RE: Public Records Request

Dear Ms. Connaughton:

Thank you for your recent Public Records Request. The Massachusetts Public Records Law (M.G.L. Chapter 66 & Chapter 4, Section 7(26)) provides that every person has a right to access public information. This right of access includes the right to inspect or be furnished a copy of any public record within ten (10) <u>business</u> days following the receipt of a request. A state agency is only required to provide records that are in existence and is not required to create a new record based on information in its custody to accommodate a specific request.

Your request, dated August 17, for "The reported Standard Occupational Classification numbers with the associated names, position titles, position type (full- or part-time), and pay of all employees for the years 2010 and 2016." has been fulfilled. The information is contained on the attached Microsoft Excel file.

Please note that Quinsigamond Community College was not required to adopt standard SOC codes until 2011. The data that is provided from 2010 includes text descriptions of occupational classifications, while the codes are presented in the data from 2016.

Sincerely,

Josh Martin

**Director of Institutional Communications**
