Thinking and Problem Solving**

This course focuses on the development of reasoning and problem solving skills by analyzing controversial public issues and practical everyday problems. Students explore problem solving strategies, argumentation, cultural differences in reasoning, inductive and deductive logic, cause and effect reasoning and the role of perception in thinking. Other topics include studying the scientific method, propaganda, manipulation of language in advertising and political speeches, and the use of emotional appeals in public discourse. Students write argumentative essays to explore different facets of the course topics.

**Credits:** 3  
**Semester Offered:** F/S/SU  
**Prerequisites:** ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

**HUM 105 Introduction to Humanities**

The course focuses on both western and non-western cultures and their intellectual traditions through the study of literature, philosophy, visual and performing arts, theater, music, science and religion. Students explore how human knowledge has developed and grown through history by reading a variety of ancient and modern texts, listening to music, viewing artworks, watching film excerpts, and participating in discussions and experiential learning activities.

**Credits:** 3  
**Semester Offered:** F  
**Prerequisites:** ENG 101

**HUM 210 Journaling in Context: New England’s Great Thinkers**

This course introduces the New England Transcendental diarists of the nineteenth century, including: Henry David Thoreau, Ralph Waldo Emerson, Margaret Fuller, and Bronson Alcott. Students read significant journal entries written by these authors, and learn how to develop their own personal journal. Students take part in investigative exploration of journal entries from the nineteenth century with the objective of understanding chronological events, gathering insight regarding local and national matters, and correlating past cultural events to contemporary issues. Topics of discussion and research will consist of: social activism, utopian communities, societal experimentation, consumerism and industrialism, and personal philosophy.

**Credits:** 3  
**Semester Offered:** F  
**Prerequisites:** ENG 101

**HUM 211 The Sixties in America**

This course introduces students to the dramatic events occurring in the decade of the 1960s. Students examine significant developments of the era through an exploration of various cultural media including texts, videos, art, music, and theater. The course covers Civil Rights and Black Power movements; the war in Vietnam and related controversies; the rise of the counterculture; the contemporary Women's Movement; the student revolution; and the beginnings of the Environmental Movement. Students examine the relevance of the events of the 1960s to the issues facing the 21st century.
HUM 232 Survey of Hollywood Film: 1920 to Present
This course offers a foundational survey of Hollywood film from its inception through the present. Students study a chronological series of films selected to represent the ethno-cultural diversity of that history, films that demonstrate major developments in Hollywood film art over time. Students become familiar with the language of film, and the theoretical approaches and critical terminology used by film scholars to analyze the form. Students learn how to apply the theories and terms learned by use of them in class presentations and in class discussion, as well as in the writing of essays in the genre of film analysis.
Credits: 3
Semester Offered: F/S
Prerequisites: ENG 101

HUM 233 Play Production: Theory
This course introduces students to the various aspects of play production: play writing, acting, directing, makeup, business matters, and dramatic criticism. It focuses on providing a basic appreciation of the whole dramatic experience and developing expertise in several areas of play production. Students rehearse and perform a scene from a play and to demonstrate an understanding of blocking techniques, character identification, line memorization, timing and rhythm, and creative problem-solving techniques.
Credits: 3
Semester Offered: F/S
Prerequisites: ENG 101

HUM 214 Great Debates of the Western World
This course focuses on presenting opposing views of controversial questions. Students discuss classic issues such as romanticism vs. classicism, militarism vs. pacifism, and liberalism vs. conservatism. Students also examine topics including abortion, pornography, and genetic engineering. They learn how to explore the variety and complexity of human values while maintaining a framework of a rational and fair-minded approach to all sides of every dispute.
Credits: 3
Semester Offered: S
Prerequisites: ENG 101

HUM 243 Mathematics and Science in the Humanities
This course examines how the Humanities utilizes and interacts with the fields of Mathematics and Science. Students utilize methodologies of the Humanities to examine the historical, philosophical, and ethical natures of Math and Science. Students explore mathematics and science as theoretical lenses to understand literary texts and other forms of art. This course covers topics that include but are not limited to infinites, multidimensional spacetime, biology and environmental science, robotics and technology, the mathematician/scientist character, and the discovery and impact of individual numbers/theories. Students compose essays and participate in discussions to demonstrate the connectivity of these usually disparate fields (no formal mathematical calculations are required of students).
Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 102

Interactive Media Digital Design
IMD 114 Digital Design Concepts I
This course explores the fundamentals of digital design and its application in two-dimensional space. Students learn the principals and elements of design and color theory to create vector drawing and graphics associated with digital media. Students complete assignments using industry-standard software and hardware.
Credits: 3
Semester Offered: F/S
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

IMD 115 Digital Design Concepts II
This course builds on the foundations of Digital Media Design Concepts I. Students expand their knowledge of design, color and light theory relevant to the application of two-dimensional space. They investigate the use of form, line, volume and void using complex concepts in vector drawing and graphics. Students complete assignments using industry-standard software and hardware.
Credits: 3
Semester Offered: S/SU
Prerequisites: IMD 114

IMD 121 Graphic Design I
This course introduces fundamentals of design and use of design principles to create forms of graphic communication. It emphasizes problem solving by design, visualization of problems and their solutions, and correlation between forms and their content, function, and context. Students study advertising and related commercial print media and create solutions to design problems.
Credits: 3
Semester Offered: F
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

IMD 122 Graphic Design II
This course builds on the foundation of IMD 121. Topics include using typography effectively in design; visualizing communication problems and solutions; and, the correlation between type forms and content, function, and context. Students expand their understanding of the relationship between formal design and typography and the components of layout, photography, and illustration.
Credits: 3
Semester Offered: S
Prerequisites: IMD 121

IMD 154 Digital Imaging and Media
This course introduces the observational and perceptual skills necessary to construct complex and detailed drawings, illustrations, montages, and collages using digital media. Students experiment with line, space, form, volume and color to manipulate and create effects associated with electronic imaging. Students complete assignments using industry-standard software and hardware.
Credits: 3
Semester Offered: F/S
Prerequisites: IMD 121 with a grade of “C” or higher, or appropriate placement score

IMD 155 Digital Illustration and Animation
This course explores illustrative and animation based design processes to create original compositions and narrative styles for digital media production. It introduces cell and timeline computer animation applications to explore concepts of space, motion, and perspective. Students complete assignments using industry-standard software and hardware.
Credits: 3
Semester Offered: S/SU
Prerequisites: IMD 154
IMD 161 Digital Photography
This course covers the digital camera, including the artistic, theoretical, technical, and career aspects of photography. Students learn the relationship between the key features of light, composition, film usage, computer manipulation, scanning, resolution, and the final digital print. Students must have access to a medium-to-high resolution digital camera. Students learn how to use the controls of any digital camera; use computer technology to scan, digitize, and manipulate images; and, prepare images for professional display.
Credits: 3
Semester Offered: F
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

IMD 171 Fundamentals of 3D Digital Design
This course is an introduction to three-dimensional modeling, rendering, and animation. Students further expand their knowledge of design theory and the application of 3D design. Students develop skills in 3D software topics including interface, modeling, texturing, lighting, rendering, and hierarchy in preparation for game design and development. Students complete assignments using industry-standard software and hardware.
Credits: 3
Semester Offered: S
Prerequisites: IMD 154, IMD 161

IMD 222 Publication Design
This course examines the fundamentals of publication design with multi-page design concepts. It covers the research, development, organization, and visual presentation of complex printed documents. Comprehensive aspects of design, content and image are addressed. Students complete assignments using industry-standard software and hardware.
Credits: 3
Semester Offered: F
Prerequisites: IMD 115, IMD 122

IMD 263 Digital Video Fundamentals
This course gives students an overview of the theoretical, aesthetic, and practical elements of digital video pre-production, production, and post-production. Through a series of creative exercises, lectures, and classroom critiques, students gain and understanding of the fundamental skills required in storyboard, scripting, directing, shooting, lighting, and editing digital video productions for a variety of purposes and audiences. Students complete assignments using industry-standard software and hardware.
Credits: 4
Semester Offered: S
Prerequisites: IMD 275

IMD 287 Graphic Design Processes Portfolio
This capstone course prepares the student to develop a presentation portfolio utilizing print and PDF applications based on industry standards. It covers advanced concepts and processes of graphic design and portfolio preparation. Projects address pre-press and PDF production for new media. Emphasis is placed on the relationship between technical, creative and critical thinking skills. Students prepare a body of their best work for final evaluation using industry-standard software and hardware.
Credits: 4
Semester Offered: S
Prerequisites: IMD 222, IMD 271
Please Note: Four hours lecture

Interactive Media Game Design

IMG 100 Drawing the Human Form
This course provides the student with specific drawing media experiences to build basic perceptual skills in terms of drawing from the human figure. Students review basic knowledge of the elements of art: line, value, shape/volume, texture and color to lead to manipulation for different types of spatial illusion and expressive meaning including the study of proportion, light, shade and simple anatomy to develop an understanding of the human figure. A variety of traditional and digital imaging tools and materials are explored. Digital assignments are completed using Industry-standard software and hardware.
Credits: 3
Semester Offered: F
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score, Admission to Interactive Media - Game Design Option program
Please Note: Due to the use of live models, students enrolled in this course must be 18 years of age or older; a release form is available for those under 18 years who plan to enroll

IMG 101 Fundamentals of Game Design and Development
This course introduces the fundamentals of electronic game design and development. It covers the history and evolution of games, the production process and current issues and practices in the game development industry including business and technical perspectives. Topics include the design process, marketing and the application of interactive communication.
Credits: 3
Semester Offered: F
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score. Admission to Interactive Media - Game Design Option program

IMG 102 Introduction to Game Design
This course provides students an overview of the theoretical, aesthetic, and practical elements of game design pre-production. Through a series of creative exercises, lectures, and classroom critiques, students will gain an understanding of the fundamental skills required in character development, storyboarding, scripting, creation strategies, camera angles, lighting, and editing game design pre-production for a variety of purposes and audiences. Assignments are completed using industry-standard software and hardware.

Credits: 3
Semester Offered: S/SU
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score. Admission to Interactive Media - Game Design Option program

IMG 203 Intermediate Game Design
This course continues the development of the theoretical, aesthetic, and practical elements of game design pre-production and production. Through a series of creative exercises, lectures, and classroom critiques, students will further their understanding of the skills required in character development, storyboarding, scripting, creation strategies, camera angles, lighting, and editing game design pre-production and production for a variety of purposes and audiences. Assignments are completed using industry-standard software and hardware.

Credits: 3
Semester Offered: F
Prerequisites: IMG 100, IMG 101, IMG 102, IMD 155

IMG 272 3D Modeling for Game Design
This course covers the principles and techniques involved in creating 3-dimensional media for Game Design. Students will learn the step-by-step processes of 3D modeling including NURBS, polygons, subdivisions, environments and character development using sophisticated industry-level 3D modeling software. Students acquire skills in texture design, mapping, cameras, lighting, scene setup and rendering.

Credits: 3
Semester Offered: F
Prerequisites: IMG 100, IMG 102, IMD 155

IMG 288 Interactive Game Design Portfolio
This capstone course prepares the student to develop a presentation portfolio utilizing the game design processes of an interactive game portfolio for multi-platform and device presentation. It covers digital animation, motion graphics, and multimedia for an interactive game design portfolio preparation. Emphasis is placed on the relationship between technical, creative and critical thinking skills as students plan, design, launch, and maintain a complete interactive game design environment for final portfolio evaluation. Assignments are completed using industry-standard software and hardware.

Credits: 4
Semester Offered: S
Prerequisites: IMG 203, IMG 272
Please Note: Four hours lecture

Interdisciplinary Studies

IDS 101 Valuing Diversity
This course focuses on multiculturalism and emphasizes the value of understanding and respecting cultural diversity in today’s pluralistic societies. Students explore and discuss issues of race, ethnicity, gender, social class, religion, access, ability, sexual preference or orientation, language, age, size, and appearance.

Credits: 3
Semester Offered: F/S
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

IDS 200 Honors Colloquium: Special Topics
This course is a team-taught seminar that serves as a capstone experience for students in the QCC Honors Program. Students examine timely issues from many disciplines using a variety of perspectives. The seminar provides a stimulating and challenging experience, covers a broad area of knowledge, and emphasizes inquiry, discovery, critical thinking, and discussion methods to encourage meaningful participation from both students and faculty.

Credits: 3
Semester Offered: S
Prerequisites: Enrollment in Honors Program or permission of Honors Program Coordinator, ENG 102-Honors, 30 college credits

IDS 215 Bioethics
This course provides an introduction to ethical thinking as it relates to the life and health sciences. Students examine ethical issues surrounding continuing developments in biology and biomedicine; identify ethical components in the application of biological knowledge to areas of human activity; analyze an ethical problem in biology and human activity; and, analyze a problem in biology and medicine to arrive at an ethically valid course of action for the individual or society.

Credits: 3
Semester Offered: S
Corequisites: ENG 101

Liberal Arts

LIB 101 Introduction to Liberal Arts
This course introduces the liberal arts intellectual tradition, the purpose of which is to help students on the journey of learning how to learn. It draws from the humanities, mathematics, natural, social, and behavioral sciences. Students examine a broad range of knowledge and possible professions, explore how human knowledge has developed and grown through history, and develop the ability to discuss multicultural relationships and connections among the various liberal arts through written and oral participation and reading from original sources.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

Logistics

LOG 105 Introduction to Business Logistics
This course provides students with an understanding of the key functional areas of logistics, including transportation, distribution, warehousing and inventory management. The course explores how these functions interact, their importance to the overall organization, and the major cost components within each area. The course introduces many potential career opportunities available in this field.

Credits: 3
Semester Offered: F
Prerequisites: ENG 096 with a grade of “C” or higher; or appropriate placement score, MAT 090 with a grade of “C” or higher on the MAT 090 departmental final exam; or appropriate placement score

LOG 106 Transportation Management
This course provides students with an understanding of the field of transportation management, which is responsible for the
movement of raw materials and finished products throughout the supply chain. The course explores the various modes of freight transportation, the economic fundamentals underlying each, and how each mode might fit into a company’s overall logistics strategy. During the course, students are introduced to the many potential career opportunities available in transportation management.

**Credits:** 3  
**Semester Offered:** 5  
**Prerequisites:** ENG 096 with a grade of “C” or higher; or appropriate placement score, MAT 090 with a grade of “C” or higher on the MAT 090 departmental final exam; or appropriate placement score

**LOG 107 Warehouse and Inventory Management**

This course provides students with a practical understanding of warehousing and inventory management, including the important role that these functions perform within the supply chain. The course explores topics including warehouse design, storage and material handling processes, performance management and inventory control techniques. The course also examines the interaction between warehousing/inventory management and other facets of the supply chain, including transportation and customer service.

**Credits:** 3  
**Semester Offered:** 5  
**Prerequisites:** ENG 096 with a grade of “C” or higher; or appropriate placement score, MAT 090 with a grade of “C” or higher on the MAT 090 departmental final exam; or appropriate placement score

**LOG 208 Purchasing and Supply Management**

This course provides students with an understanding of purchasing and supply management, which is an essential part of most supply chains. The course explores the sourcing and bidding process, the legal and contractual aspects of procurement, and how the purchasing function is an integral part of an organization. During the course, students are introduced to the many potential career opportunities available in purchasing and supply management.

**Credits:** 3  
**Semester Offered:** 5  
**Prerequisites:** ENG 096 with a grade of “C” or higher; or appropriate placement score, MAT 090 with a grade of “C” or higher on the MAT 090 departmental final exam; or appropriate placement score

**Management**

**MGT 101 Introduction to Business**

This course provides a broad overview of the business world. Students learn to apply basic business concepts and principles to a variety of business situations. Topics include business terminology, the legal forms of business organizations, the impact of the economy on business, and the basic functions of management including marketing, banking and financing, accounting, and technology.

**Credits:** 3  
**Semester Offered:** F/S/SU  
**Prerequisites:** ENG 091 with a grade of “C” or higher; ENG 096 with a grade of “C” or higher; or appropriate placement score

**MGT 205 Project Management**

This course provides students with the framework needed to define the scope; plan the activities, resources and timeframe; execute and manage the implementation; and evaluate the success of projects in all areas of business and industry. Students learn techniques to assist them in managing project quality, scope, time, cost, human resources, communications, risk, procurement, and integration in the business environment. Students gain the foundation to take the Project Management Institute (PMI) Project Management Professional (PMP) exam. This course satisfies PMI's contact hours requirement for the PMP exam. Students wishing to take the PMI Certification Exam should note that exam has additional requirements, such as experience hours.

**Credits:** 3  
**Semester Offered:** F/S  
**Prerequisites:** ENG 101

**MGT 211 Principles of Management**

This course examines the primary functions of management. Students increase self-awareness; develop personal and interpersonal skills, lead group activities, and organize discussions. They learn how to analyze various business situations, defend possible solutions to problems, and communicate their ideas in effective written and oral formats.

**Credits:** 3  
**Semester Offered:** F/S/SU  
**Prerequisites:** ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

**MGT 215 Human Resource Management**

This course focuses on the role of the human resources department, its function in the organization and how it supports the success of people at work. Students learn how companies recruit and select new employees, determine who gets promoted, and how salary and job performance measurement decisions are made. Students learn the importance of benefits and non-financial factors in selecting an employer, the impact of laws that protect employee rights, and how employees should use the HR staff for guidance on career development, education and training opportunities, grievances, coping with change, and personal issues that affect their jobs.

**Credits:** 3  
**Semester Offered:** F/S/SU  
**Prerequisites:** ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

**MGT 216 Entrepreneurship and Small Business Management**

This course examines the leadership and management skills needed to succeed in starting, managing and growing a small business. Students learn about the challenges of being an entrepreneur/small business owner, examining the advantages and disadvantages, the risks and rewards. Students develop an understanding of business ethics, strategic planning, small business marketing concepts, stakeholder relationship management, basic accounting principles, and administrative processes. Topics studied include the various types of small business ownership, from startups and franchises, to buying an existing business or taking over a family owned operation. Other topics include how to research and write a business plan and identifying sources of financing.

**Credits:** 3  
**Semester Offered:** F/S/SU  
**Prerequisites:** ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

**MGT 222 International Business & Management**

This course emphasizes the study and analysis of the nature, structures and strategies of international/global businesses. Students examine international markets, economic systems, value-chains and core competencies of a firm.

**Credits:** 3  
**Prerequisites:** ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score
Manufacturing Technology

**MNT 100 Manufacturing Safety**
This course provides an introduction to the principles of safety, guidelines for the design of equipment, and explanations of why certain practices should or should not be followed in the manufacturing environment. Students evaluate human reactions in normal and abnormal conditions, and compare features required for safe working conditions to industry standards. Students sit for the OSHA 30 General Industry Certification Examination.

**Credits:** 3  
**Semester Offered:** F/S  
**Prerequisites:** ENG 095 with a grade of "C" or higher; or appropriate placement score, MAT 095 with a grade of "C" or higher on the MAT 095 departmental final exam; or appropriate placement score

**MNT 101 Mechanical CAD I**
This course introduces computer-aided design (CAD) software. Students develop an understanding of the commands needed to produce a two-dimensional drawing. Topics include drawing setup, geometry creating, editing functions, layer techniques, dimensioning, model and paper space, title block creation, and plotting a completed drawing. Other related topics include multi-view drawings, selection and arrangement of orthographic views, section and auxiliary views, and isometric and oblique drawings. Students gain proficiency in the operation of a PC-based CAD system and a functional understanding of basic computer-aided drafting techniques.

