# Mission & Values

## Our Vision

Quinsigamond Community College is a premier learning community...recognized for teaching and learning excellence, relevant and responsive programming, students' success, and community outreach and impact. We thrive as a vital regional asset and first choice for transforming lives and sustaining healthy, prosperous communities. All are welcomed and embraced in our community, where students come first and faculty and staff strive to develop potential and help make dreams come true.

***At QCC, we excite...we ignite...we open new vistas of opportunity.***

## Our Mission

Quinsigamond Community College is the gateway to advanced educational and employment opportunities in Central Massachusetts. We are a public, student-centered institution of higher learning, providing accessible, affordable, high quality educational and training programs and services that are relevant and responsive to diverse regional and student needs.

## Our Mission Principles

In fulfillment of our mission, the college community commits to the following principles:

- Students First
- Teaching and Learning
- Comprehensive, Flexible Programming and Services
- Open Access to Learning
- Potential for Success
- Community Outreach and Support

## Our Values

Faculty and staff infuse life in our vision and live our mission principles by creating and sustaining a college climate and culture where all are warmly welcomed, accepted and valued for their individual dignity and worth. We recognize the importance of diversity and acknowledge the rich and unique contributions that each community member makes to advance the College. To this end, the following values guide our individual actions and community interactions:

- Excellence and Quality
- Integrity and Accountability
- Inclusiveness
- Cooperation and Collaboration
- Respect and Trust
- Open, Civil Communications and Collegiality
- Creativity and Innovation

## QCC Land Acknowledgement Statement

We want to acknowledge that we gather as Quinsigamond Community College on the traditional land of the Nipmuc, past and present. While a land acknowledgment statement is an important initial step and not enough, it is a necessary decolonial practice that promotes indigenous visibility and social justice, reminding us that we are on settled indigenous land. We condemn the unjust deeds done in the past and honor with gratitude the land itself and the indigenous people who have stewarded it throughout the generations. We commit to continuing to work for peace and reconciliation and to be better neighbors and caretakers of the land we inhabit.

## College Community Statement

At Quinsigamond Community College, we promote a positive environment for all students, staff, and faculty. The College is a community where kindness and respect are integral to our values, ensuring that everyone feels seen, heard, respected, and valued.

# Welcome

## A Message from the President

Dear Future Student,

Welcome to Quinsigamond Community College (QCC), where your dreams of a bright and exciting future can become a reality. At QCC, we pride ourselves on being more than just a college — we are a close-knit community, committed to supporting you in your academic aspirations. Since the college's founding in 1963, QCC has evolved and grown. Today we offer more than 100 degree and certificate programs, alongside a wide range of non-degree options through our Center for Workforce Development and Continuing Education. No matter where your career desires lie, we have the resources and opportunities to help you succeed.

Whether you're fresh out of high school, looking to switch careers, hoping to advance in your current field, or looking to try something new, there's a place for you here. We offer an affordable, hands-on education with small class sizes and dedicated professors, many of whom bring real-world industry experience into the classroom. Additionally, our Access, Opportunity and Institutional Compliance Office is here to ensure that we create a welcoming and supportive environment for every student.

Our Student Success Center is at the heart of our commitment to you, providing a positive and nurturing learning experience. Our Admissions counselors will help guide you through the enrollment process, and our academic advisors are here to assist you in designing a personalized academic path that aligns with your goals.

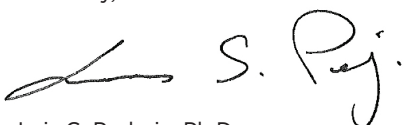

We understand that each student has unique needs, and we're proud to offer a variety of support services tailored to our diverse student body. From financial aid advisors who work closely with you to craft a financial plan that fits your life, to tutoring services (both in-person and online), counseling, wellness programs, and support for parenting students and veterans — we're here to help you succeed. Be sure to explore the Student Services section of our catalog for a complete list of resources.

QCC is also part of two important state programs designed to make higher education even more accessible and affordable for Massachusetts residents: MassReconnect and MassEducate. Make sure to visit [www.QCC.edu/free](http://www.QCC.edu/free) to learn more.

Whether you prefer remote, online, or in-person classes, QCC offers flexible learning options at various locations, including our main campus on West Boylston Street, as well as in Southbridge, downtown Worcester, and the Worcester Senior Center. No matter where you're located or how you like to learn, we have a course option that will work for you.

Our faculty, staff, and administration are committed to supporting you in achieving your higher education goals, and we eagerly look forward to being a part of your educational journey.

Sincerely,

Luis G. Pedraja, Ph.D.  
President

## QCC Board of Trustees

### New England Commission of Higher Education, Inc. Accredited Member

Quinsigamond Community College is accredited by the New England Commission of Higher Education, Inc. (NECHE), formerly the New England Association of Schools and Colleges (NEASC).

Inquiries regarding the accreditation status by the Commission should be directed to the administrative staff of the institution. Individuals may also contact:

#### New England Commission of Higher Education

301 Edgewater Place,  
Suite 210 Wakefield, MA 01880  
781.425.7785 | www.neche.org

### Individual Programs of Study are also fully accredited by various agencies:

**Practical Nursing & Nurse Education Programs:** Accredited by The Accreditation Commission for Education in Nursing (ACEN)

**Occupational Therapy:** Accredited by The Accreditation Council for Occupational Therapy Education of the American Occupational Therapy Association (ACOTE)

**Medical Assisting:** Accredited by The Commission on Accreditation of Allied Health Education Programs (CAAHEP) based on recommendations of the Medical Assisting Educational Review Board (MAERB)

**Radiologic Technology:** Accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT)

**Respiratory Care:** The Commission on Accreditation for Respiratory Care (CoARC)

**Dental Hygiene & Dental Assisting:** The Commission on Dental Accreditation (CODA) of the American Dental Association

**EMS/Paramedic:** Accredited by Commission on Accreditation of Allied Health Education Programs (CAAHEP) based on recommendations of the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP)

**Surgical Technology:** Accredited by Commission on Accreditation of Allied Health Education Programs (CAAHEP) based on recommendations of the ARC/STSA

**Early Childhood Education:** Accredited by the National Association for the Education of Young Children

## Equal Opportunity/Affirmative Action Policy

Quinsigamond Community College is an affirmative action/equal opportunity employer and does not discriminate on the basis of race, color, national origin, ethnicity, sex, disability, religion, age, veteran status, genetic information, pregnancy or related conditions, gender identity, sex characteristics, sex stereotypes or sexual orientation in its programs and activities as required by Title IX of the Educational Amendments of 1972, the Americans with Disabilities Act of 1990, Section 504 of the Rehabilitation Act of 1973, Title VII of the Civil Rights Act of 1964, and other applicable statutes and college policies. The College prohibits Sex-Based Harassment. Inquiries or complaints concerning discrimination, harassment, or retaliation shall be referred to the College's Affirmative Action Officer and/or Title IX Coordinator, the Massachusetts Commission Against Discrimination, the Equal Employment Opportunities Commission or the United States Department of Education's Office for Civil Rights.

## Contact Information

## Clery Statement

Quinsigamond Community College's Annual Security Report is available to the College community. This report includes statistics for the previous three years concerning reported crimes that occurred on campus; in certain off-campus buildings or property owned or controlled by Quinsigamond Community College; and on public property within, or immediately adjacent to and accessible from, the campus. The report also includes institutional policies concerning campus security, such as policies concerning sexual assault, and other matters. A copy of this report can be obtained by contacting the Campus Police or by accessing the following website:

[www.QCC.edu/clery](http://www.QCC.edu/clery)

College Business Hours: 8:00 a.m. to 5:00 p.m. - College Offices (Admissions, Advising, Financial Aid, and Business Office) may have variable hours throughout the year. Please contact each office for the most accurate information.

## About Quinsigamond

For over 60 years, Quinsigamond Community College has provided thousands of students opportunities for a first-rate education and personal growth, whether preparing them for immediate entry into the workforce, transfer to bachelor-level programs at four-year colleges and universities, or for personal and cultural enrichment. Area and regional businesses and professionals have benefited through regular and customized workforce training and education programming.

In addition, the College works directly with K-12 school systems in a variety of collaborations and has a robust early college program with schools across Central Massachusetts, offering hundreds of high school students the opportunity to earn college credits.

QCC was established in 1963 to provide access to higher education to residents of Central Massachusetts and today serves over 13,000 full and part-time students. The College offers over 100 associate degree and certificate career options, as well as over 1,000 non-credit traditional and online courses, workshops, seminars, professional development and customized training programs through QCC's Center for Workforce Development and Continuing Education.

There are in nine areas of study for credit programming:

- Business, Financial and Hospitality Management
- Computer and Information Technology
- Education
- Engineering and Engineering Technology
- Healthcare
- Installation, Maintenance and Repair Technologies
- Liberal Arts and General Studies
- Mathematics & Sciences
- Public and Social Services

For detailed information about any program, call Admissions at 508.853.2300 or visit our [ww.QCC.edu/Academics](http://ww.QCC.edu/Academics).

QCC's main campus is located on 670 West Boylston Street in Worcester. The College maintains the following satellite locations:

- QCC Healthcare and Workforce Development Center in downtown Worcester
- QCC at Southbridge
- QCC at the Worcester Senior Center
- QCC at Burncoat
- Community Learning Hub at Great Brook Valley

The College is accredited by the New England Commission of Higher Education (NECHE). Membership in the Commission indicates that an institution has been stringently evaluated and found to meet high standards agreed upon by qualified educators. Additionally, individual programs may also be accredited by their respective agencies.

### QCC Quick Facts

- The College serves over 13,000 students annually through its Credit and Non-Credit/Workforce Training divisions
- The College offers over 100 associate degrees and certificate programs
- The Center for Workforce Development and Continuing Education offers over 1,200 non-credit, traditional, and online professional development courses, workshops, seminars, and customized training programs
- QCC's student-to-faculty ratio is 16 to 1
- The average student age is 26
- Courses are offered days, nights, weekends, and online
- Student Life offers 35+ clubs, teams, and organizations
- The Adult Community Learning Center offers free English literacy programs from beginner to intermediate and GED/HiSET classes
- The College offers career placement services that include credit for prior learning, workplace experience, and training
- 78% of QCC students receive financial aid such as: Federal and State loans, private loans, grants, and scholarship funds<sup>1</sup>
- Current endowment of \$7.3 million
- One of the 40 largest employers in Central Massachusetts
- QCC Alumni number over 37,000
- 99% of alumni would recommend QCC to others<sup>2</sup>

## Accreditations

QCC is accredited by the New England Commission of Higher Education, Inc. (NECHE), which accredits schools and colleges in the six New England states. Membership in NECHE indicates that an institution has been carefully evaluated and found to meet standards agreed upon by qualified educators. Individual programs of study are also fully accredited by various agencies. These include the following: the Commission on Dental Accreditation (CODA) of the American Dental Association (ADA); the Accreditation Commission for Education in Nursing (ACEN); the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP); the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA); The Department of Public Health Office of Emergency Medical Services; the Massachusetts Board of Registration in Nursing (MABORN); the Joint Review Committee on Education in Radiologic Technology (JRCERT); the Commission on Accreditation for Respiratory Care (CoARC); the Commission on Accreditation of Allied Health Education Programs (CAAHEP); and the National Association for the Education of Young Children (NAEYC).

## Directions

QCC is only a short drive from most locations in Central Massachusetts. Our Main Campus is located on West Boylston Street in North Worcester. Our Main Campus is easily accessed via public transportation; the West Boylston Street or Burncoat Street Worcester Regional Transit Authority (WRTA) bus routes will bring students directly to our campus.

The College also offers select courses at: QCC at Southbridge (Southbridge High School) at 132 Torrey Road, Southbridge, QCC at Burncoat (Burncoat High School) at 179 Burncoat Street, Worcester (Automotive Technology programs); QCC at the Worcester Senior Center at 128 Providence Street, Worcester (Hospitality and Recreation Management programs); and QCC at the Healthcare and Workforce Development Center at 25 Federal Street, Worcester (Healthcare, Workforce Development, and Continuing Education programs).

## Our Student Body

QCC gives personal attention to individual student needs. Our student body is as unique as the communities we serve. Some students attend right out of high school; some come to QCC after several years in the workforce. Some of our students are senior citizens. We have full-time students and part-time students, those preparing for immediate entry into a career, those planning to transfer to bachelor degree programs, and some who just want to improve their skills to qualify for a promotion.

Many of our students choose to attend in order to begin a new chapter in their lives. Our students come from almost every city or town in Central Massachusetts - from Milford to the Brookfields and Dudley to Princeton. They all have one thing in common - the desire to attain a quality education and a chance to succeed.

Many of our students have families; many work while attending school. We are sensitive to the needs of the individual students. We provide flexible scheduling, options for full-time or part-time study, on-campus child care, and day, evening, online, and weekend courses.

## What Makes Us Different

### Our Faculty

QCC's faculty is its most important asset. Our faculty members hold advanced degrees in their respective fields of study. Many have published books and served as consultants. They help students succeed whatever their goal. At QCC, a strong bond is established between faculty and students, witnessed by the fact that graduates often return to the campus to visit their former professors.

### Our Staff

From the moment students contact the College, they will know that our staff members care. There are friendly, helpful people throughout the College who want to help students succeed. They will answer questions, guide students through various processes, and take a personal interest in their needs.

## Family Education Rights and Privacy Act (FERPA)

Quinsigamond Community College complies fully with the provisions of the Family Educational Rights and Privacy Act (FERPA) of 1974 as amended. FERPA affords students certain rights with respect to their education records. These rights are as follows:

1. The right to inspect and review the student's education records within 45 days of the day the College receives a request for access.
2. The right to request an amendment of student's education records that the student believes are inaccurate or misleading or otherwise in violation of the student's privacy rights under FERPA.
3. The right to provide written consent to disclosures of personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent.
4. The right to be notified annually by the College of what student record information the College designates as "directory information," and the right to request that no student information be designated as directory information.
  - The College identifies the following student information as directory information: a student's name, major field of study, dates of attendance, full-time/part-time status, degree and awards received, and participation in officially recognized activities and sports.
  - Directory information may be released by the College to

a requesting third-party without a student's prior written consent. A student has the right to request that no student information be designated as directory information. If you prefer not to have your directory information shared, you must notify the Registrar by emailing registrar@qcc.mass.edu and a flag will be put on your student account within 48 hours of submitting a request.

5. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, S.W. Washington, DC 20202-5901

To read the full FERPA statement please visit the student handbook at [www.QCC.edu/handbook](http://www.QCC.edu/handbook).

## Electronic Communication Policy

The College uses Microsoft (Student Email) as an official means of communication with students. All students are expected to read their College email regularly and respond appropriately. If students choose to forward their email to another email provider, they are still responsible for receiving all College communications. The College also has an Emergency Alert text messaging system. Students can choose to sign up for this service through *The Q*, the College's Student and Faculty Portal.

**While Quinsigamond Community College strives to make this catalog as accurate as possible, certain circumstances or environmental factors may require modifications to the information presented. For the most up to date information, please visit us at [www.QCC.edu](http://www.QCC.edu).**

# Admissions

Quinsigamond Community College (QCC) believes that everyone should have an opportunity to further their education. Whether a student strives to attain an associate degree, certificate, or select courses for personal and professional growth, our Admissions Staff will gladly help the student through every step of the process.

Applicants who do not meet the minimum academic criteria for admission may still enroll at QCC. They can take courses to meet the minimum requirements as a non-degree student, or they will be admitted to the General Studies program. To take an individual course, you must enroll as a guest student, select and register for the course yourself, and pay out of pocket (we cannot advise on course selection). Browse courses and prerequisites via the QCC Course Search, submit the [Guest Student Registration Form](#) with transcripts if needed, then watch for confirmation from the Registrar (registrar@qcc.mass.edu) and contact the Business Office for payment plans at businessoffice@qcc.mass.edu. Both the QCC Course Search and Guest Student Registration form can be found on *The Q*.

QCC has established minimum academic requirements for admission to most programs, which are designed to help assure academic success. Information about minimum requirements can be found in the Areas of Study section of this catalog.

## How to Apply

1. Apply online at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).
2. QCC requires a high school transcript, diploma, or demonstration of high school equivalency, such as the General Equivalency Development or General Equivalency Diploma (GED) test or the High School Equivalency Test (HiSET). Applicants can send a copy of their transcript by email to [enrollmentprocessing@qcc.mass.edu](mailto:enrollmentprocessing@qcc.mass.edu).
3. Applicants who have never obtained a high school diploma or the equivalency must obtain a high school equivalency in order to be accepted to the College. Applicants can contact the QCC Admissions Office for detailed information on how to enroll in the College.
4. To qualify for the In-State Resident tuition rate, applicants must certify continuous residence in Massachusetts during the six months preceding the application and be a permanent resident or citizen of the United States (U.S.). Applicants can contact the QCC Admissions Office at [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu) for questions regarding the resident tuition rate.

## Admission to Health Programs

Students who meet the established Admissions Requirements for the Health Programs (Dental Assisting, Dental Hygiene, Medical Assisting, Nurse Education, Occupational Therapy, Paramedic Technology, Practical Nursing, Radiologic Technology, Respiratory Care, and Surgical Technology) will be accepted on a rolling basis until the class is full. Qualified students will be given a start date for their clinical/core courses and placed on a waiting list if the program is full for the upcoming semester. Students will begin their clinical classes no later than their given start date. If a slot in an earlier semester becomes available, the student will be contacted and given an opportunity to begin sooner. While on the waitlist, if a student wishes to enroll in education courses that apply to the program, the student must contact the QCC Advising Office.

Applicants who do not meet the Admissions Requirements can still be accepted to the Healthcare program at a later term. Alternatively, they should make an appointment to meet with an Academic Advisor after acceptance who will assist them in meeting the Admissions Requirements of their chosen program.

## January (Spring) and May (Summer) Admissions

Applications for admission to the College for the Spring and Summer semesters are accepted on a rolling basis. Some programs only have a fall start and course offerings vary from year to year. Students should visit the QCC website at [www.QCC.edu](http://www.QCC.edu) for program start dates.

## Undeclared Students

Prospective students who wish to enroll in individual courses and do not wish to pursue an associate degree or certificate can enroll at QCC as an Undeclared Student. All course prerequisites apply to Undeclared Students in the same manner as degree-seeking students. Credits earned in the Undeclared Student status may be applied to an associate degree or certificate curriculum. Undeclared Students are not eligible for financial aid.

## Transfer Students

Transfer student applicants are required to submit a high school transcript, diploma or official documentation of high school equivalency (GED or HiSET) and official college transcript. Applicants who have previously completed an undergraduate or graduate degree may provide documentation of their earned degree in lieu of high school completion.

## Transferring Credits

Applicants who have previously attended a regionally accredited post-secondary institution and are seeking to transfer credit must submit an official college transcript issued directly to QCC from the institution where the credit was earned. Credit is awarded for courses completed with a grade of “C” or higher, provided the courses are applicable to the student’s QCC major. Credit will transfer as a QCC course equivalent or as an elective within a comparable department if an equivalent does not exist. Courses with “D” grades may also transfer if the student’s Quality Point Average (QPA) is 2.00 or higher at the institution from which they are transferring. However, “D” grades are only accepted in lower sequence courses and only if they have completed the upper sequence of the same course with a grade of “C” or higher at the transfer institution. A formal transfer credit evaluation is prepared for students upon their acceptance to QCC. Submission of course descriptions or syllabi from previously attended institutions may also be required for the purpose of performing a transfer credit evaluation.

For credits earned at international institutions, the College will follow the guidelines established by National Association of Credential Evaluation Services (NACES). Students must request a “course by course” evaluation of transcripts from institutions outside the U.S. from a credential evaluation service that is a current member of NACES and is subject to approval by the VP of Academic Affairs.

Transferred credits count as earned credit hours only. No quality points or grades are transferred or calculated in the student’s QPA. A minimum of 25% of the credit hours in the degree or certificate being conferred is required to fulfill the College residency requirement.

Approval of transfer credit may be authorized by the Registrar’s Office or academic deans. For more information, contact the QCC Registrar’s Office at registrar@qcc.mass.edu.

## Campus Tours

Both individual and group campus tours of QCC Worcester (Main Campus) are available. To schedule a tour, please visit [www.QCC.edu/campus-tours](http://www.QCC.edu/campus-tours), or contact the QCC Admissions Office at admissions@qcc.mass.edu.

## Placement

QCC currently uses multiple measures to help place students into appropriate courses in Mathematics and English. These measures might include:

- High school transcript or most recent report card, showing overall GPA
- College transcripts or previous QCC courses and grades
- AP test scores, SAT or ACT test scores
- HiSET or GED test scores
- Mathematics Assessment
- English Self-Assessment

QCC recommends that students work with an academic advisor to determine their individual need for college placement assessment into Mathematics and English courses.

Please visit [www.QCC.edu/testing](http://www.QCC.edu/testing) and select Course Placement Assessment for more information about placement assessments.

QCC divides the College Placement Assessment into two parts, one for Mathematics and one for English. Students may need to complete either or both of the placement assessments as determined by program choice and by past educational experience. The Mathematics assessment is a computer-based, multiple-choice test, and it will take students no more than two (2) hours to complete. The English placement assessment is self-guided, and it will take students no more than 30 minutes to complete. Once the desired assessments are complete, students will discuss the results with an advisor before registering for their Mathematics and English courses.

## High School Equivalency Test

Massachusetts and QCC now offer both GED and HiSET testing. Both tests provide students the opportunity to earn a high school credential. This credential is recognized as a key to employment opportunities, career advancement, and further education.

Both tests are offered at QCC at the Healthcare and Workforce Development Center, 25 Federal Street, Worcester, Room 114D.

To learn about the tests, apply for accommodations, or schedule a test appointment, visit the HiSET website at

www.hiset.org, or the GED website at www.ged.com. Questions about testing may be directed to the QCC Testing Office, 508.854.2784 or testing@qcc.mass.edu.

Test takers who are under the age of 18 must contact the state office before registering for either test. Please call 781.338.6625.

Not ready to take the test? Looking for a free HiSET/GED preparatory class? Contact the Adult Community Learning Center at 508.751.7926, aclc@qcc.mass.edu, or visit www.QCC.edu/ACLC.

## New England Regional Student Program

QCC participates in the New England Regional Student Program (RSP), which provides tuition savings every year to thousands of New England residents. Students from any of the six New England states may qualify for the Massachusetts in-state tuition rate plus 50 percent. Contact the QCC Admissions Office for specific details. Information is also available at www.nebhe.org.

## Homeschooled Students

All homeschooled students, without a high school diploma or equivalent, are eligible to apply for admission to an associate degree or certificate program provided they have successfully completed an approved homeschool program in accordance with Massachusetts General Laws or the laws of their home state. If a homeschooled student has not completed an approved homeschool program, the student should contact the QCC Admissions Office.

To determine whether a student has participated in an approved homeschool program, the student shall submit, with the application for admission, evidence that the homeschool program was approved by the superintendent or school committee of the student's school district. Additionally, if the homeschooled student is under the age of compulsory attendance, which is 16 years old in Massachusetts, a letter from the student's school district's superintendent or school committee is required, stating that the student is not considered truant and would not be required to attend further schooling or continue to be homeschooled, if the student has completed his or her homeschool program before the age of 16.

The College reserves the right to limit or deny enrollment of a student under the age of 16 in a course or program based on this case-by-case consideration of a variety of factors, including, but not limited to: the student's maturity, life experience, placement test scores, prior education, course content, instructional methodology, and risks associated with a particular course or program.

## International Students

International Students must use the International Student Application at www.QCC.edu/international-students. Deadlines are July 1 for the Fall semester and November 15 for the Spring semester.

Only students who can speak, read, write and understand English well enough to take a full-time program will be considered for admission. If a student's native language is not English, they will be asked to demonstrate their ability to understand English. International Students must demonstrate adequate financial support for the time they will be attending QCC. Financial support can be verified by providing a certification of sponsorship and a bank statement documenting sufficient available funds. International Students who have student visas are required to enroll in a minimum of 12 credits during each semester. For information about International Student regulations or admission, please visit www.QCC.edu/international-students, emailing international@qcc.mass.edu or visit the QCC Admissions Office on the main campus.

## Chapter 74/Career Technical Education Articulation Agreements

QCC has established agreements with local comprehensive and vocational/technical high schools to assist students in making the transition to higher education. Some of these agreements come under the state's Chapter 74 Articulation Agreements or programs. All agreements state the conditions and criteria that must be met by graduating high school students in order to receive college credit.

For more information, students can contact Nicole Fortin at 508.854.2838 or nfortin@qcc.mass.edu.

## High School Dual Enrollment Programs and Partnerships

The staff from the Office of High School Dual Enrollment Programs and Partnerships works with school districts throughout Worcester County to provide students with the opportunity to enroll in college classes while still in high school. A variety of options exist for school districts, students and their families. A brief description of current programs follows:

### Attend College Early

QCC's Attend College Early (ACE) dual enrollment program is available to local high school students who have received approval from their high school's guidance department. Participation in this program is limited to high school juniors and seniors, age 16 and older at the time of acceptance. The student's course requirements are determined collaboratively by the student, QCC's Dual Enrollment Staff and the appropriate high school guidance counselor. It is the responsibility of the student and parent to consult with their High School's Guidance Office to ensure that the QCC courses meet the requirements for high school graduation. Students must communicate their progress biweekly to both their guidance counselor and assigned QCC point of contact. Tuition and fees apply and are based on QCC's published tuition and fee schedule for each academic year the student is registered. Student eligibility criteria include (subject to change):

- Current Massachusetts High School junior or senior, AND age 16 or older at the time of acceptance.
- Have completed high school English courses with grades of "B" or higher.
- Have an overall 2.7, or higher, grade point average.
- Demonstrated satisfactory disciplinary history.
- Academically prepared to successfully enroll in ENG-101 English Composition and MAT 121 or higher.
- Applications will be accepted beginning April 1, 2026; students will be accepted on a rolling basis. No applications will be accepted after July 1, 2026.
- Student and parent / guardian are required to attend an orientation in order to receive and acknowledge information regarding program expectations.

For more information contact [ace@qcc.mass.edu](mailto:ace@qcc.mass.edu) or 508.854.7587.

### Dual Enrollment Course Offerings

QCC offers high school students the opportunity to enroll in college classes through dual enrollment coursework. Students must receive approval from their high school guidance department to participate in these classes. Opportunities to participate vary term by term. Students, parents and guardians interested in more information are encouraged to contact the Office of High School Dual Enrollment Programs and Partnerships for up to date details, [earlycollege@qcc.mass.edu](mailto:earlycollege@qcc.mass.edu) or call 508.854.4352 or 508.854.7418.

### Early College Designated Programs

Early College Designated Programs are approved by the Massachusetts Department of Elementary and Secondary Education. QCC's current partners include Worcester Public Schools, Marlborough High School and Southbridge High School. Early College Programs provide students with the opportunity to earn 12 or more college credits while earning a high school diploma. In addition to earning 12 or more college credits, students select a career pathway and enroll in courses that count toward a QCC certificate and / or degree. For additional information, please contact the Office of High School Dual Enrollment Programs and Partnerships, [earlycollege@qcc.mass.edu](mailto:earlycollege@qcc.mass.edu) or call 508.854.4352 or 508.854.7418.

### Future Focus Program

The Future Focus Program is designed specifically for nontraditional students and adult learners. It provides financial assistance with tuition, fees, textbook costs, and other required materials for college. The Massachusetts Department of Elementary and Secondary Education (MA DESE) funds the program. The program offers a foundation of services within QCC that enable adult learners to transition into and, ultimately, complete postsecondary education.

For more information, contact the Future Focus Program at 508.854.2876 or email [Futurefocus@qcc.mass.edu](mailto:Futurefocus@qcc.mass.edu).

### Gateway to College

QCC's Gateway to College Program is designed for students who are seeking an alternative environment to complete their high school graduation requirements. While fulfilling high school graduation requirements, students earn college credit that can be used toward a certificate and/or associate degree. With personalized support from a student success coach, Gateway students build a strong sense of belonging to the QCC community and gain the skills needed to achieve postsecondary success. Through their participation in the program, Gateway students overcome obstacles, improve attendance, increase their GPAs, and enroll in college at higher rates than their peers.

For more information, please contact 508.854.7587 or [GTC@qcc.mass.edu](mailto:GTC@qcc.mass.edu).

Eligibility criteria:

- Must live in Massachusetts.
- Place into Intermediate Reading/Writing level and Beginning Algebra. Placement is determined by the Gateway Staff.

- Must have reliable transportation arrangements and/or ability to take the WRTA bus.
- Students must attend an information session to receive an application.
  - Information sessions are held regularly throughout the semester.
- The application deadline is July 1, 2026, for fall 2026 enrollment and December 1, 2026, for spring 2027 enrollment.

## Readmission to the College

Students who have previously attended QCC and have not attended the College for two consecutive semesters, either due to withdrawal or academic failure, must apply to be readmitted. Students must submit a new application.

Upon academic failure, or withdrawing from a health or high demand program, students are required to meet with their Program Coordinator to establish guidelines for readmission. Students will be considered only once for readmission to all health programs. Specific steps for readmission can be obtained in the QCC Admissions Office or from the appropriate academic department. Students must submit a new application. Depending on the length of time since their last enrolled semester at QCC, they may also need to submit another document proving high school graduation or equivalency.

## Program Admissions Requirements

A High School Transcript/Diploma, GED/HiSET Scores, or college transcript from a U.S. institution is required for admission to all programs at QCC. If students want to transfer academic credits or degree equivalency evaluation from a university abroad, they will need an evaluation agency (such as WES or CED) to assess their transcript.

Any applicant who does not meet the minimum program admissions requirements should contact the QCC Admissions Office to schedule an interview with an Admissions Counselor. Upon review of one's academic background and a consultation with the appropriate academic department, the student will be informed if his or her background is equivalent to the program admissions requirements. For additional information and acceptance criteria, contact the QCC Admissions Office.

# Technical Performance Standards

In this section, students can review the working conditions and physical demands for specific occupations related to selected QCC programs of study. This information is provided to assist in making college and career decisions. **Note: once admitted to the selected program, students will be required to satisfy the technical performance standards in order to successfully complete the program.**

QCC Program	Occupational Information Network (O*NET) Website or Essential Job Function and Technical Standards (QCC)
Automotive Technology	Occupation: Automotive Service Technicians & Mechanics   <a href="http://www.onetonline.org/link/summary/49-3023.00">www.onetonline.org/link/summary/49-3023.00</a>

# Academic & Student Services

Student Services is a network of resources, programs and services designed to provide students at Quinsigamond Community College with the necessary support for the teaching and learning process. The following are descriptions of the services available:

## Access, Opportunity, and Institutional Compliance

Room 149A | 508.854.7407

[accessandopportunity@qcc.mass.edu](mailto:accessandopportunity@qcc.mass.edu)

The office of Access, Opportunity, and Institutional Compliance supports a broad range of services and resources for students, staff, and faculty:

- Foster positive campus culture.
- Programming and Training/Workshops
- Campus Compliance Office: Title IX and Title VI Education
- Partner with Human Resources and Affirmative Action
- Work with Campus Affinity Groups

### Student Affinity Groups

Student affinity groups are student-led groups that bring students of similar backgrounds, cultures, and identities together. These groups are open to all students which bring opportunities to create a space to share and learn more about the community that makes our college unique. Students can develop their leadership, mentorship, event planning skills, and more!

## ADA Compliance Officer

Shannon Overcash

Room 162A | 508.854.7408

The ADA Compliance Officer serves as the central intake coordinator for all matters relating to ADA compliance, which protects all students and staff with all disabilities. The Compliance Officer will intake issues of concern via calls, emails and visits while managing the flow of information among the various College offices. Faculty and Staff are also invited to address their accommodations with Human Resources, if needed.

## Advising

### Advising Services: Professional Advisor, Faculty Advisor and the Academic Advising Center

Advisors assist students in developing and implementing their career and academic planning goals, including registering for courses. Students are provided contact information for their Academic Advisor by email shortly after the start of each semester. This information is also visible on *The Q* (Student/Faculty Portal). Students are assigned one of the following as their advisor: a Faculty Advisor, an Academic Advisor, or the Advising Center. Advisor Lists, including faculty office location, phone number, and office hours are in the Welcome Center in the HLC or by going to *The Q*.

### Faculty Advisors

Students are encouraged to contact their Faculty Advisor during the semester to discuss topics and questions related to career and academic planning. It is recommended that students make appointments with their Advisor before the course registration period begins for the next semester. Faculty members post their office hours schedules by the end of the first week of classes. If a student's schedule conflicts with faculty office hours, the student can contact the faculty member to arrange another meeting time.

### Academic Advising

Welcome Center, HLC, 2nd Floor | 508.854.4308

Students who have Advising Center Advisor listed as their Advisor are encouraged to contact Academic Advising during the semester to discuss topics and questions related to career and academic planning. Students should meet with an Advisor before the course registration period for the next semester begins. The Advising Center uses the Navigate360 platform for advising appointments and students should check their student email accounts for information about scheduling appointments. The Advising Center offers regular drop-in hours and students should check the website for the most up-to-date information.

## Adult Community Learning Center

25 Federal Street, Worcester MA | 508.751.7926

[aclc@qcc.mass.edu](mailto:aclc@qcc.mass.edu)

QCC's Adult Community Learning Center offers FREE classes!

- HiSET/GED preparation classes
- ESOL (English for Speakers of Other Languages) classes

The GED/HiSET preparation program not only prepares students to take the GED/HiSET but also helps students in the next step on their path - whether that path involves college, job training, or employment. We provide instruction in all areas of the GED/HiSET - Reading, Writing, Social Studies, Science, and Math. The program consists of three levels in the morning and two levels at night.

We offer six levels of ESOL class. The beginning ESOL class is for students who can read and write the English alphabet and can read and complete simple forms independently, for instance: first name, address, phone number, days of the week, etc. Our beginner students can understand and speak a little bit of English. The students in our advanced classes are writing essays and can read complex texts. Students enrolled in the advanced classes are being prepared for credit bearing college classes, advanced trainings, and professional employment. For more information and to apply, visit [www.QCC.edu/ACLCL](http://www.QCC.edu/ACLCL).

## Athletic Center

508.854.4317

QCC offers an extensive intramural program that includes Yoga, Circuit Training Classes, Indoor Cycling, Zumba, Boot Camp, Basketball, Indoor Soccer, Volleyball, Flag Football, and Table Tennis. Intercollegiate sports offered at QCC include Men's and Women's basketball, baseball, Men's and Women's soccer, and Women's Volleyball, and Men and Women's E-sports. QCC has a strong tradition of recruiting talented student-athletes.

The baseball team has won the New England Junior College Championship and the Northeast Association World Series and has appeared in several National Junior College Athletic Association (NJCAA) World Series. In 2017 and 2018, the baseball team reached the Region 21 final. Our basketball teams have also achieved much success: Women's Basketball earned 2nd place in both the State and Regional Tournaments in the 2006-2007 season and the Men's Basketball won both the State and Regional Championship, as well as finishing 5th place in the Nation at the NJCAA Tournament for the 2006-2007 season.

The Athletic Center will be closed for renovations during the 2026/2027 academic year and is scheduled to reopen in the fall of 2027. Fitness classes and intercollegiate athletics will still be held in alternate locations.

## Auxilium Center for Entrepreneurship

Room 266A | 508.854.2796

The Auxilium Center for Entrepreneurship is an innovation hub dedicated to fostering an entrepreneurial mindset and empowering students to transform ideas into thriving businesses. Offerings include mentorship, hands-on workshops, networking, consulting, and pitch competitions. Our community is inclusive, diverse, and driven by creativity, collaboration, and the belief that entrepreneurship can change lives and strengthen Central Massachusetts.

## Business Office

Room 007A | [businessoffice@qcc.mass.edu](mailto:businessoffice@qcc.mass.edu)

Students can contact the Business Office with billing or payment questions. (Please see page 29 for billing and payment information.) The Business Office uses the QLess system to see students. Students can log into the Business Office service line by texting the word quinsig to 508.315.6028. Please note – we no longer take credit card payments in the office or over the phone. Students can call 508.854.4560 to make miscellaneous payments in the Business Office such as parking tickets or gym memberships. Students can log into *The Q*, our student and faculty portal, to make one-time payments, to set up an on-line payment plan when available, to order a transcript, and to waive the health insurance fee. Students can email [businessoffice@qcc.mass.edu](mailto:businessoffice@qcc.mass.edu) with any questions they may have.

## Cafeteria

“A” Building Lower Level | 508.854.4219

The main cafeteria has partnered with the Worcester Regional Food Hub to offer QCC a taste of local and ethnic cuisine. At the Administration Building and Harrington Learning Center at QCC's 670 West Boylston St., Worcester campus and at QCC's 25 Federal St., Worcester campus there are self-serving/vending machine dining options available.

The cafeteria accepts cash and major credit cards. Please visit the Food Services web page for more information on The Worcester Food Hub, self-serve dining, and catering options being offered.

[www.QCC.edu/food](http://www.QCC.edu/food)

## Campus Police

005A

EMERGENCIES 508.854.4444

Non-emergencies 508.854.4221

Campus safety at QCC involves the entire community working together in an effort to provide a safe and secure campus environment. The department provides educational and safety programs for the campus community and is proactive in prevention and security. To fulfill this goal, the department seeks community involvement, encourages interactive relations and a combined police and community approach to problem solving. Sworn campus police officers provide 24-hour service to the campus.

### *Crime Awareness/Clery Report*

Quinsigamond Community College's Annual Security Report is available to the College community. This report includes statistics for the previous three years concerning reported crimes that occurred on campus; in certain off-campus buildings or property owned or controlled by Quinsigamond Community College; and on public property within, or immediately adjacent to and accessible from, the campus. The report also includes institutional policies concerning campus security, such as policies concerning sexual assault, and other matters. A copy of this report can be obtained by contacting the Campus Police or by accessing the following website: [www.QCC.edu/clery](http://www.QCC.edu/clery).

## Campus Store

“A” Building, Lower Level | 508.854.4237

The Campus Store has school supplies, snacks, and QCC apparel on campus or [quinsigamond.getugear.com](http://quinsigamond.getugear.com). Required books, ebooks and other digital content for QCC courses must be ordered online through [qcc.ecampus.com](http://qcc.ecampus.com).

## Career Services & Credit for Prior Learning

Center for Career and Transfer Services,  
Room 272A | 508.854.4439 | [careerservices@qcc.mass.edu](mailto:careerservices@qcc.mass.edu)

### *Career Services*

Career Services supports students by providing a combination of in-person and virtual job readiness workshops covering resume

and cover letter development, interviewing and negotiation techniques, and workplace etiquette. Career Services offers resume critiques and promotes job opportunities through the online job board, Handshake. Throughout the year, the office organizes various events such as job fairs, guest speakers from local employers, and on-campus recruiting events.

### **Cooperative Education**

Cooperative education (co-op) is an opportunity for students to earn academic credit while gaining valuable workplace experience and is required in many academic programs. Career Services provides students with co-op preparation and assistance securing a position in relevant, industry-specific experiences, applying the knowledge and skills learned in the classroom to a position in their field.

### **Credit for Prior Learning (CPL)**

Credit for Prior Learning (CPL) is credit awarded for skills and knowledge gained outside of a traditional classroom. CPL is a practical and cost-effective way for students to link their life experiences with academic learning and college credit. Work, industry credentials, exams, and military experience may be eligible, allowing you to take fewer classes and earn your degree faster. Contact [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information.

### **Alternative Learning Options**

**Directed Study:** This is an opportunity for individualized learning about topics not offered as established QCC courses. The nature and scope of the learning experience are determined by the student, in collaboration with an instructor. These experiences require approval by the appropriate School Dean, and involves individualized study under the supervision of a QCC faculty member. Those enrolling in Directed Study are required to pay full tuition and fees.

**Independent Study:** This opportunity enables students nearing graduation to study the subject matter of courses listed in the QCC Catalog on an individualized basis. This option is not available if the course is scheduled during the requested semester. To be eligible for Independent Study, students must be enrolled in the academic program requiring the course, and required to meet strict eligibility guidelines. These experiences require approval by the appropriate School Dean, and involves individualized study under the supervision of a QCC faculty member. Those enrolling in Independent Study are required to pay full tuition and fees.

## **Center for Workforce Development and Continuing Education**

25 Federal Street, Worcester MA | 508.751.7900

The Center for Workforce Development and Continuing Education offers a variety of instructor-led and online classes, workshops, certificate programs, licensing and professional development classes and seminars, test prep programs and certification testing that reflect the current needs of employers in numerous industries. Some of our popular courses include: Nurse Assistant, Medical Assistant, Ophthalmic Assistant, Radiographic Techniques & Safeguards for the Dental Assistant, Veterinary

Assistant, Sterile Processing Technician, Medical Coding and Billing, Personal Care Assistant, TEAS Review Classes, Microsoft Office, Personal Fitness Trainer, Community, and Workforce Readiness Skills. **The center also works with area employers to ensure they have the skilled workforce they need.** The Center for Workforce Development and Continuing Education is here to serve the community, and we look forward to the opportunity to provide the knowledge and skills that students need. Please call 508.751.7900 to request a catalog or visit [www.QCC.edu/WD](http://www.QCC.edu/WD) to download the latest course catalog.

## **The Children's School: Early Childhood Education Lab School**

508.854.4220

The Quinsigamond Community College Children's School is an on-campus child development facility that provides early education and care for preschool children ages 2.9 to 5 years old. We are licensed by the Department of Early Education and Care and accredited by the National Association for the Education of Young Children. We are rated at the highest quality level through the Department of Early Education and Care.

The school provides a rich learning environment for young children and is also a model training site for QCC students enrolled in the Early Childhood Education program. In our work, we foster a climate and culture where all are welcomed, accepted, and valued. Together our programs offer high quality, unique, and relevant opportunities for children, families and students to engage in an environment that promotes competence, confidence and self-respect.

We offer a full-day, year-round program to meet the various needs of students, staff, and families. Children can be enrolled on a full or part-time basis; enrollment applications are accepted on an ongoing basis. State vouchers are accepted and some students may qualify for a financial scholarship. Please call our Main Office at 508.854.4220 or email [ChildrensSchool@qcc.mass.edu](mailto:ChildrensSchool@qcc.mass.edu) for more information.

## **Community Engagement**

Community Engagement fosters and leverages relationships between QCC and community-based organizations and other Greater Worcester agencies and works to develop and sustain strategic partnerships throughout central mass communities. Existing collaborations include Worcester Community Connections Coalition, Latino Education Institute, South East Asian Coalition and African Community Education, among many others.

## **Community Learning Hubs**

Community Learning Hubs provide computers, Wi-Fi and printing for QCC credit and noncredit students who need a quiet space to study near their home. Currently there is a location at: 35 Freedom Way (Great Brook Valley). The hours of operation are Sunday to Thursday from 3-8 p.m. Check the inclement weather updates by calling 508.854.4545.

## Counseling and Wellness

Room B56A | 508.854.4479

**Counselors:** Tina Wells, LICSW  
Amelia Fazackerley LMHC, MT-BC, MA

**Resource Support:** Hussein Mohamed, MSW

**Fax:** 508.854.4583

**Email:** [counselingandwellnessoffice@qcc.mass.edu](mailto:counselingandwellnessoffice@qcc.mass.edu)

### General Office Hours

Monday through Friday: 8:00 a.m. to  
4:00 p.m. — by appointment

**We offer a choice of remote video support, as well as in person meetings.**

The Office of Counseling and Wellness believes in promoting the emotional health and well-being of the QCC student community. Here at QCC, we recognize each student's individuality, diversity and their inherent ability to make decisions in support of their wellness.

The mission of the office is to help students achieve their personal and academic goals by providing assessment of current concerns, therapy, appropriate advocacy/support, information about resources or coping skills/tools and/or transition to local or college-based resources when needed.

The services are provided to students at no cost and are confidential.

Staff, classroom and student club-based trainings on a variety of mental health issues are available upon request; faculty and staff are welcome to contact the office with questions.

## EAB Navigate360

EAB Navigate360 is a student success platform designed to empower students' academic journey. It centralizes key information—such as class schedules, campus resources, appointment scheduling, and important deadlines—making it easier to manage the college experience. With seamless communication channels connecting students with faculty and staff, the platform ensures timely support and personalized guidance. The EAB Navigate360 app helps students stay organized and in touch with key offices. Current students can visit [qcc.navigate.eab.com](http://qcc.navigate.eab.com).

## Financial Aid Office

Welcome Center, HLC, 2nd Floor | 508.854.4261

For students who are in need of financial assistance to help offset the cost of their education, several types of financial aid are available at Quinsigamond Community College. Financial aid may be given in the form of grants, loans, tuition waivers, scholarships, or work-study employment.

## First Generation Student Support Center

Room 170A | 508.854.4573

The First-Generation Student Support Center at Quinsigamond Community College empowers first-generation students to thrive academically and personally by providing proactive support, a welcoming community, and connections to the resources that matter most. We provide:

- Guidance in navigating college services – Learn how to make the most of advising, registration, and student support offices.
- Community and peer support – Connect with other first-generation students who share your experiences.
- Connections to advising, financial aid, career services, and tutoring – Direct referrals and guided support to help you succeed.
- A supportive space of your own on campus – A welcoming place where you always belong.
- Study and meeting spaces – Quiet study areas, group work rooms, and offices available for remote classes.
- Online Learning Community: Stay connected through our virtual hub where you can access workshops, join peer groups, and connect with staff even when you're not on campus. This online community ensures you always have support at your fingertips. All First-Generation Student Support Center students will receive access to the exclusive BlackBoard Community.

## First Year Experience Course

Students are strongly encouraged to take FYE 101 First Year Experience to assist with career and academic planning (See Course Description section of catalog). All students enrolled in the General Studies program are required to take FYE 101 prior to attaining 20 credits.

## Harrington Academic Computing Center

Room 379A | 508.854.4370

Computers are available to students for academic projects, papers, research and other assignments.

## Health and Wellness

Room B53A

[healthandwellness@qcc.mass.edu](mailto:healthandwellness@qcc.mass.edu) | 508.854.7572

The Health and Wellness team is made up of registered nurses, who support the QCC community by managing non-health major students' immunization records. The team also supports students virtually when they are ill, by connecting them with resources, checking in, and facilitating communication with faculty.

Additionally, each semester the Health and Wellness team provides on-campus health programs on a variety of topics, as well as hosts several vaccine clinics throughout the year.

### **State Immunization Requirements**

The Commonwealth of Massachusetts, General Law 105CMR 220.600 requires QCC to collect proof of immunizations from the following students:

1. All full-time students (12 or more credits) under 30 years of age and,
2. All health science students – both full-time and part-time (note that health profession programs will require additional health records and requirements)
3. All students on a student or other visa - both full-time and part-time (including foreign exchange students and those students visiting or attending classes while on academic visitation or exchange program).

All of the student groups noted must submit proof of immunizations for the following: **measles, mumps, rubella (MMR); hepatitis B; varicella (chickenpox); tetanus, diphtheria and pertussis (Tdap); Meningococcal ACWY** is also required for students age 21 or younger.

Please note that positive titers for measles, mumps, rubella, hepatitis B, and varicella will also meet the state requirement. Healthcare students will need to provide records for immunizations/titers/and health documents. These are required before attending clinical. Positive titers are required for healthcare students. For questions on immunizations please reach out to [immunizations@qcc.mass.edu](mailto:immunizations@qcc.mass.edu).

## **HomePlate Food Pantry & Resource Center**

**Room B65A | [foodpantry@qcc.mass.edu](mailto:foodpantry@qcc.mass.edu) | 508.854.7403**

The mission of the HomePlate Food Pantry & Resource Center is to address food insecurity by providing free healthy food for the QCC community as well as resources to assist with basic needs. The center helps with challenges such as applying for SNAP benefits, housing referrals, and connecting to community, state, and federal resources. HomePlate is staffed by a licensed social worker, knowledgeable and compassionate staff, work study students, and volunteers.

## **Library**

### **Alden Library**

**Harrington Learning Center, 3rd Floor | 508.854.4581**  
**[www.QCC.edu/library](http://www.QCC.edu/library)**

The Alden Library has 40,000 books print books, 80,000 e-books, 68,000 streaming videos and over 55 databases that provide access to millions of full-text journal articles to support QCC's academic programs. Located on the third floor of the Harrington Learning Center, the library offers 20 workstations, over one hundred loaner laptops and a variety of seating options for both collaborative and individual study. The library's team

of reference librarians are eager to help students find relevant, accurate information resources for research papers and other class assignments. At the circulation desk students can access course reserves, check out laptops and other materials, and reserve group study rooms.

Electronic resources—such as e-books and online journal articles—can also be accessed off campus via the Library website. Students can also find assistance via phone, email and chat. Additionally, the library has an information literacy room for hands-on research instruction.

The Alden Library is a member of several resource sharing Networks including HELM (Higher Education Libraries of Massachusetts), Commonwealth Catalog and ARC (Academic Research Consortium of Worcester), which provide QCC students access to more than six million items.

### **Downtown Library**

**Room 121D, 25 Federal Street, Worcester MA**  
**[www.QCC.edu/library](http://www.QCC.edu/library)**

Students may also utilize our Downtown Library in Room 121 of the Healthcare and Workforce Development Center and Continuing Education building. It features seven workstations and five loaner laptops on which students may access the same range of electronic resources noted above. The Downtown Library's print book collection is tailored to the health sciences. Finally, the library offers two group study rooms, a variety of course reserves and, most importantly, reference librarians who enthusiastically help students with research and other information needs.

To learn more about the QCC libraries, including the many virtual services that we offer, please visit [www.QCC.edu/library](http://www.QCC.edu/library).

## **Mentoring**

**200A | [mentoring@qcc.mass.edu](mailto:mentoring@qcc.mass.edu) | 508.854.7409**  
**[www.QCC.edu/mentoring](http://www.QCC.edu/mentoring)**

Quinsigamond Community College Mentoring connects QCC students with staff, faculty, industry, and community members to create one-on-one mentoring relationships. This unique program provides extensive benefits to students, as well as professional development and networking opportunities for mentors.

When students receive a QCC Mentor, they will gain a trusted guide, a personal and professional resource, a connection to the professional world, and a friend. By participating in the QCC Mentoring program, students will learn ways to succeed at QCC, while building connections in the career path of their choice. This is a chance to build students' personal and professional network and develop lifelong skills that they can take with them wherever they go.

To participate in QCC Mentoring, students must be willing to communicate regularly with their mentor, and attend one in person or phone call meeting with a mentor per month. If a student is interested in joining the program, he or she must fill out an application online.

## Registrar's Office

Room 152A | 508.854.4257

Students can register for courses, file for graduation, update name and contact information, and review their academic record in the Registrar's Office. These services are also available on *The Q*, at [www.QCC.edu](http://www.QCC.edu).

## Student Accessibility Services

Worcester (Room 246A)

Voice: 508.854.4471 | Fax: 508.854.6943 | VP:  
508.502.7647

Email: [SAS@qcc.mass.edu](mailto:SAS@qcc.mass.edu)

Website: [www.QCC.edu/SAS](http://www.QCC.edu/SAS)

Student Accessibility Services (SAS) collaborates with students, faculty, and staff to create a campus environment that is usable, equitable, sustainable, and inclusive for all members of the College community. In accordance with Section 504 of the Rehabilitation Act and the Americans with Disabilities Act of 1990 and the ADA Amendment Act of 2008, Student Accessibility Services is committed to providing reasonable accommodations to qualified individuals.

SAS collaborates with and empowers students with disabilities to participate in all aspects of campus life, and if needed, will determine if reasonable accommodations are necessary to provide access. Accommodations and services are determined individually through an interactive process. Please see our website for the steps to apply for services and submit disability documentation to the office. [www.QCC.edu/SAS](http://www.QCC.edu/SAS)

Students may contact Student Accessibility Services at any time to ask for more information about services, discuss needs with a staff member, or register with the office. Please use the contact information above to learn more about the SAS resources and contact our office.

## Student Life

508.854.4334 | [studentlife@qcc.mass.edu](mailto:studentlife@qcc.mass.edu)

The Office of Student Life & Leadership (OSL) is committed to fostering a sense of unity and belonging within the Quinsigamond Community College student body. We strive to cultivate an inclusive campus environment where every individual is embraced, heard, encouraged, and regarded as a vital part of the Quinsigamond community.

Our vision is to empower all students through purposeful programming that leverages their unique life experiences and acquired knowledge.

### Fuller Student Center (West Boylston Campus)

The Fuller Student Center is a student-only building on campus; you only need your Student ID. Don't worry if you haven't got it yet; stop by Fuller to get your Student ID.

There are many ways students can get involved through the Fuller Student Center.

- Learn, join, or start a student club.
- Learn about campus events.
- Hook up a gaming console or laptop, play a round of pool, or just relax.

### Student Government Association (SGA)

The Student Government Association (SGA) advocates for student interests in the college. Serving as the student body's voice and working on meaningful projects that improve the student experience. Their responsibilities include working with administrators to create new programs that benefit students and addressing issues in the college, including academics, wellness, and general experience, planning and hosting campus-wide events, workshops, fundraisers, etc., and student clubs/organizations.

### Student Clubs and Organizations

Student clubs and organization are designed to add value to life on and off campus. You will find endless opportunities to:

- Make connections and establish friendships.
- Participate in exciting experiences while learning about yourself and the world around you.
- Develop and hone vital leadership skills.
- Transfer classroom theory into practice.
- Build your resume and portfolio.
- Discover your values, potential, and campus spirit.

### Student Engagement Portal

Find out more information about student clubs/organizations, events, and more by visiting WyvernConnect, QCC's student engagement portal at [wyvernconnect.qcc.edu](http://wyvernconnect.qcc.edu), which also provides direct access to *The Q*, used to register for classes, view schedules, check grades, pay bills, and access financial aid information.

## Student Success Center

Welcome Center | 508.853.2300

The Student Success Center supports students by providing academic advising, career development, access to resources and programming; connecting students to opportunities for learning, development and support beyond the classroom. The Student Success Center is located in the Welcome Center in the Harrington Learning Center.

## Transfer Services

Center for Career and Transfer Services

Room 272A | 508.854.4404 | [transfer@qcc.mass.edu](mailto:transfer@qcc.mass.edu)

### Transfer from QCC

Transfer Services offers a variety of resources for students interested in continuing their academic studies beyond QCC.

Transfer Services advises on the most common aspects of the transfer process including:

- Transfer admissions requirements
- Transfer application process
- Transferring with or without an associate degree
- Transfer agreements (MassTransfer and articulation agreements)
- QCC course transferability
- Important QCC courses for transfer
- How to pick colleges and majors

### *Where do QCC students transfer?*

Each year, QCC students successfully transfer to bachelor's degree colleges and universities around the state, region, and country. Notable transfer destinations include Northeastern University, Cornell University, and Worcester Polytechnic Institute; along with familiar bachelor's degree institutions in Massachusetts and surrounding New England states.

### *Transfer Agreements*

QCC offers graduates a variety of transfer agreements to help them further their studies at many bachelor's degree institutions. Whether continuing at a public or private baccalaureate institution, students can use agreements to ensure admission and transfer of QCC credits toward bachelor's degrees. Some partnerships also include financial incentives to minimize the cost of completing degrees. Transfer agreements include Mass Transfer Agreements and Articulation Agreements.

### *MassTransfer*

As a member of the Massachusetts Public Higher Education System, Quinsigamond Community College maintains strong ties with all Massachusetts public bachelor's degree universities, and offers the MassTransfer program to support students as they pursue their higher education goals.

MassTransfer provides a number of potential benefits for students including course equivalencies, general education coursework acceptance, pathways ensuring admission and transfer of credit based on associate degree completion, and financial incentives for full-time enrollment and academic achievement. **MassTransfer pathways are available at EVERY State University and UMASS campus.** More information is available at the MassTransfer website: [mass.edu/masstransfer](http://mass.edu/masstransfer).

### *Articulation Agreements*

QCC sponsors articulation agreements with a number of private and out-of-state bachelor's degree institutions, colleges, and universities. These relationships permit students to transfer to a range of academic programs and advance toward their bachelor's degrees quickly, easily, and affordably. These agreements vary from school to school, and department to department. They may guarantee one or more of the following: acceptance (general or program specific), full transfer of QCC coursework, junior level standing, and access to opportunities for transfer scholarships. Visit the Transfer Services page at the QCC website, [www.QCC.edu/transfer](http://www.QCC.edu/transfer) for specific information about all MassTransfer and Articulation Agreements.

### *Special Scholarships for QCC Graduates*

Scholarships are available to QCC graduates who transfer to bachelor's degree colleges and universities. In most cases, eligible students will have GPAs of 3.0-3.5 or higher at the time of application to the transfer school. Scholarships may require additional steps, including formal application for financial aid and/or completion of a scholarship application. Students should consult with schools of interest to confirm scholarship availability and details on how to apply. Scholarships range from **Massachusetts Public Higher Education System Transfer Scholarships, Local Private College and University Scholarships to Community and Professional Association Scholarships**. More information about scholarships and financial aid is available at the Transfer Services page on the QCC website, [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

## Tutoring Centers

[www.QCC.edu/tutoring](http://www.QCC.edu/tutoring) | [TutoringCenters@qcc.mass.edu](mailto:TutoringCenters@qcc.mass.edu)

QCC Tutoring serves as a place of connection and community for all students. We provide a welcoming, supportive, and inclusive environment, both on campus and online, that promotes a spirit of active learning and ethical academic pursuit. We recognize that there are multiple ways of knowing and are committed to meeting students where they are, empowering them to achieve greater success at QCC, and preparing them to become independent, self-directed learners who apply knowledge to future learning and career contexts. We work collectively and collaboratively to cultivate self-efficacy and encourage students to leverage academic challenges as an opportunity for growth. Information about hours and locations can be found on each Center's website, accessed through [www.qcc.edu/tutoring](http://www.qcc.edu/tutoring).

### *Subject Tutoring Center*

Welcome Center, HLC, Room 222 | 508.854.4279  
[www.QCC.edu/subjecttutoring](http://www.QCC.edu/subjecttutoring)

The Subject Tutoring Center is a tutoring and student resource center that offers in-person and remote drop-in and appointment-based tutoring for a variety of academic subjects. We promote active, collaborative learning, where students can work with a tutor in either one-on-one or small group sessions to help clarify course concepts and build study skills to foster independent learning. The Center also offers a variety of free study materials and resources, available both in-person and online via Blackboard. A complete, updated list of current subject areas, tutoring hours, appointment instructions, and all other resources available can always be found on the website. All resources are available for in-person, remote, or online courses.

### *The Math Center*

Welcome Center, HLC, Room 206 | 508.854.7487  
[www.QCC.edu/math](http://www.QCC.edu/math)

QCC's mathematics tutoring center is a math-positive place located in 206 HLC. The Math Center provides free, drop-in, one-on-one and small group tutoring for currently enrolled QCC

students in credit-bearing math and related courses. The goal of tutoring is to help students strengthen math and study skills by reinforcing classroom and online learning. Tutors can also help students to navigate the course website, e-text, videos and Blackboard. Resources include computers, math software, and current Math Department course textbooks and solution manuals to use in the Math Center.

### *The Writing Center*

**Welcome Center, HLC, Room 208 | 508.854.7488**  
**[www.QCC.edu/writing](http://www.QCC.edu/writing)**

The Writing Center is a tutoring and resource center for writing, as well as skills important to the writing process, including reading comprehension, critical thinking, and planning and organization. The Writing Center offers a variety of services, including individual and group tutoring, English conversation circles, and writing reference guides and handouts. Tutors work collaboratively with students to improve their skills and help them become more accomplished and confident writers, readers, and college students. Students can work with a tutor on their writing and reading for any course. The Writing Center is not an editing or proofreading service.

### *ThinkingStorm Online Tutoring*

ThinkingStorm is an online tutoring service that offers live, on-demand, and appointment-based online tutoring in a variety of subjects. Students can interact live with a tutor, submit a question or problem, or submit an essay for review. Students can access ThinkingStorm via the link on the Tutoring website ([www.qcc.edu/tutoring](http://www.qcc.edu/tutoring)) or from the Tutoring section of the Blackboard institution home page.

## **Veteran Affairs Office / Veteran Center**

**Room 258A | 508.854.2721**

The Veteran Affairs Office will assist students with the preparation, certification and submission of all necessary paperwork required for veteran benefits. Students are encouraged to visit the Office for various College support services.

Our mission is to provide support to assist student veterans and members of the Armed Forces in the adjustment to becoming successful in civilian and college life. We are committed to promoting college spirit, as well as establishing and maintaining fellowship amongst veterans and students on campus.

The College adheres to the Veterans Access, Choice, and Accountability Act of 2014. Visit [www.QCC.edu/veterans](http://www.QCC.edu/veterans) or contact Veteran Affairs at 508.854.2721 or email [veteranaffairs@qcc.mass.edu](mailto:veteranaffairs@qcc.mass.edu). The Veteran Center is co-located with the Veteran Affairs Office. The Veterans Access, Choice and Accountability Act of 2014 (codified at 38 U.S.C. 3679) has been amended by Section 1005 of Public Law 116-315, the Johnny Isakson and David P. Roe, M.D., Veterans Health Care and Benefits Improvement Act of 2020, which modifies 38 U.S.C. 3679(c).

The amendment requires that for all courses, semesters, or terms beginning after August 1, 2021, public institutions of higher education must charge qualifying veterans, dependents and eligible individuals tuition and fees at the rate for in-state residents. As amended, 38 U.S.C. 3679(c) requires that the following individuals be charged the in-state resident rate:

- A veteran using educational assistance under either Chapter 30 (Montgomery GI Bill® – Active Duty Program), Chapter 31 (Vocational Rehabilitation) or Chapter 33 (Post-9/11 GI Bill®), of 38 U.S.C. who lives in the state in which the institution is located (regardless of his/her formal state of residence).
- Anyone using transferred Post-9/11 GI Bill® benefits (38 U.S.C. § 3319) who lives in the state in which the institution is located (regardless of his/her formal state of residence).
- Anyone described above while he or she remains continuously enrolled (other than during regularly scheduled breaks between courses, semesters, or terms) at the same institution. The person must be using educational benefits under Chapter 30, Chapter 31 or Chapter 33 of 38 U.S.C.
- Anyone using benefits under the Marine Gunnery Sergeant John David Fry Scholarship (38 U.S.C. § 3311(b) (9)) who lives in the state in which the institution is located (regardless of his/her formal state of residence).
- Anyone using Chapter 35 (Survivors' and Dependents' Educational Assistance Program) benefits who lives in the state in which the institution is located (regardless of their formal state of residence).

In summary, individuals are no longer required to enroll within three years of discharge or release from a period of active duty service or the transferor's discharge or release from active duty service in order to receive the in-state resident tuition rate.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at [www.benefits.va.gov/gibill](http://www.benefits.va.gov/gibill). Reference: [https://benefits.va.gov/GIBILL/Trademark\\_Terms\\_of\\_Use.asp](https://benefits.va.gov/GIBILL/Trademark_Terms_of_Use.asp).

**A Covered Individual** is any individual who is entitled to educational assistance under chapter 31, Vocational Rehabilitation and Employment, or chapter 33, Post-9/11 GI Bill® benefits.

## **Welcome Center**

**HLC, 2nd Floor | 508.854.7492**

New guests to campus should begin their visit at QCC's Welcome Center, located on the second floor of the Harrington Learning Center at 670 West Boylston Street, Worcester. It serves as a central information hub, gateway and first point of contact to QCC for all prospective students, current students, and community members.

# Tuition and Fees

## All Credit Courses (Except as Noted)

Massachusetts Residents	(\$24 tuition/\$203 Educational Services Fee) \$227/credit
All other Students	(\$230 tuition/\$203 Educational Services Fee) \$433/credit

**All costs are subject to change without notice.**

## Billing and Payment of Tuition and Fees

Students are sent an Enrollment Notification to their QCC student email account when their statement is ready to view on *The Q*. The statement will reflect any estimated Financial Aid award as of the billing date. For aid awarded after the billing date, students should log into *The Q* to view their current statement. If the student is a recipient of any third-party funding (i.e., tuition waiver, military benefit, Uplan, scholarship or private company) please notify the Business Office and submit any required paperwork prior to the start of the semester.

Payment arrangements must be made prior to the bill due date or upon registration after the bill due date. Payment options are detailed in the Enrollment Notification. Please note – we no longer take credit card payments in the office or over the phone. To help students meet their educational expenses, the College offers online payment plan options through a third party for each semester except Intersession. Students who select a payment plan option may select an installment plan that is spread over several months, depending on the length of the semester. Payments are automatically deducted by the payment plan company from a checking or credit card account provided by the student.

To view or pay a bill, log into *The Q*: and on the left on the Financial Services page select View/Pay My Bill, then to the right under My Payment Account select My Account Balances, then select Make A Payment. The first time students use this system they will be asked to create an account. Once that account is created and they select “Make A Payment,” they will be routed to our third party payment portal managed by Nelnet. Here they can make one time payments or when available set up a payment plan for an upcoming semester. All costs are subject to change without prior notification. There is a \$25 charge for any returned payment to QCC.

## Other Expenses

Students should anticipate expenses each semester for required textbooks (which are available from online vendor) and/or materials for each course. For textbook availability and prices, please visit the campus store link on *The Q*, the College’s student and faculty portal.

## Refunds of Tuition and Fees

Students are responsible for the semester charges whether or not they attend. If a student does not plan to attend one or more classes, they must drop those classes within the

published add/drop/swap period if they do not wish to be financially responsible for the charges. A student must contact Academic Advising or the Registrar’s Office to officially drop any class that they do not plan to attend. When dropping classes please refer to the semester Tuition and Fee Refund Policy for financial penalty available on *The Q* and in writing from the Business Office.

## Refund Limitations

- All refunds for financial aid recipients are pro-rated based on withdrawal date.
- Financial Aid recipients are advised to check with the Financial Aid Office (Welcome Center on the 2<sup>nd</sup> floor of the Harrington Learning Center) prior to withdrawing to determine the impact on their financial aid award.
- An official withdrawal request must be completed online on *The Q* and will be processed by the Registrar’s Office.
- Any tuition waivers must be submitted to the Business Office prior to the end of the semester to be considered for a refund or adjustment.
- Mandatory health insurance premiums are not refundable.
- Students will be refunded only that portion of the tuition and fees paid by them; third-party payments will be refunded directly to the paying party.

## Return of Federal and State Funds for Students Who Withdraw

If the student withdraws from the College or stops attending classes prior to the 60% point of their semester, financial aid will be pro-rated based on the number of days attended. If financial aid was disbursed before the student withdraws, the student may be required to pay back some of the money, based on a federal determination of his or her eligibility as of the date withdrawn. Additional information is available in the Financial Aid Office.

## Tuition Waivers

Various tuition waivers are available to those people who meet the requirements outlined below. Tuition waivers apply only to the cost of tuition; they do not include the cost of the educational service fee, additional fees, textbooks, or supplies. Tuition waivers are not applicable to tutorials, challenge examinations, or any other individualized learning experience.

### Veteran Tuition Waivers

Veterans, as defined by MGL Chapter 4, Section 7, may qualify for tuition-free courses, provided the veteran is eligible and has submitted a copy of their DD214 separation papers. There may be other eligibility requirements for this tuition waiver. For further information, please contact the Veteran Affairs Office, Room 258A.

### Members of the Armed Forces Tuition Waivers

An active member of the Armed Forces (Army, Navy, Marine Corps, Air Force, or Coast Guard) stationed and residing in the Commonwealth of Massachusetts may qualify for tuition-free courses. For further information, please contact the Veteran Affairs Office, Room 258A.

### National Guard Tuition Waivers

Members of the Massachusetts National Guard may qualify for tuition-free courses, provided they meet the eligibility requirements. For further information, please contact the Veteran Affairs Office, Room 258A.

### Senior Citizens Tuition Waivers

Senior citizens, age 60 years or older, may qualify for tuition-free courses. For further information, please contact the Financial Aid Office, HLC 2nd Floor.

### Massachusetts Rehabilitation Commission and Commission for the Blind Tuition Waivers

MRC and MCB clients may qualify for tuition-free courses consistent with the policies of the Massachusetts Board of Higher Education. For further information, please contact the agencies' offices for details.

### Native American Tuition Waivers

Native Americans, as certified by the Bureau of Indian Affairs, may qualify for tuition-free courses provided they meet the eligibility requirements. For further information, please contact the Financial Aid Office, HLC 2nd Floor.

## Student Billing: Frequently Asked Questions

### Do I need a student ID?

Yes. Once per academic year you will need to update your student ID. Students need a valid student ID for various purposes when on campus including, but not limited to, using the athletic center, using the library, picking up refund checks, making campus store purchases and returns, receiving a tax waiver in the cafeteria, and participating in student events.

### Do I need a parking decal?

Yes. Once per academic year you must update your parking decal. The parking decal allows parking in the designated student parking lots at our main campus on West Boylston Street, as well as QCC's Downtown, Southbridge, and Senior Center locations. There may be additional parking costs for off-site instruction.

### What is Tuition?

This amount is set by the Massachusetts Board of Higher Education and is assessed per credit to all students. Tuition is credit-driven based on residency in Massachusetts: In-State or Out-of-State.

### What is the Educational Service Fee (ESF)?

This fee is assessed per credit to all students. The ESF helps fund educational related services such as the development of academic curriculum and instructional delivery in all modalities including; on-ground, on-line, blended, hybrid and remote.

### What is the Student Support Fee?

This fee is assessed to all students based on full time or part time enrollment status. This fee helps fund essential and mandated student support and services such as infrastructure (technology, energy, and physical plant), accessibility, counseling, tutoring, advising and enrollment services.

### What is a Program Fee?

This fee is assessed to students enrolled in a specific program per semester. The fee is set based on the needs of the specific program. To view a list of program fees by program major go to [QCC.edu/program-fees](http://QCC.edu/program-fees).

### What is the Lab Fee?

This fee is assessed only to students taking a lab course and is used to support associated costs.

### What is the Health Insurance Fee?

The College is mandated by law to provide health insurance and to assess a Health Insurance Fee to all students enrolled in nine or more credits once per academic year in the Fall or Spring only. The Health Insurance Fee **can be waived** if the student has comparable health insurance coverage.

### Can I waive any fees?

The Health Insurance Fee is the only fee that can be waived.

### If I drop a course will I still be charged or will I get my money back?

Each semester the College has a specific refund policy tied to the semester add/drop/swap dates. The Tuition & Fee Refund Policy can be found on your billing notification, in the college booklet, on *The Q* and in the Business Office. Please

refer to that policy for exact dates and penalties. If you are not attending one or more of your classes you need to drop the class if you do not wish to be financially responsible for the charges. Please contact the Advising Center by email at [advising@qcc.mass.edu](mailto:advising@qcc.mass.edu) or by phone at 508.854.4308 to officially drop any class that you do not plan to attend before the end of the published add/drop/swap period. If you are receiving a financial aid award please consult with the Financial Aid Office before dropping as your financial aid eligibility may be affected.

### How do I pay my bill?

To VIEW/PAY your bill log into *The Q*. On the Financial Services page to the left select View/Pay My Bill, then to the right under My Payment Account select My Account Balances, then select Make A Payment. The first time you use this system you will be asked to create an account. Once that account is created and you select Make A Payment you will be routed to our third party payment portal managed by Nelnet Campus Commerce (customer service 1.800.609.8056). Here you can make one-time payments or (when available) set up a payment plan for an upcoming semester. If you have questions concerning your bill or payment please contact the Business Office by phone at 508.854.4560 or by email at [businessoffice@qcc.mass.edu](mailto:businessoffice@qcc.mass.edu) from your QCC student email account – please include your student ID. Please note the college no longer accepts credit cards in the office or over the phone for student account payments.

### Does the College offer payment plans?

The College offers a number of on-line payment plan options each semester (except Intersession). For additional information you can log into *The Q* or email [businessoffice@qcc.mass.edu](mailto:businessoffice@qcc.mass.edu).

### How can my parent or guardian gain access to my billing information?

In compliance with the Family Education Rights and Privacy Act (FERPA) and Quinsigamond Community College policy, the Business Office cannot release any information pertaining to a student's record. In order for any information to be released to anyone, other than the student, the student must provide our office with written consent. The student can complete the Authorization to Release Information Form and return directly to the Business Office. We accept the FERPA release submitted electronically through *The Q*.

### When will my financial aid refund check be ready?

You'll receive a check for your excess financial aid award after all charges have been paid to the College. Once the funds are available a refund check will be processed and mailed to your address on file by the Business Office. You will receive an email notification to your student email account when the refund

check is mailed.

### Will there be a fee increase for the Fall semester?

For Massachusetts residents, the combined tuition and education service fee cost is currently \$227 per credit hour. For Non-Massachusetts residents and international students, the combined tuition and educational service fee cost is currently \$433 per credit hour; all costs are subject to change without prior notification. Additional fees apply each semester; some vary based on enrollment.

### If I withdraw from a course, can I get all my money back?

There is a specific Refund Policy for each semester. For the first eight calendar days of class (or equivalent if in Summer or Intersession), a 100% refund of tuition and fees is granted. The next eight calendar days of classes, a 50% refund of tuition and fees is granted. After the first 16 days of classes (or equivalent if in Summer or Intersession), no refunds of tuition or fees will be granted. Please see semester brochures for exact dates. Students must officially withdraw from the College. Students who are receiving financial aid should consult with the Financial Aid Office before withdrawing. Financial Aid eligibility may be affected.

### Fall & Spring Seven Week Terms - refund policy for drop or withdrawal as follows:

- 100% refund - drop through the second class meeting and prior to the third class meeting
- 50% refund - withdrawal through the third class meeting and prior to the fourth class meeting
- 0% refund - withdrawal as of the fourth class meeting

### Is any student eligible for Institutional Aid?

The College has set aside a certain amount in operating funds to support our students. To qualify for these funds, students must meet the conditions for need-based Federal and State Financial Aid and complete a FAFSA. This aid helps fill the gap between available Federal and State aid and the cost of attendance. In addition, the institutional advancement group has set aside a certain amount to fund scholarships for students. To qualify for these scholarships, students must meet the specific criteria of each individual scholarship. In most cases, the Financial Aid Office will notify a student if he or she appears eligible for any of these scholarships. For further information, please inquire at the Financial Aid Office (Welcome Center on the 2<sup>nd</sup> floor of the Harrington Learning Center).

# Financial Aid

The goal of the Financial Aid Office is to assure that students do not have financial barriers if they want to earn a college degree or certificate. Our office is committed to helping students receive the financial assistance they need to attend QCC. We offer a wide variety of federal, state and institutional assistance programs.

## Who is Eligible for Financial Aid?

Students must meet the following criteria in order to be eligible for financial aid:

- Be admitted to an eligible program. Please note that undeclared majors are not eligible for financial aid.
- For most programs, students should enroll in at least six credits each semester. However, students with very low income may qualify for as little as one class per semester.
- Have a complete financial aid file by responding to all requests for additional information.
- Be a U.S. citizen or eligible non-citizen. Verification may be required. State financial aid may also be available to undocumented students who meet the criteria of "High School Completer" under the Tuition Equity law.
- Not be in default on any educational loan or in repayment of any educational grant.
- For the grant programs, students must not have a previous bachelor degree.
- Be making progress toward a certificate or degree program according to the Standards of Satisfactory Academic Progress.

## Applying for Financial Aid

To begin the financial aid application process, a student must complete the Free Application for Federal Student Aid (FAFSA) electronically. FAFSA contributors (student, student's spouse, a biological or adoptive parent, or the parent's spouse) are required to provide their information, signature, and consent and approval to have their federal tax information transferred directly from the IRS into the FAFSA form using an FSA ID. Information on FAFSA contributors and who is required to provide information is available within the online FAFSA application. Be sure to designate Quinsigamond Community College (Federal School Code 002175) in the College release section. Make sure to select the application for the correct academic year.

Allow 3-5 business days for the FAFSA to be processed. Students will receive a FAFSA Submission Summary, which should be reviewed for accuracy.

Students applying under the Massachusetts Tuition Equity law as a High School Completer must first submit the Student Application

and Affidavit form to the QCC Admissions Office to establish eligibility for in state tuition. If approved, the student may then complete the Massachusetts Application for State Financial Aid (MASFA) to be considered for state financial aid funds.

If additional documentation is required, students will receive a letter or email to their student email account from the Financial Aid Office. It is important to respond to these requests as quickly as possible.

## When Should One Apply?

The priority filing date for the Fall semester is April 1 and Spring semester is October 1. The deadline to apply for MASSGrant is published annually by the MA Office of Student Financial Assistance on their website (<https://www.mass.edu/osfa>). These priority filing dates assure that students receive the maximum financial aid possible and that funding will be available to pay the bill by the billing due date, assuming all requirements are completed. If a student misses the priority filing date, he or she may still apply for financial aid. Funding is still available.

**Students must reapply for financial aid each academic year.**

## Determining Financial Need

Financial aid from most sources is awarded on the basis of financial need. Once students meet the other eligibility criteria, the information they report on their aid application will be used in federal formulas to calculate their need and eligibility.

Financial need is determined by taking the cost of education (educational expenses, such as tuition, fees, books, supplies, and other related expenses), and subtracting the amount the student and his or her family are expected to pay toward that cost. Detailed information on how the "cost" of education at Quinsigamond Community College is calculated may be obtained at the Financial Aid Office.

Certain federal loan programs not based on financial need are also available. In order to be considered for these programs, students may be required to complete the entire financial aid application process to first determine if they are ineligible for need-based assistance.

## Repeated Courses

Students may qualify for financial aid for repeated coursework. For most programs, the Financial Aid Office can count repeated coursework in students' enrollment status for financial aid purposes as long as (1) the student has not yet earned credit for that course, or (2) it is the student's first attempt to retake the course following the student having previously earned credit. In other words, once a student receives a grade in a class (A through D-), he or she can only get financial aid for that class one more time if he or she needs to repeat it.

Some programs at Quinsigamond Community College follow different eligibility rules, and students may not qualify for repeat coursework even under the conditions above. Those programs are: Nurse Education – Advanced Placement LPN and Nurse Education – Advanced Placement Paramedic.

## Billing Information for Financial Aid Applicants

Financial aid awards are applied toward a student's bill when an official award offer letter is issued from the College. If students have applied for financial aid, but have not been notified of their eligibility for assistance by the College, they must make payment arrangements with the Business Office or go through Financial Counseling Acknowledgement process.

Students will need to visit *The Q*, QCC's online student portal, to see their financial aid award and/or any missing financial aid documents.

Should Quinsigamond Community College become aware of any misrepresented or omitted information in a financial aid application, any funds awarded to the student will become due immediately and payable to either the College or the Department of Education.

## Return of Federal and State Funds for Students Who Withdraw

Title IV funds are awarded to a student under the assumption that the student will attend the College for the entire period for which the assistance is awarded. If students withdraw, drop out, are expelled from the College, or if they otherwise stop attending classes, prior to the 60% point of their payment period (typically a semester), their financial aid will be prorated based on the number of days he or she attended. If financial aid was disbursed to the student prior to withdrawal, he or she may be required to pay back a portion of the money, based on a federal determination of the eligibility as of the date he or she withdraws.

Students enrolled in modular coursework (i.e., coursework that does not span the length of the entire semester) may be considered withdrawn for financial aid purposes even if they have successfully completed another modular course in a given semester. Students enrolled in the Radiologic Technology, Nurse Education – Advanced Placement LPN, or Nurse Education – Advanced Placement Paramedic programs will have a different assessment of their 60% point, as their financial aid award may not be based on a single semester of enrollment. Similarly, students in these programs who are unable to continue in their program from one semester to the next may need to have their eligibility adjusted. Detailed information is available at [QCC.edu/ReturnofTitleIVFunds](http://QCC.edu/ReturnofTitleIVFunds). We strongly advise all students to consult with the Financial Aid Office prior to making changes to their enrollment.

## Types of Financial Aid Available

The College will inform students in writing by means of a financial aid award offer letter of the amount of their award. The amount of one's award may be adjusted based upon changes in the student's enrollment or other eligibility criteria. Their award may consist of any combination of the federal, state, and institutional programs listed below.

## Grant Programs

- **Federal Pell Grant:** This is gift aid awarded by the federal government to students demonstrating substantial financial need. Changes in enrollment through the add/drop/swap period will result in an adjustment to this award.
- **Federal Supplemental Educational Opportunity Grant:** This is a federally-funded grant program. Recipients are selected by Quinsigamond Community College according to federal regulations that require SEOG be awarded to students with the lowest family contributions and greatest financial need, usually Federal Pell Grant recipients.
- **MA Cash Grant:** This is a state-funded grant program designed to assist needy Massachusetts residents attending public colleges and registered for at least three credits. Eligibility is determined by the College according to state regulations. The Cash Grant cannot exceed the cost of tuition and fees.
- **MASSGrant:** This is a state grant awarded by the Commonwealth of Massachusetts to its residents with exceptionally high financial need. The state Office of Student Financial Assistance notifies residents of their eligibility and the College certifies this eligibility. Funds are not available until this certification is completed. A student must be enrolled for a minimum of 12 credits to receive this grant.
- **MASSGrant Plus:** This is a state-funded grant available to Pell

eligible students enrolled in a minimum of six credits each semester who are residents of Massachusetts and have not yet earned a college degree. Deadlines or other eligibility conditions may be applied annually by the Massachusetts Office of Student Financial Assistance or the College, based on the availability of funds. The number of semesters a student may receive this grant is limited.

- **MA Public Service Grant:** Established to provide educational opportunity to family members in recognition of the hardship that a family experiences upon the loss of a parent and/or spouse who is killed or missing in the line of public service duty in the Commonwealth of Massachusetts. The award value is equal to the College's full-time tuition charge.
- **Paraprofessional Teacher Preparation Grant:** Provides financial assistance to paraprofessionals in a Massachusetts public school who wish to pursue teacher education and become certified to teach full-time in Massachusetts' public schools.

## Free Community College

MassReconnect and MassEducate provide last-dollar grants funded by the state to cover the cost of tuition and required fees after other sources of free financial assistance are applied. These programs are available to residents of Massachusetts who are enrolled in at least six credits. There are no income requirements to qualify for assistance with tuition and fees. The number of semesters a student may receive these grants is limited.

- **MassReconnect:** This program is for students who are 25 years of age or older and have not yet earned any college degree. A modest book allowance is also provided.
- **MassEducate:** This program is for students who have not yet earned a bachelor's degree and have not earned more than one associate's degree. A modest book allowance is available based on a student's family income as represented in the Student Aid Index (SAI).

## Federal Work-Study Program

The Federal Work-Study Program offers students an opportunity to earn money through on-campus or off-campus employment. Students are placed in a position that will provide them with valuable work experience. The Work-Study Program offers off-campus placements in community service positions at non-profit agencies. It also offers students an opportunity to tutor in area elementary schools with the America Reads and America Counts Programs.

A student's work schedule and hours may vary according to the amount of the Work-Study award. Students are paid hourly, and rates of pay may vary.

## Loans

**Federal Direct Loan Program:** The Direct Loan Program provides low-interest loans to students enrolled for six or more credits per semester. Payments for interest or principal do not begin until six months after the borrower graduates, drops below half-time enrollment, or leaves school. Borrowers are charged a fixed interest rate. A variety of repayment options are offered.

If the student demonstrates financial need, a portion of the loan may be subsidized, which means the Department of Education will pay the interest on the loan during eligible periods. Students who do not demonstrate financial need may qualify for a Direct Unsubsidized Loan. The interest on this loan begins to accrue from the date of disbursement.

The College receives funding for these loans directly from the United States Department of Education, and repayment is made to a loan servicer assigned by the U.S. Department of Education once the loan has been disbursed. There is no separate application. Before receiving any loan funds, first-time borrowers must complete entrance counseling and a Master Promissory Note (MPN) electronically.

