Transfer Articulation Agreement

Quinsigamond Community College

and

Worcester State University

Associates Degree in Computer Science-Transfer

to

Bachelor of Science in Computer Science
Statement of Purpose

Quinsigamond Community College (QCC) and Worcester State University (WSU) appreciate that for many students the path to a Bachelor’s Degree may include more than one institution of higher education. Recognizing the academic connection between the two programs, this Agreement is created to enable the smooth transfer of QCC students to WSU.

The purpose of this agreement is to provide a smooth transition between the two identified academic programs below by:

- identifying all required and equivalent courses for the relevant programs at each institution, and
- facilitating credit transfer and guarantee of admission for students who meet the agreed upon criteria.

Participants

This agreement has been entered into by QCC, Worcester, MA and WSU, Worcester, MA.

Programs and Courses

A. The QCC Associates Degree in Computer Science-Transfer will be accepted toward the WSU Bachelor of Science in Computer Science Degree program.
B. All coursework included in the Associates Degree in Computer Science-Transfer will be accepted and applied towards required coursework and electives as stipulated in the WSU Bachelor of Science in Computer Science Degree program.

Terms

A. Graduates of the QCC Computer Science-Transfer degree program with a cumulative grade point average (GPA) of 2.5 or higher will be guaranteed admission into the WSU Bachelor of Science in Computer Science degree program under the terms of this agreement.
B. In addition, all 60 credits required for the QCC Computer Science-Transfer degree program will transfer to the WSU Bachelor of Science in Computer Science degree program as shown in Appendix A.
C. QCC students with additional coursework beyond the Computer Science-Transfer degree requirements may be able to transfer additional credits up to a limit of 72, per the established WSU policy for 2-year colleges.
D. The QCC Computer Science-Transfer program conforms to the MassTransfer STEM General Education Foundation policy which stipulates acceptance of a block of 28 general education credits towards the Worcester SU LASC requirements.
E. All coursework from the QCC Computer Science-Transfer program must be completed with grades of C- or better in order to transfer to WSU. However, if there are specific courses within the WSU Computer Science degree that require a higher minimum grade, eligible QCC students participating in this agreement will be held to the WSU grade standards.
F. Transfer students who do not meet the aforementioned standards will be considered for admission to WSU on a case-by-case basis.
Communications and Advising
Communication and advising is central to effective transfer/articulation. Recognizing this:

A. Both institutions agree to include information about this articulation agreement in relevant publications for the purposes of promotion and advising.
B. Both institutions agree to jointly develop appropriate transfer guides and make these available to students and advisors as appropriate.
C. Both institutions agree to notify each other promptly, in writing, of substantive changes in curricula that might affect the Agreement.

Implementation and Length of Agreement

A. This Agreement becomes effective on the date of final signature at both institutions
B. This agreement will remain in effect for 5 years from the date above unless terminated or amended, in writing, by either party with prior written notice.
C. This Agreement does not preclude either party from entering into similar agreements with other institutions of higher education.

The Following Courses Must Be Completed at WSU towards the CS Degree:

1. CS 155 – Computer networking and Security
2. CS 248 – Algorithm Analysis
3. CS 282 – Unix Programming
4. CS 286 – Database Design and Applications
5. CS 295 – Discrete Structures II
6. CS 373 – Operating Systems
7. 3 CS courses for one of the CS Concentrations (Big Data Analytics or Software Development)
8. 1 CS Elective (CS course of 300 or higher level)
9. UR 230 – Technology, Public Policy and Urban Society
10. 1 course for the “Approved Math and Science” list
The relevant program coordinator and/or academic department chair of each institution shall be responsible for implementing this agreement, for identifying and incorporating any changes into subsequent agreements, and for conducting a periodic review of this agreement.

For Quinsigamond Community College

Luis Pedraja
President
12/19/18
Nancy Schoenfeld
Interim Vice President of Academic Affairs
12/13/18
Betty Lauer
Dean, School of Business, Engineering & Technology
12/13/18
Hao Loi
Coordinator, Computer Science-Transfer
Professor of Computer Science
1/2/19
Daniel de la Torre
Coordinator of Transfer & Articulation
12/11/18

For Worcester State University

Barry M. Maloney
President
12/19/18
Lois Wims
Provost and Vice President for Academic Affairs
13/12/18
Linda Larrivee
Dean, School of Education, Health, and Natural Sciences
12/13/18
Elena Braynova
Department Chair
Professor of Computer Science
12/12/18
Ryan Forsythe
Vice-President for Enrollment Management
12/12/18