**Credits:** 3  
**Semester Offered:** F/S  
**Prerequisites:** MAT 095 with a grade of "C" or higher on the MAT 095 departmental final exam; or appropriate placement score

**MNT 102 Mechanical CAD II**
Students study attributes, blocks and Externally Referenced drawing files (XREF), advanced dimensioning, manipulating geometry, slide creation, multi-view layouts, and an overview of three-dimensional operations. The major focus of the course is an individual design project and presentation achieved through extensive hands-on exercises. Students are prepared to take a CAD certification exam and to manage a computer-aided design project in industry.

**Credits:** 3  
**Semester Offered:** S  
**Prerequisites:** MNT 101

**MNT 103 Solid Modeling**
This course focuses on computer aided design topics needed to produce parts, assemblies and drawings using industry prevalent Solid Modeling software. Students become familiar with screen layout, cursor feedback symbols, feature manager, constraint geometry, editing functions, and template creation. Extensive hands-on exercises allow students to create complex 3D extrusions from a series of 2D sketches and apply fillets, rounds, chamfers, and patterns. Additional topics include revolving sketches and extruding using shelling, ribbing, sweeping and lofting. Upon completion of this course, students are proficient in creating and animating drawing assemblies and associated part drawings, and producing a bill of materials, and have functional understanding of 3D parametric modeling software. Students sit for the Certified SolidWorks Associate examination.

**Credits:** 3  
**Semester Offered:** F/S  
**Prerequisites:** ENG 101 or MNT 101

**MNT 106 Manufacturing Quality Assurance & Control Techniques**
This course enhances the use of blueprint reading skills through the study of geometric dimensioning and tolerances. Students analyze the dimensional and performance requirements of individual parts or components. Students utilize industry-standard practices in the field of inspection to qualify component part conformance to a given blueprint. Students explore concepts of lean manufacturing as it relates to the industry. This course provides students with an understanding of the critical nature of quality, and recognizing potential problems before they appear. Students use high precision measuring equipment, lean tools, and statistical process control (SPC) methods to determine and support quality control requirements.

**Credits:** 4  
**Semester Offered:** F/S  
**Prerequisites:** MNT 101  
**Please Note:** Three hours lecture, three hours laboratory

**MNT 108 Basic Machine Operation**
This course introduces some of the fundamentals of machine tool technologies. It is focused on hands-on activities that are essential to a successful career in a manufacturing industry. Students learn from highly qualified instructors how to use bench working practices as well as operate lathes and milling machines. A variety of assignments challenge students to produce high precision parts while learning mechanical inspection techniques. Finally, students are introduced to the fundamentals of CNC programming and CNC equipment. Students sit for the MACWIC Level 1 Credentialing Examination.

**Credits:** 4  
**Semester Offered:** F  
**Corequisites:** MNT 101, MNT 108

**MNT 210 CNC Programming**
This course introduces the essential concepts of computer numerical control (CNC) and its impact on manufacturing and productivity. The course focuses on manual programming of different types of CNC systems, with a strong emphasis on the understanding of G and M codes used in current applications. Students learn to write a variety of part programs for both milling and turning operations. Students sit for the MACWIC Level 2 Certification Examination.

**Credits:** 4  
**Semester Offered:** F  
**Corequisites:** MNT 101, MNT 108

**MNT 211 Manufacturing Processes I**
This course examines present day manufacturing processes and occupations. Students learn various manufacturing processes including forming, additive, and machining processes. Students gain an understanding of the properties of materials, the fundamentals of static forces of structures, and the basics of cost estimating. In addition, students learn a practical approach to managing a project to provide the technical experience necessary in current manufacturing industries.

**Credits:** 3  
**Semester Offered:** F/S

**MNT 215 Maintenance and Instrumentation in Manufacturing**
This course analyzes modern maintenance applications along with instruments that are frequently used in manufacturing industries to monitor machinery. Students obtain a detailed understanding of modern maintenance applications and the mechanical theory behind the procedures. Emphasis is placed on the operational aspect of monitoring equipment such as pressure gauges, transducers, strain gauges, electronic recorders, and controllers with a strong emphasis placed on safety. Class projects help students develop the analytical ability necessary for the operation and maintenance of manufacturing equipment.

**Credits:** 3  
**Semester Offered:** F/S
Please Note: Three hours lecture, three hours laboratory

**MNT 215 Computer-Aided Manufacturing**
This course explores the fundamental concepts of computer-aided manufacturing through lectures and laboratory experience. Topics include machining using a graphical software package to generate part programs for a CNC mill and a thorough review of manual part programming with emphasis on how to use the CNC program. Students learn how to integrate the program with the machine to fabricate the part. Students develop proficiency in editing graphics and using turning software to create part programs for full-size CNC turning centers.

**Credits:** 4  
**Semester Offered:** S  
**Prerequisites:** MNT 101, MNT 210  
**Please Note:** Three hours lecture, three hours laboratory

**MNT 216 Manufacturing Processes II**
This course develops and expands skills learned in previous manufacturing courses. Students solve problems in manufacturing through analysis, measurement, and implementation of computer aided design (CAD), computer aided manufacturing (CAM), statistical process control (SPC), and computer numerical control (CNC) applications. Students participate in group projects to gain proficiency in various methods and tools. Students gain competency in critical thinking, working in teams, and project management skills applicable to process creation, maintenance, and development.

**Credits:** 4  
**Semester Offered:** S  
**Prerequisites:** MNT 102 or MNT 103, MNT 210  
**Please Note:** Three hours lecture, three hours laboratory

**MNT 217 Process Automation & Robotics**
This course provides students with an overview of the systems and concepts involved in today’s highly automated manufacturing environments. Robotic systems, an important component of an automated system, are also studied. Topics include automation design, robotic systems, manufacturing execution systems (MES), and statistical process control (SPC). Students learn and practice systematic troubleshooting, using a highly automated manufacturing system as well as robotic systems.

**Credits:** 3  
**Semester Offered:** F  
**Prerequisites:** CIS 111

**Corequisites:** MNT 115  

**MNT 218 Lean Manufacturing and Six Sigma**
This course focuses on entry-level knowledge of the “Lean Manufacturing” methodology and includes the fundamentals of “Six Sigma”. It familiarizes students with the fundamental philosophy of “Lean Manufacturing” and provides them with the tools that enable the identification, measurement, and elimination of non-value-added activities in a manufacturing setting. Students gain the understanding that “Lean Manufacturing” maximizes product profit, has a positive effect on product quality, and reduces overhead costs. Students develop a working knowledge of the best practices in quality and process management. Students sit for the SME Lean Bronze Certification Examination.

**Credits:** 3  
**Semester Offered:** S  
**Prerequisites:** MNT 106

**MNT 299 Cooperative Work Experience & Seminar**
This course provides students with a structured learning experience while applying classroom theory to a practical work experience. Students participate in a seminar to exchange information about their work experience. The number of credits earned is determined by the number of weeks and hours per week required by the cooperative work experience and the established learning objectives.

**Credits:** 3  
**Semester Offered:** F/S/SU  
**Prerequisites:** Approval of Program Coordinator

**Marketing**

**MRK 111 Principles of Real Estate**
This is an introductory course covering the legal and economic factors involved in the buying and selling of real estate. The course will benefit anyone planning to take the salesperson’s real estate examination. The successful student learns licensing laws, concepts of property, deeds and contracts, mortgages, financing, purchase and sale agreements, appraisals, and commission structures.

**Credits:** 3  
**Semester Offered:** F  
**Prerequisites:** ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

**MRK 201 Principles of Marketing**
This course presents an overview of marketing management in modern organizations including an introduction to the concept of marketing, the role of marketing in society and the firm, marketing terms, and the various factors that influence marketing decision-making. Students learn how to apply those factors to analyze customers, competition, marketing strengths, and marketing weaknesses. Students study market research and selection, consumer buying behavior, and product development including pricing, promotion, distribution, and global marketing strategies.

**Credits:** 3  
**Semester Offered:** F/S/SU  
**Prerequisites:** ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

**MRK 221 Sales & Sales Management**
This course examines the selling function in companies with emphasis on the dynamics of the sales process. Students learn how to qualify sales prospects, plan a presentation, secure and open the sales interview, deliver a product demonstration, handle objections, and close a sale. Areas of study include compensation, management of a field sales force, the development of leads, sales training, and leadership styles. Students also prepare a resume, learn job interview techniques, and gain an understanding of a career in sales.

**Credits:** 3  
**Semester Offered:** F/S  
**Prerequisites:** ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

**MRK 231 Advertising**
This course focuses on the role and importance of advertising in the marketing plan of an organization. Students learn how to prepare a detailed advertising plan using the most appropriate media. Topics covered include the history of advertising, selecting effective media, creating an advertising message using the selected media, and how an advertising agency functions.

**Credits:** 3  
**Semester Offered:** F  
**Prerequisites:** ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

**MRK 241 Social Media Marketing**
This course examines how social media is used to achieve today’s marketing goals. Students gain a perspective on how traditional marketing
professionals have viewed social media, myth busters, and how social media is integral to building a marketing strategy. Students explore how to use social media tools, set social media goals that align with the business’s goals, and analyze and understand metrics. This class encompasses developing a social media strategy, goals and metrics for business or professional career development, as well as hands-on work in a computer lab.

Credits: 3
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

Mathematics

MAT 090 Basic Mathematics Skills
This course is designed for students with little or no background in mathematics. Major topics include the following: whole numbers, fractions, decimals, percents, ratios, proportions, basic statistics (finding mean and reading graphs, charts and tables) and an introduction to algebra. Technology tools are utilized in this course. All students are required to participate in a unified comprehensive final exam to be administered during final exam week and achieve a “C” or higher on this exam (or appropriate placement on the placement exam) in order to move on to the next level of math courses.

Credits: 3
Semester Offered: F/S
Prerequisites: Appropriate placement score
Please Note: This developmental mathematics course cannot be used to satisfy degree or certificate requirements

MAT 095 Beginning Algebra
This course covers all basic operations of real numbers, linear and literal equations, graphing lines (using tables, x and y-intercepts), the arithmetic of polynomial expressions including properties of exponents, solving and graphing linear inequalities, perimeters and areas of basic figures, scientific notation and intrasystem metric conversions. Technology tools are utilized in this course. All students are required to participate in a unified comprehensive final exam to be administered during final exam week and achieve a “C” or higher on this exam (or appropriate placement on the placement exam) in order to move on to the next level of math courses.

Credits: 3
Semester Offered: F/S
Prerequisites: MAT 090 with a grade of “C” or higher on the MAT 090 departmental final exam; or appropriate placement score

Please Note: This developmental mathematics course cannot be used to satisfy degree or certificate requirements

MAT 098 Math Skills for Allied Health Careers
This course focuses on practical and useful applications of mathematics for students intending to enter the health science fields. Students examine mathematical topics as they relate to health application. Topics include: basic arithmetic computations in health applications; review of algebra; systems of measurement; medication labels; prescriptions, and syringe calculations; modeling health applications with ratios and proportions; dosage calculations; and basics of statistics.

Credits: 3
Semester Offered: F/S
Prerequisites: MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score
Please Note: This developmental mathematics course cannot be used to satisfy degree or certificate requirements

MAT 099 Intermediate Algebra
This course covers major topics in the study of algebra. Students learn to factor polynomials (common factor, grouping, difference of squares and trinomials), perform arithmetic operations on rational expressions and complex fractions, and solve rational, quadratic (by factoring and formula) and literal equations. The course also covers applications including the use of the Pythagorean theorem, understanding the definition of radical expressions, simplifying radical expressions containing numerical and variable radicands, graphing linear equations using slope-intercept concepts, and solving 2x2 systems of linear equations by graphing and elimination. Technology tools are utilized in this course. All students are required to participate in a unified comprehensive final exam to be administered during final exam week and achieve a “C” or higher on this exam (or appropriate placement on the placement exam) in order to move on to the next level of math courses.

Credits: 3
Semester Offered: F/S
Prerequisites: MAT 099 with a grade of “C” or higher on the MAT 099 departmental final exam; or appropriate placement score
Please Note: This developmental mathematics course cannot be used to satisfy degree or certificate requirements

MAT 103 Mathematics for Business
This course introduces the mathematical processes and techniques currently used in the fields of business and finance. Students use practical examples throughout to illustrate the relevance of analyzing and interpreting data in business and financial management. Students learn sound decision making skills that will aid them in fulfilling their roles as citizens, consumers, employees, employers, investors, and entrepreneurs. The course introduces business statistics and continues with business and financial topics including bank services, business and consumer loans, simple and compound interest, payroll taxes, risk management, the mathematics of buying, break-even and cost-volume-profit analysis, discounts, markups and markdowns, inventory control, stocks and bonds, annuities and sinking funds, depreciation, interpreting financial statements and financial analysis.

Credits: 3
Semester Offered: F/S
Prerequisites: MAT 099 with a grade of “C” or higher on the MAT 099 departmental final exam; or appropriate placement score
Restriction: Restricted to Business Administration Career (BB and BBAP) and Business Administration Certificate (BAC) students

MAT 108 Applied Technical Mathematics I
This course covers major topics in the study and applications of algebra and trigonometry. Students will review fundamental concepts of algebra and approximate numbers with problem-solving strategies. Students will learn

Credits: 3
Semester Offered: F/S
Prerequisites: MAT 098 with a grade of “C” or higher on the MAT 098 departmental final exam; or appropriate placement score
Please Note: This developmental mathematics course cannot be used to satisfy degree or certificate requirements

MAT 100 College Algebra
This course continues the areas of study presented in Intermediate Algebra with more advanced treatment. Students perform arithmetic operations on rational expressions; solve equations with fractions; factor expressions; simplify complex fractions; simplify exponential expressions, roots, radicals, and rational exponents; solve linear systems using several techniques; use the midpoint and distance formulas; recognize and graph the equation of a circle; solve linear and absolute value inequalities; solve quadratic equations by completing the square and by using the quadratic formula; solve equations containing radicals or absolute values; and perform arithmetic operations on radical expressions and complex numbers.

Credits: 3
Semester Offered: F/S
Prerequisites: MAT 099 with a grade of “C” or higher on the MAT 099 departmental final exam; or appropriate placement score

Please Note: This developmental mathematics course cannot be used to satisfy degree or certificate requirements

MAT 103 Mathematics for Business
This course introduces the mathematical processes and techniques currently used in the fields of business and finance. Students use practical examples throughout to illustrate the relevance of analyzing and interpreting data in business and financial management. Students learn sound decision making skills that will aid them in fulfilling their roles as citizens, consumers, employees, employers, investors, and entrepreneurs. The course introduces business statistics and continues with business and financial topics including bank services, business and consumer loans, simple and compound interest, payroll taxes, risk management, the mathematics of buying, break-even and cost-volume-profit analysis, discounts, markups and markdowns, inventory control, stocks and bonds, annuities and sinking funds, depreciation, interpreting financial statements and financial analysis.

Credits: 3
Semester Offered: F/S
Prerequisites: MAT 099 with a grade of “C” or higher on the MAT 099 departmental final exam; or appropriate placement score
Restriction: Restricted to Business Administration Career (BB and BBAP) and Business Administration Certificate (BAC) students

MAT 108 Applied Technical Mathematics I
This course covers major topics in the study and applications of algebra and trigonometry. Students will review fundamental concepts of algebra and approximate numbers with problem-solving strategies. Students will learn

Credits: 3
Semester Offered: F/S
Prerequisites: MAT 098 with a grade of “C” or higher on the MAT 098 departmental final exam; or appropriate placement score
Please Note: This developmental mathematics course cannot be used to satisfy degree or certificate requirements

MAT 100 College Algebra
This course continues the areas of study presented in Intermediate Algebra with more advanced treatment. Students perform arithmetic operations on rational expressions; solve equations with fractions; factor expressions; simplify complex fractions; simplify exponential expressions, roots, radicals, and rational exponents; solve linear systems using several techniques; use the midpoint and distance formulas; recognize and graph the equation of a circle; solve linear and absolute value inequalities; solve quadratic equations by completing the square and by using the quadratic formula; solve equations containing radicals or absolute values; and perform arithmetic operations on radical expressions and complex numbers.

Credits: 3
Semester Offered: F/S
Prerequisites: MAT 099 with a grade of “C” or higher on the MAT 099 departmental final exam; or appropriate placement score

Please Note: This developmental mathematics course cannot be used to satisfy degree or certificate requirements

MAT 103 Mathematics for Business
This course introduces the mathematical processes and techniques currently used in the fields of business and finance. Students use practical examples throughout to illustrate the relevance of analyzing and interpreting data in business and financial management. Students learn sound decision making skills that will aid them in fulfilling their roles as citizens, consumers, employees, employers, investors, and entrepreneurs. The course introduces business statistics and continues with business and financial topics including bank services, business and consumer loans, simple and compound interest, payroll taxes, risk management, the mathematics of buying, break-even and cost-volume-profit analysis, discounts, markups and markdowns, inventory control, stocks and bonds, annuities and sinking funds, depreciation, interpreting financial statements and financial analysis.

Credits: 3
Semester Offered: F/S
Prerequisites: MAT 099 with a grade of “C” or higher on the MAT 099 departmental final exam; or appropriate placement score
Restriction: Restricted to Business Administration Career (BB and BBAP) and Business Administration Certificate (BAC) students

MAT 108 Applied Technical Mathematics I
This course covers major topics in the study and applications of algebra and trigonometry. Students will review fundamental concepts of algebra and approximate numbers with problem-solving strategies. Students will learn

Credits: 3
Semester Offered: F/S
Prerequisites: MAT 098 with a grade of “C” or higher on the MAT 098 departmental final exam; or appropriate placement score
Please Note: This developmental mathematics course cannot be used to satisfy degree or certificate requirements
to graph and write linear equations in several forms; graph functions; solve and apply systems of linear equations; apply perimeter, area, and volume to basic geometric shapes; factor polynomials; perform arithmetic operations on algebraic fractions; solve and apply quadratic equations; solve and apply right triangle trigonometry; be introduced to vectors. Technology tools are utilized in this course.