**Federal Direct PLUS Loans:** A Federal Direct PLUS Loan is available to parents of dependent students and is not based upon financial need. The amount of a Federal Direct PLUS Loan may not exceed the cost of education minus any other financial aid. The parents' credit history will be reviewed to establish eligibility. A fixed interest rate will be charged. Ordinarily, repayment begins 60 days after the final loan disbursement; however, a deferment may be available while the student is enrolled in school. Students need to complete a FAFSA even if they are only applying for a PLUS loan.

## Tax Credits

The tax code provides a variety of tax incentives for families who are saving for, or already paying, higher education costs or are repaying student loans.

There is an opportunity to claim an American Opportunity Tax Credit and/or Lifetime Learning Credit for the qualified tuition and related expenses of the students in a family (i.e., self, spouse, or an eligible dependent) who are enrolled in eligible educational institutions. Different rules apply to each credit. If an American Opportunity Tax Credit is claimed for a particular student, none of that student's expenses for that year may be applied toward the Lifetime Learning Credit.

Students may be able to claim a tuition deduction of qualified education expenses paid during the year for themselves, their spouse, or their dependent. This deduction can only be claimed if one's filing status is married filing separately or if another person can claim an exemption for them as a dependent on their tax return. The qualified expenses must be for higher education.

Students may be able to deduct interest paid on a qualified student loan. And, if the student loan is canceled or forgiven, the student may not have to include that amount in income. Consult with a qualified tax advisor regarding eligibility.

## Tuition Waivers

If a student qualifies for more than one tuition waiver, the total of all waivers received cannot exceed the cost of tuition each semester.

**Categorical Tuition Waivers:** The Commonwealth of Massachusetts provides tuition waivers to (1) Veterans, (2) Native Americans, (3) Senior Citizens, (4) members of the Armed Forces, and (5) Clients of the Massachusetts Rehabilitation Commission or Commission for the Blind. Eligibility is determined by the College according to state regulations.

**City of Worcester Tuition Waiver:** The city of Worcester issues up to five 100% tuition waivers per semester, for the Fall and Spring semesters, to employees of the city of Worcester.

**DCF Adopted Child Tuition Waiver and Fee Assistance Program:** This waiver is designed to lessen the financial burden on adopting parents in the Commonwealth. This Waiver extends eligibility to all children and young adults, age 24 or under, adopted through the Department of Social Services by state employees or eligible Massachusetts residents, regardless of the date of adoption. The program provides a tuition waiver and funding towards required fees for state-supported courses from available state funds. Not all courses at QCC meet the definition of state-supported courses.

### **DCF Foster Child Tuition Waiver and Fee Assistance Program:**

This waiver is designed to provide financial support for higher education to foster children in state custody who were neither adopted nor returned home. The program provides a tuition waiver and funding towards required fees for state-supported courses from available state funds. Not all courses at QCC meet the definition of state-supported courses. Eligible students who attend full-time may also wish to apply for the Foster Child Grant, an additional grant resource, by contacting the Massachusetts Office of Student Financial Assistance or their DCF social worker.

**Higher Education Employee Tuition Waiver:** Employees of institutions of higher education in the state of Massachusetts are eligible for a tuition waiver for themselves, their spouses and their dependent children. Full-time employees may receive a 100% waiver; part time employees receive 50%.

**Human Service Provider Tuition Waiver:** This waiver is a program of the Massachusetts Council of Human Service Providers Inc. Eligible employees of certain Human Service Providers may receive a 100% tuition waiver by submitting a Certificate of Employee Eligibility for Tuition Remission approved by their Human Resources representative. Qualification of an organization as an Eligible Human Service Provider will be determined on the basis of lists of providers under contract with the Commonwealth that are maintained by the Comptroller of the Commonwealth.

**Massachusetts National Guard Tuition Waiver:** Certain eligible members of the Massachusetts National Guard may receive a 100% tuition waiver for up to 30 credit hours per school year. A certificate for this waiver must be issued by the member's unit Administration or Education office.

**Need Based Tuition Waiver:** This waiver is a state-funded program available to needy Massachusetts residents attending public colleges and registered for at least three credits. Eligibility is determined by the College according to state regulations. If students receive any other type of tuition waiver they may not receive this need-based tuition waiver as well. The amount of the waiver cannot exceed the cost of tuition.

**Quinsigamond Community College Full-Time Employee Tuition and Fee Waiver:** QCC employees, their spouses and their dependents are eligible for a 100% waiver of tuition charges. In addition, employees may receive a 100% waiver of educational fee charges. Spouses and dependents of employees may receive a 50% waiver of educational fee charges.

**Stanley Z. Koplik Certificate of Mastery Tuition Waiver:** Honors students who are awarded Stanley Z. Koplik Certificate of Mastery Awards by the Department of Education.

**September 11, 2001 Tragedy Tuition Waiver:** This waiver provides a 100% tuition waiver to children and widowed spouses of Massachusetts residents for any state supported course or program offered by a Massachusetts public college or university.

**State Employee Tuition Waiver:** Employees of state agencies are eligible for a 100% tuition waiver for themselves and their spouses.

**Valedictorian Program Tuition Waiver:** Honors students who were designated as valedictorians by a Massachusetts High School.

## Scholarships

Please note: All scholarships are subject to available funding.

**Amy H. Carberry Endowed Scholarship:** Awarded to an exemplary student, preferably a single parent, with demonstrated financial need who is studying the arts or participating in arts activities.

**Andreana Grimaldo STEM Scholarship:** The Andreana Grimaldo STEM Scholarship provides a scholarship to a deserving student who are passionate in furthering their education in a STEM field. Andreana was her students' biggest cheerleader, and this scholarship will continue her life's mission of supporting and encouraging students to get involved in mathematics and science studies. Awarded to students majoring in STEM programs, with a preference for engineering. Special consideration is given to students who are single parents or who are primary caregivers.

**Ann R. Carroll Scholarship:** Established by QCC to recognize Ann Carroll's 25 years of distinguished service to the College. Ms. Carroll retired as Vice President of Enrollment and Student Services. Awarded to a student leader involved in QCC Athletics or an approved QCC Student Club or Activity.

**Aram and Mary Tashjian Scholarship:** Awarded annually in the Fall and Spring to a deserving QCC student in the Human Services program or pursuing Psychology or Social Sciences.

**Barbara Olson and Kathy Fournier Memorial Nursing Scholarship:** Established in memory of two nurses from Harrington Hospital. The scholarship was developed to assist students pursuing a career in nursing.

**Captain James L. McDonald Memorial Scholarship:** Awarded to a student in the Fire Science Program who graduated from a Worcester Public High School.

**Carmen Tobin Nursing Scholarship:** In memory of Carmen Tobin who graduated from the Quinsigamond Community College Nursing Program, this scholarship is funded through the Greater Worcester Community Foundation and is awarded each year to assist students in achieving their Nursing degree.

**Carol Lawson Memorial Scholarship:** Established in memory of Carol Lawson who served as the Director of the QCC Early Childhood Education Lab School from 1991 to 2000. The award is given each Spring to a student in the Early Childhood Education program.

**Cornelius B. and Edna P. Spencer Scholarship:** Awarded to a student enrolled in any degree program with a commitment to community involvement and a minimum GPA of 2.5. Preference is given to US citizens, students with greatest financial need and as specified in the scholarship portal.

**DCU Last Mile Scholarship:** Funded by the Digital Federal Credit Union (DCU), this scholarship is awarded to students with financial barriers that prevent them from completing their final semester to graduate.

**The Delta Dental of Massachusetts Scholarship in Honor of Dennis J. Leonard:** This scholarship, in honor of Dennis Leonard, longtime President and CEO of Delta Dental of Massachusetts (DDMA), retired in March of 2023, supports DDMA's goal of creating greater opportunities for students to enter the dentistry profession. Preference is given to students with greatest financial need and as specified in the scholarship portal.

**Dental Hygiene Alumni Scholarship:** Awarded to dental hygiene students.

**Dr. and Mrs. Michael Theerman Scholarship:** Awarded to a student in the health professions with preference of medical assistant/medical support.

**Dr. Roger S. & Mary E. LaBonte Scholarship:** In memory of Anna (Boehnke) LaBonte, a self-educated immigrant to the United States in the 20<sup>th</sup> Century who was unable to obtain a formal education due to societal limitations of her times, which caused discrimination against many immigrants and citizens. Preference is given to single parents who are in a healthcare program, with financial need.

**The Francis A. and Jacquelyn H. Harrington Foundation Scholarship:** Awarded for credit and non-credit coursework for residents in Main South Worcester.

**Fuller Foundation Scholarship:** The Fuller Foundation has donated funds to assist non-traditional students with high academic achievement and financial need.

**Gene Haas Manufacturing Scholarship:** Funded by the Gene Haas Foundation and awarded to students in the manufacturing program.

**Heiten Auto Tech Scholarship:** Awarded to an Automotive Technology student.

**Hermann Foundation Scholarship:** Awarded to a student with financial need and academic achievement.

**Jack and Steven Toney Memorial Scholarship:** Established through donations and awarded in memory of Jack Toney and Steven Toney, sons of QCC's former vice president of academic affairs, Pat Toney.

**J. Allan Chupka Memorial Scholarship:** Established in the memory of J. Allan Chupka, who served as Registrar and later as Chairperson of the Business Department at Quinsigamond Community College. This scholarship is open to all full-time students at Quinsigamond Community College. The award is based on academic achievement and financial need.

**Jeanne Remillard Curtis Nursing Scholarship:** Awarded to students enrolled in the Nursing Program.

**Jessica Simone Memorial Scholarship:** Awarded to a student with financial need and a minimum GPA of 3.0. Preference given to single parents.

**Kathleen Griffin Jennings Nursing Scholarship:** Awarded to a non-traditional nursing student in the Nursing Education program with demonstrated financial need.

**Kerri Coleman Basic Needs Scholarship:** The Kerri Coleman Basic Needs Scholarship is in memory of Bonnie Coleman's daughter, who passed away during Bonnie's nearly 40 year tenure at Quinsigamond Community College. This is a basic needs scholarship open to all QCC students.

**Kodandapani Family Endowment Scholarship:** This endowed fund provides scholarships to students in financial need studying at QCC. Preference is given to meritorious students (GPA of 3.2 and above) who are first in their family going to college and in any of the following associate degree programs: Computer Information Technology, Engineering and Engineering Technology, and Healthcare.

**Liz R. Pape Scholarship:** The Liz R. Pape Scholarship supports STEM and Education majors, with a preference given to first-generation students who embody Liz's spirit of innovation, service, and perseverance - and who are committed to making a difference in their communities.

**Liz Woods Scholarship:** In honor of Liz Woods' many years of service to QCC. Awarded to single parents.

**Luzviminda Dy Recla Scholarship:** Awarded to an Engineering Student with financial need.

**Maykel Family Scholarship:** Awarded to a Dental Hygiene student.

**Megan Rae Fitzgerald Scholarship:** Established in Megan's memory, in honor of her caring heart and commitment to helping others. Awarded to nursing students with financial need who are US citizens.

**Olga Lopez-Hill Scholarship:** Awarded to a student involved in community service.

**Patricia Lamusta Memorial Scholarship:** Established in memory of Patricia Lamusta, who served as a secretary in the Registrar's Office at Quinsigamond Community College. Open to students in the Business Administration Career and Administrative Professional degree or Clerical Office certificate programs.

**Paul Connell Memorial Scholarship:** Awarded in memory of QCC Professor Paul Connell.

**Professor Paul Rossman History/Political Science Memorial Award:** Awarded to a student who is passionate about Political Science or History and has a minimum GPA of 3.00.

**QCC Employee Memorial Scholarship:** Funded by donations made in memory of QCC employees.

**QCC Foundation Scholarships:** The QCC Foundation Scholarship program awards students for academic achievement and considerable financial need. Visit the QCC website to read more and apply.

**Quinsigamond Community College Alumni Association Scholarship:** Funds are raised through the efforts of QCC alumni to support current students.

**Radiologic Technology Scholarship:** Awarded to Radiologic Technology students.

**Rev. Dr. Martin Luther King, Jr. Scholarship:** The Rev. Dr. Martin Luther King, Jr. Scholarship is awarded each Fall to a student who represents the ideals of the Reverend Dr. Martin Luther King, Jr., nominated by members of the QCC community.

**RISE Campaign Endowed Scholarship:** Funds raised through the RISE (Regional Investment in Service and Education) campaign.

**Robert Mortell Memorial Scholarship:** Awarded to a student in either the Fire Science, Criminal Justice or Emergency Medical Services programs who have high academic achievement and financial need.

**Roland Lajoie Scholarship:** Established in memory of faculty member Roland Lajoie. This scholarship is awarded to a student enrolled in a humanities or social sciences academic program. The student must have completed 12 credits, maintained a 3.00 GPA or better and demonstrate financial need.

**Ronald E. Josephson '70 Memorial Scholarship:** In memory of QCC's dear friend, alumnus, Guardian and colleague Ron Josephson. Awarded to students in the Electronics Technology programs.

**Ruth C. Pelkey Memorial Nursing Scholarship:** Awarded in the Fall and the Spring of each academic year to a prospective QCC Nursing IV student.

**SALMON Health and Retirement Nursing Scholarship:** SALMON has partnered with QCC to offer two \$5,000 scholarships to current nursing students. Preference is given to current SALMON employees. A commitment for employment with SALMON is required for acceptance of this scholarship.

**Santander Scholarship:** Awarded to First-generation college students with financial need.

**Sharon Kerr Richardson Scholarship:** Awarded to a Dental Hygiene student with financial need.

**United Parcel Service (UPS) Scholarship:** Awarded to students with high academic performance and financial need.

**The Weiss-Belding Scholarship in Social Sciences:** Established in memory of Meredith Anne Weiss, who served in both administrative roles and as Social Science faculty at QCC from 1979 to 2020. Awarded to students in the Social Sciences with financial need.

**Worcester City Hospital School of Nursing Alumni Scholarship/ Claire E. Hayes RN Scholarship:** Awarded to an LPN student with a minimum GPA of 3.00 and a resident of Worcester County. Preference is given to a graduate or relative of a graduate of the Worcester City Hospital School of Nursing.

**Worcester City Hospital School of Nursing Alumni/Mary Clifford RN Scholarship:** Awarded to an RN student with a minimum GPA of 3.00 and a resident of Worcester County. Preference is given to a graduate or relative of a graduate of the Worcester City Hospital School of Nursing.

**Worcester Rotary Club Scholarship:** Awarded to non-traditional students.

**Working Towards a Bright Future in Honor of Paul J. Brown, Jr Scholarship:** Designed to empower individuals by supporting their ability to gain career training and enter the workforce as well as advance along a career pathway. Supports students in the SNAP Path to Work program and Workforce Development students who are dealing with the “cliff effect.”

# Satisfactory Academic Progress

Federal regulations require students to maintain satisfactory academic progress toward the completion of their degree or certificate program in order to qualify for financial aid. Financial Aid applicants will be reviewed at the end of each payment period to determine if the standards are met. For most programs, a payment period is a semester. For the Nurse Education – Advanced Placement LPN, and Nurse Education – Advanced Placement Paramedic programs, the payment period may encompass more than one traditional semester. Students in these programs should contact Financial Aid for assistance in determining changes to their status while enrolled in these programs.

To facilitate the transition to a new student information system, QCC will assess SAP in August 2026 for any student who:

- has not previously had a SAP assessment (or was not assessed after their most recent semester attended), and
- who was enrolled prior to September 2026.

This assessment will be performed regardless of their status as a financial aid applicant.

## Important Definitions

Academic Progress is based on all terms of enrollment. The review will be performed on the student's entire QCC academic transcript, regardless of whether or not financial aid was received or whether the Fresh Start Option was granted.

### Attempted Credits:

- All credits in which a student was registered at the end of the add/drop/swap period, including those with grades of "F", "W", "X", "I", "IR", and "WA", including all attempts at repeated courses
- All earned credits (e.g., transfer credits and credits earned through prior learning)

### Earned Credits:

- Courses that a student has completed and for which he or she has earned credit
- Repeated courses where credit has been earned may only be counted once
- Transfer credits
- Credits earned through prior learning (e.g., challenge exams, portfolio assessment, or CLEP/Advanced Placement)

Audited (AU) classes are not considered attempted or earned and are not eligible for financial aid.

## Criteria

Student progress will be measured based on the total number of attempted credits on the transcript at each review. Student records will be reviewed against all three of the following criteria:

### I. Minimum Cumulative Grade Point Average (GPA)

Total Attempted Credits	Cumulative GPA
1 - 15	1.50
16 or more	2.00

### II. Minimum Earned Credits (Completion Rate)

Calculated by taking "Total Earned Credits" divided by "Total Attempted Credits".

Total Attempted Credits	Completion Rate
1-15	50%
16 or more	66.67% (two-thirds)

### III. Maximum Time Frame

Students must complete their certificate or degree program by attempting no more than 150% of the total credits required for that program. If the student is not enrolled in a program at the time the assessment is completed, a determination will be made using the General Studies program degree requirements. All attempted coursework that has been or could be applied to the student's current major according to the degree audit will be counted toward the maximum timeframe calculation. Up to 30 credits of developmental courses (courses numbered below 100) and all English as a Second Language (ESL) coursework will be excluded from this calculation.

**Example:** A student is in an associate degree program that requires a total of 62 credits. He has a total of 85 applicable credits attempted at the end of the academic year. He needs 15 more credits to complete the program. The student cannot complete the program within the maximum time frame (62 credits X 150% = 93 credits and he needs 85 + 15 = 100 credits). He is no longer eligible for financial aid funding.

## Satisfactory Academic Progress Statuses

**Good:** The student has met **all three** of the Satisfactory Academic Progress criteria.

**Warning:** If students do not meet the GPA or Completion Rate standards, they will be placed on Warning for one semester. They are still eligible for financial aid, but if they do not meet the standards during their Warning semester, they will be placed on Suspension. If students meet the Satisfactory Academic Progress standards during their Warning semester, they will return to Good standing.

**Suspension:** If students do not meet **all** of the Satisfactory Academic Progress criteria following a Warning or Probation semester, they will be placed on Suspension. They will also be suspended if they do not meet the Maximum Time Frame Criteria. While on Suspension, students are not eligible for any form of financial aid, including student loans. If they are academically dismissed from the College, they will be placed on Suspension.

**Probation:** If students appeal a Suspension and it is approved, they will be placed on Probation for at least one semester, during which time they will be considered for financial aid. Their progress will be reviewed at the end of each Probationary semester. If students meet the standards, they will return to Good standing. If they meet the terms of their academic plan but fail to meet the overall Satisfactory Academic Progress policy criteria, they may remain on Probation as stated in their academic plan. If the standards are not met, they will be placed on Suspension.

## Appeal Process

Students may appeal a Suspension, in writing, if they have an extenuating circumstance that prevented them from meeting the Satisfactory Academic Progress criteria. To do this, they must complete the following steps:

- 1. Complete all applicable steps on the Suspension Appeal Form**, which is located on *The Q*. You will need to log in to *The Q* to complete this form.

- 2. Provide documentation, if required.** Students appealing for the first time will not require documentation unless the Financial Aid reviewer determines it is needed on a case-by-case basis. If a student has had an appeal approved at QCC before, supporting documentation will be required. Documentation should support the circumstances described in your appeal and, where appropriate, how they have been resolved to allow you to attend school successfully going forward.

## Regaining Eligibility for Financial Aid Without an Appeal

Students may be reconsidered for funding after they have successfully completed at least one semester without the benefit of financial aid. To return to Good standing, students must again meet all of the criteria described above and notify the Financial Aid Office that they would like to have their eligibility for funds re-evaluated. If they successfully complete at least one semester without the benefit of financial aid but do not meet the criteria, they may submit a complete appeal for consideration.

Students are responsible for notifying the Financial Aid Office if they receive a grade change that results in meeting the standards for Satisfactory Academic Progress.

# Academic Information

Quinsigamond Community College (QCC) offers over 100 associate degree and certificate study options in the areas of: Applied Technologies; Business, Financial and Hospitality Management; Computer and Information Technology; Education; Healthcare; Installation, Maintenance and Repair Technology; Liberal Arts and General Studies; Mathematics, Sciences, and Engineering; and Public and Social Services. The College can prepare students for transfer to a bachelor level program at a four-year college or university, or for immediate entry into a career field after graduation. If one enrolls as a full-time student in the day, he or she can expect to complete an associate degree in two years. Most certificate programs can be completed in two semesters or less of full-time study. Opportunities for part-time study exist in both the day and evening, on weekends, and during the Summer. If one enrolls as a part-time student, the length of time it takes to complete the associate degree or certificate program will depend upon his or her course load each term.

At QCC, the academic year consists of a Fall and a Spring semester, each of which is approximately 15 weeks long. Fall classes begin in September and continue through mid-December; Spring classes begin in late January and end in early May. There are two short terms in each semester (Fall and Spring) that are seven weeks long: Fall 1 classes begin in September and end in late October, followed by Fall 2 that ends in December; Spring 1 classes begin in late January and end in early March, followed by Spring 2 that ends in early May. The Summer sessions begin in late May and continue through August.

A student must be enrolled for a minimum of 12 credits each semester to be considered a full-time student; if a student enrolls for fewer than 12 credits, he or she is considered a part-time student. QCC has a maximum credit registration policy. If a student wishes to register for more than 19 credits in any semester, he or she must obtain the prior approval of the Vice President of Academic Affairs.

Any student who has completed fewer than 30 credits of coursework is considered a Freshman; a student who has completed at least 30 credits is considered a Sophomore.

## Degree Requirements

The Massachusetts Department of Higher Education has statutory authority to confer the associate degree through the individual community colleges. Upon the recommendation of the faculty, qualified candidates are awarded the degree of Associate in Arts (A.A.), Associate in Science (A.S.), or Associate in Applied Science (A.A.S.) at QCC. The College also awards certificates in various fields.

To qualify for an associate degree or certificate, the student must satisfy the following requirements:

- Apply for, and be admitted to, an associate degree or certificate, program offered by the College;
- Complete the required courses and the specified number of credit hours for the program in which he or she the student is enrolled;
- Maintain a Quality Point Average (QPA) of at least 2.0; and
- Earn a minimum of 25% of credits in residence at QCC in the degree or certificate being conferred;
- Only 25% of credits in certificates with 30 or fewer credits can be from Credit for Prior Learning (CPL);
- CPL and articulated credits from QCC non-credit courses are not considered as credits in residence;
- Satisfy all financial obligations to the College.

Students completing all requirements for a certificate program while enrolled in an associate degree program may apply for that certificate program and also continue in the associate degree program.

Associate degrees and certificates are conferred three times a year - after the Fall and Spring semesters, and after the Summer session. Commencement Exercises are held once a year, at the end of the Spring term. All students who complete associate degree or certificate requirements in the Summer, Fall, or Spring will have their names included in the Commencement Program and will be eligible to participate in the Commencement Ceremony.

## Residence Requirement

A minimum of 25% of the credit hours in the degree or certificate being conferred is required to fulfill the College residency requirement. The balance of credits may be drawn from regionally accredited postsecondary institutions and/or credit by examination in applicable situations. Only 25% of credits in certificates with 30 or fewer credits can be from Credit for Prior Learning (CPL). CPL and articulated credits from QCC non-credit courses are not considered as credits in residence.

## Credit Hour Definition

The College follows the Carnegie Unit for credit. Students are expected to spend a minimum of 45 hours of work for each credit. The most common breakdown for one credit is one hour of class instruction and two hours of homework for 15 weeks each semester. A three credit course demands nine hours each week.

## Earning a Degree in Two Programs

If the student receives an associate degree from QCC and wishes to qualify for an associate degree in another program, he or she must complete all major course requirements in the second program, as well as meet the residence requirement of the College.

## Criminal Offender Record Information and Sex Offender Registry Information Checks (CORI/SORI)

In order for a student to be eligible to participate in an academic, community or clinical program that involves potential unsupervised contact with children, the disabled, or the elderly, the student may be required to undergo a Criminal Offender Record Information (CORI) check and/or a Sex Offender Registry Information (SORI) check. Students found to have certain criminal convictions or pending criminal actions will be presumed ineligible to participate in such activities; therefore, the student may be ineligible for clinical placement, and as a result unable to continue in the program. The College is authorized by the Commonwealth's Criminal History Systems Board, pursuant to Massachusetts General Laws, Chapter 6, Sections 167-178B, to access CORI records. The College shall refer to regulations issued by the Commonwealth's Executive Office of Health and Human Services, 101 Code of Massachusetts Regulations 15.00-15.16, as guidance when assessing student CORI records. Sex Offender checks shall be performed pursuant to Massachusetts General Laws, Chapter 6, Sections 178C-178P. Students should notify the Dean of Students if a change occurs during College enrollment.

## Health Program Policy

Policies of QCC health programs are comprehensive, provide for the welfare of faculty and staff, and are consistent with those of the governing organization; however, differences in policies may occur as justified by the goals and outcomes of the specific health program.

## Credit for Prior Learning (CPL)

Credit for Prior Learning is a way for students to earn college credit for prior learning acquired through work experience, military experience, industry credentials, and by taking national exams. Credit may be earned in a variety of ways, including credentialing, portfolio assessment, and various competency examinations. For additional information regarding Credit for Prior Learning, contact [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) or visit [www.QCC.edu/prior-learning-credit](http://www.QCC.edu/prior-learning-credit). To start an application for CPL visit <https://myexperiencecounts.mass.edu/>.

**Note:** Credentialing, Portfolios and Challenge Exams receive a "P" grade which may not be accepted at other institutions, consult with the institution for their transfer policy.

**Credentialing:** This is the process of earning credit for structured learning experiences in non-collegiate institutions or through current articulations that QCC has. Accreditation occurs through establishing an equivalency between the non-collegiate course and a QCC course. Some examples include CNA certifications and numerous articulations with the Massachusetts Firefighting Academy. Program restrictions may apply.

**BYU Flats:** The Brigham Young University (BYU) Foreign Language Achievement Testing Services (FLATS) provides students who receive a passing score, the opportunity to receive up to 12 credit hours in a foreign language. The FLATS are offered in over 50 languages.

**Seal of Biliteracy:** Students who have earned the State's Seal of Biliteracy or Seal of Biliteracy with Distinction on their high school transcript may receive 9 to 12 credits of foreign language credit.

**Portfolio Assessment:** Based on experience, students may be approved to create a portfolio to document their skills and competencies attained through non-collegiate training and/or work experience. This documentation is reviewed and evaluated by a QCC faculty member who measures demonstrated learning outcomes against established academic standards. Program restrictions may apply.

**Advanced Placement (AP):** QCC awards credit to students who score three or higher on the Advanced Placement (AP) examinations, administered by the College Board. The Official Grade Report must be provided by the College Board and submitted to the Center for Career and Transfer Services.

**Challenge Examinations:** These examinations enable students to earn credit for courses listed in the QCC Catalog by taking a test developed and administered by a QCC faculty member. Generally, a student may not request a Challenge Examination when other proficiency examinations, such as the College Level Examination Program (CLEP) or the DANTES Subject Standardized Test (DSST), are available, or to replace a failed course or to raise a low grade. Program restrictions may apply.

**College Level Examination Program (CLEP):** QCC has standing articulations for most CLEP exams and will award academic credit to students who achieve scores at or above the 50th percentile. CLEP examinations are offered in English, humanities, mathematics, and social science/history. A maximum of 32 credits will be awarded for all of the general exams, if the appropriate score is achieved. Students must provide the official CLEP transcript to the Center for Career and Transfer Services. Program restrictions may apply.

**DANTES Subject Standardized Test (DSST):** QCC has standing articulations in place for most DSST exams and will award academic credit to students who achieve scores at or above the 50th percentile on the DSST exam, administered through Educational Testing Service (ETS), which covers a wide range of technical, business and academic subjects. Students must provide an official DSST transcript to Center for Career and Transfer Services. Program restrictions apply.

#### College Credit for Military Coursework, Training and Experience Policy

QCC awards academic credit towards degrees and certificates for a student's previous military training, coursework and experiences, based upon the institution's admission standards, the student's program of study, and consistency with the mission of the Commonwealth's system of higher education through the American Council on Education's (ACE) evaluation of the Joint Service Transcript (JST). Students who attended the Community College of the Air Force should bring official transcripts to the Registrar's Office for evaluation.

### Assessment of Student Learning

QCC employs the traditional practice for assessment of student learning wherein the quantity of learning is measured by the number of credits (semester hours) earned, and its quality is recognized by an award of a grade for the learning experience. The design of this College practice shall be, so far as practicable, responsive to the needs of students enrolled in a course or program. The status of the student in a program shall be determined by accumulated course grades earned.

### Grading Policy

1. The grading policy shall be in conformity with the College mission of access and quality.
2. Grades shall be awarded only for demonstrated student learning.
3. Program goals shall be achieved through successful completion of established learning outcomes of educational experiences in the program.

4. Learning outcomes of educational experiences shall constitute the basis for assessing student learning.
5. The criteria for assessing learning outcomes shall be as objective as possible.

### Grading System

The individual faculty member may determine what numerical equivalent, if any, to assign to the various grade designations. Faculty may use an absolute numerical value or they may grade on the class average. The following table indicates recommended but non-mandatory numerical/letter equivalents for awarding grades. Note: The quality point for each letter grade is College-wide policy, not merely recommended as a guideline:

Academic	Grades	Quality	Points
A	95-100	Outstanding	4.00
A-	90-94		3.70
B+	87-89		3.30
B	83-86	High Quality	3.00
B-	80-82		2.70
C+	77-79		2.30
C	73-76	Average	2.00
C-	70-72		1.70
D+	67-69		1.30
D	63-66		1.00
D-	60-62		0.70
F	Failed		0.00

The status of the student may also be indicated by the following designations which will not be computed in the QPA.

- **"I"** - The student has satisfied the major requirements of the learning experience, as judged by the instructor, and can complete the assigned work by the end of the 12th week of the following full semester.
- **"I/R"** - The student has agreed to repeat the course within the following year. Not computed in the QPA until converted to an academic grade.
- **"AU"** - The student is registered in the learning experience as an audit student. Not computed in the QPA.
- **"W"** - The student has officially withdrawn on his or her own from the learning experience. Not computed in the QPA.
- **"WA"** - The student has been withdrawn administratively for failure to fulfill financial or immunization obligations or for medical or disciplinary circumstances. Not computed in the QPA.

- **“X”** - The student has not officially withdrawn from the learning experience, and the instructor has judged there is insufficient basis for evaluation. The “X” grade is considered an indication of unsatisfactory academic progress for financial aid purposes.
- **“P”** - The student has satisfactorily completed the learning experience with a “C” grade or higher. Not computed in the QPA but computed in credits attempted.
- **“Q”** - The student has registered for a course with a laboratory or clinical component and the grade is reflected in the overall course grade.

## Grading Regulations

1. The letter grades “A”, “B”, “C”, “D”, and “F” shall be awarded for learning outcomes for an educational experience achieved through alternate delivery systems only if a QCC faculty member is responsible for the entire experience. The letter grade of “P” shall be awarded for acceptable learning outcomes for a prior learning experience.
2. The grade of “I” will be converted to an academic grade by the end of the 12th week of the following full semester. Students who have not completed the course requirements by the end of the 12th week will have the course grade changed to “F”.
3. When a grade of “I” is issued, the instructor will indicate on the In Progress/Incomplete Grade form which assignments will remedy the deficiency, or that the course is to be repeated (I/R). This form will be filled out on *The Q* by the instructor. The Registrar’s Office will forward a copy of the form to the student when the grade is updated to an Incomplete (I) or Incomplete Repeat (I/R).
4. When a grade of “I/R” is issued and the course is not repeated successfully within the following year, the grade of “I/R” will be converted to an academic grade of “F”.
5. If an instructor wishes to use “P” instead of “A”, “B”, or “C” as a final grade, he or she must receive written permission from the Vice President of Academic Affairs before the beginning of the semester.
6. Instructors’ course requirements, expected learning outcomes, methods of evaluation, and attendance policy will be published in writing and will be submitted to students by the end of the first week, or equivalent, of class.
7. Evaluation of the student learning will be made according to the instructor’s stated learning outcomes.
8. Auditors do not receive official grades on examinations or other class assignments, although they may be asked to fulfill all course requirements. No change to or from audit status will be permitted after the first 10 weeks of class (or equivalent class hours).
9. If a course is repeated, only one grade will be used in computation of the QPA. However, both the original and the second grade earned will remain on the student’s permanent record.
10. Students may add or drop courses during the add/drop/swap period, in accordance with the established procedure. The add/drop/swap Period is posted on the Academic Calendar.
11. A student may withdraw without penalty through the 10th week (or equivalent) of class. Thereafter, if a student withdraws from a course, the instructor may award a “W” if work is passing or an “F” if work is not of passing quality. Students withdrawing from the College are included under this regulation.
12. A student intending to withdraw from a course after the add/drop/swap period must initiate the process before the last day of the term as follows:
  - a. After the add/drop/swap period but before the 10th week (or equivalent) of class, the student must complete the online Withdrawal Request Form found on the Registrar’s page on *The Q*. The Registrar’s Office will process the course withdrawal with a grade of “W” within 24-48 business hours. The student must be logged into *The Q* to submit the form.
  - b. After the 10th week (or equivalent) of class, the student must complete the online Withdrawal Request Form found on the Registrar’s page on *The Q*. The Registrar’s Office will work with the instructor to determine if the student withdrew while passing or withdrew while failing. A grade “W” or “F” will be assigned. The student must be logged into *The Q* to submit the form.
13. Any student in an educational or vocational training institution who is unable because of his or her religious beliefs to attend class or to participate in any examination, study or work requirement on a particular day shall be excused from any such examination or study or work requirement, and shall be provided with an opportunity to make up such examination, study or work requirement that he or she may have missed because of such absence on any particular day; provided, however, that such a makeup examination or work shall not create an unreasonable burden on such school. The institution, for making available to the said student such opportunity, shall charge no fees of any kind. No adverse or prejudicial effects shall result to the student because of his or her availing himself or herself of the provisions of this section. (Section 2bn, Chapter 151C, Massachusetts General Law).

## Academic Standing Policy

Quinsigamond Community College is committed to the academic success of its students. Students are required to maintain a GPA of at least a 2.0 (C average) to remain in good academic standing. If a student's cumulative GPA falls below 2.0, they will be on either "Academic Notice" or "Academic Pause" status, as outlined below. Students will be notified of their status via mail to their home address on record and via email to their QCC student email.

### Academic Notice:

Students who have a cumulative GPA under 2.0 at the end of a fall, spring, or summer semester will be placed on "Academic Notice." Students placed on Academic Notice will need to meet with an advisor to discuss their academic plans before they can register for the next semester. Students on Academic Notice status will work with their advisor and campus resources to get back into good academic standing.

If a student is on Academic Notice for more than 1 semester, their status will update from "Academic Notice" to "Academic Notice 2" and "Academic Notice 3" at the end of their 2nd and 3rd semesters with a cumulative GPA under 2.0 and semester GPAs under 2.2. Students on Academic Notice 2 or 3 may have registration restrictions.

### Extended Academic Notice

If a student has a cumulative GPA under 2.0, but a term GPA of 2.2 or higher, they will qualify for "Extended Academic Notice," meaning they can continue taking courses without going into Academic Pause status. Students may be eligible for multiple

semesters on Extended Academic Notice. If a student is on Extended Notice for multiple semesters their Academic Notice level will remain the same.

### Academic Pause:

If a student's cumulative GPA stays below 2.0 for 3 consecutive semesters (not including intersession) and they do not qualify for Extended Academic Notice, at the end of their semester on Academic Notice 3 they will be placed on "Academic Pause" status. Students on Academic Pause must take 1 semester away from QCC. After 1 semester away, a student on Academic Pause can re-join QCC by contacting Academic Advising and meeting with an advisor. Students who wish to return must follow guidelines stated in the Academic Pause letter. Returning students will come back on Academic Notice 3 and will be governed by the rules of "Academic Notice" until their GPA returns to Good Standing. A returning student must earn a term GPA of 2.2 or higher to continue or they would fall back onto Academic Pause status.

### Notes:

- Cumulative GPA is based on letter grades earned at QCC only.
- A 2.0 minimum GPA is required to graduate from all QCC degree and certificate programs.
- Federal Financial Aid has its own regulations and eligibility rules, and these standards are separate from the College's policy on Academic Standing. Please see Financial Aid for more information.
- Some QCC programs may have more specific requirements. This policy does not supersede the policy of any specific program, degree, or certificate. Refer to your program's handbook for specific details.

	Academic Good Standing	Academic Notice	Extended Academic Notice	Academic Pause
GPA Range	Cumulative GPA 2.0-4.0	Cumulative GPA 0.0 - 1.99	Cumulative GPA 0.0 - 1.99, AND most recent term GPA of 2.2 and above	Cumulative GPA 0.0 - 1.99 AND 3 Consecutive Semesters on Academic Notice, without qualifying for Extended Academic Notice
Explanation	A student with a Cumulative GPA of 2.0 or greater is in Good Academic Standing, regardless of Term GPAs that may be below 2.0.	A student with a Cumulative GPA below 2.0 will be placed on "Academic Notice" <b>Academic Notice 1:</b> first semester of Academic Notice Status. Students need to meet with an advisor to register for the next semester. <b>Academic Notice 2:</b> second consecutive semester of Academic Notice. Students need to meet with an advisor to register for the next semester. Credit restrictions may apply. <b>Academic Notice 3:</b> third consecutive semester of Academic Notice. Students need to meet with an advisor to register for the next semester. Credit restrictions may apply. If a student does not qualify for Extended Academic Notice at the end of the semester, they will be placed on Academic Pause.	A student with a cumulative GPA under 2.0, but a term GPA of 2.2 or higher will qualify for "Extended Academic Notice". Students on this status can continue taking courses without going into Academic Pause status. A student's Academic Notice level will not progress higher while they are on Extended Academic Notice.	Students on Academic Pause must take 1 semester away from QCC. After 1 semester away, a student on Academic Pause can re-join QCC by contacting Academic Advising and meeting with an advisor. Students who wish to return must follow guidelines stated in the Academic Pause letter. Returning students will come back on Academic Notice 3 and will be governed by the rules of "Academic Notice" until their GPA returns to Good Standing. A returning student must earn a term GPA of 2.2 or higher to continue or they would fall back onto Academic Pause.

## Fresh Start Option

QCC has a “fresh start” option for students who are seeking readmission. Once in a lifetime, if a student returns to QCC, after being away for at least two consecutive years, he or she can elect the “fresh start” option. The QPA will be calculated only from the point the student is readmitted for the purposes of the College’s academic standing policy. However, the student’s previous academic work will remain on his or her transcript as a matter of record. The student’s previous coursework can be applied toward another degree under this policy, but will not be calculated in the QPA. The student must complete a minimum of 15 credits in the new program. The student’s official transcript will include a statement explaining this “fresh start” option. For additional information, contact the QCC Registrar’s Office.

## Petition Process

If the student believes there are unusual or extenuating circumstances which justify an exception from an academic regulation (e.g. graduation course requirement), the student can obtain a Student Petition form from the Registrar’s page on *The Q*. After completing the form, it must be returned by email to the Registrar’s Office; the form will be forwarded to Academic Affairs for a final decision on the appeal.

## Request to Change Study Option

The student can request to change from one associate degree or certificate program to another by completing a Study Option Change Request. This form is available in the QCC Admissions Office (Welcome Center, HLC, 2nd Floor) or in the QCC Advising Center (Welcome Center in the Harrington Learning Center) at QCC Worcester (Main Campus). In order to be approved to change from one academic program to another, the student must meet the minimum academic admissions requirements for the program he or she is requesting to enter.

## Course Changes

Students should have their semester course schedule in final form by the end of the registration period. If the student wishes to make a change in his or her schedule, he or she must contact the QCC Registrar’s Office or the QCC Advising Center during the add/drop/swap period. However, it may not be possible to accommodate every request for a course or section change.

Please note that under certain circumstances, course modalities may need to be modified to ensure the safety of our campus community and/or the professor’s ability to continue instruction and complete courses and academic semesters.

## Repeating a Course

If the student repeats a course, only one grade will be used in the computation of the QPA. However, both the original and the second grade earned will remain on the student’s permanent record. It is important to note, however, that the College’s standards of satisfactory academic progress for federal financial aid requires that the student complete his or her program within 150% of the credits required for that program. Too many repeat courses will have an impact on this requirement. All courses attempted, including withdrawals, are counted toward the 150% calculation.

## Progress Reports

During the eighth week of classes each semester, the student’s mid-semester progress grades are available on *The Q*, the College’s Student and Faculty Portal. Progress grades are intended only as indicators of student progress in specific courses.

## Restricted Courses

To ensure the availability of required courses for students enrolled in specific programs, certain courses may be designated as “restricted”.

- Restricted courses will be identified by the Vice President of Academic Affairs or designee.
- Admission will be prioritized according to criteria set by the Vice President of Academic Affairs or designee as follows:
  - a. Students enrolled in the program.
  - b. Students on the related QCC program waiting list; and other students (with the approval of the Vice President of Academic Affairs or designee).

## Sequential Courses

In curricula where sequential courses must be arranged in the order of difficulty, the beginning courses will present a basic knowledge of the discipline, including the philosophy, techniques, and terminology as appropriate; and the contents of the succeeding courses will be based upon that knowledge. A course prerequisite will be established when a body of knowledge or skills level is necessary for a sequential course.

- Any student registered for a course for which he or she does not have the listed prerequisite will be withdrawn from that course.
- The School Dean or a designee will place the incoming student at the appropriate academic level according to his or her demonstrated performance or achievement.

- In sequential courses, where the first semester course is a prerequisite for the second semester course, a student receiving a 12 week “I” must petition the appropriate School Dean for admittance to the sequential course.
- If a student has achieved Advanced Placement (AP) and wishes credit for previously acquired skills in that subject, he or she must apply to Career Services & Credit for Prior Learning (Room 272, Administration Building) at QCC Worcester (Main Campus) for credit prior to completion of the course.
- A matriculating student who has earned credit in a course with a prerequisite may not subsequently enroll in or receive a grade in the prerequisite course.
- The School Dean or designee will annually review course sequencing and prerequisites to assure their continuing validity.

## Withdrawal From the College

To officially withdraw from the College, the student must initiate the process by completing the online Withdrawal Request form on *The Q* by selecting the option to withdraw from all enrolled courses for the semester. If the student withdraws after the 10th week or equivalent and before the final evaluation period, he or she will receive grades from his or her instructors in accordance with the College’s grading policy.

If the student has to withdraw due to medical reasons, he or she should make a request for information to the Vice President for Enrollment Management, Student Engagement and Community Connections (Room 133, Administration Building) at QCC Worcester (Main Campus). The Vice President will consult with appropriate personnel at the College, as well as the medical services provider of the student. After consultation, he or she will inform the student of the decision. If circumstances warrant, a process for future readmission will also be communicated.

If the student is receiving financial aid, he or she is advised to consult with the QCC Financial Aid Office (Welcome Center on the 2nd floor of the Harrington Learning Center) at QCC Worcester (Main Campus) prior to withdrawal. Financial aid may be reduced and future eligibility could be impacted as a result of withdrawal from the College, or individual course withdrawal.

## Student Honors

QCC recognizes the academic achievement of its students each semester. Students who meet the following criteria are eligible for recognition:

- All grades must be “C” or higher. (No grades of “I” or “X” are permitted).
- Semester QPA must be 3.50 or higher, and cumulative QPA

must be 2.00 or higher.

- All courses must be college level.

**Dean’s List:** Students who meet the stated criteria and have earned 12 or more credits in a given semester are named to the Dean’s List.

**Merit List:** Students who meet the stated criteria and have earned six or more credits in a given semester, but fewer than 12 credits, are named to the Merit List. Individual honors are noted on the student’s transcript each semester.

**Phi Theta Kappa (PTK):** The mission of PTK is to recognize academic achievement of college students and to provide opportunities for them to grow as scholars and leaders. Its purpose is to recognize and encourage fellowship and scholarship, leadership, and service among two-year college students. Each Spring, a limited number of students who have distinguished themselves at QCC are inducted into membership. QCC’s Chapter, Alpha Zeta Theta, invites twice a year – once in the Fall semester and once in the Spring semester. Students who meet the criteria and have earned 12 college credits at QCC, and also have a cumulative GPA of 3.50, will receive this invitation. The Alpha Zeta Theta Chapter is located in the QCC PTK Office, Room B57A, Administration Building on QCC’s Worcester (Main Campus).

**Who’s Who Among Students in American Community and Junior Colleges (Who’s Who):** This is one of the most highly regarded honors programs in the nation, earning the respect of college faculty and administrators. Recognition as one of the outstanding campus leaders in America is a major achievement. Each year, several QCC students are named to Who’s Who.

**Graduation Honors:** Graduation honors recognize students for their outstanding academic achievement as signified by an overall high Quality Point Average (QPA). Please note, honors indicated in the May Commencement Ceremony and Commencement program are based on the overall QPA prior to spring semester grades.

- Highest Honors : 3.6 or higher QPA
- High Honors : 3.3 to 3.59 QPA
- Honors : 3.0 to 3.29 QPA

**Human Services Honor Society:** QCC sponsors a local chapter of the National Organization for Human Services Honor Society, a national honor society in human services for community and junior colleges. The purpose of the Human Services Honor Society is to honor academic excellence; to foster lifelong learning, leadership and development; and to promote excellence in service to humanity.

**Psi Beta:** The QCC Psychology Department sponsors a local Chapter of Psi Beta, a national honor society in psychology for community colleges. Psi Beta’s mission is to encourage

professional development and psychological literacy of all students at two-year colleges through promotion and recognition of excellence in scholarship, leadership, research, and community service (Psi Beta, 2019). Our chapter regularly meets along with the Psychology Club and provides a variety of opportunities for engaging with psychology, including conducting original research, presenting at professional conferences, hosting a guest lecture series, community service, and fundraising for various community initiatives. Members of Psi Beta are recognized for their academic excellence and are eligible to win Psi Beta awards and scholarships. For additional information, email [qccpsychologyclub@gmail.com](mailto:qccpsychologyclub@gmail.com).

## Commonwealth Honors Program

QCC's Commonwealth Honors Program offers highly motivated and academically determined students an opportunity to develop their fullest potential. The Program seeks to awaken and nurture a sense of humane citizenry and community responsibility within its members. The Honors Program at QCC is the ultimate college experience. Honors courses offer the students alternative learning opportunities to enhance critical thinking skills and to better prepare students to continue their studies at colleges and universities throughout Massachusetts and the country.

### Honors Program Curriculum of Study

Four honors classes in total (students can take more):

- ENG 102, honors section (strongly recommended)
- IDS 200 Honors Colloquium (required)
- One course from the honors course offerings
- One course - honors section or honors by contract from the student's program of study

Students must obtain a grade of "B" or higher in each honors course taken to satisfy the Honors Program requirements.

Students who complete the Honors Program requirements (four classes in total, one of which must include IDS 200), and graduate with an overall QPA of 3.30 or higher, will graduate as a Commonwealth Honors Scholar, noted on their transcript.

### Admission to the Commonwealth Honors Program

To be admitted to QCC's Commonwealth Honors Program, a student must meet at least one of the following criteria:

- Current QCC students: Cumulative GPA of 3.50 (progress or final grades).
- New QCC students: High School GPA of 3.7-4.0 and placement into ENG 101, and a recommended placement of MAT 100.
- Transfer students: In good standing from another Commonwealth Honors Program.

A student who does not meet one of the above automatic admissions criteria may apply to the Honors Program Coordinator, providing other evidence of academic success, including recommendations from high school or college faculty.

To remain in good standing, and for QCC's Honors Program to be recognized as a Commonwealth Honors Program, all students, once accepted into the Honors Program, must maintain a cumulative GPA of no less than 3.30.

The Honors Program at QCC is proud to be approved by the Massachusetts Department of Higher Education as a Commonwealth Honors Program. We are part of an integrated, collaborative system-wide network of honors programs in Massachusetts public higher education.

All potential Honors students must meet with the Honors Program Coordinator. For additional information, contact Professor Jean Kennedy-honors@qcc.mass.edu or 508.854.2744.

## Career Exploration

Students can take an online Career Assessment through Career Coach to determine their strengths, then browse through occupations compatible with their interests and assessment results. To access the online assessment and for more information about particular careers and related academic programs at QCC, visit [www.QCC.edu/career-assessment](http://www.QCC.edu/career-assessment).

# Academic Programs and Work Areas by School

## School of Computing & Applied Technologies

Dean: 210A | Box: 47 | Ext: 2798    Admin Assistant: 208A  
Box: 47 | Ext: 4597

Automotive Technology  
Computer Information Systems  
Computer Science  
Computer Systems Engineering Technology  
Electronics Engineering Technology  
Heating Ventilation Air Conditioning  
Manufacturing Technology  
Utility Technology

## School of Healthcare

Dean: 207D / 419A | Box: D-2 / 21    Admin Assistant: 209D  
Ext: 7942    Box: D-2 / 21 | Ext: 4268

Dental Assisting (Includes Healthcare - Medical Sales/  
Marketing)  
Dental Hygiene (Includes Healthcare - Pre-Dental Hygiene)  
Fire Science  
Healthcare - Pre-Nursing  
Nurse Education  
Nurse Education - Advanced Placement  
Practical Nursing  
Practical Nursing - Evening

## School of Healthcare

Assistant Dean: 213D | Box: D-2 / 21    Admin Assistant: 209D  
Ext: 4531    Box: D-2 / 21 | Ext: 4268

Emergency Medical Services / Paramedicine  
First Year Experience (Healthcare Focus)  
Healthcare  
Medical Support Specialist (Includes Healthcare - Medical  
Office Management)  
Occupational Therapy  
Public Health (Includes Healthcare - Public Health)  
Radiologic Technology  
Respiratory Care  
Surgical Technology

## School of English, Arts & Humanities

Dean: 201A | Box: 36 | Ext: 7515    Admin Assistant: 203A  
Box: 36 | Ext: 4369

Deaf Studies (Includes General Studies - Deaf Studies)  
Developmental English Work Area  
English Work Area (Includes Liberal Arts - English)  
English as a Second Language Work Area  
Interactive Media

## School of English, Arts & Humanities (continued)

Liberal Arts  
Media Communications (Includes Liberal Arts - Media  
Communications)  
Music (Includes Liberal Arts - Music)  
Speech Work Area  
Theater (Includes Liberal Arts - Theater)

## School of Math, Science, & Engineering

Dean: 213A | Box: 37 | Ext: 2835    Admin Assistant: 211A  
Box: 37 | Ext: 2783

Astronomy Work Area  
Biology (Includes Liberal Arts - Biology)  
Biotechnology (Includes General Studies - Biotechnology)  
Chemistry (Includes Liberal Arts - Chemistry)  
Engineering and Biomedical Engineering  
Environmental Science (Includes Liberal Arts - Environmental  
Science)  
Healthcare Biology Work Area  
Liberal Arts - Mathematics  
Mathematics Work Area  
Natural Sciences Work Area  
Physics Work Area  
Pre-Pharmacy (Includes General Studies - Pre-Pharmacy)

## School of Business, Education, Public Service, & Social Sciences

Dean: 215A | Box: 40 | Ext: 4324    Admin Assistant: 212A  
Box: 40 | Ext: 4307

Business Administration & Related Programs  
Criminal Justice  
Dietary Management  
Direct Support  
Early Childhood Education  
Elementary Education (Includes General Studies - Elementary  
Education Transfer)  
First Year Experience  
General Studies  
History (Includes Liberal Arts - History)  
Hospitality & Recreation Management (Includes Culinary Arts)  
Human Services  
Psychology Work Area (Includes Liberal Arts - Psychology)  
Social Sciences Work Area  
Sociology Work Area (Includes  
Liberal Arts - Sociology)

# Areas of Study

Quinsigamond Community College has nine areas of study. Selecting an area of study helps students choose a major and a degree based on their interests, knowledge, skills, and abilities.

## Applied Technologies

Automation Robotics Manufacturing Technology Certificate (ARMTech) .....	52
Electronics Engineering Technology - Biomedical Instrumentation Option .....	54
Electronics Engineering Technology - Electronics Technology Certificate .....	57
Electronics Engineering Technology - Mechatronics Option .....	59
Electronics Engineering Technology - Photonics Certificate .....	62
Electronics Engineering Technology - Photonics Option ...	64
Manufacturing Technology .....	67
Manufacturing Technology - CNC Technologies Certificate .....	71
Manufacturing Technology - Computer Aided Design Certificate .....	74
Manufacturing Technology - Quality Control Option .....	76
Manufacturing Technology Certificate .....	79

## Business, Financial, and Hospitality Management

Accounting Certificate .....	81
Administrative Professional Certificate .....	83
Business Administration Career .....	85
Business Administration Career - Administrative Professional Option .....	88
Business Administration Certificate .....	91
Business Administration Transfer .....	93
Culinary Arts Certificate .....	96
Dietary Management Certificate .....	98
Entrepreneurship and Small Business Management Certificate .....	100
Foodservice Management Certificate .....	102
Hospitality and Recreation Management - Foodservice Management Option .....	104
Hospitality and Recreation Management - Hospitality Management Option .....	107
Hospitality Management Certificate .....	110
Medical Office Certificate .....	112
Supply Chain Management Certificate .....	114

## Computer and Information Technology

Computer Information Systems - Career - Enterprise Information Systems .....	116
Computer Information Systems - Data Science Certificate .....	120
Computer Information Systems - Database Certificate .....	122
Computer Information Systems - Health Information Option .....	124
Computer Information Systems - Transfer Option .....	127
Computer Information Systems - Web Applications Certificate .....	130
Computer Science Transfer .....	132
Computer Systems Engineering Technology - Computer	

Forensics Certificate .....	135
Computer Systems Engineering Technology - Computer Support Option .....	137
Computer Systems Engineering Technology - Cybersecurity Certificate .....	140
Computer Systems Engineering Technology - Cybersecurity Option .....	142
Computer Systems Engineering Technology - Enterprise Information Technology (IT) Option .....	145
Computer Systems Engineering Technology - Forensics Option .....	148
Computer Systems Engineering Technology - Help Desk Technician Certificate .....	151
Computer Systems Engineering Technology - Network Associate Certificate .....	153
Computer Systems Engineering Technology - Network Technician Certificate .....	155
Computer Systems Engineering Technology - Personal Computer Specialist Certificate .....	157
Interactive Media - Digital Design Option .....	159
Interactive Media - Game Design Option .....	162

## Education

Early Childhood Education - Birth through Eight Years Old Option .....	165
Early Childhood Education Foundational Certificate .....	168
General Studies - Elementary Education Transfer Option ..	170

## Healthcare

Dental Assisting Certificate .....	173
Dental Assisting Certificate - Weekend Option .....	178
Dental Hygiene .....	183
EMT Paramedic Certificate .....	189
Healthcare .....	193
Healthcare - Medical Office Management Option .....	196
Healthcare - Medical Sales/Marketing Option .....	199
Healthcare - Pre-Dental Hygiene Option .....	202
Healthcare - Pre-Nursing Option .....	205
Healthcare - Public Health Option .....	208
Medical Assisting Certificate .....	212
Medical Support Specialist - Medical Assisting Option .....	215
Nurse Education .....	218
Nurse Education - Advanced Placement LPN .....	223
Nurse Education - Advanced Placement Paramedic .....	228
Occupational Therapy Assistant .....	233
Paramedic Technology .....	238
Practical Nursing Certificate .....	241
Practical Nursing Certificate - Evening .....	246
Public Health Certificate .....	251
Radiologic Technology .....	253
Respiratory Care .....	257
Surgical Technology .....	263

## Installation, Maintenance and Repair Technologies

Advanced Automotive Certificate .....	268
Automotive Technology .....	270
Automotive Technology - Ford Maintenance and Light Repair Certificate .....	273
Heating Ventilation Air Conditioning Certificate .....	275
Utility Technology Certificate .....	277

## Liberal Arts & General Studies

General Studies .....	279
General Studies - Deaf Studies Option .....	282
Liberal Arts .....	285
Liberal Arts - English Option .....	288
Liberal Arts - History Option .....	291
Liberal Arts - Media Communications Option .....	294
Liberal Arts - Music Option .....	297
Liberal Arts - Psychology Option .....	300
Liberal Arts - Sociology Option .....	303
Liberal Arts - Theater Option .....	306

## Mathematics, Sciences, and Engineering

Biotechnology Technician Certificate .....	309
Engineering .....	311
Engineering - Biomedical Engineering Option .....	313
General Studies - Biotechnology Option .....	315
General Studies - Pre-Pharmacy Option .....	318
Liberal Arts - Biology Option .....	321
Liberal Arts - Chemistry Option .....	324
Liberal Arts - Environmental Science Option .....	327
Liberal Arts - Mathematics Option .....	330

## Public and Social Services

Criminal Justice .....	333
Criminal Justice - Transfer Option .....	336
Direct Support Certificate .....	339
Fire Science .....	341
Fire Science Certificate .....	344
Human Services .....	346
Human Services Certificate .....	349

The following information applies to page 51 and provides students with an overview of how programs of study are displayed:

**“1” Semesters** are groupings of courses that generally need to be completed before proceeding to the courses listed in the next Semester. For example, ACC 101 in Semester 1 needs to be completed before enrolling in ACC 102 in Semester 2.

**“2” Course Title** refers to the official “Title” or the “Name” of each course.

**“3” Course # (or Number)** refers to the three-letter prefix and accompanying number that reflect how courses are listed in the course schedule booklet, as well as in the College’s catalog. In individual program grids, within each semester, course listings are usually first arranged in alphabetical order using the three-letter prefix; within the same alpha listing, courses are then usually listed in ascending numerical order (may vary by program).

**“4” Semester Offered** refers to the semester in which the course is typically offered. For example, **“F”** refers to the Fall semester, **“S”** refers to the Spring semester, and **“SU”** refers to the Summer session(s).

**“5” Credits** refers to the actual number of credits associated with each course.

**“6” Total (Semester Credits)** indicates the total number of credits intended to be taken in a particular semester.

**“7” Total Credits Required** refers to the total number of credits required to complete the program and for graduation.

**“8” Prerequisites** refers to any course(s) that must be completed before enrolling in the course in question. The abbreviation **Coreq (for Corequisite)** indicates specific course(s) that must be taken at the same time as the course in question. Sometimes it is permissible to take a corequisite course in advance of enrolling in the course in question.

**“9” Milestones** summarizes the academic and career readiness information needed for the program. Certain programs have longer introductory pages that provide additional program information.

**Program Code** refers to the assigned code or designation that is used to identify each associate degree or certificate program.

In addition to the general admissions requirements, some programs have program-specific admissions requirements; for detailed information on program-specific requirements, see the Program Admissions Requirements section in the informational introduction to the specific program.

For specific admissions requirements to the healthcare programs, see the Program Admissions Requirements section in the informational introduction to the specific healthcare program.

**CERTIFICATE - ARM****Automation Robotics Manufacturing Technology Certificate (ARMTech)****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Manufacturing Technology
- Electronics Engineering Technology - Mechatronics Option

**Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The primary goal of the QCC Automation Robotics Manufacturing Technology Certificate (ARMTech) program is to provide a pathway to entry-level positions in local industries that require practical hands-on assembly, troubleshooting and repair skills in electric circuits, mechanical systems, electronics, automated systems, and/or robotics. The secondary goal of the ARMTech Certificate program is to prepare students to continue their education toward an associate degree in order to expand and enhance their career options and earning potential. The QCC ARMTech Certificate program is fully stackable into the QCC Electronics Engineering Technology - Mechatronics Option associate degree program, and partially stackable into the QCC Manufacturing Technology associate degree program; all of the credits earned in the certificate program are part of the Electronics Engineering Technology - Mechatronics Option associate degree program, and most of the credits are part of the Manufacturing Technology associate degree program.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Given schematics, wiring diagrams, mechanical drawings, and/or instructions, build and test electrical, electronic and electronically-controlled systems.
- Use multimeters, oscilloscopes, power supplies, and function generators to analyze and troubleshoot circuits.
- Assemble electrical and electronic systems using proper soldering and wiring techniques.
- Wire, test, program, and troubleshoot basic programmable logic controller systems.
- Program, test, and troubleshoot basic robotic systems.
- Monitor and repair basic mechanical systems; perform preventative maintenance procedures.
- Perform precision measurement and calibration of mechanical systems.
- Build, monitor and troubleshoot pneumatic and hydraulic systems.

- Apply the principles of mathematics to measure, quantify, and analyze electrical and mechanical systems.
- Use a word processor to write reports and create documentation; use a spreadsheet to record, calculate, and display data.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

**CORI, SORI, Fingerprinting & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

**Additional Cost**

See the Program Fees (pg. 27).

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

**Career Outlook**

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 15.0406.

**Transfer Articulations & Opportunities**

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

**Program Email: [electronics@qcc.mass.edu](mailto:electronics@qcc.mass.edu)**

## ASSOCIATE IN SCIENCE - EEBI

## Electronics Engineering Technology - Biomedical Instrumentation Option

### Connections

The following program(s) have connections that can be completed alongside or applied to this program:

- Electronics Engineering Technology - Photonics Certificate
- Electronics Engineering Technology - Electronics Technology Certificate

### Location

- All courses offered at QCC Worcester (Main Campus).

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The Electronics Engineering Technology - Biomedical Instrumentation Option prepares students to enter the workforce as an essential member of a medical organization - calibrating, troubleshooting, and maintaining the electronic instrumentation equipment that is vital to today's technology-driven healthcare industry. Graduates may also continue their education toward a bachelor's degree in engineering technology.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Given schematics, wiring diagrams, mechanical drawings, and/or instructions, build and test electronic and electronically-controlled systems.
- Use multimeters, oscilloscopes, power supplies, and function generators to analyze and troubleshoot circuits.
- Apply the concepts and methods of mathematics to the solution of technical problems.
- Apply the concepts of physics to the solution of technical problems.
- Assemble electronic systems using proper soldering and wiring techniques.
- Communicate effectively verbally and in writing.
- Write technical reports using a word processor.
- Collect, sort, and analyze data using a spreadsheet.
- Troubleshoot and configure computer networks.
- Work effectively as a member of a team toward the solution of problems.
- Demonstrate an understanding of human anatomy, especially as it relates to biomedical instrumentation.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks may be required of students enrolled in EET 299. Fingerprinting and drug testing may be required of students enrolled in EET 299.

### Additional Cost

See the Program Fees (pg. 27).

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 15.0303.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

### Program Email: [electronics@qcc.mass.edu](mailto:electronics@qcc.mass.edu)

## CERTIFICATE - CE

## Electronics Engineering Technology - Electronics Technology Certificate

### Connections

The following program(s) have connections that can be completed alongside or applied to this program:

- Electronics Engineering Technology - Photonics Option
- Electronics Engineering Technology - Mechatronics Option
- Electronics Engineering Technology - Biomedical Instrumentation Option

### Location

- All courses offered at QCC Worcester (Main Campus).

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The Electronics Technology Certificate prepares students for entry-level positions in the field of electronics. Students also build a foundation of core electronics skills and knowledge that form the basis for further study in electronics, mechatronics, photonics, or biomedical instrumentation.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Given schematics, wiring diagrams, mechanical drawings, and/or instructions, build and test electronic and electronically-controlled systems.
- Use multimeters, oscilloscopes, power supplies, and function generators to analyze and troubleshoot circuits.
- Use algebra to analyze and solve problems involving electrical and electronic circuits.
- Assemble electronic systems using proper soldering and wiring techniques.
- Communicate effectively verbally and in writing.
- Write technical reports using a word processor.
- Collect, sort, and analyze data using a spreadsheet.
- Work effectively as a member of a team toward the solution of problems.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

### Additional Cost

See the Program Fees (pg. 27).

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 15.0303.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

## ASSOCIATE IN SCIENCE - EEMO

## Electronics Engineering Technology - Mechatronics Option

### Connections

The following program(s) have connections that can be completed alongside or applied to this program:

- Electronics Engineering Technology - Photonics Certificate
- Electronics Engineering Technology - Electronics Technology Certificate
- Automation Robotics Manufacturing Technology Certificate (ARMTech)

### Location

- All courses offered at QCC Worcester (Main Campus).

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The goal of the Electronics Engineering Technology - Mechatronics Option is to prepare students for careers as mechatronics technicians. Mechatronics technicians install, maintain, troubleshoot, and repair a wide range of computer-driven automated equipment and/or robotic systems. They must understand basic electronics, mechanics, computer interfacing, and software. These skills are vital to the success of advanced manufacturing.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Given schematics, wiring diagrams, mechanical drawings, and/or instructions, build and test electronic and electronically-controlled systems.
- Use multimeters, oscilloscopes, power supplies, and function generators to analyze and troubleshoot circuits.
- Apply the concepts and methods of mathematics to the solution of technical problems.
- Assemble electronic systems using proper soldering and wiring techniques.
- Communicate effectively verbally and in writing.
- Write technical reports using a word processor.
- Collect, sort, and analyze data using a spreadsheet.
- Monitor and repair basic mechanical systems and perform preventative maintenance procedures.
- Perform precision measurement and calibration of mechanical systems.
- Build, monitor and troubleshoot pneumatic and hydraulic systems.
- Work effectively as a member of a team toward the solution of problems.

- Wire, test, and program basic programmable logic controller systems.
- Troubleshoot and repair basic mechatronic systems.
- Program and troubleshoot basic robotic systems.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks may be required of students enrolled in EET 299. Fingerprinting and drug testing may be required of students enrolled in EET 299.

### Additional Cost

See the Program Fees (pg. 27).

**CERTIFICATE - CP****Electronics Engineering Technology - Photonics Certificate****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Electronics Engineering Technology - Photonics Option
- Electronics Engineering Technology - Mechatronics Option
- Electronics Engineering Technology - Biomedical Instrumentation Option

**Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The primary goal of the Photonics Certificate is to provide students an educational pathway to high-wage, high-tech jobs in areas such as manufacturing, telecommunications, medical devices and systems, security systems, clean energy systems, and research throughout Central Massachusetts. A secondary goal is to provide employed individuals with opportunities to upgrade and broaden their skills and knowledge, either to become more effective in their current positions or to open new career paths. Students will also build a foundation of knowledge that forms the basis for further study in electronics and photonics.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Given schematics, wiring diagrams, mechanical drawings, and/or instructions, build and test electronic and electronically-controlled systems.
- Use multimeters, oscilloscopes, power supplies, and function generators to analyze and troubleshoot circuits.
- Use algebra to analyze and solve problems involving electrical and electronic circuits.
- Assemble electronic systems using proper soldering and wiring techniques.
- Analyze problems involving photonics applications, and propose and evaluate solutions.
- Demonstrate an understanding of electro-optical systems, such as lasers.
- Troubleshoot and repair electro-optical and photonic systems.
- Communicate effectively verbally and in writing.

- Write technical reports using a word processor.
- Collect, sort, and analyze data using a spreadsheet.
- Work effectively as a member of a team toward the solution of problems.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

**Additional Cost**

See the Program Fees (pg. 27).

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

## ASSOCIATE IN SCIENCE - EEPH

## Electronics Engineering Technology - Photonics Option

### Connections

The following program(s) have connections that can be completed alongside or applied to this program:

- Electronics Engineering Technology - Photonics Certificate
- Electronics Engineering Technology - Electronics Technology Certificate

### Location

- All courses offered at QCC Worcester (Main Campus).

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The goal of the Electronics Engineering Technology - Photonics Option is to prepare students for careers as photonics technicians and/or electronics technicians with photonics experience. Photonics technicians build, test, troubleshoot, and maintain systems involving lasers, fiber optics, and other electro-optical components. This is an exciting, dynamic career field that is projected to grow steadily as new photonics applications are developed to support manufacturing, telecommunications, medical devices and systems, security systems, clean energy systems, research, etc. Students also build a foundation of knowledge that forms the basis for further study in electronics and photonics.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Given schematics, wiring diagrams, mechanical drawings, and/or instructions, build and test electronic and electronically-controlled systems.
- Use multimeters, oscilloscopes, power supplies, and function generators to analyze and troubleshoot circuits.
- Apply the concepts and methods of mathematics to the solution of technical problems.
- Assemble electronic systems using proper soldering and wiring techniques.
- Analyze problems involving photonics applications, and propose and evaluate solutions.
- Demonstrate an understanding of electro-optical systems, such as lasers.
- Troubleshoot and repair electro-optic and photonic systems.
- Troubleshoot and configure computer networks.
- Communicate effectively verbally and in writing.
- Write technical reports using a word processor.

- Collect, sort, and analyze data using a spreadsheet.
- Work effectively as a member of a team toward the solution of problems.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks may be required of students enrolled in EET 299. Fingerprinting and drug testing may be required of students enrolled in EET 299.

### Additional Cost

See the Program Fees (pg. 27).

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 15.0304.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

**Program Email: [electronics@qcc.mass.edu](mailto:electronics@qcc.mass.edu)**

## ASSOCIATE IN SCIENCE - MP

**Manufacturing Technology****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Manufacturing Technology Certificate
- Manufacturing Technology - Computer Aided Design Certificate
- Manufacturing Technology - CNC Technologies Certificate

**Location**

- All courses offered at QCC Worcester (Main Campus).
- Other local locations may be used to enhance the educational experience of the student.
- There are many lab activities to be completed on site.

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Manufacturing Technology associate degree program is designed to prepare graduates to enter the field of advanced manufacturing. Students will gain an understanding of materials and manufacturing processes, as well as the quality systems in place in modern industry. Using safe working practices, students will learn to operate and maintain a variety of production equipment. Since there is a strong focus on applied mathematical and scientific knowledge in advanced manufacturing, students will obtain an advanced understanding of electrical, pneumatic, and hydraulic systems. Use of PCs, communication skills, CNC machine tools, and CAD/CAM software will allow successful graduates to enhance their ability to add value to any manufacturing environment. Graduates will be able to apply lean principles and automation techniques to improve process and product efficiency and quality.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Apply mathematical and scientific concepts to solve manufacturing problems.
- Understand the process of product development through design and experimentation.
- Supervise and manage a variety of manufacturing systems.
- Work in multicultural and multidisciplinary teams to assess and improve system performance.
- Practice safe working protocols to nurture ethical responsibilities.
- Communicate technical information both verbally and in

written form.

- Use modern tooling, skills, and techniques for effective manufacturing systems practice.
- Understand the behavior of a variety of material properties as they relate to manufacturing processing.
- Apply accurate design methodology and use industry standard CAD/CAM software to improve quality and production.
- Identify problems before they occur and design a solution.
- Understand and manage product variability as defined by quality systems.
- Apply advanced methods of analysis, synthesis, and control of manufacturing systems.
- Safely operate, program, and set up a variety of CNC equipment.
- Measure manufacturing process variables and draw credible technical conclusions.
- Apply lean principles in the operation and development of production systems.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.
- Must be able to lift 50lbs.
- Must have stable muscle control.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

- CORI/SORI checks, fingerprinting, and drug testing may be required of students enrolled in MNT 299.

**Additional Cost**

See the Program Fees (pg. 27).

- Graduates may be required to meet at off-campus locations and are expected to provide their own transportation to these venues. Types of venues used vary each semester, but may include company tours outside of class and/or training at other local educational facilities.
- Students should anticipate additional expenses for professional certification examinations.

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

- To evaluate technical prior learning credit, students should contact the Center for Career & Transfer Services.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 15.0613.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

### Additional Information

- The courses in this program are aligned with national standards as set by National Association of Manufacturers (NAM), National Coalition of Certification Centers (NC3), Haas CNC, OSHA, and Fanuc Robotics.
- During the course of this program, students will be required to take industry prescribed certifications. See program grid for details.

### Certifications:

- Haas CNC Operator Certification: <https://learn.haascnc.com>.
- Occupational Safety and Health Administration (OSHA 30): [www.osha.com](http://www.osha.com).
- Certified Education Robot Training (FANUC CERT) - Handling Tool Operations and Programming: <http://robot.fanucamerica.com>.
- Certified SolidWorks Associate (CSWA): [www.solidworks.com/sw/support/796\\_ENU\\_HTML.htm?pid=446](http://www.solidworks.com/sw/support/796_ENU_HTML.htm?pid=446).
- National Coalition of Certification Centers (NC3) Precision Measuring Certification: <https://nc3.net/wp-content/uploads/2019/01/Precision-Measuring-Instruments.pdf>.
- Society of Manufacturing Engineers (SME) Lean Bronze Certification: [www.sme.org/training/lean-certification/lean-bronze-certification/](http://www.sme.org/training/lean-certification/lean-bronze-certification/).

## CERTIFICATE - CNC

## Manufacturing Technology - CNC Technologies Certificate

### Connections

The following program(s) have connections that can be completed alongside or applied to this program:

- Manufacturing Technology

### Location

- All courses offered at QCC Worcester (Main Campus).
- There are many lab activities to be completed on site.

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The CNC Technologies Certificate is designed to prepare graduates to enter the field of advanced manufacturing specifically as a Computer Numerical Control (CNC) operator/programmer. Students will gain an understanding of CAD/CAM systems and the conventions of blueprint reading, safety, metrology, quality, and machine operations. Using safe working practices, students will learn to operate, set up, and program Haas CNC equipment along with other production machines. Graduates will be able to apply sound mathematical principles to solve manufacturing problems.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Apply mathematical and scientific concepts to solve manufacturing problems.
- Supervise and manage a variety of manufacturing systems.
- Practice safe working protocols to nurture ethical responsibilities.
- Communicate technical information both verbally and in written form.
- Use modern tooling, skills, and techniques for effective manufacturing systems practice.
- Apply accurate design methodology and use industry standard CAD/CAM software to improve quality and production.
- Identify problems before they occur and design a solution.
- Understand and manage product variability as defined by quality systems.
- Apply advanced methods of analysis, synthesis, and control of manufacturing systems.
- Safely operate, program, and set up a variety of CNC equipment.
- Measure manufacturing process variables and draw credible technical conclusions.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.
- Must be able to lift 50lbs.
- Must have stable muscle control.

### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

### Additional Cost

See the Program Fees (pg. 27).

- Lab fees will be charged for specific courses.
- Books and online LMS charges may apply to specific courses.
- Examination fees for third-party certification exams.

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

- To evaluate technical prior learning credit, students should contact the Center for Career & Transfer Services.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 48.0510.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information

regarding transfer opportunities is available at [www.QCC.edu/](http://www.QCC.edu/) transfer.

- The courses in this certificate can be transferred to the associate degree in Manufacturing Technology; upon graduation, they can be transferred to Fitchburg State University.

#### **Additional Information**

- This certificate is designed for full-time enrollment.
- The courses in this program are aligned with national standards as set by the National Association of Manufacturers (NAM).

#### **Certifications:**

- Haas CNC Operator Certification: <https://learn.haascnc.com>.
- Occupational Safety and Health Administration (OSHA 30): [www.osha.com](http://www.osha.com).
- National Coalition of Certification Centers (NC3) Precision Measuring Certification: <https://nc3.net/wp-content/uploads/2019/01/Precision-Measuring-Instruments.pdf>.

## CERTIFICATE - CAD

## Manufacturing Technology - Computer Aided Design Certificate

### Connections

The following program(s) have connections that can be completed alongside or applied to this program:

- Manufacturing Technology

### Location

- All courses offered at QCC Worcester (Main Campus).

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The Computer Aided Design Certificate is intended to prepare successful graduates to apply technical knowledge and skills to develop working engineering drawings and in support of mechanical and industrial engineers and related professionals. Students gain knowledge in manufacturing materials and processes, mechanical drafting, electro-mechanical drafting, basic metallurgy, geometric dimensioning and tolerancing, blueprint reading, and technical communication. Upon completion, the student will be able to use a variety of industry standard CAD programs and apply quality practices to perform as a CAD technician.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Understand the power and effectiveness of modern CAD software.
- Apply mathematical and scientific concepts to solve design problems.
- Understand the principles of product development through design.
- Communicate technical information both verbally and in written form.
- Understand the behavior of a variety of material properties as they relate to manufacturing processing.
- Apply accurate design methodology and use industry standard CAD software to improve quality and production.
- Understand and manage product variability as defined by quality systems.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

### Additional Cost

See the Program Fees (pg. 27).

- Students should anticipate additional expenses for professional certification examinations.

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

- To evaluate technical prior learning credit, students should contact the Center for Career & Transfer Services.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 15.1302.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

### Additional Information

- If successful graduates wish to continue their education, the courses required for the Computer Aided Design Certificate apply to the Manufacturing Technology associate degree.

### Certifications:

- Certified SolidWorks Associate (CSWA): [www.solidworks.com/sw/support/796\\_ENU\\_HTML.htm?pid=446](http://www.solidworks.com/sw/support/796_ENU_HTML.htm?pid=446).
- National Coalition of Certification Centers (NC3) Precision Measuring Certification: <https://nc3.net/wp-content/uploads/2019/01/Precision-Measuring-Instruments.pdf>.

## ASSOCIATE IN SCIENCE - MPQ

## Manufacturing Technology - Quality Control Option

### Connections

The following program(s) have connections that can be completed alongside or applied to this program:

- Manufacturing Technology Certificate
- Manufacturing Technology - Computer Aided Design Certificate
- Manufacturing Technology - CNC Technologies Certificate

### Location

- All courses offered at QCC Worcester (Main Campus).
- Other local locations may be used to enhance the educational experience of the student.
- There are many lab activities to be completed on site.

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The Manufacturing Technology - Quality Control Option associate degree program will focus on quality control (QC) and operations positions to enhance the graduate's capability in this role. The program is designed to provide a blend of mathematical, computer, and hands-on skills required in the industry while providing an opportunity for continuing education through transfer to four-year schools.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Define general terminology, concepts, and skills used in quality control (QC).
- Use a variety of precision instruments to determine product acceptance and/or performance.
- Interpret and compare data with respect to statistics and quality control.
- Apply knowledge of inspection techniques and mathematics to solve quality control problems.
- Demonstrate an ability to use computational methods for statistical process control (SPC) and data management.
- Categorize quality control definitions and identify appropriate standards.
- Maintain and troubleshoot quality control standards to support production compliance.
- Work in teams to discuss and articulate theories.
- Research relevant information for verbal and written concept proposals.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.
- Must be able to lift 50lbs.
- Must have stable muscle control.

### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

- CORI/SORI checks, fingerprinting, and drug testing may be required of students enrolled in MNT 299.

### Additional Cost

See the Program Fees (pg. 27).

- Graduates may be required to meet at off-campus locations and are expected to provide their own transportation to these venues. Types of venues used vary each semester, but may include company tours outside of class and/or training at other local educational facilities.
- Students should anticipate additional expenses for professional certification examinations.

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

- To evaluate technical prior learning credit, students should contact the Center for Career & Transfer Services.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 15.0702.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

### Additional Information

- The courses in this program are aligned with national standards as set by National Association of Manufacturers (NAM) and Manufacturing Skills Standards Council (MSSC).
- During the course of this program, students will be required to take industry prescribed certifications. See program grid for details.

### Certifications:

- Occupational Safety and Health Administration (OSHA 30): [www.osha.com](http://www.osha.com).
- Certified SolidWorks Associate (CSWA): [www.solidworks.com/sw/support/796\\_ENU\\_HTML.htm?pid=446](http://www.solidworks.com/sw/support/796_ENU_HTML.htm?pid=446).
- National Coalition of Certification Centers (NC3) Precision Measuring Certification: <https://nc3.net/wp-content/uploads/2019/01/Precision-Measuring-Instruments.pdf>.
- Society of Manufacturing Engineers (SME) Lean Bronze Certification: [www.sme.org/training/lean-certification/lean-bronze-certification/](http://www.sme.org/training/lean-certification/lean-bronze-certification/).

**Program Email: [manufacturing@qcc.mass.edu](mailto:manufacturing@qcc.mass.edu)**

## CERTIFICATE - MPC

**Manufacturing Technology Certificate****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Manufacturing Technology

**Location**

- All courses offered at QCC Worcester (Main Campus).
- There are many lab activities to be completed on site.

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Manufacturing Technology Certificate is designed to introduce the principles of engineering and manufacturing. The program prepares students to apply basic engineering principles and technical skills to the identification and resolution of production problems in the manufacture of products. The student will gain basic knowledge of material properties and identify a variety of production processes to assist in a production environment. Along with enhanced computer skills, the student will be able to communicate effectively in a manufacturing environment and use industry standard software to operate as an entry-level manufacturing/engineering technician.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Apply mathematical and scientific concepts to solve manufacturing problems.
- Practice safe working protocols to nurture ethical responsibilities.
- Communicate technical information both verbally and in written form.
- Use modern tooling, skills, and techniques for effective manufacturing systems practice.
- Understand the behavior of a variety of material properties as they relate to manufacturing processing.
- Apply accurate design methodology and use industry standard CAD software to improve quality and production.
- Identify problems before they occur and design a solution.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.
- Must be able to lift 50lbs.
- Must have stable muscle control.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

**Additional Cost**

See the Program Fees (pg. 27).

- Students should anticipate additional expenses for professional certification examinations.

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. [Email experience@qcc.mass.edu](mailto:Email%20experience@qcc.mass.edu) for more information and eligibility.

- To evaluate technical prior learning credit, students should contact the Center for Career & Transfer Services.

**Career Outlook**

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 15.0613.

**Transfer Articulations & Opportunities**

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

**Additional Information**

- The Quinsigamond Community College Manufacturing Technology Certificate is endorsed by the Manufacturing Institute, a non-partisan affiliate of the National Association of Manufacturers (NAM). The Manufacturing Institute launched the Skills Certification System to address the skills gap

## CERTIFICATE - ACC

**Accounting Certificate****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Business Administration Career
- Business Administration Transfer

**Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Accounting Certificate focuses on the accounting skills and knowledge needed in business. Upon graduation, students will be prepared for entry-level accounting jobs in a variety of business settings or may move seamlessly into the Business Administration Career or Business Administration Transfer associate degree programs.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Analyze, calculate, interpret, and report financial information accurately and in a timely manner.
- Demonstrate proficiency in both manual and automated accounting systems.
- Apply accounting principles which relate to accounting support functions.
- Demonstrate a grasp of the complexities of ethical issues in business and in particular the practice of accounting.
- Use the Microsoft Office Suite® and computerized accounting software effectively.
- Communicate effectively using written, oral, and non-verbal techniques, including the use of appropriate technology in the gathering and presentation of information.
- Understand the overall performance of the economy, including economic growth, employment, inflation, fiscal policies, and global economic interactions.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

**Additional Cost**

See the Program Fees (pg. 27).

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. **CERTIFICATE - APC****Administrative Professional Certificate****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Business Administration Career - Administrative Professional Option

**Location**

- All courses offered at QCC Worcester (Main Campus).
- Some courses offered at QCC Southbridge.

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Administrative Professional Certificate focuses on developing the clerical skills, knowledge, and abilities necessary to work in a business office setting. Upon graduation, students will be prepared for entry-level positions as administrative assistants or may move seamlessly into the Business Administration Career - Administrative Professional Option associate degree program.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Demonstrate keyboarding speed and accuracy, with a minimum touch keyboarding rate of 30-35 words per minute on a three-minute timed writing, with at least 90% accuracy.
- Demonstrate computer literacy and conduct research from a variety of sources.
- Communicate clearly and effectively; create a portfolio of business communications using a variety of software applications.
- Meet the challenging role of the administrative professional by adapting to the technological changes in the global economy and the diverse workplace.
- Understand records management, appointment scheduling, and business etiquette, and develop excellent customer service skills.
- Option to complete a 150-hour unpaid or 225-hour paid structured learning experience in which students apply skills and knowledge from the classroom to work experience.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of

their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HISET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

- Prospective students should note that CORI/SORI checks, fingerprinting, and drug testing may be required by an internship host employer in order to complete BUS 298.

**Additional Cost**

See the Program Fees (pg. 27).

- Students enrolled in BUS 298 may incur an additional expense for professional liability insurance.

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

**Career Outlook**

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 52.0408.

**Transfer Articulations & Opportunities**

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

## ASSOCIATE IN SCIENCE - BB

**Business Administration Career****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Business Administration Certificate
- Entrepreneurship and Small Business Management Certificate
- Supply Chain Management Certificate
- Accounting Certificate

**Location**

- All courses offered at QCC Worcester (Main Campus).
- Some courses offered at QCC Southbridge.

