### **ABOUT THE MOVEMENT**

The I Am An Immigrant Movement brings together artists, entertainers, elected officials, organizations, and you in celebrating the diverse heritage of our nation's social fabric.

The I Am An Immigrant campaign encourages all of us to explore our individual heritage and recognize our distinct and shared experiences. We all have our piece in the American story, whether as a new immigrant, native to this land, a descendent of slavery, or those who came to our nation seeking a better life. I Am An Immigrant gives us an opportunity to bring awareness to this shared history and stand in solidarity with our friends, neighbors, peers, teachers, and all immigrants who continue to drive our country forward. continue to drive our country forward.