Credits: 4
Semester Offered: F/S
Prerequisites: MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score

MAT 111 Mathematics for Educators I
This course focuses on the critical Mathematical concepts necessary for students who are pursuing the Elementary Education Transfer Option in the General Education-Associate in Arts degree program. Students construct and apply problem solving techniques to solve problems, apply arithmetical operations on integers, rational numbers and decimals, and develop an understanding of mathematical relationships using equations, draw conclusions based upon geometric pattern and interpret data. Students construct geometric patterns and graphical data into algebraic equations; construct a geometric or graphical model given an algebraic equation. Instructor modeling is an integral component of the course.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: MAT 099 with a grade of “C” or higher on the MAT 099 departmental final exam; or appropriate placement score
Restriction: Restricted to General Studies - Elementary Education Transfer Option and ECE Program students

MAT 112 Mathematics for Educators II
This course continues the comprehensive focus on the critical Mathematics concepts necessary for students who are pursuing and Early Childhood and/or General Studies Elementary Education degree. Students develop an understanding of the principles of Euclidean geometry and use them to prove theorems. In addition, students apply Euclidean geometry to analyze the characteristics and properties of two and three-dimensional shapes, coordinate geometry, and transformations. Fundamental principles of probability and statistics explored. Students develop a deep level of understanding of geometry, probability, and statistics in order to become successful elementary and middle school teachers. Instructor modeling is an integral component of the course.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score

MAT 121 Topics in Mathematics
This course explores various areas in contemporary mathematics and consists of two components: required topics and optional topics. Required topics include mathematical patterns and problem solving, consumer finance, probability, statistics and Euclidean and transformational geometry. Optional topics may be chosen from the following: linear functions and applications; numeration systems; sets; logic; graph theory; election theory; apportionment; tessellations and fractals; and cryptography; in addition, instructors may also choose to expand upon the required topics.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score

MAT 122 Statistics
This course covers the essentials of statistics. Students learn descriptive and inferential statistics; charts (histograms, frequency polygons, ogives, and pie charts); measures of central tendency (mean, median, mode, and weighted mean); and measures of dispersion (range, variance, and standard deviation). Additional areas of study include discrete and continuous random variables; basic probability theory; the binomial distribution and its application in binomial experiments; standard and non-standard normal distributions; the Central Limit Theorem; confidence intervals for means, proportions, and variances; linear correlation and regression; and the one sample hypotheses test for mean (large and small sample), proportions, and variances.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score

MAT 123 College Mathematics I: Pre-Calculus
This course focuses on the knowledge and skills necessary for advanced mathematics. Students expand binomial expressions using the binomial theorem; solve non-linear, and rational inequalities and write their solutions using interval notation; determine and write linear equations in several forms; explain the concept of function; graph functions using symmetry test; recognize and graph functions, including constant, linear, quadratic, polynomial, rational, exponential, and logarithmic functions; use function transformation techniques; perform composition and arithmetic operations on functions; find and graph inverses of functions; use properties of logarithms; and solve logarithmic and exponential equations.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: MAT 100 or appropriate placement score

MAT 124 College Mathematics II: Trigonometry
Students solve right and oblique triangles and related applications; perform vector computations and use vector concepts to solve applications; determine the values of trigonometric ratios of angles and the values of inverse trigonometric ratios of real numbers; work with angles measured in degrees-minutes-seconds or radians; solve uniform circular motion problems; learn the traditional trigonometric identities and use them to prove other identities; perform transformations of basic trigonometric graphs; write equations to describe specific instances of harmonic motion; and solve trigonometric equations.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: MAT 123 or appropriate placement score

MAT 125 Discrete Mathematics
This course provides an introduction to the basic concepts in Discrete Mathematics. Topics include predicate and propositional calculus, sets, proof techniques, permutations and combinations, probability, relations, closure, partial order, functions, graph connectivity and shortest paths, and an introduction to languages, grammars and nondeterministic finite-state machines.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: MAT 123 or appropriate placement score

MAT 231 Applied Calculus
This course begins with a review of the basic concepts of functions and function notation. After introducing the limit and continuity theorems on an intuitive basis, the study of differentiation begins. Typical derivative formulae are applied to polynomial, rational, implicit, exponential and logarithmic functions. Application topics include extreme, related rates, biochemical reaction, cost-benefit analysis, growth and decay, maximizing
MAT 233 Calculus I
This course begins with a review of functions and functional notation. After introducing the limit and continuity theorems on an intuitive basis, the study of differentiation begins. Typical derivative formulae are applied to polynomial, rational, trigonometric, and implicit functions. Application topics include extrema, related rates, curve sketching, and velocity and acceleration. The basic rules of integration and the substitution method are introduced along with Riemann Sums and the Fundamental Theorem of Calculus.

Credits: 4
Semester Offered: F/S
Prerequisites: MAT 123 or appropriate placement score

MAT 234 Calculus II
This course focuses on expanded methods of integration and their application. Derivatives of the exponential, logarithmic and inverse trigonometric functions as well as their antiderivatives will be examined. Students learn to compute the customary antiderivatives of functions and apply antidifferentiation to such areas as volumes, moments, centroids, arc lengths and surfaces of revolution. Students will be introduced to differential equations. The use of L'Hopital's Rule and the evaluation of improper integrals are examined. The convergence tests of infinite series as well as the Power, Taylor and Maclaurin series are analyzed.

Credits: 4
Semester Offered: F/S/SU
Prerequisites: MAT 124

MAT 235 Calculus III
This course covers conic sections, rotation of axis, plane curves, parametric equations, vectors, polar, cylindrical, and spherical coordinates and graphs; vector-valued functions, differentiation, and integration; functions of several variables, partial derivatives, gradients; applications of extrema of functions, Lagrange multipliers; multiple integrations; area, volume, center of mass, moment of inertia, change of variables, Jacobians; Green's divergence and Stokes' theorems. Students learn to use calculus to solve engineering and scientific problems. The course concludes with some elementary differential equations.

Credits: 4
Semester Offered: F/S/SU
Prerequisites: MAT 234

MAT 237 Probability & Statistics for Engineers and Scientists
This course focuses on statistics and engineering. It covers interpretation, description, and treatment of data; probability and probability distributions; binomial, geometric, and hypergeometric methods; poisson processes; gamma, beta, and weibull distribution; populations and samples; inferences, hypotheses, and significance tests; Bayesian estimates; curve fitting; the method of least squares; curvilinear regression, correlation, and experimental design. Students use calculators and statistical software to solve statistical problems.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: MAT 234

MAT 238 Differential Equations
This course covers definition of differential equations, solution of differential equations, separation of variables, homogeneous and nonhomogeneous solutions, Wronskian, second and higher order equations, solution of systems of linear differential equations, numerical methods, linear independence, the Laplace transform, transforms of derivatives, derivatives of transforms, the Gamma function, inverse transforms, and convolution theorem. Students use mathematical software to solve differential equations for numerical methods.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: MAT 235

MAT 243 Linear Algebra
This course covers systems of linear equations, matrices, reduced echelon forms, vectors in Rn, linear independence and transformations, matrix operations, inverse of a matrix, determinants, vector space, rank, subspaces, bases, eigen vectors and eigen values, the characteristic equations, diagonalization, complex eigen values, numerical methods for solving linear systems, and orthogonality. Students learn to use linear algebra to solve problems in differential equations, statistics, and engineering design. Students also use mathematical software to solve higher order systems of equations and matrices.

Credits: 3
Semester Offered: F
Corequisites: MAT 235

MSS 151 Clinical Procedures I
This course covers advanced theory and techniques of medical assisting used to perform fundamental clinical assisting procedures. Topics include aseptic technique with infection control; measuring vital signs; preparing/maintaining treatment areas; interviewing techniques and recording of patient histories; preparing and assisting patients for procedures, electrocardiograms and monitoring test results.

Credits: 4
Semester Offered: F
Corequisites: ALH 151

MSS 251 Clinical Procedures II
This course covers advanced theory and techniques of medical assisting skills including diagnostic testing procedures of hematology, blood chemistries, blood drawing (capillary and venous); emergency/first aid skills in the medical office; preparing for radiography; minor office surgery techniques and the physical agents that promote tissue healing.

Credits: 4
Semester Offered: 5
Prerequisites: MSS 151

MSS 252 Principles of Pharmacology for Medical Assistants
This course is designed to provide instruction in concepts and application of pharmacological principles. The focus of this course is on drug classifications, principles and procedures of medication administration, mathematical systems and conversions, calculation of drug problems and medico-legal responsibilities of the medical assistant. This course provides demonstration and techniques of administration of medications in the medical office setting, including intradermal, subcutaneous, and intramuscular routes as well as oral, topical, sublingual, vaginal and rectal administration. Students are to be expected to perform to competency level the pharmacological skills in check-off format outlined by the instructor.

Credits: 3
Semester Offered: F
Corequisites: MSS 151

MSS 299 Fieldwork Experience
This is a 12-week, 180-hour unpaid externship at an appropriate, approved clinical site. Students participate in an integrated experience in which
they apply the skills and knowledge learned in the medical assisting program.

Credits: 4
Semester Offered: F/S
Prerequisites: BIO 100 or BIO 140, ENG 101, MSS 151, MUS 251, PSY 101

Music

MUS 102 Music Appreciation
This course focuses on the importance of understanding the elements of music and the appreciation of the artistic value of music. The course covers an overview of major composers and their works and familiarizes students with the essentials of music sound, wave, rhythm, and notation. Students explore classical European music, American music such as folk, blues, jazz, and rock n' roll, as well as world music.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 091 with a grade of “C” or higher; or appropriate placement score

MUS 121 Jazz in America
This course introduces the various forms and styles of jazz (ragtime, Dixieland, swing, bebop, and modern) and the musicians and composers of each style, including Scott Joplin, Louis Armstrong, Duke Ellington, Charlie Parker, and George Shearing. Students develop a better understanding of the sources and roots of the various jazz styles and stylists.

Credits: 3
Semester Offered: F/S/SU

MUS 135 Music Ensemble I
This course examines the basic performance of different genres of music: Jazz, Rock, Funk, Blues, and Latin. Students examine concepts of ensemble playing and responsibilities. Course materials cover basic performance techniques such as: instrument techniques, music reading, scales, chords, ear training, rhythm and teamwork. Students focus on building camaraderie, cohesiveness, listening, rhythm/tempo, musicality, preparedness, and harmonic/melodic elements.

Credits: 1
Semester Offered: F/S
Prerequisites: MUS 151

MUS 137 Music Ensemble III
This course focuses on advancing the performance of different genres of music: Jazz, Rock, Blues, World Music Samba/Bossa Nova, and Afro-Cuban. Students examine advanced performance techniques such as: instrument techniques, music reading, scales, chords, ear training, rhythm and teamwork. Students focus on building camaraderie, cohesiveness, listening, rhythm/tempo, musicality, preparedness, and harmonic/melodic elements.

Credits: 1
Semester Offered: F/S
Prerequisites: MUS 135

MUS 137 Music Ensemble III
This course focuses on advanced performance of different genres of music: Jazz, Rock, Blues, World Music Samba/Bossa Nova, and Afro-Cuban. Students examine advanced performance techniques such as: instrument techniques, music reading, scales, chords, ear training, rhythm and teamwork. Students focus on building camaraderie, cohesiveness, listening, rhythm/tempo, musicality, preparedness, and harmonic/melodic elements.

Credits: 1
Semester Offered: F/S
Prerequisites: MUS 135

MUS 151 Music Theory I
This course focuses on the fundamentals of Western music, including writing, understanding and analysis of notation. Students examine rhythm, meters, defs, keys signatures, major/ minor scales, triads and chord inversions. Students study music symbols, intervals seventh chords, tonality, forms, harmonization, and keyboard layout. The laboratory component of this course covers basic piano skills to reinforce the concepts taught in music theory lectures.

Credits: 4
Semester Offered: F/S/SU
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

Please Note: Three hours lecture, three hours laboratory

MUS 152 Music Theory II
This course emphasizes diatonic harmony, including seventh chords, figured bass, and cadences. Students study voice leading, outer-voice framework, four-voice part writing, the choral, and dominant and non-dominant seventh chords are introduced. Students examine chromatic harmony, secondary functions, secondary dominants, secondary leading-tones chords, melody harmonization, modulation, binary, and ternary forms. Students focus on listening, analysis, and composition. The laboratory component of this course covers aural/visual development and proficiency skills to reinforce the concepts taught in music theory lectures.

Credits: 4
Semester Offered: F/S/SU
Prerequisites: MUS 151

Please Note: Three hours lecture, three hours laboratory

MUS 261 Music History I
This course covers the foundational historical events of traditional Western European classical music through 1750. Students focus on the music of ancient Greece, Medieval, Renaissance, and Baroque. Students examine the foundation of historical context, aesthetic awareness, and music vocabulary. Students listen to and analyze different genres, styles and forms of music.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

MUS 262 Music History II
This course covers the foundational historical events of traditional Western European classical music from 1750 to the Twentieth Century. Students examine the Classical Styles, Romantic, Twentieth Century and Beyond. Students listen to and analyze different genres, styles and forms of music.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: MUS 261

Nurse Education

NUR 100 Paramedic to ADN Bridge
This one credit course focuses on curriculum topics that are essential for those students who hold a Paramedic certification in the state of Massachusetts and who are seeking Advanced Placement into the QCC Associate of Science Degree Nurse Education Evening Program. Topics include: Foundations of Nursing Practice, Nursing Theory and Evidenced Based Practice, Scope of Practice, Legal, Ethical and Advocacy Issues, Roles basic to nursing care, role transition, actions basic to nursing care and promoting healthy psychosocial responses. Introduction to the nursing process is also discussed. Clinical lab content includes basic nursing skills practice and competency. This course also includes clinical practice of basic skills in the long term care setting. Successful completion of this one credit course with a “C+” or higher enables students to enter the NUR 101 Advanced Placement Nursing I course.

Credits: 1
Semester Offered: F
NUR 101 Advanced Placement Nursing I
This one credit course is designed for all qualified Licensed Practical Nurses and Paramedics who are seeking advanced placement into the Evening Associate of Science Degree Program, NUR 105 course. The course focuses on curriculum topics that are essential for the first semester Associate Degree nursing student. Topics include: Nursing philosophy of the profession and of the QCC Associate of Science degree Nurse Education Program, nursing process application, decision making, critical thinking and priority setting, Orem’s Theory of Self Care and Erickson Theory of Human Development. The course also reinforces roles basic to nursing care, health promotion and complementary alternative medicine, physical assessment and fluid and electrolytes. The clinical component includes practice and competency of all lab modules including asepsis, wound care, and other assigned modules. Successful completion of this one credit course with a “C+” or higher is required.

Credits: 1
Semester Offered: F
Prerequisites: Passing BIO 112 with a “C” or higher, PSY 101, NUR 100 or Admission to Advanced Placement Nurse Education LPN to ADN Program
Restriction: This course is restricted to those students who have met admissions requirements for the Associate Degree in the Nursing Program and are licensed to practice as a Licensed Practical Nurse (LPN) in the State of Massachusetts

NUR 103 Current Concepts in Nursing & Health Care I
Current Concepts in Nursing and Health Care is the study of contemporary nursing in relation to historical development, social trends, and healthcare changes. The student discusses influences of the past on present day nursing, healthcare trends and legislation, challenges and issues for today’s nurse, and future predictions for nursing. Successful completion of this one credit course with a “C+” or higher is required.

Credits: 1
Semester Offered: F/S
Prerequisites: Passing BIO 111 with a “C” or higher, ENG 101

Corequisites: BIO 112, PSY 101, NUR 104

NUR 104 Fundamentals of Nursing
This course provides an introduction to the role of the nurse in the healthcare system. Orem’s Theory of Self-Care and Erickson Theory of Human Development are introduced and utilized as organizing frameworks. Students also learn the concept of therapeutic self-care demands. Students develop an understanding of and ability to use the nursing process as a method for assisting patients to meet self-care needs. Students develop basic communication skills in order to promote effective relationships with patients, families and members of the health team. Students participate in Nursing Practice Laboratory and planned clinical experiences to learn nursing skills. Successful completion of this seven credit course with a “C+” or higher is required.

Credits: 7
Semester Offered: F/S
Prerequisites: Passing BIO 111 with a “C” or higher, ENG 101
Corequisites: BIO 112, PSY 101, NUR 103

NUR 105 Medical Surgical Nursing I/ Maternal Newborn
The course focuses on content related to caring for perinatal patients and patients who have healthcare deviations that require specific nursing system interventions. Content will include health concerns related to the perioperative experience, cellular proliferation, nutrition, metabolic activity, cardiovascular disorders, substance abuse, reproductive issues, domestic violence and maternal-infant health. Students will use a developmental focus and a life span approach to concepts of health promotion, developmental needs, and health deviations. The course is based on Orem’s Theory of Self Care, Erickson Theory of Human Development and the Nursing Process. Emphasis is placed upon meeting needs of patients whose therapeutic self-care demands exceed their capacity to engage in self-care activities. Selected learning experiences are provided in the care of perinatal patients and adult patients in the acute care, rehabilitation and community settings.

Credits: 8
Semester Offered: F/S
Prerequisites: NUR 101 with a grade of “C+” or higher; or NUR 103 and NUR 104 with a grade of “C+” or higher
Corequisites: BIO 232, PSY 121

NUR 200 Pathopharmacology
This course enhances scientific foundational knowledge obtained in prerequisite biological sciences enabling application of pathophysiological and pharmacological concepts necessary for safe administration of medications to patients. This course emphasizes the importance of pharmacogenetics (individual response to medications given for health promotion, treatment and symptom management across the lifespan of diverse populations).

Credits: 3
Semester Offered: F/S/SU
Prerequisites: BIO 112

NUR 201 Medical Surgical Nursing II/ Pediatric
The course focuses on content related to caring for children and adult patients who have healthcare deviations that require specific nursing system interventions. Topics include growth and development, respiratory and cardiac deviations, dermatologic conditions and burns, gastrointestinal system deviations, genito-urinary deviations, musculoskeletal deviations, specific neurologic deviations and hematologic and immunologic deviations. The course is based on Orem’s Theory of Self Care, Erickson Theory of Human Development and the Nursing Process. Selected learning experiences are provided in the care of adult and children in the acute care, rehabilitation settings and/or healthcare agencies.

Credits: 10
Semester Offered: F/S/SU
Prerequisites: BIO 112, BIO 232, PSY 121, a grade of “C+” or higher is required in NUR 105
Corequisites: ENG 102, any HST, SOC 101 or SOC 111

NUR 202 Advanced Medical Surgical Nursing III/Mental Health
This course focuses on content related to mental health issues and the care of patients who experience healthcare deviations that require complex nursing interventions. Principles of pathophysiology, pharmacology, teaching, and management are incorporated into each unit. Specific topics include healthcare deviations related to oxygen, nutrition, elimination, protection from hazards, solitude and social interaction. The course is based upon Nursing Process, Orem’s Theory of Self-Care and Erickson Human Development Theory. Students participate in clinical experiences with patients in acute, community, and psychiatric care settings. The clinical experience emphasizes application of nursing process, leadership, and management of complex patients. Successful completion of this 10 credit course with a “C+” or higher is required.
COURSES

Credits: 10
Semester Offered: F/S
Prerequisites: ENG 102, any HST, SOC 101 or SOC 111, a grade of “C+” or higher is required in NUR 201
Corequisites: NUR 203, Humanities Elective

NUR 203 Current Concepts in Nursing & Health Care II

Current Concepts in Nursing and Health Care is the study of contemporary nursing in relation to historical development, social trends, and healthcare changes and ethical issues. The student will discuss influences of the past on present day nursing, healthcare trends and legislation, challenges and issues for today’s nurse. Management and delegation responsibilities of the professional practitioner will be included with theoretical content and application through vignettes and case study. As a result, the student will be able to describe the role and responsibilities of the Registered Nurse. The student will assess his/her career potential and future employment status. Student participation and presentation is required. Successful completion of this two credit course with a “C+” or higher is required.

Credits: 2
Semester Offered: F/S
Prerequisites: A grade of “C+” or higher is required in NUR 201
Corequisites: NUR 202

Occupational Therapy

OTA 101 Introduction to Occupational Therapy: Concepts & Interventions

This course provides an introduction to the occupational therapy profession. Students study the history, philosophy, and ethics of the profession. Students develop an understanding of the concept of occupation, and how activity is used to provide treatment interventions. The course examines the different settings in which a Certified Occupational Therapy Assistant can work, and teaches the basic written and oral communication skills required by the healthcare profession.