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Business Administration Career associate degree program prepares students to successfully enter the workforce upon graduation. The program provides a skills-based curriculum that equips graduates with the knowledge and background needed for a rewarding career in business and industry.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Demonstrate an understanding of the practice of business, including management, marketing, and accounting; demonstrate the application of this knowledge in a business setting.
- Think, speak, and write critically; articulate and explain a variety of business concepts, and apply these concepts to solve common business problems.
- Communicate clearly and effectively; create a portfolio of business communications using a variety of software applications.
- Demonstrate computer literacy and conduct research using a variety of sources.
- Understand the key actions taken to effectively and efficiently utilize company resources to achieve goals.
- Develop a global/multicultural perspective when analyzing and planning in business.
- Demonstrate knowledge of business ethics and how businesses integrate social responsibility into their ongoing operations.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

- Prospective students should note that CORI/SORI checks, fingerprinting, and drug testing may be required by an internship host employer in order to complete BUS 298.

**Additional Cost**

See the Program Fees (pg. 27).

- Students enrolled in BUS 298 may incur an additional expense for professional liability insurance.

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

**Career Outlook**

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 52.0101.

**Transfer Articulations & Opportunities**

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

## ASSOCIATE IN SCIENCE - BBAP

## Business Administration Career - Administrative Professional Option

### Connections

The following program(s) have connections that can be completed alongside or applied to this program:

- Administrative Professional Certificate
- Medical Office Certificate

### Location

- All courses offered at QCC Worcester (Main Campus).

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The Business Administration Career - Administrative Professional Option prepares graduates for immediate entry into the workforce as administrative professionals in a business or medical setting. Prospective students may choose to specialize by completing either the Administrative Professional Certificate or Medical Office Certificate programs first; all courses in the certificates apply to the associate degree program. Graduates of the Business Administration Career - Administrative Professional Option are highly-trained and workforce-ready.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate keyboarding speed and accuracy, with a minimum touch keyboarding rate of 30-35 words per minute on a three-minute timed writing, with at least 90% accuracy.
- Demonstrate computer literacy and conduct research from a variety of sources.
- Communicate clearly and effectively; create a portfolio of business communications using a variety of software applications.
- Meet the challenging role of the administrative professional by adapting to the technological changes in the global economy and the diverse workplace.
- Demonstrate the skills needed to develop ideas and make decisions based on ethics, appropriate research, analysis, and critical thinking.
- Understand records management, appointment scheduling, and business etiquette, and develop excellent customer service skills.
- Option to complete a 150-hour unpaid or 225-hour paid structured learning experience in which students apply skills and knowledge from the classroom to work experience.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

- Prospective students should note that CORI/SORI checks, fingerprinting, and drug testing may be required by an internship host employer in order to complete BUS 298.

### Additional Cost

See the Program Fees (pg. 27).

- Students enrolled in BUS 298 may incur an additional expense for professional liability insurance.

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. ## ASSOCIATE IN SCIENCE - BT

**Business Administration Transfer****Location**

- All courses offered at QCC Worcester (Main Campus).
- Some courses offered at QCC Southbridge.

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Business Administration Transfer associate degree program prepares students for transfer to four-year colleges and universities, upon completion of the associate degree. Graduates from the Business Administration Transfer program, with a GPA of 2.50 or higher, are guaranteed admission to all Massachusetts state universities and to the University of Massachusetts, including the Isenberg School of Management (requires a 3.00 GPA), under the MassTransfer Program. In addition, the program offers several transfer pathways with private institutions, including 3+1 agreements with Nichols College and Excelsior University, allowing students to transfer up to 90 credits and complete their bachelor's degree online or in the classroom.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Demonstrate an understanding of the practice of business, including management, marketing, and accounting; demonstrate the application of this knowledge in a business setting.
- Transfer to a business administration bachelor's degree program.
- Communicate effectively using written, oral, and non-verbal techniques, including the use of technology in gathering and presenting information.
- Use critical thinking skills to appraise and evaluate business practices, including the use of quantitative and qualitative techniques.
- Recognize the presence of various cultures in the business world, and comprehend the need to have a global perspective when analyzing and planning in a business environment.
- Demonstrate knowledge of the concept of ethics and how businesses integrate social responsibility into their ongoing operations.
- Comprehend the rapid change taking place in the business environment, and demonstrate an ability to engage in ongoing professional development.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

**Additional Cost**

**CERTIFICATE - CAC****Culinary Arts Certificate****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Hospitality and Recreation Management - Foodservice Management Option

**Location**

- HRM and CUL courses offered at QCC at the Worcester Senior Center.

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The QCC Culinary Arts Certificate program is designed to provide a career step for graduates of QCC's workforce culinary basics program by allowing graduates to enter directly into a culinary career, or to seamlessly continue toward an associate degree in Foodservice Management. This program will produce graduates with a clearly-defined personal set of ethics to support the burgeoning and innovative culinary industry of Central Massachusetts. Graduates will have the ability to incorporate local and sustainable practice or products into a foodservice operation.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Engage in a professional, ethical manner.
- Perform in a commercial kitchen (equipment operation, knife skills, culinary vocabulary).
- Utilize core knowledge of flavor profiles, staple ingredients, and basic food chemistry.
- Appropriately identify, store, and prepare food inventory.
- Select the proper cooking principle for meat, grains, vegetables, and cultural foods.
- Bake classic and contemporary breads and pastries.
- Select and prepare foods that are appropriate for special diets.
- Prepare food that is nutritionally and visually appealing.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of

their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks may be required for students working at the Diner. Fingerprinting and drug testing are not required.

**Additional Cost**

See the Program Fees (pg. 27).

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

- Students who graduated from area hospitality or culinary high school programs may have articulated credit.

**Career Outlook**

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 12.0503.

**Transfer Articulations & Opportunities**

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

**Program Email: [hrm@qcc.mass.edu](mailto:hrm@qcc.mass.edu)**

**CERTIFICATE - DMC****Dietary Management Certificate****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Hospitality and Recreation Management - Hospitality Management Option
- Hospitality and Recreation Management - Foodservice Management Option

**Location**

- HRM and CUL courses offered at QCC at the Worcester Senior Center.
- Students may be required to travel to alternate locations to complete laboratory and field experience requirements in HRM courses.

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The QCC Dietary Management Certificate program includes academic coursework and 150 hours of practical field experience that prepares students for entry-level foodservice managerial positions in schools, hospitals, long-term care facilities, assistive living centers, and correctional facilities, as well as for certification and/or continuing education. The QCC Dietary Management Certificate is approved by the Association of Nutrition & Foodservice Professionals (ANFP). Students are eligible for the ANFP Pre-Professional membership; graduates of the program are eligible to apply for the CDM, CFPP Credentialing Exam under the ANFP Pathway I, administered by the Certifying Board for Dietary Managers (CBDM) and ANFP Professional membership.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Manage and evaluate functional systems in dietary foodservice operations.
- Integrate human, financial, and equipment resources into foodservice operations.
- Demonstrate professional ethics and work effectiveness within a team.
- Manage and evaluate interpersonal relationships.
- Plan and prepare a menu that is nutritionally sound.

Note: Students completing the pathways (education plus experience) are eligible to apply for the CDM, CFPP Credentialing Exam under Pathway I, administered by the Certifying Board for Dietary Managers (CBDM).

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks may be required for all Dietary Management students. Fingerprinting and drug testing are not required.

**Additional Cost**

See the Program Fees (pg. 27).

- Students who successfully complete HRM 111 and HRM 112 may sit for the National Restaurant Association Cooking Certificate. Additional fees may be assessed for this examination.

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

**Career Outlook**

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 52.0904.

**Transfer Articulations & Opportunities**

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

**Additional Information**

- Students completing the pathways (education plus experience) are eligible to take the CDM, CFPP Credentialing Exam

## CERTIFICATE - ENS

## Entrepreneurship and Small Business Management Certificate

### Connections

The following program(s) have connections that can be completed alongside or applied to this program:

- Business Administration Career

### Location

- All courses offered at QCC Worcester (Main Campus).

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The Entrepreneurship and Small Business Management Certificate focuses on the skills and knowledge needed to create or manage a small business.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Understand the actions taken to acquire and retain customers; produce goods and services; and measure/track financial performance.
- Understand the leadership skills and personal characteristics needed to succeed in starting and managing a small business.
- Research, develop, and implement a business plan.
- Analyze financial statements to determine strengths or weaknesses of an existing business.
- Understand the basic principles of small business marketing.
- Demonstrate proficiency in computer applications.
- Communicate effectively using written, oral, and non-verbal techniques, including the use of appropriate technology in the gathering and presentation of information.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

### Additional Cost

See the Program Fees (pg. 27).

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 52.0703.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

## ASSOCIATE IN SCIENCE - HRFO

## Hospitality and Recreation Management - Foodservice Management Option

### Connections

The following program(s) have connections that can be completed alongside or applied to this program:

- Hospitality Management Certificate
- Foodservice Management Certificate
- Culinary Arts Certificate
- Dietary Management Certificate

### Location

- HRM and CUL courses offered at QCC at the Worcester Senior Center.
- Other courses offered at QCC Worcester (Main Campus).

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The goal of the Hospitality and Recreation Management program is to integrate business academics in an entrepreneurial, experiential setting, providing graduates of the Hospitality and Recreation Management - Foodservice Management Option the confidence, knowledge, and skills to successfully advance the area's Hospitality and Recreation Industry.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate and develop leadership skills through group cooperation.
- Demonstrate and develop technical skills through practical "real life" experience in the industry.
- Recognize the importance of quality and ethics in interpersonal relationships.
- Demonstrate improved ability to exercise judgment and critically analyze problems.
- Demonstrate professional written, oral, and non-verbal communication skills.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks may be required for students working at the Diner. Fingerprinting and drug testing are not required.

### Additional Cost

See the Program Fees (pg. 27).

- Students who successfully complete HRM 111 and HRM 112 will sit for the National Restaurant Association Cooking Certificate. Additional fees may be assessed for this examination.

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

- Students who graduated from area hospitality or culinary high school programs may have articulated credit.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 52.0905.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

### Additional Information

- All courses in the certificate program apply to the associate degree.
- All HRM courses follow a block scheduling, meeting once per week for convenient scheduling.
- HRM and CUL courses meet at QCC at the Worcester Senior Center.

## ASSOCIATE IN SCIENCE - HRHO

## Hospitality and Recreation Management - Hospitality Management Option

### Connections

The following program(s) have connections that can be completed alongside or applied to this program:

- Foodservice Management Certificate
- Culinary Arts Certificate
- Dietary Management Certificate
- Hospitality Management Certificate

### Location

- HRM and CUL courses offered at QCC at the Worcester Senior Center.
- Other courses offered at QCC Worcester (Main Campus).

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The goal of the Hospitality and Recreation Management program is to integrate business academics in an entrepreneurial, experiential setting, providing graduates of the Hospitality and Recreation Management - Hospitality Management Option the confidence, knowledge, and skills to successfully advance the area's Hospitality and Recreation Industry.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate and develop leadership skills through group cooperation.
- Demonstrate and develop technical skills through practical "real life" experience in the industry.
- Recognize the importance of quality and ethics in interpersonal relationships.
- Demonstrate improved ability to exercise judgment and critically analyze problems.
- Demonstrate professional written, oral, and non-verbal communication skills.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks may be required for students working at the Diner. Fingerprinting and drug testing are not required.

### Additional Cost

See the Program Fees (pg. 27).

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

- Students who graduated from area hospitality or culinary high school programs may have articulated credit.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 52.0901.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

### Additional Information

- All courses in the certificate program apply to the associate degree.
- HRM courses may be used as Business Electives.

### Program Email: [hrm@qcc.mass.edu](mailto:hrm@qcc.mass.edu)

## CERTIFICATE - HO

**Hospitality Management Certificate****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Hospitality and Recreation Management - Hospitality Management Option
- Hospitality and Recreation Management - Foodservice Management Option

**Location**

- HRM and CUL courses offered at QCC at the Worcester Senior Center.
- Other courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Hospitality Management Certificate is designed for individuals with industry experience who desire to advance into management positions. The curriculum is designed to build upon an individual's industry experience and knowledge of operations and job responsibilities.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Manage and evaluate functional systems in hospitality operations.
- Integrate human, financial, and equipment resources into hospitality operations.
- Demonstrate professional ethics and work effectiveness within a team.
- Manage and evaluate interpersonal relationships.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HISET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks may be required for students working at the Diner. Fingerprinting and drug testing are not required.

**Additional Cost**

See the Program Fees (pg. 27).

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. **CERTIFICATE - MSBB****Medical Office Certificate****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Business Administration Career - Administrative Professional Option

**Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Medical Office Certificate focuses on the clerical skills and specialized knowledge needed in a medical or dental office setting. Upon graduation, students will be prepared for entry-level positions as medical administrative assistants/receptionists or may move seamlessly into the Business Administration Career - Administrative Professional Option associate degree program.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Demonstrate keyboarding speed and accuracy, with a minimum touch keyboarding rate of 30-35 words per minute on a three-minute timed writing, with at least 90% accuracy.
- Communicate clearly and effectively.
- Understand the coding systems and recordkeeping programs used in medical facilities.
- Learn how the various components of the patient billing system relate to the accounting system in a medical office.
- Recognize the legal, ethical, and bioethical issues encountered in a medical office and deal with those issues in an informed, legal, and sensitive manner.
- Produce accurate medical transcriptions in a timely manner, using appropriate medical terminology.
- Understand records management, appointment scheduling, and business etiquette, and develop excellent customer service skills.
- Option to complete a 150-hour unpaid or 225-hour paid structured learning experience in which students apply skills and knowledge from the classroom to work experience.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

- Prospective students should note that CORI/SORI checks, fingerprinting, and drug testing may be required by an internship host employer in order to complete BUS 298.

**Additional Cost**

See the Program Fees (pg. 27).

- Students enrolled in BUS 298 may incur an additional expense for professional liability insurance.

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. **CERTIFICATE - SCM****Supply Chain Management Certificate****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Business Administration Career
- Business Administration Transfer

**Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Supply Chain Management Certificate prepares students for entry-level positions in the fields of transportation, distribution/warehousing, inventory, and purchasing. Students will gain an understanding of logistics and supply chain management, as well as the communication, analytical, and managerial skills necessary to be successful in a variety of business environments. Students also build a foundation of core supply chain management knowledge that is strategically designed to articulate seamlessly into either the Business Administration Transfer (BT) or the Business Administration Career (BB) associate degree programs for further advanced study.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Understand the key functional areas of logistics, including transportation, distribution, warehousing, inventory management, and purchasing, and how they interact within the overall supply chain.
- Analyze the impact of domestic and global macroeconomic factors (e.g., trade, inflation, and market volatility) on supply chain strategy and risk management.
- Create effective business communications, including letters, proposals, e-mails, etc., as well as prepare and deliver impactful oral presentations.
- Apply hands-on experience in word processing, spreadsheet analysis, and database management to the logistics and supply chain activities of a business.
- Apply quantitative methods and data analysis to measure, benchmark, and improve the efficiency and resilience of supply chain operations.
- Lead group activities, organize discussions, and apply interpersonal skills to a variety of business situations.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HISET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

**Additional Cost**

See the Program Fees (pg. 27).

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. *ASSOCIATE IN SCIENCE - CIES***Computer Information Systems - Career - Enterprise Information Systems****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Computer Information Systems - Web Applications Certificate
- Computer Information Systems - Database Certificate

**Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Computer Information Systems - Career - Enterprise Information Systems program is a career-based program which will prepare the student to work in a business information systems environment. The curriculum provides hands-on experience in application software, web development platforms, program development languages, and database design methodologies. The primary focus of this program is application software development in a business environment. This program will prepare the student to perform in an entry-level role as a web developer, entry-level database support specialist, and programmer in a business information environment. The Cooperative Work Experience is a requirement in this program and provides an opportunity for the student to apply classroom knowledge to practical work experience, such as:

- Analyze existing information systems (either computer or non-computer systems).
- Design, write, test/debug, and implement detailed programs using several different languages.
- Work with database applications to create, retrieve, update, and delete records.
- Create static and dynamic web pages by integrating database applications.
- Write detailed documentation for new or existing computer information systems.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Analyze and design information systems and database applications utilizing the Microsoft software frameworks to construct professional information systems applications for web and database environments.

- Develop advanced programming, data, dataset, and file techniques.
- Apply the SDLC - including project management concepts to typical business applications.
- Code intermediate and advanced SQL and PL/SQL programs for the solution of business applications.
- Design, organize, and maintain a Relational Database Management System (RDMS) per industry Database System Development Life Cycle (DSDLC) standards.
- Implement a design solution to solve business Information Systems (IS) problems using state-of-the-art programming techniques and application software.
- Develop advanced client-server side web applications.
- Troubleshoot information systems to resolve user problems.
- Apply end user basic software to develop word processing documents, spreadsheets, and presentations.
- Communicate professionally and effectively by writing detailed documentation for a new or existing information system.
- Exhibit professional, legal, and ethical behavior.
- Identify essential business techniques, including communications, math, and writing.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.
- English: Placement into college level English.

**CORI, SORI, Finger Printing & Drug Testing**

Prospective students should note that, as a condition of cooperative education employment, Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks, fingerprinting, and drug testing may be required.

**Additional Cost**

See the Program Fees (pg. 27).

- Students must have access to a PC or laptop using Windows environment.
- Students enrolled in CIS 299 may incur an additional expense for professional liability insurance.
- Students enrolled in CIS 229, CIS 232, and CIS 246 will be required to bring their own laptop to class.

### Suggested CIS Electives Course Sequence

Semester	Database Focus	Programming Focus	Web Design Focus	AI Focus
4	CIS 229 and CIS 244	CIS 225 and CIS 226 or CIS 229	CIS 226 and CIS 230	CIS 280

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 11.0103.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

### Additional Information

- Some courses may utilize a virtual laboratory; contact the Program Coordinator for minimum hardware and software requirements.

**Program Email: [cis@qcc.mass.edu](mailto:cis@qcc.mass.edu)**

**CERTIFICATE - DS****Computer Information Systems - Data Science Certificate****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Computer Information Systems - Career - Enterprise Information Systems

**Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Data Science Certificate is designed to provide the students with basic knowledge and skills necessary to pursue internship or junior data practitioner jobs in the field of Data Science. This certificate is ideal for adult students re-entering college or for students who are currently in the workforce and want to update their skill sets. The curriculum may be completed in one academic year, depending on the student's background in computer applications. The curriculum is designed to gain knowledge in the topic of database design, and programming languages specifically used in the field of Data Science. This certificate is for anyone who wants to work in the field of Data Science.

- Work with database applications to create, retrieve, update, and delete records.
- Using Python, and R and R Studio to display large amount of data in an easily readable graphing format.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Use a general-purpose computational environment to analyze data.
- Scrape, process, cleanse, and wrangle data from various sources, including relational databases.
- Design accurate, clear, and appropriate data graphics using R, R Studio, and Python.
- Communicate the results of an analysis in a correct and comprehensible manner by selecting appropriate data visualizations.
- Assess the ethical implications to society of data-based research, analysis, and technology in an informed manner.
- Acquire basic programming, data, and database techniques to design and code complex queries.

- Apply database management application development techniques to basic business applications.
- Code intermediate and advanced SQL scripts, Python and R programming to gather and manipulate data for the solution of business applications.
- Apply end user basic software to develop word processing documents, spreadsheets, databases and presentations.
- Locate databases sources, and convert the data into readable and analyzable formats.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

**Additional Cost**

See the Program Fees (pg. 27).

- Students must have access to a PC or laptop using Windows environment.

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

**Career Outlook**

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 30.7001.

*CERTIFICATE - DB***Computer Information Systems - Database Certificate****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Computer Information Systems - Career - Enterprise Information Systems

**Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Database Certificate is designed to provide the student with the basic knowledge and skills necessary for career opportunities in entry-level database design, management, or administration. This certificate is ideal for adult students re-entering college or for students who are currently in the workforce and want to update their skill sets. The curriculum may be completed in one academic year, depending on the student's background in computer applications. Courses in general computer applications and basic programming are combined with basic database development tools and approaches through the use of Relational Database Management Systems (RDBMS) and SQL. At the completion of this certificate, students will be able to manipulate data in complex RDBMS structures. This certificate is for anyone who wants to understand basic database design and implementation technologies in today's workplace.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Apply database management application development techniques to basic business applications.
- Code intermediate and advanced SQL and PL/SQL programs for the solution of business applications.
- Apply end user basic software to develop word processing documents, spreadsheets, and presentations.
- Design Relational Database Management System (RDMS) per industry Database System Development Life Cycle (DSDLC) standards.
- Demonstrate knowledge of fundamental business methods, including communications, math, and writing.
- Demonstrate personal productivity with Information Systems (IS) technology.
- Develop basic programming, data, and database techniques.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

## ASSOCIATE IN SCIENCE - CIHI

## Computer Information Systems - Health Information Option

### Location

- All courses offered at QCC Worcester (Main Campus).

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The Computer Information Systems - Health Information Option will prepare students to work in various health-related industries, such as hospitals, clinics, insurance, etc. The program curriculum provides hands-on computer experience in spreadsheet, web development, data communication, database development and management, basic programming, and systems analysis and design. Additional courses include medical law and ethics, medical coding, medical billing and insurance, and electronic health records. The Cooperative Work Experience is a requirement in this program and provides an opportunity for students to apply classroom knowledge to practical work experience. Career opportunities for the Health Information Option may include positions as medical records and health information technicians and entry-level database support specialists.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Analyze and design information systems and database applications utilizing the Microsoft software frameworks to construct professional information systems applications for web and database environments.
- Develop programming, data, and database techniques.
- Code intermediate SQL programs for the solution of business applications.
- Design, organize, and maintain a Relational Database Management System (RDMS) per industry Database System Development Life Cycle (DSDLC) standards.
- Apply end user basic software to develop word processing documents, spreadsheets, and presentations.
- Demonstrate the use and operate an EHR (Electronic Health Records) software package.
- Explain the basic components and emerging principles and concepts that impact the health industry, such as HIPAA requirements, patient confidentiality, a team-based approach, and workflow processes in a health care setting.
- Evaluate and apply the merits, risks, and social concerns of activities in the field of healthcare.
- Explain relevant local, state, and federal laws and regulations that impact the health industry.
- Identify essential business techniques, including communications, math, and writing.

- Use standard documentation procedures to collect and communicate appropriate health information within legal and regulatory requirements.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

### CORI, SORI, Finger Printing & Drug Testing

Prospective students should note that, as a condition of cooperative education employment, Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks, fingerprinting, and drug testing may be required.

### Additional Cost

See the Program Fees (pg. 27).

- Students must have access to a PC or laptop using Windows environment.
- Students enrolled in CIS 299 may incur an additional expense for professional liability insurance.

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 51.0707.

## ASSOCIATE IN SCIENCE - CITR

## Computer Information Systems - Transfer Option

### Location

- All courses offered at QCC Worcester (Main Campus).

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The Computer Information Systems - Transfer Option is designed to prepare students for transfer to four-year institutions where they can complete the bachelor's degree, preparing the students for professional careers in the rapidly-changing field of computer information systems. Students develop good communication skills and the ability for teamwork and leadership roles in their professional careers. Graduates from the Transfer Option, with a GPA of 2.50 or higher, are guaranteed admission to all Massachusetts state universities and to the University of Massachusetts under the MassTransfer Program.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Analyze and design information systems and database applications solutions to achieve business/organizational goals.
- Implement a designed solution to solve business Information Systems (IS) problems using state-of-the-art programming techniques and application software.
- Apply end user basic software to develop word processing documents, spreadsheets, and presentations.
- Apply knowledge to computing and mathematics appropriate to the discipline.
- Think critically and apply the scientific method.
- Present technical solutions effectively.
- Exhibit professional, legal, and ethical behavior.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.
- English: Placement into college level English.

### CORI, SORI, Finger Printing & Drug Testing

Prospective students should note that, as a condition of cooperative education employment, Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks, fingerprinting, and drug testing may be required.

### Additional Cost

See the Program Fees (pg. 27).

- Students must have access to a PC or laptop using Windows environment.
- Students enrolled in CIS 232 will be required to bring their own laptop to class.

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooah/](http://www.bls.gov/ooah/) for specific occupational information. The CIP code for this program is 11.0101.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

### Additional Information

- Some courses may utilize a virtual laboratory; contact the Program Coordinator for minimum hardware and software requirements.

**CERTIFICATE - CWA****Computer Information Systems - Web Applications Certificate****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Computer Information Systems - Career - Enterprise Information Systems

**Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Web Applications Certificate is designed to provide the student with the basic knowledge and skills necessary for career opportunities as an entry-level web developer or web administrator. This certificate is ideal for adult students re-entering college or for students who are currently in the workforce and want to update their skill sets. The curriculum may be completed in one academic year, depending on the student's background in computer applications. Courses in general computer applications and basic programming are combined with basic web development tools and approaches through the use of HTML structures, Javascript, and CGI. At the completion of this certificate, students will be able to manage complex web applications in today's rapidly-changing Internet world. This certificate is for anyone who wants to understand today's web applications, development, and technology.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Develop basic programming, data, and database techniques.
- Apply end user basic software to develop word processing documents, spreadsheets, and presentations.
- Develop intermediate client side web applications.
- Demonstrate personal productivity with Information Systems (IS) technology.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

**Additional Cost**

See the Program Fees (pg. 27).

- Students must have access to a PC or laptop using Windows environment.

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

**Career Outlook**

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 11.0801.

**Transfer Articulations & Opportunities**

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

**Additional Information**

- Some courses may utilize a virtual laboratory; contact the Program Coordinator for minimum hardware and software requirements.

**Program Email: [cis@qcc.mass.edu](mailto:cis@qcc.mass.edu)**

## ASSOCIATE IN SCIENCE - CS

**Computer Science Transfer****Location**

- All courses offered at QCC Worcester (Main Campus).
- Note: Students taking any Computer Science courses online are required to take proctored exams at QCC Worcester (Main Campus) or at a location approved by the instructor.

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Computer Science Transfer associate degree program is designed to prepare students for transfer to four-year institutions where they can complete the bachelor's degree, leading to careers in computer science, software engineering, and systems analysis.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Apply knowledge of computing and mathematics appropriate to the discipline.
- Think critically and apply the scientific method.
- Analyze a problem and design an appropriate algorithmic solution.
- Design, implement, and evaluate an appropriate and secure computer-based system, process, component, or program to satisfy required specifications.
- Read and interpret technical information, as well as listen effectively to, communicate orally with, and write clearly for a wide range of audiences.
- Function effectively as a member of a team to accomplish common goals.
- Engage in continuous learning, as well as research and assess new ideas and information to provide the capabilities for life-long learning.
- Exhibit professional, legal, and ethical behavior.

Note: Student learning outcomes for this program align with recommendations for transfer programs as defined by the Committee for Computing Education in Community Colleges (CCECC) of the Association for Computing Machinery (ACM).

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.
- English: Placement into college level English.
- Mathematics: MAT 100 with a grade of "C" or higher or appropriate placement score.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

**Additional Cost**

See the Program Fees (pg. 27).

- The Computer Science Transfer program utilizes a virtual laboratory. Students enrolled in all CSC courses required in this program will be required to bring their own PC/Windows laptop to class.

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

**Career Outlook**

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 11.0701.

**Transfer Articulations & Opportunities**

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

### Additional Information

- Student learning outcomes for this program align with recommendations for transfer programs as defined by the Committee for Computing Education in Community Colleges (CCECC) of the Association for Computing Machinery (ACM).
- Students in the Computer Science Transfer program must:
  - Understand the basic principles of the scientific method.
  - Use effective communication skills in documenting programming projects.
- Online coursework is typically not eligible for transfer credit at Worcester Polytechnic Institute (WPI). Students are advised to consult with their transfer institution(s) of choice for similar policies.

### Minimum Requirements for Laptop Hardware:

- Processor: Dual/Quad core Intel or AMD processor
- Memory: 8.0GB Memory
- Hard Drive: 500 GB Hard Drive
- Microsoft Windows 10 Installed
- CD/DVD: 24X DVD-RW/DVD
- Network: Wired or Wireless (802.11 a/g/n)
- Web Cam + Mic + Speaker (Recommend Microsoft Lifecam Studio)

### Software:

- Microsoft Windows 10
- Open Office
- MSOffice 2016 Professional Edition (Service Pack 1) \*  
Optional Purchase1 or Office 365
  - .PDF Add-on for MSOffice 2010 \* Free Download from Microsoft
- Acrobat Reader, Flash, Shockwave
- Antivirus Software (Norton or McAfee)
- Quicktime
- Computrace (Recommended: Once registered, Computrace Professional offers a monetary guarantee up to \$1,000.00 if a stolen computer is reported but not recovered - For more info see <http://www.absolute.com>)
- Internet Explorer, Mozilla Firefox, Google chrome
- Latest Java JDK and Netbeans (Free online)

**Program Email: [compsci@qcc.mass.edu](mailto:compsci@qcc.mass.edu)**

**CERTIFICATE - CF****Computer Systems Engineering Technology  
- Computer Forensics Certificate****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Computer Systems Engineering Technology - Forensics Option

**Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Computer Forensics Certificate prepares graduates to work in the information technology and criminal justice fields as computer and digital forensics investigators. According to the Occupational Outlook Handbook, 2016-2017 Edition, employment of computer forensics specialists is expected to increase by 18% from 2014 to 2024.<sup>1</sup> Competition will be high for these positions, requiring advanced technical and investigative skills and knowledge. Demand for these workers will result from the increased use of digital devices by individuals and businesses, as well as the increase in criminal activity on the Internet, such as identity theft, electronic harassment, illegal obtainment of copyrighted materials, and malware activities. Computer forensics, also called cyber forensics, "is the application of investigation and analysis techniques to gather and preserve evidence from a particular computing device in a way that is suitable for presentation in a court of law. The goal of computer forensics is to perform a structured investigation while maintaining a documented chain of evidence to find out exactly what happened on a computing device and who was responsible for it."<sup>2</sup>

<sup>1</sup>[www.bls.gov/ooh/](http://www.bls.gov/ooh/)

<sup>2</sup><https://searchsecurity.techtarget.com/definition/computer-forensics>

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Demonstrate the application of information technology to common business functions, including the implementation and use of basic end user software.
- Understand the common processes and procedures used to conduct criminal and noncriminal investigations of activities involving evidence with digital media, including the laws that apply to these processes.
- Perform support and maintenance of computer hardware.

- Analyze and apply operating systems concepts to implement and support multiple industry standard operating systems in enterprise networking environments.
- Apply networking concepts to design, implement, and maintain LANs and WANs to support modern implementations, including internetworking and data convergence.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

**Additional Cost**

See the Program Fees (pg. 27).

- Students who pursue any of the industry certifications will incur additional expenses for testing fees.

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

**Career Outlook**

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 11.1003.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

### Additional Information

- The Computer Forensics Certificate offers extensive coursework, lecturing on theoretical information technology design, principles, and approaches and supplementing the lecture with practical hands-on application in QCC's state-of-the-art CSET labs.
- The Computer Forensics Certificate offers courses that teach material from several industry standard certifications including:

- Computing Technology Industry Association (CompTIA):
  - A+ - CSC 233
  - Network+ - CSC 234
  - Linux+ - CST 245
- Microsoft's 365 Certified Associate in the following topics:
  - Windows Desktop - CSC 141

## ASSOCIATE IN SCIENCE - SECS

## Computer Systems Engineering Technology - Computer Support Option

### Connections

The following program(s) have connections that can be completed alongside or applied to this program:

- Computer Systems Engineering Technology - Personal Computer Specialist Certificate
- Computer Systems Engineering Technology - Help Desk Technician Certificate

### Location

- All courses offered at QCC Worcester (Main Campus).

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The Computer Systems Engineering Technology - Computer Support Option is designed to meet the demand of computer support middle skills in business and industry, while focusing on the technical and human aspect of providing computer support. This program pulls from multiple areas of computer-related programming at QCC and is stackable from the QCC Personal Computer Specialist Certificate.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Know fundamental business methods, including communications, math, and writing.
- Utilize end user basic software to develop word processing documents, spreadsheets, and presentations.
- Analyze and apply security in computer and networking infrastructures while detecting any legal and ethical breaches.
- Analyze and apply operating systems concepts to implement and support multiple industry standard operating systems in enterprise networking environments.
- Apply networking concepts to design, implement, and maintain LANs and WANs to support modern implementations, including internetworking and data convergence.
- Design and implement basic and advanced routing utilizing the TCP/IP and other common networking protocols and utilities.
- Design and develop scripts and/or programs to enhance business processes.

- Develop documentation appropriate to clearly communicate computer and network specification, configuration, and/or processes.
- Troubleshoot computer networking infrastructures to resolve user problems.
- Demonstrate computer support specialist skills in a business environment through cooperative education and seminars or service learning experience.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HISET.

### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks may be required. Fingerprinting and drug testing may be required.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

### Additional Information

- The Computer Support Option offers extensive coursework, lecturing on theoretical information technology design, principles, and approaches and supplementing the lecture with practical hands-on application in QCC's state-of-the-art CSET labs.
- The Computer Support Option offers courses that teach material from several industry standard certifications including:

- Computing Technology Industry Association (CompTIA):
  - A+ - CSC 233
  - Network+ - CSC 234
  - Linux+ - CST 245
  - Security+ - CST 205
- Microsoft's 365 Certified Associate and Microsoft Certified Windows Server Hybrid Associate in the following topics:
  - Windows Desktop - CSC 141
  - Windows Server - CSC 241

**Program Email: [cset@qcc.mass.edu](mailto:cset@qcc.mass.edu)**

**CERTIFICATE - CBS****Computer Systems Engineering Technology - Cybersecurity Certificate****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Computer Systems Engineering Technology - Forensics Option
- Computer Systems Engineering Technology - Enterprise Information Technology (IT) Option

**Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Cybersecurity Certificate is designed to prepare graduates to work in the information technology field as computer support specialists with an emphasis in cybersecurity. According to the Occupational Outlook Handbook, 2016-2017 Edition, employment of computer support specialists is expected to increase by 18% from 2014 to 2024, which is much faster than the average for all occupations.<sup>1</sup> Demand for these workers will result as organizations and individuals continue to adopt the newest forms of technology. As technology becomes more complex and widespread, support specialists will be needed in greater numbers to implement technology solutions and resolve the technical problems that arise. Businesses, especially, will demand greater levels of support, as information technology has become essential in the business environment. "We lead Internet-connected, digital lives. From our desks and homes to on the go, we work, learn, and play online. Even when we are not directly connected to the Internet, our critical infrastructure - the vast, worldwide connection of computers, data, and websites supporting our everyday lives through financial transactions, transportation systems, healthcare records, emergency response systems, personal communications and more - impacts everyone. Cybersecurity is the mechanism that maximizes our ability to grow commerce, communications, community, and content in a connected world."<sup>2</sup>

<sup>1</sup>[www.bls.gov/ooh/](http://www.bls.gov/ooh/)

<sup>2</sup><https://www.staysafeonline.org/aboutus>

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Demonstrate the application of information technology to common business functions, including the implementation

and use of basic end user software.

- Analyze and apply operating systems concepts to implement and support multiple industry standard operating systems in enterprise networking environments.
- Apply networking concepts to design, implement, and maintain LANs and WANs to support modern implementations, including internetworking and data convergence.
- Design and implement basic and advanced routing utilizing the TCP/IP and other common networking protocols and utilities.
- Analyze and apply security in computer and networking infrastructures while detecting any legal and ethical breaches.
- Troubleshoot computer networking infrastructures to resolve user problems.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HISET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

**Additional Cost**

See the Program Fees (pg. 27).

- Students who pursue any of the industry certifications will incur additional expenses for testing fees.

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

## Computer Systems Engineering Technology - Cybersecurity Option

### Connections

The following program(s) have connections that can be completed alongside or applied to this program:

- Computer Systems Engineering Technology - Cybersecurity Certificate

### Location

- All courses offered at QCC Worcester (Main Campus).

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The Computer Systems Engineering Technology - Cybersecurity Option is designed to meet the demand of cybersecurity professional skills in business and industry, while focusing on the technical and human aspect of cybersecurity. This program meets the National Institute of Standards and Technology's National Initiative for Cybersecurity Education framework (including knowledge, skills, and abilities).

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Know fundamental business methods, including communications, math, and writing.
- Understand the common processes and procedures used to conduct criminal and noncriminal investigations of activities involving evidence with digital media, including the laws that apply to these processes.
- Analyze and apply security in computer and networking infrastructures, while detecting any legal and ethical breaches.
- Analyze and apply operating systems concepts to implement and support multiple industry standard operating systems in enterprise networking environments.
- Design fault tolerance and data recovery methods to minimize risk in the business environment.
- Apply networking concepts to design, implement, and maintain LANs and WANs to support modern implementations, including internetworking and data convergence.
- Design and implement basic and advanced routing utilizing the TCP/IP and other common networking protocols and utilities.
- Define and manage network services for effective network performance.

- Develop documentation appropriate to clearly communicate computer and network security specification, configuration, and/or processes.
- Troubleshoot computer networking infrastructures to resolve user problems.
- Demonstrate the implementation of digital forensics techniques and processes in a business and/or law enforcement environment through cooperative education and seminars or service learning experience.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks may be required. Fingerprinting and drug testing may be required.

### Additional Cost

See the Program Fees (pg. 27).

- Students who pursue any of the industry certifications will incur additional expenses for testing fees.

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. ## Computer Systems Engineering Technology - Enterprise Information Technology (IT) Option

### Connections

The following program(s) have connections that can be completed alongside or applied to this program:

- Computer Systems Engineering Technology - Personal Computer Specialist Certificate
- Computer Systems Engineering Technology - Network Technician Certificate
- Computer Systems Engineering Technology - Help Desk Technician Certificate
- Computer Systems Engineering Technology - Network Associate Certificate
- Computer Systems Engineering Technology - Cybersecurity Certificate

### Location

- All courses offered at QCC Worcester (Main Campus).

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The Computer Systems Engineering Technology (CSET) program offers various associate degree and certificate options that allow students to specialize in specific areas of interest. The mission of the Computer Systems Engineering Technology - Enterprise Information Technology (IT) Option is to prepare students for a broad range of career opportunities in the Information Technology (IT) field. Graduates are prepared to work in virtually any business or organization that utilizes computers and computer networks. This is accomplished by adhering to industry standards developed to measure and promote the competency of IT professionals.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Know fundamental business methods, including communications, math, and writing.
- Demonstrate the application of information technology to common business functions, including the implementation and use of basic end user software.
- Demonstrate the fundamentals of telecommunications in a modern business environment, including management of voice, call centers, and Voice Over IP.
- Perform support and maintenance of computer hardware.
- Analyze and apply operating systems concepts to implement and support multiple industry standard operating systems in enterprise networking environments.

- Apply an understanding of basic programming structures and algorithms.
- Apply networking concepts to design, implement, and maintain LANs and WANs to support modern implementations, including internetworking and data convergence.
- Design and implement basic and advanced routing utilizing the TCP/IP and other common networking protocols and utilities.
- Analyze and apply security in computer and networking infrastructures while detecting any legal and ethical breaches.
- Define and manage network services for effective network performance.
- Design data storage solutions that meet the enterprises' varied needs, including fault tolerance and disaster recovery.
- Deploy and manage common third-party applications to support business needs.
- Demonstrate the management of IT infrastructures and projects.
- Develop documentation appropriate to clearly communicate computer network specification, configuration, and/or processes.
- Troubleshoot computer networking infrastructures to resolve user problems.
- Demonstrate the implementation of IT in a business environment through cooperative education and seminars or service learning experience.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The Computer Systems Engineering Technology - Forensics Option provides an in-depth insight into criminal justice and information technology for analysis of digital information commonly used in criminal investigations. This program is intended as a transfer pathway to multiple four-year institutions.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Know fundamental business methods, including communications, math, and writing.
- Demonstrate the application of information technology to common business functions, including the implementation and use of basic end user software.
- Understand the common processes and procedures used to conduct criminal and noncriminal investigations of activities involving evidence with digital media, including the laws that apply to these processes.
- Perform support and maintenance of computer hardware.
- Analyze and apply operating systems concepts to implement and support multiple industry standard operating systems in enterprise networking environments.
- Apply networking concepts to design, implement, and maintain LANs and WANs to support modern implementations, including internetworking and data convergence.
- Design and implement basic and advanced routing utilizing the TCP/IP and other common networking protocols and utilities.
- Analyze and apply security in computer and networking infrastructures while detecting any legal and ethical

breaches.

- Define and manage network services for effective network performance.
- Develop documentation appropriate to clearly communicate computer network specification, configuration, and/or processes.
- Troubleshoot computer networking infrastructures to resolve user problems.
- Demonstrate the implementation of digital forensics techniques and processes in a business and/or law enforcement environment through cooperative education and seminars or service learning experience.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HISET.

### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks may be required. Fingerprinting and drug testing may be required.

### Additional Cost

See the Program Fees (pg. 27).

- Students who pursue any of the industry certifications will incur additional expenses for testing fees.

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

### Career Outlook

Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 11.1003.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

### Additional Information

- The Forensics Option offers extensive coursework, lecturing on theoretical information technology design, principles, and approaches and supplementing the lecture with practical hands-on application in QCC's state-of-the-art CSET labs.
- The Forensics Option offers courses that teach material from several industry standard certifications including:

- Computing Technology Industry Association (CompTIA):
  - A+ - CSC 233
  - Network+ - CSC 234
  - Linux+ - CST 245
  - Security+ - CST 205
- Microsoft's 365 Certified Associate in the following topics:
  - Windows Desktop - CSC 141
- Cisco's Certified:
  - Network Administrator (CCNA) - CST 240

**Program Email: [cset@qcc.mass.edu](mailto:cset@qcc.mass.edu)**

**CERTIFICATE - HDTC****Computer Systems Engineering Technology - Help Desk Technician Certificate****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Computer Systems Engineering Technology - Enterprise Information Technology (IT) Option

**Location**

- All courses offered at QCC Worcester (Main Campus).
- Some courses offered at QCC Southbridge.

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Help Desk Technician Certificate prepares graduates to work in the information technology field as an entry-level computer support specialist, such as a help desk technician or desktop specialist. According to the Occupational Outlook Handbook, 2016-2017 Edition, employment of computer support specialists and/or help desk technicians is expected to increase by 12% from 2014 to 2024.<sup>1</sup> Demand for these workers will result from the increased use of IT and digital communications technology at home and in the business environment. Computer support specialists or help desk technicians “provide help and advice to people and organizations using computer software or equipment. Some, called computer network support specialists [technical support specialists], support information technology (IT) employees within their organization. Others, called computer user support specialists [help-desk technicians], assist non-IT users who are having computer problems.”<sup>1</sup>

<sup>1</sup>[www.bls.gov/ooh/computer-and-information-technology/computer-support-specialists.htm](http://www.bls.gov/ooh/computer-and-information-technology/computer-support-specialists.htm)

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Demonstrate the application of information technology to common business functions, including the implementation and use of basic end user software.
- Analyze and apply operating systems concepts to implement and support multiple industry standard operating systems in enterprise networking environments.
- Perform support and maintenance of computer hardware.
- Troubleshoot computer infrastructures to resolve user

problems.

- Provide problem resolution services to customers using IT.
- Implement basic Local Area Network (LAN) solutions utilizing TCP/IP networking protocols and utilities.
- Troubleshoot computer networking infrastructures to resolve user problems.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HISET.

**CORI, SORI, Finger Printing & Drug Testing**

## CERTIFICATE - PCS

## Computer Systems Engineering Technology - Personal Computer Specialist Certificate

### Connections

The following program(s) have connections that can be completed alongside or applied to this program:

- Computer Systems Engineering Technology - Enterprise Information Technology (IT) Option

### Location

- All courses offered at QCC Worcester (Main Campus).

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The Personal Computer Specialist Certificate prepares graduates to work in the information technology field as computer support specialists with an emphasis on personal computer/desktop management and support. According to the Occupational Outlook Handbook, 2016-2017 Edition, employment of computer support specialists is expected to increase by 12% from 2014 to 2024, which is faster than the average for all occupations.<sup>1</sup> Demand for these workers will result from the increased use of IT and digital communications technology by individuals and organizations. As technology becomes more complex and prevalent, a greater level of support will become essential to users and their employers. A personal computer specialist has “responsibility for analyzing, managing, supervising, or performing work necessary to plan, design, develop, acquire, document, test, implement, integrate, maintain, or modify systems for solving problems or accomplishing work processes by using computers” in a desktop or personal computer environment.<sup>2</sup>

<sup>1</sup>[www.bls.gov/ooh/](http://www.bls.gov/ooh/)

<sup>2</sup><https://archive.opm.gov/fedclass/gso334.pdf>

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Know fundamental business methods, including communications, math, and writing.
- Demonstrate the application of information technology to common business functions, including the implementation and use of basic end user software.
- Perform support and maintenance of computer hardware.
- Analyze and apply operating systems concepts to implement and support multiple industry standard operating systems in enterprise networking environments.
- Apply an understanding of basic programming structures

and algorithms.

- Deploy and manage common third-party applications to support business needs.
- Troubleshoot computer resources to resolve user problems.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

### Additional Cost

See the Program Fees (pg. 27).

- Students who pursue any of the industry certifications will incur additional expenses for testing fees.

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. **Additional Information**

- The Personal Computer Specialist Certificate offers extensive coursework, lecturing on theoretical information technology design, principles, and approaches and supplementing the lecture with practical hands-on application in QCC's state-of-the-art CSET labs.
- The Personal Computer Specialist Certificate offers courses that teach material from several industry standard certifications including:

- Computing Technology Industry Association (CompTIA):
  - A+ - CSC 233
  - Linux+ - CST 245
- Microsoft's 365 Certified Associate in the following topics:
  - Windows Desktop - CSC 141

## ASSOCIATE IN SCIENCE - IMDD

## Interactive Media - Digital Design Option

### Location

- All courses offered at QCC Worcester (Main Campus).

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The Interactive Media - Digital Design Option is a multi-faceted computer-based program designated for students seeking a computer interface design career in digital media in the global marketplace. Students produce designs, symbols, typography, illustrations, photography, video, multimedia, motion graphics, sound, and animation for use in print, web, social media, and interactive media.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Achieve computer interface design competencies to communicate original artistic expression for promotion and sales of products for newspapers, magazines, web publications, multimedia and video content providers, ad agencies, and manufacturers.
- Achieve computer interface design competencies to communicate original artistic expression in electronic and digital design technologies for career opportunities in the industry.
- Achieve computer interface design competencies to communicate original artistic expression in electronic and digital design technologies for career opportunities in the print and prepress industry.
- Achieve computer interface design competencies to communicate original artistic expression in electronic and digital design technologies for career opportunities in Internet publishing industries as content providers using multimedia, video, and animation.
- Produce a print, PDF, web/e-publishing presence, and interactive social media portfolio of student work for presentation to future employers or for transfer to institutions of higher learning.
- Transfer to bachelor's degree programs at colleges and universities with related fields of study.
- Provide a progressive framework of courses to meet general education core curriculum goals for measurable proficiencies in: Information Literacy, Quantitative Reasoning, Scientific Reasoning, Technical Literacy, Aesthetics, Multiple Perspectives, Ethics, Impact of Technology, and Civic Literacy.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

- The Interactive Media - Digital Design Option is a first-come, first-served program that offers in person classes that run Monday through Thursday, 8:00 a.m. to 7:00 p.m., so plan accordingly. A majority of classes are offered online as well, with a few that take place in person.

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

### Additional Cost

See the Program Fees (pg. 27).

- Students are encouraged to purchase a computer with related software.

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 11.0803.

### Transfer Articulations & Opportunities

**Program Email: [interactivemedia@qcc.mass.edu](mailto:interactivemedia@qcc.mass.edu)**

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

## ASSOCIATE IN SCIENCE - IMGD

**Interactive Media - Game Design Option****Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Interactive Media - Game Design Option is a multi-faceted computer-based program designated for students seeking a game design career in the global marketplace. Game Design Option majors map out and develop the gameplay that defines a player's unique game experience. It is a complex science that combines artistic talent with high mathematics and computer programming ability. Students develop an extensive game design portfolio of individual and collaborative work using state-of-the-art technology resources.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Demonstrate the skills necessary to compete for entry-level positions in the game industry: game-play tester, conceptual artist, texture artist, 3D modeler, and graphical user interface designer.
- Demonstrate the skills necessary upon graduation to transfer into a bachelor's degree program in game design.
- Understand and apply theories of graphical environment design, character design, animation, and interface design to the development of interactive media and game design.
- Design and create 2D and 3D graphical environments for game design and create prototypes of computer games for a variety of environments.
- Develop skills in operating computer game development tools and assessing their advantages and disadvantages while understanding the ethical, legal, and professional responsibilities of a game design professional.
- Use theoretical concepts and perspectives to explain and evaluate the development of games in various settings and apply principles of game design and group work to project work.
- Learn to use professional-level application software for game design.
- Critically evaluate various approaches to game design and identify the elements that are likely to make for effective games and author game design documents.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

- The Interactive Media - Game Design Option is a first-come, first-served program that offers in person classes that run Monday through Thursday, 8:00 a.m. to 7:00 p.m., so plan accordingly. Some classes are offered online, with the majority taking place in person.

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.
- English: Placement into college level English.
- Mathematics: MAT 100 with a grade of "C" or higher or appropriate placement score.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

**Additional Cost**

See the Program Fees (pg. 27).

- Students are encouraged to purchase a computer with related software.

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

**Career Outlook**

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 50.0411.

**Transfer Articulations & Opportunities**

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

*ASSOCIATE IN ARTS - ECBA***Early Childhood Education - Birth through Eight Years Old Option****Connections:**

The following program(s) have connections that can be completed alongside or applied to this program:

- Early Childhood Education Foundational Certificate

**Location**

- All courses offered at QCC Worcester (Main Campus).
- Some courses offered at QCC Southbridge.

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Early Childhood Education - Birth through Eight Years Old Option prepares students for responsible positions in the field of early education and care or for careers in other child-related areas. Graduates will be qualified for career opportunities in early education and care as a lead teacher and, depending upon experience, as an assistant director or a director in a variety of early education programs. Students are also prepared for transfer to a four-year institution.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Describe children's developmental characteristics and needs and the multiple influences on development and learning.
- Apply knowledge of development to support healthy, respectful, supportive, and challenging learning environments.
- Demonstrate knowledge and understanding of family and community characteristics and describe methods for involving families and communities in their children's development and learning.
- Employ positive guidance strategies that are developmentally appropriate.
- Integrate content knowledge with other disciplines to support the development, implementation, and evaluation of curriculum that promotes positive outcomes for children.
- Demonstrate knowledge and appreciation of diverse cultures.
- Engage in continuous, collaborative learning to inform practice.

- Value ethical standards and professional guidelines.
- Demonstrate informed advocacy for children and the profession.
- Identify and utilize professional resources.
- Demonstrate ability to write and speak effectively.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HISET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), Department of Children & Families (DCF) background checks and/or fingerprinting are required for certain mandatory courses. Drug testing is not required. Depending on the contents of these criminal background check(s), a student's participation in an academic program that involves working with children, the disabled, or the elderly, or which includes an observation, practicum, or field placement, may not be allowed, and therefore may impact a student's ability to complete program requirements. For more information, visit the CORI/SORI page.

**Additional Cost**

See the Program Fees (pg. 27).

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

- Students with certifications or graduates of technical high school programs may be eligible to earn credit for prior learning.

*CERTIFICATE - ECFC*

## Early Childhood Education Foundational Certificate

### Location

- All courses offered at QCC Worcester (Main Campus).

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The Early Childhood Education Foundational Certificate provides students with foundational knowledge for all early educators. This program aligns with the MA Department of Early Education and Care (EEC) requirements, contains foundational courses required as part of the Early Childhood Education MA transfer pathways, and contains an experiential learning component. This certificate was intentionally designed to align with the current certification requirements, and to fit within the new credentialing system, considering both current and future needs of the early education workforce.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Explain and demonstrate an understanding of how cultural, economic, political, and historical factors influence theories of child development.
- Use knowledge of physical, cognitive, social, and emotional development to practice assessment of children from birth to age eight (8).
- Explain the main theories, models, job roles, and responsibilities in early childhood education for creating safe and inclusive learning environments.
- Follow ethical, legal, and practical considerations for supporting children with diverse needs and backgrounds in an unbiased way.
- Implement developmentally appropriate curriculum plans that align with ECE guidelines and support child development across domains.
- Demonstrate positive and supportive interactions with children, families, and colleagues.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HISET.

### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), Department of Children & Families (DCF) background checks and/or fingerprinting are required for certain mandatory courses. Drug testing is not required. Depending on the contents of these criminal background check(s), a student's participation in an academic program that involves working with children, the disabled, or the elderly, or which includes an observation, practicum, or field placement, may not be allowed, and therefore may impact a student's ability to complete program requirements. For more information, visit the CORI/SORI page.

### Additional Cost

See the Program Fees (pg. 27).

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

- Students with certifications or graduates of technical high school programs may be eligible to earn credit for prior learning.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 13.1210.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

### Additional Information

- Students must pass all ECE courses with a grade of "C" or higher.
- Students cannot take any ECE course more than twice.
- Many of the required courses can be applied to the associate degree option(s).

*ASSOCIATE IN ARTS - GSEE***General Studies - Elementary Education Transfer Option****Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The General Studies - Elementary Education Transfer Option meets the standards of MassTransfer and prepares students for transfer to undergraduate elementary education programs at Massachusetts public higher education institutions. The program includes broad-based general education courses, as well as courses that are more closely aligned to children and teaching. The goal is to provide students with a clear path to a degree at a four-year university.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Demonstrate mastery of number sense and numeration, patterns and functions, geometry and measurement, and data analysis.
- Apply the concepts and methods of understanding of human development from conception to adolescence.
- Apply the concepts and methods of understanding children's literature.
- Apply the concepts and methods of teaching and learning at the elementary level.
- Achieve awareness of historical, philosophical, and pedagogical perspectives in elementary education.
- Write and speak clearly.
- Locate, evaluate, and apply reliable and appropriate information.
- Relate scientific methods of inquiry to the acquisition of knowledge.
- Demonstrate knowledge and appreciation of diverse cultures, personal perspectives/anti-bias, culturally-responsive practices, and family and community involvement.
- Demonstrate an understanding of the educational considerations, including adaptations, accommodations, modifications, and supports for students with varying exceptionalities.
- Achieve awareness of the educational issues, policies, and law as they relate to children with differing abilities.
- Demonstrate an understanding of evidence-based

practices for the explicit and systematic instruction of foundational reading skills in the areas of phonological and phonemic awareness, phonics, fluency, vocabulary, and comprehension.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HISET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), Department of Children & Families (DCF) background checks and/or fingerprinting are required for certain mandatory courses. Depending on the contents of these criminal background check(s), a student's participation in an academic program that involves working with children, the disabled, or the elderly, or which includes an observation, practicum, or field placement, may not be allowed, and therefore may impact a student's ability to complete program requirements. For more information, visit the CORI/SORI page.

**Additional Cost**

See the Program Fees (pg. 27).

- Required: Fingerprinting through IdentoGo.
- Optional: Take a preparation class for the Massachusetts Tests for Educator Licensure (MTEL).
- Recommended: Take the Communication and Literacy Skills Test (CLST) or one of the DESE-approved alternative MTEL assessments.

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 13.1202.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

### Additional Information

- Massachusetts four-year colleges and universities require elementary education students to complete a minor or second academic major. Specific requirements vary depending on the institution to which students transfer. To maximize transfer of credits, students should intentionally select Electives based on their planned second major or minor.

- EDU courses require a minimum passing grade of “C” or higher.
- EDU courses cannot be taken more than twice.
- For each EDU course, students must complete 24 hours of pre-practicum.
- Pre-practicum may be completed at the student’s work site.

**Program Email: [malmeida@qcc.mass.edu](mailto:malmeida@qcc.mass.edu)**

## CERTIFICATE - DA

**Dental Assisting Certificate****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Dental Hygiene
- Healthcare - Pre-Dental Hygiene Option
- Healthcare - Medical Sales/Marketing Option
- Healthcare - Medical Office Management Option
- Healthcare

**Location**

- All courses offered at QCC Worcester (Main Campus).
- 416 hours at dental offices within Worcester County.

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The QCC Dental Assisting Certificate program includes the following Program Goals:

- To provide a Dental Assisting curriculum that is high quality, student centered, accessible and affordable to obtain entry-level employment as an integral member of the dental health team within six months of graduation, or enroll in an advanced education program.
- To competently and ethically perform chairside dental assisting and related office and laboratory procedures under the direction and supervision of the dentist within the guidelines of the Massachusetts Dental Practice Act and the Dental Profession.
- To demonstrate the appropriate level of knowledge needed to perform dental assisting functions by successfully challenging the Dental Assisting National Board Certified Dental Assistant examination.
- To conduct ongoing review of program goals and curriculum to ensure that the program continues to meet the needs of external organizations, the dental community, and students.
- To provide students with skills to communicate professionally with patients, and to be competent to communicate professionally, along with the skills to collaborate effectively with employers and other health care professionals.
- To engage in intellectual and professional growth, and appreciate the need for life-long learning activities to meet the changing needs and demands of the profession and the community by maintaining a Massachusetts Dental Assisting License, CDA status, and actively participating in the local and/or national level of the American Dental Assisting Association.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Apply CDC, HIPAA, OSHA guidelines to their everyday use in a dental setting (community or private).
- Uphold professionalism, ethics, and integrity while providing daily tasks as a dental assistant.
- Explain any dental procedure or material in layman's terms to a patient, or professional nomenclature to the healthcare community.
- Attend local or national meetings of ADAA.
- Apply knowledge of the Massachusetts State Delegable duties for a Dental Assistant.
- Demonstrate all modalities of dental assisting.
- Be competent in the use of technology as a learning resource and for information management.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.
- Attendance at a Health Information Session or complete HLC 101 (previously known as FYE 102) with a grade of "C" or higher.
- Must show evidence of being compliant with the immunization requirements specified by the Massachusetts Department of Public Health. Additional immunization requirements will be required for clinical experiences.
- English: Placement into college level English.

**Program Retention / Progression Requirements:**

To be eligible to continue in the program, students must:

- Achieve a grade of "C" or higher in all program courses designated by DAS.
- Achieve a grade of "C" or higher in BIO 100, DHY 125, DHY 131, DHY 241, and ENG 101.
- Maintain documentation of current Healthcare Provider Level BLS/CPR Certification.
- Maintain documentation of immunization currency and satisfactory health status.
- Maintain documentation of annual TB testing.
- Maintain documentation of health insurance.
- Be aware that they may be exposed to bloodborne pathogens. Bloodborne Pathogens means pathogenic microorganisms that are present in human blood and can cause disease in humans. These pathogens include, but are not limited to, hepatitis B virus (HBV) and human immunodeficiency virus (HIV). United States Department of Labor, OSHA, September 5, 2019 ([www.osha.gov/laws-regs/regulations/standardnumber/1910/1910.1030](http://www.osha.gov/laws-regs/regulations/standardnumber/1910/1910.1030)).

**Program Readmission Requirements:**

There is a one-time readmission policy for the program.

- Readmission is not guaranteed and is always based upon space availability.
- Students who did not earn a grade of “C” or higher in BIO 100, DHY 125, DHY 131, DHY 241, ENG 101, or any program courses designated by DAS need to re-apply to the program through the Admissions Office. Students need to meet the current admission requirements. Students should contact the Program Coordinator as soon as they receive the notification of being placed on the waitlist (by April 15) to discuss readmission.
- Students who did not earn a grade of “C” or higher in any other DAS course should contact the Program Coordinator by April 15 to discuss readmission.
- Students who have been dismissed or administratively withdrawn from a program within the School of Healthcare at Quinsigamond Community College for reasons of “clinically unsafe practice/behavior” or who violate the College’s Student Code of Conduct or Policy on Affirmative Action are not eligible for admission/readmission to any Healthcare program.

**Program Graduation Requirements:**

Students must satisfy all course and program requirements, including regulations related to attendance and conduct, in order to be eligible for graduation.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Fingerprinting and drug testing may be required. Fingerprinting and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, fingerprinting and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

**Additional Cost**

See the Program Fees (pg. 27).

- Students should anticipate additional expenses for uniforms/clinical wear, textbooks, licensing examinations, required skills remediation, online CPR certification component, immunizations/titers, and physical exams.

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

- The QCC Dental Assisting program is deeply committed to diversity and fostering an inclusive environment that represents the diverse population of healthcare professionals. We value the uniqueness and potential of every learner and strive to create a culture of respect and equality, welcoming all students, including individuals with disabilities. We encourage students with disabilities to disclose their needs and seek accommodations to fully engage in our program. All disability-related conversations and requests are handled through a

confidential process to protect the privacy of our students. After reviewing the Technical Performance Standards, students who have questions about accommodations should contact QCC Student Accessibility Services as soon as possible. Given the complexities of clinical-based programs, additional time may be needed to effectively implement accommodations.

- For more information, contact QCC Student Accessibility Services:
  - Phone: 508.854.4471
  - Email: SAS@qcc.mass.edu
  - Office Location: Room 246A, Administration Building, QCC Worcester (Main Campus)
  - Website: [www.QCC.edu/support/specialized-support/student-accessibility-services](http://www.QCC.edu/support/specialized-support/student-accessibility-services)

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

**Career Outlook**

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 51.0601.

**Transfer Articulations & Opportunities**

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

**Additional Information**

- It is suggested that students take BIO 100 and ENG 101 prior to entering the program.
- Students will need to provide their own transportation to dental offices within Worcester County.

**Dental Assisting “Bridge” to Dental Hygiene:**

Graduates of the QCC Dental Assisting Certificate programs (Program Code: DA, DAWO) may transfer into the QCC Dental Hygiene - Associate in Science program (Program Code: DH) if they meet the current program admissions requirements for the Dental Hygiene program.

- Subject to space availability, up to two seats in the Dental Hygiene freshman class will be reserved for currently-enrolled QCC dental assistants scheduled to graduate in May who have met all the admission criteria for the Dental Hygiene program. Students must bridge directly from the Dental Assisting program to the Dental Hygiene program. “Bridge” selection

applications may be obtained from the Dental Assisting Program Coordinator. Decisions will be made by April 15 each year and pending final grades at the end of the semester.

- Dental Assisting graduates may be eligible to by-pass the Dental Hygiene waitlist if the following criteria are met:
  - Minimum Grade Point Average (GPA) of 3.30 overall at the end of Spring semester.
  - Minimum grade of “B” in all QCC DHY courses and obtain a minimum grade of “73” on the final exams/exit exams for DHY bridge courses (DHY 125, DHY 131, DHY 241), in order to qualify for the “bridge” from the Dental Assisting to Dental Hygiene program.
  - Minimum grade of “A-” in the DAS 151, DAS 153, and DAS 155 courses.
  - Two recommendations from QCC DHY core course faculty, of which one is from a full-time faculty member.
  - BIO 111, CHM 101, and ENG 101 must be completed before submitting the application. BIO 112 and ENG 102 must be taken in Summer I. BIO 232 and DHY 125 must be taken in Summer II.
  - Attendance at a Health Information Session or complete HLC 101 (previously known as FYE 102) with a grade of “C” or higher.
  - Students must have passed DANB CDA exam, with proof of the official certificate from DANB.
  - Students will need to audit DHY 241. This will entail attending all DHY 241 lab sessions. Attending lectures is optional.
  - All bridge students who have taken DHY 131, and passed with a “B” or higher within one year of entering the Dental Hygiene program, will be required to demonstrate competency the Summer before entering or re-entering the program. This will be scheduled for three hours in July/ August. If students fail the competency exam, they will be required to enroll in or audit DHY 131L.
  - Students who have taken DHY 131 prior to one year will be required to retake the course.
  - In addition, students will also be required to demonstrate competency the following December/January before treating patients. There is no fee for this competency evaluation. If students do not demonstrate competency, they will be required to participate in remediation prior to exposing radiographs on patients. The competency will consist of:
    - Review of QCC Dental Hygiene program radiograph exposure protocols, forms, and documentation.
    - Review of exposing film-based intra-oral radiographs and darkroom procedures.
    - Review and exposure of various radiographic techniques and modalities on manikins.

**Notice of Opportunity to File Complaints:**

The Commission on Dental Accreditation will review complaints that relate to a program’s compliance with the accreditation standards. The Commission is interested in the sustained quality and continued improvement of dental and dental-related education programs; however, the Commission does not intervene on behalf of individuals or act as a court of appeal for treatment received by patients or individuals in matters of admission, appointment, promotion or dismissal of faculty, staff or students. A copy of the appropriate accreditation standards and/or the Commission’s policy and procedure

for submission of complaints may be obtained by contacting the Commission at: Commission on Dental Accreditation | 211 East Chicago Avenue, Chicago, IL 60611 | 800.621.8099, ext. 4653.

**Program Email: [dentalassisting@qcc.mass.edu](mailto:dentalassisting@qcc.mass.edu)**

**Accreditation**

The Quinsigamond Community College Dental Assisting program is accredited by the Commission on Dental Accreditation (CODA), which was established in 1975 and is nationally recognized by the United States Department of Education as the sole agency to accredit dental and dental-related education programs conducted at the post-secondary level. CODA can be contacted at: Commission on Dental Accreditation | 211 East Chicago Avenue, Chicago, IL 60611 | 800.621.8099 | 312.440.4653 | [www.ada.org/en/coda](http://www.ada.org/en/coda). The Dental Assisting program was last granted continuing accreditation without reporting requirements in 2021, and the next re-accreditation visit is scheduled for 2028.

**Statistics**

**Program Outcomes:**

Program outcomes are defined as performance indicators that reflect the extent to which the purposes of the program are achieved and by which program effectiveness is documented. Program outcomes are measurable, consumer-oriented indexes designed to evaluate the degree to which the program is achieving its mission and goals. Examples include, but are not limited to, program completion rates, licensure/certification examination pass rates, and job placement rates.

**Program Statistics:**

**CERTIFICATE - DAWO****Dental Assisting Certificate - Weekend Option****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Dental Hygiene
- Healthcare - Pre-Dental Hygiene Option
- Healthcare - Medical Sales/Marketing Option
- Healthcare - Medical Office Management Option
- Healthcare

**Location**

- All courses offered at QCC Worcester (Main Campus).
- Externships (416 hours) offered during the weekdays in Worcester County.

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The QCC Dental Assisting Certificate - Weekend Option program includes the following Program Goals:

- To provide a Dental Assisting curriculum that is high quality, student centered, accessible and affordable to obtain entry-level employment as an integral member of the dental health team within six months of graduation, or enroll in an advanced education program.
- To competently and ethically perform chairside dental assisting and related office and laboratory procedures under the direction and supervision of the dentist within the guidelines of the Massachusetts Dental Practice Act and the Dental Profession.
- To demonstrate the appropriate level of knowledge needed to perform dental assisting functions by successfully challenging the Dental Assisting National Board Certified Dental Assistant examination.
- To conduct ongoing review of program goals and curriculum to ensure that the program continues to meet the needs of external organizations, the dental community, and students.
- To provide students with skills to communicate professionally with patients, and to be competent to communicate professionally, along with the skills to collaborate effectively with employers and other health care professionals.
- To engage in intellectual and professional growth, and appreciate the need for life-long learning activities to meet the changing needs and demands of the profession and the community by maintaining a Massachusetts Dental Assisting

License, CDA status, and actively participating in the local and/or national level of the American Dental Assisting Association.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Apply CDC, HIPAA, OSHA guidelines to their everyday use in a dental setting (community or private).
- Uphold professionalism, ethics, and integrity while providing daily tasks as a dental assistant.
- Explain any dental procedure or material in layman's terms to a patient, or professional nomenclature to the healthcare community.
- Attend local or national meetings of ADAA.
- Apply knowledge of the Massachusetts State Delegable duties for a Dental Assistant.
- Demonstrate all modalities of dental assisting.
- Be competent in the use of technology as a learning resource and for information management.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.
- Attendance at a Health Information Session or complete HLC 101 (previously known as FYE 102) with a grade of "C" or higher.
- Must show evidence of being compliant with the immunization requirements specified by the Massachusetts Department of Public Health. Additional immunization requirements will be required for clinical experiences.
- English: Placement into college level English.

**Program Retention / Progression Requirements:**

To be eligible to continue in the program, students must:

- Achieve a grade of "C" or higher in all program courses designated by DAS.
- Achieve a grade of "C" or higher in BIO 100, DHY 125, DHY 131, DHY 241, and ENG 101.
- Maintain documentation of current Healthcare Provider Level BLS/CPR Certification.
- Maintain documentation of immunization currency and satisfactory health status.
- Maintain documentation of annual TB testing.
- Maintain documentation of health insurance.
- Be aware that they may be exposed to bloodborne pathogens. Bloodborne Pathogens means pathogenic

microorganisms that are present in human blood and can cause disease in humans. These pathogens include, but are not limited to, hepatitis B virus (HBV) and human immunodeficiency virus (HIV). United States Department of Labor, OSHA, September 5, 2019 ([www.osha.gov/laws-regs/regulations/standardnumber/1910/1910.1030](http://www.osha.gov/laws-regs/regulations/standardnumber/1910/1910.1030)).

#### Program Readmission Requirements:

There is a one-time readmission policy for the program.

- Readmission is not guaranteed and is always based upon space availability.
- Students who did not earn a grade of “C” or higher in BIO 100, DHY 125, DHY 131, DHY 241, ENG 101, or any program courses designated by DAS need to re-apply to the program through the Admissions Office. Students need to meet the current admission requirements. Students should contact the Program Coordinator as soon as they receive the notification of being placed on the waitlist (by April 15) to discuss readmission.
- Students who did not earn a grade of “C” or higher in any other DAS course should contact the Program Coordinator by April 15 to discuss readmission.
- Students who have been dismissed or administratively withdrawn from a program within the School of Healthcare at Quinsigamond Community College for reasons of “clinically unsafe practice/behavior” or who violate the College’s Student Code of Conduct or Policy on Affirmative Action are not eligible for admission/readmission to any Healthcare program.

#### Program Graduation Requirements:

Students must satisfy all course and program requirements, including regulations related to attendance and conduct, in order to be eligible for graduation.

#### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Fingerprinting and drug testing may be required. Fingerprinting and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, fingerprinting and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

#### Additional Cost

See the Program Fees (pg. 27).

- Students should anticipate additional expenses for uniforms/clinical wear, textbooks, licensing examinations, required skills remediation, online CPR certification component, immunizations/titers, and physical exams.

#### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

- The QCC Dental Assisting program is deeply committed to diversity and fostering an inclusive environment that represents the diverse population of healthcare professionals. We value the uniqueness and potential of every learner and strive to create a culture of respect and equality, welcoming all students, including individuals with disabilities. We encourage students with disabilities to disclose their needs and seek accommodations to fully engage in our program. All disability-related conversations and requests are handled through a confidential process to protect the privacy of our students. After reviewing the Technical Performance Standards, students who have questions about accommodations should contact QCC Student Accessibility Services as soon as possible. Given the complexities of clinical-based programs, additional time may be needed to effectively implement accommodations.
- For more information, contact QCC Student Accessibility Services:
  - Phone: 508.854.4471
  - Email: [SAS@qcc.mass.edu](mailto:SAS@qcc.mass.edu)
  - Office Location: Room 246A, Administration Building, QCC Worcester (Main Campus)
  - Website: [www.QCC.edu/support/specialized-support/student-accessibility-services](http://www.QCC.edu/support/specialized-support/student-accessibility-services)

#### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

#### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 51.0601.

#### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

#### Additional Information

- It is suggested that students take BIO 100 and ENG 101 prior to entering the program.
- Students will need to provide their own transportation to dental offices within Worcester County.

**Dental Assisting “Bridge” to Dental Hygiene:**

Graduates of the QCC Dental Assisting Certificate programs (Program Code: DA, DAWO) may transfer into the QCC Dental Hygiene - Associate in Science program (Program Code: DH) if they meet the current program admissions requirements for the Dental Hygiene program.

- Subject to space availability, up to two seats in the Dental Hygiene freshman class will be reserved for currently-enrolled QCC dental assistants scheduled to graduate in May who have met all the admission criteria for the Dental Hygiene program. Students must bridge directly from the Dental Assisting program to the Dental Hygiene program. “Bridge” selection applications may be obtained from the Dental Assisting Program Coordinator. Decisions will be made by April 15 each year and pending final grades at the end of the semester.
- Dental Assisting graduates may be eligible to by-pass the Dental Hygiene waitlist if the following criteria are met:
  - Minimum Grade Point Average (GPA) of 3.30 overall at the end of Spring semester.
  - Minimum grade of “B” in all QCC DHY courses and obtain a minimum grade of “73” on the final exams/exit exams for DHY bridge courses (DHY 125, DHY 131, DHY 241), in order to qualify for the “bridge” from the Dental Assisting to Dental Hygiene program.
  - Minimum grade of “A-” in the DAS 151, DAS 153, and DAS 155 courses.
  - Two recommendations from QCC DHY core course faculty, of which one is from a full-time faculty member.
  - BIO 111, CHM 101, and ENG 101 must be completed before submitting the application. BIO 112 and ENG 102 must be taken in Summer I. BIO 232 and DHY 125 must be taken in Summer II.
  - Attendance at a Health Information Session or complete HLC 101 (previously known as FYE 102) with a grade of “C” or higher.
  - Students must have passed DANB CDA exam, with proof of the official certificate from DANB.
  - Students will need to audit DHY 241. This will entail attending all DHY 241 lab sessions. Attending lectures is optional.
  - All bridge students who have taken DHY 131, and passed with a “B” or higher within one year of entering the Dental Hygiene program, will be required to demonstrate competency the Summer before entering or re-entering the program. This will be scheduled for three hours in July/August. If students fail the competency exam, they will be required to enroll in or audit DHY 131L.
  - Students who have taken DHY 131 prior to one year will be required to retake the course.
  - In addition, students will also be required to demonstrate competency the following December/January before treating patients. There is no fee for this competency

evaluation. If students do not demonstrate competency, they will be required to participate in remediation prior to exposing radiographs on patients. The competency will consist of:

- Review of QCC Dental Hygiene program radiograph exposure protocols, forms, and documentation.
- Review of exposing film-based intra-oral radiographs and darkroom procedures.
- Review and exposure of various radiographic techniques and modalities on manikins.

**Notice of Opportunity to File Complaints:**

The Commission on Dental Accreditation will review complaints that relate to a program’s compliance with the accreditation standards. The Commission is interested in the sustained quality and continued improvement of dental and dental-related education programs; however, the Commission does not intervene on behalf of individuals or act as a court of appeal for treatment received by patients or individuals in matters of admission, appointment, promotion or dismissal of faculty, staff or students. A copy of the appropriate accreditation standards and/or the Commission’s policy and procedure for submission of complaints may be obtained by contacting the Commission at: Commission on Dental Accreditation | 211 East Chicago Avenue, Chicago, IL 60611 | 800.621.8099, ext. 4653.

**Program Email: [dentalassisting@qcc.mass.edu](mailto:dentalassisting@qcc.mass.edu)**

**Accreditation**

The Quinsigamond Community College Dental Assisting program is accredited by the Commission on Dental Accreditation (CODA), which was established in 1975 and is nationally recognized by the United States Department of Education as the sole agency to accredit dental and dental-related education programs conducted at the post-secondary level. CODA can be contacted at: Commission on Dental Accreditation | 211 East Chicago Avenue, Chicago, IL 60611 | 800.621.8099 | 312.440.4653 | [www.ada.org/en/coda](http://www.ada.org/en/coda). The Dental Assisting program was last granted continuing accreditation without reporting requirements in 2021, and the next re-accreditation visit is scheduled for 2028.

## ASSOCIATE IN SCIENCE - DH

**Dental Hygiene****Location**

- All courses offered at QCC Worcester (Main Campus).
- Service learning rotations are required at off-campus sites.

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The QCC Dental Hygiene associate degree program includes the following Program Goals:

- To accept students who have the potential for achieving the stated program competencies.
- To provide a curriculum that will prepare students to meet the stated program competencies with the knowledge and skills required to provide comprehensive dental hygiene services based on current standards of care.
- To prepare each graduate to assume responsibility for ethical dental hygiene care in accordance with the laws of the Commonwealth of Massachusetts.
- To graduate students who value the importance of being affiliated with the American Dental Hygienists' Association.
- To provide ongoing continuing education programs for dental professionals.
- To provide quality comprehensive dental hygiene care within the parameters of the educational requirements of the program.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Be competent in providing the Dental Hygiene Process of Care to a diverse population, including the child, adolescent, adult, geriatric, medically compromised, special needs patients, and patients with all classifications of periodontal disease.
- Be competent in interprofessional and interpersonal communication skills to effectively interact with diverse population groups and other members of the healthcare team.
- Be competent in assessing, analyzing data, planning, implementing, and evaluating community-based oral health programs, including health promotion and disease prevention activities.
- Be competent in applying legal and regulatory concepts to the provision and/or support of oral healthcare services.
- Be competent in the application of the principles of ethical reasoning, ethical decision-making, and professional responsibility as they pertain to the academic environment,

research, patient care, and management.

- Be competent in the use of technology as a learning resource and for information management.
- Be competent in the evaluation and utilization of current scientific literature as a basis for life-long learning, evidence-based practice, and as a foundation for adapting to changes in healthcare.
- Be competent in the management of comprehensive patient care utilizing critical thinking, problem-solving skills, and self-assessment strategies as a foundation for maintaining professional proficiency.
- Be competent in representing and supporting the profession through community service and affiliations with professional organizations.
- Be competent in providing appropriate support for medical emergencies that may be encountered in dental hygiene practice.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HISET.
- Attendance at a Health Information Session or complete HLC 101 (previously known as FYE 102) with a grade of "C" or higher.
- Must show evidence of being compliant with the immunization requirements specified by the Massachusetts Department of Public Health. Additional immunization requirements will be required for clinical experiences.
- Submit the Dental Hygiene Observation/Work Experience Form by completing one of the following options:
  - Observe/shadow in a dental office: Two hours must be spent observing dental hygiene procedures and two hours spent between observing the dental assistant/dental procedures and front desk operations in a dental office. It is the responsibility of the student to make arrangements with a dental office to complete this portion of the application process.
  - Observe a QCC Dental Hygiene Simulation Lab: The student must attend a clinical simulation laboratory class for three hours.
  - Work experience in a dental office: The employer can sign, validating work experience in a dental office.
  - Graduate from the QCC Dental Assisting Program within the last two years.
- English: Placement into college level English.
- Mathematics: Placement into a college level mathematics course (MAT 095 with a grade of "C" or higher or QMAT placement score > 21 or appropriate multiple measures).

- Biology: Minimum grade of “B” in high school biology or “B” or higher in college level biology course (BIO 101 recommended). Required grade must be earned within two attempts of taking and completing the course. Qualifying biology course must be taken within five years of application.
- TEAS Admission Requirement: Applicants must have taken the TEAS within the last five years of applying to the program.
  - A qualifying composite score must be achieved in no more than three attempts within a rolling three-year period (scores from multiple tests cannot be combined).
  - To meet the TEAS admission requirement, applicants must achieve one of the following:
    - A composite TEAS score of 65% or higher **OR**
    - A composite TEAS score between 61% and 64%, with the following minimum GPA requirements (see table below):

TEAS Score	Overall QCC College Biology GPA (4 credit minimum)	Overall QCC College GPA (15 credit minimum)
64	3.0 or higher	3.0 or higher
63	3.1 or higher	3.1 or higher
62	3.2 or higher	3.2 or higher
61	3.3 or higher	3.3 or higher

#### Program Retention / Progression Requirements:

To be eligible to continue in the program, students must:

- Achieve a grade of “C” or higher in all program courses designated by DHY; students who have received a grade below a “C” in any DHY course are required to repeat the course and obtain a grade of “C” or higher by the end of the semester in which they are required or required as a prerequisite.
- Achieve a grade of “C” or higher in BIO 111, BIO 112, BIO 232, and CHM 101; students who have received a grade below a “C” in BIO 111, BIO 112, BIO 232, and CHM 101 are required to repeat the course and obtain a grade of “C” or higher by the end of the semester in which they are required or required as a prerequisite.
- Maintain documentation of current Healthcare Provider Level BLS/CPR Certification.
- Maintain documentation of immunization currency and satisfactory health status.
- Maintain documentation of annual TB testing.
- Maintain documentation of health insurance.
- Maintain an active membership in the professional organization (ADHA) throughout the duration of their program enrollment.
- Be aware that there may be a risk of exposure to bloodborne pathogens. Bloodborne pathogens are infectious microorganisms in human blood that can cause disease in humans. These pathogens include, but are not limited to, hepatitis B (HBV), hepatitis C (HCV), and human immunodeficiency virus (HIV). Needlesticks and other sharps-related injuries may expose workers to bloodborne pathogens. Workers in many occupations, including first responders,

housekeeping personnel in some industries, nurses and other healthcare personnel, all may be at risk for exposure to bloodborne pathogens ([www.osha.gov/bloodborne-pathogens](http://www.osha.gov/bloodborne-pathogens)).

#### Program Readmission Requirements:

There is a one-time readmission policy for the program.

- Readmission is not guaranteed and is always based upon space availability.
- Any DHY course completed more than one year prior to readmission or reentry into the program must be retaken.
- Students who did not earn a grade of “C” or higher in DHY 111, DHY 121, DHY 123, DHY 125, and/or DHY 131 need to re-apply to the program through the Admissions Office. Students need to meet the current admission requirements. Students should contact the Program Coordinator as soon as they receive the notification of being placed on the waitlist (by April 15) to discuss readmission.
- Students who did not earn a grade of “C” or higher in any other DHY course should contact the Program Coordinator by April 15 to discuss readmission.
- Students who have been dismissed or administratively withdrawn from a program within the School of Healthcare at Quinsigamond Community College for reasons of “clinically unsafe practice/behavior” or who violate the College’s Student Code of Conduct or Policy on Affirmative Action are not eligible for admission/readmission to any Healthcare program.

#### Program Graduation Requirements:

To be eligible for graduation, students must fulfill all course and program requirements, including those related to attendance and conduct.

- In particular, successful completion of all clinical and program requirements - including adherence to attendance and conduct regulations - is necessary to remain in the program and to receive program certification for licensure examination eligibility.

#### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Fingerprinting and drug testing may be required. Fingerprinting and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, fingerprinting and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

- A positive CORI/SORI may impact qualifications to obtain a license to practice dental hygiene in certain states.

#### Additional Cost

See the Program Fees (pg. 27).

- Students should anticipate additional expenses for uniforms/clinical wear, eye loupes, textbooks, required academic or skills remediation, CPR certification, immunizations/titers, physical exams, and membership in the Dental Hygiene Professional

Association, Regional and National Board exams.

regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

- In addition to the technical standards outlined on the Technical Performance Standards page, all students must be able to reach the patient from a sitting or standing position to accomplish the skills necessary for this profession.
- The QCC Dental Hygiene program is deeply committed to diversity and fostering an inclusive environment that represents the diverse population of healthcare professionals. We value the uniqueness and potential of every learner and strive to create a culture of respect and equality, welcoming all students, including individuals with disabilities. We encourage students with disabilities to disclose their needs and seek accommodations to fully engage in our program. All disability-related conversations and requests are handled through a confidential process to protect the privacy of our students. After reviewing the Technical Performance Standards, students who have questions about accommodations should contact QCC Student Accessibility Services as soon as possible. Given the complexities of clinical-based programs, additional time may be needed to effectively implement accommodations.
- For more information, contact QCC Student Accessibility Services:
  - Phone: 508.854.4471
  - Email: [SAS@qcc.mass.edu](mailto:SAS@qcc.mass.edu)
  - Office Location: Room 246A, Administration Building, QCC Worcester (Main Campus)
  - Website: [www.QCC.edu/support/specialized-support/student-accessibility-services](http://www.QCC.edu/support/specialized-support/student-accessibility-services)

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

- Dental Hygiene (DHY) courses are not eligible for credit for prior learning.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 51.0602.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information

### Additional Information

- Accepted applicants must:
  - Have satisfactory physical examinations.
  - Provide documentation of immunization currency as required by the Massachusetts Department of Public Health.
  - Meet tuberculosis requirements before entering the program.
  - Maintain health insurance throughout the duration of their program enrollment.
- Students who do not have completed health files submitted to the Health Compliance Office and approved by June 30 of the respective year will be removed from their dental hygiene courses and will have to file for readmission to the next available year.
- Clinical rotations may be required during Summer sessions or Winter/Intersession. Clinical rotations may be required off-campus throughout the duration of the program. Students are responsible for their own transportation.
- Clinic rotations begin the first week of January for the Spring semester.
- Although every effort will be made to schedule patients for students, ultimately, students are responsible for supplying their own patients to meet their clinical requirements.
- All students, faculty, and staff involved directly in providing patient care must have current certification in Basic Life Support at the American Heart Association's Health Care Provider Level. Incoming students will be required to complete this certification as part of their coursework during the first semester.
- Dental hygienists must be licensed by the state in which the student practices. Licensure in Massachusetts requires that applicants pass the National Board Dental Hygiene Examination, the Commission on Dental Competency Assessments (CDCA) Examination, and the Board of Registration in Dentistry Ethics and Jurisprudence Examination. A Social Security Number is mandatory for dental hygiene licensure in the state of Massachusetts.

