RE: Public Records Request

Dear Ms. Hajjar:

Thank you for your recent Public Records Request. The Massachusetts Public Records Law (M.G.L. Chapter 66 & Chapter 4, Section 7(26)) provides that every person has a right to access public information. This right of access includes the right to inspect or be furnished a copy of any public record within ten (10) business days following the receipt of a request. A state agency is only required to provide records that are in existence and is not required to create a new record based on information in its custody to accommodate a specific request.

Your request, for vendor payments, is fulfilled.

Please see attached for the requested information.

Sincerely,

Josh Martin
Director of Institutional Communications/Records Access Officer

Quinsigamond Community College

Vendor Payments 2015-2020