Credits: 3
Semester Offered: F

OTA 103 Group Process and Interventions

This course describes group dynamics and processes and examines how groups are used to provide occupational therapy treatment. Students learn how to plan, lead, and facilitate educational and task groups. In the laboratory, students practice planning and leading a variety of therapeutic groups. The course includes 15 hours of Level I fieldwork leading groups in a community setting.

Credits: 4
Semester Offered: S
Prerequisites: OTA 101, PSY 101

OTA 105 Developing Professional Behaviors

This course examines the professional behaviors that are required in a healthcare setting. Students learn the importance of ethical behavior, dependability, cooperation, empathy, and other behaviors that healthcare professionals must demonstrate. Students learn how to establish and maintain a therapeutic relationship, how to communicate clearly when speaking and writing, and how to pursue continuing education. This course also covers the development of a professional portfolio, resume writing, and interview skills to help graduates obtain employment.

Credits: 3
Semester Offered: S
Prerequisites: OTA 101

OTA 131 Occupational Therapy: Methods and Modalities I

This course provides an introduction to the use of daily living tasks, group skills, and crafts as therapeutic tools. Students learn specific treatment techniques valuable to the occupational therapy profession and perform an in-depth study of several activities to determine their therapeutic value. Students assume the role of teacher to instruct others in various activities, and to explore how these activities can be used therapeutically with clients. The course consists of two hours of lecture and three hours of laboratory per week.

Credits: 3
Semester Offered: F
Corequisites: OTA 101

OTA 211 Occupational Therapy with the Older Adult

This course examines the basic concepts of aging, including theories, trends, and policies. Students study the concepts of wellness and disease prevention, major developmental theories of aging, and how to apply these theories to occupational therapy practice with adults. Students write a research paper on one aspect of aging.

Credits: 3
Semester Offered: F
Prerequisites: OTA 101, PSY 121

OTA 215 Developmental Problems and Practice with Children

This course examines the role of occupational therapy practitioner in medical and educational settings for children. Students study normal child development and how to provide services to children who have exceptional needs. Students learn to communicate with families, teachers, doctors, and other professionals on behalf of children and are introduced to the federal laws that apply to provision of services to children. The laboratory component includes a minimum of 15 hours Level I fieldwork, which consists of observation and supervised practice in an off-campus child-centered facility.

Credits: 4
Semester Offered: F
Prerequisites: OTA 101, PSY 121

OTA 221 Concepts and Occupational Therapy Interventions in Mental Health

This course examines a range of common psychiatric disorders and prepares OTA students to distinguish between normal and dysfunctional behavior. Students learn to develop observational skills and explore evaluation and treatment techniques. In the laboratory component, students practice evaluation and treatment activities. The laboratory includes a minimum of 15 hours Level I fieldwork, which consists of observation and supervised practice in an off-campus mental health facility.

Credits: 4
Semester Offered: F
Prerequisites: OTA 101, OTA 103, PSY 101

OTA 223 Concepts and Occupational Therapy Interventions with the Physically Challenged

This course examines the characteristics of physical disabilities. Students study disabilities and the impact of these disabilities on the client’s ability to perform routine activities. Students learn evaluation and treatment techniques that are used to help adults with physical disabilities to live independent and productive lives. The laboratory component includes a minimum of 15 hours Level I fieldwork, which consists of observation and supervised practice in an off-campus facility that treats adult physical disabilities.

Credits: 4
Semester Offered: S
Prerequisites: BIO 111, OTA 101, OTA 131
OTA 231 Occupational Therapy: Methods and Modalities II

This course assists advanced students to master occupational therapy treatment techniques. Students learn the application of occupational therapy techniques in simulated therapy situations; review and develop treatment plans, evaluations and documentation reports; and, practice written and verbal communication used in the practice of occupational therapy. The course consists of two hours of lecture and three hours of laboratory per week.

Credits: 3
Semester Offered: F
Prerequisites: OTA 101, OTA 131

OTA 241 Occupational Therapy Field Placement I

This course is an experienced-based learning opportunity in which students put theory into practice. Students provide occupational therapy treatment and practice professional skills necessary to fulfill the role of an entry-level therapist in this field while working under the supervision of an experienced occupational therapist. This experience will take place in a different practice setting from OTA 242.

Credits: 7
Semester Offered: S
Prerequisites: BIO 112, ENG 102, OTA 105, OTA 211, OTA 215, OTA 221, OTA 223, OTA 231

OTA 242 Occupational Therapy Field Placement II

This course is an experienced-based learning opportunity in which students put theory into practice. Students provide occupational therapy treatment and practice professional skills necessary to fulfill the role of an entry-level therapist in this field while working under the supervision of an experienced occupational therapist. This experience will take place in a different practice setting from OTA 241.

Credits: 7
Semester Offered: S
Prerequisites: BIO 112, ENG 102, OTA 105, OTA 211, OTA 215, OTA 221, OTA 223, OTA 231

Orientation

ORT 109 Strategies for College and Career: Career & Academic Planning

This course will assist the student in developing an individualized, web-based career and academic plan. Students will gain knowledge of career assessment results, career information, labor market trends, decision-making skills, and QCC programs of study. Students will formulate realistic short and long-term career and academic goals.

Credits: 1
Semester Offered: F

ORT 110 Strategies for College and Career

First time college students who want success and direction in their college experience gain practical skills that are directly applied to selection of a college major and future career paths. Students also gain effective learning strategies, and information on how to navigate and use college procedures and resources. Specific topics include promoting self-knowledge through assessments, researching and obtaining career information, developing and practicing study and time management skills, and improving communication and decision making skills. Students integrate information about self, careers, and college in an academic and career plan.

Credits: 3
Semester Offered: F/S/SU
Corequisites: ENG 090 and ENG 095 or appropriate placement score

Philosophy

PHI 102 Introduction to Philosophy

This course introduces students to the chief branches of the discipline of philosophy - that is, logic, epistemology, ontology, and metaphysics - through study of the primary works and main ideas of a representative selection of the world's great philosophers. This survey covers the period from the ancient world through to the present, and may include both Western and Eastern philosophical traditions. Students explore the development of such fields as political philosophy, the philosophy of aesthetics, the philosophy of science, and linguistic philosophy. Student assessment includes a combination of Socratic dialogue, formal debate, formal presentations, unit tests, journal work, and research-supported philosophical essay writing.

Credits: 3
Semester Offered: S
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

PHI 104 Introduction to the Art of Loving

This course examines the various attitudes toward love and objects of love in the world from the interdisciplinary perspectives of philosophy, literature, and psychology. Students consider the philosophical complexities of love in the context of social, cultural, and psychological issues.

Credits: 3
Semester Offered: F
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

PHI 121 World Religions

This course examines the nature of religious experience through the history of the world religions and their cultural contexts. Students study the essential nature of the religious experience, the origin and role of religion, major religions and their personalities, and the essential world views of cultures.

Credits: 3
Semester Offered: SU
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

PHI 123 Native American Belief Systems

This course examines the belief systems of Native Americans of North, Central, and South America. Students study the nature and role of beliefs systems, such as world views, their spiritual and philosophical dimensions, and those factors which shaped such beliefs in Native American societies.

Credits: 3
Semester Offered: S
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

PHI 131 Introduction to Ethics

This course focuses on philosophical principles for human action. Students critically examine major issues in ethics, morality, and values such as: What is a human act? To what extent are we free and have choices? What is the nature of responsibility? What constitutes happiness, good, and evil?

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

PHI 201 Judaism, Christianity and Islam

This course examines three western religions which trace their history back to Abraham: Judaism, Christianity and Islam. Students study the terminology and concepts used in the academic study of religion and apply them to the study of Judaism, Christianity and Islam.
with respect to: major beliefs, spiritual practices, sacred texts, organizational structure, historical development and cultural influences. Students analyze the role(s) of religion with respect to some current issues and global conflicts.

**Credits:** 3  
**Semester Offered:** F/S  
**Prerequisites:** ENG 101

**PHI 203 Philosophy of Technology**  
This course examines from a philosophical perspective uses of technology, cyberspace, technological forms of communication, ethical and ecological implications of technology, and technology's effects on human bodies. Students consider how technological objects influence who possesses knowledge and power; what they insinuate about gender, race, and class; and how they impact social practices. Students explore various definitions of the term “technology,” and reassess their relationship to technology.

**Credits:** 3  
**Semester Offered:** 5  
**Prerequisites:** ENG 101

**PHI 250 Special Topics in Philosophy**  
This course critically examines in-depth a selected topic in philosophy. Students read intensively and produce a significant work of scholarship on the topic. The topic may vary from semester to semester.

**Credits:** 3  
**Semester Offered:** 5  
**Prerequisites:** ENG 101, Two Philosophy courses

**Physical Education**  
**PHE 103 Standard First Aid and Personal Safety**  
This course focuses on the mastery of skills for the administration of Cardio-Pulmonary Resuscitation (CPR), the use of Automatic External Defibrillation (AED), Basic First Aid, and Personal Safety. Students will learn how to recognize life-threatening emergencies, provide basic life support and react to situations related to airway obstruction. Additionally, students will learn how to prevent accidents through safety education by recognizing signs and symptoms and how to provide first aid treatment in emergency situations. Upon successful completion, students earn a nationally recognized certification for First Aid and CPR and AED.

**Credits:** 3  
**Semester Offered:** F/S

**Physics**  
**PHY 101 Physics I**  
This course focuses on the basic concepts of measurement, kinematics, dynamics, work, energy, power, momentum, rotational motion, thermodynamics, and waves through working with problems and laboratory experiments. Students perform related laboratory experiments and write research-quality laboratory reports. This course is not required for Engineering but may be recommended for students who have not yet completed calculus.

**Credits:** 4  
**Semester Offered:** F  
**Corequisites:** MAT 124

**PHY 102 Physics II**  
This course focuses on selected topics in the areas of waves, optics, and electromagnetism. Students learn how to apply the basic principles of problem-solving techniques. Students perform related laboratory experiments and write research-quality laboratory reports.

**Credits:** 4  
**Semester Offered:** S  
**Prerequisites:** PHY 101

**PHY 103 Physics for Respiratory Care**  
This course emphasizes those areas applicable to fluids and their properties. Basic concepts of the course are related to clinical practice. The following topics are covered: states of matter, change of state, gas behavior under changing conditions, fluid dynamics, temperature and heat, and fluid pressure.

**Credits:** 2  
**Semester Offered:** S  
**Prerequisites:** MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score; Restricted to Respiratory Care majors only

**PHY 105 General Physics I**  
This course covers measurement, kinematics, vectors, dynamics, Newton's laws, circular motion, gravitation, work and energy, conservation of energy, linear momentum and collisions, rotational motion about a fixed axis, moments of inertia, and angular momentum and its conservation. Students perform related laboratory experiments.

**Credits:** 4  
**Semester Offered:** F/S/SU  
**Prerequisites:** MAT 233

**PHY 106 General Physics II**  
This course covers general rotation, static equilibrium, elasticity, stress and strain, fluids, density, pressure, oscillations, simple harmonic motion, wave motion, sound, temperature, ideal gas law, kinetic theory of gases, heat and the Laws of Thermodynamics, entropy, and the Carnot engine. Students perform related laboratory experiments.

**Credits:** 4  
**Semester Offered:** F/S/SU  
**Prerequisites:** MAT 234, PHY 105

**PHY 205 General Physics III**  
This course covers electric charge, electric field, Gauss' Law, electric potential, capacitance, dielectrics, electric currents, resistance, Ohm's Law, DC circuits, magnetism, sources of magnetic field, electromagnetic induction and Faraday's Law. Other topics include inductance, AC circuits, Maxwell's equations, light, lenses and optical instruments, wave nature of light, diffraction and polarization, special theory of relativity, and quantum theory and models of the atom. Students perform related laboratory experiments.

**Credits:** 4  
**Semester Offered:** F/S/SU  
**Prerequisites:** MAT 235, PHY 106  
**Corequisites:** MAT 238

**Political Science**  
**PSC 201 United States Government**  
This course examines the structure and operation of the United States government as it has developed within the framework of the Constitution. Students explore topics such as civil liberties, political parties, the election process and contemporary problems in government and politics.

**Credits:** 3  
**Semester Offered:** F/S/SU  
**Prerequisites:** ENG 101

**PSC 221 State & Local Government**  
This course examines the development, organization and function of state and local governments within the United States. Students analyze and compare functions of the governors, state legislatures and courts, as well as explore the relationships among local, state and federal governments.

**Credits:** 3  
**Semester Offered:** F/S/SU  
**Prerequisites:** ENG 101
Practical Nursing Program

PNP 101 Practical Nursing I
This course examines contemporary basic nursing practice and the role of the practical nurse. Students study nursing theory and techniques of fundamental nursing skills concurrently in classroom, laboratory, and long-term and rehabilitation clinical practice settings. The course emphasizes health assessment, health maintenance, and adaptation to illness with the older adult. Nursing process is introduced as the framework for meeting the patient's identified self-care needs. Students acquire a level of competency in basic skills.

Credits: 10
Semester Offered: F
Prerequisites: Acceptance to the PNP Program
Corequisites: BIO 100 or BIO 140

PNP 111 Introduction to Pharmacology
This course examines fundamental pharmacological concepts, drug sources and forms, controlled substance schedules, pregnancy categories, and drug references. Students learn the ethical and legal responsibilities associated with medication administration; and, review basic math concepts, common systems of measurement, and calculation of drug dosages. The course focuses on nursing principles essential to safe administration of medication. Anti-infective and immunologic agent drugs serve as the model for discussion and demonstration.

Credits: 3
Semester Offered: F
Prerequisites: Acceptance to the PNP Program
Corequisites: BIO 100 or BIO 140

PNP 200 Practical Nursing II: Medical/Surgical/Mental Health Nursing
This course focuses on medical surgical and mental health deviations affecting all body systems. Students begin to integrate nursing skills while recognizing mental health needs of the patient. The nursing process is used as the basis for discussion of assisting patients in adapting to acute or chronic health deviations, and interventions that facilitate patient movement to self-care. Health deviations are presented in a systematic approach by building upon knowledge of applied and social sciences. Students participate in learning experiences on selected clinical units in healthcare facilities in the Worcester County area.

Credits: 11
Semester Offered: S
Prerequisites: PNP 101, PNP 111, PSY 121
Corequisites: PNP 210, PNP 222, PNP 233

PNP 202 Practical Nursing III: Pediatric/Maternal/Newborn/Leadership Management Nursing
This course focuses on the specialties of maternal-newborn, pediatric, and leadership nursing. Topics include growth, development, and physiologic needs of the patient throughout pregnancy, labor, delivery, and during the post-partum period; and health problems common to children from infancy through adolescence. Students also study health maintenance, prevent health, the emotional impact of hospitalization; and roles, responsibilities and typical job functions of the graduate practical nurse. Students participate in selected clinical experiences within affiliating acute, long-term care and community agencies.

Credits: 8
Semester Offered: SU
Prerequisites: BIO 100 or BIO 140, PNP 200, PNP 210, PNP 222, PNP 233, PSY 121

PNP 210 Nutrition Concepts in Health and Illness
This course focuses on concepts of normal nutrition, principles related to health maintenance, and nutritional modifications required during states of illness. Students correlate principles of normal nutrition with therapeutic diets needed to promote health in culturally diverse individuals experiencing health deviations. Students acquire knowledge of dietary management of patients with a variety of pathological conditions.

Credits: 1
Semester Offered: S
Prerequisites: BIO 100 or BIO 140, PNP 101, PNP 111
Corequisites: PNP 200, PNP 222, PNP 233

PNP 222 Clinical Pharmacology
This course examines the actions, uses, common side effects, adverse reactions, contraindications, and average dosages of the most commonly prescribed drugs, utilizing the framework of the nursing process. Students study drug classifications and the effects of drugs on the body systems, with emphasis on techniques used for solving dosage problems. Students learn three systems of measurement associated with medication administration and dosage calculation.

Credits: 2
Semester Offered: S
Prerequisites: PNP 111
Corequisites: PNP 200, PNP 210, PNP 233

PNP 233 Trends in Practical Nursing
This course focuses on topics that prepare students both personally and vocationally for entrance into the nursing profession. It expands on legal and ethical considerations discussed in PNP 101 Practical Nursing I and introduces students to expectations placed on the graduate practical nurse. Topics include social issues that impact the healthcare system such as domestic abuse and homelessness, and the role of social service agencies. Students explore skills necessary for entry into the nursing workforce, including job search skills, resume and cover letter development, interviewing skills, and legal and licensure considerations.

Credits: 1
Semester Offered: S
Prerequisites: PNP 101, PNP 111
Corequisites: PNP 200, PNP 210, PNP 222

Psychology

PSY 101 Introduction to Psychology
In this survey course, the student becomes aware of and appreciates the various influences upon behavior. The topics covered include, but are not limited to, the nervous system, sensation and perception, motivation, learning, emotion, and personality. Through an investigation of these areas, within a multiplicity of cultural contexts, the student understands the diversity of the human condition.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

PSY 115 Self-Assessment and Career Planning
This course emphasizes self-discovery, the workplace, life decisions, and career/future planning within a multicultural framework. Students explore psychological theories and apply those theories to their own personal situations to formulate career/life plans. Students identify their abilities and explore their values, interests, motives, motivations, behaviors, personalities, and interaction styles. Students acquire and develop skills for career planning, job searching and understanding job satisfaction. Students develop an e-portfolio that integrates information developed through the self-assessment and career development process.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score
PSY 117 Human Relationships & the Family
This course examines the factors that affect dating, courtship, commitment, marriage, and cohabitation in order to understand the dynamics of the family and human relationships. Topics include communication, intimacy, jealousy, abuse, termination of a relationship, differences of gender, race, religion, socioeconomic level, and the effect of stereotypes.
Credits: 3
Semester Offered: S
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

PSY 118 Psychology of Interpersonal Relations
This course examines behavior in a variety of interpersonal situations including groups, family and the workplace. Students explore the dynamics of communication, group process, and other behavioral concepts. They share experiences in the classroom and participate in group projects that combine theory and practice. The course emphasizes varied and changing work environments. Students utilize a wide range of interpersonal skills to gain a more complete learning experience, greater personal satisfaction, and improved work efficiency in a variety of situations.
Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

PSY 119 Psychology of Personal Influence & Self-Improvement
This course emphasizes the basics of operant and classical conditioning and how each can be used in practical ways. Students learn to relax and desensitize to certain conditioned stimuli; to identify behaviors clearly; and to define, measure and state criteria for reinforcement. They create graphs concerning measured behavior and analyze the graphs in order to determine the effectiveness or need for reinforcement of the behaviors. The course also covers research methods, the ethics of behavior modification, the influence of cultural differences upon the consequences of behavior and upon conditioned stimuli, and the impact of predispositions and past experiences.
Credits: 3
Semester Offered: S
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

PSY 121 A Survey of Life Span Development: Conception to Death
This course examines the span of human development from conception to death. Students explore the processes that occur throughout the life stages, the continuity of the life span, and general development and its surrounding issues and events. Students acquire accepted vocabulary for this area of study and relate course topics to their own lives.
Credits: 3
Semester Offered: F/S/SU
Prerequisites: PSY 101

PSY 123 Human Development I: Conception to Adolescence
This course surveys human development from conception through the middle years. Topics include the central issues of biological, psychological, sociological, and cognitive development. Students explore the theories of Freud, Erikson, Piaget, and others. Students examine both stage and behavioristic approaches of viewing human development; the interaction between physical and psychological growth; the relationships and differences between the developing child and societal settings; and cross-cultural research.
Credits: 3
Semester Offered: F/S
Prerequisites: PSY 101