#### Dental Assisting "Bridge" to Dental Hygiene:

Graduates of the QCC Dental Assisting Certificate programs (Program Code: DA, DAWO) may transfer into the QCC Dental Hygiene - Associate in Science program (Program Code: DH) if they meet the current program admissions requirements for the Dental Hygiene program.

- Subject to space availability, up to two seats in the Dental Hygiene freshman class will be reserved for currently-enrolled QCC dental assistants scheduled to graduate in May who have met all the admission criteria for the Dental Hygiene program. Students must bridge directly from the Dental Assisting program to the Dental Hygiene program. "Bridge" selection applications may be obtained from the Dental Assisting Program Coordinator. Decisions will be made by April 15 each year and pending final grades at the end of the semester.
- Dental Assisting graduates may be eligible to by-pass the

Dental Hygiene waitlist if the following criteria are met:

- Minimum Grade Point Average (GPA) of 3.30 overall at the end of Spring semester.
- Minimum grade of “B” in all QCC DHY courses and obtain a minimum grade of “73” on the final exams/exit exams for DHY bridge courses (DHY 125, DHY 131, DHY 241), in order to qualify for the “bridge” from the Dental Assisting to Dental Hygiene program.
- Minimum grade of “A-” in the DAS 151, DAS 153, and DAS 155 courses.
- Two recommendations from QCC DHY core course faculty, of which one is from a full-time faculty member.
- BIO 111, CHM 101, and ENG 101 must be completed before submitting the application. BIO 112 and ENG 102 must be taken in Summer I. BIO 232 and DHY 125 must be taken in Summer II.
- Attendance at a Health Information Session or complete HLC 101 (previously known as FYE 102) with a grade of “C” or higher.
- Students must have passed DANB CDA exam, with proof of the official certificate from DANB.
- Students will need to audit DHY 241. This will entail attending all DHY 241 lab sessions. Attending lectures is optional.
- All bridge students who have taken DHY 131, and passed with a “B” or higher within one year of entering the Dental Hygiene program, will be required to demonstrate competency the Summer before entering or re-entering the program. This will be scheduled for three hours in July/August. If students fail the competency exam, they will be required to enroll in or audit DHY 131L.
- Students who have taken DHY 131 prior to one year will be required to retake the course.
- In addition, students will also be required to demonstrate competency the following December/January before treating patients. There is no fee for this competency evaluation. If students do not demonstrate competency, they will be required to participate in remediation prior to exposing radiographs on patients. The competency will consist of:
  - Review of QCC Dental Hygiene program radiograph exposure protocols, forms, and documentation.
  - Review of exposing film-based intra-oral radiographs and darkroom procedures.
  - Review and exposure of various radiographic techniques and modalities on manikins.

#### Notice of Opportunity to File Complaints:

The Commission on Dental Accreditation will review complaints that relate to a program’s compliance with the accreditation standards. The Commission is interested in the sustained quality and continued improvement of dental and dental-related education programs; however, the Commission does not intervene on behalf of individuals or act as a court of appeal for individuals in matters of admission, appointment, promotion or dismissal of faculty, staff or students. A copy of the appropriate accreditation standards and/or the

Commission’s policy and procedure for submission of complaints may be obtained by contacting the Commission at: Commission on Dental Accreditation | 211 East Chicago Avenue, Chicago, IL 60611 | 800.621.8099, ext. 2719. A copy of the accreditation standards are also on file with and may be obtained through the administrative assistant for the QCC Dental programs.

**Program Email:** [dentalhygiene@qcc.mass.edu](mailto:dentalhygiene@qcc.mass.edu)

#### Accreditation

The Quinsigamond Community College Dental Hygiene program is accredited by the Commission on Dental Accreditation (CODA), which was established in 1975 and is a specialized accrediting body that is nationally recognized by the United States Department of Education as the sole agency to accredit dental and dental-related education programs conducted at the post-secondary level. CODA can be contacted at: Commission on Dental Accreditation | 211 East Chicago Avenue, Chicago, IL 60611 | 800.621.8099 | 312.440.4653 | [www.ada.org/en/coda](http://www.ada.org/en/coda). The Dental Hygiene program was last granted continuing accreditation without reporting requirements in 2021, and the next re-accreditation visit is scheduled for 2028.

#### Statistics

##### Program Outcomes:

Program outcomes are defined as performance indicators that reflect the extent to which the purposes of the program are achieved and by which program effectiveness is documented. Program outcomes are measurable, consumer-oriented indexes designed to evaluate the degree to which the program is achieving its mission and goals. Examples include, but are not limited to, program completion rates, licensure/certification examination pass rates, and job placement rates.

##### Program Statistics:

National Board Dental Hygiene Examination (NBDHE) Licensure Overall Pass Rates:

- 2020: 100%
- 2021: 100%
- 2022: 100%
- 2023: 100%
- 2024: 100%

ADEX Dental Examination Administered by CDCA - Computer Simulated Clinical Examination (CSCE OSCE) Licensure Overall Pass Rates:

- 2020: 100%
- 2021: 100%
- 2022: 100%
- 2023: 100%
- 2024: 100%
- 2025: 100%

ADEX Dental Examination Administered by CDCA - Manikin Treatment Clinical Examination (MTCE) Overall Licensure Pass Rates:

- 2020: 100%
- 2021: 100%

**CERTIFICATE - PC****EMT Paramedic Certificate****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Paramedic Technology

**Location**

- Some courses offered at QCC at the Healthcare and Workforce Development Center in downtown Worcester.
- This program will require students to travel to clinical sites and field sites within the Worcester County area.

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The goal of the EMT Paramedic Certificate is to prepare competent entry-level emergency medical technician-paramedics to serve in career and volunteer positions throughout the Commonwealth and neighboring regions.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Comprehend, apply, and evaluate the didactic, lab, clinical, and field information relative to the graduate's role as an entry-level paramedic, and to display behaviors consistent with the professional and employer expectations within the Commonwealth.
- Demonstrate technical proficiency in all skills necessary to fulfill the role of entry-level paramedic within the Commonwealth, including, but not limited to:
  - Administer advanced life support care to sick and injured persons from pre-term through geriatric patients.
  - Assess the nature and extent of illness or injury to establish and prioritize medical procedures to be followed, or assess the need for additional assistance.
  - Restore and stabilize heart rhythm on pulseless, non-breathing patients, using defibrillator, cardioversion, or external pacemaker.
  - Monitor cardiac patients using electrocardiograph.
  - Initiate intravenous fluids to administer medication, or to replace fluids to the body.
  - Perform endotracheal intubation, or other advanced airway techniques, to maintain the patient's airway and to ventilate the patient.
  - Administer injections of medications.
  - Record patient vital signs, including blood pressure,

pulse rate, respiratory rate, skin color, texture and temperature, pupil response to light, capillary refill time, blood glucose reading, pulse oximetry and capnography.

- Extricate entrapped victims.
- Observe, record, and report any changes in patient condition to the physician.
- Operate and maintain control of the emergency response vehicle.
- Function in the role of team leader for additional personnel involved in any emergency scene.
- Communicate effectively to additional personnel at scene or to hospital personnel via radio/telephone systems.
- At the completion of didactic, clinical and field practicum, the paramedic student is prepared to sit for the National Registry of Emergency Medical Technicians Psychomotor and Computerized Examinations.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.
- Current EMT-B certification in good standing.
- One year of EMT-B certification as verified by letter from employer; or if less than one year of employment, supervisor to indicate if applicant (in their opinion) has equivalent to one year's worth of patient contacts.

**Program Retention / Progression Requirements:**

To be eligible to continue in the program, students must:

- Achieve a grade of "C" or higher in all program courses designated by MED.
- Maintain documentation of current American Heart Association Healthcare Provider Level BLS/CPR Certification.
- Maintain documentation of immunization currency and satisfactory health status.
- Maintain documentation of annual TB testing.
- Maintain documentation of health insurance.
- Maintain an active Massachusetts OEMS certification for EMT, or National Registry of EMT's registration throughout the duration of their program enrollment.
- Be aware that they may be exposed to airborne and bloodborne pathogens. Airborne and Bloodborne Pathogens means pathogenic microorganisms that are present in human blood and normal atmospheric conditions that can cause disease in humans. These pathogens include, but are not limited to, hepatitis B virus (HBV) and human immunodeficiency virus (HIV), influenza, SARS, SARS-CoV-2 (COVID-19), or other potentially serious infectious

diseases. United States Department of Labor, OSHA, September 5, 2019 ([www.osha.gov/laws-regs/regulations/standardnumber/1910/1910.1030](http://www.osha.gov/laws-regs/regulations/standardnumber/1910/1910.1030)).

#### Program Readmission Requirements:

There is a one-time readmission policy for the program.

- Readmission is not guaranteed and is always based upon space availability.
- Students who did not earn a grade of “C” or higher in MED 110, MED 120, and MED 130 need to re-apply to the program through the Admissions Office. Students need to meet the current admission requirements. Students should contact the Program Coordinator as soon as they receive the notification of being placed on the waitlist (by April 15) to discuss readmission.
- Students who did not earn a grade of “C” or higher in any other MED course should contact the Program Coordinator by April 15 to discuss readmission.
- Students who have been dismissed or administratively withdrawn from a program within the School of Healthcare at Quinsigamond Community College for reasons of “clinically unsafe practice/behavior” or who violate the College’s Student Code of Conduct or Policy on Affirmative Action are not eligible for admission/readmission to any Healthcare program.

#### Program Graduation Requirements:

Students must satisfy all course and program requirements, including regulations related to attendance and conduct, in order to be eligible for graduation.

#### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Fingerprinting and drug testing may be required. Fingerprinting and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, fingerprinting and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

#### Additional Cost

See the Program Fees (pg. 27).

- Cost for NREMT Paramedic Computerized Exam: \$125.00. Psychomotor costs vary by site: approximately \$180.00. Uniforms for clinical and field practicum vary per semester by student agreement. Estimated current cost: \$200.00.
- Additional cost applies to become certified as a Massachusetts paramedic, once nationally registered: \$150.00.

#### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

- The QCC Emergency Medical Services/Paramedicine program is deeply committed to diversity and fostering an inclusive environment that represents the

diverse population of healthcare professionals. We value the uniqueness and potential of every learner and strive to create a culture of respect and equality, welcoming all students, including individuals with disabilities. We encourage students with disabilities to disclose their needs and seek accommodations to fully engage in our program. All disability-related conversations and requests are handled through a confidential process to protect the privacy of our students. After reviewing the Technical Performance Standards, students who have questions about accommodations should contact QCC Student Accessibility Services as soon as possible. Given the complexities of clinical-based programs, additional time may be needed to effectively implement accommodations.

- For more information, contact QCC Student Accessibility Services:
  - Phone: 508.854.4471
  - Email: [SAS@qcc.mass.edu](mailto:SAS@qcc.mass.edu)
  - Office Location: Room 246A, Administration Building, QCC Worcester (Main Campus)
  - Website: [www.QCC.edu/support/specialized-support/student-accessibility-services](http://www.QCC.edu/support/specialized-support/student-accessibility-services)

#### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

#### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 51.0904.

#### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

#### Program Email: [emt@qcc.mass.edu](mailto:emt@qcc.mass.edu)

#### Accreditation:

The Quinsigamond Community College Emergency Medical Services/Paramedicine program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP), which can be contacted at: Commission on Accreditation of Allied Health Education Programs | 727.210.2350 | [www.caahep.org](http://www.caahep.org). The Emergency Medical Services/Paramedicine program was last granted continuing accreditation upon the recommendation of the Committee on Accreditation of Educational Programs for the

Emergency Medical Services Professions (CoAEMSP), which can be contacted at: Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions | 8301 Lakeview Parkway, Suite 111-312, Rowlett, TX 75088 | 214.703.8445 | www.coaemsp.org.

## Statistics

### Program Outcomes:

Program outcomes are defined as performance indicators that reflect the extent to which the purposes of the program are achieved and by which program effectiveness is documented. Program outcomes are measurable, consumer-oriented indexes designed to evaluate the degree to which the program is achieving its mission and goals. Examples include, but are not limited to, program completion rates, licensure/certification examination pass rates, and job placement rates.

### Program Statistics:

Program Completion / Retention:

- Expected Level of Achievement developed by QCC Paramedic Faculty (and reported to the Committee on Accreditation of Educational Programs for the EMS Professions [CoAEMSP] accrediting body) are that 75% of students complete the program.
  - 2023 graduation cohort: 87.5% have graduated from the Paramedic program

Paramedic Certification Passing Rate:

- Expected Level of Achievement developed by QCC Paramedic Faculty (and reported to the Committee on Accreditation of Educational Programs for the EMS Professions [CoAEMSP] accrediting body) are that 75% of test takers will successfully complete the National EMT-Paramedic Exam.
  - 2023 graduation cohort: 85.7% have passed national exam

Graduates Obtaining Jobs:

- Expected Level of Achievement developed by QCC Paramedic Faculty (and reported to the Committee on Accreditation of Educational Programs for the EMS Professions [CoAEMSP] accrediting body) are that 75% of graduates seeking employment are employed within one year of graduation.
  - 2023 graduation cohort: 100% of graduates have obtained employment

## ASSOCIATE IN SCIENCE - HLC

**Healthcare****Location**

- All courses offered at QCC Worcester (Main Campus).
- Some courses offered at QCC at the Healthcare and Workforce Development Center in downtown Worcester.
- Some courses offered at QCC Southbridge.

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Healthcare associate degree program offers students the opportunity to prepare for QCC's healthcare programs. Students will also be well-prepared to transfer to a bachelor institution in science-based programs.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Employ effective communication skills within the context of the healthcare environment.
- Apply the principles of biological sciences to a variety of healthcare professions.
- Demonstrate an understanding of medical terminology and pharmacology for health professions.
- Explain the socio-economic, behavioral, biological, environmental, and other factors that impact human health and contribute to health disparities.
- Define a career goal and outline the academic process required to reach that goal.
- Explain the factors that influence health and disease.
- Explain social and psychological factors that influence human behavior.
- Demonstrate quantitative reasoning skills, particularly as they apply to the health care setting.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug

testing are not required.

**Additional Cost**

See the Program Fees (pg. 27).

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

## ASSOCIATE IN SCIENCE - HCMO

## Healthcare - Medical Office Management Option

### Location

- All courses offered at QCC Worcester (Main Campus).
- Extern hours at dental offices within Worcester County.

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The Healthcare - Medical Office Management Option prepares graduates to oversee the business operations of a dental/medical office practice. A successful dental/medical office manager enjoys working with computers, managing multiple administrative tasks, and/or supervising people.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Obtain employment as an integral member of the dental/medical health team after graduation.
- Demonstrate an understanding of the management of a dental/medical office practice.
- Oversee the business operations of a dental/medical office practice.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) are not required. Fingerprinting and drug testing are not required.

### Additional Cost

See the Program Fees (pg. 27).

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

- The QCC Healthcare - Medical Office Management Option program is deeply committed to diversity and fostering an inclusive environment that represents the diverse population of healthcare professionals. We value the uniqueness and potential of every learner and strive to create a culture of respect and equality, welcoming all students, including individuals with disabilities. We encourage students with disabilities to disclose their needs and seek accommodations to fully engage in our program. All disability-related conversations and requests are handled through a confidential process to protect the privacy of our students. After reviewing the Technical Performance Standards, students who have questions about accommodations should contact QCC Student Accessibility Services as soon as possible. Given the complexities of clinical-based programs, additional time may be needed to effectively implement accommodations.
- For more information, contact QCC Student Accessibility Services:
  - Phone: 508.854.4471
  - Email: [SAS@qcc.mass.edu](mailto:SAS@qcc.mass.edu)
  - Office Location: Room 246A, Administration Building, QCC Worcester (Main Campus)
  - Website: [www.QCC.edu/support/specialized-support/student-accessibility-services](http://www.QCC.edu/support/specialized-support/student-accessibility-services)

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 51.0705.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

## ASSOCIATE IN SCIENCE - HCSM

## Healthcare - Medical Sales/ Marketing Option

### Location

- All courses offered at QCC Worcester (Main Campus).
- Extern hours at dental offices within Worcester County.

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The Healthcare - Medical Sales/Marketing Option prepares graduates to work as sales representatives or product managers for a dental/medical products company. For individuals who are outgoing, enjoy meeting people, and like to travel, this option will provide them with the professional skills they need to be successful in marketing or sales.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Obtain entry-level employment as an integral member of the dental/medical sales team after graduation.
- Demonstrate and market specific products to dental/medical professionals.
- Communicate effectively in the dental/medical sales field.
- Demonstrate the knowledge, skills, and tools necessary to be a successful medical sales professional.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) are not required. Fingerprinting and drug testing are not required.

### Additional Cost

See the Program Fees (pg. 27).

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Healthcare - Pre-Dental Hygiene Option****Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Healthcare - Pre-Dental Hygiene Option provides students with a strong foundation in the sciences and is an excellent pathway for those planning to transfer into a Dental Hygiene program or pursue a bachelor's degree. Dental Assisting National Board (DANB) Certified Dental Assistant (CDA) status is not required for this program. Completion of the Pre-Dental Hygiene Option is also not a prerequisite for admission into the Dental Hygiene program.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Meet the requirements to apply for the Dental Hygiene program.
- Transfer to a bachelor's degree program in the health field.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

## Healthcare - Pre-Nursing Option

### Location

- All courses offered at QCC Worcester (Main Campus).

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The Healthcare - Pre-Nursing Option offers students the opportunity to prepare for QCC's nursing programs. Students will also be well-prepared to attend our nurse education program and transfer up to 90 credits to several bachelor institutions in science-based nursing programs. This program also educates individuals to work in various aspects of healthcare, including hospitals and other healthcare facilities.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate appropriate critical thinking skills including written, verbal, and non-verbal communication.
- Function effectively as an entry-level nursing assistant.
- Follow safety and infection control procedures for protection of patients/residents, self, and others.
- Apply specialized job skills and abilities that may be required in the sub-acute care, long-term care, individual's home, and hospital settings.
- Recognize and report changes and abnormalities to the licensed healthcare providers.
- Provide respectful care to patients/residents by complying with patient rights and respecting diversity.
- Utilize effective communication techniques with patients and members of the interdisciplinary healthcare team.
- Have an understanding of the biological sciences relative to the healthcare professions.
- Strengthen the development of their general education skills with courses in English, mathematics, and humanities.
- Have an understanding of medical terminology for health professions.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.
- Must show evidence of being compliant with the immunization requirements specified by the Massachusetts Department of Public Health. Additional immunization requirements will be required for clinical experiences.

### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Fingerprinting and drug testing may be required. Fingerprinting and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, fingerprinting and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

### Additional Cost

See the Program Fees (pg. 27).

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

- The QCC Healthcare - Pre-Nursing Option program is deeply committed to diversity and fostering an inclusive environment that represents the diverse population of healthcare professionals. We value the uniqueness and potential of every learner and strive to create a culture of respect and equality, welcoming all students, including individuals with disabilities. We encourage students with disabilities to disclose their needs and seek accommodations to fully engage in our program. All disability-related conversations and requests are handled through a confidential process to protect the privacy of our students. After reviewing the Technical Performance Standards, students who have questions about accommodations should contact QCC Student Accessibility Services as soon as possible. Given the complexities of clinical-based programs, additional time may be needed to effectively implement accommodations.
- For more information, contact QCC Student Accessibility Services:

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 51.3902.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

**Program Email: [nurseeducation@qcc.mass.edu](mailto:nurseeducation@qcc.mass.edu)**

*ASSOCIATE IN SCIENCE - HCPL***Healthcare - Public Health Option****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Public Health Certificate

**Location**

- All courses offered at QCC Worcester (Main Campus).
- Some courses offered at QCC at the Healthcare and Workforce Development Center in downtown Worcester.
- Some courses offered at QCC Southbridge.

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Healthcare - Public Health Option prepares students for a career as a public health worker and/or prepares students with the first two years of a strong academic foundation required for transfer to a four-year bachelor's degree program in public health or related field.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Identify the roles and responsibilities of the public health worker.
- Identify the multiple ways public health affects daily living.
- Explain relationships between the social and behavioral sciences and public health.
- Implement strategies that promote behavior change.
- Understand safe practices as it relates to the public health role.
- Understand the similarities and differences in public and global health including demographic measures of health status and burden of disease.
- Understand the impact of the environment and communicable diseases on the health of populations.
- Describe the basis of chronic diseases on morbidity or mortality and approaches to prevention, early detection, and disease management.
- Understand the historical roots of epidemiological thinking and their contribution to the evolution of the scientific method.
- Describe the basic epidemiologic study designs that are used to test hypotheses, identify associations, and

establish causation.

- Apply broad-based skills needed for problem solving in the many areas of public health.
- Participate in a co-operative experience directly related to public health.
- Demonstrate proficiency in the public and/or private sectors of public health.
- Develop multidisciplinary and collaborative strategies for solving health-related problems.
- Participate in a leadership role in health promotion and disease prevention.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

## CERTIFICATE - ME

**Medical Assisting Certificate****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Medical Support Specialist - Medical Assisting Option

**Location**

- All courses offered at QCC at the Healthcare and Workforce Development Center in downtown Worcester.
- This program will require students to travel to clinical sites within the Worcester County area.

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The goal of the Medical Assisting Certificate is to prepare medical assistants who are competent in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains to enter the profession.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Demonstrate proficiency in performing entry-level clinical and administrative procedures of the medical assistant profession.
- Achieve employment as an entry-level medical assistant.
- Demonstrate appropriate critical thinking skills, including written, verbal, and non-verbal communication.
- Work effectively as part of a team.
- Recognize the importance of continued professional development.
- Apply principles of teaching and learning into the delivery of care to patients and families.
- Effectively communicate with patients.
- Discuss the responsibilities and scope of practice for Medical Assistants.
- Show proficiency in the use of technology in the delivery of patient care.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.
- Attendance at a Health Information Session or complete HLC 101 (previously known as FYE 102) with a grade of "C" or higher.
- Must show evidence of being compliant with the immunization requirements specified by the Massachusetts Department of Public Health. Additional immunization requirements will be required for clinical experiences.

**Program Retention / Progression Requirements:**

To be eligible to continue in the program, students must:

- Achieve a grade of "C" or higher in all program courses designated by MSS.
- Maintain documentation of current Healthcare Provider Level BLS/CPR Certification.
- Maintain documentation of immunization currency and satisfactory health status.
- Maintain documentation of annual TB testing.
- Maintain documentation of health insurance.
- Be aware of the occupational risks associated with Medical Assisting, including:
  - Exposure to bloodborne pathogens. Bloodborne Pathogens means pathogenic microorganisms that are present in human blood and can cause disease in humans. These pathogens include, but are not limited to, hepatitis B virus (HBV) and human immunodeficiency virus (HIV). United States Department of Labor, OSHA, September 5, 2019 ([www.osha.gov/laws-regs/regulations/standardnumber/1910/1910.1030](http://www.osha.gov/laws-regs/regulations/standardnumber/1910/1910.1030)).
  - Exposure to infectious diseases.
  - Sharps injuries.
  - Exposure to chemicals and drugs.
  - Ergonomic hazards (lower back pain) from lifting, sitting, and repetitive tasks.
  - Latex allergies.
  - Stress.

**Program Readmission Requirements:**

There is a one-time readmission policy for the program.

- Readmission is not guaranteed and is always based upon space availability.
- Students who did not earn a grade of "C" or higher in MSS 111 and MSS 112 need to re-apply to the program through the Admissions Office. Students need to meet the current admission requirements. Students should contact the Program Coordinator as soon as they receive the notification of being placed on the waitlist (by April 15) to discuss readmission.
- Students who did not earn a grade of "C" or higher in any other MSS course should contact the Program Coordinator by April 15 to discuss readmission.
- Students who have been dismissed or administratively withdrawn from a program within the School of Healthcare at Quinsigamond Community College for reasons of "clinically unsafe practice/behavior" or who violate the College's Student Code of Conduct or Policy on Affirmative Action are not eligible for admission/readmission to any Healthcare program.

**Program Graduation Requirements:**

Students must satisfy all course and program requirements, including regulations related to attendance and conduct, in order to be eligible for graduation.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Fingerprinting and drug testing may be required. Fingerprinting and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, fingerprinting and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

**Additional Cost**

See the Program Fees (pg. 27).

- Students should anticipate additional expenses for uniforms/clinical wear, textbooks, licensing exams, and parking fees at clinical sites.
- Students should anticipate that there may be additional cost associated with CPR at the BLS Provider level, laboratory blood titer testing, immunizations, and physical exams.

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

- The QCC Medical Assisting program is deeply committed to diversity and fostering an inclusive environment that represents the diverse population of healthcare professionals. We value the uniqueness and potential of every learner and strive to create a culture of respect and equality, welcoming all students, including individuals with disabilities. We encourage students with disabilities to disclose their needs and seek accommodations to fully engage in our program. All disability-related conversations and requests are handled through a confidential process to protect the privacy of our students. After reviewing the Technical Performance Standards, students who have questions about accommodations should contact QCC Student Accessibility Services as soon as possible. Given the complexities of clinical-based programs, additional time may be needed to effectively implement accommodations.
- For more information, contact QCC Student Accessibility Services:
  - Phone: 508.854.4471
  - Email: SAS@qcc.mass.edu
  - Office Location: Room 246A, Administration Building, QCC Worcester (Main Campus)
  - Website: [www.QCC.edu/support/specialized-support/student-accessibility-services](http://www.QCC.edu/support/specialized-support/student-accessibility-services)

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster.

CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

**Career Outlook**

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 51.0801.

**Transfer Articulations & Opportunities**

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

**Additional Information**

- Students entering into the program will be expected to complete their 6-week clinical externship during Summer I.
- Students who are interested in exploring an apprenticeship program as part of their degree or certificate pathway should email [adp@qcc.mass.edu](mailto:adp@qcc.mass.edu).

**Program Email: [medicalsupport@qcc.mass.edu](mailto:medicalsupport@qcc.mass.edu)****Accreditation**

The Quinsigamond Community College Medical Assisting program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP), which can be contacted at: Commission on Accreditation of Allied Health Education Programs | 727.210.2350 | [www.caahep.org](http://www.caahep.org). The Medical Assisting program was last granted continuing accreditation upon the recommendation of the Medical Assisting Education Review Board (MAERB).

**Statistics****Program Outcomes:**

Program outcomes are defined as performance indicators that reflect the extent to which the purposes of the program are achieved and by which program effectiveness is documented. Program outcomes are measurable, consumer-oriented indexes designed to evaluate the degree to which the program is achieving its mission and goals. Examples include, but are not limited to, program completion rates, licensure/certification examination pass rates, and job placement rates.

**Program Statistics:****Retention:**

- The cumulative percentage for Retention is 68% for years 2020-2024.

**Exam Passage:**

- The cumulative percentage for Exam Passage is 72.73% for years 2020-2024.

**Job Placement:**

- The cumulative percentage for Job Placement is 63.89% for years 2020-2024.

Note: These outcomes are from the 2025 Annual Report Form.

## ASSOCIATE IN SCIENCE - MSMA

## Medical Support Specialist - Medical Assisting Option

### Connections

The following program(s) have connections that can be completed alongside or applied to this program:

- Medical Assisting Certificate

### Location

- All courses offered at QCC Worcester (Main Campus).

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The goal of the Medical Support Specialist - Medical Assisting Option is to prepare credentialed Certified Medical Assistants (CMAs) to transfer into a nursing program either at QCC or at a four-year institution. This program has been designed to provide college credit for students who have successfully completed QCC's Medical Assisting Certificate program or who have obtained and hold a current CMA credential.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Have an understanding of the biological sciences relative to the healthcare profession.
- Strengthen the development of their general education skills with courses in English, psychology, sociology, mathematics, and the humanities.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.
- Current Certified Medical Assistant (CMA) through the American Association of Medical Assistants (AAMA); or current Registered Medical Assistant (RMA) through American Medical Technologists (AMT); or graduated from a regionally accredited medical assisting certificate program.

### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

### Additional Cost

See the Program Fees (pg. 27).

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

- The QCC Medical Assisting program is deeply committed to diversity and fostering an inclusive environment that represents the diverse population of healthcare professionals. We value the uniqueness and potential of every learner and strive to create a culture of respect and equality, welcoming all students, including individuals with disabilities. We encourage students with disabilities to disclose their needs and seek accommodations to fully engage in our program. All disability-related conversations and requests are handled through a confidential process to protect the privacy of our students. After reviewing the Technical Performance Standards, students who have questions about accommodations should contact QCC Student Accessibility Services as soon as possible. Given the complexities of clinical-based programs, additional time may be needed to effectively implement accommodations.
- For more information, contact QCC Student Accessibility Services:
  - Phone: 508.854.4471
  - Email: [SAS@qcc.mass.edu](mailto:SAS@qcc.mass.edu)
  - Office Location: Room 246A, Administration Building, QCC Worcester (Main Campus)
  - Website: [www.QCC.edu/SAS](http://www.QCC.edu/SAS)

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 51.0716.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

## ASSOCIATE IN SCIENCE - NUR

**Nurse Education****Location**

- Some courses offered at QCC Worcester (Main Campus).
- Some courses offered at QCC at the Healthcare and Workforce Development Center in downtown Worcester.
- This program will require students to travel to clinical sites within the Worcester County area and surrounding counties.

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Nurse Education program prepares students for a career as a registered nurse (RN). Graduates of the program assume responsibilities related to direct patient care in a variety of settings, including, but not limited to, hospitals, clinics, extended care facilities, and community health agencies. Upon successful completion of the Nurse Education associate degree program, students are eligible to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN). The program will also prepare students for further study at four-year colleges and universities.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Use the nursing process and other theoretical concepts in the comprehensive planning and delivering of nursing care to patients\* throughout the life cycle.
- Collaborate to effectively communicate with patients and inter-professional teams verbally, in writing, and electronically to achieve quality patient care outcomes.
- Assume the role of the nurse in ways that reflect integrity, responsibility, ethical practice, and an evolving identity as a professional nurse committed to evidence-based practice, caring, patient advocacy, and safe quality care for diverse patients in various settings.
- Make judgments in nursing practice, based on evidence, that integrate nursing science in the provision of safe, quality care and promote the health of patients.
- Employ relationship-centered interventions that are caring, compassionate, nurturing, protective, therapeutic, and respectful of human differences.
- Manage patient care through planning, organizing, directing, and delegating with an emphasis on system effectiveness to provide quality healthcare and a safe environment for patients and workers.
- Advocate for patients and oneself to retain or develop new pathways which encompass one's uniqueness, dignity, diversity, and freedom toward a holistic well-being.
- Participate in a spirit of inquiry to help promote and maintain health and reduce risks for patients by challenging the status quo, questioning underlying assumptions, and offering new insights to improve quality of care.

\*Patients (clients) are defined as the individual, family, or group, including significant others and population.

**Admissions Process**

Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HISET.
- Attendance in a Health Information Session or successful completion of HLC 101 or FYE 102 with a grade of "C" or higher.
- Must show evidence of being compliant with the immunization requirements specified by the Massachusetts Department of Public Health. Additional immunization requirements will be required for clinical experiences.
- Biology: Minimum grade of "B" in high school biology or "B" or higher in any college level biology course (BIO 101 recommended). Required grade must be earned within two attempts of taking and completing the course. Qualifying biology course must be taken within five years of application.
- TEAS Admission Requirement: Applicants must have taken the TEAS within the last five years of applying to the program.
  - To meet the TEAS admission requirement, applicants must achieve one of the following:
    - The TEAS admission requirement will be waived if the applicant has an advanced degree (i.e., BS, BA, MS, etc.), **OR**
    - A composite TEAS score of 65% or higher, **OR**
    - A composite TEAS score between 61% and 64%, with the following minimum GPA requirements (see table below):

TEAS Score	Overall QCC College Biology GPA (4 credit minimum)	Overall QCC College GPA (15 credit minimum)
64	3.0 or higher	3.0 or higher
63	3.1 or higher	3.1 or higher
62	3.2 or higher	3.2 or higher
61	3.3 or higher	3.3 or higher

**Program Retention / Progression Requirements:**

To be eligible to continue in the program, students must:

- Achieve a grade of "C+" or higher in all program courses designated by NUR.
- Achieve a grade of "C" or higher in BIO 111, BIO 112, and BIO 232; students who have received a grade below a "C" in BIO 111, BIO 112, or BIO 232 are required to repeat the course and obtain a grade of "C" or higher by the end of the semester in which they are required.
- Demonstrate satisfactory performance in the nursing

laboratory and in the clinical settings.

### Program Readmission Requirements:

There is a one-time readmission policy for the program.

- Readmission is not guaranteed and is always based upon space availability; review the readmission policy outlined in the QCC Nursing Student Handbook and the “Readmission for Health Programs” policy in the College Procedures section of the QCC Student Handbook.
- Students who have been dismissed or administratively withdrawn from a program within the School of Healthcare at Quinsigamond Community College for reasons of “clinically unsafe practice/behavior” or who violate the College’s Student Code of Conduct or Policy on Affirmative Action are not eligible for admission/readmission to any Healthcare program.

### Program Graduation Requirements:

Students must satisfy all course and program requirements, including regulations related to attendance and conduct, in order to be eligible for graduation.

### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Fingerprinting and drug testing may be required. Fingerprinting and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, fingerprinting and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

- Applicants should understand that the Massachusetts Board of Registration in Nursing (MABORN) reserves the right to refuse an applicant the privilege of sitting for the NCLEX examination based on a Good Moral Character Licensure requirement.
- The Massachusetts Board of Registration in Nursing (MABORN) requires all candidates for licensure to disclose any incidents with Child Protective Services. These may affect a candidate’s ability to sit for the NCLEX examination and obtain licensure.
- More information is available from the Massachusetts Board of Registration in Nursing (MABORN).

### Additional Cost

See the Program Fees (pg. 27).

- Students should anticipate additional expenses for professional uniforms and equipment, standardized testing, CPR-BLS certification, health immunizations, fingerprinting, and physical exams. Also, there may be additional costs associated with the purchase of textbooks, clinical site parking, licensing examinations applications, and any required skills for remediation.
- Computer with mouse, webcam, microphone, and internet access, and additional lab supplies.

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

- The QCC Nurse Education program is deeply committed to diversity and fostering an inclusive environment that represents the diverse population of healthcare professionals. We value the uniqueness and potential of every learner and strive to create a culture of respect and equality, welcoming all students, including individuals with disabilities. We encourage students with disabilities to disclose their needs and seek accommodations to fully engage in our program. All disability-related conversations and requests are handled through a confidential process to protect the privacy of our students. After reviewing the Technical Performance Standards, students who have questions about accommodations should contact QCC Student Accessibility Services as soon as possible. Given the complexities of clinical-based programs, additional time may be needed to effectively implement accommodations.
- For more information, contact QCC Student Accessibility Services:
  - Phone: 508.854.4471
  - Email: SAS@qcc.mass.edu
  - Office Location: Room 246A, Administration Building, QCC Worcester (Main Campus)
  - Website: www.QCC.edu/SAS

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 51.3801.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

- Transfer Policy for the QCC Nurse Education programs:
  - Students interested in transferring to QCC nursing programs can find more information on the Admissions webpage at [www.QCC.edu/admissions](http://www.QCC.edu/admissions).
  - A student may seek a transfer of credit from another approved institution, provided that a passing grade has been earned in all previous nursing courses and the completed course work is comparable to the course(s) offered at QCC.
  - Transfer credit will be considered for NUR 106 and NUR 107 only if the student has not been away from the program for more than one year and meets the current admissions requirements of the QCC nursing program.
  - Interested students should send official transcripts to the

QCC Registrar's Office and apply with the Admissions Office to qualify for the nursing program.

- Once qualified, the student can request consideration for transfer of nursing course credit by submitting prior course syllabi, lab competency documentation, and other relevant documentation to the Program Coordinator.
- See the QCC Catalog for additional information.
- Transfer is not guaranteed.

### Additional Information

- This program prepares students for further study at four-year colleges and universities, as well as providing a broad background for employment in healthcare facilities.
- Courses in both Nurse Education and Liberal Arts are required in the program curriculum. Nursing courses include clinical experiences in area hospitals, rehabilitation, long-term care and community agencies, as well as classroom study and laboratory practice on campus.
- All students accepted in the NUR program must obtain/maintain a current American Heart Association or American Red Cross Basic Life Support (BLS) certification. Documentation of required immunity, satisfactory health status, and clinical standard compliance is required prior to beginning of clinical experiences.
- Students who do not have completed health files (including titers and immunizations) submitted to and cleared by program orientation date will be removed from their nursing courses and will have to file for readmission to the next available semester.
- NUR 206 is currently being offered in a hybrid format.
- A Social Security Number is mandatory for NCLEX Application (Licensure).
- All clinical experiences are under the supervision of QCC Nurse Education faculty, and entrance into most clinical agencies will require the wearing of a standardized school uniform.
- Students may be required to wear masks, goggles, faceshields, gloves, and/or gowns during lab/clinical.
- Additional requirements for students participating in clinical placement include, but are not limited to:
  - Complete the Health Screening form and submit it to Castle Branch by identified due date.
  - May be required to receive COVID-19 vaccine(s) in compliance with the most stringent requirement of clinical agencies.
  - Receive annual influenza vaccine.
  - Complete tuberculosis screening.
  - Submit a titer following the completion of the Hepatitis B series of immunizations to document immunity.
  - Create an account and complete the student orientation on Massachusetts Centralized Clinical Placement website ([www.mass.edu/mcncps/orientation/welcome.asp](http://www.mass.edu/mcncps/orientation/welcome.asp)). Assign a clinical site and print a ticket to clinical for each clinical term.

**Program Email:** [nurseeducation@qcc.mass.edu](mailto:nurseeducation@qcc.mass.edu)

### Accreditation

The Quinsigamond Community College Nurse Education program is approved by the Massachusetts Board of Registration in Nursing (MABORN), and accredited by the Accreditation Commission for Education in Nursing, Inc. (ACEN). MABORN can be contacted at: Massachusetts Board of Registration in Nursing | 250 Washington Street, Boston, MA 02108 | 800.414.0168 | [www.mass.gov/orgs/board-of-registration-in-nursing](http://www.mass.gov/orgs/board-of-registration-in-nursing). ACEN can be contacted at: Accreditation Commission for Education in Nursing, Inc. | 3390 Peachtree Road NE, Suite 1400, Atlanta, GA 30326 | 404.975.5000 | [www.acenursing.org](http://www.acenursing.org). The Nurse Education program was granted continuing accreditation by the ACEN Board of Commissioners, and the next evaluation visit has been scheduled for Spring 2029.

### Statistics

#### Program Outcomes:

Program outcomes are defined as performance indicators that reflect the extent to which the purposes of the program are achieved and by which program effectiveness is documented. Program outcomes are measurable, consumer-oriented indexes designed to evaluate the degree to which the program is achieving its mission and goals. Examples include, but are not limited to, program completion rates, licensure/certification examination pass rates, and job placement rates.

#### Program Statistics:

##### Aggregate Program Completion:

- Expected Level of Achievement developed by QCC AD Faculty (and reported to ACEN accrediting body) are that 70% of students will complete the program within 150% of stated program length, beginning with enrollment in first NUR course.
  - 2022-2023: 75%
  - 2023-2024: 72%
  - 2024-2025: 79%
- Expected Level of Achievement developed by QCC AD Faculty (and reported to ACEN accrediting body) are that 50% of students will complete the program within 100% of stated program length, beginning with enrollment in first NUR course.
  - 2022-2023: 60%
  - 2023-2024: 61%
  - 2024-2025: 67%

##### Aggregate NCLEX-RN Pass Rates:

- Expected Level of Achievement developed by QCC AD Faculty (and reported to ACEN accrediting body) are that 80% of first-time test-takers will successfully complete the NCLEX-RN licensure exam as reported to NCSBN annually during the same 12 month period.
  - 2023: National Results = 89% | QCC Results = 85%
  - 2024: National Results = 91% | QCC Results = 97%
  - 2025: National Results = 87% | QCC Results = 82%

##### Number of Graduates by Class:

- 2022-2023: December 2022: 41 | May 2023: 41
- 2023-2024: December 2023: 40 | May 2024: 23
- 2024-2025: December 2024: 40 | May 2025: 45

##### Aggregate Graduate Satisfaction (as answered on Graduate Survey 2025):

- Question asked - "The attainment of end of program student learning outcomes prepared me to enter the workforce as an entry-level RN."
  - 89% of the graduates agreed/strongly agreed with the above statement

## ASSOCIATE IN SCIENCE - NUL

## Nurse Education - Advanced Placement LPN

### Location

- Some courses offered at QCC Worcester (Main Campus).
- Some courses offered at QCC at the Healthcare and Workforce Development Center in downtown Worcester.
- This program will require students to travel to clinical sites within the Worcester County area and surrounding counties.

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The Nurse Education - Advanced Placement LPN program is for licensed practical nurses (LPNs) seeking advanced placement into the evening associate degree program to prepare the LPN for a career as a registered nurse (RN). Graduates of the program assume responsibilities related to direct patient care in a variety of settings, including, but not limited to, hospitals, clinics, extended care facilities, community health agencies. Upon successful completion of the Nurse Education - Advanced Placement LPN associate degree program, students are eligible to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN). The program also prepares students for further study at four-year colleges and universities.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Use the nursing process and other theoretical concepts in the comprehensive planning and delivering of nursing care to patients\* throughout the life cycle.
- Collaborate to effectively communicate with patients and inter-professional teams verbally, in writing, and electronically to achieve quality patient care outcomes.
- Assume the role of the nurse in ways that reflect integrity, responsibility, ethical practice, and an evolving identity as a professional nurse committed to evidence-based practice, caring, patient advocacy, and safe quality care for diverse patients in various settings.
- Make judgments in nursing practice, based on evidence, that integrate nursing science in the provision of safe, quality care and promote the health of patients.
- Employ relationship-centered interventions that are caring, compassionate, nurturing, protective, therapeutic, and respectful of human differences.
- Manage patient care through planning, organizing, directing, and delegating with an emphasis on system effectiveness to provide quality healthcare and a safe environment for patients and workers.
- Advocate for patients and oneself to retain or develop new pathways which encompass one's uniqueness, dignity, diversity, and freedom toward a holistic well-being.

- Participate in a spirit of inquiry to help promote and maintain health and reduce risks for patients by challenging the status quo, questioning underlying assumptions, and offering new insights to improve quality of care.

\*Patients (clients) are defined as the individual, family, or group, including significant others and population.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HISET.
- Hold a current license to practice as a Licensed Practical Nurse (LPN) in good standing.
- Attendance in a Health Information Session or successful completion of HLC 101 or FYE 102 with a grade of "C" or higher.
- Must show evidence of being compliant with the immunization requirements specified by the Massachusetts Department of Public Health. Additional immunization requirements will be required for clinical experiences.
- Biology: Minimum grade of "B" in high school biology or "B" or higher in any college level biology course (BIO 101 recommended). Required grade must be earned within two attempts of taking and completing the course. Qualifying biology course must be taken within five years of application.
- TEAS Admission Requirement: Applicants must have taken the TEAS within the last five years of applying to the program.
  - To meet the TEAS admission requirement, applicants must achieve one of the following:
    - The TEAS admission requirement will be waived if the applicant has an advanced degree (i.e., BS, BA, MS, etc.), **OR**
    - A composite TEAS score of 65% or higher, **OR**
    - A composite TEAS score between 61% and 64%, with the following minimum GPA requirements (see table below):

TEAS Score	Overall QCC College Biology GPA (4 credit minimum)	Overall QCC College GPA (15 credit minimum)
64	3.0 or higher	3.0 or higher
63	3.1 or higher	3.1 or higher
62	3.2 or higher	3.2 or higher
61	3.3 or higher	3.3 or higher

### Program Retention / Progression Requirements:

To be eligible to continue in the program, students must:

- Achieve a grade of "C+" or higher in all program courses designated by NUR.

- Achieve a grade of “C” or higher in BIO 111, BIO 112, and BIO 232; students who have received a grade below a “C” in BIO 111, BIO 112, or BIO 232 are required to repeat the course and obtain a grade of “C” or higher by the end of the semester in which they are required or required as a prerequisite.
- Demonstrate satisfactory performance in the nursing laboratory and in the clinical settings.

#### Program Readmission Requirements:

There is a one-time readmission policy for the program.

- Readmission is not guaranteed and is always based upon space availability; review the readmission policy outlined in the QCC Nursing Student Handbook and the “Readmission for Health Programs” policy in the College Procedures section of the QCC Student Handbook.
- Students who have been dismissed or administratively withdrawn from a program within the School of Healthcare at Quinsigamond Community College for reasons of “clinically unsafe practice/behavior” or who violate the College’s Student Code of Conduct or Policy on Affirmative Action are not eligible for admission/readmission to any Healthcare program.

#### Program Graduation Requirements:

Students must satisfy all course and program requirements, including regulations related to attendance and conduct, in order to be eligible for graduation.

#### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Fingerprinting and drug testing may be required. Fingerprinting and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, fingerprinting and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

- Applicants should understand that the Massachusetts Board of Registration in Nursing (MABORN) reserves the right to refuse an applicant the privilege of sitting for the NCLEX examination based on a Good Moral Character Licensure requirement.
- The Massachusetts Board of Registration in Nursing (MABORN) requires all candidates for licensure to disclose any incidents with Child Protective Services. These may affect a candidate’s ability to sit for the NCLEX examination and obtain licensure.
- More information is available from the Massachusetts Board of Registration in Nursing (MABORN).

#### Additional Cost

See the Program Fees (pg. 27).

- Students should anticipate additional expenses for professional uniforms and equipment, standardized testing, CPR-BLS certification, health immunizations, fingerprinting, and physical exams. Also, there may be additional costs associated with the purchase of textbooks, clinical site parking, licensing examinations applications, and any required skills for remediation.
- Computer with mouse, webcam, microphone, and internet access, and additional lab supplies.

#### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

- The QCC Nurse Education program is deeply committed to diversity and fostering an inclusive environment that represents the diverse population of healthcare professionals. We value the uniqueness and potential of every learner and strive to create a culture of respect and equality, welcoming all students, including individuals with disabilities. We encourage students with disabilities to disclose their needs and seek accommodations to fully engage in our program. All disability-related conversations and requests are handled through a confidential process to protect the privacy of our students. After reviewing the Technical Performance Standards, students who have questions about accommodations should contact QCC Student Accessibility Services as soon as possible. Given the complexities of clinical-based programs, additional time may be needed to effectively implement accommodations.
- For more information, contact QCC Student Accessibility Services:
  - Phone: 508.854.4471
  - Email: SAS@qcc.mass.edu
  - Office Location: Room 246A, Administration Building, QCC Worcester (Main Campus)
  - Website: www.QCC.edu/SAS

#### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

#### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 51.3801.

#### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

- Transfer Policy for the QCC Nurse Education programs:
  - Students interested in transferring to QCC nursing programs can find more information on the Admissions webpage at [www.QCC.edu/admissions](http://www.QCC.edu/admissions).
  - A student may seek a transfer of credit from another approved institution, provided that a passing grade has been earned in all previous nursing courses and the completed course work is comparable to the course(s) offered at QCC.
  - Transfer credit will be considered for NUR 106 and NUR 107 only if the student has not been away from the

program for more than one year and meets the current admissions requirements of the QCC nursing program.

- Interested students should send official transcripts to the QCC Registrar's Office and apply with the Admissions Office to qualify for the nursing program.
- Once qualified, the student can request consideration for transfer of nursing course credit by submitting prior course syllabi, lab competency documentation, and other relevant documentation to the Program Coordinator.
- See the QCC Catalog for additional information.
- Transfer is not guaranteed.

### Additional Information

- This program prepares students for further study at four-year colleges and universities, as well as providing a broad background for employment in healthcare facilities.
- This program is a rigorous 15 month program.
- Courses in both Nurse Education and Liberal Arts are required in the program curriculum. Nursing courses include clinical experiences in area hospitals, rehabilitation, long-term care and community agencies, as well as classroom study and laboratory practice on campus.
- All students accepted in the NUL program must obtain/maintain a current American Heart Association or American Red Cross Basic Life Support (BLS) certification. Documentation of required immunity, satisfactory health status, and clinical standard compliance is required prior to beginning of clinical experiences.
- Students who do not have completed health files (including titers and immunizations) submitted to and cleared by program orientation date will be removed from their nursing courses and will have to file for readmission to the next available semester.
- A Social Security Number is mandatory for NCLEX Application (Licensure).
- Graduates from the current QCC Practical Nursing program may apply for a seat in the Advanced Placement program.
- A student seeking readmission from the NUL to NUR program must first apply for readmission (see QCC Student Handbook), as this is dependent upon space availability (and other criteria).
- All clinical experiences are under the supervision of QCC Nurse Education faculty, and entrance into most clinical agencies will require the wearing of a standardized school uniform.
- Students may be required to wear masks, goggles, faceshields, gloves, and/or gowns during lab/clinical.
- Some clinical experiences will be held during the daytime.
- Additional requirements for students participating in clinical placement include, but are not limited to:
  - Complete the Health Screening form and submit it to Castle Branch by identified due date.
  - May be required to receive the COVID-19 vaccine(s) in compliance with the most stringent requirement of clinical agencies.
  - Receive annual influenza vaccine.
  - Complete tuberculosis screening.
  - Submit a titer following the completion of the Hepatitis B series of immunizations to document immunity.
  - Create an account and complete the student orientation on Massachusetts Centralized Clinical Placement website ([www.mass.edu/mcncps/orientation/welcome.asp](http://www.mass.edu/mcncps/orientation/welcome.asp)). Assign a clinical site and print a ticket to clinical for each clinical term.

**Program Email:** [nurseeducation@qcc.mass.edu](mailto:nurseeducation@qcc.mass.edu)

### Accreditation

The Quinsigamond Community College Nurse Education program is approved by the Massachusetts Board of Registration in Nursing (MABORN), and accredited by the Accreditation Commission for Education in Nursing, Inc. (ACEN). MABORN can be contacted at: Massachusetts Board of Registration in Nursing | 250 Washington Street, Boston, MA 02108 | 800.414.0168 | [www.mass.gov/orgs/board-of-registration-in-nursing](http://www.mass.gov/orgs/board-of-registration-in-nursing). ACEN can be contacted at: Accreditation Commission for Education in Nursing, Inc. | 3390 Peachtree Road NE, Suite 1400, Atlanta, GA 30326 | 404.975.5000 | [www.acenursing.org](http://www.acenursing.org). The Nurse Education program was granted continuing accreditation by the ACEN Board of Commissioners, and the next evaluation visit has been scheduled for Spring 2029.

### Statistics

#### Program Outcomes:

Program outcomes are defined as performance indicators that reflect the extent to which the purposes of the program are achieved and by which program effectiveness is documented. Program outcomes are measurable, consumer-oriented indexes designed to evaluate the degree to which the program is achieving its mission and goals. Examples include, but are not limited to, program completion rates, licensure/certification examination pass rates, and job placement rates.

#### Program Statistics:

Aggregate Program Completion:

- Expected Level of Achievement developed by QCC AD Faculty (and reported to ACEN accrediting body) are that 70% of students will complete the program within 150% of stated program length, beginning with enrollment in first NUR course.
  - 2022-2023: 75%
  - 2023-2024: 72%
  - 2024-2025: 79%
- Expected Level of Achievement developed by QCC AD Faculty (and reported to ACEN accrediting body) are that 50% of students will complete the program within 100% of stated program length, beginning with enrollment in first NUR course.
  - 2022-2023: 60%
  - 2023-2024: 61%
  - 2024-2025: 67%

Aggregate NCLEX-RN Pass Rates:

- Expected Level of Achievement developed by QCC AD Faculty (and reported to ACEN accrediting body) are that 80% of first-time test-takers will successfully complete the NCLEX-RN licensure exam as reported to NCSBN annually during the same 12 month period.
  - 2023: National Results = 89% | QCC Results = 85%
  - 2024: National Results = 91% | QCC Results = 97%
  - 2025: National Results = 87% | QCC Results = 82%

Aggregate Number of Graduates by Class (includes NUE, NUL, and NUP):

- December 2023: 66
- December 2024: 58
- December 2025: 67

Aggregate Graduate Satisfaction (as answered on Graduate Survey 2025):

- Question asked - "The attainment of end of program student learning outcomes prepared me to enter the workforce as an entry-level RN."
  - 89% of the graduates agreed/strongly agreed with the above statement

## ASSOCIATE IN SCIENCE - NUP

## Nurse Education - Advanced Placement Paramedic

### Location

- Some courses offered at QCC Worcester (Main Campus).
- Some courses offered at QCC at the Healthcare and Workforce Development Center in downtown Worcester.
- This program will require students to travel to clinical sites within the Worcester County area and surrounding counties.

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The Nurse Education - Advanced Placement Paramedic program is for paramedics seeking advanced placement into the evening associate degree program to prepare the paramedic for a career as a registered nurse (RN). Graduates of the program assume responsibilities related to direct patient care in a variety of settings, including, but not limited to, hospitals, clinics, extended care facilities, and community health agencies. Upon successful completion of the Nurse Education - Advanced Placement Paramedic associate degree program, students are eligible to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN). The program also prepares students for further study at four-year colleges and universities.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Use the nursing process and other theoretical concepts in the comprehensive planning and delivering of nursing care to patients\* throughout the life cycle.
- Collaborate to effectively communicate with patients and inter-professional teams verbally, in writing, and electronically to achieve quality patient care outcomes.
- Assume the role of the nurse in ways that reflect integrity, responsibility, ethical practice, and an evolving identity as a professional nurse committed to evidence-based practice, caring, patient advocacy, and safe quality care for diverse patients in various settings.
- Make judgments in nursing practice, based on evidence, that integrate nursing science in the provision of safe, quality care and promote the health of patients.
- Employ relationship-centered interventions that are caring, compassionate, nurturing, protective, therapeutic, and respectful of human differences.
- Manage patient care through planning, organizing, directing, and delegating with an emphasis on system effectiveness to provide quality healthcare and a safe environment for patients and workers.
- Advocate for patients and oneself to retain or develop new pathways which encompass one's uniqueness, dignity, diversity, and freedom toward a holistic well-being.
- Participate in a spirit of inquiry to help promote and maintain

health and reduce risks for patients by challenging the status quo, questioning underlying assumptions, and offering new insights to improve quality of care.

\*Patients (clients) are defined as the individual, family, or group, including significant others and population.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.
- Current Certification in Massachusetts as a Paramedic or current Certification from the National Registry of Emergency Medical Technicians (NREMT) in good standing.
- Attendance in a Health Information Session or successful completion of HLC 101 or FYE 102 with a grade of "C" or higher.
- Must show evidence of being compliant with the immunization requirements specified by the Massachusetts Department of Public Health. Additional immunization requirements will be required for clinical experiences.
- Biology: Minimum grade of "B" in high school biology or "B" or higher in any college level biology course (BIO 101 recommended). Required grade must be earned within two attempts of taking and completing the course. Qualifying biology course must be taken within five years of application.
- TEAS Admission Requirement: Applicants must have taken the TEAS within the last five years of applying to the program.
  - To meet the TEAS admission requirement, applicants must achieve one of the following:
    - The TEAS admission requirement will be waived if the applicant has an advanced degree (i.e., BS, BA, MS, etc.), **OR**
    - A composite TEAS score of 65% or higher, **OR**
    - A composite TEAS score between 61% and 64%, with the following minimum GPA requirements (see table below):

TEAS Score	Overall QCC College Biology GPA (4 credit minimum)	Overall QCC College GPA (15 credit minimum)
64	3.0 or higher	3.0 or higher
63	3.1 or higher	3.1 or higher
62	3.2 or higher	3.2 or higher
61	3.3 or higher	3.3 or higher

### Program Retention / Progression Requirements:

To be eligible to continue in the program, students must:

- Achieve a grade of "C+" or higher in all program courses designated by NUR.

- Achieve a grade of “C” or higher in BIO 111, BIO 112, and BIO 232; students who have received a grade below a “C” in BIO 111, BIO 112, or BIO 232 are required to repeat the course and obtain a grade of “C” or higher by the end of the semester in which they are required or required as a prerequisite.
- Demonstrate satisfactory performance in the nursing laboratory and in the clinical settings.

#### Program Readmission Requirements:

There is a one-time readmission policy for the program.

- Readmission is not guaranteed and is always based upon space availability; review the readmission policy outlined in the QCC Nursing Student Handbook and the “Readmission for Health Programs” policy in the College Procedures section of the QCC Student Handbook.
- Students who have been dismissed or administratively withdrawn from a program within the School of Healthcare at Quinsigamond Community College for reasons of “clinically unsafe practice/behavior” or who violate the College’s Student Code of Conduct or Policy on Affirmative Action are not eligible for admission/readmission to any Healthcare program.

#### Program Graduation Requirements:

Students must satisfy all course and program requirements, including regulations related to attendance and conduct, in order to be eligible for graduation.

#### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Fingerprinting and drug testing may be required. Fingerprinting and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, fingerprinting and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

- Applicants should understand that the Massachusetts Board of Registration in Nursing (MABORN) reserves the right to refuse an applicant the privilege of sitting for the NCLEX examination based on a Good Moral Character Licensure requirement.
- The Massachusetts Board of Registration in Nursing (MABORN) requires all candidates for licensure to disclose any incidents with Child Protective Services. These may affect a candidate’s ability to sit for the NCLEX examination and obtain licensure.
- More information is available from the Massachusetts Board of Registration in Nursing (MABORN).

#### Additional Cost

See the Program Fees (pg. 27).

- Students should anticipate additional expenses for professional uniforms and equipment, standardized testing, CPR-BLS certification, health immunizations, fingerprinting, and physical exams. Also, there may be additional costs associated with the purchase of textbooks, clinical site parking, licensing examinations applications, and any required skills for remediation.
- Computer with mouse, webcam, microphone, and internet access, and additional lab supplies.

#### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

- The QCC Nurse Education program is deeply committed to diversity and fostering an inclusive environment that represents the diverse population of healthcare professionals. We value the uniqueness and potential of every learner and strive to create a culture of respect and equality, welcoming all students, including individuals with disabilities. We encourage students with disabilities to disclose their needs and seek accommodations to fully engage in our program. All disability-related conversations and requests are handled through a confidential process to protect the privacy of our students. After reviewing the Technical Performance Standards, students who have questions about accommodations should contact QCC Student Accessibility Services as soon as possible. Given the complexities of clinical-based programs, additional time may be needed to effectively implement accommodations.
- For more information, contact QCC Student Accessibility Services:
  - Phone: 508.854.4471
  - Email: SAS@qcc.mass.edu
  - Office Location: Room 246A, Administration Building, QCC Worcester (Main Campus)
  - Website: www.QCC.edu/SAS

#### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

#### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 51.3801.

#### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

- Transfer Policy for the QCC Nurse Education programs:
  - Students interested in transferring to QCC nursing programs can find more information on the Admissions webpage at [www.QCC.edu/admissions](http://www.QCC.edu/admissions).
  - A student may seek a transfer of credit from another approved institution, provided that a passing grade has been earned in all previous nursing courses and the completed course work is comparable to the course(s) offered at QCC.
  - Transfer credit will be considered for NUR 106 and NUR

107 only if the student has not been away from the program for more than one year and meets the current admissions requirements of the QCC nursing program.

- Interested students should send official transcripts to the QCC Registrar's Office and apply with the Admissions Office to qualify for the nursing program.
- Once qualified, the student can request consideration for transfer of nursing course credit by submitting prior course syllabi, lab competency documentation, and other relevant documentation to the Program Coordinator.
- See the QCC Catalog for additional information.
- Transfer is not guaranteed.

### Additional Information

- This program prepares students for further study at four-year colleges and universities, as well as providing a broad background for employment in healthcare facilities.
- This program is a rigorous 16 month program.
- Courses in both Nurse Education and Liberal Arts are required in the program curriculum. Nursing courses include clinical experiences in area hospitals, rehabilitation, long-term care and community agencies, as well as classroom study and laboratory practice on campus.
- All students accepted in the NUP program must obtain/maintain a current American Heart Association or American Red Cross Basic Life Support (BLS) certification. Documentation of required immunity, satisfactory health status, and clinical standard compliance is required prior to beginning of clinical experiences.
- Students who do not have completed health files (including titers and immunizations) submitted to and cleared by program orientation date will be removed from their nursing courses and will have to file for readmission to the next available semester.
- A Social Security Number is mandatory for NCLEX Application (Licensure).
- A student seeking readmission from the NUP to NUR program must first apply for readmission (see QCC Student Handbook), as this is dependent upon space availability (and other criteria).
- All clinical experiences are under the supervision of QCC Nurse Education faculty, and entrance into most clinical agencies will require the wearing of a standardized school uniform.
- Students may be required to wear masks, goggles, facemasks, gloves, and/or gowns during lab/clinical.

## ASSOCIATE IN SCIENCE - OT

**Occupational Therapy Assistant****Location**

- Some courses offered at QCC Worcester (Main Campus).
- Some courses offered at QCC at the Healthcare and Workforce Development Center in downtown Worcester.
- This program may require students to travel to clinical sites that are within a 75-mile radius of the College.

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Occupational Therapy Assistant associate degree program prepares students as generalist with a broad exposure to delivery models and systems for entry-level employment as a Certified Occupational Therapy Assistant (COTA). The Certified Occupational Therapy Assistant practices under the supervision of a Registered Occupational Therapist (OTR) as a member of the interdisciplinary healthcare team. Program graduates are eligible to apply for certification by examination from the National Board for Certification in Occupational Therapy (NBCOT). Upon successful completion of the examination, the graduate is eligible to apply for state licensure, required for practice.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Apply occupational therapy principles, theories, and evidence-based interventions to support participation and performance in meaningful activities across diverse settings.
- Demonstrate clinical reasoning and entry-level competence through integrated didactic and fieldwork experiences.
- Implement therapeutic use of occupations for individuals, groups, and populations, guided by the Occupational Therapy Practice Framework.
- Communicate effectively and collaborate interprofessionally with clients, families, and healthcare teams to ensure quality service delivery.
- Uphold professional standards and ethical practices, advocate for clients and the profession, and engage in lifelong learning and leadership.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.
- Attendance in a Health Information Session or successful completion of HLC 101 or FYE 102 with a grade of “C” or higher.
- English: Placement into college level English.
- Biology: Minimum grade of “B” in high school biology or “C” or higher in any college level biology course (BIO 101 recommended). Required grade must be earned within two attempts of taking and completing the course. Qualifying biology course must be taken within five years of application.
- TEAS Admission Requirement: Applicants must have taken the TEAS within the last five years of applying to the program.
  - A qualifying composite score must be achieved in no more than three attempts within a rolling three-year period (scores from multiple tests cannot be combined).
  - To meet the TEAS admission requirement, applicants must achieve one of the following:
    - The TEAS admission requirement will be waived if the applicant has an advanced degree (i.e., BS, BA, MS, etc.), **OR**
    - A composite TEAS score of 60% or higher, **OR**
    - A composite TEAS score between 56% and 59%, with the following minimum GPA requirements (see table below):

<b>TEAS Score</b>	<b>Overall QCC College Biology GPA (4 credit minimum)</b>	<b>Overall QCC College GPA (15 credit minimum)</b>
59	2.7 or higher	2.7 or higher
58	2.8 or higher	2.8 or higher
57	2.9 or higher	2.9 or higher
56	3.0 or higher	3.0 or higher

**Program Retention / Progression Requirements:**

To be eligible to continue in the program, students must:

- Achieve a grade of “C” or higher in all program courses designated by OTA.
- Achieve a grade of “C” or higher in BIO 111, BIO 112, ENG 101, and ENG 102.
- Show evidence of being compliant with the immunization requirements specified by the Massachusetts Department of Public Health. Additional immunization requirements will be required for clinical experiences.
- Maintain documentation of immunization currency and satisfactory health status.
- Maintain documentation of current Healthcare Provider Level BLS/CPR Certification.
- Maintain documentation of annual TB testing.
- Maintain documentation of health insurance.
- Maintain an active membership in the American Occupational Therapy Association (AOTA) for Semesters 2, 3, and 4.
- Complete both OTA 241 and OTA 242 within 18 months of the OTA didactic coursework.

**Program Readmission Requirements:**

There is a one-time readmission policy for the program.

- Readmission is not guaranteed and is always based upon space availability. See the QCC Student Handbook and Program Student Handbook for the complete readmission procedure.
- Students who did not earn a grade of “C” or higher in OTA 101 and/or OTA 131 need to re-apply to the program through the Admissions Office. Students should contact the Program Coordinator as soon as they receive the notification of being placed on the waitlist (by April 15) to discuss readmission.
- Students who did not earn a grade of “C” or higher in any other OTA course should contact the Program Coordinator to discuss readmission by October 15 for Spring courses or by April 15 for Fall courses.
- Students who have been dismissed or administratively withdrawn from a program within the School of Healthcare at Quinsigamond Community College for reasons of “clinically unsafe practice/behavior” or who violate the College’s Student Code of Conduct or Policy on Affirmative Action are not eligible for admission/readmission to any Healthcare program.

#### Program Graduation Requirements:

Students must satisfy all course and program requirements, including regulations related to attendance and conduct, in order to be eligible for graduation.

#### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, annually or every semester. Fingerprinting and drug testing are required. Fingerprinting and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, fingerprinting and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

- A felony conviction could prevent a student from participating in (eligibility) certification and credentialing exams post-graduation.

#### Additional Cost

See the Program Fees (pg. 27).

- Students should anticipate additional expenses for textbooks, fieldwork management system, CPR certification, immunizations/titers, physical exams, American Occupational Therapy Association (AOTA) membership, transportation and parking fees at field placement sites, and National Board for Certification in Occupational Therapy (NBCOT) exam and licensing applications.
- For total program cost, see Estimated Cost of Attendance.

#### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

- The QCC Occupational Therapy Assistant program is deeply committed to diversity and fostering an inclusive environment that represents the diverse population of

healthcare professionals. We value the uniqueness and potential of every learner and strive to create a culture of respect and equality, welcoming all students, including individuals with disabilities. We encourage students with disabilities to disclose their needs and seek accommodations to fully engage in our program. All disability-related conversations and requests are handled through a confidential process to protect the privacy of our students. After reviewing the Technical Performance Standards, students who have questions about accommodations should contact QCC Student Accessibility Services as soon as possible. Given the complexities of clinical-based programs, additional time may be needed to effectively implement accommodations.

- For more information, contact QCC Student Accessibility Services:
  - Phone: 508.854.4471
  - Email: SAS@qcc.mass.edu
  - Office Location: Room 246A, Administration Building, QCC Worcester (Main Campus)
  - Website: www.QCC.edu/SAS

#### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

#### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 51.0803.

#### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

#### Program Email: [otassistant@qcc.mass.edu](mailto:otassistant@qcc.mass.edu)

#### Accreditation

The Quinsigamond Community College Occupational Therapy Assistant program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), which can be contacted at: Accreditation Council for Occupational Therapy Education (ACOTE), of the American Occupational Therapy Association (AOTA) | 7501 Wisconsin Avenue, Suite 510E, Bethesda, MD 20814 | 301.652.6611 | [www.acoteonline.org](http://www.acoteonline.org).

Graduates of the program will be eligible to sit for the National Certification Examination for the Occupational Therapy Assistant administered by the National Board for Certification in Occupational Therapy (NBCOT). After successful completion of this exam, the individual will be a Certified Occupational Therapy Assistant (COTA).

In addition, all states require licensure in order to practice; however, state licenses are usually based on the results of the NBCOT Certification Examination. Note that a felony conviction may affect a graduate's ability to sit for the NBCOT Certification Examination or attain state licensure.

### Statistics

#### Program Outcomes:

Program outcomes are defined as performance indicators that reflect the extent to which the purposes of the program are achieved and by which program effectiveness is documented. Program outcomes are measurable, consumer-oriented indexes designed to evaluate the degree to which the program is achieving its mission and goals. Examples include, but are not limited to, program completion rates, licensure/certification examination pass rates, and job placement rates.

#### Program Statistics:

For information pertaining to the most recent performance results of QCC OTA graduates on the national certification exam, visit [www.nbcot.org/Educators-Folder/SchoolPerformance](http://www.nbcot.org/Educators-Folder/SchoolPerformance).

### OTA Program Outcome 2023-2025

Grad. Year	Graduated (According to the Prog. Outline Time)	Graduated (Within 150% of Expected Time)	Students Admitted	Withdrew (For Reasons Not Related to Academic/Clinical Performance)	Grad. Rate	NBCOT Pass Rate

## ASSOCIATE IN SCIENCE - EM

**Paramedic Technology****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- EMT Paramedic Certificate

**Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The goal of the Paramedic Technology associate degree program is to prepare competent entry-level emergency medical technician-paramedics to serve in career and volunteer positions throughout the Commonwealth and neighboring regions.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Apply the knowledge of paramedicine in the scope of the overall healthcare system.
- Understand the paramedic's role in the community as a provider, educator, and leader.
- Explain and demonstrate the role paramedics can play in the leadership of EMS Systems.
- Explain how paramedics can assist the community in reducing the rate of mortality for various disease processes and play a role in the reduction of those rates.
- Demonstrate strong public speaking skills, communication skills, and medical systems knowledge to be an effective communicator, provider, and leader in the public safety field.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.
- Current Paramedic certification (any current state paramedic or National Registry Paramedic certification or currently enrolled in the EMT Paramedic Certificate program).

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Fingerprinting and drug testing may be required. Fingerprinting and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, fingerprinting and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

**Additional Cost**

See the Program Fees page

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

- The QCC Emergency Medical Services/Paramedicine program is deeply committed to diversity and fostering an inclusive environment that represents the diverse population of healthcare professionals. ## CERTIFICATE - LP

## Practical Nursing Certificate

### Connections

The following program(s) have connections that can be completed alongside or applied to this program:

- Nurse Education - Advanced Placement LPN

### Location

- Some courses offered at QCC Worcester (Main Campus).
- Some courses offered at QCC at the Healthcare and Workforce Development Center in downtown Worcester.
- This program will require students to travel to clinical sites within the Worcester County and MetroWest area.

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

Practical Nurse Education prepares students with skills and education that will enable them to become an effective licensed practical nurse (LPN). The Practical Nursing Certificate will prepare the graduate to assume an entry-level position in the field or pursue additional education. Graduates of the program assume responsibilities related to direct patient care in a variety of settings, including, but not limited to, doctor's offices, clinics, extended care facilities, home health agencies, community health agencies, and acute care facilities. Upon successful completion of this program, students are eligible to take the National Council Licensure Examination for Practical Nurses (NCLEX-PN). The program also prepares students for further study at two-year and four-year colleges and universities.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Apply the nursing process to the patient-centered care of culturally diverse patients, throughout the life span, who have actual, common, well-defined, or potential health-deviation requisites.
- Use therapeutic communication effectively with clients, families, and members of the collaborative healthcare team.
- Illustrate use of relevant technology for patient-centered care and documentation.
- Implement goal-directed teaching plans to assist clients in resolving self-care deficits.
- Safely manage the nursing care of clients with actual or potential common, well-defined health-deviation requisites, in a variety of structured settings, in accordance with ethical,

legal and professional standards.

- Demonstrate professional attributes of a Practical Nurse in the provision of safe, effective patient-centered care.

### Admissions Process

Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HISET.
- Attendance at a Health Information Session or complete HLC 101 (previously known as FYE 102) with a grade of "C" or higher.
- Must show evidence of being compliant with the immunization requirements specified by the Massachusetts Department of Public Health. Additional immunization requirements will be required for clinical experiences.
- TEAS Admission Requirement: Applicants must have taken the TEAS within the last five years of applying to the program.
  - A qualifying composite score must be achieved in no more than three attempts within a rolling three-year period (scores from multiple tests cannot be combined).
  - To meet the TEAS admission requirement, applicants must achieve one of the following:
    - A composite TEAS score of 55% or higher **OR**
    - A composite TEAS score between 51% and 54%, with the following minimum GPA requirements (see table below):

TEAS Score	Overall QCC College Biology GPA (4 credit minimum)	Overall QCC College GPA (15 credit minimum)
54	2.7 or higher	2.7 or higher
53	2.8 or higher	2.8 or higher
52	2.9 or higher	2.9 or higher
51	3.0 or higher	3.0 or higher

### Program Retention / Progression Requirements:

To be eligible to continue in the program, students must:

- Achieve a grade of "C" or higher in all program courses designated by PNP.
- Achieve a grade of "C" or higher in BIO 100 or BIO 112, PSY 101, and PSY 121; students who have received a grade below a

“C” in BIO 100 or BIO 112, PSY 101, and PSY 121 are required to repeat the course and obtain a grade of “C” or higher by the end of the semester in which they are required or required as a prerequisite. Science courses must be completed within five years of application to the program. There are no expiration restrictions for general education courses.

- Demonstrate satisfactory progress in the laboratory and clinical components of each nursing course.
- Demonstrate satisfactory performance in the nursing laboratory and in the clinical settings.
- Satisfy all course and program requirements, including regulations on attendance and conduct, to be eligible for certification for licensure.
- Maintain documentation of current Healthcare Provider Level BLS/CPR Certification.
- Maintain documentation of being compliant with the immunization requirements specified by the Massachusetts Department of Public Health, clinical affiliates, and satisfactory health status.
- Maintain documentation of annual TB testing.
- Maintain documentation of health insurance.

#### Program Readmission Requirements:

There is a one-time readmission policy for the program.

- Readmission is not guaranteed and is always based upon space availability. See the QCC Student Handbook for the complete readmission policy.
- Practical Nursing students who leave the program due to withdrawal or academic failure in Semester 2 (PNP 101 and/or PNP 111) should reapply for entry into the program through the Admissions Office.
- Students eligible for readmission include students who left the program due to withdrawal or academic failure in Semesters 3, 4, or 5 (PNP 210, PNP 233, PNP 235, or PNP 240).
  - An appointment must be made with the Program Coordinator to ensure all readmission requirements and documents are completed.
  - In addition to the criteria listed in the QCC Student Handbook, a student requesting readmission into the Practical Nursing program must have met the requirement of a composite score on the TEAS test to be considered for readmission. Additional immunization requirements may be required for clinical experiences.
  - The request for readmission must be submitted to the Program Coordinator within one year of date of separation from the program. If the student does not apply for readmission within one year, the student is ineligible for readmission and can apply to the program through the Admissions Office.
- Students who have been dismissed or administratively withdrawn from a program within the School of Healthcare at Quinsigamond Community College for reasons of “clinically unsafe practice/behavior” or who violate the College’s Student Code of Conduct or Policy on Affirmative Action

are not eligible for admission/readmission to any Healthcare program.

#### Program Graduation Requirements:

Students must satisfy all course and program requirements, including regulations related to attendance and conduct, in order to be eligible for graduation.

- Students are required to attend the three-day NCLEX review course.
- All students must complete an “Intent to Graduate” card (even if not attending the QCC graduation ceremony in May). Completion of the “Intent to Graduate” card will prompt the Registrar to print a “Certificate of Graduation”. The “Certificate of Graduation” is required to register and sit for the NCLEX-PN Licensure exam.

#### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Fingerprinting and drug testing may be required. Fingerprinting and drug testing results must meet clinical affiliate requirements. An issue with CORI/SORI, National Background, fingerprinting and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

- Applicants should understand that the Massachusetts Board of Registration in Nursing (MABORN) reserves the right to refuse an applicant the privilege of sitting for the NCLEX examination based on a Good Moral Character Licensure requirement.
- The Massachusetts Board of Registration in Nursing (MABORN) requires all candidates for licensure to disclose any incidents with Child Protective Services. These may affect a candidate’s ability to sit for the NCLEX examination and obtain licensure.
- More information is available from the Massachusetts Board of Registration in Nursing (MABORN).

#### Additional Cost

See the Program Fees (pg. 27).

- Students should anticipate additional expenses for professional uniforms and required supplies, CPR certification, health immunizations, physical exams, and fingerprinting. Also, there may be additional costs associated with the purchase of textbooks, software programs, travel to/from clinical sites, clinical site parking, and licensing examinations applications.
- Recommended: Computer with mouse, webcam, microphone and internet access, and additional lab supplies.

#### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

- The QCC Practical Nursing program is deeply committed to diversity and fostering an inclusive environment that represents the diverse population of healthcare professionals. We value the uniqueness and potential of every learner and strive to create a culture of respect and equality, welcoming all students, including individuals with disabilities. We encourage students with disabilities to disclose their needs and seek accommodations to fully engage in our program. All disability-related conversations and requests are handled through a confidential process to protect the privacy of our students. After reviewing the Technical Performance Standards, students who have questions about accommodations should contact QCC Student Accessibility Services as soon as possible. Given the complexities of clinical-based programs, additional time may be needed to effectively implement accommodations.
- For more information, contact QCC Student Accessibility Services:
  - Phone: 508.854.4471
  - Email: SAS@qcc.mass.edu
  - Office Location: Room 246A, Administration Building, QCC Worcester (Main Campus)
  - Website: www.QCC.edu/SAS

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 51.3901.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

- Students interested in transferring to QCC can find more information on the Admissions webpage at [www.QCC.edu/admissions](http://www.QCC.edu/admissions).
- Students interested in transferring from QCC can find more information on the Transfer Services webpage at [www.QCC.edu/transfer](http://www.QCC.edu/transfer). See the Educational Mobility Policy.
- Transfer Policy for the QCC Practical Nursing programs:
  - A student may seek a transfer of credit from another

approved institution, provided that a passing grade has been earned in the courses and the coursework is comparable to the course offered at QCC. Transfer of Practical Nursing coursework will not be accepted, except for PNP 210 and PNP 233. See the QCC Catalog for additional information. Transfer is not guaranteed.

- Students who wish to request transfer from one QCC nursing program to another QCC nursing program must meet with the Program Coordinator of the most recently enrolled program to review the process. The student must meet the admission requirements of the prospective program. Transfer is not guaranteed.

### Additional Information

- This program prepares students for further study at two-year and four-year colleges and universities, as well as providing a broad background for employment in healthcare facilities.
- Courses in both Practical Nursing and Liberal Arts are required in the program curriculum. Nursing courses include clinical experiences in area hospitals, rehabilitation, long-term care and community agencies, schools, as well as classroom study and laboratory practice on campus.
- All students accepted in the LP program must obtain/maintain a current American Heart Association or American Red Cross Basic Life Support (BLS) certification. Documentation of required immunity, satisfactory health status, and clinical standard compliance is required prior to beginning of clinical experiences.
- A Social Security Number is mandatory for NCLEX Application (Licensure).
- All clinical experiences are under the supervision of QCC Nurse Education faculty, and entrance into most clinical agencies will require the wearing of a standardized school uniform.
- Clinical experiences will start before 7:00 a.m. Some clinical experiences may be held on Saturday, Sunday and on weekday or weekend evenings.
- Additional requirements for students participating in clinical placement include, but are not limited to:
  - Complete the Health Screening form and submit it to Castle Branch by the identified due date.
  - May be required to receive the COVID-19 vaccine(s) in compliance with the most stringent requirement of clinical agencies.
  - Receive annual influenza vaccine.
  - Complete tuberculosis screening.
  - Submit a titer following the completion of the Hepatitis B series of immunizations to document immunity.
  - Create an account and complete the student orientation on Massachusetts Centralized Clinical Placement website ([www.mass.edu/mcncps/orientation/welcome.asp](http://www.mass.edu/mcncps/orientation/welcome.asp)). Assign a clinical site and print a ticket to clinical for each clinical term.

- Students who are interested in exploring an apprenticeship program as part of their degree or certificate pathway should email [adp@qcc.mass.edu](mailto:adp@qcc.mass.edu).

**Program Email:** [nurseeducation@qcc.mass.edu](mailto:nurseeducation@qcc.mass.edu)

### Accreditation

The Quinsigamond Community College Practical Nursing program is approved by the Massachusetts Board of Registration in Nursing (MABORN), and accredited by the Accreditation Commission for Education in Nursing, Inc. (ACEN). MABORN can be contacted at: Massachusetts Board of Registration in Nursing | 250 Washington Street, Boston, MA 02108 | 800.414.0168 | [www.mass.gov/orgs/board-of-registration-in-nursing](http://www.mass.gov/orgs/board-of-registration-in-nursing). ACEN can be contacted at: Accreditation Commission for Education in Nursing, Inc. | 3390 Peachtree Road NE, Suite 1400, Atlanta, GA 30326 | 404.975.5000 | [www.acenursing.org](http://www.acenursing.org). The ACEN Board of Commissioners granted continuing accreditation to the Practical Nursing program and scheduled the next evaluation visit for Spring 2026.

### Statistics

#### Program Outcomes:

Program outcomes are defined as performance indicators that reflect the extent to which the purposes of the program are achieved and by which program effectiveness is documented. Program outcomes are measurable, consumer-oriented indexes designed to evaluate the degree to which the program is achieving its mission and goals. Examples include, but are not limited to, program completion rates, licensure/certification examination pass rates, and job placement rates.

#### Program Statistics:

Aggregate Program Completion:

- Expected Level of Achievement developed by QCC PN Faculty (and reported to ACEN accrediting body and MABORN) are that 70% of students will complete the program within 150% of stated program length beginning with enrollment in first PNP course.
  - 2022-2023: 100%
  - 2023-2024: 74%

- 2024-2025: 59%

- Expected Level of Achievement developed by QCC PN Faculty (and reported to ACEN accrediting body and MABORN) are that 50% of students will complete the program on time beginning with enrollment on the first day of the first nursing course and ends with completion of course required for conferral of a certificate.
  - 2022-2023: 71%
  - 2023-2024: 85%
  - 2024-2025: 53%

NCLEX Licensure Pass Rates:

- Expected Level of Achievement developed by QCC PN Faculty (and reported to ACEN accrediting body and MABORN) are at or above National Mean.
  - 2023: National Results = 86% | QCC Results = 91%
  - 2024: National Results = 88% | QCC Results = 97.5%
  - 2025: National Results = 87% | QCC Results = 90%

Graduate Satisfaction (as answered on Post-Graduate Survey):

- Question asked - "As a graduate, the length of the program prepared me for entry into the novice level of nursing practice".
  - 93% of the students responded "Agree" or "Strongly Agree" to the above statement

Course Title	Course #	Semester Offered	Credits	Prerequisites

**CERTIFICATE - LPE****Practical Nursing Certificate - Evening****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Nurse Education - Advanced Placement LPN

**Location**

- Some courses offered at QCC Worcester (Main Campus).
- Some courses offered at QCC at the Healthcare and Workforce Development Center in downtown Worcester.
- This program will require students to travel to clinical sites within the Worcester County and MetroWest area.

