

# CORONAVIRUS/COVID-19 SAFETY GUIDELINES

**For individuals who are not fully vaccinated, it is important that you continue to wear a face covering or mask to help prevent you from spreading COVID-19 to other people.**

People who show no symptoms of illness may still be able to spread COVID-19. For individuals who are not fully vaccinated, the CDC advises the following:

Wear a face covering or mask that covers your nose and mouth.

Stay 6 feet apart from others who don't live with you.

Avoid crowds and poorly ventilated indoor spaces.

Wash your hands often with soap and water. Use hand sanitizer if soap and water aren't available.

Get tested if you have been exposed to or have symptoms associated with COVID-19.