PSY 124 Human Development II: Adolescence
This course covers the adolescent years and stresses biological, psychological, sociological, and cognitive development. Topics include the adolescent in present-day society and important psychological and sociocultural factors and theories that explain adolescent development. Students examine several theories relating adolescent growth and development.
Credits: 3
Semester Offered: F/S
Prerequisites: PSY 101

PSY 125 Human Sexuality
This course covers social, cultural, and psychological perspectives of human sexuality. Students explore differences related to gender role formation, sexual orientation, sexual attraction, premarital sex, teenage pregnancy, sexually-transmitted diseases, and other related topics within a context of multicultural diversity. Students study specific topics of human sexuality and the research and the professionals in that field. Students examine their own values, beliefs, and behaviors with respect to these topics, and establish ways of applying this information to their own sexuality.
Credits: 3
Semester Offered: F/S
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

PSY 158 Human Relations in Organizations
This course examines the nature of organizations to facilitate students’ entry into, and success within, organizational settings. Topics include the factors that influence individual behavior in organizations and the interrelationships between psychological and other social sciences. Students learn how these sciences contribute to overall organizational experiences and self-development. They examine types of organizations, effective motivational techniques, communication essentials, team development, and leadership practices. Students also examine global and multicultural influences that contributing to the nature of organizations and organizational success.
Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

PSY 211 The Psychology of Group Dynamics
This course examines behaviors and dynamics of groups. Students examine the theories and research findings used to make groups effective and learn skills to apply this knowledge to practical situations of small group interactions.
Credits: 3
Semester Offered: F
Prerequisites: PSY 101

PSY 231 Introduction to Counseling
This course provides an overview of the major theoretical approaches to conducting counseling and psychotherapy. Students critically examine the theories and research as it applies to counseling and psychotherapy. Topics include the basic skills necessary to be an effective counselor; assessment, goal setting and intervention; ethics; diversity; and self-awareness as a beginning professional. Students learn beginning counseling skills and develop an appreciation of the current and relevant issues in the field.
Credits: 3
PSY 235 Counseling Methods
This course presents methods of counseling. Students use an experiential approach to understand and practice specific techniques used in the counseling process including listening, giving and receiving feedback, problem definition, contracting, responsibility, commitment, and evaluation.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: PSY 101

PSY 250 Psychological Statistics
This course covers how quantitative methods are used to answer questions in psychology. Students examine psychological applications of measures of central tendency, measures of variability, and standardization of scores (z-scores). Students learn to conduct, interpret, and report effect sizes and significance testing for comparing means (t-tests and ANOVAs with one and two factors), assessing relationships (bivariate correlation and regression), and comparing frequencies based on nominal data (chi-squared) within research scenarios commonly encountered in psychology. Additionally, students are introduced to advanced statistical techniques used in psychology such as reliability analysis, factor analysis and path analysis. Special attention is given to identifying the appropriate statistics to use for a given research question and data set, to ethical issues in data analysis, and to the use of statistical software.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 101, PSY 235

PSY 252 Introduction to Cognition
This course serves as an introduction to the field of cognitive psychology, familiarizing students with theories and research regarding learning, memory, and thinking. Topics include the history and foundations of cognitive psychology; neural bases; learning, memory and knowledge; language; reasoning and problem-solving; social and emotional influences, and changes in cognition across the lifespan.

Credits: 3
Prerequisites: ENG 101, PSY 101

PSY 253 Social Psychology
This course introduces students to the scientific study of how humans influence, relate to, and think about each other as practiced in social psychology. Major topics covered include social cognition, attributions, the self, attitudes and persuasion, conformity, group dynamics, interpersonal relationships, helping behavior, aggression, and prejudice. Themes emphasized throughout the course include the role of culture in influencing social psychological phenomena, the application of the scientific method to the study of social behavior, and the use of social psychological theories to better understand behavior encountered in daily life and in the world around us.

Credits: 3
Prerequisites: ENG 101, PSY 101

PSY 261 Theories of Personality
This course introduces personality theories and theorists, definitions of personality, development and structure of personality, motivation, and concepts of self. Students examine various theories of structure and development of personality, human motivation, concepts of self, and the mature personality as proposed by Freud, Skinner, Jung, Fromm, Allport, Rogers, Frankl, and Perls.

Credits: 3
Semester Offered: S
Prerequisites: PSY 101

PSY 262 Abnormal Psychology
This course focuses on issues of mental health and mental illness. Topics include examination of various symptoms and causes of mental illness, current trends in treatment, and new developments in community health resources. Students explore the various approaches used to define and treat abnormal behaviors, including the statistical and absolute models, in order to understand and adopt a sensitive approach toward individuals whose behaviors are symptomatic of a disorder.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: PSY 250

PSY 273 Chemical Dependency
This course covers the biological, psychological, and social factors involved in licit and illicit drug use and abuse. Students examine the types of drugs most commonly used and abused; psychosocial consequences of prolonged drug use and abuse; Federal, state, and local regulations governing drug use; efforts made to deal with drug use and abuse and drug related problems; and the nature and varied patterns of drug use and abuse in today’s society. The course emphasizes types of drug treatment and counseling and the probable effects of different treatments upon the drug-dependent client.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: PSY 101

PSY 281 Methods in Psychology
This course focuses on short experiments and hands-on research projects. Topics include development, implementation, and evaluation of research designs; learning and memory; sensation; perception; social psychology; and other subjects covered in introductory-level psychology courses. Students explore topics first-hand to understand the methods used by psychologists to study behavior.

Credits: 3
Semester Offered: S
Prerequisites: PSY 101

Public Health
PHA 100 Survey of Personal Health
This course examines the concept of health and how it relates to all aspects of life. Students gain perspective in assessing and promoting health and healthy lifestyles. Students learn methods to prevent violence and injury, along with reducing risks in specific diseases.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

PHA 101 Introduction to Public Health
This course provides an initial overview of public health concepts and practice. The course examines the philosophy, purpose, history,
organization, function, tools, and activities of public health practice. Case studies and a variety of practice related exercises serve as a basis for student participation and interaction. The course identifies problems and issues currently facing public health. This course aims at enhancing, facilitating and promoting the use of technologies for obtaining and sharing information.

CREDITS: 3

Semester Offered: F/S/SU

Prerequisites: ENG 091 with a grade of "C" or higher, ENG 096 with a grade of "C" or higher; or appropriate placement score

PHA 102 Introduction to Global Health

This course guides students to the main concepts of global health and the critical links between public health and social and economic development. Students think about the determinants of health, how health status is measured, and what key factors influence disease burdens. This course introduces students to key concerns regarding reproductive health, child survival, nutrition, communicable diseases, and chronic diseases. The course stimulates interaction around problems and issues currently facing global health. This course aims at enhancing, facilitating and promoting the use of technologies for obtaining and sharing information.

CREDITS: 3

Semester Offered: F/S/SU

Prerequisites: ENG 091 with a grade of "C" or higher, ENG 096 with a grade of "C" or higher; or appropriate placement score

PHA 103 Public Health Epidemiology

This course provides students with a general introduction to Epidemiology, the central research discipline in the field of public health. This course covers the methods used in Epidemiology and introduces students to the findings of epidemiological research in key aspects of health and disease. Students learn about problems and issues currently facing public health and Epidemiology and gain experience in reading and understanding basic Epidemiology articles.

CREDITS: 3

Semester Offered: F/S/SU

Prerequisites: CHM 101, MAT 122, PHA 100, PHA 101, PHA 102

PHA 299 Public Health Co-Operative Externship

This course provides students with real world experience in health careers in a public health setting. Students learn the job hunting process, identification of their skill set, resume and cover letter preparation, job interviewing skills, networking, negotiation, interpersonal skills development, business etiquette, ethics, and presenting themselves for success. Co-op Placement: Students develop a learning agreement with the instructor, stipulating learning goals and outcomes based on the position description. Students are required to successfully satisfy the terms of the learning agreement and complete a 300-hour unpaid or 450-hour paid cooperative work experience related to their particular major. The faculty member and career placement services can provide Co-op placement assistance, but students are ultimately responsible for securing a timely Co-op placement.

CREDITS: 1

Semester Offered: F

Prerequisites: Accepted to RT Program
performing them on live patients in their clinical assignments. The course focuses on problem solving for atypical imaging conditions requiring modification to the usual positioning procedure. Students learn the skeletal anatomy of specified body parts; identify specific structures within these anatomical regions, and simulate any exam procedure discussed during the course.

Credits: 3
Semester Offered: 5
Prerequisites: RDT 121, SPH 101

RDT 131 Medical Radiography Clinic I
This course focuses on developing basic skills for the practice of radiography. Students learn proper methods to radiograph and care for patients with emphasis on equipment manipulation, patient care, darkroom procedure, and chest and abdomen radiography. Students develop these skills at a clinical site under direct supervision. They advance from observation and assisting with procedures, to performing the exam with indirect supervision. They assess radiographic images for quality, accuracy, and to suggest options for improvement.

Credits: 2
Semester Offered: F
Corequisites: RDT 110, RDT 121

RDT 132 Medical Radiography Clinic II
This course expands students’ clinical skills through their participation in more varied and complex radiographic procedures with emphasis on imaging the upper/lower extremities, pelvis, spinal column and GU and GI systems. Students gradually advance to perform these procedures on more acute patients and under atypical conditions. Students continue to develop their ability to critique images of procedures learned during the previous and current semesters. This course extends beyond the spring semester to include the month of June (40 hours/week). During this period, students focus on fluoroscopy exams of the GI system and are introduced to mobile and surgical radiography procedures.

Credits: 5
Semester Offered: 5
Prerequisites: RDT 131

RDT 141 Radiation Science
This course covers the properties of particulate and electromagnetic radiations, sources of exposure, the biological implications of irradiation, the medical uses of radiation, and dose limitation methods. Students learn how to answer patients’ questions regarding exposure and how to provide appropriate protection for themselves, their patients, the clinical staff, and the general public.

Credits: 4
Semester Offered: F
Prerequisites: RDT 112, RDT 122

RDT 231 Medical Radiography Clinic III
This course focuses on the development of students’ clinical skills on performing fluoroscopy, mobile, and surgical exams, as well as imaging the bony thorax, facial bones, and sinuses. Students expand their skills with trauma procedures; are introduced to pediatric imaging; assume independent care of stable and mildly acute patients; and closely assist with more severely acute patients. Students use problem solving and critical thinking skills in the management of non-typical imaging situations and the continued assessment of image quality.

Credits: 5
Semester Offered: F
Prerequisites: RDT 132

RDT 232 Medical Radiography Clinic IV
This course concentrates on refining students’ skills in performing all mandatory and elective procedures required for graduation and eventual employment as an entry-level radiographer. Upon completion of this course, students are eligible for examination for certification by the American Registry of Radiologic Technologists. Students work independently, with indirect supervision, on all exams for which they have been evaluated as competent. Advanced imaging procedures are presented and include specialized cranio-facial imaging, basic special procedures, trauma, pediatric, and surgical exams. Students are encouraged to experience advanced modalities such as CT, MR, angiography, nuclear medicine, and sonography.

Credits: 3
Semester Offered: 5
Prerequisites: RDT 231

RDT 240 Imaging Applications
This course integrates imaging concepts related to image assessment and the determination of corrective actions to achieve optimal image quality. Evidenced-based learning strategies require students to demonstrate their problem-solving skills in the process of modifying exam procedures to accommodate patient limitations as experienced with trauma, surgical, pediatric and mobile imaging. Imaging of craniofacial anatomy is also covered.

Credits: 3
Semester Offered: 5
Prerequisites: RDT 112, RDT 122

RDT 245 Medical Radiographic Equipment & Quality Assurance
This course includes the principles of mechanics, electrostatics, electrodynamics, magnetism, electromagnetism, and circuitry. Students examine these concepts in detail and apply them to the design and operation of radiographic and fluoroscopic systems. Students also learn how radiologic quality assurance programs are developed and implemented. Laboratory sessions feature hands-on demonstrations of the principles discussed in lecture and allow students to perform quality control tests on the campus ionized radiographic unit and accessory equipment.

Credits: 3
Semester Offered: F
Prerequisites: RDT 112

RDT 252 Radiology Seminar
This course provides a series of discussions, presentations and group projects to further develop students’ knowledge and skills as healthcare providers with an emphasis on medical ethics and cultural diversity related to healthcare delivery in the radiology setting. A capstone component requires students to integrate their practical skills and knowledge through image critiques, career exploration and professional development activities to clarify their professional responsibilities and awareness for lifelong learning in preparation for employment as entry-level radiologic technologists.

Credits: 4
Semester Offered: 5
Prerequisites: RDT 231, RDT 240

RDT 254 Radiologic Pharmacology and Pathology
This course covers the basic concepts of health, illness and disease processes affecting various bodily systems with special emphasis on the nature of pathologic processes and the radiographic appearance commonly presented and experienced during medical imaging procedures. The fundamental pharmacology of medications and contrast agents routinely administered as part of imaging procedures is discussed.

Credits: 3
Semester Offered: 5
Prerequisites: BIO 112, RDT 231, RDT 240

RDT 260 CT & Cross-Section Anatomy
This course expands students’ knowledge on imaging principles and equipment relative to Computed Tomography (CT) and provides instruction on anatomy in cross-section format. Students learn to differentiate between the transverse, sagittal and coronal appearance...
of anatomy of the head, chest, abdomen and pelvis. The fundamentals of venipuncture technique and related patient care skills are reviewed and practiced.

Credits: 2
Semester Offered: F
Prerequisites: BIO 112, RDT 231, RDT 240

RCP 111 Medical Lectures I
This course covers normal pulmonary and cardiovascular anatomy and physiology, ventilation, oxygen transport, carbon dioxide transport, and oxygen saturation. An introduction to the pathophysiology associated with oxygen deficiency will also be included.

Credits: 3
Semester Offered: F

RCP 112 Medical Lectures II
This course provides an introduction to acid-base physiology and blood gas interpretation. Topics covered in the course include: oxygenation and external respiration; oxygen transport and internal respiration; blood gas classification; the assessment/treatment of hypoxemia and shunting; the assessment and treatment of hypoxia; acid-base homeostasis; the regulation of acids, bases and electrolytes; the differential diagnosis of acid-base disturbances; recognition of mixed acid-base disturbances and their treatment; and introduction to non-invasive blood gas monitoring. Clinical case studies relevant to the topic(s) under discussion will be reviewed.

Credits: 3
Semester Offered: S
Prerequisites: RCP 111

RCP 113 Medical Lectures III
This course is designed to familiarize students with the following areas of medical assessment: physical examination (both chest and general); laboratory (including arterial blood gases); electrolytes; chemistry; hematology; chest radiography; preoperative; neurological and cardiovascular assessment.

Credits: 3
Semester Offered: F
Prerequisites: BIO 112, RCP 112

RCP 114 Medical Lectures IV
This course explores the etiology, clinical presentation, pathologic features, diagnostics, and treatment of diseases commonly encountered in Respiratory Care practice. The focus is on cardiopulmonary and other system’s disorders as they present in the adult client. Agents of bioterrorism including smallpox, anthrax, botulism, ricin, sarin, and plague are also introduced. Case studies/ independent research/writing, and physician lectures are utilized to promote the student’s understanding and to develop the student’s critical thinking skills.

Credits: 3
Semester Offered: S
Prerequisites: RCP 121, RCP 131

RCP 121 Clinical I
This course introduces students to the basic principles involved in the administration of Respiratory Care. Topics include routine patient care, medical gas therapy, oxygen administration devices, infection control, emergency procedures, and chemical disinfection and sterilization. In the lab component, students review and apply relevant theory, assemble/disassemble and troubleshoot equipment, and practice client care skills in a clinical simulation environment.

Credits: 3
Semester Offered: F
Prerequisites: RCP 103

RCP 122 Clinical II
This is a supervised clinical rotation in an affiliating hospital. Students continue to build on competencies acquired during the first semester while acquiring additional experience in chest physical therapy, arterial blood gases, lung inflation techniques, tracheobronchial aspiration, and airway clearance. The emphasis is on day-to-day therapeutic respiratory procedures. The laboratory component provides a clinical simulation environment and covers equipment and procedural skills related to the lecture materials in RCP 104 Fundamentals of Respiratory Care II. Students review, demonstrate, and apply relevant theory, assemble/disassemble and troubleshoot equipment, and practice client care skills related to course topics. Skills checklists are completed.

Credits: 3
Semester Offered: S
Prerequisites: RCP 103, RCP 141
Corequisites: RCP 104

RCP 131 Cardiopulmonary Technology
This course covers pulmonary function testing, invasive and non-invasive diagnostic procedures, and techniques utilized to assess patients with pulmonary or cardiovascular diseases and sleep disorders.

Credits: 2
Semester Offered: F
Prerequisites: BIO 112, RCP 122

RCP 141 Pharmacology
This course covers basic principles of general pharmacology and is designed to meet the needs of the Respiratory Care practitioner. Topics covered in this course include: basic principles of pharmacology; specific modes of drug action; and indications, contraindications, potential side effects and dosages of drugs
commonly utilized in the treatment of respiratory, cardiovascular and critical care patients.

Credits: 3
Semester Offered: F
Corequisites: RCP 111

RCP 221 Clinical III
This course is an advanced, supervised clinical experience in intensive medical, surgical, pediatric, and neonatal intensive care units. Students develop practical skills in all aspects of ventilatory management, monitoring, arterial blood gases, and all other therapeutic modalities provided in intensive care.

Credits: 5
Semester Offered: F
Prerequisites: BIO 112, RCP 122

RCP 222 Clinical IV
This course is an advanced, supervised clinical experience. Students acquire practical skills in critical care, pulmonary rehabilitation, neonatal, pediatrics, and other specialty areas. Students correlate theoretical principles to practical applications.

Credits: 5
Semester Offered: S
Prerequisites: BIO 112, RCP 221

RCP 230 Critical Care I Laboratory
The course provides a laboratory/clinical environment in which students will learn the theoretical foundations and practical skills necessary to provide Respiratory Care to an adult client in a critical care setting. Topics to be covered include: the initiation, maintenance and discontinuation of mechanical ventilatory support; airway care; and monitoring. Additional topics may be added as time permits. Advanced Cardiac Life Support Certification is attained.

Credits: 1
Semester Offered: SU
Prerequisites: BIO 112, RCP 122

RCP 231 Critical Care II
This course covers a variety of topics relevant to critical, adult Respiratory Care practice. Topics include: a review of techniques/protocols used in the initiation; monitoring and discontinuation of mechanical ventilator support; monitoring of the adult patient in the ICU, including hemodynamic, neurological, renal, hepatic, and nutritional support; physiologic significance of pulmonary artery blood gases; interpretation and significance of ventilatory waveforms; calculations and formulas relevant to practice and credentialing examinations; chest tubes and pleural drainage systems. ECMO, IAB counterpulsation, and liquid ventilation are also introduced.

Credits: 3
Semester Offered: F
Prerequisites: RCP 230

RCP 243 Neonatal and Pediatric Respiratory Care
This course covers the normal and pathophysiologic events that affect the cardiopulmonary status of the fetus, infant, and child. Students study fetal development, the nature and physiology of neonatal and pediatric pathology, and the application of this information in the clinical setting. Other topics include neonatal resuscitation and advanced pediatric life support.