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

Practical Nurse Education prepares students with skills and education that will enable them to become an effective licensed practical nurse (LPN). The Practical Nursing Certificate will prepare the graduate to assume an entry-level position in the field or pursue additional education. Graduates of the program assume responsibilities related to direct patient care in a variety of settings, including, but not limited to, doctor's offices, clinics, extended care facilities, home health agencies, community health agencies, and acute care facilities. Upon successful completion of this program, students are eligible to take the National Council Licensure Examination for Practical Nurses (NCLEX-PN). The program also prepares students for further study at two-year and four-year colleges and universities.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Apply the nursing process to the patient-centered care of culturally diverse patients, throughout the life span, who have actual, common, well-defined, or potential health-deviation requisites.
- Use therapeutic communication effectively with clients, families, and members of the collaborative healthcare team.
- Illustrate use of relevant technology for patient-centered care and documentation.
- Implement goal-directed teaching plans to assist clients in resolving self-care deficits.
- Safely manage the nursing care of clients with actual or potential common, well-defined health-deviation requisites, in a variety of structured settings, in accordance with ethical, legal and professional standards.

- Demonstrate professional attributes of a Practical Nurse in the provision of safe, effective patient-centered care.

**Admissions Process**

Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.
- Attendance at a Health Information Session or complete HLC 101 (previously known as FYE 102) with a grade of "C" or higher.
- Must show evidence of being compliant with the immunization requirements specified by the Massachusetts Department of Public Health. Additional immunization requirements will be required for clinical experiences.
- TEAS Admission Requirement: Applicants must have taken the TEAS within the last five years of applying to the program.
  - A qualifying composite score must be achieved in no more than three attempts within a rolling three-year period (scores from multiple tests cannot be combined).
  - To meet the TEAS admission requirement, applicants must achieve one of the following:
    - A composite TEAS score of 55% or higher **OR**
    - A composite TEAS score between 51% and 54%, with the following minimum GPA requirements (see table below):

TEAS Score	Overall QCC College Biology GPA (4 credit minimum)	Overall QCC College GPA (15 credit minimum)
54	2.7 or higher	2.7 or higher
53	2.8 or higher	2.8 or higher
52	2.9 or higher	2.9 or higher
51	3.0 or higher	3.0 or higher

**Program Retention / Progression Requirements:**

To be eligible to continue in the program, students must:

- Achieve a grade of "C" or higher in all program courses designated by PNP.
- Achieve a grade of "C" or higher in BIO 100 or BIO 112, PSY 101, and PSY 121; students who have received a grade below a "C" in BIO 100 or BIO 112, PSY 101, and PSY 121

are required to repeat the course and obtain a grade of “C” or higher by the end of the semester in which they are required or required as a prerequisite. Science courses must be completed within five years of application to the program. There are no expiration restrictions for general education courses.

- Demonstrate satisfactory progress in the laboratory and clinical components of each nursing course.
- Demonstrate satisfactory performance in the nursing laboratory and in the clinical settings.
- Satisfy all course and program requirements, including regulations on attendance and conduct, to be eligible for certification for licensure.
- Maintain documentation of current Healthcare Provider Level BLS/CPR Certification.
- Maintain documentation of being compliant with the immunization requirements specified by the Massachusetts Department of Public Health, clinical affiliates, and satisfactory health status.
- Maintain documentation of annual TB testing.
- Maintain documentation of health insurance.

#### **Program Readmission Requirements:**

There is a one-time readmission policy for the program.

- Readmission is not guaranteed and is always based upon space availability. See the QCC Student Handbook for the complete readmission policy.
- Practical Nursing students who leave the program due to withdrawal or academic failure in Semester 2 (PNP 101 and/or PNP 111) should reapply for entry into the program through the Admissions Office.
- Students eligible for readmission include students who left the program due to withdrawal or academic failure in Semesters 3, 4, or 5 (PNP 210, PNP 233, PNP 235, or PNP 240).
  - An appointment must be made with the Program Coordinator to ensure all readmission requirements and documents are completed.
  - In addition to the criteria listed in the QCC Student Handbook, a student requesting readmission into the Practical Nursing program must have met the requirement of a composite score on the TEAS test to be considered for readmission. Additional immunization requirements may be required for clinical experiences.
  - The request for readmission must be submitted to the Program Coordinator within one year of date of separation from the program. If the student does not apply for readmission within one year, the student is ineligible for readmission and can apply to the program through the Admissions Office.
- Students who have been dismissed or administratively withdrawn from a program within the School of Healthcare

at Quinsigamond Community College for reasons of “clinically unsafe practice/behavior” or who violate the College’s Student Code of Conduct or Policy on Affirmative Action are not eligible for admission/readmission to any Healthcare program.

#### **Program Graduation Requirements:**

Students must satisfy all course and program requirements, including regulations related to attendance and conduct, in order to be eligible for graduation.

- Students are required to attend the three-day NCLEX review course.
- All students must complete an “Intent to Graduate” card (even if not attending the QCC graduation ceremony in May). Completion of the “Intent to Graduate” card will prompt the Registrar to print a “Certificate of Graduation”. The “Certificate of Graduation” is required to register and sit for the NCLEX-PN Licensure exam.

#### **CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Fingerprinting and drug testing may be required. Fingerprinting and drug testing results must meet clinical affiliate requirements. An issue with CORI/SORI, National Background, fingerprinting and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

- Applicants should understand that the Massachusetts Board of Registration in Nursing (MABORN) reserves the right to refuse an applicant the privilege of sitting for the NCLEX examination based on a Good Moral Character Licensure requirement.
- The Massachusetts Board of Registration in Nursing (MABORN) requires all candidates for licensure to disclose any incidents with Child Protective Services. These may affect a candidate’s ability to sit for the NCLEX examination and obtain licensure.
- More information is available from the Massachusetts Board of Registration in Nursing (MABORN).

#### **Additional Cost**

See the Program Fees (pg. 27).

- Students should anticipate additional expenses for professional uniforms and required supplies, CPR certification, health immunizations, physical exams, and fingerprinting. Also, there may be additional costs associated with the purchase of textbooks, software programs, travel to/from clinical sites, clinical site parking, and licensing examinations applications.
- Recommended: Computer with mouse, webcam, microphone and internet access, and additional lab supplies.

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

- The QCC Practical Nursing program is deeply committed to diversity and fostering an inclusive environment that represents the diverse population of healthcare professionals. We value the uniqueness and potential of every learner and strive to create a culture of respect and equality, welcoming all students, including individuals with disabilities. We encourage students with disabilities to disclose their needs and seek accommodations to fully engage in our program. All disability-related conversations and requests are handled through a confidential process to protect the privacy of our students. After reviewing the Technical Performance Standards, students who have questions about accommodations should contact QCC Student Accessibility Services as soon as possible. Given the complexities of clinical-based programs, additional time may be needed to effectively implement accommodations.
- For more information, contact QCC Student Accessibility Services:
  - Phone: 508.854.4471
  - Email: SAS@qcc.mass.edu
  - Office Location: Room 246A, Administration Building, QCC Worcester (Main Campus)
  - Website: [www.QCC.edu/support/specialized-support/student-accessibility-services](http://www.QCC.edu/support/specialized-support/student-accessibility-services)

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 51.3901.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

- Students interested in transferring to QCC can find more information on the Admissions webpage at [www.QCC.edu/admissions](http://www.QCC.edu/admissions).

- Students interested in transferring from QCC can find more information on the Transfer Services webpage at [www.QCC.edu/transfer](http://www.QCC.edu/transfer). See the Educational Mobility Policy.
- Transfer Policy for the QCC Practical Nursing programs:
  - A student may seek a transfer of credit from another approved institution, provided that a passing grade has been earned in the courses and the coursework is comparable to the course offered at QCC. Transfer of Practical Nursing coursework will not be accepted, except for PNP 210 and PNP 233. See the QCC Catalog for additional information. Transfer is not guaranteed.
  - Students who wish to request transfer from one QCC nursing program to another QCC nursing program must meet with the Program Coordinator of the most recently enrolled program to review the process. The student must meet the admission requirements of the prospective program. Transfer is not guaranteed.

### Additional Information

- This program prepares students for further study at two-year and four-year colleges and universities, as well as providing a broad background for employment in healthcare facilities.
- Courses in both Practical Nursing and Liberal Arts are required in the program curriculum. Nursing courses include clinical experiences in area hospitals, rehabilitation, long-term care and community agencies, schools, as well as classroom study and laboratory practice on campus.
- All students accepted in the LPE program must obtain/maintain a current American Heart Association or American Red Cross Basic Life Support (BLS) certification. Documentation of required immunity, satisfactory health status, and clinical standard compliance is required prior to beginning of clinical experiences.
- A Social Security Number is mandatory for NCLEX Application (Licensure).
- All clinical experiences are under the supervision of QCC Nurse Education faculty, and entrance into most clinical agencies will require the wearing of a standardized school uniform.
- Clinical experiences will start before 3:00 p.m., and some clinicals may take place during the morning shift (6:30 a.m.). Some clinical experiences may be held on Saturday, Sunday and on weekday or weekend mornings/evenings.
- Additional requirements for students participating in clinical placement include, but are not limited to:
  - Complete the Health Screening form and submit it to Castle Branch by the identified due date.
  - May be required to receive the COVID-19 vaccine(s) in compliance with the most stringent requirement of clinical agencies.
  - Receive annual influenza vaccine.

- Complete tuberculosis screening.
- Submit a titer following the completion of the Hepatitis B series of immunizations to document immunity.
- Create an account and complete the student orientation on Massachusetts Centralized Clinical Placement website ([www.mass.edu/mcncps/orientation/welcome.asp](http://www.mass.edu/mcncps/orientation/welcome.asp)). Assign a clinical site and print a ticket to clinical for each clinical term.
- Students who are interested in exploring an apprenticeship program as part of their degree or certificate pathway should email [adp@qcc.mass.edu](mailto:adp@qcc.mass.edu).
- 2023-2024: 74%
- 2024-2025: 59%
- Expected Level of Achievement developed by QCC PN Faculty (and reported to ACEN accrediting body and MABORN) are that 50% of students will complete the program on time beginning with enrollment on the first day of the first nursing course and ends with completion of course required for conferral of a certificate.
  - 2022-2023: 71%
  - 2023-2024: 85%
  - 2024-2025: 53%

**Program Email:** [nurseeducation@qcc.mass.edu](mailto:nurseeducation@qcc.mass.edu)

### Accreditation

The Quinsigamond Community College Practical Nursing program is approved by the Massachusetts Board of Registration in Nursing (MABORN), and accredited by the Accreditation Commission for Education in Nursing, Inc. (ACEN). MABORN can be contacted at: Massachusetts Board of Registration in Nursing | 250 Washington Street, Boston, MA 02108 | 800.414.0168 | [www.mass.gov/orgs/board-of-registration-in-nursing](http://www.mass.gov/orgs/board-of-registration-in-nursing). ACEN can be contacted at: Accreditation Commission for Education in Nursing, Inc. | 3390 Peachtree Road NE, Suite 1400, Atlanta, GA 30326 | 404.975.5000 | [www.acenursing.org](http://www.acenursing.org). The ACEN Board of Commissioners granted continuing accreditation to the Practical Nursing program and scheduled the next evaluation visit for Spring 2026.

### Statistics

#### Program Outcomes:

Program outcomes are defined as performance indicators that reflect the extent to which the purposes of the program are achieved and by which program effectiveness is documented. Program outcomes are measurable, consumer-oriented indexes designed to evaluate the degree to which the program is achieving its mission and goals. Examples include, but are not limited to, program completion rates, licensure/certification examination pass rates, and job placement rates.

#### Program Statistics:

Aggregate Program Completion:

- Expected Level of Achievement developed by QCC PN Faculty (and reported to ACEN accrediting body and MABORN) are that 70% of students will complete the program within 150% of stated program length beginning with enrollment in first PNP course.
  - 2022-2023: 100%

NCLEX Licensure Pass Rates:

- Expected Level of Achievement developed by QCC PN Faculty (and reported to ACEN accrediting body and MABORN) are at or above National Mean.
  - 2023: National Results = 86% | QCC Results = 91%
  - 2024: National Results = 88% | QCC Results = 97.5%
  - 2025: National Results = 87% | QCC Results = 90%

Graduate Satisfaction (as answered on Post-Graduate Survey):

- Question asked - "As a graduate, the length of the program prepared me for entry into the novice level of nursing practice".
  - 93% of the students responded "Agree" or "Strongly Agree" to the above statement

## CERTIFICATE - PHC

**Public Health Certificate****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Healthcare - Public Health Option
- Healthcare

**Location**

- All courses offered at QCC Worcester (Main Campus).
- Some courses offered at QCC at the Healthcare and Workforce Development Center in downtown Worcester.
- Some courses offered at QCC Southbridge.

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Public Health Certificate prepares the student to obtain employment as an entry-level public health worker. Public healthcare workers serve large populations of people and organize their efforts to prevent the spread of diseases through entire communities.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Identify the roles and responsibilities of the public health worker.
- Identify the multiple ways public health affects daily living.
- Explain relationships between the social and behavioral sciences and public health.
- Implement strategies that promote behavior change.
- Understand safe practices as it relates to the public health role.
- Understand the similarities and differences in public and global health including demographic measures of health status and burden of disease.
- Understand the impact of the environment and communicable diseases on the health of populations.
- Describe the basis of chronic diseases on morbidity or mortality and approaches to prevention, early detection, and disease management.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HISET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required in the program, as there is no co-operative experience.

**Additional Cost**

See the Program Fees (pg. 27).

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

- The QCC Public Health program is deeply committed to diversity and fostering an inclusive environment that represents the diverse population of healthcare professionals. We value the uniqueness and potential of every learner and strive to create a culture of respect and equality, welcoming all students, including individuals with disabilities. We encourage students with disabilities to disclose their needs and seek accommodations to fully engage in our program. All disability-related conversations and requests are handled through a confidential process to protect the privacy of our students. After reviewing the Technical Performance Standards, students who have questions about accommodations should contact QCC Student Accessibility Services as soon as possible. Given the complexities of clinical-based programs, additional time may be needed to effectively implement accommodations.
- For more information, contact QCC Student Accessibility Services:
  - Phone: 508.854.4471
  - Email: [SAS@qcc.mass.edu](mailto:SAS@qcc.mass.edu)
  - Office Location: Room 246A, Administration Building, QCC Worcester (Main Campus)
  - Website: [www.QCC.edu/SAS](http://www.QCC.edu/SAS)

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

**Career Outlook**

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 51.2208.

**Transfer Articulations & Opportunities**

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

**Program Email: [publichealth@qcc.mass.edu](mailto:publichealth@qcc.mass.edu)**

## ASSOCIATE IN SCIENCE - RT

**Radiologic Technology****Location**

- Some courses offered at QCC Worcester (Main Campus).
- Some courses offered at QCC at the Healthcare and Workforce Development Center in downtown Worcester.
- This program will require students to travel to clinical sites within the Worcester County area.

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Radiologic Technology associate degree program prepares students to serve the global community as medical imaging professionals by meeting specific Program Goals:

- Demonstrate clinical competence.
- Utilize critical thinking skills.
- Employ effective communication skills.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Practice effective patient care, including radiation safety.
- Produce quality diagnostic images according to protocol.
- Modify routine imaging parameters to accommodate patient limitations.
- Assess image quality and implement corrective actions to ensure optimal images.
- Employ appropriate oral communication.
- Utilize effective writing skills.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.
- Attendance at a Health Information Session or complete HLC 101 (previously known as FYE 102) with a grade of "C" or higher.
- Must show evidence of being compliant with the immunization requirements specified by the Massachusetts Department of Public Health. Additional immunization requirements will be required for clinical experiences.
- Complete all Discovery Activities listed at [www.QCC.edu/](http://www.QCC.edu/)

radiologic-technology/admission-health-transfer-articulation-agreements.

- English: Placement into college level English.
- Mathematics: Placement into MAT 121 or MAT 122 (QMAT placement score > 21 or appropriate multiple measures or completion of college level mathematics course).
- Biology: Minimum grade of "B" in high school biology or "C+" or higher in any college level biology course (BIO 101 recommended). Required grade must be earned within two attempts of taking and completing the course. Qualifying biology course must be taken within five years of application.
- TEAS Admission Requirement: Applicants must have taken the TEAS within the last five years of applying to the program.
  - A qualifying composite score must be achieved in no more than three attempts within a rolling three-year period (scores from multiple tests cannot be combined).
  - To meet the TEAS admission requirement, applicants must achieve one of the following:
    - A composite TEAS score of 60% or higher **OR**
    - A composite TEAS score between 56% and 59%, with the following minimum GPA requirements (see table below):

<b>TEAS Score</b>	<b>Overall QCC College Biology GPA (4 credit minimum)</b>	<b>Overall QCC College GPA (15 credit minimum)</b>
59	2.7 or higher	2.7 or higher
58	2.8 or higher	2.8 or higher
57	2.9 or higher	2.9 or higher
56	3.0 or higher	3.0 or higher

**Program Retention / Progression Requirements:**

To be eligible to continue in the program, students must:

- Achieve a grade of "C+" or higher in all program courses designated by RDT.
- Achieve a grade of "C" or higher in BIO 111 and BIO 112.
- Maintain documentation of current Healthcare Provider Level BLS/CPR Certification.
- Maintain documentation of satisfactory health status.
- Show evidence of being compliant with the immunization requirements specified by the Massachusetts Department of Public Health. Additional immunization requirements will be required for clinical experiences.
- Maintain documentation of annual TB testing.
- Maintain documentation of health insurance.
- Be aware that they may be exposed to bloodborne pathogens. Bloodborne Pathogens means pathogenic microorganisms that are present in human blood and can cause disease in humans. These pathogens include, but are not limited to, hepatitis B virus (HBV) and human immunodeficiency virus (HIV). United States Department of Labor, OSHA, September 5, 2019 ([www.osha.gov/laws-regs/regulations/standardnumber/1910/1910.1030](http://www.osha.gov/laws-regs/regulations/standardnumber/1910/1910.1030)).

**Program Readmission Requirements:**

There is a one-time readmission policy for the program.

- Readmission is not guaranteed and is always based upon space availability.
- Students must meet with Program Director to request readmission immediately following withdrawal or dismissal from the Radiologic Technology program.
- Students who have been dismissed or administratively withdrawn from a program within the School of Healthcare at Quinsigamond Community College for reasons of “clinically unsafe practice/behavior” or who violate the College’s Student Code of Conduct or Policy on Affirmative Action are not eligible for admission/readmission to any Healthcare program.

- Email: [SAS@qcc.mass.edu](mailto:SAS@qcc.mass.edu)
- Office Location: Room 246A, Administration Building, QCC Worcester (Main Campus)
- Website: [www.QCC.edu/SAS](http://www.QCC.edu/SAS)

#### Program Graduation Requirements:

Students must satisfy all course and program requirements, including regulations related to attendance and conduct, in order to be eligible for graduation.

#### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks and drug testing are required in the program, either annually or every semester. Fingerprinting may be required. Fingerprinting and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, fingerprinting and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

#### Additional Cost

See the Program Fees (pg. 27).

- Students enrolled in RDT courses are subject to expenses for uniforms, CPR certification, immunizations/titers, physical exams, and transportation to clinical sites and clinical parking fees.

#### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

- The QCC Radiologic Technology program is deeply committed to diversity and fostering an inclusive environment that represents the diverse population of healthcare professionals. We value the uniqueness and potential of every learner and strive to create a culture of respect and equality, welcoming all students, including individuals with disabilities. We encourage students with disabilities to disclose their needs and seek accommodations to fully engage in our program. All disability-related conversations and requests are handled through a confidential process to protect the privacy of our students. After reviewing the Technical Performance Standards, students who have questions about accommodations should contact QCC Student Accessibility Services as soon as possible. Given the complexities of clinical-based programs, additional time may be needed to effectively implement accommodations.
- For more information, contact QCC Student Accessibility Services:
  - Phone: 508.854.4471

#### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

#### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 51.0911.

#### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

#### Additional Information

- Clinical rotations occur during Fall, Winter, Spring, and Summer semesters. Students are responsible for their own transportation and may be assigned to any clinical education setting affiliated with the Radiologic Technology program.
- Graduates are eligible to apply for certification by examination from the American Registry of Radiologic Technologists and licensing by the Radiation Control Program of MA-DPH (required for employment).
  - A fee of \$200.00-\$300.00 is required for each credentialing process.

#### Program Email: [radiologictechnology@qcc.mass.edu](mailto:radiologictechnology@qcc.mass.edu)

#### Accreditation:

The Quinsigamond Community College Radiologic Technology program is accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT), which can be contacted at: Joint Review Committee on Education in Radiologic Technology | 20 N. Wacker Drive, Suite 2850, Chicago, IL 60606-3182 | 312.704.5300 | [www.jrcert.org](http://www.jrcert.org). The program’s current award is eight (8) years. General program accreditation information and the current accreditation award letter can be found at [www.jrcert.org/programs/quinsigamond-community-college/](http://www.jrcert.org/programs/quinsigamond-community-college/).

## ASSOCIATE IN SCIENCE - RS

**Respiratory Care****Location**

- Some courses offered at QCC Worcester (Main Campus).
- Some courses offered at QCC at the Healthcare and Workforce Development Center in downtown Worcester.
- This program may require students to travel to clinical sites that are within a 75-mile radius of the College.

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The QCC Respiratory Care associate degree program includes the following Program Goals:

- To prepare graduates with demonstrated competence in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains of respiratory care practice as performed by registered respiratory therapists (RRTs).
- To prepare graduates to obtain the RRT (Registered Respiratory Therapist) credential.
- To prepare graduates to obtain gainful employment as a Licensed Respiratory Care Practitioner (RCP).

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Demonstrate professional behaviors consistent with the respiratory care code of ethics, ethical obligations, and professional conduct.
- Demonstrate critical thinking and problem-solving skills, time management skills, interpersonal communication skills, and technical skills necessary to provide competent patient-centered respiratory care in multidisciplinary care settings for patients of all ages.
- Demonstrate the knowledge and application of physical principles of gas and fluid dynamics.
- Demonstrate knowledge and application of anatomy and physiology of the cardiac and pulmonary systems and the mechanisms of homeostatic control for acid/base balance ventilation, gas transport, and circulation for patients of all ages.
- Demonstrate implementation, monitoring, troubleshooting, evaluation, and strategies for discontinuing select therapeutic modalities employed in respiratory therapy such as gas, humidity, bland and medicated aerosol therapies, passive hyperinflation, chest physiotherapy, postural drainage, airway clearance and management techniques, non-invasive and invasive ventilation strategies for patients of all ages.
- Demonstrate knowledge and application of concepts and techniques of patient assessment through inspection, palpation, percussion, and auscultation. The student will demonstrate proficiency in the patient interview and physical examination, arterial blood gas sampling and analysis, basic pulmonary and sleep diagnostics, electrocardiography, imaging, and laboratory diagnostic testing for patients of all ages.

- Demonstrate knowledge and application of the indications, contraindications, hazards, and routes of administration and correct dosages for all classes of respiratory drugs for patients of all ages.
- Demonstrate knowledge and application of the etiology, clinical manifestations, diagnostic and therapeutic of diseases and conditions of the cardiopulmonary patients of all ages.
- Demonstrate basic competencies in the sub-acute care setting.
- Identify the roles and responsibilities of respiratory therapists in alternate care sites (i.e., pulmonary and sleep diagnostics, rehabilitation, and homecare settings).

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.
  - GPA: 3.00 or equivalent in high school or 3.00 in college with minimum 10 credits; or 550 Battery Average on GED; or HiSET 45.
- Attendance in a Health Information Session or complete HLC 101 or FYE 102 with a grade of "C" or higher.
- Must show evidence of being compliant with the immunization requirements specified by the Massachusetts Department of Public Health. Additional immunization requirements will be required for clinical experiences.
- Interview with Program Director.
- English: Placement into college level English.
- Mathematics: Placement into college level mathematics.
- Qualifying biology course must be taken within five years of application. Required grade must be earned within two attempts of taking and completing the course.
  - Biology: Minimum grade of "B" in high school biology or "C" in college level biology course (BIO 101 recommended). Will accept a "3" on High School Advanced Placement Biology Exam.
- TEAS Admission Requirement: Applicants must have taken the TEAS within the last five years of applying to the program
  - A qualifying composite score must be achieved within five years of application (scores from multiple tests cannot be combined).
  - To meet the TEAS admission requirement, applicants must achieve one of the following:
    - The TEAS admission requirement will be waived if the applicant has an advanced degree in science (i.e., BS, MS, or higher) - foreign degrees will meet this requirement for a TEAS waiver with an official translated transcript evaluated by a professional association, or has taken the SAT and received a combined score of 1100 or higher, or received a score of 21 or higher on the ACT on each of the ACT sections, **OR**
    - A composite TEAS score of 65% or higher, **OR**
    - A composite TEAS score between 61% and 64%, with

the following minimum GPA requirements (see table below):

TEAS Score	Overall QCC College Biology GPA (4 credit minimum)	Overall QCC College GPA (15 credit minimum)
64	3.0 or higher	3.0 or higher
63	3.1 or higher	3.1 or higher
62	3.2 or higher	3.2 or higher
61	3.3 or higher	3.3 or higher

### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Fingerprinting and drug testing may be required. Fingerprinting and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, fingerprinting and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

- Students should be aware that a prior or current history of a criminal or sexual offense may negatively impact the applicant's ability to obtain a limited work permit while a student in the program, and/or a license to practice within the Commonwealth of Massachusetts after graduation.

### Additional Cost

See the Program Fees (pg. 27).

- Students should anticipate additional expenses for uniforms/clinical wear, textbooks, parking fees at clinical sites, licensing examinations, CPR certification, health immunizations, physical exams, professional student membership, clinical make-up, and any required skills remediation.

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

- The QCC Respiratory Care program is deeply committed to diversity and fostering an inclusive environment that represents the diverse population of healthcare professionals. We value the uniqueness and potential of every learner and strive to create a culture of respect and equality, welcoming all students, including individuals with disabilities. We encourage students with disabilities to disclose their needs and seek accommodations to fully engage in our program. All disability-related conversations and requests are handled through a confidential process to protect the privacy of our students. After reviewing the Technical Performance Standards, students who have questions about accommodations should contact QCC Student Accessibility Services as soon as possible. Given the complexities of clinical-based programs, additional time may be needed to effectively implement accommodations.

- For more information, contact QCC Student Accessibility Services:
  - Phone: 508.854.4471
  - Email: SAS@qcc.mass.edu
  - Office Location: Room 246A, Administration Building, QCC Worcester (Main Campus)
  - Website: www.QCC.edu/SAS

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

- If an applicant holds the CRT credential awarded by the National Board for Respiratory Care or has completed courses at a CoARC accredited school of Respiratory Care, then the applicant may apply for advanced standing/credits toward a degree from QCC.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 51.0908.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

- The Quinsigamond Community College Respiratory Care program does not accept transfer students from other CoARC-accredited respiratory care programs for advanced placement. All students must complete the full course of study within QCC's program to ensure consistency in training and preparation.

### Additional Information

- Students accepted to the Respiratory Care program must:
  - Obtain Healthcare Provider Level BLS/CPR Certification prior to beginning the program.
  - Provide documentation of immunization currency and satisfactory health status and be cleared by August 15 of the respective year.
  - Maintain health insurance throughout their enrollment.
  - Provide annual TB test results.
- Courses in both Respiratory Care and Liberal Arts are required in the program curriculum. Respiratory Care courses include clinical experiences in area hospitals, rehabilitation/long-term care facilities and home care settings, as well as classroom study and laboratory practice on campus.
- All clinical experiences are under the supervision of QCC Respiratory Care faculty or clinical preceptors, and entrance into all clinical agencies will require a standardized school

uniform and identification nametag.

- All Respiratory Care students must:
  - Achieve a grade of “C” or higher in all program courses designated by RCP.
  - Achieve a grade of “C” or higher in BIO 111, BIO 112, and BIO 232.
  - Satisfy all course and program requirements, including regulations on conduct, professionalism, and attendance.
  - Demonstrate satisfactory performance in both the clinical and laboratory setting.
- Readmission is not guaranteed and is based on space availability and recommendation by faculty; review the readmission policy outlined in the QCC Handbook.
- Licensure by the Massachusetts Department of Public Health is required to work as a Respiratory Therapist within the Commonwealth of Massachusetts. For additional information on licensure, please visit [www.mass.gov/respiratory-care-licensing](http://www.mass.gov/respiratory-care-licensing).
- A Social Security Number is mandatory for all NBRC examinations.
- This program prepares students for further study at four-year colleges and universities.

**Program Email:** [respiratorycare@qcc.mass.edu](mailto:respiratorycare@qcc.mass.edu)

**Accreditation**

The Quinsigamond Community College Respiratory Care program is fully accredited by the Commission on Accreditation for Respiratory Care (CoARC), which can be contacted at: Commission on Accreditation for Respiratory Care | 264 Precision Boulevard, Telford, TN 37690 | 817.283.2835 | [www.coarc.com](http://www.coarc.com).

The Quinsigamond Community College Respiratory Care program, CoARC number 200037, awards an Associate in Science in Respiratory Care, and is located at the Quinsigamond Community College Healthcare and Workforce Development Center, 25 Federal St. Worcester MA, 01608, and is accredited by the Commission on Accreditation for Respiratory Care ([www.coarc.com](http://www.coarc.com)).

CoARC accredits respiratory therapy education programs in the United States. To achieve this end, it utilizes an “outcomes-based” process. Programmatic outcomes are performance indicators that reflect the extent to which the educational goals of the program are achieved and by which program effectiveness is documented.

Programmatic outcomes data reported on the **CoARC Programmatic website** include:

- 3-year period being reported;
- RRT Credentialing Success;
- Attrition;
- Job Placement;
- Overall Graduate Satisfaction;
- Overall Employer Satisfaction;
- Total Number of Program Enrollees;
- Total Number of Program Graduates;
- Maximum Annual Enrollment.

Additional information can be found on the **CoARC Website**.

Commission on Accreditation for Respiratory Care  
264 Precision Blvd

**Statistics**

**Program Outcomes:**

Program outcomes are defined as performance indicators that reflect the extent to which the purposes of the program are achieved and by which program effectiveness is documented. Program outcomes are measurable, consumer-oriented indexes designed to evaluate the degree to which the program is achieving its mission and goals. Examples include, but are not limited to, program completion rates, licensure/certification examination pass rates, and job placement rates.

**Program Statistics:**

Exam Pass Rates (TMC and CSE):

<b>TMC High Cut Score (Therapist Multiple Choice Exam) Pass Rates</b>				
<b>Grad. Year</b>	<b>Grads Tested</b>	<b>Total Passing (%)</b>	<b>First Time Passing (%)</b>	<b>Passing Repeaters</b>
2017	7	7 (100%)	5 (71%)	2 (29%)
2018	10	10 (100%)	10 (100%)	0 (0%)
2019	5	5 (100%)	5 (100%)	0 (0%)
2020	9	9 (100%)	8 (88.9%)	1 (11.1%)
2021	4	4 (100%)	4 (100%)	0 (0%)
2022	5	5 (100%)	5 (100%)	0 (0%)
2023	6	5 (83.3%)	4 (66.7%)	1 (16.7%)

<b>CSE (Clinical Simulation Exam) Pass Rates</b>				
<b>Grad. Year</b>	<b>Grads Tested</b>	<b>Total Passing (%)</b>	<b>First Time Passing (%)</b>	<b>Passing Repeaters</b>
2017	5	4 (80%)	N/A	N/A
2018	10	9 (90%)	7 (70%)	2 (20%)
2019	5	5 (100%)	5 (100%)	0 (0%)

**CSE (Clinical Simulation Exam) Pass Rates**

Year	Grads	Employed	Job Placement (%)	Grads	Employed	Job Placement (%)
2020	9	9 (100%)	8 (88.9%)	1 (11.1%)		
2021	4	4 (100%)	4 (100%)	0 (0%)		
2022	5	5 (100%)	4 (80%)	1 (20%)		
2023	5	4 (80%)	1 (20%)	3 (60%)		

## Credential Earned (RRT):

- The QCC Respiratory Care program received the CoARC Distinguished RRT Credentialing Success Award in 2020 and 2021 for meeting or exceeding accreditation thresholds and having a 90% or higher on students achieving the RRT credential (three-year average).

**RRT Credential Earned**

Grad. Year	Grads	RRT Credential Earned
2017	7	6 (86%)
2018	10	9 (90%)
2019	5	5 (100%)
2020	9	9 (100%)
2021	4	4 (100%)
2022	5	5 (100%)
2023	6	4 (67%)

## Job Placement:

- 100% of QCC Respiratory Care program graduates are able to secure a full-time job placement within six months of graduation.

**Graduate Job Placement**

Grad. Year	Grads	Employed	Job Placement (%)
2017	7	7	100%
2018	9	9	100%
2019	5	5	100%
2020	10	10	100%
2021	4	4	100%

## Graduate Satisfaction:

- 100% of QCC Respiratory Care program graduates from the graduating classes from 2017 to 2021 were satisfied with the program and felt that they were prepared to enter the workforce as a Respiratory Therapist by rating the program a "3" or higher on a 5-point Likert Scale.

**Graduate Satisfaction**

Grad. Year	Grads	Employed	Job Placement (%)
2017	7	7	100%
2018	9	9	100%
2019	5	5	100%
2020	10	10	100%
2021	4	4	100%

## Employer Satisfaction:

- 100% of employers surveyed were satisfied with students graduating from the QCC Respiratory Care program and felt that they were adequately prepared to enter the workforce as a Respiratory Therapist by scoring a "3" or higher on a 5-point Likert Scale.

**Employer Satisfaction**

Grad. Year	Grads	Employed	Positive Survey Items (%)
2017	7	7	100%
2018	9	9	100%
2019	5	5	100%
2020	10	10	100%
2021	4	4	100%

## ASSOCIATE IN SCIENCE - SUR

**Surgical Technology****Location**

- Some courses offered at QCC Worcester (Main Campus).
- Some courses offered at QCC at the Healthcare and Workforce Development Center in downtown Worcester.
- This program will require students to travel to clinical sites within the Worcester County area.

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Surgical Technology associate degree program is designed to prepare the beginning practitioner to possess the knowledge, skills, and abilities necessary to provide services in the operating room in the role of surgical technologist as part of the surgical team. Instruction includes components of the basic sciences, operating room policies and procedures, safe patient care, operating room techniques, surgical procedures, and clinical practice.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Correlate the knowledge of anatomy, physiology, pathophysiology, and microbiology to their role as a surgical technologist.
- Demonstrate a safe level of practice and knowledge in their role as a surgical technologist.
- Identify the purpose and principles for maintaining environmental control in the operating room suite.
- Identify the various classifications of surgical armamentarium, including instrumentation, sutures, and equipment used during the perioperative experience.
- Acquire an understanding of the ethical, legal, moral, and medical values related to the patient and the operating room team during the perioperative experience.
- Identify the elements, actions, and use of medications and anesthetics used during the perioperative experience.
- Demonstrate knowledge and utilize relevant medical terminology.
- Demonstrate safe practice techniques in regards to perioperative routines, patient transportation, positioning, and emergency procedures.
- Demonstrate and integrate principles of surgical asepsis as part of the perioperative experience.
- Carry out the principles and techniques of medical asepsis as part of the perioperative experience.
- Communicate effectively using both written and oral formats.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.
- Attendance at a Health Information Session or complete HLC 101 (previously known as FYE 102) with a grade of "C" or higher.
- Must show evidence of being compliant with the immunization requirements specified by the Massachusetts Department of Public Health. Additional immunization requirements will be required for clinical experiences.
- TEAS Admission Requirement: Applicants must have taken the TEAS within the last five years of applying to the program.
  - A qualifying composite score must be achieved in no more than three attempts within a rolling three-year period (scores from multiple tests cannot be combined).
  - To meet the TEAS admission requirement, applicants must achieve one of the following:
    - A composite TEAS score of 60% or higher **OR**
    - A composite TEAS score between 56% and 59%, with the following minimum GPA requirements (see table below):

TEAS Score	Overall QCC College Biology GPA (4 credit minimum)	Overall QCC College GPA (15 credit minimum)
59	2.7 or higher	2.7 or higher
58	2.8 or higher	2.8 or higher
57	2.9 or higher	2.9 or higher
56	3.0 or higher	3.0 or higher

**Program Retention / Progression Requirements:**

To be eligible to continue in the program, students must:

- Achieve a grade of "C" or higher in all program courses designated by ALH and SUR.
- Achieve a grade of "C" or higher in BIO 111 and BIO 112.
- Maintain documentation of current Healthcare Provider Level BLS/CPR Certification.
- Maintain documentation of immunization currency and satisfactory health status.
- Maintain documentation of annual TB testing.
- Maintain documentation of health insurance.

**Program Readmission Requirements:**

There is a one-time readmission policy for the program.

- Readmission is not guaranteed and is always based upon space availability. See the QCC Student Handbook and Program Student Handbook for the complete readmission procedure.
- Students who did not earn a grade of “C” or higher in SUR 131 need to re-apply to the program through the Admissions Office. Students should contact the Program Coordinator as soon as they receive the notification of being placed on the waitlist (by April 15) to discuss readmission.
- Students who did not earn a grade of “C” or higher in any other SUR course should contact the Program Coordinator by April 15 to discuss readmission.
- Students who have been dismissed or administratively withdrawn from a program within the School of Healthcare at Quinsigamond Community College for reasons of “clinically unsafe practice/behavior” or who violate the College’s Student Code of Conduct or Policy on Affirmative Action are not eligible for admission/readmission to any Healthcare program.

**Program Graduation Requirements:**

Students must satisfy all course and program requirements, including regulations related to attendance and conduct, in order to be eligible for graduation.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI), Sex Offender Registry Information (SORI), and National Background checks are required in the program, either annually or every semester. Fingerprinting and drug testing may be required. Fingerprinting and drug testing results must meet clinical requirements. An issue with CORI/SORI, National Background, fingerprinting and/or drug testing could prevent a student from participating in a clinical/field rotation, which could result in dismissal from the program.

**Additional Cost**

See the Program Fees (pg. 27).

- Students should anticipate additional expenses for textbooks, credentialing exams (TEAS, NBSTA), transportation, medical uniforms (scrubs for lab), shoes for clinical, ID badges/parking fees at clinical sites, CPR certification, immunizations/titers, and physical exams.

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

- The QCC Surgical Technology program is deeply committed to diversity and fostering an inclusive environment that represents the diverse population of healthcare professionals. We value the uniqueness and potential of every learner and strive to create a

culture of respect and equality, welcoming all students, including individuals with disabilities. We encourage students with disabilities to disclose their needs and seek accommodations to fully engage in our program. All disability-related conversations and requests are handled through a confidential process to protect the privacy of our students. After reviewing the Technical Performance Standards, students who have questions about accommodations should contact QCC Student Accessibility Services as soon as possible. Given the complexities of clinical-based programs, additional time may be needed to effectively implement accommodations.

- For more information, contact QCC Student Accessibility Services:
  - Phone: 508.854.4471
  - Email: SAS@qcc.mass.edu
  - Office Location: Room 246A, Administration Building, QCC Worcester (Main Campus)
  - Website: [www.QCC.edu/support/specialized-support/student-accessibility-services](http://www.QCC.edu/support/specialized-support/student-accessibility-services)

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

**Career Outlook**

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 51.0909.

**Transfer Articulations & Opportunities**

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

**Additional Information**

- Students that are graduates of the certificate program returning for the associate degree program should see the Program Coordinator.
- Students are responsible for their own transportation, making reliable transportation essential.
- Obtaining I.D. badges for some clinical sites will incur an extra cost for students.
- Students will also need to budget for parking fees at certain clinical sites.

**Program Email: [surgicaltechnology@qcc.mass.edu](mailto:surgicaltechnology@qcc.mass.edu)**

### Accreditation

The Quinsigamond Community College Surgical Technology program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP), upon the recommendation of the Accreditation Review Council on Education in Surgical Technology and Surgical Assisting (ARC/STSA). CAAHEP can be contacted at: Commission on Accreditation of Allied Health Education Programs | 727.210.2350 | [www.caahep.org](http://www.caahep.org). The Surgical Technology program was last accredited on May 20, 2011 by CAAHEP.

### Statistics

#### Program Outcomes:

Program outcomes are defined as performance indicators that reflect the extent to which the purposes of the program are achieved and by which program effectiveness is documented. Program outcomes are measurable, consumer-oriented indexes designed to evaluate the degree to which the program is achieving its mission and goals. Examples include, but are not limited to, program completion rates, licensure/certification examination pass rates, and job placement rates.

#### Program Statistics:

- OAE Pass Rate Posting Requirement Standard V.A.4. requires that the sponsoring institution (school) publish, maintain, and make accessible to the public on its website programmatic outcomes. The ARC/STSA requires that all CAAHEP-accredited surgical technology and surgical

assisting programs publish, at a minimum, the program's approved outcomes assessment examination pass rate results. The data published should be consistent with the most recent Annual Report filed with the ARC/STSA.

#### Surgical Technology Certification Exam Pass Rates:

- Expected Level of Achievement developed by QCC ST Faculty are that 80% of first-time test takers will successfully complete the Surgical Technology Certification exam.
  - 2021: QCC Results = 100%
  - 2022: QCC Results = 89%
  - 2023: QCC Results = 88%
  - 2024: QCC Results = 100%
  - 2025: QCC Results = 88%

#### Graduates Obtaining Jobs:

- Expected Level of Achievement developed by QCC ST Faculty are that 80% of responding graduates seeking employment are employed within one year of graduation.
  - 100% of responding graduates have obtained jobs

#### Graduate Satisfaction (as answered on Program Completion Survey):

- Question asked - "Am I prepared to enter the workforce as a Certified Surgical Technologist?"
  - 100% of the graduates responded "Yes" to the above statement

**CERTIFICATE - AAC****Advanced Automotive Certificate****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Automotive Technology

**Location**

- All courses offered at QCC at Burncoat (the QCC Automotive Technology Laboratory located at Burncoat High School in Worcester).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Advanced Automotive Certificate program is designed to prepare students to become professional automotive technicians and fill the need of area dealerships and independent repair facilities. The program trains students in the advanced areas of automotive repair to prepare students to become ASE Master Technicians. The program builds a foundation of knowledge allowing graduates to adapt to new technology and grow as an employee. The program also provides the opportunity to transfer to a bachelor's degree program in a related field of study.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Diagnose and repair automotive manual and automatic transmission/driveline systems.
- Diagnose and repair electronic power-train control systems.
- Diagnose and repair components of the electrical and electronic systems.
- Sit for the ASE Master Technician certification examinations.
- Adapt to new technology and service procedures as they are developed, and thus, build a professional foundation in all aspects of automotive systems and service techniques.
- Grow as an automotive technician, moving up the career ladder.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

- Enrollment in Automotive Technology programs is restricted to 20 full-time students per academic year on a first-come, first-served basis, beginning each Fall semester.

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HISET.
- Completion of the Ford Maintenance and Light Repair Certificate (Program Code: AMF) or equivalent.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

- Applicants should be aware that some employers may require CORI/SORI checks, fingerprinting, and drug testing as part of the hiring process.

**Additional Cost**

See the Program Fees (pg. 27).

- Students enrolled in AUT 299 may incur an additional expense for professional liability insurance.
- Students are responsible for the purchase of tools prior to employment.

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

**Career Outlook**

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 47.0604.

**Transfer Articulations & Opportunities**

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information

regarding transfer opportunities is available at [www.QCC.edu/](http://www.QCC.edu/) transfer.

### Additional Information

- Applicants should be aware that some employers may require CORI/SORI checks, fingerprinting, and drug testing as part of the hiring process.
- Applicants to this program must have a valid learner's permit and a driving record that is suitable for prospective employer's insurance requirements. A Request for Driving Record will be forwarded to the MA Department of Transportation on behalf of each student accepted to the program each Fall semester.
- Students should note that a valid driver's license will be required for employment in this field; individuals with

driving and/or legal infractions should be aware that their actions may impact their employability.

- Students may earn NC3: Multimeter Certification (EEDM504D).
- Students may earn credits from Subaru University by completing online training.

**Program Email: [autotech@qcc.mass.edu](mailto:autotech@qcc.mass.edu)**

ASSOCIATE IN APPLIED SCIENCE - AT

## Automotive Technology

### Connections

The following program(s) have connections that can be completed alongside or applied to this program:

- Advanced Automotive Certificate
- Automotive Technology - Ford Maintenance and Light Repair Certificate

### Location

- Some courses offered at QCC Worcester (Main Campus).
- Some courses offered at QCC at Burncoat (the QCC Automotive Technology Laboratory located at Burncoat High School in Worcester).

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The Automotive Technology associate degree program is designed to prepare students to become professional automotive technicians and fill the need of area dealerships and independent repair facilities. The program trains students in all eight areas of automotive repair to prepare students to become ASE Master Technicians. The program builds a foundation of knowledge allowing graduates to adapt to new technology and grow as an employee. The program also provides the opportunity to transfer to a bachelor's degree program in a related field of study.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Diagnose and repair components of the electrical and electronic systems.
- Diagnose and repair automotive engine and power transmission systems.
- Diagnose and repair components of the steering and suspension systems.
- Diagnose and repair components of hydraulic and anti-lock brake systems.
- Diagnose and repair components of the climate control system.
- Diagnose and repair electronic power-train control systems.
- Sit for the ASE Master Technician certification examinations.
- Adapt to new technology and service procedures as they are developed, and thus, build a professional foundation in all aspects of automotive systems and service techniques.

- Grow as an automotive technician, moving up the career ladder.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

- Enrollment in Automotive Technology programs is restricted to 20 full-time students per academic year on a first-come, first-served basis, beginning each Fall semester.

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HISET.

### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

- Applicants should be aware that some employers may require CORI/SORI checks, fingerprinting, and drug testing as part of the hiring process.

### Additional Cost

See the Program Fees (pg. 27).

- Students enrolled in AUT 299 may incur an additional expense for professional liability insurance.
- Students are responsible for the purchase of tools prior to enrollment in AUT 299 and/or employment.

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook

- Students may earn credits from Subaru University by completing online training.

**Program Email: [autotech@qcc.mass.edu](mailto:autotech@qcc.mass.edu)**

**CERTIFICATE - HVAC****Heating Ventilation Air Conditioning Certificate****Location**

- All courses offered at Worcester Technical High School (evenings only).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The QCC HVAC/R program will provide successful graduates with the skills needed to enter the HVAC/R field as an entry-level technician who can install, maintain, and repair a wide variety of HVAC/R equipment. Graduates of the QCC Heating Ventilation Air Conditioning Certificate will also possess the knowledge, skills, and abilities that will ensure the safe and energy-efficient operation of HVAC/R equipment.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Solder, braze, and flare copper tubing.
- Safely wire and install electrical circuits.
- Use electrical meters to make electrical measurements.
- Understand and interpret wiring schematics.
- Troubleshoot electrical problems.
- Evacuate, charge, and recover refrigerant from air conditioning and refrigeration systems.
- Troubleshoot air conditioning and refrigeration systems.
- Troubleshoot heating systems.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

**Additional Cost**

See the Program Fees (pg. 27).

- Laptop Computer: Students enrolled in any HVC course may be required to bring their own computer to class; contact the Program Coordinator for minimum hardware and software requirements.
- Hand Tools for Lab Use: Students enrolled in certain HVC courses may be required to purchase basic hand tools utilized in the laboratory; contact the Program Coordinator for a required tool list.

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. ## CERTIFICATE - UTC

**Utility Technology Certificate****Location**

- Some courses offered at QCC Worcester (Main Campus).
- Some courses offered at a utility training facility.

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Utility Technology Certificate is designed to prepare students for entry-level positions in the electrical, gas, and/or communications utility industry. The utility industry has forecast a strong need for technologically-literate employees in the next several years for positions, such as overhead and underground line workers, meter workers, substation maintenance personnel, gas workers, and communication workers. The program includes courses that provide students with an introduction to the utility industry. In addition, students will demonstrate their practiced and acquired skills learned in the classroom as well as field work experience with utility partners.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Develop the skills needed for the understanding of business office technology, operating systems functions, Internet technology, and productivity suites.
- Be aware of the requirements for employment and certifications needed to compete for employment in the utility industry.
- Be introduced to the basic principles of utility installations, including basic theory of electric, gas, and communications.
- Apply the concepts and methods of mathematics to solve problems.
- Develop critical thinking and reading, thesis development, organization and grammatical correctness, as well as evaluate, incorporate, and document sources from print, Internet, and a library database to support their writing.
- Continue to gain knowledge of the principles of utility work methods along with government regulation and facility installations.
- Gain an understanding of OSHA regulations that guide this industry, and obtain OSHA certification.
- Gain an introductory understanding of basic scientific principles.
- Apply their knowledge in the field with hands-on work experience, and demonstrate industry work methods and safe work practices.

**Admissions Process**

Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

- CORI/SORI checks and fingerprinting may be required by utility employers. Drug testing will very likely be performed by prospective employers. Additionally, serious driving infractions will affect an individual's employability.

**Additional Cost**

See the Program Fees (pg. 27).

- Cooperative work experience participants will be expected to wear protective boots (with steel or composite toes and an EH rating) at the utility training site (approximately \$100.00-\$200.00).

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

**Career Outlook**

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 47.0103.

**Additional Information**

- Students are advised to enroll in all Semester 1 courses in the Fall semester in order to progress to Semester 2.
- Students should enroll in all Semester 2 courses in order to complete the program in one academic year.
- Individuals seeking employment with utility companies

must also meet employer-specific hiring requirements; this may include CORI/SORI checks, fingerprinting, and drug testing.

- Applicants to this program must have a valid learner's permit and a driving record that is suitable for prospective employer's insurance requirements. A Request for Driving Record will be forwarded to the MA Department of Transportation on behalf of each student accepted to the program each Fall semester.
- Students should note that a valid driver's license will be required for employment in this field; individuals with driving and/or legal infractions should be aware that their actions may impact their employability.

**Program Email: [eut@qcc.mass.edu](mailto:eut@qcc.mass.edu)**

## ASSOCIATE IN ARTS - GS

**General Studies****Location**

- All courses offered at QCC Worcester (Main Campus).
- Some courses offered at QCC Southbridge.

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The QCC General Studies associate degree program includes the following Program Goals:

- To provide a comprehensive, responsive, directed academic experience which helps students identify educational and career choices, develop individualized career plans, and implement career pathways leading to further education or careers.
- To meet the academic needs of QCC career programs, four-year institutions, and area employers.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Identify and explore their educational and career choices.
- Write and speak effectively.
- Engage in a reflective process of information discovery, articulate the value of information and its cycle of development, and participate responsibly in communities of learning.
- Apply the concepts and methods of mathematics to solve problems.
- Relate scientific methods of inquiry to the acquisition of knowledge.
- Utilize computer and emerging technologies effectively.
- Appreciate the variety of human experiences as expressed through the arts.
- Demonstrate knowledge and appreciation of diverse cultures.
- Assess their own ethical values and recognize ethical issues in a variety of contexts.
- Demonstrate knowledge and appreciation of the behavioral sciences.
- Reflect on the impact of technological advances on the individual, society, and the environment.
- Develop civic knowledge, skills, and dispositions through learning and practice.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HISET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

**Additional Cost**

See the Program Fees (pg. 27).

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

**Career Outlook**

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 24.0102.

**Transfer Articulations & Opportunities**

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

## ASSOCIATE IN ARTS - GSDS

**General Studies - Deaf Studies Option****Location**

- Some courses offered at QCC Worcester (Main Campus).
- Some laboratory courses offered at local laboratory facilities.

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The General Studies - Deaf Studies Option prepares students to have the necessary communication skills and cultural knowledge to work with deaf and hard of hearing individuals. Through practicum participation and other course related research, students explore career opportunities in the deaf community.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Transfer to a four-year college to continue in the area of deaf studies.
- Transfer to an interpreter training program.
- Work in a program serving deaf and hard of hearing individuals.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are required. Fingerprinting and drug testing are not required.

**Additional Cost**

See the Program Fees (pg. 27).

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. ## ASSOCIATE IN ARTS - LA

**Liberal Arts****Location**

- All courses offered at QCC Worcester (Main Campus).
- Some courses offered at QCC Southbridge.

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The QCC Liberal Arts associate degree program includes the following Program Goals:

- Provide a well-rounded foundational education in the liberal arts disciplines, defined as fine arts and humanities, mathematics, natural sciences, and social sciences.
- Foster and hone high-level communication and critical reasoning skills, vital for success in a bachelor's degree program or professional career.
- Provide the broad-based intercultural and interdisciplinary learning for flourishing in the globalized, knowledge-driven, and increasingly diverse society and economy of the 21<sup>st</sup> century.
- Instill the life-long orientation to learning that a continuously-evolving global society will require for sustained success.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Demonstrate the capacity to make well-reasoned ethical and aesthetic judgments by calling upon the discursive, expressive, and interpretive skills honed and developed in the humanities and fine arts.
- Apply the concepts and methods of mathematics to solve problems, and demonstrate quantitative reasoning in a variety of disciplines.
- Demonstrate knowledge of the scientific process and basic scientific principles, and apply the scientific method to complex problems in the natural sciences.
- Demonstrate understanding of the development, diversity, and complexity of human behavior in society and culture, and the methodologies used in the social and behavioral sciences.
- Demonstrate high-level communication skills (verbal, written, graphic, and numerical) across the full span of the liberal arts disciplines.
- Apply critical reasoning skills, drawing upon interdisciplinary approaches, to analyze and solve complex problems.
- Demonstrate the ability to use interlibrary catalog/loan systems and electronic databases and to distinguish

between reliable and non-reliable sources, whether print, cinematic, televisual, or web.

- Demonstrate the multiple perspectives that derive from knowledge and awareness of cultures and cultural practices (one's own and others').

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

*ASSOCIATE IN ARTS - LAEN***Liberal Arts - English Option****Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The QCC Liberal Arts - English Option associate degree program includes the following Program Goals:

- Provide foundational courses in English literature required by four-year colleges and universities, enabling students to transfer to a bachelor's degree program as juniors in English and/or a related field, such as creative writing, fine arts, communication/journalism, liberal arts or cultural studies.
- Introduce students to the liberal arts disciplines, defined as fine arts, humanities, mathematics, natural sciences, and social and behavioral sciences.
- Develop students' communication and critical reasoning skills, vital for success in a bachelor's degree program or professional career.
- Enhance students' understanding and appreciation of a broad range of issues and ideas in both western and non-western art and literature through an intercultural and interdisciplinary approach to teaching.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Utilize the broad-based liberal arts curriculum in the fine arts, humanities, mathematics, natural sciences, and social and behavioral sciences to develop a historical perspective on the world.
- Demonstrate familiarity with major writers and historical events that have shaped major literary movements and traditions.
- Analyze primary sources in their historical context.
- Demonstrate familiarity with different literary genres.
- Understand major critical theories and demonstrate the ability to apply them to analysis and interpretation of texts.
- Evaluate, analyze and synthesize material from primary and secondary sources.
- Demonstrate the ability to use library databases to conduct research and to distinguish between reliable and unreliable sources in various media.

- Demonstrate high level communication skills, both oral and written, and use knowledge of audience, purpose and genre to produce effective writing.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 54.0101.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

**Program Email: [historydepartment@qcc.mass.edu](mailto:historydepartment@qcc.mass.edu)**

*ASSOCIATE IN ARTS - LAMC***Liberal Arts - Media Communications Option****Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The QCC Liberal Arts - Media Communications Option associate degree program includes the following Program Goals:

- Provide foundational courses in media communications required by four-year colleges and universities, enabling students to transfer to a bachelor's degree program as juniors in media communications/journalism and/or a related field.
- Introduce students to the liberal arts disciplines, defined as fine arts, humanities, mathematics, natural sciences, and social and behavioral sciences.
- Develop students' communication and critical reasoning skills, vital for success in a bachelor's degree program or professional career.
- Enhance students' understanding and appreciation of a broad range of issues and ideas through an intercultural and interdisciplinary approach to teaching.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Utilize the broad-based liberal arts curriculum in the fine arts, humanities, mathematics, natural sciences, and social and behavioral sciences to support a foundation in human communication.
- Analyze basic theories and principles of human communication sufficient to demonstrate a basic knowledge of significant periods, events, and ideas in the past that have shaped different concepts and perspectives.
- Explain general structures, practices, power and impact of mass communication, including various forms of the media.
- Write news stories, documentaries, public service announcements, editorials, features, reviews and/or related formats, following journalistic writing style, such as AP (Associated Press).
- Edit and layout pages of printed newspaper or other printed media.
- Collect, categorize, assess and evaluate content (print, video, images, sounds) from various sources and

attribute to identifiable, credible sources.

- Demonstrate the capacity to make well-reasoned ethical and aesthetic judgments, by calling upon the discursive, expressive, and interpretative skills honed and developed in the humanities and fine arts.
- Apply the concepts and methods of mathematics to solve problems, and demonstrate quantitative reasoning in a variety of disciplines.
- Demonstrate knowledge of the scientific process and basic scientific principles, and apply the scientific method to complex problems in the natural sciences.
- Demonstrate understanding of the development, diversity, and complexity of human behavior in society and culture, and the methodologies to do so in the social and behavioral sciences.
- Demonstrate high-level communication skills (verbal, written, graphic, and numerical) across the full span of the liberal arts disciplines.
- Apply critical reasoning skills, drawing upon interdisciplinary approaches, to analyze and solve complex problems.
- Demonstrate the ability to use interlibrary catalog/loan systems and electronic databases, and to distinguish between reliable and non-reliable sources, whether print, cinematic, televisual, or web.
- Demonstrate the multiple perspectives that derive from knowledge and awareness of cultures and cultural practices (one's own and others').
- Present formal and informal speeches or deliveries.
- Demonstrate currency in journalism and the convergence of various types of media.
- Perform basic interviewing techniques.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

**Additional Cost**

See the Program Fees (pg. 27).

## ASSOCIATE IN ARTS - LAMU

**Liberal Arts - Music Option****Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The QCC Liberal Arts - Music Option associate degree program includes the following Program Goals:

- Prepare students to transfer to a four-year college or university, or entry-level work requiring communication and critical thinking skills.
- Provide a foundational education comprised of the humanities, social sciences, and mathematics, with a concentration in music knowledge, skill, and a solid base of musical proficiency.
- To attract to the college experience students with a strong interest in music whom might otherwise never attend college.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Demonstrate fundamental musicianship.
- Demonstrate and apply music theory and composition.
- Identify historical perspectives of music, including styles and nationality, and interpret the underlying meanings of music from historical perspectives.
- Distinguish melodic and rhythmic intervals and demonstrate this through musical dictation.
- Create, analyze, and understand the aesthetic value of musical works.
- Demonstrate musical proficiency in his or her chosen instrument.
- Demonstrate a broad range of knowledge, skill, and abilities for interpreting the human experience via the arts and humanities, mathematics and natural sciences, and the social and behavioral sciences.
- Appreciate and contribute to the history of diverse human cultural experience and develop a global perspective for interpreting and evaluating it.
- Use rich, descriptive language and logical, coherent structure to convey ideas effectively in multiple modes of communication - speaking, reading, writing, and listening.
- Acquire, analyze, organize, and utilize data to determine appropriate solutions to myriad work/life/personal challenges.
- Develop a life path that develops self-actualization, adapts to change, and recognizes the value of life-long learning.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

## ASSOCIATE IN ARTS - LOPY

**Liberal Arts - Psychology Option****Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Liberal Arts - Psychology Option prepares students for transfer to four-year colleges and universities at which they can continue their education in the field of psychology.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Demonstrate familiarity with the major concepts, theoretical perspectives, empirical findings, and historical trends in psychology.
- Understand and apply basic research methods in psychology, including research design, data analysis and interpretation.
- Respect and use critical and creative thinking, skeptical inquiry, and, when possible, the scientific approach to solve problems related to behavior and mental processes.
- Understand and apply psychological principles to personal, social, and organizational issues.
- Weigh evidence, tolerate ambiguity, act ethically and reflect other values that are the underpinnings of psychology as a discipline.
- Acquire, analyze, organize, and utilize data to determine appropriate solutions to myriad work/life/personal challenges.
- Demonstrate comprehensive scientific, mathematical and computer/technological competencies.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

## ASSOCIATE IN ARTS - LASO

**Liberal Arts - Sociology Option****Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The QCC Liberal Arts - Sociology Option associate degree program includes the following Program Goals:

- Provide a curriculum with an emphasis on courses that students will need to seamlessly transfer to a bachelor's degree program in sociology or a pre-professional field.
- Provide a well-rounded foundational education in the liberal arts disciplines, defined as fine arts, humanities, mathematics, natural sciences, and social and behavioral sciences.
- Foster and hone high-level communication and critical reasoning skills, vital for success in a bachelor's degree program or professional career.
- Develop critical thinking and/or observation skills, and apply them to the analysis of problems or questions related to society.
- Enhance students' understanding and appreciation of a broad range of issues and ideas in both western and non-western societies and cultures through an intercultural and interdisciplinary approach to teaching.
- Instill the life-long orientation to broad-based intercultural and interdisciplinary learning required for sustained success in the globalized, knowledge-driven, and increasingly diverse society and economy of the 21<sup>st</sup> century.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Utilize the broad-based liberal arts curriculum in the fine arts, humanities, mathematics, natural sciences, and social and behavioral sciences to develop a sociological perspective on the world.
- Identify, differentiate among, and apply a variety of sociological theories.
- Identify, compare and contrast, and apply methods of sociological research.
- Demonstrate knowledge and comprehension of the sociocultural processes and structures that shape social interaction.

- Contextualize themselves and their social interactions as socially constructed and subject to change over time.
- Identify key patterns of social stratification and inequality, their operation and consequences.
- Demonstrate the capacity to make well-reasoned ethical and aesthetic judgments, by calling upon the discursive, expressive, and interpretative skills honed and developed in the humanities and fine arts.
- Apply the concepts and methods of mathematics to solve problems, and demonstrate quantitative reasoning in a variety of disciplines.
- Demonstrate knowledge of the scientific process and basic scientific principles, and apply the scientific method to complex problems in the natural sciences.
- Demonstrate understanding of the development, diversity, and complexity of human behavior in society and culture, and the methodologies to do so in the social and behavioral sciences.
- Demonstrate high-level communication skills (verbal, written, graphic, and numerical) across the full span of the liberal arts disciplines.
- Apply critical reasoning skills, drawing upon interdisciplinary approaches, to analyze and solve complex problems.
- Demonstrate the ability to use interlibrary catalog/loan systems and electronic databases and to distinguish between reliable and non-reliable sources, whether print, cinematic, televisual, or web.
- Demonstrate the multiple perspectives that derive from knowledge and awareness of cultures and cultural practices (one's own and others').

**Admissions Process**

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 45.1101.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

**Program Email: [bthomas@qcc.mass.edu](mailto:bthomas@qcc.mass.edu)**

## ASSOCIATE IN ARTS - LATH

**Liberal Arts - Theater Option****Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

Theater at QCC serves the Liberal Arts by providing a rigorous aesthetic, intellectual, and practical opportunity to explore the frontiers of learning and the formation of collaborative communities. The primary mode of study is the practice of theater, involving theoretical, historical, aesthetic and technical elements. The QCC Liberal Arts - Theater Option program is comprehensive in nature, and is designed to maximize opportunities for training that would transfer to four-year institutions for students interested in theater arts, or provide students with enough knowledge to enter the visual or performing arts workforce.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Obtain a fundamental understanding of the production process, including ticket sales, set design/construction, lights/sound, and marketing, front of house, props, costumes, and makeup/hair.
- Learn how to use their bodies as vessels for more complete and creative acting and character development; students will also learn tumbling, mask utilization, breathing techniques, and script analysis as it serves the physical life of the characters, as well as balance, physical/psychological extension, flexibility, stress/adaptive strategies, sensory acuity, and hand-to-hand combat.
- Learn the importance of breathing, alignment, dynamic tension, warm-up, range extension, pitch and stress work, resonance, vocal care and stamina, acting through the emotion, improving speech detail, International Phonetic Alphabet notation/pronunciation in varying contemporary and classical styles, and text analysis; students will study how “voice” can influence characterization and will also learn dialects.
- Gain familiarity with the art and practice of acting, both as an observer and a participant, including an introduction to the language, terms, and concepts of theater, as well as to the specific craft and technique work of the actor and the process by which actors work; students will learn to critically observe and evaluate theater performance: text and subtext, stage business,

blocking, character analysis, analyzing a script - dramaturgy, beats of action, methods of acting - want/objective-obstacle-action-conclusion, auditioning skills, play reports, post 1930 full-length plays (non-musicals, one-acts, or ten-minute plays), urgency scene (no speaking), oral history, as well as other skills.

- Learn how to manage a production from rehearsal to performance to striking the production on closing night, including pre-show techniques and efficiencies, call times, sound and light cues, costume changes, front of house coordination, recording blocking, and managing backstage; students will also learn Actors Equity Association rules of stage management.
- Learn to develop artistic perception, creative expression, and aesthetic valuing of the writer’s Creative Intent, and develop the ability to connect and apply what is learned in drama to other art forms, subjects, and careers; students will continue to learn theater terminology for the stage, acting, directing, and technical aspects of production through the literary management of the text, will learn writing/acting/script analysis, and will use personally-inspired stories to create scenes and possibly one-act plays, as well as cultural implications, staging effects, and oral interpretation.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

**Additional Cost**

See the Program Fees (pg. 27).

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

## CERTIFICATE - BI

**Biotechnology Technician Certificate****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- General Studies - Biotechnology Option

**Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Biotechnology Technician Certificate provides students with an overview of the science of biotechnology, as well as the technical skills necessary for employment in the industry.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Explain the fundamental scientific principles in the field of biotechnology.
- Work effectively and collaboratively in a laboratory setting, while collecting, analyzing and interpreting experimental data.
- Demonstrate the proper use of basic laboratory equipment, adhering to laboratory safety protocols.
- Recognize the importance of Good Manufacturing Practices (GMP) in the field of biomanufacturing.
- Apply mathematical principles to biotechnological concepts.
- Demonstrate clear and effective communication skills, including written, graphic, and numerical, with emphasis on documentation.
- Utilize scientific methodology and critical thinking to analyze and/or troubleshoot biotechnological issues.
- Demonstrate basic working knowledge of MS Windows and the use of computer technology for data analysis.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

## ASSOCIATE IN SCIENCE - ERG

**Engineering****Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Engineering associate degree program is a rigorous program that emphasizes mathematics and sciences; it prepares students for transfer to four-year colleges and universities, at which they can continue their education in all fields of engineering, life sciences, and sciences. The program strives to develop students' ability and awareness to think critically, solve problems, foster a strong sense of global community, and work wisely and creatively to better themselves and the world in which they live.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Apply knowledge of mathematics and science to introductory engineering principles.
- Use the scientific or design methods to conduct lab experiments or build prototypes.
- Apply engineering principles to design a system, component, or process to meet the requirements of a project.
- Work collaboratively to successfully complete engineering and design projects.
- Utilize the techniques, skills, and modern engineering tools necessary for engineering practice.
- Explore and identify a specific field of engineering for transfer to a four-year school.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

**Additional Cost**

See the Program Fees (pg. 27).

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

**Career Outlook**

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 14.0102.

**Transfer Articulations & Opportunities**

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

**Additional Information**

- It is strongly recommended that students interested in this program contact the Program Coordinator as early as possible in order to review degree requirements and make arrangements for any needed prerequisite courses.
- Students should note that some required courses carry a minimum prerequisite of MAT 124 or higher.
- Some transfer institutions may also require MAT 237 and MAT 243 prior to matriculation in their engineering bachelor's degree programs; students should discuss this with the Program Coordinator.
- Online coursework is typically not eligible for transfer credit at Worcester Polytechnic Institute (WPI). Students are advised to consult with their transfer institution(s) of choice for similar policies.

ASSOCIATE IN ARTS - GSBT

## General Studies - Biotechnology Option

### Connections

The following program(s) have connections that can be completed alongside or applied to this program:

- Biotechnology Technician Certificate

### Location

- All courses offered at QCC Worcester (Main Campus).

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The General Studies - Biotechnology Option provides students with a strong academic foundation in biotechnology and lab sciences. Graduates are prepared to enter the biotechnology workforce.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Explain the fundamental scientific principles in the field of biotechnology.
- Work effectively and collaboratively in a laboratory setting, while collecting, analyzing and interpreting experimental data.
- Demonstrate the proper use of basic laboratory equipment, adhering to laboratory safety protocols.
- Apply mathematical principles to biotechnological concepts.
- Recognize the importance of Good Manufacturing Practices (GMP) in the field of biomanufacturing.
- Demonstrate clear and effective communication skills, including written, graphic, and numerical, with emphasis on documentation.
- Utilize scientific methodology and critical thinking to analyze and/or troubleshoot biotechnological issues.
- Demonstrate knowledge and appreciation of the relative historical and cultural perspectives of society.
- Identify careers in biotechnology and utilize skills to seek employment, including job search databases and resume writing.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

### Additional Cost

See the Program Fees (pg. 27).

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 26.1201.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

### Program Email: [biotechnology@qcc.mass.edu](mailto:biotechnology@qcc.mass.edu)

ASSOCIATE IN ARTS - GSPH

## General Studies - Pre-Pharmacy Option

### Location

- All courses offered at QCC Worcester (Main Campus).

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The General Studies - Pre-Pharmacy Option provides students with the first two years of a strong academic foundation required for transfer directly to a Doctor of Pharmacy Program or to bachelor's degree programs in biology, chemistry, or biochemistry.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate the academic and technical skills necessary for admission to a four- or six-year pharmacy program.
- Demonstrate the ability to be an effective team member.
- Demonstrate effective written and verbal communication skills.
- Understand the fundamental scientific principles necessary for continuation in pharmacology or a related field.
- Demonstrate a high standard of math competency.
- Utilize critical thinking and scientific methodology.
- Demonstrate application of scientific knowledge to common pharmacy and biological sciences practices.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HISET.

### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

### Additional Cost

See the Program Fees (pg. 27).

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. ## ASSOCIATE IN ARTS - LABI

**Liberal Arts - Biology Option****Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Liberal Arts - Biology Option provides a curriculum with an emphasis on courses that the student will need to transfer to a bachelor's degree program in the biological sciences or a pre-professional field. This program also provides a well-rounded foundational education in the liberal arts disciplines, while fostering and honing high-level communication and critical reasoning skills, which are vital for success in a bachelor's degree program or professional career.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Demonstrate an understanding of general biology principles, including evolution and organismal diversity, cell structure and function, metabolism and enzyme function, cell reproduction and genetics.
- Explain how the chemical principles of matter and energy affect processes in biological systems.
- Employ the scientific method to investigate scientific principles, analyze and interpret data, and solve complex problems.
- Demonstrate proper use of basic laboratory equipment, adhering to laboratory safety protocols, as well as a technical proficiency in computer technology for data analysis.
- Apply mathematical reasoning to explore biological and chemical concepts, including data analysis using statistics, the correct composition and interpretation of graphs, and solution chemistry and calculations to support the preparation of reagents.
- Demonstrate clear and effective communication skills, including verbal, written, graphic, and numerical, with emphasis on the presentation of experimental results.
- Identify reliable sources of information for use in the formation and support of evidence-based arguments.
- Utilize the broad-based liberal arts curriculum to recognize the value of multiple perspectives needed to participate in a global society.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

**Additional Cost**

See the Program Fees (pg. 27).

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. ## ASSOCIATE IN ARTS - LACH

**Liberal Arts - Chemistry Option****Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The QCC Liberal Arts - Chemistry Option associate degree program includes the following Program Goals:

- Provide a curriculum with an emphasis on courses that the student will need to seamlessly transfer to a bachelor's degree program in chemistry or a pre-professional field.
- Provide a well-rounded foundational education in the liberal arts disciplines, defined as fine arts, humanities, mathematics, natural sciences, and social and behavioral sciences.
- Foster and hone high-level communication and critical reasoning skills, vital for success in a bachelor's degree program or professional career.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Demonstrate understanding of basic chemical principles, including relation of matter and energy, atomic structure, stoichiometry, chemical reactions, thermodynamics, and theory of bonding.
- Apply basic chemical principles to organic chemistry, including organic synthesis design and related lab skills.
- Incorporate the physics principles into the understanding of chemistry and apply chemical principles to biological systems.
- Employ the scientific method to investigate scientific principles, analyze and interpret data, and solve complex problems.
- Apply mathematical reasoning to explore chemical concepts, including data analysis using statistics and the correct composition and interpretation of graphs.
- Demonstrate proper use of basic laboratory equipment, adhering to laboratory safety protocols, as well as a technical proficiency in computer technology for data analysis.
- Demonstrate clear and effective communication skills, including verbal, written, graphic, and numerical, with emphasis on the presentation of experimental results.
- Utilize the broad-based liberal arts curriculum in the fine arts, humanities, mathematics, natural sciences, and social and behavioral sciences to examine the role of chemistry in society.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

**Additional Cost**

See the Program Fees (pg. 27).

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

**Career Outlook**

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 40.0501.

**Transfer Articulations & Opportunities**

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

- For the purpose of the articulation agreement with Worcester Polytechnic Institute (WPI):
  - It is required that students intending to pursue the Bachelor of Science degree in Biochemistry option at WPI also complete BIO 259, BIO 260, and BIO 262; students who have not completed these courses at the time of enrollment at WPI may be considered for initial admission to the Chemistry major, with the opportunity for eventual transition to Biochemistry.
  - For WPI, all non-Mathematics courses require grades of "B" or higher to transfer; Mathematics courses require grades of "B-" or higher.

**Program Email: [chemistry@qcc.mass.edu](mailto:chemistry@qcc.mass.edu)**

## ASSOCIATE IN ARTS - LAES

## Liberal Arts - Environmental Science Option

### Location

- All courses offered at QCC Worcester (Main Campus).

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The Liberal Arts - Environmental Science Option provides students with a strong academic foundation in the environmental, natural, and physical sciences. Graduates are prepared to transfer to a bachelor's degree program in the environmental field.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Evaluate human impact on the environment and be able to identify and explain local and global environmental issues to a diverse audience.
- Employ the scientific method to investigate scientific principles, analyze and interpret data, and solve complex problems.
- Demonstrate proper use of basic laboratory equipment, adhering to laboratory safety protocols, and use of computer technology for data analysis.
- Apply mathematical reasoning to explore environmental phenomenon, including data analysis using statistics, and the correct composition and interpretation of graphs.
- Demonstrate clear and effective communication skills, including verbal, written, graphic, and numerical, with emphasis on the presentation of experimental results.
- Identify reliable sources of information for use in the formation and support of evidence-based arguments.
- Utilize the broad-based liberal arts curriculum to recognize the value of multiple perspectives needed to participate in a global society.

### Admissions Process

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 03.0104.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

- For the purpose of the articulation agreement with UMass Lowell, students must receive a minimum grade of "C-" in all courses within the program for transferability to UMass Lowell.

ASSOCIATE IN ARTS - LAMT

## Liberal Arts - Mathematics Option

### Location

- All courses offered at QCC Worcester (Main Campus).

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The QCC Liberal Arts - Mathematics Option associate degree program includes the following Program Goals:

- Provide a well-rounded foundational education in the liberal arts disciplines, with an emphasis on courses enabling students to transfer to a bachelor's degree program in mathematics and/or a related field.
- Foster and hone high-level communication and critical reasoning skills vital for success in a bachelor's degree program or professional career.
- Provide the broad-based intercultural and interdisciplinary learning for flourishing in the globalized, knowledge-driven, and increasingly diverse society and economy of the 21<sup>st</sup> century.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Accurately communicate about mathematics to a variety of individuals and diverse groups of human beings.
- Possess a fundamental understanding of mathematical theory.
- Use technology to explore mathematical concepts.
- Develop critical thinking and mathematical methods for problem solving.
- Relate concepts and make connections that are inherent in mathematics.
- Be qualified to transfer to a four-year curriculum and be prepared to complete their bachelor's degree in two additional years.

### Admissions Process

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

### Additional Cost

See the Program Fees (pg. 27).

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 27.0101.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

## ASSOCIATE IN SCIENCE - CJ

**Criminal Justice****Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Criminal Justice associate degree program provides students with a broad academic background in the area of criminal justice and the opportunity to develop the skills needed for pursuing a public service career in policing, corrections, courts, probation, parole, federal agencies, the private sector, or transfer to a four-year institution.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Identify the various sources of law and recognize how the different components of the legal system operates to settle both criminal and civil conflicts.
- Explain the dimensions of crime and criminal behavior and the approaches to prevention and treatment.
- Summarize from a historical and systemic perspective criminal justice institutions (i.e., police, courts, corrections) and how they relate to each other.
- Articulate information clearly to a variety of audiences by means of oral presentation, written documents and reports, and graphs, charts, and tables.
- Examine the importance of diversity, culture, and ethical considerations that criminal justice professionals encounter in the workforce.
- Compare and contrast the operations and administration of the criminal justice system.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

**Additional Cost**

See the Program Fees (pg. 27).

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

- As required by the Massachusetts Department of Higher Education for the ongoing approval for participation in the Police Career Incentive Pay Program (PCIPP), also known as the “Quinn Bill Program”, the QCC Criminal Justice program has instituted a policy that:
  - Credit for prior learning options for this program are limited.
  - Students enrolled in this program may be able to earn academic credit for DANTES and CLEP Exams (6 credit maximum).
  - Only credit from a regionally accredited institution of higher education is transferrable to the QCC Criminal Justice program.
- Students who have successfully completed a Local Police Academy recognized by the Municipal Police Training Committee or a State Police Academy in Massachusetts may be awarded six (6) college credits towards the QCC Criminal Justice degree.
- The credits that will be awarded are as follows:
  - CRJ 111 Criminal Law (3 credits)
  - CRJ 231 Introduction to Policing (3 credits)
- Students who meet the criteria and wish to receive the credits towards their degree must submit proof of completion from the Local or State Police Academy. A certificate of completion from the academy must be certified and submitted directly from MPTC or the State Policy Academy Training Committee. The certificate can be sent to [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu).
- Note: Not all colleges and universities accept credits earned through a police academy. Students that are planning to transfer to another college or university should check with their transfer office to make certain that the institution accepts police academy credits.

## CERTIFICATE - DSC

**Direct Support Certificate****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Human Services

**Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Direct Support Certificate is designed for community support workers who work in programs funded by the Massachusetts Department of Developmental Services (DDS); it serves as a pathway for career development and advancement for non-degree workers in the field. Graduates are prepared to transfer into the Human Services associate degree program.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Understand the past, present and future of human services.
- Demonstrate the ability to effectively perform empathic listening, observation and interactional skills with individuals, groups, families and community.
- Utilize knowledge of formal and informal networks for individuals, families and groups within the developmental disabilities (DD) community of care.
- Understand and apply a specific set of skills designed for effective interaction and treatment for individuals with developmental disabilities.
- Identify, explain and apply the 12 National Community Support Skill Standards for human service delivery.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

- Students applying for the Direct Support Certificate are required to complete a program specific application in addition to the College admissions application.

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.
- Must be employed in a DDS funded agency for six months or longer.
- Must meet with the Direct Support Certificate Program Coordinator to complete additional application.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are required. Fingerprinting and drug testing are not required.

- CORI/SORI checks are required for all students before fieldwork/practicum placement; students should be aware that a court record, active or inactive, may prevent them from completing curriculum/fieldwork requirements.

**Additional Cost**

See the Program Fees (pg. 27).

- Registration for the practicum (HUS 143) includes a fee for liability/malpractice insurance.
- No additional fees outside of \$50.00/class.

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

- For students attending QCC for career development and that have 5-7 years of prior experience in the field of human services, a portfolio may be a viable option for prior learning credit.

**Career Outlook**

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 44.0000.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

- Employees can be public-provider or private-provider employed.
- The DDS can help with employment opportunities.

**Program Email: [smoriarty@qcc.mass.edu](mailto:smoriarty@qcc.mass.edu)**

### Additional Information

- The Department of Developmental Services (DDS) pays for this program; students pay only \$50.00 per class.

## ASSOCIATE IN SCIENCE - FS

**Fire Science****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Fire Science Certificate

**Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352).

**Program Goals**

The Fire Science associate degree program prepares students for a career or promotion within fire and emergency service organizations. Students are also prepared for careers in the private sector, which include fire investigation, fire engineering, suppression/alarm systems maintenance, emergency management and hazard analysis.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Demonstrate and use basic interpersonal, group and public communication skills.
- Formulate accurate and clearly written letters, memos, technical reports and business communications.
- Illustrate and relate the basics of mathematical models to fire and life safety.
- Summarize and restate basic theories and fundamentals of how and why fires start, spread and are controlled.
- Evaluate the components of building construction related to fire and life safety; including inspections, pre-incident planning and emergency operations.
- Compare and contrast and perform basic responsibilities of company officers, including supervision, delegation, problem solving, decision-making, communications, and leadership.
- Evaluate the laws, rules, regulations, and codes and those relevant to fire prevention of the authority having jurisdiction.
- Distinguish the benefits of fire protection systems in various types of structures.

**Admissions Process**

Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are not required. Fingerprinting and drug testing are not required.

**Additional Cost**

See the Program Fees (pg. 27).

- The Fire Science program does not have any additional costs. However, EMT 101 may require students to purchase some supplies. The EMT 101 course prepares students for the Massachusetts State Certification exam, and the cost of the state exam is the student's responsibility.

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

- Additionally, credit may be earned for courses taken at the Massachusetts Firefighting Academy or at Worcester Fire Academy or for EMT 101 for students with current EMT Basic, EMT Advanced, or EMT Paramedic certification.

**Career Outlook**

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 43.0202.

### Transfer Articulations & Opportunities

**Program Email: [firescience@qcc.mass.edu](mailto:firescience@qcc.mass.edu)**

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

### Additional Information

- This program is designed to align with the Fire and Emergency Services Higher Education (FESHE) Model for associate degree programs in Fire Science.
- QCC is recognized as a FESHE College by the National Fire Academy.

ASSOCIATE IN SCIENCE - HA

## Human Services

### Connections

The following program(s) have connections that can be completed alongside or applied to this program:

- Human Services Certificate
- Direct Support Certificate

### Location

- All courses offered at QCC Worcester (Main Campus).

### Ways to Take Classes

- QCC offers several ways to take classes (pg. 352).

### Program Goals

The Human Services associate degree program prepares students for a career as an entry-level human service practitioner; it also serves as a pathway for career development and advancement for non-degree workers in the field of human services. Graduates are prepared to transfer to a four-year program.

### Student Learning Outcomes

Upon completion of the program, graduates will be able to:

- Understand the past, present and future of human services.
- Demonstrate the ability to effectively perform empathic listening, observation and interactional skills with individuals, groups, families and community.
- Conduct intake interviews and provide a basic assessment of human needs.
- Apply core interpersonal skills within the helping relationship.
- Be prepared for group facilitation and participation.
- Utilize knowledge of formal and informal networks in the human services delivery system.
- Apply fundamental legal and ethical standards in providing client services and maintaining participant records.
- Advocate for participant's needs utilizing a strength-based, culturally-competent dynamic.
- Identify, explain and apply the 12 National Community Support Skill Standards for human service delivery.

### Admissions Process

Admissions inquiries should be directed to admissions@qcc.mass.edu. Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

### Program Admissions Requirements

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HiSET.

### CORI, SORI, Finger Printing & Drug Testing

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are required. Fingerprinting and drug testing are not required.

- CORI/SORI checks are required for all students before fieldwork/practicum placement; students should be aware that a court record, active or inactive, may prevent them from completing curriculum/fieldwork requirements. There are placements and careers in the field of human services that are still an option with a CORI history; however, each individual case will be reviewed upon acceptance and again prior to placement for the practicum with the appropriate agency to assure there is no misunderstanding about what is or is not possible due to CORI issues.

### Additional Cost

See the Program Fees (pg. 27).

- Registration for the practicums (HUS 243 and HUS 244) includes a fee for liability/malpractice insurance.

### Technical Performance Standards

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

### Credit for Prior Learning

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

- For students attending QCC for career development who have a minimum of five years of prior experience in the field of human services, a portfolio may be a viable option for prior learning credit. The greater the number of years in direct service, the higher the number of credits one may earn.