Credits: 3
Semester Offered: S
Prerequisites: BIO 112, RCP 221

RCP 245 Respiratory Care Seminar
This course is intended to strengthen student skills and knowledge in the processes of Respiratory Care and to build proficiency, professionalism and community spirit. It is specifically designed to prepare the Respiratory Care student to take the N.B.R.C. credentialing examinations. Preparation for the clinical simulation component of the registry examination is provided through academic software. Students will complete a Senior Project meant to encourage student involvement in the Respiratory Care profession while promoting the importance of community service.

Credits: 2
Semester Offered: S
Prerequisites: BIO 112
Corequisites: RCP 222

Science

SCI 103 Earth Science
This course is an introduction to the science of Earth. Students apply fundamental physics and chemistry to the study of Earth's composition, origin and development. Topics include geology, oceanography, hydrology, earthquakes, volcanoes and other natural hazards.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score, MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score

SCI 104 Climate and Weather: Causes and Effects
The focus of this course is the science related to weather and climate, how humans affect weather and climate, and weather and climate’s effect on humans. Students use basic laws and theories of physics and chemistry to describe and explain the composition, structure, and energy distribution of Earth’s atmosphere plus atmospheric phenomena, such as global warming/cooling, the greenhouse effect, ozone depletion, air pollution, severe storms, rainbows, auroras, weather, and climate. Students examine climate change and techniques to measure climate change and compare Earth’s atmosphere to that of other planets.

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score, MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score

SCI 105 Integrated Science: Earth and Space
This course focuses on the basic concepts of astronomy and earth science. Students apply fundamental physics and chemistry to the study of the physical world they live in, and, through the laboratory component, gain an understanding of the methods and applications of science. The course is designed for but not limited to students in Elementary and Early Childhood Education programs.

Credits: 4
Semester Offered: F/S/SU
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score, MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score

SCI 106 Integrated Science: The Living World
This course covers the basic concepts of life science and examines the interactions of living organisms with the physical world they inhabit. Students apply fundamental physics and chemistry to various topics in biology and environmental science, and, through the laboratory component, gain an understanding of the methods and applications of science.
This course is designed for but not limited to students in Elementary and Early Childhood Education programs.

**Credits:** 4  
**Semester Offered:** F/S/SU  
**Prerequisites:** ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score, MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score

### SCI 107 Science of Technology: Vision and Light

This course provides an introduction to the way that science, through technology, enhances human life. This course has a particular emphasis on innovations that impact vision and allow humans to extend a person’s natural ability to visually explore the world and exchange ideas. Students learn scientific principles that underlie many technological devices that enhance human ability, as well as the complimentary roles of the Scientific Method and the Engineering Design Process. Students gain an understanding of methodologies used in scientific investigations through the laboratory portion of the course.

**Credits:** 4  
**Semester Offered:** F  
**Prerequisites:** ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score, MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score

### SCI 108 Science of Technology: Hearing and Sound

This course provides an introduction to the way that science, through technology, enhances human life. This course has a particular emphasis on innovations that impact hearing and allow humans to extend a person’s natural ability to explore the world and exchange ideas through sound. Students learn scientific principles that underlie many technological devices that enhance human ability, as well as the complimentary roles of the Scientific Method and the Engineering Design Process. Students gain an understanding of methodologies used in scientific investigations through the laboratory portion of the course.

**Credits:** 4  
**Semester Offered:** S  
**Prerequisites:** ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score, MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score

### SCI 109 Environmental Science: Biological Topics

This course covers selected biological topics of environmental science. Students learn about the interactions between humans and the environment and gain the ability to connect the issues to a framework of ideas and values that allow them to become part of the solution to environmental problems. Topics include the themes of environmental science, the definition, functioning and changing of ecosystems, human population, wild species and biodiversity and pests and their control. Lab exercises are designed to reinforce and expand on topics covered in lecture. Students are required to participate in off-campus field work for some of the class/laboratory activities.

**Credits:** 4  
**Semester Offered:** F/S  
**Prerequisites:** ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score, MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score

### SCI 110 Sustaining Earth’s Environment

This course focuses on the basic concepts of environmental science. Students apply fundamental physics and chemistry to the study of the physical world they live in, and, through the laboratory component, gain an understanding of the methods and applications of science. Topics include consumption and conservation of Earth’s natural resources, the impact of the humans on the environment, waste management and renewable energy sources.

**Credits:** 4  
**Semester Offered:** F/S  
**Prerequisites:** ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score, MAT 095 with a grade of “C” or higher on the MAT 095 departmental final exam; or appropriate placement score

### SCI 135 Introduction to Astronomy

This course consists of a survey of historical knowledge about astronomy, as well as recent developments in the field. Topics include constellations, coordinates, light, Solar System planets, the sun, stars, galaxies, and conditions for life on other planets. Students perform out-of-class projects including observational aspects of astronomy, such as the night sky, moon phases, and the seasons.

**Credits:** 3

### SCI 140 Astronomy I: Close to Home

This course emphasizes the scientific basis of introductory astronomy concepts, using labs and algebra to demonstrate the processes. Students learn physics concepts essential to continued study of astronomy, including Newtonian gravity, planetary motion, the electromagnetic spectrum, optics, and theories of the solar System and its contents. Labs are a mixture of daytime astronomy and physics related topics, and required night-time on-campus observational astronomy sessions. Students are required to observe on campus at night a minimum of (1) time during the semester; a choice of dates will be provided.

**Credits:** 4  
**Semester Offered:** F  
**Prerequisites:** ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score, MAT 099 with a grade of “C” or higher on the MAT 099 departmental final exam; or appropriate placement score

### Social Science

### SOS 211 Death & Dying

This course examines the death and dying process within personal and professional frameworks. Students learn differences in cultural attitudes toward death and dying; the origins of death anxiety; the processes involved in dying, grieving, and mourning; and the community resources available to address these processes. Topics include cultural attitudes, models of dying and grieving, children and death, suicide, and euthanasia.

**Credits:** 3  
**Semester Offered:** F/S  
**Prerequisites:** ENG 101

### Sociology

### SOC 101 Introductory Sociology (Principles)

This course introduces basic theories and vocabulary of sociology including its historical origins and research process. It examines the major principles that govern the structure and function of society, its institutions, groups, and processes. Students learn how societies meet or do not meet the social, psychological, economic and everyday needs of their members. The course emphasizes making connections between students’ personal lives and the social change occurring around them.
COURSES

Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 091 with a grade of "C" or higher, ENG 096 with a grade of "C" or higher; or appropriate placement score

SOC 106 The Sociology of Difference and Inequality
This course examines the social construction of categories of difference, such as race, class, sexual orientation, and gender, and how these categories are transformed into systems of inequality from a sociological perspective. Special attention is paid to the role of social institutions, such as family, education, and mass media in the creation and maintenance of difference-based inequalities. Students critically examine their own experiences within the broader social context and explore strategies for individual and social change.
Credits: 3
Semester Offered: F/S/SU
Corequisites: ENG 101

SOC 111 Social Problems & Social Change
This course examines how social change in the United States produces social problems such as prejudice and poverty, and how these problems affect families and the quality of life in a multicultural society. Students learn to recognize and understand the relationship between on-going social change and the problems that accompany change. Students examine major problems facing society today, separate myth from fact, and analyze these problems and their solutions objectively.
Credits: 3
Semester Offered: F/S/SU
Corequisites: ENG 101

SOC 115 Sociology of Sex and Gender
This course explores peoples' gender experiences in society from a sociological perspective. A sociological perspective is particularly important to gender studies because it situates individual experience within the context of social institutions. This course addresses how the varied experiences of women and men are constructed within social institutions and, therefore, can be transformed through institutional change. Students develop critical and analytical skills through reading and writing assignments. Students learn actively to incorporate aspects of social stratification and the differences it engenders in women's and men's experiences.
Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 101

SOC 131 Films in Social Psychology
This course presents various topics in social psychology via films and full-length movies. The topics vary from semester to semester and include child rearing practices, divorce, human relations, nuclear proliferation, economics, sex role stereotyping, sexuality, aggression, and social norms. Students gain an understanding of these topic areas as well as how the popular media portrays them.
Credits: 3
Semester Offered: F/S
Corequisites: ENG 101

SOC 201 Global Society and Global Culture
This course introduces students to social-science approaches to globalization. Students examine the challenges and opportunities of global society and culture from particular perspectives of the Global South (Latin America and the Caribbean, most of Asia, or Africa). General topics include social problems and social change, difference and inequality, continuity and conflict. Students also explore what it means to be a global citizen with respect to various social institutions such as family, education, and work.
Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 101

SOC 211 The Dynamics of Racial & Ethnic Relations
This course examines racial and ethnic relations and the major sociological theories used to analyze them, and provides an overview of assimilation and integration. It emphasizes multiculturalism and focuses on sociological explanations of dominant group/minority group encounters within the contexts of power, poverty, and segregation. Students study contemporary and historical examples of institutional discrimination, and discuss policies and issues related to improving race relations in the United States.
Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 101

SOC 220 American Deaf Culture
This course provides a historical and contemporary perspective of American deaf culture using a socio-cultural model. Students examine deaf culture and make comparisons and contrasts with other cultures. Topics include communication, language, cultural identity and values, group norms, traditions and the world view of deaf people.
Credits: 3
Semester Offered: F
Prerequisites: SOC 101

SOC 221 The Family
This course examines ideas about the nature and structure of the family and how they have changed over time. Students debate whether or not the family is dying as an institution, and how best to restore the family to its place in society. Students explore how economic and social forces affect families; and examine personal and social values about dating, mating, and family life.
Credits: 3
Semester Offered: F/S/SU
Prerequisites: ENG 101

Spanish

SPN 111 Beginning Spanish I
This course introduces the fundamentals of the Spanish language. Students examine brief readings on the everyday aspects of the contemporary Spanish-speaking world. Students use common conversation, tell time, make comparisons, discuss the weather, and recognize and use basic tenses for common verbs. Previous knowledge of Spanish is not necessary.
Credits: 3
Semester Offered: F/S

SPN 112 Beginning Spanish II
This course is a continuation of SPN 111 Beginning Spanish I. Students continue to progress in the fundamentals of understanding, speaking, reading, and writing the Spanish language. The course emphasizes the development of reading skills through the study of enjoyable, short, and timely articles on contemporary life and culture in the Spanish-speaking world. The course covers more complex verb and pronoun forms.
Credits: 3
Semester Offered: F/S
Prerequisites: SPN 111

SPN 211 Intermediate Spanish I
This course is a continuation of SPN 112 Beginning Spanish II. It reviews the fundamentals of the language and emphasizes conversational Spanish. Students study the culture of the Spanish-speaking world and current events through the use of newspaper and magazine articles edited for student use. Students form and use more complex verbs. They also summarize a ten-minute talk given by the instructor, participate in a variety of situational conversations, answer questions about readings, and write an in-class composition about a topic studied during the semester.
Credits: 3

Semester Offered: F/S
Prerequisites: SPN 112

SPN 212 Intermediate Spanish II
This course is a continuation of SPN 211 Intermediate Spanish I. The course reviews key points of the language and emphasizes conversational fluency. Students engage in intensive oral practice through the reading and discussion of well-edited texts in Spanish. Students summarize a 20-minute talk given by a native speaker, read and answer questions on a magazine article, present a five-minute talk on a chosen topic, and write a summary of the talk in Spanish.
Credits: 3

Semester Offered: F/S
Prerequisites: SPN 211

Speech

SPH 101 Speech Communication Skills
This course covers organization and delivery skills, and the development of confidence necessary for effective oral communication. Students organize speeches for both specific and general audiences; and prepare and present extemporaneous and impromptu speeches on a variety of contemporary issues. Students implement principles and practices of public communication through evaluated classroom activities including the use of PowerPoint® presentations.
Credits: 3

Semester Offered: F/S/SU
Prerequisites: ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

Surgical Technology/ Perioperative Nursing

SUR 101 Perioperative Issues
This course provides knowledge in the areas of patient care directly associated with the surgical experience. Included are an in-depth overview of the hospital, the operating room and its equipment, and the individual roles of the surgical team; principles of patient safety: identification, transportation, and positioning; and, surgical pharmacology.
Credits: 3

Semester Offered: F
Prerequisites: BIO 100 or BIO 140, SUR 115
Corequisites: SUR 111

SUR 111 Operating Room Techniques
This course introduces techniques and procedures utilized during the surgical experience. Topics covered include scrubbing, gowning, and gloving; and the establishment of the sterile field with its armamentarium of sutures, instruments, supplies and equipment. The course includes an in-depth discussion of laparoscopic equipment and supplies, laser, and emergency preparedness. The laboratory component allows the student to observe and demonstrate the principles and procedures taught in the classroom in a non-patient contact environment.
Credits: 5

Semester Offered: F
Prerequisites: SUR 115, ALH 102
Corequisites: SUR 101

SUR 115 Asepsis
This course covers the principles and practices of surgical asepsis that must be maintained in the clinical setting. Included are the study of microscopic life forms, the relationship of microbes to disease and illness, the principles and techniques of disinfection, sterilization, antisepsis, and the development of the “surgical conscience”.
Credits: 2

Semester Offered: SU
Prerequisites: Enrollment limited to Surgical Technology majors only

SUR 121 Surgical Procedures I
This course explores the diagnostic and surgical interventions of general, OB/GYN, orthopedic, EENT, dental/oral/maxillofacial, plastic/reconstructive and GU. Additionally this course covers laparoscopic and robotic procedures for each specialty. Ethical, legal and moral values relating to the individual patient as well as the operating room procedures are included.
Credits: 8

Semester Offered: F
Prerequisites: BIO 100 or BIO 140, SUR 115
Corequisites: SUR 111

SUR 199 Clinical I
Students are assigned to surgical settings within the greater Worcester area. Clinical experience provides students with supervised applications of the theory, principles, and procedures taught in the classroom. Students experience patient contact as a member of the operating room team. This experience takes place in hospitals and clinics and focuses on minimally complex surgical cases.
Credits: 4

Semester Offered: S
Prerequisites: SUR 101, SUR 111, SUR 121, SUR 230

SUR 221 Surgical Procedures II
This course explores the diagnostic and surgical interventions of specialized surgeries including thoracic, neurosurgery, peripheral and cardiovascular surgeries.
Credits: 3

Semester Offered: S
Prerequisites: SUR 121

SUR 230 Ethics
This course introduces the student to ethical issues which relate to patient care in a hospital surgical setting. Legal issues and moral values relating to patient rights and operating room procedures will be discussed. Cultural, ethnic, and age issues will be considered as appropriate.
Credits: 1

Semester Offered: F

SUR 250 Perioperative Nursing
This course is designed to provide the learner with an understanding of the operating room nurse’s role and responsibilities as a scrub nurse and as a circulating nurse. Instruction includes components of the basic sciences, surgical asepsis/sterile technique, the Operating Room environment, surgical procedures, anesthesia, professionalism, clinical practices and the assessment of the patient’s physical, emotional and spiritual needs. The content is based on the standards and recommended practices established by the Association of Operating Room Nurses (AORN).
Credits: 3

Semester Offered: F/S
**Prerequisites:** Admission to Perioperative Nursing Certificate

**SUR 251 Perioperative Nursing Externship**
This course is designed to introduce the RN to perioperative nursing skills associated with caring for the surgical patient in the Operating Room. Students demonstrate the Operating Room nurse’s role and responsibilities as a scrub nurse and circulating nurse in lab. Students perform these skills with a preceptor at selected area hospitals.

**Credits:** 7
**Semester Offered:** F/S
**Prerequisites:** Admission to Perioperative Nursing Certificate
**Corequisites:** SUR 250

**SUR 290 Clinical II**
This course involves the practical application of the skills, knowledge, and abilities developed in SUR 121 with a specific focus on moderately complex surgical cases, such as ophthalmology, ears/nose/throat, dental/oral/maxillofacial, plastic/reconstructive and genito-urinary. This clinical experience requires appropriate case scheduling.

**Credits:** 6
**Semester Offered:** S
**Prerequisites:** SUR 199

**SUR 299 Clinical III**
This course involves the practical application of the skills, knowledge, and abilities taught in the classroom via patient contact as a member of the operating room team. This clinical experience focuses on more complex surgical procedures.

**Credits:** 6
**Semester Offered:** S
**Prerequisites:** SUR 290

### Theater

**THA 101 Theater Production**
This course covers the basic level of technical experience in various aspects of production design and emphasizes a working knowledge of the hands-on participation skills needed to mount and run theatrical productions. Students focus on crafting an industry standard production book and work on that semester’s theater productions in assigned areas.

**Credits:** 3
**Semester Offered:** F/S/SU
**Prerequisites:** ENG 091 with a grade of “C” or higher, ENG 096 with a grade of “C” or higher; or appropriate placement score

**THA 102 Stage Movement**
This course examines the basic techniques of movement with emphasis on developing each student’s potential for effective physicalization of character. This course focuses on tempo, rhythm, period movement, mask, Mythic Gesture; personal mannerisms and their essence are defined and explored.

**Credits:** 3
**Semester Offered:** F/S/SU
**Prerequisites:** THA 101

**THA 103 Stage Voice**
This course focuses on developing experience in various aspects of vocal performance techniques that include but are not limited to: International Phonetic Alphabet (IPA), diction, breathing, nerves, vocal constructs, personal atmosphere andisms. Students examine characteristics of vocal techniques that include: foundation, structure, emotion, vocal gesture, physical expression, delivery, eye-contact, continuity, and composition. Students study techniques used in public/professional presentation and/or performance.

**Credits:** 3
**Semester Offered:** F/S/SU
**Prerequisites:** THA 101

**THA 201 Acting**
This course covers the art and craft of acting, both as a participant and an observer. Students are introduced to the language, terms, and concepts of theater, as well as the process and techniques by which actors work. Students demonstrate their ability to use their “self” in an authentic way, as well as his/her willingness and resilience to transform that “self” beyond its pre-established boundaries.

**Credits:** 3
**Semester Offered:** F/S/SU
**Prerequisites:** THA 101, THA 102

**THA 202 Stage Management**
This course focuses on principles, practices, industry vocabulary and standards of theatrical stage management. Students study the duties, responsibilities, procedures and theater etiquette from pre-production to post-production that comprise stage management.

**Credits:** 3
**Semester Offered:** F/S/SU
**Prerequisites:** THA 102, THA 103

**THA 203 Playwriting**
This course focuses on instructing students in the method of crafting plays for production. Students examine processes that include, but are not limited to: conceptualization, dramatic form and structure, and character development. Students study the method for creating a first through final draft process, casting, and staged-readings leading to formal play production.