### Career Outlook

Please consult the Massachusetts Career Information System at <https://masscis.intocareers.org/> or the Occupational Outlook Handbook at [www.bls.gov/ooh/](http://www.bls.gov/ooh/) for specific occupational information. The CIP code for this program is 44.0000.

### Transfer Articulations & Opportunities

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

### Additional Information

- The Human Services Department Student Handbook has a grid outlining the order in which courses should be taken; it will provide the optimal order of courses if one is taking two, three, four, or five courses per semester. It is imperative that prerequisites be accomplished to prevent barriers to graduating in a timely manner, without loss of financial aid options.

**Program Email: [humanservices@qcc.mass.edu](mailto:humanservices@qcc.mass.edu)**

## CERTIFICATE - HS

**Human Services Certificate****Connections**

The following program(s) have connections that can be completed alongside or applied to this program:

- Human Services

**Location**

- All courses offered at QCC Worcester (Main Campus).

**Ways to Take Classes**

- QCC offers several ways to take classes (pg. 352)

**Program Goals**

The Human Services Certificate prepares students for entry-level career positions in a wide variety of human service occupations; it also serves as a pathway for career development and advancement for non-degree workers in the field. Graduates are prepared to transfer into the Human Services associate degree program.

**Student Learning Outcomes**

Upon completion of the program, graduates will be able to:

- Understand the past, present and future of human services.
- Demonstrate the ability to effectively perform empathic listening, observation and interactional skills with individuals, groups, families and community.
- Conduct intake interviews and provide a basic assessment of human needs.
- Apply core interpersonal skills within the helping relationship.
- Be prepared for group facilitation and participation.
- Utilize knowledge of formal and informal networks in the human services delivery system.
- Advocate for participant's needs utilizing a strength-based, culturally-competent dynamic.
- Identify, explain and apply the 12 National Community Support Skill Standards for human service delivery.

**Admissions Process**

Admissions inquiries should be directed to [admissions@qcc.mass.edu](mailto:admissions@qcc.mass.edu). Prospective students may apply to the program of their choice by following the enrollment steps at [www.QCC.edu/enrollment-steps](http://www.QCC.edu/enrollment-steps).

**Program Admissions Requirements**

Students should note that some first semester courses carry minimum prerequisites. Refer to the program grid.

- High School Diploma or GED/HISET.

**CORI, SORI, Finger Printing & Drug Testing**

Criminal Offender Record Information (CORI) and Sex Offender Registry Information (SORI) checks are required. Fingerprinting and drug testing are not required.

- CORI/SORI checks are required for all students before fieldwork/practicum placement; students should be aware that a court record, active or inactive, may prevent them from completing curriculum/fieldwork requirements. There are placements and careers in the field of human services that are still an option with a CORI history; however, each individual case will be reviewed upon acceptance and again prior to placement for the practicum with the appropriate agency to assure there is no misunderstanding about what is or is not possible due to CORI issues.

**Additional Cost**

See the Program Fees (pg. 27).

**Technical Performance Standards**

See the Technical Performance Standards (pg. 16). (Note: Not all programs have technical performance standards).

**Credit for Prior Learning**

Credit for Prior Learning (CPL) allows students to use skills they already have towards a college degree or certificate. Work, life, volunteer and military experience may be translated into credit, allowing students to take fewer classes and earn their degree faster. CPL eliminates redundancies for students who have already earned credentials or mastered skills required for their program of study. Email [experience@qcc.mass.edu](mailto:experience@qcc.mass.edu) for more information and eligibility.

- For students attending QCC for career development who have a minimum of five years of prior experience in the field of human services, a portfolio may be a viable option for prior learning credit. The greater the number of years in direct service, the higher the number of credits one may earn.

**Career Outlook**

Prospective students may learn more about transfer articulation agreements at [www.QCC.edu/agreements](http://www.QCC.edu/agreements). More information regarding transfer opportunities is available at [www.QCC.edu/transfer](http://www.QCC.edu/transfer).

## English as a Second Language (ESL) Course Offerings

Course Title	Course #	Offered	Credits	Prerequisites
English as a Second Language: Writing I	ESL 103	F/S	3	Non-native speaker of English, High School Diploma or GED and approp place score
English as a Second Language: Reading I	ESL 113	F/S	3	Non-native speaker of English, High School Diploma or GED and approp place score
English as a Second Language: Listening/ Speaking I	ESL 133	F/S	3	Non-native speaker of English, High School Diploma or GED and approp place score
		<b>Total</b>	<b>9</b>	
English as a Second Language: Writing II	ESL 104	F/S	3	Non-native speaker of English, High School Diploma or GED and ESL 103 passed with a grade of "C" or higher or approp place score
English as a Second Language: Reading II	ESL 114	F/S	3	Non-native speaker of English, High School Diploma or GED and ESL 113 passed with a grade of "C" or higher or approp place score
English as a Second Language: Listening/ Speaking II	ESL 134	F/S	3	Non-native speaker of English, High School Diploma or GED and ESL 133 passed with a grade of "C" or higher or approp place score
		<b>Total</b>	<b>9</b>	
English as a Second Language: Writing III	ESL 105	F/S	3	Non-native speaker of English, High School Diploma or GED and ESL 104 passed with a grade of "C" or higher or approp place score
English as a Second Language: Reading III	ESL 115	F/S	3	Non-native speaker of English, High School Diploma or GED and ESL 114 passed with a grade of "C" or higher or approp place score
English as a Second Language: Listening/ Speaking III	ESL 135	F/S	3	Non-native speaker of English, High School Diploma or GED and ESL 134 passed with a grade of "C" or higher or approp place score
		<b>Total</b>	<b>9</b>	
College English Transition	ESL 160	F/S	6	Non-native speaker of English, High School Diploma or equivalent and ESL 105 and ESL 115 or placement by ESL Coordinator (Coordinator will make decision by combination of CELSA score, Accuplacer Reading score, and a short writing sample)
		<b>Total</b>	<b>6</b>	
<b>Total Credits Required:</b>			<b>33</b>	

# Course Information

Quinsigamond Community College (QCC) offers three types of associate degrees, and the type of degree determines the minimum number of credits required in general education. The Associate in Applied Science degree requires a minimum of 16 credits in general education; the Associate in Science degree requires a minimum of 20 credits in general education; and the Associate in Arts degree requires a minimum of 33 credits in general education. These requirements are distributed across the disciplines of humanities, mathematics, science, and the social sciences. Actual distribution requirements will vary according to the demands of each program.

## General Education Student Learning Outcomes

General education at QCC provides students with the skills, knowledge, and perspectives that enable them to achieve their academic, professional, and personal goals. The following learning goals for general education are integrated into each associate degree program:

- **Civic Learning and Engagement** - Students will develop civic knowledge, skills and dispositions through learning and practice.
- **Communication Skills** - Students will read, write and speak effectively to build knowledge and convey meaning.
- **Information and Digital Literacy** - Students will engage in a reflective process of information discovery, use information responsibly and employ digital technologies to learn, communicate and collaborate.
- **Intercultural Knowledge and Competence** - Students will demonstrate intercultural knowledge within a variety of cultural contexts and with culturally different ideas and individuals.
- **Quantitative and Scientific Reasoning** - Students will apply concepts and methods of mathematics and science to acquire knowledge and solve problems.

## Types of Courses

The following types of courses are offered at QCC:

**College Level Courses:** College level courses are defined as all credit courses offered by the College except the developmental (pre-college level) courses.

**Developmental Courses:** Developmental courses are courses offered by the College to improve academic skills of students, enabling them to succeed in college level courses. The following developmental courses cannot be used to satisfy degree or certificate requirements:

CHM 090*	ENG 096*	MAT 090*
ENG 090*	ENG 097*	MAT 095
ENG 091*	ENG 099	MAT 097
ENG 092*	MAT 051	MAT 098*
ENG 093*	MAT 052	MAT 099*
ENG 095*	MAT 054	

**Interdisciplinary Courses:** Interdisciplinary courses are those courses which combine subject matter from more than one academic discipline. The interdisciplinary courses can also be used to satisfy a Liberal Arts Elective if they have an IDS designation in the course numbers.

## Types of Course Modalities

The following types of course modalities are offered at QCC:

**In-Person:** Course instruction is provided at a specific location on campus on a specific day and time. On the 'Course Offerings & Schedule,' terms that mean a class meets in-person include, but are not limited to, the following: Lecture, Lab, Clinic/Clinical, Honors Lecture, High School or High School Classroom, 7-week, and Emporium Method. These courses list a specific physical location where they are meeting.

**Online:** Students log in to Blackboard to review course content and assignments. There are no scheduled meeting times; work is completed based on course deadlines as set by the professor. On the 'Course Offerings & Schedule,' terms that mean a class is online include, but are not limited to, the following: Online, 7-week Online, and High School Online.

**Remote Blended:** Courses are held virtually at a specific day and time, using Zoom once a week (75 minutes). Additional coursework that meets course objectives is delivered asynchronously through Blackboard. These courses, in addition to the virtual class meeting, use various online tools that include, but are not limited to, discussion boards, assignments, testing, web links, videos, group work, journals, etc.

**In-Person Blended:** This type of course delivery includes a combination of both in-person and online instruction where students will meet with their instructor once a week in class (75 minutes) at a specific day and time on campus. Additional coursework is delivered asynchronously through Blackboard that meets course objectives. These courses, in addition to the in-person class, use various online tools that include, but are not limited to, discussion boards, assignments, testing, web links, videos, group work, journals, etc.

**7-week:** 7-week courses run in a compressed time and either meet more often to ensure adequate contact time or utilize other proven accelerated learning methods to replicate the required contact hours. Specialized accelerated learning cognitive methods may also be used. A 7-week course may be offered online, real time remote, or in a hybrid modality.

Please note that under certain circumstances, course modalities may need to be modified to ensure the safety of our campus community and/or the professor's ability to continue instruction and complete courses and academic semesters.

## Types of Electives

The following types of electives are offered at QCC:

**Electives:** Any college level course qualifies as an Elective; a student may enroll in any college level course for which he or she meets the prerequisite(s).

**Behavioral Science Electives:** Behavioral sciences involve seeking to discover general truths about human social behavior. Courses with the following designations are considered Behavioral Science Electives:

Anthropology (ANT)                      Sociology (SOC)  
Psychology (PSY)

**Business Electives:** Courses with the following designations are considered Business Electives:

Accounting (ACC)	Finance (FIN)
Bookkeeping (BKK)*	Hospitality & Recreation
Business (BUS)	Management (HRM)
Business Law (BSL)	Logistics (LOG)*
Business Office Support Specialist (BSS)	Management (MGT)
Computer Information Systems (CIS)	Manufacturing Technology (MNT)
Economics (ECO)	Marketing (MRK)

**Creative Arts Electives:** Courses with the following designations are considered Creative Arts Electives:

Art (ART)                                      Theater (THA)  
Music (MUS)

The following specific courses are also considered Creative Arts Electives:

ENG 202	ENG 204
ENG 203	ENG 209

**Foreign Language Electives:** Courses with the following designations are considered Foreign Language Electives. (Note: These course designations are also considered Multiple Perspectives Electives or Humanities Electives):

American Sign Language (ASL)	German (GER)*
French (FRC)	Spanish (SPN)

**Healthcare Electives:** Courses with the following designations are considered Healthcare Electives:

Allied Health (ALH)	Occupational Therapy (OTA)
Complementary Health (CHC)*	Paramedicine (MED)
Dental Assisting (DAS)	Practical Nursing Program (PNP)
Dental Hygiene (DHY)	Public Health (PHA)
Emergency Medical Technician (EMT)	Radiologic Technology (RDT)
Medical Support Specialist (MSS)	Respiratory Care (RCP)
Nurse Education (NUR)	Surgical Technology (SUR)

The following specific courses are also considered Healthcare Electives:

ASL 111	CIS 212	PSY 273
BIO 221*	IDS 101	SOC 211
BIO 232	IDS 215	SOS 260
BSS 112	PHI 131	SPN 113
CIS 111	PHY 103*	

**Humanities Electives:** The humanities courses present knowledge concerned with humanity and world culture: philosophy, literature, and the fine arts. These arts are distinguished from the sciences and are produced or intended primarily for beauty, not utility. Sculpture, painting, drawing, architecture, literature, drama, music, and dance are examples of such expressions. Courses with the following designations are considered Humanities Electives:

American Sign Language (ASL)	Humanities (HUM)
Art (ART)	Music (MUS)
Communication (COM)	Philosophy (PHI)
English (ENG)	Spanish (SPN)
French (FRC)	Speech (SPH)
German (GER)*	Theater (THA)

**Liberal Arts Electives:** The following types of Electives are also considered Liberal Arts Electives:

Behavioral Science Electives	Science Electives or Lab Science Electives
Humanities Electives	Social Science Electives
Mathematics Electives	

**Literature, Philosophy, or Language Electives:** Courses with the following designations are considered Literature, Philosophy, or Language Electives:

American Sign Language (ASL)	Humanities (HUM)
French (FRC)	Philosophy (PHI)
German (GER)*	Spanish (SPN)

The following specific courses are also considered Literature, Philosophy, or Language Electives:

ENG 200	ENG 232	ENG 256
ENG 210	ENG 241	ENG 259*
ENG 212*	ENG 242	ENG 260
ENG 215*	ENG 251	ENG 261*
ENG 231	ENG 252	ENG 262

**Literature Survey Electives:** The following specific courses are considered Literature Survey Electives:

ENG 231	ENG 242	ENG 261*
ENG 232	ENG 251	ENG 262
ENG 241	ENG 252	

**Mathematics Electives:** Any college level mathematics course (MAT 100 or above, except for MAT 103, MAT 111, MAT 112, MAT 147, and MAT 148) qualifies as a Mathematics Elective, except as designated by specific programs. Note that some programs may have specific recommendations

**Multiple Perspectives Electives:** Courses designated as Multiple Perspectives Electives involve the study of diversity of people with respect to culture (national origin, language, religion, and

ethnicity), gender, race, social class, age, sexual orientation, and ability. The study can be focused on diversity in America or global diversity in a non-Western context. The following specific courses are considered Multiple Perspectives Electives:

ANT 111 and ANT 221*	GER 212*
ART 260*	GRT 101
ASL 111, ASL 112, ASL 113, ASL 114, ASL 200, ASL 211, ASL 212, and ASL 215*	HST 104, HST 105, HST 106, HST 133, HST 152*, HST 157*, HST 203, HST 204, HST 205, HST 215*, HST 216, and HST 241*
BIO 141*	HUM 147* and HUM 211
CHC 151*, CHC 250*, and CHC 255*	HUS 221
COM 101 and COM 102	IDS 101 and IDS 141*
CRJ 110	MUS 121
CUL 143	PHA 102
ECE 133*	PHI 121*, PHI 123*, and PHI 201*
ENG 231, ENG 232, ENG 256, ENG 261*, and ENG 262	PSY 142
FRC 111, FRC 112, FRC 211*, and FRC 212*	SOC 111, SOC 201, SOC 211, SOC 215, and SOC 220*
GEO 210	SPN 111, SPN 112, SPN 211*, and SPN 212*
GER 111*, GER 112*, GER 211*, and	

**Science Electives or Lab Science Electives:** These courses present systematized knowledge derived from observation, study, and experimentation. Electives that are specifically designated as Science Electives do not require a lab; however, a science course with a lab will also fulfill the requirement. Electives that are specifically designated as Lab Science Electives require a science course that includes a lab (4 credits). Courses with the following designations are considered Science Electives (3 credits) or Lab Science Electives (4 credits):

Biology** (BIO)	Physics (PHY)
Biotechnology (BTT)	Science (SCI)
Chemistry (CHM)	

**Social Science Electives:** All the social sciences are concerned with the study of people and their behavior, both individually and as a member of groups, nations, cultures, and societies. Courses with the following designations are considered Social Science Electives:

Anthropology (ANT)	Political Science (PSC)
Economics (ECO)	Psychology (PSY)
Geography (GEO)	Social Science (SOS)
History (HST)	Sociology (SOC)

**Social Science Foundational Electives:** The following specific courses are considered Social Science Foundational Electives:

ANT 111	ECO 216	PSY 101
ANT 221*	GEO 210	SOC 101
ECO 215	PSC 201	

**Technology Career Electives:** Courses with the following designations are considered Technology Career Electives:

Computer Information Systems (CIS)  
 Computer Science (CSC)  
 Computer Systems Engineering Technology (CST)  
 Electromechanical Technology (ELM)  
 Electronics Technology (ELT)  
 Interactive Media Digital Design (IMD)  
 Interactive Media Game Design (IMG)

**U.S. or World History Survey Electives:** The following specific courses are considered U.S. or World History Survey Electives:

HST 104	HST 106	HST 116
HST 105	HST 115	

## Anticipated Course Offerings

The College has attempted to identify the cycle of course offerings. The following notations can be found at the end of course descriptions:

- **F:** Indicates course is offered during Fall semester
- **S:** Indicates course is offered during Spring semester
- **SU:** Indicates course is offered during Summer sessions (Sessions I & II will be determined at time of offering)
- **IN:** Indicates course is offered during Intersession

Courses that are not offered every year may be designated with an **F** or **S** and a specific year. Thus, a course designated **F, 2026** means that the course will be offered in Fall semester, 2026. Students are encouraged to work with their Academic Advisors to plan a sequence of courses that takes into consideration when courses will be offered.

**The College reserves the right to deviate from the indicated cycles, although such deviations are anticipated to be minimal. The College also reserves the right to cancel courses and sections that are under-enrolled.**

\* Indicates courses or course designations that are no longer offered  
 \*\*BIO 140 (no longer offered) is not a Lab Science Elective

# Course Descriptions

A prerequisite for a course is listed at the end of its description. It must be successfully completed before registering for that course. The prerequisite requirement may also be fulfilled by an appropriate placement score. The Instructor of the course section, Program Coordinator, School Dean, or the Vice President of Academic Affairs may waive the prerequisite requirement on presentation of acceptable documentation. A corequisite requirement indicates a course that should be taken concurrently with, or prior to enrollment in, a course.

## Accounting

### ACC 101 - Financial Accounting I

This course focuses on the relationships between business activities and events and the impact they have on financial statements from a preparer perspective. Students study financial transactions for both service and merchandising businesses and relate the transactions to a company's assets, liabilities, owners' equity, revenues, and expenses. Areas of study include the basic accounting model, the process of the accounting cycle, accounting principles and terminology, financial statement preparation, analytics, and computerized accounting applications.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

### ACC 102 - Financial Accounting II

This course builds on material learned in ACC 101. Students use their knowledge of preparing financial statements to analyze and communicate a variety of financial information, including accounting for plant assets, stockholders equity, current and long term liabilities, cash flow statement preparation, and data analytic problems. Students are able to demonstrate the knowledge they gain by working with various corporate financial statements.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** ACC 101

### ACC 211 - Federal Taxation

This course examines basic federal income and employment taxes. Students learn how to prepare individual tax returns including the appropriate schedules, manually and on computers. Topics covered include analysis of tax problems, identification of tax

issues, income inclusion and exclusion, deductible business and non-business expenses, gains and losses, tax credits, special taxes, and current tax laws and procedures.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** Placement into college level English

### ACC 222 - Managerial Accounting

This course examines information used by executives and managers who work in business. Students study manufacturing accounting, budgeting and forecasting. Using computer applications, analytics, working in groups, and through classroom exercises, students learn to use and interpret accounting data as the basis for managerial decision-making and planning.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** ACC 102

### ACC 225 - Volunteer Income Tax Assistance, VITA Practicum

This course introduces students to concepts and language of IRS and taxation while preparing federal and state taxes within their community for low-income individuals.

**Credits:** 4

**Semester Offered:** S

**Prerequisites:** CIS 111, Placement into college level English

### ACC 231 - Computerized Accounting

This course focuses on understanding accounting through a mastery of general ledger software applications, using industry-standard software. Students set up and maintain a computerized accounting records system by recording the transactions necessary to operate a service and merchandising business. The course covers the areas of cash, accounts receivable, accounts payable, inventory

and budgets. Students learn how to create these transactions on a computer and how to understand and interpret the resulting financial reports.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** ACC 101, CIS 111

## Allied Health

### ALH 102 - Introduction to Medical Terminology

This course provides a basic foundation for students interested in the allied health field. Emphasis is on analyzing word parts and learning basic prefixes, suffixes and word roots. The course also highlights the body systems: basic anatomy and physiology, including terms used in diseases and surgical procedures.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

### ALH 103 - Introduction to Pharmacology for Allied Health Professionals

This course provides a foundation with knowledge in pharmacology, a historical view of pharmacology and explores the fundamental pharmacological concepts such as pharmacokinetics and pharmacodynamics. Students study drug classifications, their actions, indications for use, contraindications and adverse effects. Natural alternatives and herbal remedies are included. This course is designed for all students with an interest in the Allied Health Professions, as well as the general public.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

**ALH 106 - Medical Law and Ethics**

This course explores many legal, ethical and bioethical issues encountered in a medical office and offers suggestions for dealing with those issues in an informed, legal and sensitive manner. Students learn the various designations for medical employees (licensed, registered and certified) and understand the laws that directly relate to physicians. Also an understanding of the role of bioethics in a medical office is discussed.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** Placement into college level English

**ALH 125 - Phlebotomy/EKG Technician Principles and Application**

This course provides an introduction to the theory, techniques, and roles of a phlebotomist and electrocardiogram (EKG) technician. Students learn phlebotomy skills, including skin puncture, venipuncture, blood collection, and quality assurance. Additional topics include infection control, medical terminology, quality assurance, principles of venipuncture, specimen handling, basic hematology, and basic anatomy of the venous system. Students learn the cardiovascular system as it relates to the performance of an EKG. Students gain knowledge in basic EKG tracing, rate, rhythm, common heart abnormalities, and the use and function of the EKG machine. The externship prepares students for a career as a phlebotomy/EKG technician. Students learn phlebotomy skills, EKG skills, and how to use reference materials. Students then work in a laboratory and learn how to perform as a phlebotomist; they also work in an EKG clinic and learn how to perform as an EKG technician. Students practice their communication skills, familiarize themselves with the layout of the laboratory and its daily and monthly operation; students also familiarize themselves with the layout of the EKG clinic and its daily and monthly operation. Students experience data entry and third party billing, inventory and quality control checks. Students also practice writing a resume, interviewing techniques, and professional skills.

**Credits:** 9

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

**ALH 131 - Introductory Nursing Assistant**

This course provides students with the theory and entry-level skills necessary to safely provide basic nursing assistant level care in a long-term care facility, acute care facility or home health care agency. Students learn the role and responsibilities of the nursing assistant and home health aide within the health care team, including patient and residents' rights, professionalism, communication skills, basic body structure and function, common disorders, rehabilitation and restorative care, infection control and safety, special care concerns, and basic patient care skills, including vital signs. Upon completion of classroom and skills practice laboratory learning and competency testing, students participate in a clinical rotation at a skilled nursing facility, under the supervision of a registered nurse.

**Credits:** 5

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

**ALH 132 - Advanced Nursing Assistant**

This advanced course is designed for students who have completed a Massachusetts state-approved nursing assistant training program and want to expand their knowledge related to the role and practice of the certified nursing assistant. Students learn the importance of professionalism and develop the traits, behaviors, and skills that employers are demanding of today's health care workers. Topics include work ethics and performance, personal values, personal traits of the health care professional, interpersonal relationships, teamwork and communication skills, cultural competence, professionalism and personal life, job-seeking skills, becoming a leader, and career development. This course also includes advanced education to expand students' knowledge of how to understand and successfully care for people with dementia. Topics include types and symptoms of dementia, conditions that may present dementia-like symptoms, prevention of abuse, communication strategies, understanding and dealing with challenging behaviors, and the principles of a person-centered approach to care.

**Credits:** 2

**Semester Offered:** F/S/SU

**Prerequisites:** ALH 131, Certificate of

Completion from a state-approved nursing assistant training program or current C.N.A. Certificate

**ALH 137 - Pharmacy Technician**

This course provides students with the knowledge needed to prepare for a career as a pharmacy technician. Students study the laws of pharmacy practice, drug names and classification, compounding, calculations, abbreviations, and dosage forms. Students learn various duties a technician may perform as well as communication skills and aspects of assisting the pharmacist.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** MAT 095 with a grade of "C" or higher or equivalent placement measures

**ALH 138 - Pharmacy Technician Clinical Co-Operative Externship**

The externship prepares students for a career as a pharmacy technician. Students learn compounding skills, mathematical calculations, and how to use reference materials. Students then work in a pharmacy and learn how to perform as a pharmacy technician. They practice their communication skills; familiarize themselves with the layout of a pharmacy and its daily and monthly operation. Students experience data entry and third-party billing, inventory and compounding. Students also practice writing resumes, interviewing, and professional skills.

**Credits:** 6

**Semester Offered:** S

**Prerequisites:** ALH 137

**ALH 139 - Pharmacy Technician**

This course provides students with the knowledge and experience needed to prepare for a career as a pharmacy technician. Students study the legal and ethical requirements of the role. Students learn about commonly-prescribed and over-the-counter medications and subsequent administration. Students learn about patient and drug safety, quality assurance practices, and data entry. Students explore entry into practice topics, such as resume writing, interviewing skills, and professional practice. Students intern in a pharmacy (minimum 90 hours) and practice in the role of Pharmacy Technician. Successful

completion of this 6-credit course requires that students must pass the Final Exam with a grade of "75" or higher.

**Credits:** 6

**Semester Offered:** F/S

**Prerequisites:** Placement into college level English, MAT 095 with a grade of "C" or higher or equivalent placement measures

### **ALH 299 - Cooperative Work Experience**

This course provides students with a structured learning experience while applying classroom theory to a practical work experience. Students develop a learning agreement that lists the objectives they will accomplish through their work experience. Evaluation is based on satisfactory completion of the learning agreement objectives and the demonstration of soft skills such as punctuality and attitude.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** ACC 101 or MRK 201, ALH 106, BSS 112 or MRK 221, CPS 298

## **American Sign Language**

### **ASL 111 - Beginning American Sign Language I**

This course introduces American Sign Language (ASL), a method of visual/gestural communication used by deaf people in the United States and Canada. Students learn visual readiness skills to recognize and express spatial relationships and to use appropriate non-manual signals, such as facial expressions and body movements. Course topics include communicative functions, vocabulary, grammar, and cultural aspects of the deaf community. The course also covers functional communication to help students understand the needs and history of the deaf as well as their Community. Students learn the differences between American Sign Language and oral communication for the deaf.

**Credits:** 3

**Semester Offered:** F/S/SU

### **ASL 112 - Beginning American Sign Language II**

This course emphasizes visual readiness skills and conversational skills by utilizing grammatical principles, language

functions, and cultural behaviors. Students explore the functions of language and identify cultural behaviors characteristic of deaf people. Students increase their fluency in American Sign Language: describing behavior, making requests, and giving directions, etc.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** ASL 111

### **ASL 113 - Introduction to Deaf Studies**

This course utilizes a multidisciplinary perspective to emphasize issues and values affecting the American Deaf Community. Topics include the causes of hearing loss, the speech and hearing process, various manual sign systems, professions in the field of deafness, current events in the Deaf community, various aspects of deaf communication, technology and its impact on communication, educational philosophies, and the history of the Deaf in the United States.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** ASL 111

### **ASL 114 - Issues in Deaf Society**

This course explores relevant issues confronting the deaf members of the Deaf Community. Students examine issues that deal with community/cultural advocacy and advancement, confronting audism, cultural differences, educational, economic and legal barriers and deaf contributions to society. Students focus on preparing themselves for career fields where their constituents are deaf/Deaf or use ASL.

**Credits:** 3

**Semester Offered:** F/S

### **ASL 119 - Career Signing**

Students examine specific situational signing protocols associated with their chosen career and the cultural ethical issues relating to members of the Deaf Community. Students focus on specific American Sign Language signing vocabulary related to their individual career field of choice and the relating circumstances they may confront. Students also examine basic interpreting processes and codes of ethics. Examples of such careers include, but are not limited to: Community/Cultural Advocacy, Criminal Justice, Education, Nursing, Human Services and the Arts.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** ASL 112, ASL 113

### **ASL 200 - Deaf Community Practicum**

This course emphasizes practical experience by involving students in various educational or human service settings that service the Deaf Community. Students utilize receptive and expressive skills as well as their knowledge of Deaf Culture through first hand interaction and exposure. Students integrate their hands on experience with related readings, classroom discussions and student presentations. This course has a community based learning component.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** ASL 112, ASL 113, COR1/SORI Check

### **ASL 211 - Intermediate American Sign Language I**

This course focuses on further development of visual-spatial orientation and manipulations skills, sign vocabulary, and complex sentence structures. Students continue learning strategies for opening, sustaining, and closing general conversations on a range of topics. The course concentrates on developing the abilities to question, narrate, and give increasingly detailed descriptions of activities, interactions, plans, and directions. Students learn how to communicate clearly and express themselves in a culturally appropriate way.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** ASL 112

### **ASL 212 - Intermediate American Sign Language II**

This course emphasizes further development of visual/spatial orientation, vocabulary, complex sentence structures and conversational skills. Students learn to give clearly detailed descriptions of activities, interactions, plans and directions. Through in-class assignments and interactions with the Deaf community students demonstrate complex conversational receptive and expressive skills. Students learn to analyze and discuss current events in the Deaf community using ASL. The course also covers ASL to voice and voice to ASL translating.

**Credits:** 3**Semester Offered:** S**Prerequisites:** ASL 211

## Anthropology

### ANT 111 - Cultural Anthropology

The course introduces the concepts of cultural adaptation in small-scale and large-scale societies. It focuses on the integration of fundamental cultural institutions including economics, political organizations, family, and religion. Students learn how to explain why specific cultural differences and similarities occur and persist in the United States and other countries. Students develop an understanding of culture contact, culture change, and the role of anthropology in the modern world.

**Credits:** 3**Semester Offered:** F/S/SU**Prerequisites:** Placement into college level English

## Art

### ART 101 - Art Appreciation

This course introduces the major art forms and ways to relate to them. Through the use of videos, DVDs and field trips, students learn about the diversity found in art and the impact that artistic works have. Students learn how to appreciate art by developing the skills necessary to view it through intelligent and informed evaluations.

**Credits:** 3**Semester Offered:** F/S/SU**Prerequisites:** Placement into college level English

### ART 111 - A History of Art I

This course presents a study of art through the major historical periods in Western civilization. Course topics include pre-historic, ancient, classical, early Christian, and Byzantine artistic expressions including painting, sculpture, architecture, and the minor arts. Students learn the many aspects of the visual arts as they relate to the formal influences by examining the underlying social, political, environmental, and humanistic factors of specific historical periods. Museum trips are required.

**Credits:** 3**Semester Offered:** F**Prerequisites:** Placement into college level English

### ART 112 - A History of Art II

This course covers a study of art through the major historical periods in Western civilization. It focuses on painting, sculpture, architecture, and the minor arts of the Renaissance, Baroque, and early modern periods. Students learn aspects of the visual arts of these periods as they relate to formal influences and underlying social, political, environmental, and humanistic factors. Museum trips are required.

**Credits:** 3**Prerequisites:** Placement into college level English

### ART 121 - Contemporary Art

This course covers the underlying social, political, environmental, and humanistic influences that affect contemporary artistic styles and ways artists have expressed those influences. Students examine the development of diverse styles in contemporary art by exploring the evolution of modern artistic trends from 1940 to the present.

**Credits:** 3**Prerequisites:** Placement into college level English

### ART 131 - Introduction to Drawing I

This course examines the varied experiences involved in the drawing process while emphasizing an awareness of traditional disciplines. Students learn how to solve problems of surface organization and to develop the ability to analyze and translate three-dimensional space into a two-dimensional surface by using both perceptual and conceptual drawing methods.

**Credits:** 3**Semester Offered:** F/S

### ART 132 - Introduction to Drawing II

This course introduces instrumental and perspective drawing, including free application of mechanical theories. Topics include art and design applications of techniques; proper instrument use; and parallel, angular, and three-point perspective. Students learn how to use both freehand techniques and mechanical instruments to render drawings with speed, accuracy, legibility, and neatness.

**Credits:** 3**Semester Offered:** F/S**Prerequisites:** ART 131

### ART 141 - Photographing People

This course covers both posed and candid photographs of people. Students learn the proper operation of various cameras (automatic, manual, single-lens reflex, digital) and the selection of subjects, posing, and lighting. Students must supply their own photographic equipment (a working camera) and pay their own processing costs for prints.

**Credits:** 3**Semester Offered:** F/S/SU

### ART 211 - History of Graphic Design

This course is a chronological exploration of graphic design from the invention of writing and to the digital revolution. Students examine the origins of type and graphic representations from the Renaissance, through Art Nouveau, the Bauhaus, and Postmodern influences. Students learn about the impact that graphic forms have made. Students study the basic concepts and movements in graphic design and the relationship of fine art, design art, photography, and emerging technologies in graphic and visual communications.

**Credits:** 3**Semester Offered:** S**Prerequisites:** Placement into college level English

### ART 280 - Career Skills for Independent Artists

This course introduces students to the skills, tools, and strategies required to build and sustain a career as an independent or freelance artist. Topics include career planning, marketing and branding, networking, digital presence, contracts and pricing, financial management, and balancing multiple income streams. By the end of the course, students leave with a personalized career action plan and a professional toolkit, including a digital portfolio, service descriptions, and a working business strategy that prepares them for immediate freelance work or further study.

**Credits:** 3**Semester Offered:** F**Prerequisites:** ENG 101

## Automotive Technology

### AUT 102 - Fundamentals of Automotive Service

This course provides students the fundamentals of working in the automotive industry. It covers dealership workshop operations and organization, and how to work safely in a shop environment. Students learn to identify the major components and systems of an automobile; how to navigate both printed and electronic service information systems; and how to follow service procedures. The course focuses on the proper use of shop equipment such as hand tools, power tools, and specialty tools, including proper usage, storage and safety guidelines; fasteners, fluids, and vehicle maintenance; and measuring devices such as micrometers and dial indicators.

**Credits:** 3

**Semester Offered:** F

**Corequisites:** AUT 111, AUT 131

**Please Note:** Two hours lecture, three hours laboratory

### AUT 111 - Automotive Electrical Systems

This course covers basic automotive electrical theory and operation including the battery and starting and charging system. Students learn electrical diagnostic tools and testing using all service publications in their available formats, obtain information needed for diagnosis, use the Symptom-to-System-to-Component-to-Cause (SSCC) diagnostic process, and learn repair procedures.

**Credits:** 4

**Semester Offered:** F

**Corequisites:** AUT 102, AUT 131

**Please Note:** Three hours lecture, three hours laboratory

### AUT 113 - Automotive Electronics

This course covers the internal workings of automotive microprocessors, automotive networks, and the interrelationships between sensors. This course covers the types of generated signals produced from various types of electronic inputs and output devices. Through classroom exercises, students examine electronically controlled components using lab scopes, multimeters, and scan tools to identify

and describe the functions of various sensors. This course focuses on the understanding and diagnosing of automotive electronic systems.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** AUT 111

**Corequisites:** AUT 211

**Please Note:** Two hours lecture, three hours laboratory

### AUT 121 - Basic Gasoline Engines

This course covers the basic functions of gasoline engines. Topics include operation, design, diagnostic, and repair strategies. Students disassemble, measure, inspect, and reassemble engines to blueprint specifications and perform dynamic tests in a laboratory environment. Students learn how to describe the major components of a gasoline engine and explain how they contribute to an engine's performance and operation.

**Credits:** 4

**Semester Offered:** S

**Prerequisites:** AUT 102

**Corequisites:** AUT 125

**Please Note:** Three hours lecture, three hours laboratory

### AUT 125 - Engine Testing/Performance Analysis

This course covers basic engine performance, operations, and testing. Topics include the theory and operation of engine systems including ignition, fuel and air management, and emission control using current diagnostic methods and tools. Students diagnose and repair engine performance-related problems and learn how to explain the operations and relationships between engine performance and emissions.

**Credits:** 4

**Semester Offered:** S

**Prerequisites:** AUT 102, AUT 111

**Corequisites:** AUT 121

**Please Note:** Three hours lecture, three hours laboratory

### AUT 131 - Brake Systems

This course focuses on the basics of hydraulic principles, and the types, components, and operation of brake systems. Students learn the specific types of master cylinders, disc brakes,

drum brakes, and anti-lock brakes with emphasis on diagnosing brake problems and making adjustments and repairs. The course concentrates on the diagnosis and repair of car and light truck anti-lock brakes and stability systems using equipment specified by manufacturers.

**Credits:** 3

**Semester Offered:** F

**Corequisites:** AUT 102, AUT 111

**Please Note:** Two hours lecture, three hours laboratory

### AUT 133 - Suspension, Steering & Alignment

This course examines conventional suspension, air suspension, and programmed/automatic ride control systems. Students learn the theory and operation of basic steering systems, rack and pinion steering systems, and variable and electronic steering systems. Topics include two - four-wheel alignment and use of specialized steering equipment. Students gain an entry-level knowledge of suspension and steering as the foundation for performing comprehensive vehicle suspension and steering performance evaluations and repairs.

**Credits:** 3

**Semester Offered:** SU

**Prerequisites:** AUT 102

**Corequisites:** AUT 141

### AUT 141 - Climate Control System

This course explores the air conditioning and heater components through an understanding of basic refrigeration principles and the use of diagnostic tools. Students learn how to diagnose and repair A/C and heating related problems (including controls, switches, compressors, and clutches) and learn to perform leak testing, recharging, and safety procedures. Students acquire the knowledge necessary to obtain a National Institute Automotive Service Excellence (ASE) certification in this field.

**Credits:** 3

**Semester Offered:** SU

**Prerequisites:** AUT 121

**Corequisites:** AUT 133

### AUT 211 - Electronic Powertrain Control Systems

This course covers the repair of devices that manage engine operations,

emissions, and powertrain systems. Through a combination of lectures and laboratory work students learn to diagnose and repair electronic powertrain control systems. The course also examines the regulations for the second generation of On-Board Diagnostics (OBD II) and the latest developments in powertrain controls.

**Credits:** 5

**Semester Offered:** S

**Prerequisites:** AUT 125

**Corequisites:** AUT 113

**Please Note:** Four hours lecture, three hours laboratory

### AUT 251 - Automotive Drive Train

This course covers manual transmissions, manual transaxles, clutch systems, operation assemblies, and front wheel drive halfshafts. Students learn how to explain driveline functions, including three-, four-, and five-speed manual transmissions and transaxles. They also learn how to diagnose and repair rear differentials, and locate and repair driveline vibrations problems in two-wheel drive, four-wheel drive, and all-wheel drive systems.

**Credits:** 4

**Semester Offered:** F

**Prerequisites:** AUT 121

**Corequisites:** AUT 253

**Please Note:** Three hours lecture, three hours laboratory

### AUT 253 - Automatic Transmission & Transaxle

This course covers the operation principles of automatic transmissions, transaxles, and CVTs, including hydraulic and mechanical operating principles and powerflow, diagnostic procedures, disassembly, repair, and reassembly. Students learn about automatic transmission powerflow, hydraulic circuits in valve bodies, and other components. They diagnose problems by electronic testing and pressure methods. The course also covers electronic transmissions and their relationships to the powertrain control module.

**Credits:** 4

**Semester Offered:** F

**Corequisites:** AUT 251

**Please Note:** Three hours lecture, three hours laboratory

### AUT 299 - Cooperative Work Experience

This course provides students with a structured learning experience while applying classroom theory to a practical work experience. Students develop a learning agreement that lists the objectives they will accomplish through their work experience. Evaluation is based on satisfactory completion of the learning agreement objectives and the demonstration of soft skills such as punctuality and attitude.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** CPS 298, Approval of Program Coordinator

## Biology

### BIO 100 - Principles of Human Biology

This course focuses on the basic structure and function of the human body. Topics include the anatomy and physiology of human cells, tissues and key organ systems. Basic chemical principles will be introduced. The course also explores the major types of microorganisms that infect humans as well as concepts of disease transmission and prevention. Three hours lecture, three hours laboratory.

**Credits:** 4

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

### BIO 101 - General Biology: Core Concepts

Students intending to major in the health sciences learn scientific method, basic chemistry (for the understanding of biologic concepts), structure and function of basic cells and tissues, mitosis and meiosis, genetics, and the basic principles of evolution. The laboratory component covers basic techniques in observation, analysis, and interpretation of data relating to the topics discussed in lecture. The lab activities are investigative in nature with the students devising hypotheses, predictions, and identifying independent and dependent variables.

**Credits:** 4

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English, MAT 095 with a grade of "C" or higher or equivalent placement measures

### BIO 104 - Introduction to Plant Biology

This course introduces the formal concepts of the science of botany as well as the impact that plants have on humans and earth. Topics include plant structure, plant growth, diversity of plants, life cycles and natural history, major plant environments of the world, and the economic influence that plants have on our species. Students gain enhanced appreciation of the importance of plants in our lives and present the fundamental concepts used in the study of plants. In the laboratory component, students learn basic scientific investigation of the plant world.

**Credits:** 4

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English, MAT 095 with a grade of "C" or higher or equivalent placement measures

### BIO 105 - Principles of Ecology

This course examines the fundamental concepts of ecology. Topics include ecosystem formation within the context of habitat, population, community, biodiversity, evolution, sustainability and global change. The laboratory component focuses on the collection and interpretation of data based on computer simulations of renowned ecological field studies.

**Credits:** 4

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

### BIO 106 - Biology I: Introduction to Organismal Diversity

This course examines the principles of organismal biology. Topics include evolution, comparative anatomy and physiology, diversity of biological organisms, phylogeny, and interactions at different levels of biological hierarchy. The laboratory component focuses on observing, sketching and dissecting specimens, designing experiments, as well as acquiring and interpreting data. The course is designed for students majoring in the sciences.

**Credits:** 4

**Semester Offered:** F/S

**Corequisites:** ENG 101

**Restriction:** Restricted to Liberal Arts - Biology Option (LABI), Liberal Arts - Chemistry Option (LACH), Liberal Arts

- Environmental Science Option (LAES), and General Studies - Pre-Pharmacy Option (GSPH) students

### **BIO 107 - Biology II: Introduction to Cells and Molecules**

This course examines principles of molecular, cellular and physiological levels of living organisms. Topics include structure and function of biomolecules and cells, cellular energetics, heredity, gene expression, and evolution. The laboratory component focuses on scientific methodology, acquiring and interpreting data, and experimental design. This course is designed for students majoring in science and engineering.

**Credits:** 4

**Semester Offered:** F/S

**Prerequisites:** CHM 105 or CHM 123, ENG 101

### **BIO 111 - Anatomy & Physiology I**

This course examines the organization of the human body at the tissue, organ, and system level. Students study the structure and function of the integumentary, skeletal, muscular, and nervous systems with emphasis on concepts of homeostasis, the complementary nature of structure and function, and the interrelationships of systems.

**Credits:** 4

**Semester Offered:** F/S/SU

**Prerequisites:** BIO 101 or BIO 107 or PNP 240 with a grade of "C" or higher

**Corequisites:** ENG 101

### **BIO 112 - Anatomy & Physiology II**

Students study the structure and function of the endocrine, cardiovascular, lymphatic, respiratory, digestive, urinary, and reproductive systems. The course emphasizes the roles that systems play in immunity and in fluid, electrolyte, and pH balance.

**Credits:** 4

**Semester Offered:** F/S/SU

**Prerequisites:** BIO 111

### **BIO 113 - The Biology of Stress**

This course introduces the structure and function of the human body and its response to stress. Students will learn the evolutionary benefits of stress, as well as how a persistent stress response

can result in chronic diseases, such as diabetes and coronary artery disease. Students will also investigate the biological mechanisms underlying stress reduction strategies, such as proper nutrition, exercise, and sleep. Topics include the anatomy and physiology of organ systems, homeostasis, the stress response, disease states, evolution, and genetics.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** Placement into college level English

### **BIO 231 - General Microbiology**

This course explores the morphology, growth, metabolism, and genetics of microorganisms including bacteria, fungi, and viruses. Topics include microbial growth and control, genetic transmission and expression, microbial pathogenicity, infectious disease transmission, immunology, and the role of microbes in biotechnology. Students also focus on microscopy, aseptic transfer, and safe cultivation of microorganisms with an additional emphasis on documentation, data analysis, and experimental design.

**Credits:** 4

**Semester Offered:** F/S

**Prerequisites:** BIO 107

### **BIO 232 - Medical Microbiology**

This course examines the structure, growth, and control of medically significant bacteria, viruses, fungi, protozoa, and helminths. Students learn about the transmission, pathogenesis, and clinical manifestations of disease. The course includes host defense mechanisms and types of immunity. Students also focus on the cultivation, isolation, identification, and control of bacteria.

**Credits:** 4

**Semester Offered:** F/S/SU

**Prerequisites:** BIO 112 or CHM 105 or CHM 123

### **BIO 241 - Nutrition**

This course covers the nutrients including proteins, minerals, and vitamins; their sources; their digestion, absorption, and cellular function. Students also examine nutrition in pregnancy and lactation; nutrition of the elderly; obesity; fad diets; and food preservation.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** BIO 101 or BIO 107 or CHM 101

### **BIO 259 - Cell Biology**

This course focuses on the structure and function of cells. Topics include organelles, membrane structure and function, protein structure, function and trafficking, metabolism, signal transduction, cytoskeletal dynamics and regulation of growth as well as data collection, analysis, and documentation methods. Students learn laboratory instrumentation, microscopy, cellular techniques, and protein analysis methods employed in biomedical research and the biotechnology industry.

**Credits:** 4

**Semester Offered:** F/S

**Prerequisites:** BIO 107

### **BIO 260 - Molecular Biology**

This course focuses on the principles of molecular biology and associated laboratory techniques. Topics include the structure and function of nucleic acids including replication, protein synthesis and sorting, and gene regulation. Students learn data collection, analysis, and documentation. The laboratory component focuses on recombinant DNA and its manipulation.

**Credits:** 4

**Semester Offered:** S

**Prerequisites:** BIO 107

### **BIO 262 - Principles of Genetics**

This course covers the principles of classical, molecular and population genetics in both model organisms and humans. Students explore inheritance, gene expression, population genetics and evolution, and genetic mutation and repair. The material emphasizes experimental evidence for genetic principles along with application of these principles to solve problems. Students perform investigative laboratory exercises in genetic mapping, recombinant DNA techniques, gene regulation, and bioinformatics.

**Credits:** 4

**Semester Offered:** F/S

**Prerequisites:** BIO 107, MAT 122

## Biotechnology

### BTT 101 - Introduction to Biotechnology

The basic tenets of biotechnology including the scientific method will be presented through readings on the commercialization of recombinant DNA technology to produce therapeutic proteins and on the drug discovery process. Students will discuss the ethics, public policy issues, patent issues, career opportunities, and therapeutic promises of recombinant DNA technology. Students will also learn about the drug discovery process to elucidate issues in drug discovery such as target identification, lead discovery and optimization, candidate selection, ethical clinical trials, and drug markets.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** Placement into college level English, MAT 095 with a grade of "C" or higher or QMAT placement score > 21

### BTT 102 - Introduction to Biotechnology with Laboratory

The course examines the various fields of biotechnology, including the drug discovery process, biomanufacturing, genetic engineering, gene therapy, and cell therapy. Students identify important ethical and policy issues in the application of biotechnology within the social framework. The laboratory component focuses on the fundamentals of Good Manufacturing Practice, documentation, laboratory safety, fundamental laboratory measurements, laboratory calculations, and handling of laboratory instruments.

**Credits:** 4

**Semester Offered:** F/S

**Prerequisites:** Placement into college level English, MAT 095 with a grade of "C" or higher or QMAT placement score > 21

### BTT 211 - Techniques in Biotechnology I

The course focuses on laboratory skill sets which are commonly used in the biotechnology industry. Students develop specific skills in areas such as formulation of solutions, mammalian cell culture, enzyme assay development, protein expression and purification, DNA and protein analysis, and recombinant DNA techniques.

**Credits:** 3

**Semester Offered:** SU

**Prerequisites:** BIO 231, BIO 259, BIO 262

### BTT 212 - Techniques in Biotechnology II

The course focuses on industrial scale practices in biotechnology with an emphasis on good manufacturing practices. At local biotechnology companies students explore biomanufacturing production suites, laboratories which support biomanufacturing, and drug discovery laboratories. Students develop specific skills in such areas as good documentation practices, sterile operations, quality control, environmental monitoring, fermentation, and process development. Students also acquire employment search skills to prepare them for careers in biotechnology.

**Credits:** 3

**Semester Offered:** SU

**Prerequisites:** BIO 231, BIO 259, BIO 260

## Business

### BUS 113 - Ethical Issues in Business & the Professions

This course is designed to examine the ethics of professional conduct, evaluate business practices and organizations, using the case study methods and confront students' ethical challenges facing the professional in the light of current business goals, values, and practices in relation to the constantly changing societal expectations.

**Credits:** 3

**Prerequisites:** Placement into college level English

### BUS 250 - Business Administration Capstone

This course is designed to prepare Business Administration career track students to make the transition from school to work. The course focuses on how personality traits affect relationships with coworkers and managers, as well as overall career advancement. Other topics of importance include analysis of the job market, analyzing companies, the job hunting process, including resume presentation, techniques and job interviewing skills, the basics of networking, professional dress codes, and codes of ethics.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** CIS 111

**Corequisites:** ACC 101 or CIS 212

### BUS 298 - Career Strategies & Internship Experience

This course provides students with career and employment strategies. Students learn the job hunting process, identification of their skill set, resume and cover letter preparation, job interviewing skills, networking, negotiation, interpersonal skills development, business etiquette, ethics, and presenting themselves for success. Internship Placement: Students develop a learning agreement with the instructor, stipulating learning goals and outcomes based on the position description. Students are required to successfully satisfy the terms of the learning agreement and complete a 150-hour unpaid or 225-hour paid internship work experience related to their particular major. The faculty member and Career & Transfer Services can provide internship placement assistance, but students are ultimately responsible for securing a timely internship placement.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** CIS 111, CPS 298

**Corequisites:** ACC 101 or CIS 212

## Business Law

### BSL 101 - Business Law I

This course examines law and society; the operation of law as it reflects the mores of human relations; and the ethics of business, criminal, and tort law with special emphasis on the law of contracts. Topics include the general principles of the law assigned, the nature of the United States legal system, the trial process, and the sources of law available. Students analyze court decisions and learn to apply the law both in fact situations and in reasoning in gray areas.

**Credits:** 3

**Semester Offered:** F/S/SU

### BSL 102 - Business Law II

This course covers the Uniform Commercial Code with emphasis in the areas of sales, commercial paper,

property law, agency, partnership, and corporations. Students learn the general principles of law assigned, analysis of court decisions, application of law to fact situations, and reasoning in gray areas as they pertain to the UCC.

**Credits:** 3

**Semester Offered:** S

### **BSL 103 - E-Business Law & Ethics**

This course introduces legal, clerical, and cyberlegal issues as they relate to the e-business world of today. Students learn the general laws as they pertain to business with special focus on laws which pertain to e-commerce contracting, copyright, and trademark infringement. The topics of Internet crime, free speech, privacy under the U.S. Constitution, and libel and other torts are also covered. The emphasis of the course is on ethical decision-making and socially responsible and appropriate practices involving technology.

**Credits:** 3

**Semester Offered:** S

**Corequisites:** CIS 111

## **Business Office Support Specialist**

### **BSS 101 - Keyboarding Applications**

This course focuses on the alphanumeric touch method of keyboarding with a personal computer, emphasizing the progressive development of speed and accuracy. Students learn basic keyboarding techniques, hardware components, and standard business needs, including business letters, forms, proposals, tabulations, and drafts. Through the course, students develop skills in composition, language arts, proofreading, and formatting. The goal of the course is for students to attain a speed of 30-35 wpm for three minutes with less than three errors.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

### **BSS 112 - Medical/Dental Billing and Insurance**

Students in this course acquire the entry-level skills for using patient billing software in medical and dental offices by

utilizing Microsoft® and other web-based patient billing simulation packages. Students explore the steps of the patient billing process, including coding and third-party billing, become familiar with computerized recordkeeping for medical facilities, and learn how the various components of the patient billing system relate to the accounting system in a medical office.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** ALH 102

## **Career Placement Services**

### **CPS 298 - Pre Cooperative Education Seminar**

The Pre Cooperative Education Seminar is a required preparatory course designed to provide students with the necessary structure, resources, and support to successfully secure and engage in their cooperative education experience. Students will learn about the attitudes, skills and behaviors expected by employers. They will develop an understanding of Cooperative Education policies, procedures and requirements. Students will prepare an effective cover letter and resume, practice interview skills, job search strategies and learn how to self-market for a successful coop experience and post-graduate job search. Students will work with Career Services & Credit for Prior Learning to complete the necessary job readiness workshops.

**Credits:** 0

**Semester Offered:** F/S

## **Chemistry**

### **CHM 101 - Introduction to the Chemistry of Living Systems**

This course is designed for students seeking careers in the health sciences and the natural sciences (biology and chemistry) by focusing on those chemicals and processes that operate in living systems. Students learn the fundamentals of inorganic, organic, and biological chemistry and apply these chemical principles in laboratory exercises.

**Credits:** 4

**Semester Offered:** F/S/SU

**Prerequisites:** MAT 095 with a grade of "C" or higher or QMAT placement score > 21

### **CHM 105 - General Chemistry I**

This course focuses on the classification of matter and the behavior and characteristics of chemicals in the natural world. Topics include the basic structure of the atom, nuclear chemistry, nomenclature of chemicals, chemical reactions, the mole concept, stoichiometry, acid-base concepts, the concentration units of solutions, the gas laws, thermochemistry and quantum theory. The laboratory portion of the course fosters basic laboratory skills and reinforces lecture concepts.

**Credits:** 4

**Semester Offered:** F/S/SU

**Prerequisites:** MAT 095 with a grade of "C" or higher or QMAT placement score > 21

### **CHM 106 - General Chemistry II**

This course focuses on stoichiometry, bonding and periodicity in special groups, Lewis structures, intramolecular attractions, crystalline solids, kinetics, acids and bases, thermodynamics, electrochemistry, organic chemistry and biochemistry. The lab fosters basic laboratory skills and reinforces lecture concepts.

**Credits:** 4

**Semester Offered:** F/S/SU

**Prerequisites:** CHM 105

### **CHM 123 - Principles of Chemistry for Engineers I**

This is the first part of a two-semester course sequence. The course is designed for students in engineering or for students requiring a sound knowledge of chemical principles. Students learn chemical principles of atomic structure, stoichiometry, thermochemistry, gases, quantum theory, chemical bonding, intermolecular forces, and solutions.

**Credits:** 4

**Semester Offered:** F/S/SU

**Corequisites:** MAT 233

### **CHM 124 - Principles of Chemistry for Engineers II**

This course is designed for students in engineering or for students requiring a sound knowledge of chemical principles. Students learn the chemical principles of

chemical kinetics, chemical equilibrium, acid-base, solubility, electro-chemistry, coordination compounds, and organic chemistry.

**Credits:** 4

**Semester Offered:** F/S/SU

**Prerequisites:** CHM 123, MAT 233

### CHM 201 - Organic Chemistry I

This course introduces the chemistry of carbon compounds for students pursuing a career in medicine, chemistry, or modern biology by examining the relationship between organic chemistry and biology. Topics include the chemistry of the carbon atom; the structure, physical properties and reactivity of the important classes of organic compounds; stereochemistry; and IR spectroscopy. Laboratory topics include chromatography, isolation and crystallization, fractional distillation, and basic organic reactions. Three hours lecture, three hours laboratory.

**Credits:** 4

**Semester Offered:** F/S/SU

**Prerequisites:** CHM 106 or CHM 124

### CHM 202 - Organic Chemistry II

This course includes the study of functional group reactions, aromaticity, NMR spectroscopy, common biological reaction types, biochemicals, biochemical pathways, and natural products chemistry. Laboratory topics include classic organic reactions; synthesis, isolation, and identification of natural products; and, polymer chemistry.

**Credits:** 4

**Semester Offered:** F/S/SU

**Prerequisites:** CHM 201

## Communication

### COM 100 - Introduction to Mass Communication

This course focuses on the relationship between mass communication and culture, asking how television, film, radio, Internet, and print media impact contemporary life; how news, politics, advertising, popular culture, entertainment and human behavior have been influenced by the history and technological development of the media. Topics also include government regulation of the media, as well as media professions and evolving practices.

**Credits:** 3

**Semester Offered:** F/S

**Corequisites:** ENG 101

### COM 101 - Journalism I

This course focuses on theory and practice of journalism fundamentals for print and broadcast media including social media (Twitter, Facebook, Instagram, Snapchat) as a part of a brief history of media development and present trends. Students examine basic news reporting for newspaper with emphasis on lead writing, interviewing, researching and preparing new stories. Topics covered include discussions of libel laws and ethics as well as techniques of editing. This course also covers criticism and analysis of college and local area media.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** COM 100

### COM 102 - Journalism II

This course focuses on advanced reporting in gathering news for multimedia. Students examine and practice specialized types of reporting including interviewing, covering speeches, meetings, local/college government. Also, students track news, simulate dynamics of newsroom environment, and write under pressure. Students learn to write headlines, edit, revise, and expand written material to make it suitable for publication in the school newspaper and professional publication.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** COM 101

### COM 201 - Integrated Communications for Business

This course emphasizes the creation, preparation and perfecting of effective business communication and telephone etiquette. Students write and edit letters, memos, proposals, short reports, e-mails, resumes, cover letters, and oral presentations using word processing, spreadsheets, and presentation software. Students create a portfolio of their semester's work.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** CIS 111, Placement into college level English

**Please Note:** This course was previously known as BUS 201

## Computer Information Systems

### CIS 105 - Introduction to Information Technology

This course provides an overview of the core aspects of information technology. The topics include: computer hardware, operating systems, application software, networks, information security, interactive media, and programming. The course focuses on defining how each IT area relates to, and interacts with, each other. Upon completion of the course, students have the knowledge necessary for further study in IT as well as understanding of the impact of technology on society and organizations of all types. This course requires hands-on projects in which the students use the Windows environment.

**Credits:** 3

**Semester Offered:** F/S

### CIS 111 - Introduction to Microcomputer Applications

This course provides an overview of common office productivity suites, including file management and AI, and is intended for students having prior familiarity with computers. The course focuses on basic working knowledge of and hands-on experiences with Microsoft Word, PowerPoint, Excel, and Access/relational databases, while leveraging Microsoft's AI powered tools such as Copilot in Microsoft 365. The course incorporates Word, Excel, PowerPoint, and Access using AI capabilities, giving students practical skills for today's technology-driven professional environments. The course assists students in preparation for the Microsoft Office Specialist (MOS) certification exam and requires hands-on projects in which the students use Microsoft 365 Applications in the Windows environment.

**Credits:** 3

**Semester Offered:** F/S/SU

### CIS 112 - Advanced Microcomputer Applications

This course builds on the foundations acquired in CIS 111. Students learn complex spreadsheets and database processing through realistic business

scenarios. For spreadsheet processing, topics include financial functions, amortization schedules, connecting multiple worksheets and workbooks, database functions, goal Seek, solver, data analysis tools, sorting, querying tables, Pivot Tables, importing data, data cleansing, and data transforming. The course also covers the concepts of data analysis and Power Query to prepare students for modern data-driven decision-making. For database processing, topics include report and form creation, multiple-table form techniques, advanced report generation techniques, insertion of combo boxes and command buttons features, multiple page form creation, and form navigation using macros. The course assists students in preparation for the Microsoft Office Specialist (MOS) certification exam. This course leverages Microsoft's latest AI-powered tools, such as Copilot in Microsoft 365, to help support student learning.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** CIS 111, Placement into college level English, MAT 095 with a grade of "C" or higher or QMAT placement score > 21

### **CIS 121 - Introduction to Programming with C++**

This course focuses on the basic concept of programming, utilization of the executable codes, and implementation of these codes in problem solving. Students learn the concept of solving problems through the design and implementation of algorithmic solutions using the C++ programming language. Topics include the programming process, structured programming techniques, and basic logic formations, with emphasis placed on practical business applications, Microsoft frameworks and Visual Studio. This course also incorporates AI tutoring tools to provide students with personalized guidance, practice, and support outside of class.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** Placement into college level English, MAT 095 with a grade of "C" or higher or QMAT placement score > 21

**Corequisites:** CIS 105 or CIS 111

### **CIS 134 - Web Page Development I**

This course focuses on designing Web sites using HTML5/XHTML and CSS3 along with development tools such as Notepad++. Topics include creating links, image maps, using grid-based layout for laying out pages, positioning elements, applying CSS for graphic design, flexbox for mobile web pages, media queries, tables, client-side forms, and insertion of audio and video files. Validation of web pages using transitional DTD, strict DTD will also be discussed. Students will work on individual assignments to create web pages/sites.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** Placement into college level English, MAT 095 with a grade of "C" or higher or QMAT placement score > 21

**Corequisites:** CIS 105 or CIS 111

### **CIS 141 - Introduction to Data Communication & Networks**

This course examines business data communications. Students learn fundamental communication concepts, communication networks, and communications hardware and software. Students study the information in a non-technical format designed to provide an understanding of data communication systems needed in today's business environment.

**Credits:** 3

**Semester Offered:** S/SU

**Prerequisites:** Placement into college level English, MAT 095 with a grade of "C" or higher or QMAT placement score > 21

**Corequisites:** CIS 105 or CIS 111

### **CIS 206 - Management of Data Analytics**

This course prepares students to understand data-driven decision making in business. Students complete assignments and hands-on projects using data and software. Topics in this course include descriptive, predictive, and prescriptive data analytics, data manipulation, determination of correct data, decision making, and the use of analytical tools.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** CIS 105 or CIS 111 or CIS 243, MAT 122

**Please Note:** This course is cross-listed as MGT 206

### **CIS 212 - Electronic Health Records**

This course provides students with the understanding of Electronic Health Records (EHR) system, HIPAA requirements, patient confidentiality, a team-based approach, and workflow processes in a health care setting. This course allows the student to learn to use and operate an EHR software package.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** ALH 102, CIS 111

### **CIS 223 - .NET Programming I**

In this course, students who already have been exposed to programming and critical thinking are introduced to Microsoft .NET architecture, Visual Studio IDE and object-oriented programming with .NET. The course emphasizes building stand-alone desktop projects with graphical user interfaces using WinForm components. Students are taught how to apply the principles of programming and problem solving within an object-based design and event-driven paradigm. Among other skills, the student learns basic interface design, using common libraries and features of the common language runtime.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** CIS 105 or CIS 111, CIS 121 or CSC 108

### **CIS 225 - Programming with C++ II**

This course is a continuation of CIS 121 and covers advanced topics, including recursive programming, storage techniques, pointer and dynamic variables, arrays, manipulation of data (searching, sorting, etc.), file processing, linked lists, stacks and queues. The course emphasizes structured programming through the use of algorithm analysis. Students explore higher-level problem solving through user-defined functions and classes, and learn how to write programs and demonstrate proficiency in the C++ language. Advanced Visual Studio features are utilized for building Application solutions.

**Credits:** 3

**Prerequisites:** CIS 121 or CSC 108

**CIS 226 - Introduction to Java**

This course explores the fundamentals of visual object-oriented programming using the Java language. Students learn how to design, write, and compile Java programs through lectures, hands-on programming assignments, and projects. The emphasis is on problem solving through algorithmic analysis. Topics include Java applications and applets, control structures, methods and classes, arrays, searches, and fundamental data types.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** CIS 121 or CSC 108

**CIS 227 - Java II**

This course is a continuation of CIS 226 and focuses on higher-level visual object-oriented programming using the Java language. Students learn to design, write, and execute Java applications and applets using graphic user interface (GUI) components through lectures, hands-on programming exercises, and projects. Other topics include exception handling, classes and methods, objects and inheritance, and problem solving through the use of algorithmic analysis.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** CIS 226

**CIS 228 - SQL Programming**

This course introduces students to the fundamentals and functions of Structured Query Language (SQL), including relational database, table creation, updating, and manipulation concepts. Using a live data base, students learn SQL basics and then move on to the more sophisticated and challenging aspects of SQL. Students get in-depth knowledge of the language through extensive use of Internet-based, industry-standard SQL programming and certification testing engines. Upon completion of this course, students have the skills and competencies required to program in SQL and the background necessary to continue to intermediate and advanced courses in PL/SQL and database administration.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** CIS 105 or CIS 111, Placement into college level English, MAT 095 with a grade of "C" or higher or QMAT placement score > 21

**CIS 229 - PL/SQL Programming**

This is an intermediate course in the use of Relational Database Management Systems Procedural Language, PL/SQL. The course focuses on the concepts, design and components of relational database PL/SQL programming Language, including creating record, types, defining transactions, the basics of SQL in PL/SQL and datatypes. The student will also manipulate RDBMS including functions related to multiple tables, compound and complex queries, exporting and importing tables, sub-queries, and reporting.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** CIS 228

**CIS 230 - Mobile Apps Development**

This course introduces application development for mobile devices such as Android, Windows, and web. Students program professional apps, using standard IDE (Integrated Development Environment) platforms commonly used professionally, through lectures, hands-on programming assignments, and individual and group projects.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** CIS 226

**CIS 232 - .NET Programming II**

This course emphasizes in-depth programming skills and extends the student's knowledge of Microsoft .NET and Microsoft IDE Visual Studio. The course emphasizes the use of SQL and ADO.NET for the creation of stand-alone and distributed database applications to solve common business problems. The course exposes students to n-tier and database application design, advanced error handling, and the production of flexible business reports. Advanced Visual Studio features are utilized for building Application solutions.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** CIS 223

**CIS 234 - Web Page Development II**

This course focuses on creating interactive Web sites using the latest version of XHTML, DHTML and JavaScript. Students write code for form validation, page animation, image and text rollovers, pull-down menus, slide

shows, create expandable and collapsible outlines, and mouse and keyboard events to create interactive and dynamic web sites. Students also learn to code for W3CDOM. Concepts of e-commerce are discussed.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** CIS 121 or CSC 108, CIS 134

**CIS 241 - Systems Analysis & Design**

This course introduces the student to the major design methodologies such as SDLC, RAD, Object and Agile. This course provides practical experience in feasibility studies, data gathering, analysis, and design of a business information system. Students study the various techniques that can be utilized, conduct a feasibility study, learn valid data collection processes, analyze existing systems, and design new information systems.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** CIS 228 and either CIS 121 or CSC 108

**CIS 243 - Database Management Application Development**

This course focuses on in-depth database management utilizing current database applications. Microsoft's Access is utilized to help reinforce relational database application concepts. Students learn the concepts of distributed database systems, query optimization, concurrency control, and deductive database and object-oriented database systems through lecture and hands-on activities. Topics include structural design, testing and debugging techniques, security, and backup and restart procedures. Students design and construct a complete database system.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** CIS 105 or CIS 111, Placement into college level English, MAT 095 with a grade of "C" or higher or QMAT placement score > 21

**CIS 244 - Database Management Concepts**

This course provides an overview of the skills and the knowledge of database application systems that are used in business, government, and industry. Topics include database systems, data models, the relational database

model, entity relationship modeling, normalization of database tables, advanced data modeling, introduction to Structured Query Language (SQL), database design.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** CIS 105 or CIS 111, Placement into college level English, MAT 095 with a grade of "C" or higher or QMAT placement score > 21

### **CIS 246 - .NET Programming III**

This course introduces students who are already familiar with HTML, Visual Basic, and database concepts to creating N-tier Web applications using .NET technologies such as: Active Server pages and ActiveX data objectives. Microsoft's Active Server Pages (ASP) technology allows the Internet developer to create browser-independent, dynamic Web pages by combining programmatic code with the three-tier client-server Web applications.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** CIS 134, CIS 232

### **CIS 247 - Database Administration**

This course focuses on how to fine tune a selected relational database (RDB), such as SQL SERVER/ORACLE. Topics include RDB architectural components; RDB administration tools; RDB instances; creating an RDB database; constructing Data Dictionary views; maintaining the control file; maintaining the Redo Log File; managing table spaces and data files; understanding relationships and impacts on the storage structure; managing tables, indexes and segments; maintaining data integrity; managing users, profiles, privileges, and roles; understanding and using database auditing options; using National Language Support.

**Credits:** 3

**Prerequisites:** CIS 228 or CIS 244

### **CIS 251 - Quality Assurance Foundations**

This course is one of three in a series developed to introduce students to the importance of user-oriented programming development. This course focuses on software testing concepts. Topics include fundamentals of testing, testing throughout SDLC process, static testing, and dynamic testing. Testing techniques such as Black-box and White-

box, management of testing, and testing tools are also covered. At the end of the course, students prepare to sit for ISTQB's 2018 Foundation Level Exam.

**Credits:** 1

**Semester Offered:** S

**Prerequisites:** CIS 121 or CSC 108 or CSC 201

### **CIS 252 - Information Architecture/User Interface Foundations**

This course provides fundamental methodologies for information systems user interface design requirements. Students will learn to plan and design navigation pathways for the information to flow easily and logically for the user. The focus will be on applying UI techniques that will meet the organizational information system's goals and user's requirements. The seven habits of Information Systems Interface Designers will be discussed, including understanding the business, maximum graphical effectiveness in information systems, think like a user, use of models and prototypes, focus on usability, invite feedback, and documentation.

**Credits:** 1

**Semester Offered:** S

**Prerequisites:** CIS 121 or CSC 108, CIS 134

### **CIS 253 - Security Techniques in Programming**

This course provides fundamental process and methodologies for creating secure software. Students are introduced to a variety of different software threats and vulnerabilities. Focus is placed on incorporating various techniques in the beginning of the Software Development Life Cycle.

**Credits:** 1

**Semester Offered:** S

**Prerequisites:** CIS 121 or CSC 108, CIS 134

### **CIS 280 - Deep Learning in Action: Prototyping, Deploying, and Scaling AI Models**

This course focuses on how deep learning and other AI models are built, fine-tuned, explained, and deployed to create ethical, high-impact AI solutions across different data types (i.e., images, text, audio, time series, and video data). Through iterative, hands-on labs that trace the complete supervised-learning pipeline - data collection, data labelling, modeling, evaluation, and deployment - students gain the

practical mastery to move fluently from raw data to production. Responsible design practices are woven in each step to surface social implications and align solutions with stakeholder values. This course also emphasizes human skills - communication, collaboration, critical thinking, and entrepreneurship - preparing teams to translate technical breakthroughs into viable products. Students complete capstone projects: scoping a real-world challenge, prototyping a multimodal model, and deploying it on cloud platforms. This course assumes foundational programming fluency.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** CIS 206 or CSC 101, MAT 100 or appropriate placement score

### **CIS 290 - Information Systems Capstone**

This course focuses on how data is collected, stored, transformed, manipulated, analyzed, and visualized in order to gain and present actionable insights. Through hands-on activities and action-oriented projects with industry partners, this course aims to prepare students with the data literacy needed to become not only critical consumers of the data (science) encountered in daily life, but also skilled data scientists who can produce the insights from real-world data. Using the relationships between variables, students learn about how data is used to predict future outcomes, and how to use data to answer questions about the company's products.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** CIS 112, CIS 206 or CSC 101, MAT 122

### **CIS 299 - Cooperative Work Experience**

This course provides students with a structured learning experience while applying classroom theory to a practical work experience. Students develop a learning agreement that lists the objectives they will accomplish through their work experience. Evaluation is based on satisfactory completion of the learning agreement objectives and the demonstration of soft skills such as punctuality and attitude.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** CIS 241, CPS 298, Approval of Program Coordinator

## Computer Science

### CSC 101 - Introduction to Programming Using Python

This course introduces analytical thinking and problem solving using the Python programming language. Python is a modern language popular in many scientific and engineering disciplines. Students learn key concepts that help them learn how to work with data in their disciplines. This course covers basic logic operations, creating reusable and generic functions, and the use of data structures to represent the components of a problem. Topics include control structures, iterators, functions, and basic data structures, such as list, dictionary, file, etc., which are common in many programming languages. Students implement, comment, test, and debug programs through class assignments.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** MAT 095 with a grade of "C" or higher or QMAT placement score > 21

### CSC 105 - IT Support & Service Management

This course provides a comprehensive introduction to the core skills and concepts essential for IT support professionals. Students develop proficiency in troubleshooting, customer service, communication, and technical documentation across diverse environments. Emphasis is placed on planning and managing IT support initiatives using industry best practices and modern service management frameworks. The course explores emerging technologies and support models, including AI-driven chatbots, self-service portals, remote assistance, and automated ticketing systems. Students also learn to apply generative AI responsibly through effective prompt design, ethical use, and workflow integration to enhance productivity and problem-solving. Hands-on exercises and real-world case studies provide practical experience and insight into modern IT service operations and career pathways.

**Credits:** 2

**Semester Offered:** F/S

### CSC 108 - Computer Science I

CSC 108 is the initial course in a structured five-part computer science

series, emphasizing foundational principles in procedural programming. Designed to progressively build students' expertise, proficiency, and professional ethics in software engineering, the course introduces essential programming skills through a language supportive of the procedural paradigm. Central to the curriculum is the structured programming approach, guiding students through the systematic processes of designing, coding, and testing. The course emphasizes algorithmic thinking and methodical problem-solving, teaching students to conceptualize and efficiently decompose complex problems. Key aspects of procedural programming, such as writing functions and understanding control structures (loops, conditionals), are covered in depth to instill disciplined programming practices. In addition to technical skills, the course incorporates critical themes like security awareness, human-computer interaction, and social responsibility, aligning technical learning with broader societal impacts. Clear documentation, effective naming conventions, and a consistent coding style are underscored to promote a meticulous approach to software development. Conducted using a language like C++, the course involves four hours of lectures weekly and serves as the gateway to more advanced topics in the computer science series, equipping students with a robust foundation in procedural programming and its applications.

**Credits:** 4

**Semester Offered:** F/S/SU

**Prerequisites:** CSC 101 or prior AP Computer Science A (CSA) Exam with a score of "3" or higher, Placement into college level English, MAT 100 or appropriate placement score

**Please Note:** Four hours lecture

### CSC 109 - Computer Science II

CSC 109 is the second course in a five-part computer science series, emphasizing advanced software engineering principles, focusing on abstraction and sound design. This course engages students in creating secure, reusable software components for diverse problems, highlighting the importance of reusability. Central to the curriculum is Object-Oriented Design (OOD), where students learn to structure software using objects that encapsulate data and behaviors, enhancing modularity and scalability.

The course delves into Polymorphism, allowing objects of various classes to be handled uniformly, and Abstract Classes, establishing blueprints for consistent interfaces while allowing flexible implementations. Practical exercises involve developing simple Abstract Data Types (ADTs), emphasizing documentation for reuse. Students also write assertions for class methods, fostering a deep understanding of problem-solving pre-coding, and post-coding practices including comprehensive testing with test plans and drivers. This holistic approach reinforces constructing software from well-defined, independent components and using library classes and APIs. Requiring intermediate C++ skills, the course meets for four hours weekly, bridging foundational knowledge with more complex computer science concepts, and preparing students for subsequent advanced courses.

**Credits:** 4

**Semester Offered:** F/S/SU

**Prerequisites:** CSC 108 with a grade of "C" or higher

**Please Note:** Four hours lecture

### CSC 140 - Mobile Operating Systems

This course introduces the configuration, management, and security of mobile and connected devices across personal and enterprise environments. Students gain hands-on experience with Android, iOS, and Windows mobile operating systems while exploring device integration, cloud synchronization, and mobile device management (MDM) solutions. Emphasis is placed on securing mobile technologies to support remote and hybrid workforces. Course content aligns with CompTIA A+, Network+, and Security+ exam objectives, preparing students with practical, industry-relevant skills for today's mobile and connected IT environments.

**Credits:** 3

**Semester Offered:** F/S

### CSC 141 - Operating Systems Foundations

This course offers a practical, hands-on introduction to Microsoft Windows, Linux, and other modern desktop operating systems. Students learn to install, configure, administer, and secure systems using both graphical and command-line interfaces. Topics include virtualization, file and resource

management, user account governance, automation through scripting, and system security best practices. The course also introduces the use of generative AI tools to create, analyze, and enhance digital content while improving efficiency and problem-solving in system management. Aligned with industry certifications, this course prepares students to manage and secure traditional computing environments.

**Credits:** 4

**Semester Offered:** F/S/SU

**Please Note:** Three hours lecture, three hours laboratory

### **CSC 201 - Introduction to Scripting and Automation**

This course introduces scripting as a tool for automating tasks across IT environments. Students create and manage scripts in Windows PowerShell and Linux using bash and Python. Topics include workflow automation, orchestration frameworks, code generation using artificial intelligence (AI) and secure scripting practices. Emphasis is placed on using automation to streamline IT operations and improve efficiency in enterprise environments.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** CSC 141

**Corequisites:** CST 245

### **CSC 208 - Introduction to Architecture and Assembly Language**

CSC 208 is the fourth installment of a comprehensive five-part computer science series. This course provides a comprehensive exploration of computer systems from a programmer's perspective, bridging the gap between hardware and software. Students will gain a deep understanding of how computer systems execute programs and handle data, delving into topics like data representation, machine-level code, processor architecture, memory hierarchy, system-level I/O, and network programming. Emphasizing the translation of high-level programming languages into machine code, the course enhances skills in software optimization for efficiency and performance. With interactive labs and assignments, it offers practical experience in system-level programming, exploring hardware and software design choices. This course is ideal for those aiming to deepen their knowledge in computer architecture

and system software, laying a solid foundation for advanced computer science and engineering studies.

**Credits:** 4

**Semester Offered:** S/SU

**Prerequisites:** CSC 109 with a grade of "C" or higher or ROS 109 with a grade of "C" or higher

### **CSC 210 - Data and Storage Technologies**

This course explores the technologies and strategies that power modern data storage and management in today's AI-driven, cloud-connected environments. Students study traditional and emerging storage architectures, including NAS, SAN, cloud storage, object storage, and complex infrastructures. Emphasis is placed on data lifecycle management, backup and recovery automation, disaster recovery planning, replication, deduplication, and storage security. The course also examines advancements in edge storage, AI-enabled optimization, and sustainability in data center operations. Hands-on labs utilize modern cloud and virtualization platforms.

**Credits:** 3

**Semester Offered:** S/SU

**Prerequisites:** Placement into college level English

**Please Note:** Two hours lecture, three hours laboratory

### **CSC 211 - Programming with Data Structures**

CSC 211, the third installment in a comprehensive five-part computer science series, delves into data structures and basic algorithm analysis through object-oriented programming. This course encompasses fundamental structures like lists, stacks, and queues, alongside more complex constructs such as binary and balanced trees, hash tables, priority queues, and representations of sets and graphs. Students explore a variety of algorithms, applying recursion techniques and employing common sorting and searching methods like MergeSort. The curriculum also covers graph traversal algorithms including Dijkstra's and Prim's algorithms, along with in-depth studies of depth-first traversals, divide-and-conquer strategies, backtracking, and greedy algorithms. Practical aspects involve developing and rigorously testing diverse programs using advanced C++ programming skills. This course not only strengthens programming

proficiency but also provides essential analytical skills for understanding and implementing efficient data manipulations and operations.

**Credits:** 4

**Semester Offered:** F/SU

**Prerequisites:** CIS 225 or CSC 109 with a grade of "C" or higher or ROS 109 with a grade of "C" or higher

### **CSC 212 - Introduction to Software Engineering**

CSC 212, the concluding course in the software engineering series, broadens the student's perspective to encompass the full software development lifecycle, from initial concept to ongoing maintenance. Emphasizing the analysis and design of medium-sized systems, the course includes a comprehensive team project covering analysis, design, implementation, and testing phases, along with detailed documentation and test plans. Students are introduced to design patterns and advanced programming techniques using data structures and templates. A significant aspect of the course is the integration of professional ethics, software, and information assurance, addressing security concerns and liabilities in computer-based systems. The course culminates in a collaborative research project, culminating in a presentation to a live audience. This comprehensive approach prepares students for professional software development, emphasizing ethical considerations and a thorough understanding of the software lifecycle.

**Credits:** 4

**Semester Offered:** F/S

**Prerequisites:** CSC 109 with a grade of "C" or higher or ROS 109 with a grade of "C" or higher

**Please Note:** Four hours lecture

### **CSC 233 - Computer Hardware and Emerging Devices**

This course offers foundational knowledge and hands-on study of modern computer hardware and devices across personal, networked, and cloud environments. Students learn to install, maintain, upgrade, and troubleshoot hardware components in PCs, laptops, servers, mobile, and embedded systems. Students explore next-generation technologies including Internet of Things (IoT) devices, AI accelerators (GPUs/TPUs), and AI-driven tools. The course

examines operating systems (Windows, macOS, Linux, mobile OS), networking fundamentals, and security practices. Content aligns with current CompTIA A+ certification domains and prepares students for cutting-edge IT hardware support and deployment.

**Credits:** 4

**Semester Offered:** F/S

**Corequisites:** CSC 141

**Please Note:** Three hours lecture, three hours laboratory

### CSC 234 - Networking Technologies

This course introduces modern networking concepts and technologies for small, medium, and enterprise environments. Students learn to design, configure, and troubleshoot wired, wireless, and cloud-based networks. Topics include network protocols, switching and routing, TCP/IP, wireless standards, and cybersecurity best practices. Hands-on labs focus on the configuration and management of routers, switches, firewalls, and virtual network environments. Content aligns with CompTIA Network+ certification and prepares students for managing resilient, secure, and scalable networks in today's hybrid IT infrastructures.

**Credits:** 4

**Semester Offered:** F/S/SU

**Corequisites:** CSC 141

**Please Note:** Three hours lecture, three hours laboratory

### CSC 241 - Enterprise Server Operating Systems

This course introduces students to enterprise server platforms, including Windows Server and Linux, used in today's cloud-connected and hybrid IT environments. Students gain hands-on experience configuring directory services, group policies, permissions, storage, and virtualization. Emphasis is placed on secure deployment, server roles, cloud integration, and managing hybrid on-premises and cloud-based server infrastructures. Labs reinforce practical skills and concepts aligned with Microsoft Certified, CompTIA Server+, and modern enterprise IT certification objectives, preparing students to deploy, manage, and secure scalable, resilient, and AI-enabled server systems.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** CSC 141

**Please Note:** Two hours lecture, three hours laboratory

## Computer Systems Engineering Technology

### CST 205 - IT Security Foundations

This course provides a comprehensive introduction to cybersecurity principles, including confidentiality, integrity, and availability (CIA). Students examine contemporary threats, vulnerabilities, and mitigation strategies while gaining foundational skills in cryptography, access controls, secure network design, and endpoint protection. Hands-on labs emphasize detection and prevention techniques, leveraging AI-enhanced security tools, threat intelligence, and automation for proactive defense. Content aligns with CompTIA Security+ objectives and prepares students to address security challenges in hybrid, cloud-integrated, and AI-driven IT environments.

**Credits:** 3

**Semester Offered:** S/SU

**Prerequisites:** Placement into college level English

**Please Note:** Two hours lecture, three hours laboratory

### CST 206 - Digital Forensics and Incident Response

This course introduces digital forensics and incident response in modern IT environments, emphasizing proper investigation techniques, evidence handling, and legal and ethical considerations. Students gain hands-on experience using industry-standard tools to capture, preserve, and analyze digital evidence from computers, mobile devices, cloud systems, and IoT/edge devices. Key topics include malware and ransomware analysis, file recovery, network forensics, and automated incident response workflows leveraging AI-assisted tools. Course content aligns with industry certifications such as Certified Forensic Computer Examiner (CFCE) and prepares students for careers in digital investigations in modern IT environments.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** CSC 141

**Please Note:** Two hours lecture, three hours laboratory

### CST 207 - Telecommunications in Business

This course explores telecommunications and mobile technologies in modern enterprise environments. Students examine the convergence of voice, video, and data, including VoIP, call management, IVR, unified communications, 5G, and cloud-based communication platforms. Emphasis is placed on integrating mobile devices, managing hybrid and mobile-first workforces, and securing enterprise communications using AI-assisted monitoring and automation tools. Students gain hands-on experience with emerging collaboration technologies and strategies for scalable, resilient communication systems. Content prepares students for careers in modern enterprise networking and unified communications.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** Placement into college level English

### CST 208 - Enterprise Security Management

This course provides a contemporary introduction to cybersecurity management in enterprise IT environments, integrating both technical and strategic perspectives. Students learn to design, implement, and manage secure IT systems and network infrastructures, combining hands-on technical skills with leadership, policy development, and risk management. Emphasis is placed on hybrid infrastructures, AI-driven threat detection and response, zero-trust architectures, and regulatory compliance in hybrid environments. Content aligns with (ISC)<sup>2</sup> CISSP certification domains and prepares students to lead cybersecurity initiatives, manage enterprise risk, and implement resilient, AI-enhanced security strategies in modern organizations.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** CSC 141

**CST 209 - Penetration Testing & Ethical Hacking**

This hands-on course emphasizes ethical offensive security and professional hacking methodologies used to evaluate and harden modern IT environments. Students learn structured attack workflows and adversary emulation techniques to identify and exploit vulnerabilities in web, wireless, cloud, and IoT systems while strictly following legal, ethical, and responsible disclosure practices. Topics include social engineering, red team operations, exploit development, post exploitation analysis, automated testing tools, and AI assisted vulnerability discovery and code generation. Labs feature realistic, isolated environments, capture-the-flag exercises, and collaborative blue/red team scenarios to practice both offensive and defensive responses. Content aligns with EC-Council's Certified Ethical Hacker (CEH) and CompTIA PenTest+ objectives and prepares students for careers in ethical hacking, red teaming, and security assessment.

**Credits:** 3**Semester Offered:** S**Prerequisites:** CSC 201, CST 205**Please Note:** Two hours lecture, three hours laboratory**CST 211 - Security Analysis and Governance**

This course examines advanced cybersecurity challenges in modern IT environments, including AI-enhanced attacks, IoT and mobile security, cloud vulnerabilities, and cyber warfare. Students analyze risk management frameworks, regulatory compliance, and governance models while developing strategic policies and security programs. Emphasis is placed on case studies, research, threat intelligence, and planning for cybersecurity leadership roles in on-premise, hybrid, cloud-integrated, and AI-driven organizations. Students gain practical experience in assessing organizational security posture, designing governance strategies, and making informed decisions to mitigate emerging cyber risks.

**Credits:** 3**Semester Offered:** F/S**Prerequisites:** CST 205**Please Note:** Three hours lecture**CST 231 - Network Architecture**

This course emphasizes the design and architecture of modern networks using the latest wired, wireless, and cloud technologies. Students focus on planning, designing, and implementing scalable, secure, and high-performance network infrastructures for enterprise and hybrid environments. Key technologies and protocols include TCP/IP, IPv4/IPv6, LAN, WAN, WMAN, SD-networking, VPNs, and cloud-based network services. Hands-on exercises guide students through designing wired and wireless networks, integrating hybrid cloud connectivity, and applying best practices for resilience, performance, and security. The course prepares students to architect modern networks that meet organizational, operational, and technological requirements.

**Credits:** 4**Semester Offered:** F/S**Corequisites:** CSC 234**Please Note:** Three hours lecture, three hours laboratory**CST 235 - Network Infrastructure Management**

This course introduces the concepts and technologies used to manage and secure modern computer networks. Emphasis is placed on centralized approaches for administering distributed network resources using the latest network management techniques. Students design, document, and plan the implementation of complex network management environments with a strong focus on security and resilience. Hands-on work includes configuring and using network management systems (NMS) to monitor, control, and troubleshoot network devices; leveraging AI-driven analytics and sensor technologies for performance optimization; and applying Security Operations Center (SOC) tools and practices for proactive threat detection and incident response. Students also gain experience with remote management software to maintain and troubleshoot systems and resources from a central command center.

**Credits:** 3**Semester Offered:** S**Prerequisites:** CSC 234**Corequisites:** CST 231**Please Note:** Two hours lecture, three hours laboratory**CST 238 - Enterprise Application Infrastructure**

This course explores the design, deployment, and management of enterprise applications and IT services that power modern organizations. Topics include email and collaboration platforms, customer relationship management (CRM), decision support systems (DSS), supply chain management (SCM), artificial intelligence-driven business solutions, and other widely-used enterprise software. Students gain hands-on experience integrating applications into secure enterprise environments while examining best practices in Secure Software Development Life-Cycle (SSDLC), DevOps, cloud computing, and automation.

**Credits:** 3**Semester Offered:** S/SU**Corequisites:** CSC 241**Please Note:** Two hours lecture, three hours laboratory**CST 240 - Routing Technologies**

This course introduces students to routing principles and modern network architecture for small to medium-sized enterprise environments. Students learn to configure routers, manage dynamic routing protocols, and secure routing infrastructures while designing scalable and resilient networks. Emphasis is placed on IPv4/IPv6, SDN (Software-Defined Networking), virtualized routing environments, and practical troubleshooting techniques. Hands-on labs provide experience in configuring physical and virtual routers, integrating hybrid networks, and applying industry best practices. Content aligns with Cisco Certified Network Associate (CCNA) certification objectives and prepares students for routing and network design in contemporary on-premise, hybrid, cloud-enabled IT environments.

**Credits:** 3**Semester Offered:** S**Corequisites:** CST 231**Please Note:** Two hours lecture, three hours laboratory**CST 245 - UNIX/Linux Operating Systems**

This course provides a foundation in Linux and UNIX operating systems. Students install, configure, and administer Linux in both server and

enterprise environments, covering topics such as using the Linux shells, kernel management, shell scripting, virtualization, Linux services and security hardening. Labs reinforce system administration skills aligned with CompTIA Linux+ certification.

**Credits:** 4

**Semester Offered:** F/S/SU

**Corequisites:** CSC 141

**Please Note:** Three hours lecture, three hours laboratory

### **CST 246 - UNIX Operating Systems II**

This course provides students with the knowledge to implement and maintain UNIX-based server technologies. Students install server-based Linux and those packages required to support Linux clients. Server components are discussed and then implemented by students and include: DNS, DHCP, NIS, NFS, and SAMBA. Students explore configuration of log files, remote access, task automation, security, and virtualization. After completing this course students have the required knowledge to sit for the Red Hat Certified System Administrator/Engineer (EX200 and EX300).

**Credits:** 3

**Prerequisites:** CST 245

**Please Note:** Two hours lecture, three hours laboratory

### **CST 253 - Unified Communications**

This course, one of five in a series, introduces students to the growing complexities of network and application administration in today's enterprise computing environments. This course focuses on Unified Communication technologies, including real-time enterprise communication services such as instant messaging, presence information, voice, mobility features, audio, web and video conferencing, fixed-mobile convergence, desktop sharing, data sharing, call control and speech recognition with non-real-time communication services such as unified messaging across multiple devices and media-types.

**Credits:** 1

**Semester Offered:** S

**Prerequisites:** CSC 141, CSC 234

**Corequisites:** CST 231

### **CST 298 - Cooperative Work Exploration Seminar**

This course provides a structured seminar experience focused on careers in Information Technology and Cybersecurity across industries. Through workplace exploration and guided seminar sessions, students pursue individualized learning objectives aligned with their professional goals. Emphasis is placed on reflection, peer collaboration, and connecting real-world challenges with academic knowledge. Key focus areas include career readiness, teamwork, adaptability in dynamic environments, planning and managing IT initiatives, and exposure to emerging technologies such as cloud computing, artificial intelligence, and automation. Students develop practical skills, professional insight, and strategies to succeed in today's technology-driven workforce.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** Approval of Program Coordinator, Enrollment in an Apprenticeship program

### **CST 299 - Cooperative Work Experience & Seminar**

This course provides students with an organized introduction to working in the field of Information Technology (IT) and/or Cybersecurity. Students develop a personalized learning agreement with objectives, based on employer requirements and student interests, to be accomplished throughout the work experience. During this work opportunity, students integrate fundamental skills such as communication, work ethic, and adaptability with the technical hard skills learned from classroom theory. Students are evaluated based on the demonstration of satisfactory completion of the learning objectives.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** CPS 298, Approval of Program Coordinator

## **Criminal Justice**

### **CRJ 101 - Introduction to Criminal Justice**

This course covers the philosophies and historical background of the American criminal justice system. Students discuss the organization, operation, and

processes of the justice system: police, courts, and corrections. Students learn the nature of crime, the characteristics of criminals and victims, and several contemporary issues confronting each part of the system, such as the use of force by the police, changes in sentencing practices, and the growth in the prison population.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

### **CRJ 102 - Terrorism and Homeland Security**

This course covers the fundamentals of preparing an organization and community for terrorism in the 21<sup>st</sup> century. Areas of study include the concept of threat assessment, prevention, mitigation, and response. Students learn about crisis and consequence management, and the methods used to plan for and respond to domestic terrorist incidents involving nuclear, biological, or chemical weapons of mass destruction as it relates to Homeland Security.

**Credits:** 3

**Semester Offered:** F/SU

### **CRJ 110 - Multicultural Diversity in Criminal Justice**

This course examines multicultural issues and social problems relating to the implementation of justice in a culturally diverse society. Students explore and discuss issues such as hate crimes, immigration and refugees in the United States, racial profiling, multicultural issues related to terrorism, homeland security, disaster preparedness, gangs, the homeless, and the mentally ill.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

### **CRJ 111 - Criminal Law**

This course examines the American court system from the perspective of the various ways in which antisocial or criminal behavior is stemmed or prevented by this formal mechanism of social control. Areas of study include common law, morality, decency, crimes against persons and property, and the history of several landmark cases. Students learn the statutory definitions

of crime, the importance of constitutional proscriptions, and the motivations and origins of criminal behavior.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

### CRJ 113 - Constitutional Law

This course focuses on the Bill of Rights; the Due Process clause of the Fourteenth Amendment; and, the laws of arrest, search and seizure, right to counsel, self-incrimination, and entrapment. Areas of study include judicial interpretations, civil rights, and individual liberties. Students learn the constitutional framework for criminal justice procedures and policies. The course provides a basis for understanding the principles and reasons on which the U.S. Constitution is based and the application of U.S. Supreme Court decisions.

**Credits:** 3

**Prerequisites:** Placement into college level English

### CRJ 123 - Contemporary Corrections

This course examines the history, philosophy, and components of the American corrections system. Areas of study include the origins of correctional systems in the U.S. and the development of the major programs that make up the correctional system - jails, probation, intermediate punishments, prisons, and parole. Students learn about life in prison, the management of correctional programs, the increases in imprisonment over the last two decades, rehabilitation, and controversial issues such as the death penalty.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

### CRJ 207 - Criminal Investigation

This course covers the fundamentals of investigation. Students learn the duties and responsibilities of an investigator, interview and interrogation techniques, search methods, techniques of protecting a crime scene, and the collection and preservation of evidence. Areas of study include the modus operandi system, scientific aids, electronic information gathering systems, court preparation, and case follow-up. Students learn the basics of technical writing as it applies to criminal investigation.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** ENG 101

### CRJ 211 - Evidence & Court Procedure

This course examines the adjudication process and the influence of both case law and established practices of the courts. Areas of study include due process; evidentiary rules; burden of proof; hearsay; and offender, victim, and witness recall. Students learn the relevance of constitutional law to the adjudication process and examine the processing of a real case to understand the strengths and weaknesses of the current judicial process.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** ENG 101

### CRJ 213 - Criminology

This course focuses on various criminological theories. Areas of study include early explanations of criminal behavior and their modern counterparts. Areas of study include an overview of criminological theories regarding various types of violent crimes, property crimes, business and government crimes, drug-related crimes, and fraud-related crimes. Students learn these basic theories and their relationship to criminal investigations.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

### CRJ 231 - Introduction to Policing

This course focuses on the philosophy and history of policing, limitations imposed on law enforcement in a democratic society in accordance with the Constitution; and the role and place of law enforcement in the total criminal justice process. Students study law enforcement agencies; examine the current challenges facing the contemporary police officer and practical police problems. Areas of study include homeland security, community policing, and crime control concepts. Students will be expected to demonstrate mastery of these areas before proceeding to more advanced coursework in the curriculum.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

## Culinary Arts

### CUL 111 - Introduction to Meats

This course is one part of a four-part introduction course introducing commercial food preparation and production. Students learn basic principles of commercial cookery, including methods of preparation, nutrition, cost, and organization and management of commercial kitchens. Topics include the purpose and use of recipes; portion control techniques; and the selection, cooking, and handling of Beef, Veal, Lamb and Pork. Students learn basic principles of kitchen operation and the safe usage of food service equipment. Students apply their knowledge in both HRM-run operations and in their corresponding Co-op placement.

**Credits:** 2

**Corequisites:** HRM 110 or HRM 115

### CUL 112 - Introduction to Poultry & Seafood

This course is one of a four-part introduction course introducing commercial food preparation and production. Students learn basic principles of commercial cookery, including methods of preparation, nutrition, cost, and organization and management of commercial kitchens. Topics include the purpose and use of recipes; portion control techniques; and the selection, cooking, and handling of Poultry, Fish, Shellfish and Soup. Students learn basic principles of kitchen operation and the safe usage of food service equipment. Students apply their knowledge in both HRM-run operations and in their corresponding Co-op placement.

**Credits:** 2

**Corequisites:** HRM 110 or HRM 115

### CUL 113 - Introduction to Vegetables, Fruits & Grains

This course is one part of a four-part introduction course introducing commercial food preparation and production. Students learn basic principles of commercial cookery, including methods of preparation, nutrition, cost, and organization and management of commercial kitchens. Topics include the purpose and use of recipes; portion control techniques; and the selection, cooking, and handling of Vegetables, Fruits, Potatoes, Grains and

Pasta. Students learn basic principles of kitchen operation and the safe usage of food service equipment. Students apply their knowledge in both HRM-run operations and in their corresponding Co-op placement.

**Credits:** 2

**Corequisites:** HRM 110 or HRM 115

#### **CUL 114 - Introduction to Dairy, Salads & Sandwiches**

This course is one part of a four-part introduction course introducing commercial food preparation and production. Students learn basic principles of commercial cookery, including methods of preparation, nutrition, cost, and organization and management of commercial kitchens. Topics include the purpose and use of recipes; portion control techniques; and the selection, cooking, and handling of Eggs, Breakfast foods, Dairy products, Salads and Dressings, and Sandwiches. Students learn basic principles of kitchen operation and the safe usage of food service equipment. Students apply their knowledge in both HRM-run operations and in their corresponding Co-op placement.

**Credits:** 2

**Corequisites:** HRM 110 or HRM 115

#### **CUL 131 - Pies, Pastries & Cookies**

Students learn basic principles of commercial baking, when producing pies, pastries, and cookies. Students apply their knowledge in the HRM Lab.

**Credits:** 1

**Semester Offered:** F/S

#### **CUL 132 - Cakes & Frostings**

Students learn basic principles of commercial baking, when producing cakes and frostings. Students apply their knowledge in the HRM Lab.

**Credits:** 1

**Semester Offered:** F/S

#### **CUL 133 - Custards, Creams & Desserts**

Students learn basic principles of sweet concoctions that are not baked, such as sweet custard, creams, frozen desserts and dessert sauces. Students apply their knowledge in the HRM Lab.

**Credits:** 1

**Semester Offered:** F/S

#### **CUL 141 - Trawl to Table**

Students explore the theory and practice of fisheries' sustainability through lectures, readings, laboratory exercises, and by interacting with local fishermen. This course focuses primarily on species harvested in the Gulf of Maine, with an emphasis on sustainable seafood options for local chefs.

**Credits:** 1

#### **CUL 142 - Farm to Table**

This course explores the ecology of food and sustainable food practices. Students learn how environmental and ecological health affect flavor and nutrition of farmed animals. Together the class considers the best way to locally source ingredients in a sustainable operation. Topics include foraging, farming, hydroponics on location, whole animal butchery, preservation techniques, menu planning and branding.

**Credits:** 1

#### **CUL 143 - Global Cuisine**

This course allows students to learn about and experience food through the world's diverse kitchens, exploring the deep connection between food, culture, and identity. Through hands-on cooking lessons, food history, and interactive discussions, students gain a comprehensive understanding of global cuisines and the factors that shape them, including geography, migration, and diaspora. This course introduces students to a variety of traditional and contemporary dishes, alongside the techniques and unique flavor profiles that define them.

**Credits:** 3

**Semester Offered:** F/S

#### **CUL 144 - Culinary Sustainability: Local and Indigenous Cuisine**

This course is designed for chefs to participate in the culinary industry by embracing sustainability and indigenous foods in their sourcing practices, marketing strategies, and advocacy efforts. Students explore the dynamic world of local and sustainable foods, focusing on both seafood from the Gulf of Maine and meat and produce from local farms. This course also explores early indigenous foods, the cultural significance of these foods, and the impact of colonization on these foods. The course equips chefs with the knowledge and skills needed to make ethical and environmentally conscious choices

while creating delicious, innovative, and profitable dishes.

**Credits:** 3

**Semester Offered:** F/S

#### **CUL 152 - Asian Cuisine**

Students immerse themselves in studies of the cuisines from different corners of the world, with an emphasis in Asian cuisine. Topics include menu planning, menu research and authentic reproduction of ethnic menus for service. Ingredients indigenous to Asia will play key roles in learning the native dishes, food cultures and their cooking techniques.

**Credits:** 1

**Semester Offered:** F/S

#### **CUL 153 - Middle Eastern Cuisine**

Students immerse themselves in the cuisines from countries in the Middle East. Topics include menu planning, menu research and authentic reproduction of ethnic menus for service. Ingredients indigenous to the Middle East will play key roles in learning the native dishes, food cultures and cultural cooking techniques.

**Credits:** 1

**Semester Offered:** F/S

#### **CUL 154 - Latin American Cuisine**

Students study the cuisines from different Latin American countries, regions in Africa and Mexico. Topics include menu planning, menu research and authentic reproduction of ethnic menus for service. Ingredients indigenous to various Latin countries will play key roles in learning the native dishes, food culture and cultural cooking techniques.

**Credits:** 1

**Semester Offered:** F/S

## **Dental Assisting**

#### **DAS 101 - Clinical Science I**

This course covers terminology and procedures performed in a general dental office. Students learn oral diagnosis, treatment of dental disease, management of medical emergencies, and dental therapeutics. Students will also gain familiarity in pharmacology including addiction.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** DA students only, BIO 100 with a grade of "C" or higher or BIO 111 with a grade of "C" or higher and BIO 112 with a grade of "C" or higher, DHY 125 with a grade of "C" or higher, ENG 101

**Corequisites:** DAS 102, DAS 151, DHY 131, DHY 241

**DAS 102 - Dental Sciences**

This course provides knowledge and understanding of the development, form, and function of the structures of the head and neck and oral cavity, including histology and embryology of the teeth and periodontium, and the embryonic development of the face and teeth, in order to understand the rationale behind the performance of general dentistry procedures.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** DA students only, BIO 100 with a grade of "C" or higher or BIO 111 with a grade of "C" or higher and BIO 112 with a grade of "C" or higher, DHY 125 with a grade of "C" or higher, ENG 101

**Corequisites:** DAS 101, DAS 151, DHY 131, DHY 241

**DAS 105 - Clinical Science II**

This course explores the concepts of preventive dentistry, patient education and motivation, and dental specialties. Topics include dietary considerations for the dental patient; the psychology of human behavior as it relates to working and communicating with patients, other dental personnel, and society; and, restorative dentistry equipment and methods. Students prepare for the DANB CDA examination through a review of chairside materials, laboratory materials, and procedures.

**Credits:** 4

**Semester Offered:** S

**Prerequisites:** DAS 153 with a grade of "C" or higher

**Corequisites:** DAS 111, DAS 124, DAS 155

**DAS 111 - Practice Management**

This course introduces students to office principles including reception techniques, appointment control, third-party billing, financial records, and manual and computerized accounting procedures. Students learn the basics of Microsoft Windows®, Word®, and PowerPoint®. Students learn effective oral communication through presentations

on selected topics. Students prepare for employment through study of interviewing skills and creation of a resume.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** DAS 153 with a grade of "C" or higher

**Corequisites:** DAS 105, DAS 124, DAS 155

**DAS 124 - Introduction to Oral Pathology**

This course is an introduction to the etiology, incidence, and disease process of common oral and dental pathological conditions. Students gain familiarity with diseases of the teeth and supporting structures, developmental disturbances of the oral cavity, and neoplasms; and, distinguish normal from abnormal tissue.

**Credits:** 1

**Semester Offered:** S

**Prerequisites:** DAS 153 with a grade of "C" or higher

**Corequisites:** DAS 105, DAS 111, DAS 155

**DAS 151 - Dental Assisting I**

This course prepares students to provide chairside assistance to the dentist in all phases of general and specialty dentistry. Topics include principles of four-handed dentistry, instrument use and identification, exposure control, OSHA regulations, and hazard control recommendations. Students explore dental ethics, jurisprudence, and manipulation of chairside intraoral materials. Students gain a familiarity with a professional dental setting through an externship in a local dental office.

**Credits:** 4

**Semester Offered:** F

**Prerequisites:** DA students only, BIO 100 with a grade of "C" or higher or BIO 111 with a grade of "C" or higher and BIO 112 with a grade of "C" or higher, DHY 125 with a grade of "C" or higher, ENG 101

**Corequisites:** DAS 101, DAS 102, DHY 131, DHY 241

**DAS 153 - Dental Assisting Clinical Practicum**

In the setting of a general dental office, during hours of rotation, students will apply the skills and knowledge acquired in the classroom by competently performing dental assisting functions including participating in four-handed chairside techniques and related dental assisting procedures. Students are

responsible for recruiting patients to participate in full-mouth radiographic series.

**Credits:** 2

**Semester Offered:** IN

**Prerequisites:** DAS 101 with a grade of "C" or higher, DAS 102 with a grade of "C" or higher, DAS 151 with a grade of "C" or higher, DHY 125 with a grade of "C" or higher, DHY 131 with a grade of "C" or higher, DHY 241 with a grade of "C" or higher

**DAS 155 - Dental Assisting II**

In the setting of a general and specialty dental office rotations, students apply the skills and knowledge acquired in the classroom by competently performing dental assisting functions including participating in four-handed chairside techniques and related dental assisting procedures. A minimum number of externship hours will be required. Students must attend weekly seminars to discuss extern issues and topics related to the practice of dentistry. The course also provides a review of the DANB CDA examination.

**Credits:** 6

**Semester Offered:** S

**Prerequisites:** DAS 153 with a grade of "C" or higher

**Corequisites:** DAS 105, DAS 111, DAS 124

**DAS 299 - Dental Externship**

Students apply classroom knowledge to a practical work experience. Students share learning experiences through a bi-weekly seminar conducted in conjunction with a 120-hour externship. Students prepare objectives for their work experience as part of a learning contract and portfolio.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** BSS 111, BSS 112

**Dental Hygiene****DHY 111 - Dental Hygiene Process I**

In this fundamental course, students are introduced to the dental hygiene process of care through lecture and laboratory sessions. The theoretical concepts presented in this lecture are expanded upon and applied in the laboratory setting. Emphasis is placed on patient assessment in the dental hygiene process

of care, including: disease transmission theory and regulatory guidelines, infection control practices, medical histories, vital signs assessment, intra and extra oral examination, soft and hard deposits, caries theory, removal of extrinsic stains/biofilm, dentifrices and mouth rinses, and the development of basic instrumentation skills. Skills are developed through practice on mannequins and student partners.

**Credits:** 4

**Semester Offered:** F

**Prerequisites:** BIO 232 with a grade of "C" or higher, CHM 101 with a grade of "C" or higher, DHY 125 with a grade of "C" or higher, ENG 102

### **DHY 112 - Dental Hygiene Process II**

This course continues theoretical preparation in the dental hygiene process of care. Emphasis is on the action and administration of fluorides, caries prevention, prevention and management of medical emergencies including medicolegal implications, dental hygiene care planning, introduction to ultrasonic instrumentation, health promotion, and care of special needs clients. In the clinical setting, emphasis is on patient assessment, care planning, patient education, basic hand and ultrasonic instrumentation, care of oral appliances and application of caries preventive agents. Students are expected to use critical thinking and problem solving skills when planning and implementing patient care. A Service-Learning component integrates with the academic experience.

**Credits:** 5

**Semester Offered:** S

**Prerequisites:** BIO 232 with a grade of "C" or higher, DHY 116 with a grade of "C" or higher

### **DHY 113 - Dental Hygiene Process Summer Clinic**

This course continues preparation in the dental hygiene process of care and emphasizes developing and refining hand and ultrasonic instrumentation skills, medical emergency drills, protocol for dietary counseling, intraoral photography and an introduction to supportive periodontal treatment. Students demonstrate their understanding of the dental hygiene process of care in implementation and evaluation using critical thinking, problem solving and sound judgment in providing direct

patient care in supervised clinical sessions.

**Credits:** 1

**Semester Offered:** SU

**Prerequisites:** BIO 232 with a grade of "C" or higher, DHY 112 with a grade of "C" or higher, DHY 124 with a grade of "C" or higher, DHY 126 with a grade of "C" or higher, DHY 150 with a grade of "C" or higher, DHY 250 with a grade of "C" or higher

### **DHY 116 - Practice Management for the Dental Hygienist**

This course introduces students to the duties related to dental practice management administrative functions and to dental office software, as it relates to the provision of clinical services used in the day-to-day operations in a dental setting. Students learn interpersonal and communication skills as well as basic computer skills to utilize dental practice management software for basic office procedures.

**Credits:** 1

**Semester Offered:** IN

**Prerequisites:** DHY 111 with a grade of "C" or higher, DHY 121 with a grade of "C" or higher, DHY 123 with a grade of "C" or higher, DHY 131 with a grade of "C" or higher, PSY 101

### **DHY 121 - Anatomy of the Head & Neck**

This course provides a theoretical and practical study of the anatomy of the head and neck. Students apply this foundational knowledge of anatomical principals and concepts to dental hygiene practice and the provision of comprehensive dental hygiene care. Students will gain in depth knowledge in head and neck anatomy including: anatomical nomenclature, identification of dento-osseous structures, location and function of muscles, nerves, lymphatics, glandular tissues, blood supply and the anatomy involved in the administration of local anesthesia.

**Credits:** 2

**Semester Offered:** F

**Prerequisites:** BIO 112 with a grade of "C" or higher, CHM 101 with a grade of "C" or higher, DHY 125 with a grade of "C" or higher, ENG 101

### **DHY 123 - Oral Histology & Embryology**

The student will study the microscopic anatomy of the oral tissues. Oral structure and its embryonic development

and function will be presented. The student will gain knowledge in the cellular structure and embryonic development of the head, face, and oral cavity.

**Credits:** 2

**Semester Offered:** F

**Prerequisites:** BIO 112 with a grade of "C" or higher, CHM 101 with a grade of "C" or higher, DHY 125 with a grade of "C" or higher, ENG 101

### **DHY 124 - Periodontology**

This course provides a gross and microscopic study of the anatomy and physiology of the supporting structures of the teeth. The student will gain theoretical and practical knowledge in the etiology, the classification, and principles of examination and treatment of periodontal disease. An ability to recognize normal versus abnormal states of periodontium tissues is an expected learner outcome.

**Credits:** 2

**Semester Offered:** S

**Prerequisites:** DHY 116 with a grade of "C" or higher

### **DHY 125 - Dental Anatomy**

This course examines the anatomy and morphology of the human permanent and primary dentitions. The student will gain a theoretical and practical knowledge of tooth anatomy and relate those anatomical principles to the dental hygiene process of clinical care. The student will identify the anatomy of the human teeth. The lab component of this course will allow students to transfer that knowledge to the associated clinically-related activities.

**Credits:** 1

**Semester Offered:** SU

**Prerequisites:** DA or DH students only, BIO 100 with a grade of "C" or higher or BIO 111 with a grade of "C" or higher and BIO 112 with a grade of "C" or higher, Placement into college level English

### **DHY 126 - Oral Pathology**

The student is introduced to the basic principles and process of pathology. Emphasized are the disease process, pathology of the oral cavity, and their relationship to caring for the total patient. The student is expected to recognize visually normal and abnormal tissue and gain a theoretical and practical

knowledge of diseases of the teeth and supporting structures and developmental disturbances of the oral cavity and neoplasms.

**Credits:** 2

**Semester Offered:** S

**Prerequisites:** DHY 116 with a grade of "C" or higher

### DHY 131 - Dental Radiology

This course introduces the principles and practices of dental radiology, emphasizing radiation safety, image production, and x-ray beam control. Students explore the historical development of dental imaging and the fundamentals of radiation biology, while applying protocols for radiation protection and quality assurance, as governed by Federal and State regulations. Through classroom instruction and hands-on laboratory experience, students learn exposure techniques, image processing, patient management, and basic interpretation skills to prepare for clinical application in a dental setting.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** BIO 100 with a grade of "C" or higher or BIO 111 with a grade of "C" or higher and BIO 112 with a grade of "C" or higher, DHY 125 with a grade of "C" or higher, ENG 101

### DHY 150 - Local Anesthesia for the Dental Hygienist

This course provides the dental hygiene student with the essential skills and knowledge necessary to deliver safe and effective administration of local anesthetics for pain control. Through lectures and clinical experience, students learn to select appropriate anesthetic agents for each patient, select and prepare local anesthetic equipment, locate anatomical landmarks for each injection site and provide comfortable and safe maxillary and mandibular injections. Emphasis is placed on prevention, recognition and management of complications associated with local anesthetic administration. Students serve as patients for each other during laboratory sessions.

**Credits:** 2

**Semester Offered:** S

**Prerequisites:** DHY 116 with a grade of "C" or higher

### DHY 201 - Health Promotion

This course examines the role of the dental hygiene professional in the promotion of patient-client health and well-being and in the prevention of disease. The multiple dimensions of health will be integrated with theories, principles, and processes of teaching and learning, communication, motivation and strategies for behavior change. Particular patient populations with unique health promotion needs are also presented. The learner will gain an overview of holistic nature of health and the importance of patient-provider relationships.

**Credits:** 2

**Semester Offered:** F

**Prerequisites:** DHY 113 with a grade of "C" or higher

### DHY 202 - Dental Ethics, Jurisprudence & Professional Issues

This course explores the ethical and legal obligations of the Dental Hygiene professional. Content will include the major ethical theories applied in healthcare, the ethical code of the Dental Hygiene profession, and the resolution of ethical dilemma. The learner will become familiar with the legal regulation of their profession including practice acts, licensure, risk management, and quality assurance. A component of the course experience is devoted to preparing for dental hygiene employment and includes current professional issues, preparation of a resume, participation in employment interviews and selecting a career position.

**Credits:** 2

**Semester Offered:** S

**Prerequisites:** DHY 201 with a grade of "C" or higher, DHY 211 with a grade of "C" or higher, DHY 231 with a grade of "C" or higher, DHY 241 with a grade of "C" or higher

### DHY 211 - Dental Hygiene Process III

This course continues the preparation in the dental hygiene process of care and emphasizes the theory of implementation of care for periodontally involved patients including advanced periodontal instrumentation, and the use of chemotherapeutic agents. Students evaluate dental hygiene care through case study applications. This course emphasizes the student demonstrating understanding of dental hygiene implementation and evaluation using critical thinking, problem solving,

professional demeanor and sound judgment in providing direct patient care in supervised clinical sessions.

**Credits:** 5

**Semester Offered:** F

**Prerequisites:** DHY 113 with a grade of "C" or higher

### DHY 212 - Dental Hygiene Process IV

This clinical theory course emphasizes the role of the dental hygienist in various dental specialties, including, but not limited to: General, Orthodontics, Pediatric Dentistry, Endodontics, Periodontics and Oral surgery practice. The clinical component emphasizes continued development in the delivery of the dental hygiene process of care while demonstrating independent decision-making, critical thinking and problem-solving skills focusing on the periodontally involved patients requiring advanced instrumentation skills. Service-learning externships include oral health promotion and provision of services to specific target populations in the community.

**Credits:** 6

**Semester Offered:** S

**Prerequisites:** DHY 201 with a grade of "C" or higher, DHY 211 with a grade of "C" or higher, DHY 231 with a grade of "C" or higher, DHY 241 with a grade of "C" or higher

### DHY 231 - Dental Pharmacology

This course studies the basic principles of pharmacology and anesthesiology and applies this knowledge to the treatment of patients. The student will gain knowledge of drugs, drug actions, and the efficacy of both those drugs used in dentistry and those impacting on the treatment of patients. The course content will include the physical and chemical properties, preparations, mode of administration, and effect on body systems, as well as reference to medical emergencies associated with dental treatment.

**Credits:** 2

**Semester Offered:** F

**Prerequisites:** DHY 113 with a grade of "C" or higher

### DHY 241 - Dental Materials

This course studies the physical properties of dental materials encompassing principles of various materials, composition, and uses. The

student will be introduced to a variety of dental materials in the classroom and laboratory settings. Emphasis is placed on the rationale for use of particular materials, selection criteria for various manipulative techniques of materials, and the importance of knowledge of materials for the dental hygienist and how these affect his/her responsibility in a clinical setting.

**Credits:** 2

**Semester Offered:** F

**Prerequisites:** BIO 100 with a grade of "C" or higher or BIO 111 with a grade of "C" or higher and BIO 112 with a grade of "C" or higher, DHY 125 with a grade of "C" or higher

### **DHY 243 - Dental Public Health**

This course introduces dental public health and community dentistry. Emphasis is placed on the dental care delivery system, public health methodology, scientific evaluation, health care financing, and patient groups being served. The student will utilize classroom presentation and discussion, outside research, library assignments, and community experiences to become familiar with this aspect of the healthcare delivery system.

**Credits:** 2

**Semester Offered:** S

**Prerequisites:** DHY 201 with a grade of "C" or higher, DHY 211 with a grade of "C" or higher, DHY 231 with a grade of "C" or higher, DHY 241 with a grade of "C" or higher

### **DHY 250 - Nutrition in Oral and Systemic Health**

This course provides an overview of the function and the food sources of nutrients essential to systemic and oral health with an emphasis on the role of nutrients in the development and maintenance of the oral tissues throughout the life cycle. Attention is given to specific life cycle nutrition and health issues that may impact oral health. The information is integrated and utilized in dietary assessment practices and nutritional instruction.

**Credits:** 2

**Semester Offered:** S

**Prerequisites:** DHY 116 with a grade of "C" or higher

## **Early Childhood Education**

### **ECE 101 - Introduction to Early Childhood Education**

This course is an introduction to early childhood education. Students study the history of the field, including theories and fundamentals essential to quality programming for young children. Course content includes studies of child development framed with an anti-bias lens with respect to diversity in race, culture, gender expression, family configuration, and language. Students learn state health and safety regulations, legal and ethical considerations in teaching, and standards of high-quality teaching practices. Students review the goals, benefits, and appropriate uses of assessment through observations conducted in the Children's School: QCC's Early Childhood Education Lab School; local, licensed Child Care program; or public school.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

### **ECE 102 - Growth & Development of the Young Child**

This course covers the dynamics of child growth and development from birth to eight (8) years of age. Students identify a range of child growth and development theories and study cultural, economic, political, psychodynamic, and historical contexts that affect development. Through developmental observations, students describe children's physical, cognitive, social, and emotional development at various stages, including infant/toddler, preschool, and young school age.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

### **ECE 112 - Family Issues & Dynamics**

This course focuses on the family life cycle, economics, family interactions and patterns, and family diversity; and, the course examines the effect these variables have on children's growth and development. Students relate these variables to their own personal family history and then examine this information in order to support children and families in school settings.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

### **ECE 123 - Fieldwork with Infants and Toddlers (Observation and Experience)**

Students spend the first part of this course observing infants and toddlers to become familiar with the growth and developmental stages of these children. Specific observations cover the physical, social, cognitive and emotional needs of infants and toddlers. The impact of the caregiver's ability to nurture, support and encourage and set limits is also considered. Students, under the supervision of a licensed infant/toddler teacher, take part in the daily routines, interact with the children and build competencies necessary to become a competent infant/toddler teacher.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** Placement into college level English

### **ECE 150 - Introduction to Student Teaching Practicum**

This course requires students to participate in 150 hours of practical classroom experience working with children under the age of seven (7) in either the Children's School: QCC's Early Childhood Education Lab School or a community school setting under faculty supervision. Competencies introduced include maintaining a developmentally appropriate, safe, and inclusive learning environment; developing, implementing, and evaluating appropriate activities for young children; demonstrating positive and intentional interactions with children; and using positive guidance strategies. Students will demonstrate strategies that keep children safe and healthy. Students participate in seminar and observations with faculty.

**Credits:** 4

**Semester Offered:** F/S/SU

**Corequisites:** ECE 102

### **ECE 202 - Fieldwork with Young Children I**

This course provides onsite supervision and consultation for students who are developing skills and competencies as they work directly with young children in a school setting (ages 2.9-under seven years old and not yet enrolled in first grade). Early Childhood Education faculty

observe and consult with students during this process. Students demonstrate and document competence in the following areas: setting up and maintaining a safe, healthy learning environment for children; providing positive guidance for children; implementing an age appropriate, culturally sensitive curricula; providing appropriate social experiences for young children; communicating and cooperating with team members appropriately; documenting self-growth over time; and demonstrating awareness of the total classroom at all times.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** ECE 102

### **ECE 221 - Infant & Toddler Curriculum and Development**

This course examines the developmental stages of infants and toddlers. Using a holistic approach, students explore health and safety concerns, plans for stimulating learning experiences, and the design of indoor and outdoor environments specific to infants and toddlers. Students plan developmentally appropriate infant/toddler curricula and explain the connection between the physical environment and quality programs for infants and toddlers.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** ECE 150

### **ECE 231 - Curriculum for Young Children I**

This course examines the value and functions of equipment, multicultural materials, and developmentally appropriate activities for young children. Students learn how to develop curriculum that promotes sensitivity toward diversity through hands on classroom activities using the Massachusetts Early Childhood Program Standard and Guidelines for Preschool Learning Experiences. Attention is given to special accommodations to meet the needs of all children. A professional portfolio is developed during this course.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** ECE 101, ECE 102 or PSY 123, ENG 101

**Corequisites:** ECE 251, ECE 253

### **ECE 232 - Curriculum for Young Children II**

This course focuses on curriculum planning that is developmentally

appropriate for young children. Students create and design plans and physical space using the Massachusetts Early Childhood Program Standards and Preschool Learning Experiences as a guide. Students implement the plans in a classroom setting (ECE 254), and address the effectiveness of their plans through observation and assessment procedures. Attention will be given to special accommodations to meet the needs of all children.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** ECE 231, ECE 251, ECE 253, ENG 101

**Corequisites:** ECE 252, ECE 254

### **ECE 238 - Supervision, Coaching and Mentoring in Early Childhood Settings**

This course covers the critical elements involved in on-site supervision, coaching and mentoring in early childhood settings. The course emphasizes observing, recording, and analyzing data, and giving constructive feedback to the classroom teacher. Students develop conference skills and interpersonal communication strategies, demonstrate team-building skills and sensitivity to cultural issues, and gain knowledge of basic adult development. Students also write formative and summative evaluations.

**Credits:** 3

**Prerequisites:** ENG 101

### **ECE 242 - Inclusive Practices in Early Childhood Education**

This course explores ways of meeting the challenges of young children with diverse needs. Students study specific diagnosed disabilities as well as giftedness. Students learn ways to construct and design environments to support children and their families. Students are introduced to evolving social policies and legislation supportive of young children with special needs and their families and observe intervention programs for young children.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** ECE 102 or PSY 123, Placement into college level English

### **ECE 243 - Administration in Early Education and Care**

This course covers the administration routines and activities in a variety of early

care and education settings. Content includes program and staff management, community relationship skills, budgeting, staffing, and program development. Students review meeting standards and license requirements, encouraging parent participation, and fundraising. Students explore elements of supervision and policy formation.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** ECE 102 or PSY 123

### **ECE 244 - Communication for Collaboration**

This course emphasizes leadership skills needed for communication and collaboration within Early Childhood Education settings. Students examine adult development and individual style in relationship to leadership skills in early education settings. The role emotional intelligence plays in interpersonal dynamics and communication when working with staff and families is addressed.

**Credits:** 3

**Prerequisites:** ECE 102 or PSY 123

### **ECE 245 - Advocacy and Ethics for Social Justice in Early Care and Education**

This course examines the critical role advocacy plays in early education and care. Students use the National Association for the Education of Young Children's Code of Ethics in their work to support advocacy for quality early childhood programs, and in addressing local/international issues for children and families.

**Credits:** 3

**Prerequisites:** ECE 102 or PSY 123

### **ECE 246 - Seminar and Field Experience: Leadership in Early Education and Care**

This course examines students' field experiences in connection with leadership skills and competencies. Students select a focus competency directly related to the early childhood field experience and assume a leadership role working with staff and families. Seminar sessions support the students' self-examination of leadership competencies. Students demonstrate these specific leadership competencies in class and at the fieldwork placement. Skills required include reflective and analytical thinking, demonstration of logic, use of supportive interpersonal skills, clear written and

oral communication and the ability to problem solve in group settings.

**Credits:** 3

**Prerequisites:** ECE 102 or PSY 123

### **ECE 250 - Observing, Recording, and Authentic Assessment**

This course focuses on observation, documentation and assessment of young children. Students conduct extensive observations of young children in natural settings. The course provides students with a working knowledge of young children with special needs, individual planning and anti-bias strategies for inclusion.

**Credits:** 3

**Semester Offered:** F/S

**Corequisites:** ECE 254

### **ECE 251 - Integrating Theory and Practice I: Guidance of Young Children**

This course covers major theories of Early Childhood Education and the Guides to Speech and Action developed by Katherine Baker. The implications of cultural, positive guidance practices as stated in the Department of Early Education and Care Child Guidance Policy, and the Massachusetts Early Childhood Program Standards and inclusion strategies compose the major focal area of this course. Students increase awareness of political and social issues that influence the lives of children, families, and the field of early education and care. Students observe young children throughout the course to identify positive guidance strategies, improve recording, observation and assessment skills.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** ECE 101, ECE 102 or PSY 123, ECE 112, ENG 101

**Corequisites:** ECE 231, ECE 253

### **ECE 252 - Integrating Theory and Practice II: Observing, Recording and Authentic Assessment**

This course focuses on observation, documentation and assessment of young children based on the developmental theories covered in ECE 251. Students conduct extensive observations of young children in natural settings. Students record their observations and interpret the data. The course provides students with a working knowledge of young children with special needs, individual

planning for inclusion, anti-bias strategies for inclusion and professional portfolio development.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** ECE 251

**Corequisites:** ECE 232, ECE 254

### **ECE 253 - Supervised Student Participation I**

This course provides students with practical experience (150 hours) working with young children in the Quinsigamond Children's Laboratory School and in a community school setting under faculty supervision. Competencies introduced include working as a team member; developing, implementing and evaluating appropriate activities for young children; demonstrating positive guidance strategies and including strategies identified in the Office of Child Care Services Guidance Policy; keeping children safe and healthy; and, creating and maintaining a developmentally appropriate inclusive learning environment.

**Credits:** 4

**Semester Offered:** F

**Prerequisites:** ECE 101, ECE 102 or PSY 123, ECE 112, ENG 101

**Corequisites:** ECE 231, ECE 251

### **ECE 254 - Student Teaching Practicum II**

This course provides the students, working under faculty supervision, with an extended opportunity (150 hours) to relate theory to classroom practice in the Quinsigamond Children's School: Early Childhood Education Lab School, community childcare, or public school. Students observe children closely and use guidelines as set by the state of Massachusetts to plan, implement, and evaluate curricula for young children. Students set up and maintain the total learning environment, provide appropriate guidance for young children and implement inclusion strategies as needed.

**Credits:** 4

**Semester Offered:** F/S

**Prerequisites:** ECE 221 or ECE 258

**Corequisites:** ECE 250

### **ECE 255 - Guiding Young Children's Behavior**

This course focuses on the examination and interpretation of behavior in young

children and introduces a variety of positive approaches to guidance. Students discover how materials and use of space contribute to children's behavior; learn appropriate strategies to guide children toward cooperation and productive interactions with others; and develop realistic expectations of young children according to the child's developmental level.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** ECE 102

### **ECE 258 - Early Childhood Curriculum**

This course examines how to develop a curriculum that supports the growth and development of the whole child. Students discover how curriculum can be both planned and emergent in nature. Creative arts, dramatic play, STEM, and literacy are explored in connection with state and national standards. The course focus promotes sensitivity toward diversity and attention is given to special accommodations to meet the needs of all young children.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** ECE 150

### **ECE 259 - Seminar and Field Experience: Classroom Teaching in Early Education and Care**

This course examines students' field experiences in connection with their classroom teaching experience. Students focus on skills related to classroom teaching including behavior management, working with families, interactions with colleagues and curriculum facilitation. Seminar sessions support the students' self-examination of their classroom teaching. Students demonstrate these specific skills in class and at the fieldwork placement.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** ECE 102, ENG 102

### **ECE 260 - Introduction to Trauma Informed Care in Early Childhood Settings**

This course explores the multiple impacts of trauma on the developing child along with ways to build resiliency. The role of the teacher, in the context of the child's larger circle of protective factors, is developed in terms of social emotional learning (SEL), family support

and engagement, setting up the physical environment, advocacy, and self-care. An evidence-based approach, through trauma-informed best practices, guides the learning, where students will practice and apply course concepts in an early childhood classroom in a 15-hour faculty-guided field component.

**Credits:** 4

**Prerequisites:** ECE 102

### **ECE 261 - Best Practices in Trauma Informed Care in Early Childhood Settings**

This course addresses in greater detail the key themes and concepts identified in ECE 260. Through evidence-based practice, students develop an increased capacity to work with children and families who have experienced trauma. Skills will be reinforced through continued self-reflective practice, practical application, and in-depth analysis of the child's environment. Students will continue to practice and apply course concepts in the early childhood classroom and meet with faculty in a 15-hour guided field component. Faculty will guide reflective discussion around implementing competencies in the early childhood classroom.

**Credits:** 4

**Prerequisites:** ECE 102, ECE 260

## **Economics**

### **ECO 215 - Principles of Macroeconomics**

The course examines the broad and general aspects of an economy and covers the traditional macroeconomic elements of an introductory economics program. Students study the theories of supply and demand, national income, fiscal and monetary policy, cyclical fluctuations, economic growth, inflation, employment, and international trade. Students learn how to understand and interpret statements and policies made by both national and world leaders.

**Credits:** 3

**Semester Offered:** F/S/SU

**Corequisites:** ENG 101

### **ECO 216 - Principles of Microeconomics**

The course examines particular aspects of an economy and covers the traditional microeconomic elements of an introductory economics program.

Students study pricing, input/output costs, resource allocation, farm policy, income distribution, and environmental issues. Students gain an understanding of various market structures as they relate to the national economy.

**Credits:** 3

**Semester Offered:** F/S/SU

**Corequisites:** ENG 101

## **Electromechanical Technology**

### **ELM 251 - Instrumentation and Control Technology**

This course covers the theory and application of mechanical processes and their control circuits. All major aspects of a control system are studied, including controllers, drivers, actuators, sensors and feedback control. Topics include PMDC motors, stepper motors, brushless motors, sensors, transducers, and servomechanisms. Students gain skills designing, characterizing, and troubleshooting small-scale control systems. LabVIEW is introduced and used throughout the course for data acquisition and control.

**Credits:** 4

**Semester Offered:** F/S

**Prerequisites:** ELT 104, ELT 121

**Please Note:** Three hours lecture, three hours laboratory

### **ELM 257 - Introduction to Programmable Logic Controllers**

In this course, students gain valuable knowledge and skills in the use of programmable logic controllers (PLCs) to control manufacturing processes. Students learn the parts of a PLC system and how each part contributes to an effective system of control. In the lab, students connect a PLC to various input and output devices using proper wiring methods, write PLC programs using ladder logic, and apply troubleshooting techniques.

**Credits:** 4

**Semester Offered:** F/S

**Prerequisites:** ELT 103

**Please Note:** Three hours lecture, three hours laboratory

### **ELM 258 - Mechatronic Systems**

This course provides students with a systems-level overview of mechatronic

systems and how they are integrated into today's highly automated manufacturing environments. Topics include equipment safety, power distribution, pneumatics, controller I/O, SCADA networks, HMI programming, and manufacturing execution systems (MES). Students learn and practice systematic troubleshooting, problem solving, and preventive and corrective maintenance. Classroom material is reinforced by lab activities using a highly automated manufacturing system and other mechatronic systems.

**Credits:** 4

**Semester Offered:** F/S

**Corequisites:** ELM 257

**Please Note:** Three hours lecture, three hours laboratory

### **ELM 260 - Industrial Robotics**

This course is an introduction to robotics as used in modern industry. Students explore coordinate systems, control systems, drive systems, and various methods of programming. In the laboratory, students complete a series of projects that require them to program robots to perform a variety of work cell tasks. Students practice industrial robot safety at all times. Students completing this course receive Fanuc CERT Certification, an internationally recognized robotics certification.

**Credits:** 4

**Semester Offered:** F/S

**Prerequisites:** ELT 121 or MNT 115

**Please Note:** Three hours lecture, three hours laboratory

## **Electronics Engineering Technology**

### **EET 299 - Cooperative Work Experience**

This course provides students with a structured learning experience while applying classroom theory to a practical work experience. Students develop a learning agreement that lists the objectives they will accomplish through their work experience. Evaluation is based on satisfactory completion of the learning agreement objectives and the demonstration of soft skills such as punctuality and attitude.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** CPS 298, Approval of Program Coordinator

## Electronics Technology

### ELT 103 - DC and AC Circuits

This course introduces students to DC and AC electrical circuits. Students learn the concepts of voltage, current, resistance, magnetism, and power and energy and the relationships between them. Methods of circuit analysis using Ohm's Law, Kirchhoff's Laws, and network theorems are studied. Concepts of AC, capacitance, and inductance are presented. Impedance, R-L-C circuits, and impedance networks are introduced. In the laboratory, students learn how to read electrical schematics and construct circuits using proper wiring and soldering techniques. Students use a variety of test equipment including digital multi-meters, oscilloscopes, and function generators to analyze and troubleshoot circuits.

**Credits:** 4

**Semester Offered:** F/S

**Prerequisites:** Placement into college level English, MAT 095 with a grade of "C" or higher or QMAT placement score > 21

**Please Note:** Three hours lecture, three hours laboratory

### ELT 104 - Electronic Devices

In this course, students learn the operating principles of diodes, transistors, thyristors and amplifiers, and practical applications to regulate voltage, control power, and amplify signals. In the lab, students construct, test, and analyze circuits involving rectifier diodes, LEDs, Zener diodes, bipolar and field-effect transistors, SCRs, triacs, and operational amplifiers. Students develop skills reading and drawing schematics, using electronic test equipment, and troubleshooting circuits.

**Credits:** 4

**Semester Offered:** F/S

**Prerequisites:** ELT 103

**Please Note:** Three hours lecture, three hours laboratory

### ELT 120 - Introduction to Photonics

This course provides students with an introduction to the fundamentals of optics, including the nature of light, light sources, and light propagation and interaction with matter in terms of geometrical optics and physical (wave) optics. This course gives students the opportunity to learn how to apply the

principles of optics in a laboratory setting to conduct experiments and solve real world problems.

**Credits:** 4

**Semester Offered:** F

**Prerequisites:** Placement into college level English, MAT 095 with a grade of "C" or higher or QMAT placement score > 21

**Please Note:** Three hours lecture, three hours laboratory

### ELT 121 - Digital Circuits

This course explores digital fundamentals including number systems, digital code, logic gates, Boolean algebra, combinational logic, and flip-flops. Students learn the functions of the basic digital circuits used in all areas of Electronics. Students learn the operation of a digital electronic circuit, troubleshooting components of digital electronic circuits, binary and hexadecimal number systems, and Boolean rules and laws used to describe and construct gate networks.

**Credits:** 4

**Semester Offered:** F/S

**Prerequisites:** Placement into college level English, MAT 095 with a grade of "C" or higher or QMAT placement score > 21

**Please Note:** Three hours lecture, three hours laboratory

### ELT 130 - Embedded Microcontrollers

This is a project-based course where students apply the concepts they learn in ELT 103 and ELT 121 to microcontroller-based systems. Students gain valuable experience reading schematics and wiring diagrams, interfacing real-world devices to microcontroller inputs and outputs, and programming the microcontroller to perform various functions. Students also practice PC board design, soldering, and troubleshooting techniques.

**Credits:** 4

**Semester Offered:** F/S

**Prerequisites:** ELT 103, ELT 121

**Please Note:** Three hours lecture, three hours laboratory

### ELT 222 - Photonics Technology

In this course, students apply the principles learned in Introduction to Photonics to investigate the operation and applications of modern photonic

systems, including lasers, optical fibers, and detectors. Students learn how photonic systems operate, and apply those systems to analyze and solve real world problems.

**Credits:** 4

**Semester Offered:** S

**Prerequisites:** ELT 120

**Please Note:** Three hours lecture, three hours laboratory

## Elementary Education

### EDU 101 - Elementary Education: Teaching and Learning

This course provides students with a view of elementary schools as they are today. Historical, philosophical, and pedagogical perspectives are examined. Students examine curriculum, teaching strategies, and assessment models to gain insight and acquire skills in current methodologies employed in elementary settings. A pre-practicum of 24 hours beyond classroom time is required for successful completion of the course.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** Placement into college level English

### EDU 103 - Foundations of Multicultural Education & Diversity

This course examines the relationship of cultural values and social contexts to the formation of the child's self-concept and success in the educational environment. An examination of the role of prejudice, stereotypes, institutional racism and sexism, and cultural incompatibilities in education will be included. Emphasis on considering different world views, preparing future teachers to offer an equal educational opportunity to children of all cultural groups, and considering course concepts in relationship to the work environment. A pre-practicum of 24 hours beyond classroom time is required for successful completion of the course.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** EDU 101, ENG 101

### EDU 202 - Children with Exceptionalities

This course explores ways of meeting the diverse needs of children with exceptionalities. Students study how to differentiate instruction and design

environments to meet the needs of all learners. Students are introduced to evolving social policies and legislation supportive of children with exceptionalities and their families. A pre-practicum of 24 hours beyond classroom time is required for successful completion of the course.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** EDU 103, PSY 123

### **EDU 203 - Seminar in Elementary Education**

This course supports students preparing for careers in education. Students explore the MA educator licensure process, review assessment pathways, and develop strategies for success on licensure exams. Students engage in educational and career planning, examine contemporary issues in education, and practice advocacy to promote equitable learning environments that support student learning and development.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** EDU 103, ENG 102, a minimum of 30 credits

### **EDU 204 - Foundations of Reading**

This course provides a strong foundation in the best practices of literacy instruction. Essential areas of reading instruction are addressed: understanding phonological and phonemic awareness, the use of phonics, vocabulary development, fluency, comprehension, assessment, and writing. The course offers opportunities to gain knowledge of the mechanics of the reading process and to design and implement effective instruction for various student populations. A pre-practicum of 24 hours beyond classroom time is required for successful completion of the course.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** EDU 202

## **Emergency Medical Technician**

### **EMT 101 - Basic Emergency Medical Technology**

This course is designed to train individuals who respond to emergency calls for immediate care to the critically

ill or injured and who transport patients to a medical facility. Students develop skills to determine the extent of illness or injury and establish priorities for emergency care. Topics include techniques in opening and maintaining an airway, cardiac resuscitation, controlling hemorrhage, treating shock, immobilizing fractures, assisting childbirth, managing behavioral emergencies, and light rescue skills including freeing patients from entrapment.

**Credits:** 7

**Semester Offered:** F/S/SU

## **Engineering**

### **ERG 100 - Introduction to Engineering**

This course is designed to introduce students to foundational concepts, professional practices, and diverse disciplines within engineering. Through lectures, guest speakers, hands-on activities, and team-based design challenges, students develop problem-solving skills, learn technical communication methods, and understand the ethical responsibilities inherent in the profession. Key topics include the engineering design process, different engineering branches, basic technical drawing (AutoCAD), data analysis using spreadsheets, cost estimation, and professional ethics.

**Credits:** 3

**Semester Offered:** F/S

### **ERG 101 - Engineering Design and Graphics Using CAD**

This course focuses on engineering drawing utilizing computer-assisted drawing (CAD) techniques. It introduces descriptive geometry and the basic theory of orthographic projections. Students create orthographic, isometric, sectional views and assembly drawings and dimensioning using CAD software.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** MAT 124

### **ERG 211 - Introduction to Materials Science**

This course explores the fundamental properties of engineering materials utilizing micro and macro methods of material design. Students learn the atomic structures, chemical properties,

and physical behavior of engineering materials, including biomaterials.

**Credits:** 3

**Semester Offered:** F/SU

**Prerequisites:** CHM 123, PHY 105

### **ERG 221 - Statics**

This course covers a vector approach in studying static systems. Areas of study include the resultant of concentrated and distributed force systems, two and three-dimensional equilibrium, trusses, plane friction, centeroids, and moments of inertia. Students learn how to use integral equations to determine centeroids and moments of inertia for various geometrical shapes and derive and graph equations of shear and moment.

**Credits:** 3

**Semester Offered:** F/IN

**Prerequisites:** PHY 105

**Corequisites:** MAT 235

### **ERG 223 - Thermodynamics**

This course introduces the laws of thermodynamics through the study of systems and the flow of energy across system boundaries. Students learn the First Law of Thermodynamics (utilizing heat, energy, work, enthalpy) and the Second Law of Thermodynamics (and the property of entropy) and their macroscopic and microscopic implications. The course focuses on the application of thermodynamics to engineering systems.

**Credits:** 3

**Semester Offered:** S/SU

**Prerequisites:** CHM 124, MAT 235, PHY 107

### **ERG 225 - Strength of Materials**

This course emphasizes stress and strain and the mechanical properties of materials. Topics include axial load, torsion, bending and deflection of beams, Hooke's Law, Mohr's circle, transfer shear, combined loading, stress, strain transformation, design of beams, and buckling of columns. Students use integral and differential equations to solve problems in design of beams and structures.

**Credits:** 3

**Semester Offered:** S/SU

**Prerequisites:** ERG 221, MAT 235

**Corequisites:** MAT 238

**ERG 280 - Engineering Computation and Modeling**

This course explores the application of mathematical models in engineering and biological engineering phenomena. Students use mathematical computational software to create, solve and analyze the results of the models. Students present, in the classroom, the effects of the project on engineering projects, the environment, and life forms in general. Classroom discussion topics include: computer hardware; software; architecture; programming; functions; matrices; plotting; logical functions; selection structures; repetition structures; arrays; numerical techniques; solving equations and systems of equations; creating files; numerical differentiation and integration; and solving differential equations numerically.

**Credits:** 3**Semester Offered:** F/S/SU**Prerequisites:** MAT 233

**Prerequisites:** ENG 090 with a grade of "C" or higher or appropriate placement score

**Please Note:** This developmental course cannot be used to satisfy degree or certificate requirements

**ENG 092 - College Reading Strategies**

This course helps students to gain, practice, and perfect college level reading and comprehension skills using adaptive, self-paced reading technology. Students develop critical thinking abilities, improve vocabulary, language use, reading comprehension, and textbook command. The minimum passing grade for college readiness courses is a "C".

**Credits:** 3

**Prerequisites:** Appropriate placement score

**Please Note:** This college readiness course cannot be used to satisfy degree or certificate requirements

**ENG 093 - College Writing Strategies**

This course helps students develop writing competence using adaptive, self-paced writing technology. Students will practice writing sentences, paragraphs, and essays, while learning how to recognize and use basic sentence patterns and write clear paragraphs containing a topic sentence, idea development, and a supportive conclusion. As students progress, they will write unified, supported, essays using grammatically sound sentences. Assignments are individually paced to prepare for college level writing courses. The minimum passing grade for college readiness courses is a "C".

**Credits:** 3

**Prerequisites:** Appropriate placement score

**Please Note:** This college readiness course cannot be used to satisfy degree or certificate requirements

**ENG 095 - Basic Writing Skills**

This course helps students develop competence in written communication by practicing writing clear sentences and paragraphs. Students learn how to recognize and use basic sentence patterns and to write coherent paragraphs containing a topic sentence, idea development, and a strong conclusion. Students complete a variety of writing assignments and develop the

skills needed for ENG 096 Intermediate Writing Skills. Taking the departmental final examination is a requirement of the course. The minimum passing grade for developmental courses is a "C".

**Credits:** 3

**Prerequisites:** Appropriate placement score

**Please Note:** This developmental course cannot be used to satisfy degree or certificate requirements

**ENG 096 - Intermediate Writing Skills**

This course helps students develop writing competence by practicing writing paragraphs and essays. Students learn to write unified, supported, coherent essays using grammatically sound sentences. Assignments focus on writing a variety of paragraphs and essays in order to prepare for college level writing courses. Taking the departmental final examination is a requirement of the course. The minimum passing grade for developmental courses is a "C".

**Credits:** 3

**Prerequisites:** ENG 095 with a grade of "C" or higher or appropriate placement score

**Please Note:** This developmental course cannot be used to satisfy degree or certificate requirements

**ENG 097 - The Reading-Writing Connection**

This course analyzes college level essay writing by emphasizing the reading-writing connection. Students examine writing through reading and analyzing essay models and also refine their critical reading and writing skills by focusing on the writing process and effective reading strategies. Students develop a familiarity with library resources. Taking the Departmental Exam for writing is a requirement of this course. A minimum passing grade of "C" is required.

**Credits:** 3

**Prerequisites:** Appropriate placement score

**Please Note:** This developmental course cannot be used to satisfy degree or certificate requirements

**ENG 099 - College Reading & Writing Strategies**

This course is an integrated reading and writing course focused on enhancing college-level reading comprehension

**English****ENG 090 - Basic Reading Skills**

This course focuses on developing reading skills. Students locate main ideas, recognize supporting details, locate transitions, identify patterns of organization, analyze the use of inferences and vocabulary. They employ skimming and scanning techniques, analyze word meaning through contextual and word structure analyses, and develop dictionary skills. The minimum passing grade for developmental courses is a "C".

**Credits:** 3

**Prerequisites:** Appropriate placement score

**Please Note:** This developmental course cannot be used to satisfy degree or certificate requirements

**ENG 091 - Intermediate Reading Skills**

This course helps students to read independently in college level courses. Students acquire strategies for improving vocabulary and reading comprehension as well as critical thinking skills while emphasizing both academic reading and reading for studying. The minimum passing grade for developmental courses is a "C".

**Credits:** 3

and composition skills. Students develop critical reading, writing, and thinking abilities while improving their vocabulary and language use. Emphasis is placed on the connection between reading and writing and the processes involved in both. Technology tools are incorporated to support learning. A minimum grade of “C” is required.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** Appropriate placement; any student testing into or self-placing into developmental English may enroll in this course

**Please Note:** This college readiness course cannot be used to satisfy degree or certificate requirements

### ENG 101 - Composition I

The course focuses on theme-based argument. Students practice and develop critical reading, thinking, and writing skills necessary for college. Students read, analyze, and summarize college level analytic arguments from various genres (popular, academic, etc.) and compose research-based analytic arguments based on the course's theme. Students become aware of writing decisions made for different audiences, purposes, and genres, with a focus on academic writing conventions. Students also learn beginning research skills, including appropriate quotation, summary, paraphrase, and documentation skills. At the end of the semester, students compile a portfolio of 15-25 pages, to include their summary, synthesis, and analysis projects.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

### ENG 101S - Composition I Seminar

This course combines the curriculum of ENG 101 and FYE 101 to support students in the transition to college reading and writing through the practice and development of critical reading, thinking, and writing skills. Students read, analyze, and summarize college-level analytic arguments from various genres (popular, academic, etc.) and compose research-based analytic arguments based on the theme “higher education in the 21<sup>st</sup> century”. Students become aware of writing decisions made for different audiences, purposes, and genres, with a focus on academic writing conventions.

Students also learn beginning research skills, including appropriate quotation, summary, paraphrase, and documentation skills. At the end of the semester, students compile a portfolio of 15-25 pages, to include their summary, synthesis, and analysis projects.

**Credits:** 1

**Semester Offered:** F/S/SU

**Prerequisites:** Appropriate English placement score

**Corequisites:** ENG 101

### ENG 102 - Composition II

This theme-based course, the second in the composition sequence, develops and refines skills learned in ENG 101, with a specific focus on independent research. Students sharpen rhetorical, critical thinking, and academic writing skills and practice locating, evaluating, summarizing, synthesizing, and citing primary and secondary sources. Students will manage a sustained independent inquiry project(s) to include a research question or problem analysis, an annotated bibliography, and a research project. By the end of the semester, students will compile a portfolio of 15-25 pages that includes a self-reflection assignment and displays a writing and research process to include pre-writing, drafting, feedback, revision, and appropriate citation.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** ENG 101

### ENG 105 - Technical Writing

This course focuses on writing letters, memos, resumes, lab reports, instructions/processes and technical descriptions, and design visual aids. Instructional emphasis is placed on clarity, correctness, conciseness, audience, precision, accuracy, organization, and document design in writing technical documents.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** ENG 101

### ENG 200 - Children's Literature

This course introduces students to the nature, variety, and artistry of children's stories. Students examine various modes of the genre and investigate why stories are necessary and popular teaching vehicles for the intellectual growth and development of children. Students

discuss and explore numerous tales, fables, myths, and literary archetypes. Special emphasis is placed on selected visually orientated stories and their context in today's society. Students write individual reports and interact in panel discussions, commentary, and discussions of the merits of contemporary works.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** ENG 102

### ENG 202 - Creative Writing

This course centers on weekly student writing of poems, short stories, plays or personal essays. Specific Projects will be determined by individual and group interests. Group discussion of works-in-process will aid the student to achieve a significant creative writing project for the semester. Examples of creative excellence will be read and discussed, with some attention to critical and aesthetic theory.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** ENG 102

### ENG 203 - Writing Poetry

This course focuses on writing fixed and free verse forms. Students learn the technical vocabulary of poetry and apply it to the work of classic and contemporary poets, as well as their own work and the work of their peers. Students present their poems in a group setting, and receive and provide both oral and written critiques.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** ENG 102

### ENG 204 - Writing Fiction

This course focuses on writing short story and/or novel prose. Students learn the technical vocabulary of the craft and apply it to the work of classic and contemporary fiction writers, as well as their own work and the work of their peers. Students present their writing in a group setting, and receive and provide both oral and written critiques.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** ENG 102

**ENG 205 - Technical and Workplace Writing**

This course covers the theory and practice of writing appropriate to the workplace. While the course is designed for students interested in technical applications, it is useful for anyone who intends to enter an occupation that requires writing assignments such as resumes, reports, or proposals, instructions, web pages, abstracts, technical descriptions, and letters and memos in either traditional or electronic format. Other technically-oriented assignments may be included as well. Students explore concepts such as critical thinking, empathy, style, tone, persuasion, precision, simplicity, readability, ethics, etiquette, graphics, electronic and hard copy elements of design, and collaborative writing. Students develop a portfolio to show prospective employers.

**Credits:** 3**Semester Offered:** F/S/SU**Prerequisites:** ENG 102, Computer Literacy**ENG 209 - Creative Nonfiction**

This course covers topics based in reality using the tools of fiction - structure, characterization, plot, scene, dialogue, style, etc. - to animate storytelling and discover truth. Students examine readings from this genre both as scholars and writers, and cover core components of crafting memoir, personal essays, and literary journalism. Students also examine topics that include the role of memory, perception, subjectivity and ethical questions inherent in this genre as students produce original work of creative nonfiction.

**Credits:** 3**Semester Offered:** F/S**Prerequisites:** ENG 102**ENG 210 - Introduction to Literary Theory**

This course covers seminal extracts from the work of major literary/cultural theorists especially those whose work initiated particular schools of literary/cultural criticism. Students examine the work of these theorists in the order in which they appeared on the historical scene. Students also explore how the work of each theorist built upon, extended, challenged, or problematized, that of predecessors. Students apply these taught theories to several major

works of literature. The class runs as a seminar and culminates with a final essay.

**Credits:** 3**Semester Offered:** F/S**Prerequisites:** ENG 101**ENG 231 - World Literature I: Ancient World to 18<sup>th</sup> Century**

This course examines the history and growth of great books and ideas and their relevance to modern times. Students read literary selections from the ancient world to the 18<sup>th</sup> century to help them understand the sense and perspectives of major world writers. Students learn to demonstrate an understanding of both Eastern and Western literary traditions through class discussions and written assignments.

**Credits:** 3**Semester Offered:** F**Prerequisites:** ENG 102**ENG 232 - World Literature II: 18<sup>th</sup> Century to Present**

This course complements ENG 231 by examining the history, growth, and cross influences of ideas and their impact on views of the modern world. Students study major writings and writers of both Eastern and Western literature from the 18<sup>th</sup> century to the present. Students learn how to understand the universal themes of great literature and the relevance of those themes in the modern world.

**Credits:** 3**Semester Offered:** S**Prerequisites:** ENG 102**ENG 241 - British Literature I: Beginning to 1750**

This course explores British literature from its beginnings to 1750. Students examine major representative authors of the Anglo-Saxon, medieval, Renaissance, metaphysical, and Restoration periods. Students study the major developments in English literature and develop an understanding of the relevancy of key themes of early British literature to present works. The course also explores the evolution of the English language from its beginnings in Old English to its modern-day form.

**Credits:** 3**Semester Offered:** F**Prerequisites:** ENG 102**ENG 242 - British Literature II: 1750 to Present**

This course explores British literature from 1750 to the present. Students explore key literary and cultural movements that occurred during the Romantic, Victorian, 20<sup>th</sup> century, and contemporary periods. Selected works cover several literary genres including poetry, drama, the essay, the short story, and the novel.

**Credits:** 3**Semester Offered:** S**Prerequisites:** ENG 102**ENG 251 - American Literature I: 1600 to 1870**

This course examines American literature from approximately 1600-1870, covering poetry, fiction, essays, and autobiography. Students explore literary movements and major authors of major American time periods including the Puritan, colonial, Revolutionary, Romantic, Transcendentalist, and abolitionist eras. Students examine how writers influenced both their own times and subsequent generations.

**Credits:** 3**Semester Offered:** F**Prerequisites:** ENG 102**ENG 252 - American Literature II: 1870 to Present**

This course examines American literature from the mid-1800s to the present, including poetry, fiction, essays, and autobiography. Students explore literary movements, major authors, and trends of the various time periods. Topics include American regional writing; American Realism; literature during and between the two world wars; the literatures of American minorities; and the contemporary literature of disillusionment. Students explore texts both as literary works and as products of historical forces.

**Credits:** 3**Semester Offered:** S**Prerequisites:** ENG 102**ENG 256 - The Short Story**

This course focuses on reading and analyzing short stories by renowned writers from various cultures. Students participate in class discussions and write papers to demonstrate close reading skills, to express individual interpretation, and to understand the common themes

and unique literary characteristics of the genre. Students also examine cultural and historical contexts that influenced the authors.

**Credits:** 3

**Semester Offered:** F/SU

**Prerequisites:** ENG 102

### ENG 260 - Special Topics in English

Special Topics in English provides an opportunity for specialized literary study of various topics from year to year. Special Topics may feature a particular literary theme, an historical era, a genre, a single author or group of authors, specific regional or national literature, or other topics defined by the teaching professor. Research papers or projects may constitute a significant portion of the course requirements. This course will vary in any number of ways according to the discretion of the instructor and the instructor's choice of text(s).

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** ENG 102

### ENG 261 - African American Literature I

This course examines African American literature and vernacular culture from 1746 to 1940. Students explore the major authors, genres, aesthetics, political movements, and intersectional tropes of the period. The course focuses on the slave narrative, the Abolitionist movement, minstrelsy, the Civil War, racial uplift politics, Reconstruction, plantation literature, Post-Reconstruction, the New Negro movement, the Great Migration, the New Deal, Popular Front radicalism, and social realism. Students also explore representations of the law and technology in the primary texts. The course emphasizes African American resistance, agency, transculturation, intertextuality, and cultural continuity.

**Credits:** 3

**Prerequisites:** ENG 102

### ENG 262 - African American Literature II

This course examines African American literature and vernacular culture from 1940 to 2017. Students explore the major authors, genres, aesthetics, political movements, and intersectional tropes of the period. The course focuses on the Great Migration, Popular Front radicalism, social realism, the Civil Rights/Black Power movements,

the Black Arts movement, and the post-Civil Rights ethos. Students also explore representations of the law and technology in the primary texts. The course emphasizes African American resistance, agency, transculturation, intertextuality, and cultural continuity.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** ENG 102

## English as a Second Language

### ESL 103 - English as a Second Language: Writing I

This course focuses on paragraph development, including an emphasis on sentence structure and the writing process. Students learn grammar in the context of specific writing activities. Students respond in writing to prompts and short readings. The minimal passing grade for ESL courses is a "C".

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** Non-native speaker of English, High School Diploma or GED and appropriate placement score

### ESL 104 - English as a Second Language: Writing II

This course refines paragraph writing skills while introducing and developing the essay. Students learn more complex grammar and sentence structure. Students write paragraphs and essays, in response to simple prompts and readings. The minimal passing grade for ESL courses is a "C".

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** Non-native speaker of English, High School Diploma or GED and ESL 103 passed with a grade of "C" or higher or appropriate placement score

### ESL 105 - English as a Second Language: Writing III

This course develops students' skills in essay writing. Students focus on writing and revising longer pieces using complex structures and appropriate rhetorical modes. The minimal passing grade for ESL courses is a "C".

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** Non-native speaker of English, High School Diploma or GED and ESL 104 passed with a grade of "C" or higher or appropriate placement score

### ESL 113 - English as a Second Language: Reading I

This course focuses on reading skills and vocabulary development. Students develop and demonstrate reading comprehension through class discussions and written responses in complete sentences and short paragraphs. The minimal passing grade for ESL courses is a "C".

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** Non-native speaker of English, High School Diploma or GED and appropriate placement score

### ESL 114 - English as a Second Language: Reading II

This course emphasizes reading longer passages and increasing academic vocabulary. Students develop and demonstrate comprehension and critical reading skills through class discussions and written responses in paragraphs and short essays. The minimal passing grade for ESL courses is a "C".

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** Non-native speaker of English, High School Diploma or GED and ESL 113 passed with a grade of "C" or higher or appropriate placement score

### ESL 115 - English as a Second Language: Reading III

This course focuses on the critical reading skills necessary to understand content course readings. Students demonstrate their ability to comprehend, analyze and synthesize information through class discussions and more complex writing assignments. The minimal passing grade for ESL courses is a "C".

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** Non-native speaker of English, High School Diploma or GED and ESL 114 passed with a grade of "C" or higher or appropriate placement score

### ESL 133 - English as a Second Language: Listening/Speaking I

This course focuses on the speaking and pronunciation skills that are necessary in

an academic setting. Students practice speaking by responding to open-ended questions in response to class readings or discussions on a topic. Students prepare and give brief presentations in class using academic vocabulary. The minimal passing grade for ESL courses is a "C".

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** Non-native speaker of English, High School Diploma or GED and appropriate placement score

#### **ESL 134 - English as a Second Language: Listening/Speaking II**

Non-native speakers of English learn basic and intermediate spoken English skills necessary for social and academic interaction. The course explores American language customs, practical grammar, and correct pronunciation, including elements of intonation, stress, and rhythm.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** Non-native speaker of English, High School Diploma or GED and ESL 133 passed with a grade of "C" or higher or appropriate placement score

#### **ESL 135 - English as a Second Language: Listening/Speaking III**

This course helps non-native speakers of English develop the oral language fluency necessary for social and academic interaction. Students gain advanced skills to understand spoken English and to increase their facility in spoken English. The course focuses on assisting students to acquire a larger vocabulary in order to participate more easily in social and academic situations.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** Non-native speaker of English, High School Diploma or GED and ESL 134 passed with a grade of "C" or higher or appropriate placement score

#### **ESL 160 - College English Transition**

This course covers the integration of critical reading and writing skills needed for college success. Students demonstrate their ability to comprehend, analyze, and synthesize information from course readings and to write effective academic essays based on those readings. Students focus their ability to use academic vocabulary; write with appropriate sentence structure and

grammatical form; and to summarize, paraphrase, synthesize, and document sources. The goal of this course is to prepare students to enter ENG 101.

**Credits:** 6

**Semester Offered:** F/S

**Prerequisites:** Non-native speaker of English, High School Diploma or equivalent and ESL 105 and ESL 115 or placement by ESL Coordinator (Coordinator will make decision by combination of CELSA score, Accuplacer Reading score, and a short writing sample)

## Finance

### **FIN 111 - Personal Financial Planning**

This course examines the tools, terminology, and applications necessary to successfully manage financial matters in our daily lives. Topics include the personal financial planning process, career strategies, money management, personal taxation, financial institution services, investing in stocks and bonds, and consumer credit. Evaluation techniques related to housing, transportation, insurance, real estate, and retirement planning are also covered.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** Placement into college level English

### **FIN 221 - The Stock Market and Investments**

This course provides an introduction to financial investments and the stock markets. Students study the purposes and history of the stock markets and the primary investments they control including stocks, bonds, and mutual funds.

**Credits:** 3

**Prerequisites:** Placement into college level English

### **FIN 250 - Principles of Finance**

This course covers the principles and practices of financial management that are used in business. Topics examined include acquisition of funds, cash flow, financial analysis, capital budgeting, working capital requirements, and capital structure. The course also covers the characteristics and valuation of stocks and bonds.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** ACC 101, Placement into college level English, MAT 095 with a grade of "C" or higher or QMAT placement score > 21

## Fire Science

### **FSC 101 - Principles of Emergency Services**

This course provides an overview to fire protection and emergency services; career opportunities in fire protection and related fields; culture and history of emergency services; fire loss analysis; organization and function of public and private fire protection services; fire departments as part of local government; laws and regulations affecting the fire service; fire service nomenclature; specific fire protection functions; basic fire chemistry and physics; introduction to fire protection systems; introduction to fire strategy and tactics; life safety initiatives. This course follows the curriculum established by the Fire and Emergency Services Higher Education (FESHE) network.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** Placement into college level English

### **FSC 104 - Fire Behavior and Combustion**

This course explores the theories and fundamentals of how and why fires start, spread, and how they are controlled. This course follows the curriculum established by the Fire and Emergency Services Higher Education (FESHE) network.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** Placement into college level English, FSC 101

### **FSC 121 - Building Construction for Fire Protection**

This course provides the components of building construction related to firefighter and life safety. The elements of construction and design of structures are shown to be key factors when inspecting buildings, preplanning fire operations, and operating at emergencies. This course follows the curriculum established by the Fire and Emergency Services Higher Education (FESHE) network.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** Placement into college level English, FSC 101

### **FSC 151 - Occupational Safety and Health for Emergency Services**

This course introduces the basic concepts of occupational health and safety as it relates to emergency service organizations. Topics include risk and hazard evaluation and control procedures for emergency service organizations. This course follows the curriculum established by the Fire and Emergency Services Higher Education (FESHE) network.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** Placement into college level English

### **FSC 201 - Principles of Fire and Emergency Services Safety and Survival**

This course introduces the basic principles and history related to the national firefighter life safety initiatives, focusing on the need for cultural and behavior change throughout the emergency services. This course follows the curriculum established by the Fire and Emergency Services Higher Education (FESHE) network.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** FSC 104, FSC 121

### **FSC 203 - Fire Prevention**

This course provides advanced knowledge relating to the field of fire prevention. Topics include: history and philosophy of fire prevention; organization and operation of a fire prevention bureau; use and application of codes and standards; plans review; fire inspections; fire and life safety education; and fire investigation. This course follows the curriculum established by the Fire and Emergency Services Higher Education (FESHE) network.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** ENG 101, FSC 104, FSC 121

### **FSC 207 - Fire Fighting Tactics and Strategy**

This course reviews fire chemistry, equipment, and personnel. Students learn basic fire fighting tactics and strategies, methods of attack, and

preplanning to prevent fire problems. Fire situations are presented for analysis and study of accepted fire fighting practices. This course follows the curriculum established by the Fire and Emergency Services Higher Education (FESHE) network.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** FSC 201, FSC 203

### **FSC 223 - Fire Protection Systems**

This course provides information relating to the features of design and operation of fire alarm systems, water-based fire suppression systems, special hazard fire suppression systems, water supply for fire protection and portable fire extinguishers. This course follows the curriculum established by the Fire and Emergency Services Higher Education (FESHE) network.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** FSC 203

### **FSC 230 - Fire Investigation I**

This course is intended to provide the student with the fundamentals and technical knowledge needed for proper fire scene interpretations, including recognizing and conducting origin and cause, preservation of evidence and documentation, scene security, motives of the firesetter, and types of fire causes. This course follows the curriculum established by the Fire and Emergency Services Higher Education (FESHE) network.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** FSC 104, FSC 121

### **FSC 241 - Fire Protection Hydraulics and Water Supply**

This course provides a foundation of theoretical knowledge in order to understand the principles of the use of water in fire protection and to apply hydraulic principles to analyze and to solve water supply problems. This course follows the curriculum established by the Fire and Emergency Services Higher Education (FESHE) network.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** MAT 095 with a grade of "C" or higher or QMAT placement score > 21

### **FSC 242 - Hazardous Materials Chemistry**

This course provides basic chemistry relating to the categories of hazardous materials including recognition, identification, reactivity, and health hazards encountered by emergency services. This course follows the curriculum established by the Fire and Emergency Services Higher Education (FESHE) network.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** FSC 203, MAT 095 with a grade of "C" or higher or QMAT placement score > 21

### **FSC 263 - Introduction to Fire and Emergency Services Administration**

This course introduces the student to the organization and management of a fire and emergency services department and the relationship of government agencies to the fire service. Emphasis is placed on fire and emergency service, ethics, and leadership from the perspective of the company officer. This course follows the curriculum established by the Fire and Emergency Services Higher Education (FESHE) network.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** FSC 203, SPH 101

## **First Year Experience**

### **FYE 101 - First Year Experience**

This course will help new students make a successful transition to campus, both academically and personally. The course aims to foster a sense of belonging, promote engagement in the curricular and co-curricular life of the college, develop learning strategies, establish career planning skills, and help to clarify purpose, meaning and direction.

**Credits:** 3

**Semester Offered:** F/S/SU

## **French**

### **FRC 111 - Beginning French I**

The course covers the fundamentals of French grammar as a foundation for speaking, understanding, reading, and writing the language. It includes brief readings in the everyday aspects of

the French-speaking world. In addition to gaining an understanding of the fundamentals of French grammar, students develop a basic working vocabulary of 500 words. Previous knowledge of French is not required.

**Credits:** 3

**Semester Offered:** F

### **FRC 112 - Beginning French II**

Students progress further in the foundations of the language, including understanding, speaking, reading, and writing. Students improve reading and speaking skills through the study of short pieces on contemporary French life and culture. Students study the French grammatical structure and develop a working vocabulary of 850 words. They also read and respond to short, simple French texts.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** FRC 111

## **Geography**

### **GEO 210 - World Regional Geography**

This course will give the student a foundation for understanding the geographic regions of the world. It will also introduce the basic methods of geographic analysis for understanding regional patterns, thereby enabling the student to gain insight into, and comprehension of, global culture and world events. Upon successful completion of the course, the student will be able to perform the following: locate and map basic place names of the globe (the continents, major realms and regions, major countries and cities, and major physical and cultural features); compare, contrast, and interpret maps and geographic data, and articulate his/her understanding of current global problems from a regional perspective.

**Credits:** 3

**Semester Offered:** F/S

**Corequisites:** ENG 101

## **Gerontology**

### **GRT 101 - Introduction to Gerontology**

This course focuses on issues in gerontology that includes psychological, social, and physical changes as we age.