**Credits:** 3
**Semester Offered:** F/S/SU
**Prerequisites:** ENG 101, THA 201, THA 202
Faculty and Staff

TETTEH ABBEQUAYE, Professor of Chemistry
B.S., The University of Birmingham, UK; Ph.D., Clark University
AICO ABERCROMBIE, Associate Director of Admissions
B.A., University of Texas at San Antonio; M.Ed., Northern University of Arizona
JOSEPH ADAMS, Project Director - TRIO Student Support Services Program
B.A., Hampton University; M.A., South Carolina State University
MARIA ADDISON, Dean of Career and Academic Advisement
A.S., Bronx Community College; B.S., Bernard Baruch College; M.S., Bernard Baruch College
STELLA ADU-GYAMFI, Assistant Professor of Nurse Education
B.S., Worcester State University; B.S., University of Massachusetts-Amherst; M.S., University of Massachusetts Medical School
CYNTHIA ADU-GYAMFI, Loan Coordinator/Disbursement Analyst
B.A., Becker College
THOMAS ANDERSON, Painter/Facilities
KARL ANDERSON, Professor of English
B.A., University Massachusetts-Lowell; M.A., Northeastern University
KATE ANDERSON, Coordinator of Instructional Technology & Assessment for SABES Professional Development Center
B.A., University of Massachusetts-Amherst
ELLEN ANDREWS, Professor of Nurse Education/Coordinator of the Nurse Education Program
A.S.N, Laboure College; B.S.N., Salem State University; Certificate-Occupational Education, Massachusetts Department of Education; M.A., Framingham State University; M.S.N., Salem State University
LISA ANTONELLI, Professor of Biology/Coordinator of the Natural Sciences Work Area
A.B., Smith College; D.M.D., University of Pennsylvania
JEN ARNER WELSH, Interim Dean of the School of Public Service and Social Sciences
B.A., Earlham College; M.A., Clark University; Ph.D., Clark University
JILL ARRELL, Lead Teacher/Early Childhood Education Program
A.S., Quinsigamond Community College; B.S., Worcester State University; M.Ed., American International College
CLARENCE ATEES, Dean for the School of Humanities & Education
B.S., Oakwood College; M.S., Oklahoma State University; Ph.D., University of Texas at Austin
BENEDICTA ATTAA, Clerk III/Financial Aid
A.A., Quinsigamond Community College
BETH AUGER, Director of Financial Compliance
B.S., Worcester State University
ELIZABETH AUSTIN, Director of Human Resources
B.A., College of New Rochelle
JOSEPH BABU, Associate Professor of Mathematics
B.Ed., Kenyatta University; B.S., Coppin State College; M.S., University of Massachusetts-Lowell
BRIAN BANDALEWICZ, Microsoft Systems Administration Support Engineer
A.S., Quinsigamond Community College
RICHARD BANKS, Clerk III/Nurse Education
MARK BATES, Professor of English/Coordinator of the Humanities Work Area
B.A., University of Leeds; M.F.A., Emerson College; Ph.D., Northeastern University
MICHAEL BEANE, Director of Student Life & Leadership
B.A., State University of New York; M.S., Hodges University;
AMY BEAUDRY, Professor of English
B.F.A., Emerson College; M.F.A., Sarah Lawrence College
JENNIFER BECCIA, Assistant Professor of Nurse Education
A.S., Quinsigamond Community College; M.S., Framingham State University
LAURIE BEHRMANN, Clerk III/Admissions
B.S., Michigan State University; Ph.D., Northwestern University
GAELEN BENWAY, Professor of Sociology
B.A., Middlebury College; M.A., Brown University; Ph.D., Brown University
ANTHONY BERNARDI, Maintainer I/Facilities
DADDIH BIGONAHY, Professor of Engineering and Sciences/Coordinator of the Engineering Program
B.S., Tehran Polytech University; M.S., Worcester Polytechnic Institute
DENNIS BLAIR, Campus Police Officer II - Sergeant/Public Safety
A.S., Quinsigamond Community College
ELIZABETH BLAUE, Staff Assistant - ERP Client Software Support
A.S., Quinsigamond Community College; B.S., Worcester State University
CAITLIN BOGUE, Library Assistant I - Information Desk
B.F.A., The Art Institute of Boston at Lesley College
SHERI BOISSEAU, Associate Professor of Nurse Education
B.S., Rhode Island College; M.S., University of Phoenix
SUSAN BOLAND SHEPHERD, Associate Professor of Nurse Education
B.S., Western Connecticut State University; M.S., University of Massachusetts-Amherst; Ph.D., University of Massachusetts-Worcester
SHEILA BOOTH, Professor of English/Coordinator of the English Work Area
B.A., College of New Rochelle; M.A., University of Wisconsin; M.L.S., University of Rhode Island
AMY BOOTH, Professor of Dental Hygiene/Coordinator of the General Studies Program-Health Care Option
C.D.A, R.D.H, A.S., University of Rhode Island; B.S., University of Rhode Island; M.Ed., Worcester State University
SELINA BORIA, Executive Assistant to the President
B.S., Florida Institute of Technology
CAROL BOSWORTH, Professor of Nurse Education
B.S.N., Fitchburg State University; M.B.A., Lesley College; M.S., Fitchburg State University
JESSE BOTTCHER, Director of Network Infrastructure
A.S., Quinsigamond Community College
ANITA BOWDEN, Dean for Employment and Equity
B.A., Texas A&M University; M.A., Incarnate Word College
MICHAEL BOWMAN, Maintainer I
B.A., University of Sheffield; M.A., Clark University
KRISTINE BROWN, Clerk III/Special Populations
REBECCA BROWNSTEIN, Senior Enrollment Counselor (Southbridge)
B.S., Worcester State University; M.Ed., Cambridge College

MARY BRUNI, Professor of Nurse Education
B.S., University of Massachusetts-Boston; M.Ed., Fitchburg State University; M.S.N., Framingham State University

LEO BURGESS, IT Service Manager
A.A., Quinsigamond Community College; B.S., Clark University

DEBBIE BUSH, Clerk IV/Nurse Education
A.S., Quinsigamond Community College

DANIEL CAHILL, Desktop Support Technician
A.S., Quinsigamond Community College

HADLEY CAMILUS, Senior Admissions Coordinator
B.A., Clark University

GAIL CARBERRY, President
B.S.Ed., Worcester State University; M.Ed., University of Massachusetts-Amherst; Ed.D., University of Massachusetts-Amherst

APRIL CARLSON, Accountant I/Business Office
B.S., Becker College

PATRICK CARR, Accountant IV/Business Office

BRITTANY CASASANTA, Simulation Laboratory Specialist
A.S., Quinsigamond Community College

JOSEPH CECCHI, Campus Police Officer II - Sergeant/Public Safety

JANINE CHALUPKA, Assistant Professor of Nursing
B.S., Worcester State College; B.S., Regents College; M.S., University of Massachusetts-Worcester

LINDA CHAPUT, Clerk IV/Admissions

KAZIMIERZ CHOJNOWSKI, Maintainer IV/Facilities

NANCY CHOSTA, Clerk I/President’s Office

YOUNG MI CHUN, Clerk IV/Career and Academic Planning Office
B.A., University of Ulsan, Korea; B.S., Arizona State University

RACHEL CLARKE, Clerk III/Admissions

VALARIE CLEMENTE-CRAIN, Professor of Psychology
B.A., University of Massachusetts-Amherst; M.Ed., Boston University; Ed.D., Boston University

MICHAEL CLINE, Maintainer IV/Facilities

LYNN COHEN, Information Management Analyst
B.S., Clark University

JOSHUA COLE, Assistant Manager of Athletics and Fitness Center
B.A., Assumption College; M.A., Endicott College

DEBORAH COLEMAN, Professor of Surgical Technology/Coordinator of the Surgical Technology Program
B.S., Anna Maria College; M.S., Anna Maria College

BONNIE COLEMAN, Administrative Secretary I/Student Services

CATHERINE COLEMAN, Program Manager of Distance Learning Project
B.S., Worcester State University

JUDY COLSON, Associate Professor of Psychology
B.S., University of Massachusetts; M.Ed., University of South Carolina

Laurie Comeau, Human Resources Administrator

ERIN CONNOR, Assistant Professor of Occupational Therapy Assistant Program
B.A., B.S., Worcester State University; M.A., Lesley University

LISA Cook, Professor of History/Political Science
B.A., Clark University; M.A., Clark University

LIZETTE CORDEIRO, Assistant Professor of Psychology/Freshman Experience
B.A., Wheelock College; M.A., New York University

Lucinda Costa, Staff Assistant Community Engagement
A.A., Quinsigamond Community College

SHANNON COTTER, Clerk III/Healthcare
B.S., Worcester State University

PATRICIA CREELMAN, Professor of Nurse Education/Clinical Coordinator/Coordinator of the Health Certificates Program
B.S.N., University of Massachusetts; M.S.N., Anna Maria College

CEBELIS CRESPO, Clerk III/Financial Aid
A.S., Quinsigamond Community College

DENISE CROSS, Coordinator of Library Technical Services and Systems
B.A., Connecticut College; M.S., Simmons College, GSLIS

EDWARD CROTTY, Maintainer III/Facilities

MARGARET CROWELL-MURRAY, Professor of Biology
B.S., Worcester State University; M.S., Antioch New England Graduate School; M.Ed., Worcester State University

JESSICA CROWLEY, Associate Professor of Biology
B.S., University of New Hampshire; Ph.D., University of Massachusetts Graduate School of Biomedical Sciences

REBECCA CYP, Senior Financial Aid Counselor
B.A., North Adams State College; M.S., Clark University

KEVIN DACRI, Desktop Support Technician
A.S., Quinsigamond Community College

NANCY DAILDA, Staff Associate Admissions Operations

KIRSTEN DAIGNEAULT, Assistant Professor of English
A.A., Quinsigamond Community College; B.A., Worcester State University; M.Ed., Worcester State University

ELEANOR DAILDA, Administrative Secretary I/Humanities and Education
A.S., Becker College

PHILOMENA D’ALESSANDRO, Associate Professor of Mathematics
B.S., Siena College; M.A., University at Albany, State University of New York

ROSE D’ANDREA, Clerk IV/Help Desk

JUDITH D'ANGELO, Enrollment Counselor
B.A., Assumption College; M.A., Assumption College

WILLIAM DARING, Vice President for Human Resources
A.A., Mount Wachusett Community College; B.A., Amherst College; M.B.A., University of Massachusetts

MARK DAVIDSON, Chef Manager/Auxiliary Operations
A.A., Johnson & Wales University; B.A., Johnson & Wales University

MISHAWN DAVIS-EYENE, Director of Admissions
B.A., University of Illinois; A.L.M.M., Harvard University Extension School

DANIEL DE LA TORRE, JR., Coordinator of Transfer Affairs and Articulation
B.A., Boston University; M.Ed., Worcester State University

DANIELLE DEADDER, Teacher/Early Childhood Education Program
A.A., Quinsigamond Community College; B.S., University of Massachusetts-Dartmouth

GINA DECAROLIS, Research Analyst
B.A., Saint Anselm College; M.A., University of Massachusetts-Boston

IBAR DELACRUZ, Assistant Professor of Mathematics
B.S., National University of Engineering (PERU); M.S., Worcester Polytechnic Institute

NICOLE DELASANTA, Learning Manager/General Academic Areas
B.A., Assumption College; M.A., Clark University

SHIRLEY DEMPSEY-ANDERSON, Community Engagement Development Operations Supervisor
A.S., Quinsigamond Community College

JOHN B ZEL B DING, Anthropology, Sociology and History  
B.A., State University of New York at Stony Brook; M.A., University of Massachusetts

ETHAN B ELDING, Sociology and Geography  
A.S., Quinsigamond Community College; B.A., University of Massachusetts; M.S., Macquarie University

KATHLEEN BELL SZABO, Dental Hygiene  
A.S., Cape Cod Community College; B.S., Bay Path College

CHRISTINE BERCUME, English  
A.A., Worcester Junior College; B.A., Curry College

AMY BERG, Science  
B.S., Worcester State; M.S.S.E., Montana State University

CHRISTINA BERGENHOLTZ, Speech, English and Business  
B.S., Clark University; M.Ed., Cambridge College

SARAH BERLINGER, Emergency Medical Technician  
B.A., Wellesley College; M.Ed., University of Massachusetts-Lowell

KERRY BERRY, Computer Information Systems  
B.S., University of Massachusetts-Amherst

KATHLEEN BERUBE, Computer Science  
M.S., University of Connecticut; M.Ed., Worcester State University

CHARLES BEVIS, English  
B.A., University of New Hampshire; M.A., Rivier College

AEMIRO BEYENE, Mathematics  
B.S., California State University; M.S., California State University

GOPAL BHATTACHARYA, American Sign Language  
A.S., Rochester Institute of Technology; B.S., Rochester Institute of Technology

ROSHANAK BIGONAH, Applied Arts  
A.S., Quinsigamond Community College; B.A., Worcester State University

LISA BILIS, English as a Second Language  
B.A., Framingham State University; M.A., Framingham State University

TIMOTHY BLEECKER, English  
B.A., The King’s College; M.A., Tufts University; Ph.D., Tufts University

SCOTT BOOSAHDA, Liberal Arts  
A.A., Quinsigamond Community College; B.S., Worcester State University; M.Ed., Cambridge College

NICHOLAS BOSTOCK, English  
B.A., University of Massachusetts-Amherst; M.Ed., University of Massachusetts-Amherst

H. ROGER BOTHWELL, Psychology  
B.A., Andrews University; M.A., Andrews University; Ed.D., Drake University

AMY BOUMAN, Medical Support Specialist  
B.S., University of New Hampshire; B.S., University of Southern Maine
JENNIFER BOURASSA, Radiologic Technology  
B.A., Quinsigamond Community College

PAUL BOURKE, History and Political Science  
B.A., Boston College; A.L.M., Harvard University Extension School

CHARLOTTE BOUTILLETTE, Occupational Therapy  
B.S., Worcester State University

CRAIG BOYLE, Business  
B.S., University of Rhode Island

JOANNE BRAAM, Psychology  
B.A., Lewis University; M.A., The University of Chicago

ELENA BRANAGAN, Mathematics  
B.S., Moscow State University of Printing Arts; M.S., Moscow State University of Printing Arts

KRISTINA BRAND, Management  
B.S., Fitchburg State University; M.B.A., Simmons College

ASHLEY BREGMAN, Science  
B.S.M.E., Worcester Polytechnic Institute; M.S., University of Connecticut

JAMES BRENAN, English  
B.S., University of Massachusetts; M.S., Rivier College; M.A., Harvard University; M.F.A., Bennington College

MICHAEL BRENNAN, Computer Information Systems  
B.A., Worcester State University; M.Ed., Worcester State University

DARREN BROCK, Emergency Medical Technician  
B.S., Russell Sage College

CELIA BROWN, Human Services  
B.A., Worcester State University; M.A., Suffolk University

LYDIA BUCKLEY, English as a Second Language  
B.A., Wellesley College; M.A., Kansas State University

DONALD BUELL, Biology  
B.A., Framingham State University; M.Ed., Boston State College; M.S., Worcester State University

CARLOS BUESA-GARCIA, Spanish  
M.A., University of Texas at Austin; M.A., University of Connecticut

DAVID BUFFAM, Mathematics  
B.A., Colby College; M.A., University of Pennsylvania; Ph.D., University of Pennsylvania

GERALD BUONO, JR., Criminal Justice  
B.A., Suffolk University; M.A., Anna Maria College

MARINA BURR, English, Reading and Writing  
B.A., Assumption College; M.S., Central Connecticut State University

ZACHARY BUSCHER, English  
B.A., Emerson College; M.F.A., University of Arizona

DOUGLAS BUSHMAN, Criminal Justice  
B.A., Central Connecticut State University; J.D., Western New England College

EUGENE BUTLER, Psychology  
B.A., University of Massachusetts; M.Ed., Springfield College; Ed.D., Nova University; Licensed Psychologist; Certified Health Service Provider

CORA BUTLER-JONES, Business, and Social Sciences  
B.A., Western New England College; M.B.A., Anna Maria College; M.A., Anna Maria College; M.S.W., Springfield College; Ph.D., The Chicago School of Professional Psychology C.A.G.S., University of Massachusetts-Boston

OLIVIA BUTTERWORTH, French  
B.A., University of Texas at Austin; B.A., Florida Atlantic University; M.A., University of Connecticut

DANNY BUZELL, Science  
B.S., Worcester State University; M.Ed., Worcester State University

MARK CADY, Fire Science  
A.S., Quinsigamond Community College; B.A., Worcester State University; B.S., Anna Maria College

GERTRUDE CAHILL, Allied Health and Surgical Technology  
A.S., Becker Jr. College; B.S., Becker College; M.S., Anna Maria College

NANCY CAHIN, Mathematics  
B.S., University of Massachusetts-Amherst; M.S., Northeastern University

BRANDON CAIRO, Dental Assisting  
B.S., Saint Michael’s College; D.M.D., Boston University Goldman School of Medicine

FRANK CAMERON, Criminal Justice and Sociology  
A.S., Quinsigamond Community College; B.S., Clark University; M.A., Clark University; C.A.G.S., Worcester State University

MARY ANN CAMOSSE, Nurse Education  
R.N., New England Deaconess Hospital; B.S., Worcester State University; M.S., Anna Maria College; M.S., University of Massachusetts

DORA CAPITE-TKAL, Accounting and Mathematics  
A.S., Quinsigamond Community College; B.S., Worcester State University; M.B.A., Babson College

DAVID CAPORELLO, Mathematics  
B.S., University of Massachusetts-Amherst; M.A., University of Massachusetts-Amherst

DEIRDRE CARLSON, English  
B.A., Massachusetts College of Liberal Arts; M.A., Clark University

LOUIS CARMINE, Computer Science  
A.S., Johnson & Wales University; B.S., Johnson & Wales University

MICHAEL CARNEY, Criminal Justice  
B.S., Northeastern University; M.S., Anna Maria College

KAREN CARPENTER, Nursing and Interdisciplinary  
A.S., Quinsigamond Community College; B.S., University of Massachusetts-Amherst; M.S., University of Massachusetts-Lowell; J.D., Massachusetts School of Law

EMILY CARROLL, Interactive Media Design  
B.A., Becker College

CHRISTINE CARROLL, Hotel and Recreation Management  
B.S., Boston University M.P.A., University of Massachusetts-Amherst

MICHELLE CARTAGENA, Mathematics  
B.S., University of the West Indies; M.Ed., American Intercontinental University; Ph.D., Capella University

DIANA CASAVECCHIA, Hotel and Recreation Management  
B.A., Becker College

DANIEL CASE, Mathematics  
B.S., University of Massachusetts-Amherst; M.Ed., Worcester State University; Ed.D., Nova Southeastern University

COLLEEN CASEY, Biology  
B.A., Rivier College; M.S., University of New England

CHRISTOPHER CASS, Sociology  
B.A., Guilford College; M.A., Boston University; Ph.D., Northeastern University

JOSE CASTILLO, Humanities  
B.A., Berklee College of Music; M.B.A., University of Phoenix

PAMELA CATINO, Elementary Education  
B.A., Assumption College; M.A., Emerson College

JOHN CEPPETELLI, Accounting, Economics  
B.A., University of Massachusetts-Amherst; M.B.A., Nichols College

ABDELALIZ CHADDI, Mathematics  
B.S., Cadi Ayyad University; M.A., City University of New York, Lehman College

DEAN CHAFFEE, Physics  
B.S., Western New England College; M.S., Worcester Polytechnic Institute; M.S., University of Lowell
KATHLEEN CHAHANOVICH, Nurse Education
B.S., St. Francis Hospital School of Nursing; M.S., University of Massachusetts

PAUL CHAMBERLIN, Biology
B.S., Suffolk University; M.S., University of New Hampshire; Ed.D., University of Massachusetts

PAUL CHAMBERS, Manufacturing
A.A., Central New England College

ALAN CHAPMAN, Marketing
B.S., Suffolk University

SUSAN CHAREST, Nurse Education
A.S., Quinsigamond Community College; B.S.N., Worcester State University

UMA CHELVAN, Allied Health
M.D., Madurai Kamaraj University; M.Ph., University of Massachusetts

ROBIN CHENEY, Computer Information Systems
A.A., Worcester Junior College; A.S., Becker Junior College; B.E.T., Central New England College; M.S., Worcester State University

DORENE CHEVALIER, Mathematics
B.S., San Diego State University; M.Ed., Anna Maria College

ROBERT CHEVALIER, Economics
B.S., Ursinus College; M.B.A., University of Phoenix

RAJESH CHUG, Computer Systems Engineering Technology
B.S., The Maharaja Sayajirao University; M.B.A., University of Phoenix

CAROL CLAFLIN, Orientation
B.S., Springfield College

SUSAN CLAPROOD WAGNER, Allied Health
B.A., Assumption College; M.A., Lesley University

JOHN CLAYTON, Computer Information Systems
B.S., Georgia Tech University; M.S., American Military University

LYNN CLIFFORD, Human Services, Criminal Justice and Social Science
B.S., Fitchburg State University; M.P.A., Clark University

MATTHEW COGSWELL, English and Humanities
B.A., Franklin Pierce University; M.A., Fitchburg State University

RALPH COHEN, English
A.B., Boston University; M.A., University of Virginia

STEPHEN COLEMAN, Fire Science
A.S., Quinsigamond Community College

SUZANNE COLLINS, Nurse Education
B.S., Russell Sage College; M.S., University of Massachusetts-Amherst

TANYI COLON, Spanish
B.A., University of Central Florida; M.A., University of Central Florida

DONNA COLORIO, Sociology
B.S., University of Massachusetts-Amherst; M.A., Anna Maria College

CHERIE COMEAU, Psychology and Business
B.A., Dartmouth College; M.B.A., University of Massachusetts-Amherst

ADRIAN COMEAUX, Electronics
B.S., Fitchburg State University

JAMES CONNOLLY, English
B.S., Worcester State University; M.A., Worcester State University

CAROL CONSTANTINO, Biology
A.D., Quinsigamond Community College; B.S., Fitchburg State University; M.S., Fitchburg State University

WILLIAM CONSTANTINO, Jr., History
B.A., College of the Holy Cross; M.Ed., Fitchburg State University; J.D., Suffolk University Law School

HARRISON COOK, Mathematics
A.E., Worcester Junior College; B.S.E.T., Central New England College of Technology; M.S.E.E., Equivalent, Semiconductor University

AMALENE COOPER-MORGAN, Biology and Science
B.S., Long Island University; M.A., Columbia University; M.Ph., Columbia University; Ph.D., Columbia University

LORI CORCORAN, Psychology
B.S., University of Massachusetts-Amherst; M.S., Worcester Polytechnic Institute; M.Ed., University of Massachusetts-Amherst; Ed.D., University of Massachusetts-Amherst

BETHANN CORMIER, English
B.A., Worcester State University; M.Ed., Worcester State University

DOUGLAS COTE, Accounting
B.S., Atlantic Union College; M.B.A., Andrews University

DOUGLAS COUNTS, Social Science

B.S., De La Salle University; M.S., Fordham University

SHERWOOD HORTANCE, Fire Science
B.S., University of Massachusetts-Lowell; M.P.A., Anna Maria College

DREW HOWARD, Biology
B.S., Keene State College; M.S., Ohio State University; M.A., Anna Maria College

JOHN HULTON, Business
B.S., Cornell University; M.S., The Pennsylvania State University

LINDA HUNT, Emergency Medical Technician
EMT Paramedic Certificate, Quinsigamond Community College

JOSEPH HURLEY, Biology
B.A., College of the Holy Cross; M.A., Suffolk University; M.Ed., Columbia University

JUNEA HUTCHINS, Nursing
B.S., Anna Maria College; M.S., Anna Maria College

JAMES HUTH, Emergency Medical Technician
EMT Paramedic Certificate, Mass Bay Community College

WALTER IRVING, Human Services and Orientation
B.S., Worcester State University; M.Ed., Cambridge College

ANNMARIE IVERSON, Dental Hygiene and Complementary Health
A.S., Forsyth School; B.S., Northeastern University; M.S., University of Missouri; M.S., New England School of Acupuncture; Ed.D., University of Massachusetts-Amherst

GABRIELLA IVIC, English as a Second Language
B.A., Eotvos Lorand University; M.A., Eotvos Lorand University

ARLENE JAMES, Business Office Support Specialist
A.S., Cape Cod Community College
PETER JENGO, Dental Hygiene
B.S., Boston College; D.D.S., Georgetown University Dental School

JERRY JETTE, Emergency Medical Technician
A.S., Quinsigamond Community College; B.S., Emerson College; M.A., Anna Maria College

JENNIFER JIMENEZ, Human Services
B.A., Clark University; M.P.A., Clark University

CARRIE JOHNSON, Interdisciplinary
B.A., California State University; M.A., Northeastern University

MARY JOHNSON, Dental Assisting and Dental Hygiene
A.A., Quinsigamond Community College

GEORGE JOSE, Political Science
B.A., University of Massachusetts; M.Ed., Worcester State University

SCOTT JOUBERT, Criminal Justice
B.A., Worcester State University; M.S., Boston University

KATHERINE KALAGHER, English
B.A., University of Hartford; M.A., Trinity College

MARILOYN KALAL, Professor of Dental Hygiene
A.S., University of Bridgeport; B.S., University of Bridgeport; M.S., University of Bridgeport; R.D.H.

NJOROGE KAMAU, Criminal Justice
B.A., University of Nairobi; J.D., Massachusetts School of Law

MARGARET KANE, Hospitality and Recreation Management

PATRICK KANGETHE, Computer Information Systems
B.S., Worcester State University; M.S., Clark University

JAN KANIA, Manufacturing
B.S., Nichols College; M.B.A., Nichols College

CHRISTOS KAPETANIOS, Sociology and Humanities
B.A., University of Massachusetts-Boston; M.A., Clark University; Ph.D., Clark University

BRIAN KAPITULIK, Sociology
B.A., University of Massachusetts; M.A., New Mexico State University; Ph.D., University of Massachusetts-Amherst

LINDA KAUFMAN, Mathematics
B.S., Worcester State University

CATHY KEEFE, Early Childhood Education
A.S., Merritt College; B.A., Worcester State University; M.Ed., Cambridge College

PATRICK KELLY, Business Office Support Specialist, Computer Information Systems
B.A., Salem State University; M.A., Boston University

COLLEEN KELLY, Sociology
B.A., College of the Holy Cross; M.Ed., Worcester State University

JEFFREY KENDALL, Accounting and Business
B.A., University of Massachusetts; M.B.A., Babson College

JONATHAN KERSTING, Emergency Medical Technician
Emergency Medical Technician, North Shore Community College

DENISE KHALILL, Nursing
A.S., Quinsigamond Community College; B.S., University of Massachusetts-Amherst; M.S., Framingham State University

SUSAN KIESINER, Respiratory Care
A.S., Quinsigamond Community College; B.A., Clark University

KELLY KILBOURN, Mathematics
B.S., Gordon College; M.Ed., Framingham State University

BRETT KING, Mathematics
B.A., Holy Cross College; M.B.A., Assumption College

SARA KINNAS, Orientation
B.A., Clark University; M.S., Assumption College

FESTUS KIPRONO, Mathematics
B.S., Mt. St. Mary's University; M.S., University of Connecticut

THOMAS KIRKLAUSKAS, Mathematics
A.S., Wentworth Institute; B.S., Fitchburg State University; M.Ed., Worcester State University

JOHN KITTREDGE, JR., Bookkeeping
B.S., Worcester State University; M.S., Fitchburg State University

LAUREN KLOSEWSKI, Biology
B.A., Quinipiac University; M.A., Fitchburg State University

ROBERT KNOX, Computer Information Systems
B.A., Worcester State University

ADAM KOTFILA, Emergency Medical Technician
EMT Paramedic Certificate, Commonwealth of MA

JAMES KRIKORIAN, Respiratory Therapy
A.S., Quinsigamond Community College; B.S.Ed., Northeastern University

ANNA KRZYWICKA-RACKA, Biology
B.S., Warsaw University; M.S., Warsaw University; Ph.D., Universite Paris Sud

VESEL KUCUKU, Mathematics
B.S., University of Tirana

LUDMILA KVOCINA, Biology
M.D., National Medical University; Ph.D., Bogomoletz Institute of Physiology

PAUL LACAVA, Psychology
A.A., Quinsigamond Community College; B.A., Worcester State University; M.B.A., Anna Maria College

ROBERT LACHEPPELLE, Emergency Medical Technician
A.S., Kelsey University

CAROLYN LACONTO, Dental Hygiene
A.S., Anna Maria College; A.S., Quinsigamond Community College; B.S., Worcester State University

MICHAEL LACY, Computer Information Systems, Management and Marketing
B.B.A., Eastern Michigan University; M.B.A., Assumption College; Ph.D., Capella University

BRYANT LAFLAMME, Manufacturing

PATRICIA LAFOUNTAINE, English/Basic Writing Skills
A.S., Quinsigamond Community College; B.S., Worcester State University; M.S., Capella University; M.Ed., University of Phoenix

CHERYL LALIBERTE, Allied Health

CAROL LAMBERT, Speech
B.A., Worcester State University; M.Ed., Worcester State University

LORENE LAMOTHE, English
B.A., Cornell University; M.A., Fitchburg State University

JENNIFER LANGREN, Mathematics
B.A., University of Massachusetts-Amherst

KELLY LANDINE, English
A.A., Quinsigamond Community College; B.A., Worcester State University

RONALD LAROCHELLE, Chemistry
B.S., College of the Holy Cross; Ph.D., University of Wisconsin

PATRICIA LAROCHELLE, Mathematics and Speech
B.S., Clark University; M.S., Clark University

PETER LATINO, Nursing
A.S., Atlantic Union College; B.A., Framingham State University

ANGELA LATTER, Practical Nursing
B.S., Worcester State University

DANA LAUER, Criminal Justice
B.A., Benedictine College; J.D., Washburn University School of Law

DEBORAH LAWS, Art
B.A., Endicott College; M.A., Framingham State University
GIAO LE, Computer Information Systems
B.S., Cornell University

GERALD LEAZES, Finance
A.S., Quinsigamond Community College; B.S.B.A., University of Massachusetts-Amherst; M.B.A., Assumption College

CHERYL LEE, Biology
B.A., Clark University; M.S., Tufts University

JEFFREY LEGENDRE, Emergency Medical Technician
A.S., Quinsigamond Community College; B.S., Anna Maria College; M.S., Anna Maria College

DEBORAH LEONARD, Computer Information Systems
A.S., Quinsigamond Community College; B.S., Worcester State University; M.S., Northeastern University;

LORI LEONARD, Computer Information Systems
A.S., Quinsigamond Community College; B.S., Anna Maria College; M.S., Anna Maria College

ALAN LEVIN, Computer Science
B.S., University of Massachusetts-Amherst; M.S., University of Massachusetts-Amherst

DEBORAH LEVIN, Psychology
B.S., University of Massachusetts; M.A., Anna Maria College; M.A., Fitchburg State University

TODD LEVINSON, Mathematics
B.S., Plymouth State College; M.Ed., Worcester State University

KATHLEEN LEWANDO, English as a Second Language
B.A., Boston State College; M.Ed., Boston State College

RAYNOLD LEWIS, Mathematics
B.A., The University College of the West Indies; M.A., Worcester State University; Ph.D., Illinois State University

JESSE LIMANEK, History
B.A., Worcester State University; M.Ed., Worcester State University; J.D., Massachusetts School of Law

Liberal Arts
Kenneth Amidon, Blue Cod Technologies - Sales and Marketing; Caroline Chiccarelli, Worcester State University - Department of Education; Daniel de la Torre, QCC; Margarita Delgado, North High School; Maureen Duffy, Houghton Mifflin Company; Janette Greenwood, Clark University - Department of History; Arthur Heinricher, Worcester Polytechnic Institute - Department of Mathematics; Rayanne LaPierre, Worcester State University; Janet Richardson, INF Financial Advisors; Kenneth Wong, QCC; Suzanne Zhang-Gonschang, Departments of Anthropology and Asian Studies.

Manufacturing Technology

Medical Assisting
Amy Bouman, QCC; Linda Esper, QCC; Pamela Fleming, QCC; Ashley Landren, QCC Graduate; James LuKes, PhD, Community Member; Heather Morreale, MD, Program Physician Advisor; Kathleen Murray, Primary Physician Partners; Henry Ritter, QCC; Shanan Stratis, QCC.

Nurse Education
Stella Adu-Gyamfi, QCC; Mary Kay Alexander (Chair), UMass Graduate School of Nursing; Ellen Andrews, QCC; Deborah Audet, RN, MSN/MHA, Beaumont Rehabilitation & Skilled Nursing Facility; Lucy Bibiu, RN 2012 Graduate, PN and RN Alumni; Patricia Creelman, QCC; Linda Esper, QCC; Janet Hale, PhD, RN, FNP, UMass Medical School GSN; Cathy Jewell, UMass Memorial; Karen Laganelli, Notre Dame Health Care; Paul MacKinnon, HealthAlliance Hospital and QCC Alumni; Deb McGovern, Worcester Public Schools; Joseph McKenna, State Rep: 18th Worcester District; Kaelly Melendez, LPN, LPN 2015 Graduate, PN Alumni; Michael Moore, State Senator; Robert Ready, St. Vincent Hospital; Maureen Ricotta, QCC; Geraldine Russell, QCC; Ellen Santos, Assabet Valley Regional Technical High School; Kimberly Silver Dunker, Worcester State University; Ellen Vangel-Brousseau, QCC; Meredith Weston, QCC; Karen Wians, Milford Hospital; Meg Yoder, QCC.

Occupational Therapy Assistant
Rachel Bernsweig, OTR/L, Fairlawn Rehabilitation Hospital; Charlotte Boutillette, OTR/L, QCC; Michelle Brown, OTR/L, Worcester Public Schools; Julie Anne Gonyon, COTA/L, Northbridge Public Schools and QCC Alumni; Margaret Hart, Ph.D., OTR/L, Worcester State University - Occupational Therapy Department; Gina Iadorola, COTA/L; Kristin Matson, RPT, Overlook VNA; Karen McCarthy, COTA/L, QCC; Patty Meyers, OTD, OTR/L; Audrey Weston, OTR/L, Harrington Memorial Hospital; and Representatives of Freshman and Senior Classes.

Radiologic Technology
Marcia Amaral, RT(R), UMMMC-Memorial; Stephen Beaudoin, RT(R), UMMMC-University; Kathy Chekani, J.D., RT(R), QCC Alumni; Reinhold Heidemann, RT(R), St. Vincent Hospital; Deborah O’Brien, RT(R), St. Vincent Hospital; Michael Popik, M.D., Health Alliance-Leominster; QCC Student Representative(s); QCC Program Faculty.

Respiratory Care
Phillippe Dashnaw, St. Vincent Hospital and 2016 QCC RCP Alumni; Christine Festa, UMass Memorial Medical Center and 2015 QCC RCP Alumni; Sherri Gerry, Regional Home Care; Kevin Gosler, St. Vincent Hospital - Respiratory and Neurodiagnostic Services; Jessica Grenham, UMass Memorial Medical Center and 2014 QCC RCP Alumni; Luanne Hills, UMass Memorial Medical Center - Respiratory Care; Amy Hogan, Hubbard Hospital and QCC Adjunct Faculty; Karen Kaletski Dufault, QCC; Susan Kiesiner, St. Vincent Hospital and QCC Adjunct Faculty; Heather Madison, Children’s Hospital and 2014 QCC RCP Alumni; Betina Ragless, American Lung Association (retired); Norann Reynolds, UMass Memorial Medical Center and QCC Adjunct Faculty; Richard Rosiello, MD, St. Vincent Hospital; QCC Respiratory Care Program (Freshman/Sophomore) Student Representative(s).

Surgical Technology
Mary Camosse, UMass Memorial; Deborah Coleman, QCC; Denise Demurs, St. Vincent Hospital; Donna Farmer, Spencer Housing Authority; Elise Hebert, UMass Memorial; Lucy Pendell, UMass Memorial Medical; Molly Sheehan, QCC Student Representative; Lisa Smith, QCC; Dr. Colette Whitby, Harrington Memorial Hospital.
Directions to the College

TO QCC MAIN CAMPUS
670 West Boylston Street, Worcester, MA 01606
508.853.2300

FROM BOSTON OR EAST OF I-495
Massachusetts Turnpike
• To I-495 North.
• To I-290 West.
• To I-190 North.
• To Exit 1 West Boylston Street.
• North 1 mile to campus (on right).

FROM SPRINGFIELD OR WEST
Massachusetts Turnpike
• To I-290 East.
• To I-190 North ½ mile.
• To Exit 1 West Boylston Street.
• North 1 ½ miles to campus.

FROM LOWELL OR NORTH
I-495
• To Route 2 West.
• To I-190 South.
• To Exit 4 West Boylston Street.
• South 1 ½ miles to campus.

TO QCC SOUTHBRIDGE
5 Optical Drive, Southbridge, MA 01550
877.QCC.for.ME (877.722.3676)

FROM QCC MAIN CAMPUS
• Take I-290 West toward Auburn.
• Take exit 8 toward Route 12 South/Webster.
• Turn left onto Oxford Street, North.
• Turn right onto Southbridge Street/MA-12.
• Turn slight right onto US-20/Southbridge Road.
• Turn left onto MA-169/Southbridge Road.
• Follow approximately 5 miles into Southbridge.
• Turn left onto Mechanic Street.
• Continue through one stoplight, the entrance to QCC is on the left.

FROM SPRINGFIELD
• Take I-291 East ramp toward US-20 E/Mass Pike Boston.
• Merge onto I-291 North.
• Merge onto I-90 E/Mass Pike via exit 7.
• Merge onto I-84 W/Wilbur Cross Hwy. via exit 9 toward Sturbridge/Hartford.
• After toll, merge onto I-84 West.
• Take first right Exit 3B onto Route 20 West.
• Turn left at first stoplight onto Route 141.
• Follow Route 141 for approx. 4 miles into Southbridge.
• Continue to rotary halfway around onto Mechanic Street.
• The entrance to QCC is on the right.

FROM PROVIDENCE
• Take RI-146 N.
• Take the US-20 exit toward Auburn/Northboro/I-90/Boston/Springfield.
• Take the US-20 West ramp toward Auburn.
• Turn left onto MA-169/Southbridge Road.
• Follow approx. 5 miles into Southbridge.
• Turn left onto Mechanic Street.
• Continue through one stoplight, the entrance to QCC is on the left.

FROM HARTFORD
• Start out going East on Schoephoester Road toward Postal Road.
• Turn right onto CT-75/Turnpike Road.
• Merge onto CT-20 East toward I-91 Hartford/Springfield.
• Merge onto I-91 South toward Hartford.
• Merge onto I-291 East via exit 35A toward Manchester.
• Merge onto I-84 East. Take Exit 3B onto Route 20 West.
• Take first right Exit 3B onto Route 20 West.
• Turn left at first stoplight onto Route 141. Follow Route 141 for approx. 4 miles into Southbridge.
• Continue to rotary halfway around onto Mechanic Street.
• The entrance to QCC is on the right.
TO QCC AT THE WORCESTER SENIOR CENTER
128 Providence Street, Worcester, MA 01604
508.799.1230