Students will explore the aging process and what it means for both individuals and society. This course gives the opportunity for students to explore several ways of looking at aging as a social construct and the disparities in race, gender, disability (accessibilities), SEC (Social Economic Culture) impact, and sexual and gender orientation. Students will learn about problems that exist for elders, such as work and retirement, biological aging, mind/body/spirit care, intimacy and relationships, and end of life issues, along with social policy, health care and technological impacts.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

## **Healthcare**

### **HLC 101 - Foundations in Healthcare**

This course provides an essential foundation for students aspiring to enter the health professions. It introduces the core principles of healthcare delivery, ethics, patient-centered care, and interprofessional collaboration. In addition to academic exploration, students engage in reflective activities, self-assessment, and skill-building exercises designed to support personal development, cultural competence, resilience, and effective communication. Students leave the course with a clearer sense of their purpose in the healthcare field, a toolkit for academic success, and a growth mindset that prepares them for the challenges and rewards of a career dedicated to service and healing.

**Credits:** 3

**Semester Offered:** F/S/SU

**Please Note:** This course was previously known as FYE 102

## **Heating Ventilation Air Conditioning**

### **HVC 101 - Basic Refrigeration Systems and Heat Theory**

This course introduces students to the basic concepts of heat transfer that dictate the behavior and operation of both heating and cooling systems. Topics lay the groundwork for the basic refrigeration cycle, including sensible,

latent, and specific heat. Temperature and pressure concepts are also applied to refrigeration system models. This course includes a laboratory component.

**Credits:** 4

**Semester Offered:** F/S

**Prerequisites:** Enrollment limited to HVC majors only

**Corequisites:** HVC 102, HVC 108

**Please Note:** Three hours lecture, three hours laboratory

### **HVC 102 - Basic Electricity**

Students are exposed to AC fundamentals, Ohm's Law, and other circuit rules effecting circuit behavior, as well as basic electrical components used to develop series and parallel control circuits. Laboratory exercises focus on creating wiring diagrams, and then applying them to actual wiring practices on working circuitry. Students are trained in the use of electrical meters to develop troubleshooting procedures. Electrical Safety is incorporated into all activities. This course includes a laboratory component.

**Credits:** 4

**Semester Offered:** F/S

**Prerequisites:** Enrollment limited to HVC majors only

**Corequisites:** HVC 101, HVC 108

**Please Note:** Three hours lecture, three hours laboratory

### **HVC 107 - Comfort Cooling Systems**

This course is a study of mechanical cooling equipment used in comfort cooling, heat pump, and other indoor environmental applications. Hands-on laboratories cover the installation and use of electrical controls, system evaluation, and mechanical and electrical troubleshooting of residential and light commercial applications. Strategies for energy efficiency maintenance procedures are matched to appropriate equipment. This course includes a laboratory component.

**Credits:** 4

**Semester Offered:** F/S

**Prerequisites:** HVC 101, Enrollment limited to HVC majors only

**Corequisites:** HVC 109, HVC 110

**Please Note:** Three hours lecture, three hours laboratory

**HVC 108 - Motors and Motor Controls**

This course provides students with a systems-level overview of electric motors and motor controls and how they are integrated into today's highly energy efficient HVAC systems. Topics include equipment safety, electrical theory of induction motors, relays, contactors and motor starters. Electrical safety and adherence to the NEC are imbedded in the course topics and lab instruction. Students will learn and practice systematic troubleshooting, problem solving and preventative maintenance. Classroom material is reinforced by lab activities using real world equipment in a lab setting.

**Credits:** 4**Semester Offered:** F/S**Prerequisites:** Enrollment limited to HVC majors only**Corequisites:** HVC 101, HVC 102**Please Note:** Three hours lecture, three hours laboratory**HVC 109 - Oil Heating Systems**

This course provides a comprehensive study of Fuel Oil and Fuel Oil Heating Systems. Students apply heat transfer concepts and chemistry basics to analyze fuel oil and combustion. Types of burner designs are analyzed for operation and efficiency. Equipment designs focus on mediums such as water and air for heat transfer. Controls strategies and components presented reflect the modern oil heating system. Safety and efficiency are a primary focus. This course provides a foundation for those seeking their MA Oil License. All instruction will relate to and reference MA Oil Code (NFPA 31). The hands-on laboratory component is designed to be integrated with and strengthen the online content.

**Credits:** 4**Semester Offered:** F/S**Prerequisites:** HVC 101, Enrollment limited to HVC majors only**Corequisites:** HVC 107, HVC 110**Please Note:** Three hours lecture, three hours laboratory**HVC 110 - Gas Heating Systems**

This course is a study of various gas heating systems used in residential and light commercial applications. Steam, warm water and air systems, as well as hybrid systems, will be analyzed.

Students will explore chemistry of fuel gases and combustion for system efficiency and safety, and the Massachusetts Fuel Gas Code will be introduced. Equipment and control design factors will be examined for methods of overall energy efficiency. Wiring schematics and fuel knowledge will provide a sound basis for diagnostic skills. This course includes a hands-on laboratory component.

**Credits:** 4**Semester Offered:** F/S**Prerequisites:** HVC 101, Enrollment limited to HVC majors only**Corequisites:** HVC 107, HVC 109**Please Note:** Three hours lecture, three hours laboratory**History****HST 104 - World History I: Beginning to 1500**

This course examines the world's ancient and pre-modern peoples, cultures, and civilizations. It emphasizes themes such as the development of agriculture and rise of civilization, formation of empires, development of religions, and economic and cultural interaction between regions of the world.

**Credits:** 3**Semester Offered:** F/S/SU**Prerequisites:** ENG 101**HST 105 - World History II: 1500 to World War I**

This course examines the convergence of the world's people, cultures, and civilizations on a global scale beginning around the 16<sup>th</sup> century. It emphasizes themes such as the emerging global economy, colonialism, revolution, industrialization, imperialism, and the rise of the nation-state.

**Credits:** 3**Semester Offered:** F/S/SU**Prerequisites:** ENG 101**HST 106 - World History III: World War I to Present**

This course examines recent and current interactions between the world's peoples, cultures, and civilizations. It emphasizes themes such as nationalism, migrations, technology, and economic and cultural interaction on a global scale.

**Credits:** 3**Semester Offered:** F/S/SU**Prerequisites:** ENG 101**HST 115 - U.S. History: Beginnings to 1865**

This course surveys the period from pre-Columbian times to the end of the Civil War. Topics include Native American cultures and societies; colonization; origins and development of slavery; American Revolution; establishment of the United States; industrialization and immigration; westward expansion; sectional politics and Civil War. Students examine the Constitution in light of politics, society, economy, and culture of the period.

**Credits:** 3**Semester Offered:** F/S/SU**Prerequisites:** ENG 101**HST 116 - U.S. History: 1865 to Present**

This course surveys the period from the end of the Civil War to present-day. Topics include Reconstruction; Gilded Age, populism and progressivism; imperialism; World War I; Great Depression and New Deal; World War II; Cold War; the Sixties; conservatism; globalization and September 11th's aftermath. Students examine the Constitution in light of politics, society, economy, and culture of the period.

**Credits:** 3**Semester Offered:** F/S/SU**Prerequisites:** ENG 101**HST 133 - History of Puerto Rico**

This course examines selected topics concerning Puerto Rico from the pre-Columbian period through Spanish conquest and colonization, and considers its relationship with the United States since the Spanish American War. Students develop an understanding of the Native American, Spanish, and African heritage of Puerto Rico. Sections are offered in Spanish.

**Credits:** 3**Semester Offered:** S**Prerequisites:** ENG 101**HST 202 - Topics in the History of Civilization**

This course examines in-depth a selected topic from the history of civilization. Students develop greater knowledge, insight, and sophistication than might

be obtained from a survey course while retaining historical and chronological perspectives. Topics vary from semester to semester.

**Credits:** 3

**Prerequisites:** ENG 101

### **HST 203 - African American History I: Beginnings to 1865**

This course examines the history of African Americans from their African origins and forced migration to and settlement in America to the end of the Civil War. Topics include the development of slavery, conceptions of race, struggle for freedom, development of African American culture, and life of free blacks before the Civil War.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** ENG 101

### **HST 204 - African American History II: 1865 to the Present**

This course examines the history of African Americans from the end of the Civil War to present day. Topics include Reconstruction, Jim Crow, the Great Migration, black nationalism, the Harlem Renaissance, black culture and society, the civil rights and restorative justice/reparations movements, and the role African Americans today play in the economic, political, and social life of the United States.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** ENG 101

### **HST 205 - United States Women's History**

This course focuses on the experiences of women, their various roles and statuses, as well as the changing ideas about women and gender from the Colonial period, through the Revolution and Early Republic to the present day. A major emphasis of this course will be an examination of the various efforts of women to define themselves intersectionally, and critique the social and political mores that have impacted their lives and opportunities due to gendered hierarchies shaped by changing attitudes and understandings of race, class, and religion over time.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** ENG 101

### **HST 216 - History of Native Americans in North America**

This course explores the history of Native Americans in North America from earliest archeological periods to the present. Students examine the migration and settlements of native peoples, development of Native American societies and cultures in the pre-Columbian era, their encounters with Europeans and Africans, and their responses to the challenges of conquest, dispossession, and colonialism in North America.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** ENG 101

### **HST 232 - Worcester's History**

This course traces the social, industrial, and political transformations in the "Heart of the Commonwealth" from the initial encounters of native Nipmuc people with Europeans in the 1600s to Worcester's present. Students examine the city's local perspective on important topics in American History including colonial town life; the American Revolution; the anti-slavery, women's rights and other reform movements; the Civil War; industrialization; immigration; ethnic diversity; and labor.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** ENG 101

## **Hospitality & Recreation Management**

### **HRM 100 - Today's Culinary Professional**

This course is designed to orientate a new culinary/hospitality student to their career planning within the context of current industry trends through interviews, readings, and industry experience. Course topics emphasize aligning employment opportunities with personal goals, food production sustainability, business ethics, and social entrepreneurship. Students align career readiness competencies with an experiential component to reinforce self-awareness and reflection for their personal career development.

**Credits:** 3

**Semester Offered:** F/S

### **HRM 101 - Introduction to Hotel/Restaurant Management**

This course covers the hospitality industry, including food service, lodging, tourism, casinos, recreation, and convention management. Students learn the departments of hotels, restaurants, and travel organizations both individually and in relation to each other. Students examine the management process as it applies to the hospitality industry in order to select an area of interest for their own careers.

**Credits:** 3

**Semester Offered:** F/S

### **HRM 110 - Basic Foods: Mise En Place**

This course provides a learner-centered pedagogy. Students establish individualized learning objectives resulting from self-engagement during this program. Curriculum content is designed to provide rudimentary competencies in the areas of culinary mise en place, such as flavoring, seasoning, portioning, culinary math, and measurements.

**Credits:** 3

**Semester Offered:** F/S

### **HRM 111 - Basic Foods: Basic Boucher & Pâtissier**

This course introduces commercial food preparation and production management. Students learn basic principles of commercial cookery, including methods of preparation, nutrition, cost, and organization and management of commercial kitchens. Topics include the purpose and use of recipes; portion control techniques; and the selection, cooking, and handling of stocks and sauces, soups, meat, poultry, fish, vegetables, starches and salads. Students learn basic principles of kitchen operation and management and the safe usage of food service equipment. Students individually plan, produce, and serve products in the student-run diner at the Worcester Senior Center.

**Credits:** 4

**Semester Offered:** F/S

**Corequisites:** HRM 110

### **HRM 112 - Basic Foods: Garde-Manager & Saucier**

In the laboratory portion, students in a restaurant setting produce food, including appetizers, soups, salads, entrees, vegetables, and desserts. In the

classroom portion, students calculate potential and actual operating food costs, assess and design menus and operations methods, and modify recipes for special diets or quantity production.

**Credits:** 4

**Semester Offered:** F/S

**Corequisites:** HRM 110

### **HRM 113 - Basic Foods: Principles of Baking**

This course introduces commercial baking mise en place and production management. Students use the basic principles of commercial baking in a variety of baking processes. Topics include tools and equipment, basic baking ingredients, measuring ingredients, baker's percentage calculation, mixing methods and leavening chemistry. Baking principles are taught using quick bread and yeast bread production. Students explore the use of ancient grains and local milling to create an Artisan Bread.

**Credits:** 3

**Semester Offered:** F/S

### **HRM 115 - Sanitation Certification**

This course examines the principles of sanitation in the hospitality and food service management fields. It focuses on sanitation and health, serving sanitary food, keeping a sanitary food environment, and managing a safe hospitality property. Students learn the skills necessary to gain certification in the National Restaurant Association Safe Serve Examination.

**Credits:** 1

**Semester Offered:** F/S/SU

### **HRM 131 - Food and Beverage Cost Control**

This course provides experience in identifying, analyzing, and creating controls for production, labor, and revenues necessary to ensure profitable foodservice operations. The main topics studied are forecasting, budgeting, and analyzing costs of food, beverages, and labor, in addition to the internal controls required for effective cost management. This course is required for both the foodservice track certificate and the foodservice track degree.

**Credits:** 3

**Semester Offered:** F/S

### **HRM 135 - Front Office Operations**

This course focuses on operations and procedures of lodging management for inns, hotels, resorts, clubs, and casinos in order to relate front office operations to other departments. Using property management software, students learn the mechanics of the front office in two general areas - customer service and financial management. In customer service, the course focuses on reservation inquiries, recording, availability, denials, check-ins, rate selection, walk-ins, and room status. Students also learn procedures related to special equipment needs, housekeeping, settlement, and checkout. In the financial management section, students learn guest accounting, night audits, and revenue.

**Credits:** 3

**Semester Offered:** F

### **HRM 136 - Front Office Management**

This course focuses on the application of hospitality service principles related to customer service including planning, organization, implementation and management of service systems and staff. Through case studies, students experience communication, problem solving, and decision-making as related to the effective management of the front office. The course also stresses customer-centered concepts in the areas of hiring, training, and motivating employees. Students participate in the International Customer Service Association's CS certification program.

**Credits:** 3

**Semester Offered:** S

### **HRM 137 - Introduction to Casino and Gaming Operations**

This course uses a combination of lecture, guest speakers, experiential learning and independent study to examine the theory, practice and business of gambling. Students discover how the gambling industry operates, analyze many of the popular games, and explore the phenomenon and impact of legalized commercial gaming.

**Credits:** 3

### **HRM 139 - Bar and Beverage Management**

This course focuses on the management of beverage operations including wine, beer, and spirit liquor. Students study grape growing, fermentation,

aging, production, and primary taste characteristics of wine; beer-brewing techniques and brew houses; and the main ingredients and production of whiskeys, bourbon, tequila, gin, and vodka. Students also learn the components of beverage operations including production, control, storage, and purchasing; and the marketing, service, and accounting functions. The course emphasizes the legal and social responsibilities of managing beverage operations.

**Credits:** 3

**Semester Offered:** S

### **HRM 201 - Hospitality Accounting and Revenue Management**

Students study managerial accounting in the hospitality industry as it informs pricing and revenue management. Presented will be major analytical themes, such as financial statement interpretation and cost accounting for internal control. The second half of the semester, students analyze financial statements through the use of operating ratios and describe the financial control system used. Students understand the budget cycle, forecast sales and revenue management strategy.

**Credits:** 3

**Semester Offered:** F/S

### **HRM 215 - Contract Foodservice Management**

This course covers the basic systems found in contract foodservice operations such as schools, healthcare facilities, and corporate environments. Students examine consumer needs with an emphasis on planning cyclical and pre-set menus, kitchen layout and design, and facilities planning and equipment selection. Students also review the foodservice and prototype contract, the contracting process, and catering services as a function of contract foodservice operations. Students attend a restaurant trade show or conduct research and complete a project on equipment and/or facility design.

**Credits:** 3

**Semester Offered:** F/S

**Corequisites:** HRM 110 or HRM 115

### **HRM 216 - Nutrition for Foodservice Management**

This course is an introduction to human nutrition in foodservice management,

focusing on basic nutrition including macro and micronutrients, recipe development and modification, and nutrient analysis. It also covers food purchasing, receiving, storage, and preparation for optimum nutrient retention. It emphasizes menu planning and food preparation for foodservice managers in healthcare, institutional settings, and spas. Students plan the development and marketing of healthful menu alternatives, understand special diets, and understand the roles of culture and religion in diet and menu preparation.

**Credits:** 3

**Semester Offered:** F/S

**Corequisites:** CUL 111 or CUL 112 or CUL 113 or CUL 114 or HRM 110

### **HRM 217 - Nutrition for Dietary and Foodservice Professionals**

This course is designed to introduce the concept of nutrition as a tool to prevent and manage acute illnesses and/or chronic diseases within the dietary/foodservice departments in a non-commercial setting. It emphasizes food/diet as a therapeutic intervention across the food continuum - from menu planning to food purchasing and preparation to nutrient utilization. Students apply their knowledge and skills in HRM-run operations and as part of their corresponding Co-op/Field placements.

**Credits:** 3

**Semester Offered:** F/S

**Corequisites:** CUL 111 or CUL 112 or CUL 113 or CUL 114 or HRM 110

### **HRM 218 - Dining Room and Banquet Management**

This course covers dining room staffing and employee training; basic service rules, techniques and styles (American, French, Russian, a la carte, buffet, butler); proper table setting, plating and presentation; and table etiquette. Students understand menu types (static, cycle, and market menus) and managing by menu. Using the student-run restaurant, students plan a merchandising and sales promotion and plan and develop special events, with emphasis on management approaches that achieve good customer relations and satisfaction.

**Credits:** 3

**Semester Offered:** S

### **HRM 221 - Hospitality Law and Ethics**

This course examines the U.S. laws that most impact hospitality operations in the areas of lodging, beverage service, foodservice, casino management, and convention planning. Using case studies, students learn hospitality management policies in order to minimize legal liability; the responsibilities and legal rights under the law for innkeepers, bartenders and employers; and the consequences of failing to meet those responsibilities.

**Credits:** 3

**Semester Offered:** F/S

### **HRM 232 - Hotel Meetings: Sales and Operations**

This course focuses on front-of-the-house operations, from meeting the client through planning and selling an event. Topics include deciding room size and set up, food and beverage requirements, guest services, special equipment requirements, cost, and contracting for the event. The course also covers back-of-the-house operations including accounting, contracting with vendors, and staff scheduling and management. Students learn the marketing, planning, and management of large and small hotel meetings, functions, and conventions.

**Credits:** 3

**Semester Offered:** F

### **HRM 235 - Management in the Hospitality Industry**

This course is a capstone course for hospitality management students. It is designed to enhance leadership ability while focusing on the principles of effective management in the context of the hospitality industry. Students study how to develop, motivate and empower high performance teams and to put quality management tools into action to increase sales and customer service. An assessment tool developed by the American Motel/Hotel Association (AMHA) enables students to develop an understanding of and skills in the following areas: coaching and counseling, communication, managing change, performance management, setting goals and standards, managing conflict, problem solving, and decision making.

**Credits:** 3

**Semester Offered:** S

### **HRM 236 - Destination Marketing and Management**

Students develop an understanding of destination marketing through a combination of lecture and practical experience. Working with various area partners, students develop a marketing strategy for the promotion of tourism and visitor programming in the Worcester and Central Mass region. Topics covered in this course change according to current demand, events, or challenges.

**Credits:** 3

**Semester Offered:** SU

### **HRM 298 - Hotel/Restaurant Management Cooperative Education Practicum**

This is a unique practicum that provides occupationally-specific opportunities for students to participate in a learning experience that combines classroom instruction with actual business and industry career experiences. This practicum integrates academic, career and technical education; provides more interdisciplinary instruction; and supports strong partnerships among schools, businesses, and community institutions with the goal of preparing students with a variety of skills in a fast-changing culinary art based workplace.

**Credits:** 1-3

**Semester Offered:** F/S/SU

**Prerequisites:** Approval of Program Coordinator

### **HRM 299 - Cooperative Work Experience**

This course provides students with a structured learning experience while applying classroom theory to a practical work experience. Students develop a learning agreement that lists the objectives they will accomplish through their work experience. Evaluation is based on satisfactory completion of the learning agreement objectives and the demonstration of soft skills such as punctuality and attitude.

**Credits:** 2-6

**Semester Offered:** F/S/SU

**Prerequisites:** CPS 298, Approval of Program Coordinator

## Human Services

### HUS 101 - Introduction to Human Services

This course focuses on the historical, political, and social aspects of the human services field from a generalist perspective. Students gain core knowledge of common problems, consumer populations, and helping models. Students learn about the agencies and services available in the greater Worcester area as part of identifying strategies for effective delivery of human services. Upon completion, students will be able to explain the value of participant empowerment, access appropriate supportive services, and expeditiously navigate the human service system.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** Placement into college level English

### HUS 121 - The Helping Relationship: Delivering Human Services

This course explores the knowledge, skills, and personal characteristics that are critical for an effective helping relationship. Students apply key concepts of helping to increase awareness and knowledge of both self and others. Research about human behavior, developmental and humanistic theories, and strength-based practice are emphasized. Students obtain entry-level skills in interviewing (communication skills), assessment (writing skills), and treatment planning (community and network referrals).

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** Placement into college level English

### HUS 125 - Group Process for Human Services

This course examines the theory, process, and practice of group work in human services through lecture and discovery. Students learn the value of groups, the stages of group development, the roles and tasks of the group facilitator, and the strategies for dealing with common group problems. Course material will focus on the unique issues of groups commonly found in human service programs: education, discussion, growth, support, and self-help. The experiential

component provides the student opportunity to participate in a group with the goal of enhancing self-awareness of personal qualities and skills required for effective group leader roles.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** HUS 101, HUS 121

### HUS 131 - Introduction to Developmental Disabilities

This course examines a variety of developmental disabilities such as intellectual disability, autism, syndromes (e.g., Down Syndrome, Fetal Alcohol Syndrome), neurological, sensory, and health impairments, learning disabilities, and emotional and behavioral disorders. The course incorporates a sociopolitical perspective laws, legislation, court cases, and attitudes on the treatment and support of people with developmental disabilities. Effective teaching and intervention strategies are explored. Special attention is devoted to addressing barriers to integration and the impact on the individual and his/her family. Students explore their own beliefs and biases regarding people with disabilities and their possible role as change agents in society.

**Credits:** 3

**Semester Offered:** F

**Corequisites:** ENG 101, HUS 101

### HUS 141 - Community Service: Delivering Human Services

This course includes fieldwork in human service agencies in the greater Worcester area. Students learn about the various roles of the human service practitioner and explore multiple aspects of service delivery as experienced by working professionals. Involvement in community service is an integral part of this class learning process. The course also covers effective communication styles, agency systems and system theory, effective joining styles, establishing strong work habits and ethics, assertiveness skills, self-awareness, and self-management.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** ENG 101, HUS 101, HUS 121

### HUS 143 - Direct Support Practicum

Students contract for a minimum of 10 hours per week at a practicum placement and a weekly seminar at the College. Practicums are supervised by an agency

staff person and by the course instructor, who visits the sites and maintains weekly contact with the students. Students demonstrate sensitivity to diverse populations and satisfactory proficiency in developing, interpreting, implementing, and documenting helping interventions. They understand the appropriate use of supportive services, group facilitation, conflict resolution, and system change strategies; and use appropriate written and verbal communication skills to document their work.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** HUS 101

### HUS 145 - Special Topics in Developmental Disabilities

This course is designed for human service professionals who work as direct support workers for the Department of Developmental Services. Students enrolled in this course gain a deeper understanding and appreciation of issues that may have been presented in previous human service classes. In addition, students further develop their skills in working with both clients and their families. Topics covered in this course include person-centered thinking, teaching and learning, diversity, health and wellness, sexuality, human rights, grief and loss, and working with families.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** HUS 101

### HUS 221 - Cultural Competence for Human Service Workers

This course prepares human service workers in developing awareness with issues of human diversity broadly defined to include race, ethnicity, culture, nationality, religion, age, gender, gender identities and sexualities and accessibility needs. Students will explore the dynamics of diversity, privilege, and oppression. Building on standard models of cultural competence that emphasize knowledge, awareness, and skills, students will be introduced to cultural humility, culturally specific approaches to practice, and frameworks for equity and empowerment.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** CRJ 101 or HUS 101, ENG 101, SOC 101

**HUS 231 - Legal and Ethical Concepts in Human Services**

This course explores effective ethical and legal dilemmas and examines the issues of social justice and human rights. Students develop ethical decision-making and examine intervention and prevention strategies within human service practice. Students understand and apply ethical principles found in codes of ethics and standards of practice related to the fields of education, health sciences and human/social services. Topics of privacy, confidentiality, duty to disclose, and boundary dilemmas are covered in depth. Examples from federal, state, and local laws are used to help learners understand their legal responsibilities and effectively collaborate with professionals from the justice system.

**Credits:** 3**Semester Offered:** F/S**Prerequisites:** CRJ 101 or HUS 101**HUS 241 - Case Management**

This course teaches the principles, practices, and issues in human services case management, with emphasis on prevention and intervention strategies. Topics include advanced-level listening skills, motivational interviewing, planning, assessment of community resources, referral procedures, general crisis intervention, and advanced guidelines for setting appropriate boundaries during in-person and online therapy.

**Credits:** 3**Semester Offered:** F/S**Prerequisites:** HUS 141 or HUS 143**HUS 243 - Human Services Practicum I**

This is a capstone course for the human services curriculum. Students apply academics through field placements conducting 120 hours of directed professional supervision. Students demonstrate cultural competence, as well as the 12 core community skill standards. During field placement, students will develop proficiency in developing, interpreting, implementing, and documenting helping interventions. They understand the appropriate use of supportive services, group facilitation, conflict resolution, and system change strategies; and use appropriate written and verbal communication skills to document their work.

**Credits:** 4**Semester Offered:** F**Prerequisites:** HUS 101, HUS 141, PSY 231**HUS 244 - Human Services Practicum II**

This is a continuation of the capstone course for the human services curriculum. Students apply academics through field placements conducting 130 hours of directed professional supervision. Students demonstrate cultural competence, as well as the 12 core community skill standards. During field placement, students will develop proficiency in developing, interpreting, implementing, and documenting helping interventions. They understand the appropriate use of supportive services, group facilitation, conflict resolution, and system change strategies; and use appropriate written and verbal communication skills to document their work.

**Credits:** 4**Semester Offered:** S**Prerequisites:** HUS 243**Humanities****HUM 101 - Critical Thinking and Problem Solving**

This course focuses on the development of thinking and problem-solving skills by analyzing controversial public issues, media attempts at persuasion, and everyday problems. These skills include recognizing personal and cultural differences in perceptions and beliefs; understanding and using deductive and inductive logic and creative thinking; and recognizing logical fallacies and emotional appeals. Students will demonstrate cause and effect reasoning; construct well-reasoned and effective arguments for various audiences; develop reflective thinking; and employ problem-solving strategies.

**Credits:** 3**Semester Offered:** F/S/SU**Prerequisites:** Placement into college level English**HUM 105 - Introduction to Humanities**

The course focuses on both western and non-western cultures and their intellectual traditions through the study of literature, philosophy, visual and performing arts, theater, music, science and religion. Students explore how human knowledge has developed

and grown through history by reading a variety of ancient and modern texts, listening to music, viewing artworks, watching film excerpts, and participating in discussions and experiential learning activities.

**Credits:** 3**Semester Offered:** F/S/SU**Prerequisites:** ENG 101**HUM 142 - Internet Communications**

This course focuses on humans' relationship to cyberspace by examining ethical issues in the content and development of internet communication tools. Students discuss and analyze topics in the humanities, including internet history and access, disinformation and bias, censorship, privacy and security, online learning, remote work, and the role of artificial intelligence.

**Credits:** 3**Semester Offered:** F/S/SU**Prerequisites:** Placement into college level English**HUM 206 - Digital Humanities**

This course explores Digital Humanities (DH), an interdisciplinary field which employs digital tools to explore and share humanities topics. Students learn about the role of DH in 21<sup>st</sup> century research, scholarship, and public projects; carry out critiques of DH tools, projects, and exhibitions; demonstrate digital literacy through competency with digital tools for exhibitions and books, digital storytelling and mapping, social network analysis and visualizations, and text mining and topic modeling; contribute to a crowdsourced DH project; communicate and collaborate with classmates to create a public DH exhibition; and strategize, create, submit, and present a detailed plan for a DH project.

**Credits:** 3**Semester Offered:** F/S/SU**Prerequisites:** ENG 101**HUM 210 - Journaling in Context: New England's Great Thinkers**

This course introduces the New England Transcendental diarists of the 19<sup>th</sup> century, including: Henry David Thoreau, Ralph Waldo Emerson, Margaret Fuller, and Bronson Alcott. Students read significant journal entries written by these authors, and learn how to develop

their own personal journal. Students take part in investigative exploration of journal entries from the 19<sup>th</sup> century with the objective of understanding chronological events, gathering insight regarding local and national matters, and correlating past cultural events to contemporary issues. Topics of discussion and research will consist of: social activism, utopian communities, societal experimentation, consumerism and industrialism, and personal philosophy.

**Credits:** 3

**Prerequisites:** ENG 101

### **HUM 211 - The Sixties in America**

This course introduces students to the dramatic events occurring in the decade of the 1960s. Students examine significant developments of the era through an exploration of various cultural media including texts, videos, art, music, and theater. The course covers Civil Rights and Black Power movements; the war in Vietnam and related controversies; the rise of the counterculture; the contemporary Women's Movement; the student revolution; and the beginnings of the Environmental Movement. Students examine the relevance of the events of the 1960s to the issues facing the 21<sup>st</sup> century.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** ENG 101

### **HUM 214 - Great Debates of the Western World**

This course focuses on presenting opposing views of controversial questions. Students discuss classic issues such as romanticism vs. classicism, militarism vs. pacifism, and liberalism vs. conservatism. Students also examine topics including abortion, pornography, and genetic engineering. They learn how to explore the variety and complexity of human values while maintaining a framework of a rational and fair-minded approach to all sides of every dispute.

**Credits:** 3

**Prerequisites:** ENG 101

### **HUM 232 - Survey of Hollywood Film: 1920 to Present**

This course offers a foundational survey of Hollywood film from its inception through the present. Students study a chronological series of films selected to represent the ethno-cultural diversity of that history, films that demonstrate major

developments in Hollywood film art over time. Students become familiar with the language of film, and the theoretical approaches and critical terminology used by film scholars to analyze the form. Students learn how to apply the theories and terms learned by use of them in class presentations and in class discussion, as well as in the writing of essays in the genre of film analysis.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** ENG 101

### **HUM 234 - Mathematics and Science in the Humanities**

This course examines how the Humanities utilizes and interacts with the fields of Mathematics and Science. Students utilize methodologies of the Humanities to examine the historical, philosophical, and ethical natures of Math and Science. Students explore mathematics and science as theoretical lenses to understand literary texts and other forms of art. This course covers topics that include but are not limited to infinities, multidimensional spacetime, biology and environmental science, robotics and technology, the mathematician/scientist character, and the discovery and impact of individual numbers/theories. Students compose essays and participate in discussions to demonstrate the connectivity of these usually disparate fields (no formal mathematical calculations are required of students).

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** ENG 102

## **Interactive Media Digital Design**

### **IMD 105 - UI/UX Design Fundamentals**

This course introduces the principles and practices of UI/UX design. User Interface (UI) refers to the visual design characteristics of an interface; UX refers to content organizing, structure and user's product interaction. Topics include: interface design elements and principles, information structure and data relevance; ideation and site mapping, personas and storyboarding, wireframes, usability, testing and prototyping. Assignments are completed using industry-standard software and hardware.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** Placement into college level English

### **IMD 106 - Digital Photojournalism**

This foundational course is designed to provide the basic skills necessary to produce newsworthy photographic images for publication in print and on the web. Students will examine different approaches to journalistic photography, objectivity in photographic work and ethical issues raised by documentary photography. Students will be introduced to non-fiction digital storytelling - telling stories through digital photographic imagery. Students complete assignments using industry-standard software and hardware.

**Credits:** 3

**Prerequisites:** Placement into college level English

### **IMD 114 - Digital Design Concepts I**

This course explores the fundamentals of digital design and its application in two-dimensional space. Students learn the principles and elements of design and color theory to create vector drawing and graphics associated with digital media. Students complete assignments using industry-standard software and hardware.

**Credits:** 3

**Semester Offered:** F/SU

**Prerequisites:** Placement into college level English

### **IMD 115 - Digital Design Concepts II**

This course builds on the foundations of IMD 114. Students expand their knowledge of design, color and light theory relevant to the application of two-dimensional space. They investigate the use of form, line, volume and void using complex concepts in vector drawing and graphics. Students complete assignments using industry-standard software and hardware.

**Credits:** 3

**Semester Offered:** S/SU

**Prerequisites:** IMD 114

### **IMD 121 - Graphic Design I**

This course introduces fundamentals of design and use of design principles to create forms of graphic communication. It emphasizes problem solving by design, visualization of problems and their

solutions, and correlation between forms and their content, function, and context. Students study advertising and related interactive media and create solutions to design problems.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** Placement into college level English

### IMD 122 - Graphic Design II

This course builds on the foundation of IMD 121. Topics include effective branding techniques using innovative layout and typography effectively in design; visualizing communication problems and solutions; and the correlation between type forms and content, function, and context. Students expand their understanding of the relationship between formal design and the components of layout, photography, illustration, 3D package design and presentation.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** IMD 121

### IMD 154 - Digital Imaging and Media

This course introduces the observational and perceptual skills necessary to construct complex and detailed drawings, illustrations, montages, and collages using digital media. Students experiment with line, space, form, volume and color to manipulate and create effects associated with electronic imaging. Students complete assignments using industry-standard software and hardware.

**Credits:** 3

**Semester Offered:** F/SU

**Prerequisites:** Placement into college level English

### IMD 155 - Digital Illustration and Animation

This course explores illustrative and animation based design processes to create original compositions and narrative styles for digital media production. It introduces cell and timeline computer animation applications to explore concepts of space, motion, and perspective. Students complete assignments using industry-standard software and hardware.

**Credits:** 3

**Semester Offered:** S/SU

**Prerequisites:** IMD 154

### IMD 161 - Digital Photography

This course covers the digital camera, including the artistic, theoretical, technical, and career aspects of photography. Students learn the relationship between the key features of light, composition, film usage, computer manipulation, scanning, resolution, and the final digital print. Students learn how to use the controls of any digital camera; use computer technology to scan, digitize, and manipulate images; and prepare images for professional display.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** Placement into college level English

### IMD 171 - Fundamentals of 3D Digital Design

This course is an introduction to three-dimensional modeling, rendering, and animation. Students further expand their knowledge of design theory and the application of 3D design. Students develop skills in 3D software topics including interface, modeling, texturing, lighting, rendering, and hierarchy in preparation for game design and development. Students complete assignments using industry-standard software and hardware.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** IMD 154, IMD 161

### IMD 222 - Publication Design

This course examines the fundamentals of publication design with emphasis on the maintenance of visual continuity for publication. It covers the research, development, organization, and visual presentation of complex printed documents. Comprehensive aspects of design, content and image are addressed.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** IMD 115, IMD 122

### IMD 263 - Digital Video Fundamentals

This course gives students an overview of the theoretical, aesthetic, and practical elements of digital video pre-production, production, and post-production. Through a series of creative exercises, lectures, and classroom critiques, students gain an

understanding of the fundamental skills required in storyboarding, scripting, directing, shooting, lighting, and editing digital video productions for a variety of purposes and audiences. Students complete assignments using industry-standard software and hardware.

**Credits:** 3

**Semester Offered:** F

### IMD 271 - Typography

This course introduces typographic form and design. It covers fundamental concepts from theoretical, historical, and technological contexts. It emphasizes principles of composition, spacing, and effective typographic expression as it applies to page layout with particular focus on basic letterform design, typesetting, and construction. Students complete assignments using industry-standard software and hardware.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** IMD 115, IMD 121

### IMD 275 - Motion Graphics

This course introduces the theory and practice of motion graphic production by integrating digital animation and interactive multimedia. Students explore creative and narrative aspects of digital imaging, sound, animation, and motion editing effects to produce innovative digital spaces and experiences for web and video presentation. Students complete assignments using industry-standard software and hardware.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** IMD 154, IMD 155

### IMD 286 - Interactive Media Processes Portfolio

This capstone course provides an opportunity for students to apply knowledge and demonstrate skills acquired throughout their time in the IMD program, and covers advanced concepts and processes of UI and UX. Students will design and present a professional quality portfolio using interactive media applications based on industry standards. Emphasis is placed on the relationship between technical, creative, and critical thinking skills. Each student prepares a body of his/her/their best work for final evaluation via website, video, PDF, and mobile app.

**Credits:** 4

**Semester Offered:** S

**Prerequisites:** IMD 275

**Please Note:** Four hours lecture

### **IMD 287 - Graphic Design Processes Portfolio**

This capstone course prepares the student to develop a presentation portfolio utilizing print and PDF applications based on industry standards. It covers advanced concepts and processes of graphic design and portfolio preparation. Projects address pre-press and PDF production for new media. Emphasis is placed on the relationship between technical, creative and critical thinking skills. Students prepare a body of their best work for final evaluation using industry-standard software and hardware.

**Credits:** 4

**Semester Offered:** S

**Prerequisites:** IMD 222, IMD 271

**Please Note:** Four hours lecture

## **Interactive Media Game Design**

### **IMG 100 - Drawing the Human Form**

This course provides the student with specific drawing media experiences to build basic perceptual skills in terms of drawing from the human figure. Students review basic knowledge of the elements of art: line, value, shape/volume, texture and color to lead to manipulation for different types of spatial illusion and expressive meaning including the study of proportion, light, shade and simple anatomy to develop an understanding of the human figure. A variety of traditional and digital imaging tools and materials are explored. Digital assignments are completed using industry-standard software and hardware.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** Placement into college level English

**Please Note:** Due to the use of live models, students enrolled in this course must be 18 years of age or older; a release form is available for those under 18 years who plan to enroll

### **IMG 101 - Fundamentals of Game Design and Development**

This course introduces the fundamentals of electronic game design and development. It covers the history and evolution of games, the production process and current issues and practices in the game development industry including business and technical perspectives. Topics include the design process, marketing and the application of interactive communication.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** Placement into college level English

### **IMG 102 - Introduction to Game Design**

This course provides students an overview of the theoretical, aesthetic, and practical elements of game design pre-production. Through a series of creative exercises, lectures, and classroom critiques, students will gain an understanding of the fundamental skills required in character development, storyboarding, scripting, creation strategies, camera angles, lighting, and editing game design pre-production for a variety of purposes and audiences. Assignments are completed using industry-standard software and hardware.

**Credits:** 3

**Semester Offered:** S/SU

**Prerequisites:** Placement into college level English

### **IMG 203 - Intermediate Game Design**

This course continues the development of the theoretical, aesthetic, and practical elements of game design pre-production and production. Through a series of creative exercises, lectures, and classroom critiques, students will further their understanding of the skills required in character development, storyboarding, scripting, creation strategies, camera angles, lighting, and editing game design pre-production and production for a variety of purposes and audiences. Assignments are completed using industry-standard software and hardware.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** IMD 155, IMG 100, IMG 101, IMG 102

### **IMG 272 - 3D Modeling for Game Design**

This course covers the principles and techniques involved in creating three-dimensional media for Game Design. Students will learn the step-by-step processes of 3D modeling including NURBS, polygons, subdivisions, environments and character development using sophisticated industry-level 3D modeling software. Students acquire skills in texture design, mapping, cameras, lighting, scene set up and rendering.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** Placement into college level English

### **IMG 288 - Interactive Game Design Portfolio**

This capstone course prepares the student to develop a presentation portfolio utilizing the game design processes of an interactive game portfolio for multi-platform and device presentation. It covers digital animation, motion graphics, and multimedia for an interactive game design portfolio preparation. Emphasis is placed on the relationship between technical, creative and critical thinking skills as students plan, design, launch, and maintain a complete interactive game design environment for final portfolio evaluation. Assignments are completed using industry-standard software and hardware.

**Credits:** 4

**Semester Offered:** S

**Prerequisites:** IMG 203, IMG 272

**Please Note:** Four hours lecture

## **Interdisciplinary Studies**

### **IDS 101 - Valuing Diversity**

This course focuses on multiculturalism and emphasizes the value of understanding and respecting cultural diversity in today's pluralistic societies. Students explore and discuss issues of race, ethnicity, gender, social class, religion, access, ability, sexual preference or orientation, language, age, size, and appearance.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** Placement into college level English

**IDS 200 - Honors Colloquium: Special Topics**

This course is a team-taught seminar that serves as a capstone experience for students in the QCC Honors Program. Students examine timely issues from many disciplines using a variety of perspectives. The seminar provides a stimulating and challenging experience, covers a broad area of knowledge, and emphasizes inquiry, discovery, critical thinking, and discussion methods to encourage meaningful participation from both students and faculty.

**Credits:** 3**Semester Offered:** F/S

**Prerequisites:** Enrollment in Honors Program or permission of Honors Program Coordinator, ENG 102-Honors, 30 college credits

**IDS 215 - Bioethics**

This course provides an introduction to ethical thinking as it relates to the life and health sciences. Students examine ethical issues surrounding continuing developments in biology and biomedicine; identify ethical components in the application of biological knowledge to areas of human activity; analyze an ethical problem in biology and human activity; and, analyze a problem in biology and medicine to arrive at an ethically valid course of action for the individual or society.

**Credits:** 3**Semester Offered:** S**Corequisites:** ENG 101**Logistics****LOG 106 - Transportation Management**

This course provides students with an understanding of the field of transportation management, which is responsible for the movement of raw materials and finished products throughout the supply chain. The course explores the various modes of freight transportation, the economic fundamentals underlying each, and how each mode might fit into a company's overall logistics strategy. During the course, students are introduced to the many potential career opportunities available in transportation management.

**Credits:** 3

**Prerequisites:** Placement into college level English

**LOG 107 - Warehouse and Inventory Management**

This course provides students with a practical understanding of warehousing and inventory management, including the important role that these functions perform within the supply chain. The course explores topics including warehouse design, storage and material handling processes, performance management and inventory control techniques. The course also examines the interaction between warehousing/inventory management and other facets of the supply chain, including transportation and customer service.

**Credits:** 3

**Prerequisites:** Placement into college level English

**Management****MGT 101 - Introduction to Business**

This course provides a broad overview of the business world. Students learn to apply basic business concepts and principles to a variety of business situations. Topics include business terminology, the legal forms of business organizations, the impact of the economy on business, and the basic functions of management including marketing, banking and financing, accounting, and technology.

**Credits:** 3**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

**MGT 105 - Introduction to Supply Chain Management**

This course provides students with an understanding of the key functional areas of supply chain management, including transportation, distribution, warehousing and inventory management. The course explores how these functions interact, their importance to the overall organization, and the major cost components within each area. Throughout the course, students are introduced to the many potential career opportunities available in this field.

**Credits:** 3**Semester Offered:** F

**Prerequisites:** Placement into college level English

**Please Note:** This course was previously known as LOG 105

**MGT 205 - Project Management**

This course provides students with the framework needed to define the scope; plan the activities, resources and timeframe; execute and manage the implementation; and evaluate the success of projects in all areas of business and industry. Students learn techniques to assist them in managing project quality, scope, time, cost, human resources, communications, risk, procurement, and integration in the business environment. This course also provides a brief introduction to Agile project management. Students gain the foundation to take the Project Management Institute (PMI) Project Management Professional (PMP) exam. This course satisfies PMI's contact hours requirement for the PMP exam. Students wishing to take the PMI Certification Exam should note that exam has additional requirements, such as experience hours.

**Credits:** 3**Prerequisites:** ENG 101**MGT 206 - Management of Data Analytics**

This course prepares students to understand data-driven decision-making in business. Students complete assignments and hands-on projects using data and software. Topics in this course include descriptive, predictive, and prescriptive data analytics, data manipulation, determination of correct data, decision-making, and the use of analytical tools.

**Credits:** 3**Semester Offered:** S

**Prerequisites:** CIS 105 or CIS 111 or CIS 243, MAT 122

**Please Note:** This course is cross-listed as CIS 206

**MGT 207 - Transportation and Distribution Management**

This course provides students with a practical understanding of transportation, distribution, and warehousing management, including the movement of raw materials and finished products throughout the supply chain. The course explores the various modes

of freight transportation, the economic fundamentals underlying each, and how each mode might fit into a company's overall logistics strategy. The course also examines the design and management of warehousing and distribution operations, with a focus on optimizing storage, material handling, and the seamless integration of these functions with transportation and customer service. During the course, students are introduced to the many potential career opportunities available in transportation and distribution management.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** Placement into college level English

### **MGT 208 - Purchasing and Inventory Management**

This course provides students with an understanding of how purchasing and inventory management functions as an essential part of the supply chain and its integral role within an organization. The course explores the sourcing and bidding process, the legal and contractual aspects of procurement, and the basics of inventory control including the role of inventory management. During the course, students are introduced to the many potential career opportunities available in purchasing and inventory management.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** Placement into college level English

**Please Note:** This course was previously known as LOG 208

### **MGT 211 - Principles of Management**

This course examines the primary functions of management. Students increase self-awareness; develop personal and interpersonal skills, lead group activities, and organize discussions. They learn how to analyze various business situations, defend possible solutions to problems, and communicate their ideas in effective written and oral formats.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

### **MGT 215 - Human Resource Management**

This course focuses on the role of the human resources department, its function in the organization and how it supports the success of people at work. Students learn how companies recruit and select new employees, determine who gets promoted, and how salary and job performance measurement decisions are made. Students learn the importance of benefits and non-financial factors in selecting an employer, the impact of laws that protect employee rights, and how employees should use the HR staff for guidance on career development, education and training opportunities, grievances, coping with change, and personal issues that affect their jobs.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** Placement into college level English

### **MGT 216 - Entrepreneurship and Small Business Management**

This course examines the leadership and management skills needed to succeed in starting, managing and growing a small business. Students learn about the challenges of being an entrepreneur/small business owner, examining the advantages and disadvantages, the risks and rewards. Students develop an understanding of business ethics, strategic planning, small business marketing concepts, stakeholder relationship management, basic accounting principles, and administrative processes. Topics studied include the various types of small business ownership, from startups and franchises, to buying an existing business or taking over a family owned operation. Other topics include how to research and write a business plan and identifying sources of financing.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** Placement into college level English

### **MGT 222 - International Business & Management**

This course emphasizes the study and analysis of the nature, structures and strategies of international/global businesses. Students examine international markets, economic systems, value-chains and core competencies of a firm.

**Credits:** 3

**Prerequisites:** Placement into college level English

## **Manufacturing Technology**

### **MNT 100 - Manufacturing Safety**

This course provides an introduction to the principles of safety, guidelines for the design of equipment, and explanations of why certain practices should or should not be followed in the manufacturing environment. Students evaluate human reactions in normal and abnormal conditions, and compare features required for safe working conditions to industry standards. Students sit for the OSHA 30 General Industry Certification Examination.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** Placement into college level English, MAT 095 with a grade of "C" or higher or QMAT placement score > 21

### **MNT 101 - Mechanical CAD I**

This course introduces computer-aided design (CAD) software. Students develop an understanding of the commands needed to produce a two-dimensional drawing. Topics include drawing set up, geometry creating, editing functions, layer techniques, dimensioning, model and paper space, title block creation, and plotting a completed drawing. Other related topics include multi-view drawings, selection and arrangement of orthographic views, section and auxiliary views, and isometric and oblique drawings. Students gain proficiency in the operation of a PC-based CAD system and a functional understanding of basic computer-aided drafting techniques.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** MAT 095 with a grade of "C" or higher or QMAT placement score > 21

### **MNT 103 - Solid Modeling**

This course focuses on computer aided design topics needed to produce parts, assemblies and drawings using industry prevalent Solid Modeling software. Students become familiar with screen layout, cursor feedback symbols, feature manager, constraint geometry, editing functions, and

template creation. Extensive hands-on exercises allow students to create complex 3D extrusions from a series of 2D sketches and apply fillets, rounds, chamfers, and patterns. Additional topics include revolving sketches and extruding using shelling, ribbing, sweeping and lofting. Upon completion of this course, students are proficient in creating and animating drawing assemblies and associated part drawings, and producing a bill of materials, and have functional understanding of 3D parametric modeling software. Students sit for the Certified SolidWorks Associate examination.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** ERG 101 or MNT 101

### **MNT 104 - Engineering Design**

This course provides a project-oriented approach to the Engineering Design Process. Students will experience design concepts through to prototype manufacture and beyond using modern digital manufacturing equipment. Students will document their own journey, keeping accurate records of design decisions, while planning and tracking project management goals and milestones. Students are encouraged to work in teams and use a collaborative approach to their learning. A final media presentation will wrap up this course.

**Credits:** 4

**Semester Offered:** SU

**Prerequisites:** MNT 103

### **MNT 106 - Quality**

This course focuses on Metrology, Inspection, and Quality systems in play in modern manufacturing companies. Students use precision measurement, as well as CMM and Optical methods, to promote the validation of high precision parts. Students explore basic concepts of lean manufacturing and statistical process control (SPC) methods to determine and support quality control requirements.

**Credits:** 3

**Semester Offered:** S

**Please Note:** Three hours lecture

### **MNT 108 - Basic Machine Operation**

This course introduces some of the fundamentals of machine tool technologies. It is focused on hands-on activities that are essential to a

successful career in a manufacturing industry. Students learn from highly qualified instructors how to use bench working practices as well as operate lathes and milling machines. A variety of assignments challenge students to produce high precision parts while learning mechanical inspection techniques. Finally, students are introduced to the fundamentals of CNC programming and CNC equipment. Students sit for the Haas CNC Operator Certification.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** MAT 095 with a grade of "C" or higher or QMAT placement score > 21

### **MNT 110 - Manufacturing Materials and Processes**

This course concentrates on the strength and properties of engineering materials. The students learn how the atomic structure of materials change its performance and what happens in manufacturing processes that allow us to create such a diverse array of products. Properties of materials and post processing are also studied in this introductory course.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** MAT 095 with a grade of "C" or higher or QMAT placement score > 21

### **MNT 115 - Maintenance and Instrumentation in Manufacturing**

This course analyzes modern maintenance applications along with instruments that are frequently used in manufacturing industries to monitor machinery. Students obtain a detailed understanding of modern maintenance applications and the mechanical theory behind the procedures. Emphasis is placed on the operational aspect of monitoring equipment such as pressure gauges, transducers, strain gauges, electronic recorders, and controllers with a strong emphasis placed on safety. Class projects help students develop the analytical ability necessary for the operation and maintenance of manufacturing equipment.

**Credits:** 3

**Semester Offered:** S

### **MNT 210 - CNC Programming**

This course introduces the essential concepts of computer numerical control (CNC) and its impact on manufacturing and productivity. The course focuses on manual programming of different types of CNC systems, with a strong emphasis on the understanding of G and M codes used in current applications. Students learn to write a variety of part programs for both milling and turning operations.

**Credits:** 4

**Semester Offered:** F

**Corequisites:** MNT 101, MNT 108

**Please Note:** Three hours lecture, three hours laboratory

### **MNT 215 - Computer-Aided Manufacturing**

This course explores the fundamental concepts of computer-aided manufacturing through lectures and laboratory experience. Topics include machining using a graphical software package to generate part programs for a CNC mill and a thorough review of manual part programming with emphasis on how to use the CNC program. Students learn how to integrate the program with the machine to fabricate the part. Students develop proficiency in editing graphics and using turning software to create part programs for full-size CNC turning centers.

**Credits:** 4

**Semester Offered:** S

**Prerequisites:** MNT 101, MNT 210

**Please Note:** Three hours lecture, three hours laboratory

### **MNT 216 - Manufacturing Capstone Project**

This course integrates the skills learned in previous manufacturing courses and applies those skills to solve real world project challenges. Students use skills learned in computer aided design (CAD), computer aided manufacturing (CAM), computer numerical control (CNC) and manufacturing processes to design and build products. Students learn project management tools, material procurement processes, teamwork and effective communication. This course is designed to simulate the real world environment and to challenge students to be creative problem solvers.

**Credits:** 4

**Semester Offered:** S

**Prerequisites:** MNT 102 or MNT 103, MNT 210

**Please Note:** Three hours lecture, three hours laboratory

### **MNT 217 - Process Automation & Robotics**

This course provides students with an overview of the systems and concepts involved in today's highly automated manufacturing environments. Robotic systems, an important component of an automated system, are also studied. Topics include automation design, robotic systems, manufacturing execution systems (MES), and statistical process control (SPC). Students learn and practice systematic troubleshooting, using a highly automated manufacturing system as well as robotic systems.

**Credits:** 3

**Prerequisites:** CIS 111

**Corequisites:** MNT 115

### **MNT 218 - Lean Manufacturing and Six Sigma**

This course focuses on entry-level knowledge of the "Lean Manufacturing" methodology and includes the fundamentals of "Six Sigma". It familiarizes students with the fundamental philosophy of "Lean Manufacturing" and provides them with the tools that enable the identification, measurement, and elimination of non-value-added activities in a manufacturing setting. Students gain the understanding that "Lean Manufacturing" maximizes product profit, has a positive effect on product quality, and reduces overhead costs. Students develop a working knowledge of the best practices in quality and process management. Students sit for the SME Lean Bronze Certification Examination.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** MNT 106

### **MNT 299 - Cooperative Work Experience**

This course provides students with a structured learning experience while applying classroom theory to a practical work experience. Students develop a learning agreement that lists the objectives they will accomplish through their work experience. Evaluation is based on satisfactory completion of the learning agreement objectives and the demonstration of soft skills such as punctuality and attitude.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** CPS 298, Approval of Program Coordinator

## **Marketing**

### **MRK 111 - Principles of Real Estate**

This is an introductory course covering the legal and economic factors involved in the buying and selling of real estate. The course will benefit anyone planning to take the salesperson's real estate examination. The successful student learns licensing laws, concepts of property, deeds and contracts, mortgages, financing, purchase and sale agreements, appraisals, and commission structures.

**Credits:** 3

**Prerequisites:** Placement into college level English

### **MRK 201 - Principles of Marketing**

This course presents an overview of marketing management in modern organizations including an introduction to the concept of marketing, the role of marketing in society and the firm, marketing terms, and the various factors that influence marketing decision-making. Students learn how to apply those factors to analyze customers, competition, marketing strengths, and marketing weaknesses. Students study market research and selection, consumer buying behavior, and product development including pricing, promotion, distribution, and global marketing strategies.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

### **MRK 205 - Marketing for Entrepreneurs**

This course prepares aspiring entrepreneurs with the knowledge and tools needed to develop a comprehensive marketing plan aligned with their small business goals. Students explore how to make the most of limited resources by focusing on budgeting effectively, selecting the most impactful marketing channels and platforms, building brand preference and customer loyalty, and measuring performance. The course places emphasis on practical, real-world strategies tailored to the unique challenges of small business ownership.

By the end of the course, students create and present a complete marketing strategy and plan for their own business idea.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** Placement into college level English

### **MRK 221 - Sales & Sales Management**

This course examines the selling function in companies with emphasis on the dynamics of the sales process. Students learn how to qualify sales prospects, plan a presentation, secure and open the sales interview, deliver a product demonstration, handle objections, and close a sale. Areas of study include compensation, management of a field sales force, the development of leads, sales training, and leadership styles. Students also prepare a resume, learn job interview techniques, and gain an understanding of a career in sales.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** Placement into college level English

### **MRK 231 - Advertising**

This course focuses on the role and importance of advertising in the marketing plan of an organization. Students learn how to prepare a detailed advertising plan using the most appropriate media. Topics covered include the history of advertising, selecting effective media, creating an advertising message using the selected media, and how an advertising agency functions.

**Credits:** 3

**Prerequisites:** Placement into college level English

### **MRK 241 - Social Media Marketing**

This course examines how social media is used to achieve today's marketing goals. Students gain a perspective on how traditional marketing professionals have viewed social media, myth busters, and how social media is integral to building a marketing strategy. Students explore how to use social media tools, set social media goals that align with the business's goals, and analyze and understand metrics. This class encompasses developing a social media strategy, goals and metrics for business or professional career development, as well as hands-on work in a computer lab.

**Credits:** 3**Semester Offered:** F/S**Prerequisites:** Placement into college level English

## Mathematics

### **MAT 051 - Topics in Mathematics**

#### **Corequisite**

This course covers various topics in developmental mathematics to support students enrolled in MAT 121. Students apply remedial mathematics topics such as fractions, decimals, percent, order of operations, scientific notation, exponential notation, and solving equations to strengthen comprehension of college level topics in MAT 121. This course requires co-enrollment with MAT 121.

**Credits:** 2**Semester Offered:** F/S/SU**Corequisites:** MAT 121**Please Note:** This developmental course cannot be used to satisfy degree or certificate requirements

### **MAT 052 - Statistics Corequisite**

This course covers various topics in developmental mathematics to support students enrolled in MAT 122. Students apply remedial mathematics topics such as fractions, decimals, percent, proportion, scientific notation, coordinates, slope, graphing of linear equations, and mathematical phrasing just-in-time to strengthen comprehension of statistics concepts. This course requires co-enrollment with MAT 122.

**Credits:** 2**Semester Offered:** F/S/SU**Corequisites:** MAT 122**Please Note:** This developmental course cannot be used to satisfy degree or certificate requirements

### **MAT 054 - Mathematics for Educators I Corequisite**

This course covers various topics in developmental mathematics to support students enrolled in MAT 111. Students learn remedial mathematics topics such as factoring, defining and simplifying radicals, the Pythagorean Theorem, and solving rational and quadratic equations to strengthen comprehension of college level topics in MAT 111. This course requires co-enrollment with MAT 111.

**Credits:** 2**Semester Offered:** F/S/SU**Prerequisites:** MAT 095 with a grade of "C" or higher or QMAT placement score > 21**Corequisites:** MAT 111**Please Note:** This developmental course cannot be used to satisfy degree or certificate requirements

### **MAT 095 - Beginning Algebra**

This course covers all basic operations of real numbers, linear and literal equations, graphing lines (using tables, x and y-intercepts), the arithmetic of polynomial expressions including properties of exponents, solving and graphing linear inequalities, perimeters and areas of basic figures, scientific notation and intrasystem metric conversions. Technology tools are utilized in this course. Taking the departmental final examination is a requirement of the course. The minimum passing grade for developmental mathematics courses is a "C".

**Credits:** 3**Semester Offered:** F/S/SU**Please Note:** This developmental course cannot be used to satisfy degree or certificate requirements

### **MAT 097 - College Algebra Corequisite**

This course covers various topics in developmental mathematics to support students enrolled in MAT 100. Students learn remedial mathematics topics such as factoring techniques, define and simplify radical expressions, graph linear equations using slope-intercept concepts, apply the use of the Pythagorean Theorem, and solve rational, quadratic, and literal equations to strengthen comprehension of college level topics in MAT 100. This course requires co-enrollment with MAT 100.

**Credits:** 2**Semester Offered:** F/S/SU**Prerequisites:** MAT 095 with a grade of "C" or higher or QMAT placement score > 21**Please Note:** This developmental course cannot be used to satisfy degree or certificate requirements.

### **MAT 100 - College Algebra**

This course covers advanced algebra topics. Students perform arithmetic operations on rational expressions;

solve equations with fractions; factor expressions; simplify complex fractions; simplify exponential expressions, roots, radicals, and rational exponents; solve linear systems using several techniques; use the midpoint and distance formulas; recognize and graph the equation of a circle; solve linear and absolute value inequalities; solve quadratic equations by completing the square and by using the quadratic formula; solve equations containing radicals or absolute values; and perform arithmetic operations on radical expressions and complex numbers.

**Credits:** 3**Semester Offered:** F/S/SU**Prerequisites:** QMAT placement score > 32 or Corequisite: MAT 097

### **MAT 103 - Mathematics for Business**

This course introduces the mathematical processes and techniques currently used in the fields of business and finance. Students use practical examples throughout to illustrate the relevance of analyzing and interpreting data in business and financial management. Students learn sound decision-making skills that will aid them in fulfilling their roles as citizens, consumers, employees, employers, investors, and entrepreneurs. The course introduces business statistics and continues with business and financial topics including bank services, business and consumer loans, simple and compound interest, payroll taxes, risk management, the mathematics of buying, break-even and cost-volume-profit analysis, discounts, markups and markdowns, inventory control, stocks and bonds, annuities and sinking funds, depreciation, interpreting financial statements and financial analysis.

**Credits:** 3**Semester Offered:** S**Prerequisites:** MAT 095 with a grade of "C" or higher or equivalent placement measures**Restriction:** Restricted to Business Administration Career (BB and BBAP) and Business Administration Certificate (BAC) students

### **MAT 111 - Mathematics for Educators I**

This course focuses on the critical mathematical concepts necessary for students who are pursuing the Elementary Education Transfer Option in the General Education - Associate in Arts degree program. Students construct

and apply problem-solving techniques to solve problems; apply arithmetical operations on integers, rational numbers, and decimals; develop an understanding of mathematical relationships using equations; draw conclusions based upon geometric pattern; and interpret data. Students construct geometric patterns and graphical data into algebraic equations; students also construct a geometric or graphical model given an algebraic equation. Instructor modeling is an integral component of the course.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** QMAT placement score > 32 or Corequisite: MAT 054

**Restriction:** Restricted to General Studies - Elementary Education Transfer Option and ECE Program students

### **MAT 112 - Mathematics for Educators II**

This course continues the comprehensive focus on the critical Mathematics concepts necessary for students who are pursuing an Early Childhood and/or General Studies Elementary Education degree. Students develop an understanding of the principles of Euclidean geometry and use them to prove theorems. In addition, students apply Euclidean geometry to analyze the characteristics and properties of two and three-dimensional shapes, coordinate geometry, and transformations. Fundamental principles of probability and statistics explored. Students develop a deep level of understanding of geometry, probability, and statistics in order to become successful elementary and middle school teachers. Instructor modeling is an integral component of the course.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** MAT 111

**Restriction:** Restricted to General Studies - Elementary Education Transfer Option and ECE Program students

### **MAT 121 - Topics in Mathematics**

This course explores a variety of topics in contemporary mathematics. These topics include problem solving and critical thinking, personal finance, numeration systems, set theory, counting principles and probability theory, and voting methods.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** College level mathematics course or QMAT placement score > 21 or equivalent placement measures or Corequisite: MAT 051

### **MAT 122 - Statistics**

This introductory statistics course covers descriptive statistics, probability, and inferential statistics. Statistical content includes sampling, graphical summaries of data, measures of center and variability, probability theory and distributions, standard and non-standard normal distributions, the Central Limit Theorem, confidence intervals, one-sample hypothesis tests, linear correlation and regression. Statistical technology is used.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** College level mathematics course or QMAT placement score > 21 or Corequisite: MAT 052

### **MAT 123 - College Mathematics I: Pre-Calculus**

This course focuses on the knowledge and skills necessary for advanced mathematics. Students expand binomial expressions using the binomial theorem; solve non-linear, and rational inequalities and write their solutions using interval notation; determine and write linear equations in several forms; explain the concept of function; graph functions using symmetry test; recognize and graph functions, including constant, linear, quadratic, polynomial, rational, exponential, and logarithmic functions; use function transformation techniques; perform composition and arithmetic operations on functions; find and graph inverses of functions; use properties of logarithms; and solve logarithmic and exponential equations.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** MAT 100 or appropriate placement score

### **MAT 124 - College Mathematics II: Trigonometry**

Students solve right and oblique triangles and related applications; perform vector computations and use vector concepts to solve applications; determine the values of trigonometric ratios of angles and the values of inverse trigonometric ratios of real numbers; work with angles measured

in degrees-minutes-seconds or radians; solve uniform circular motion problems; learn the traditional trigonometric identities and use them to prove other identities; perform transformations of basic trigonometric graphs; write equations to describe specific instances of harmonic motion; and solve trigonometric equations.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** MAT 123 or appropriate placement score

### **MAT 125 - Discrete Mathematics**

This course provides an introduction to the basic concepts in Discrete Mathematics. Topics include predicate and propositional calculus, sets, proof techniques, permutations and combinations, probability, relations, closure, partial order, functions, graph connectivity and shortest paths, and an introduction to languages, grammars and nondeterministic finite-state machines.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** MAT 123 or appropriate placement score

### **MAT 147 - Mathematics for Technicians I**

This course covers applied mathematical concepts and methods: Content includes a review of basic concepts of arithmetic operations on scientific and engineering notation and algebra. Students are introduced to simple equations, functions and graphs, geometry, right triangles, vectors and oblique triangles. Students learn applications to systems of linear equations, matrices and determinants, ratio, proportion and variation. Solving quadratic equations, basic rules of factoring, power rule, exponents and radicals, radian measure, arc length, and rotation. Pythagorean Theorem and the six trigonometric ratios are also covered.

**Credits:** 4

**Semester Offered:** F/SU

**Prerequisites:** MAT 095 with a grade of "C" or higher or QMAT placement score > 21

**Restriction:** Restricted to Manufacturing Technology programs (MP, MPC), Automotive Technology program (AT), Computer Systems Engineering Technology programs (SECS, SECY, SEIT, SEF), Electronics Engineering Technology programs (EEBI, EEMO, EEPH, CE, CP), and Utility Technology program (UTC)

**MAT 148 - Mathematics for Technicians II**

This course covers applied mathematical and statistical concepts and methods: Topics include Trigonometry, parametric, and polar graphs; Trigonometric identities and equations; Exponential and logarithmic functions; Complex numbers and their applications; Series, sequences and the binomial theorem; Introduction to statistics and probability; Process Control, Correlation and Regression Analysis; Derivatives of algebraic functions.

**Credits:** 4

**Semester Offered:** S/SU

**Prerequisites:** MAT 147

**MAT 233 - Calculus I**

This course begins with a review of functions and functional notation. After introducing the limit and continuity theorems on an intuitive basis, the study of differentiation begins. Typical derivative formulae are applied to polynomial, rational, trigonometric, implicit, logarithmic, exponential, and inverse trigonometric functions. Application topics include extrema, related rates, curve sketching, and velocity and acceleration. The basic rules of integration and the substitution method are introduced along with Riemann Sums and the Fundamental Theorem of Calculus.

**Credits:** 4

**Semester Offered:** F/S/SU

**Prerequisites:** MAT 124 or appropriate placement score

**MAT 234 - Calculus II**

This course focuses on expanded methods of integration and their application. Derivatives of the exponential, logarithmic and inverse trigonometric functions as well as their antiderivatives will be reviewed. Students learn to compute the customary antiderivatives of functions and apply antidifferentiation to such areas as volumes, moments, centroids, arc lengths and surfaces of revolution. Students will be introduced to differential equations. The use of L'Hôpital's Rule and the evaluation of improper integrals are examined. The convergence tests of infinite series as well as the Power, Taylor and Maclaurin series are analyzed.

**Credits:** 4

**Semester Offered:** F/S/SU

**Prerequisites:** MAT 233

**MAT 235 - Calculus III**

This course covers conic sections, rotation of axis, plane curves, parametric equations, vectors; polar, cylindrical, and spherical coordinates and graphs; vector-valued functions, differentiation, and integration; functions of several variables, partial derivatives, gradients; applications of extrema of functions, Lagrange multipliers; multiple integrations; area, volume, center of mass, moment of inertia, change of variables, Jacobians; Green's, divergence, and Stokes' theorems. Students learn to use calculus to solve engineering and scientific problems. The course includes some elementary differential equations.

**Credits:** 4

**Semester Offered:** F/S/SU

**Prerequisites:** MAT 234

**MAT 237 - Probability & Statistics for Engineers and Scientists**

This course focuses on statistics and engineering. It covers interpretation, description, and treatment of data; probability and probability distributions; binomial, geometric, and hypergeometric methods; poisson processes; gamma, beta, and weibull distribution; populations and samples; inferences, hypotheses, and significance tests; Bayesian estimates; curve fitting; the method of least squares; curvilinear regression, correlation, and experimental design. Students use calculators and statistical software to solve statistical problems.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** MAT 234

**MAT 238 - Differential Equations**

This course covers definition of differential equations, solution of differential equations, separation of variables, homogeneous and nonhomogeneous solutions, Wronskian, second and higher order equations, solution of systems of linear differential equations, numerical methods, linear independence, the Laplace transform, transforms of derivatives, derivatives of transforms, the Gamma function, inverse transforms, and convolution theorem. Students use mathematical software to solve differential equations for numerical methods.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** MAT 235

**MAT 243 - Linear Algebra**

This course covers fundamental topics in linear algebra, including systems of linear equations, matrices, reduced echelon forms, vectors in  $R^n$ , linear independence, linear transformations, matrix operations, the inverse of a matrix, determinants, vector spaces, rank, subspaces, bases, eigenvectors, eigenvalues, the characteristic equation, diagonalization, and complex eigenvalues. Students also use mathematical software to solve higher-order systems of equations and compute matrix operations.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** MAT 234

**Medical Support Specialist****MSS 111 - Medical Assisting Fundamentals**

This course covers introductory administrative skills and medical terminology in the medical office. Topics include performing as a professional medical assistant, verbal and non-verbal communication, technology used in the medical office, the health care system, professional law and ethics, patient reception, telehealth and telephone techniques, analyzing word parts and learning basic prefixes, suffixes and word roots. The course also highlights the body systems: basic anatomy and physiology, including terms used in diseases and surgical procedures.

**Credits:** 5

**Semester Offered:** F

**MSS 112 - Medical Assisting Clinical Fundamentals**

This course covers introductory theory and techniques of medical assisting used to perform fundamental clinical assisting procedures in the cognitive, psychomotor, and affective domains. Topics include aseptic technique with infection control, measuring vital signs, preparing/maintaining treatment area, interviewing techniques and recording of patient histories, preparing, and assisting patients for procedures, electrocardiograms, monitoring test results, patient education and ambulatory aids.

**Credits:** 5

**Semester Offered:** F

### **MSS 121 - Medical Assisting Advanced Administration**

This course introduces advanced medical office procedures including appointment scheduling, phone communication, patient reception, the medical record, written communication, managing practice finances, diagnostic and procedural coding, medical insurance, medical billing and job seeking skills. The course also goes through the advanced roles in administration and solidifies the skills needed to be a competent medical assistant.

**Credits:** 5

**Semester Offered:** S

**Prerequisites:** MSS 111

### **MSS 122 - Medical Assisting Advanced Clinical Procedures**

This course covers advanced clinical theory and techniques of medical assisting skills including diagnostic testing, procedures of hematology, blood chemistries, blood drawing (capillary and venous), emergency/first aid skills in the medical office, minor office surgery techniques. This course also covers the knowledge needed for safe and correct medication administration in both the parenteral and enteral routes.

**Credits:** 5

**Semester Offered:** S

**Prerequisites:** MSS 112

### **MSS 199 - Medical Assisting Fieldwork**

This is a 6-week, 180-hour externship at an appropriate, approved clinical site. Students participate in an integrated experience in which they apply the skills and knowledge learned in the medical assisting program.

**Credits:** 2

**Semester Offered:** SU

**Prerequisites:** MSS 121, MSS 122

## **Music**

### **MUS 102 - Music Appreciation**

This course focuses on the importance of understanding the elements of music and the appreciation of the artistic value of music. The course covers an overview of major composers and their works and familiarizes students with the essentials of music sound, wave, rhythm,

and notation. Students explore classical European music, American music such as: folk, blues, jazz, and rock 'n' roll, as well as world music.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** Placement into college level English

### **MUS 121 - Jazz in America**

This course introduces the various forms and styles of jazz (ragtime, Dixieland, swing, bebop, and modern) and the musicians and composers of each style, including Scott Joplin, Louis Armstrong, Duke Ellington, Charlie Parker, and George Shearing. Students develop a better understanding of the sources and roots of the various jazz styles and stylists.

**Credits:** 3

**Semester Offered:** F/S/SU

### **MUS 135 - Music Ensemble I**

This course examines the basic performance of different genres of music: Jazz, Rock, Funk, Blues, and Latin. Students examine concepts of ensemble playing and responsibilities. Course materials cover basic performance techniques such as: instrument techniques, music reading, scales, chords, ear training, rhythm and teamwork. Students focus on building camaraderie, cohesiveness, listening, rhythm/tempo, musicality, preparedness, and harmonic/melodic elements.

**Credits:** 1

**Semester Offered:** F/S

**Prerequisites:** MUS 151

### **MUS 136 - Music Ensemble II**

This course focuses on the performance of: Jazz, Rock, Funk, Blues, Samba/Bossa Nova, and Afro-Cuban. Students build on the concept of ensemble playing and responsibilities from MUS 135. Students examine intermediate performance techniques such as: instrument techniques, music reading, scales, chords, ear training, rhythm and teamwork. Students focus on building camaraderie, cohesiveness, listening, rhythm/tempo, musicality, preparedness, and harmonic/melodic elements.

**Credits:** 1

**Semester Offered:** F/S

**Prerequisites:** MUS 135

### **MUS 137 - Music Ensemble III**

This course focuses on advance performance of different genres of music: Jazz, Rock, Blues, World Music Samba/Bossa Nova, and Afro-Cuban. Students examine advance performance techniques such as: instrument techniques, music reading, scales, chords, ear training, rhythm and teamwork. Students focus on building camaraderie, cohesiveness, listening, rhythm/tempo, musicality, preparedness, and harmonic/melodic elements.

**Credits:** 1

**Semester Offered:** F/S

**Prerequisites:** MUS 136

### **MUS 151 - Music Theory I**

This course focuses on the fundamentals of Western music, including writing, understanding and analysis of notation. Students examine rhythm, meters, clefs, keys signatures, major/minor scales, triads and chord inversions. Students study music symbols, intervals seventh chords, tonality, forms, harmonization, and keyboard layout. The laboratory component of this course covers basic piano skills to reinforce the concepts taught in music theory lectures.

**Credits:** 4

**Semester Offered:** F/S

**Prerequisites:** Placement into college level English

**Please Note:** Three hours lecture, three hours laboratory

### **MUS 152 - Music Theory II**

This course emphasizes diatonic harmony, including seventh chords, figured bass, and cadences. Students study voice leading, outer-voice framework, four-voice part writing, the choral, and dominant and non-dominant seventh chords are introduced. Students examine chromatic harmony, secondary functions, secondary dominants, secondary leading-tones chords, melody harmonization, modulation, binary, and ternary forms. Students focus on listening, analysis, and composition. The laboratory component of this course covers aural/visual development and proficiency skills to reinforce the concepts taught in music theory lectures.

**Credits:** 4

**Semester Offered:** F/S

**Prerequisites:** MUS 151

**Please Note:** Three hours lecture, three hours laboratory

### MUS 261 - Music History I

This course covers the foundational historical events of traditional Western European classical music through 1750. Students focus on the music of ancient Greece, Medieval, Renaissance, and Baroque. Students examine the foundation of historical context, aesthetic awareness, and music vocabulary. Students listen to and analyze different genres, styles and forms of music.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** Placement into college level English

### MUS 262 - Music History II

This course covers the foundational historical events of traditional Western European classical music from 1750 to the 20<sup>th</sup> century. Students examine the Classical Styles, Romantic, 20<sup>th</sup> century and beyond. Students listen to and analyze different genres, styles and forms of music.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** MUS 261

## Nurse Education

### NUR 100 - Paramedic to ADN Bridge

This course focuses on curriculum topics that are essential for those students who hold a Paramedic certification and who are seeking enrollment into the Nurse Education - Advanced Placement Paramedic Program (NUP). Topics include foundations of nursing practice, nursing theory, evidenced based practice, legal, ethical and advocacy issues, nursing care, role transition, nursing process, and promoting healthy psychosocial responses. Lab content includes basic nursing skills practice and competency. This course also includes clinical practice of basic skills in the long-term care setting. Successful completion of this one-credit course with a "C+" or higher enables students to enter the NUR 101 course.

**Credits:** 1

**Semester Offered:** F

**Prerequisites:** BIO 111 with a grade of "C" or higher, BIO 112 with a grade of "C" or

higher, ENG 101, PSY 101

**Restriction:** Restricted to those students who have met admissions requirements for the Associate in Science in Nurse Education Program and hold a current certification in Massachusetts as a Paramedic or current certification from the National Registry of Emergency Medical Technicians (NREMT) in good standing

### NUR 101 - Advanced Placement Nursing I

This course is designed for eligible Licensed Practical Nurses and Paramedics who are seeking enrollment into the Nurse Education - Advanced Placement LPN (NUL) or Advanced Placement Paramedic (NUP) Program. The course focuses on curriculum topics that are essential for the first semester Associate Degree nursing student. Topics include nursing philosophy of the profession and of the QCC Associate in Science degree Nurse Education Program, nursing process application, decision-making, critical thinking and priority setting, Nursing Theory, Maslow's Hierarchy of Needs, and Erikson's Stages of Psychosocial Development. The course also reinforces foundations of basic nursing care, health promotion, complementary alternative medicine, physical assessment, and fluid and electrolytes. The lab component includes practice and competency demonstration of lab skills including asepsis, wound care, and other assigned modules. Successful completion of this one-credit course with a "C+" or higher is required.

**Credits:** 1

**Semester Offered:** F

**Prerequisites:** BIO 112 with a grade of "C" or higher, NUR 100 with a grade of "C+" or higher or Admission to Nurse Education - Advanced Placement LPN (NUL) Program, PSY 101

**Restriction:** Restricted to those students who have met admissions requirements for the Associate Degree in the Nursing Program and hold a current license to practice as a Licensed Practical Nurse (LPN) in good standing or to those students who have met admissions requirements for the Associate in Science in Nurse Education Program and hold a current certification in Massachusetts as a Paramedic or current certification from the National Registry of Emergency Medical Technicians (NREMT) in good standing.

### NUR 106 - Introduction to Nursing Concepts & Health Care

This course is the study of contemporary nursing in relation to historical development, nursing theory, social trends, and healthcare changes. The student explores influences of the past on present day nursing, health care settings, trends and legislation, challenges and issues for today's nurse and future predictions for nursing. Students will integrate concepts of diversity, equity and inclusion in discussion of patient-centered care. Successful completion of this one-credit course with a "C+" or higher is required.

**Credits:** 1

**Semester Offered:** F/S

**Prerequisites:** BIO 111 with a grade of "C" or higher, ENG 101

**Corequisites:** BIO 112, NUR 107, PSY 101

### NUR 107 - Fundamentals of Nursing

This course provides an introduction to the role of the nurse in the health care system. Nursing Theory, Maslow's Hierarchy of Needs, and Erikson's Stages of Psychosocial Development are introduced and utilized as organizing frameworks. Additional integration of professional standards and competencies from National League for Nursing and other professional organizations is included. Students develop an understanding of and ability to use the nursing process as a method for assisting patients to meet healthcare needs. Students develop basic communication skills in order to promote effective relationships with patients, families and members of the health team. Content includes, but is not limited to, oxygenation, health assessment, elimination, medication administration, and basic comfort and care. Students participate in laboratory to acquire nursing skills and demonstrate competency. Clinical experiences are provided to reinforce nursing skills and promote clinical judgment. Successful completion of this eight-credit course with a "C+" or higher is required.

**Credits:** 8

**Semester Offered:** F/S

**Prerequisites:** BIO 111 with a grade of "C" or higher, ENG 101

**Corequisites:** BIO 112, NUR 106, PSY 101

**NUR 108 - Medical Surgical Nursing I/ Maternal Newborn**

This course focuses on caring for maternal newborn patients and adults who have health care deviations that require specific nursing interventions. Content includes, but is not limited to, the perioperative experience, cellular proliferation, nutrition, metabolic activity, cardiovascular disorders, substance abuse, reproductive issues, domestic violence and maternal-newborn health. Students will use a developmental focus and a life span approach to concepts of health promotion and deviations. The course is based on Nursing Theory, Maslow's Hierarchy of Needs, Erikson's Stages of Psychosocial Development, and the Nursing Process. Students participate in the laboratory to acquire nursing skills and demonstrate competency. Clinical experiences are provided to reinforce nursing skills and promote clinical judgment in the care of maternal newborn patients and adult patients in the acute care, rehabilitation and/or community settings. Successful completion of this nine-credit course with a "C+" or higher is required.

**Credits:** 9**Semester Offered:** F/S

**Prerequisites:** BIO 112 with a grade of "C" or higher, NUR 101 with a grade of "C+" or higher or NUR 106 with a grade of "C+" or higher and NUR 107 with a grade of "C+" or higher

**Corequisites:** BIO 232, PSY 121**NUR 204 - Medical Surgical Nursing II/ Pediatric**

This course focuses on content related to caring for children and adult patients who have health care deviations that require specific nursing system interventions. Content includes, but is not limited to, growth and development, and deviations in respiratory, cardiac, dermatologic conditions, burns, gastrointestinal, genitourinary, musculoskeletal, neurological, hematologic and immunologic systems. The course is based on Nursing Theory, Maslow's Hierarchy of Needs, Erikson's Stages of Psychosocial Development, and the Nursing Process. Students participate in the laboratory to acquire nursing skills and demonstrate competency. Clinical experiences are provided to reinforce nursing skills and promote clinical judgment in the care of pediatric and adult patients in the acute care,

rehabilitation and/or community settings. Successful completion of this nine-credit course with a "C+" or higher is required.

**Credits:** 9**Semester Offered:** F/S/SU

**Prerequisites:** BIO 232 with a grade of "C" or higher, NUR 108 with a grade of "C+" or higher, PSY 121

**Corequisites:** ENG 102, any HST, SOC 101 or SOC 111**NUR 205 - Advanced Medical Surgical Nursing III/Mental Health**

This course focuses on content related to mental health issues and the care of patients who experience health care deviations that require complex nursing interventions. Content includes, but is not limited to, deviations in respiratory, cardiac, gastrointestinal, renal, neurological; and emergency and disaster management. The course is based on Nursing Theory, Maslow's Hierarchy of Needs, Erikson's Stages of Psychosocial Development, and the Nursing Process. Students participate in the laboratory to acquire nursing skills and demonstrate competency. Clinical experiences are provided to reinforce nursing skills and promote clinical judgment in the care of patients in acute, community, and mental health care settings. The clinical experience emphasizes application of nursing process, leadership, and management of complex patients. Successful completion of this nine-credit course with a "C+" or higher is required.

**Credits:** 9**Semester Offered:** F/S

**Prerequisites:** ENG 102, any HST, NUR 204 with a grade of "C+" or higher, SOC 101 or SOC 111

**Corequisites:** NUR 206, Humanities Elective**NUR 206 - Advanced Nursing Concepts & Transition to Practice**

This course is the study of contemporary nursing in relation to social trends, health care changes, ethical issues, and transition to practice. The student will discuss influences of the past on present day nursing, health care trends and legislation, and challenges and issues for today's nurse. Management and delegation responsibilities of the professional practitioner will be included with theoretical content and application. The student will describe the role and

responsibilities of the Registered Nurse, assess career potential, and future employment opportunities. Successful completion of this two-credit course with a "C+" or higher is required.

**Credits:** 2**Semester Offered:** F/S

**Prerequisites:** NUR 204 with a grade of "C+" or higher

**Corequisites:** NUR 205**Occupational Therapy****OTA 101 - Introduction to Occupational Therapy: Concepts & Interventions**

This course introduces the basic tenets of the occupational therapy profession. Students will examine the history and philosophy of occupational therapy, current issues, future trends in the profession and OT practice globally. Educational requirements to practice, roles and responsibilities of the occupational therapist (OT) and occupational therapy assistant (OTA), ethical and legal aspects of practice, and professional organizations will be introduced. Practice settings, models of healthcare delivery and service management functions are explored.

**Credits:** 3**Semester Offered:** F**OTA 103 - Group Process and Interventions**

This course describes group dynamics and processes and examines how groups are used to provide occupational therapy treatment. Students learn how to plan, lead, and facilitate educational and task groups. In the laboratory, students practice planning and leading a variety of therapeutic groups. The course includes 15 hours of Level I fieldwork leading groups in a community setting.

**Credits:** 4**Semester Offered:** S**Prerequisites:** OTA 101, PSY 101**OTA 105 - Developing Professional Behaviors**

This course examines the professional behaviors that are required in a health care setting. Students learn the importance of ethical behavior, dependability, cooperation, empathy, and other behaviors that health care professionals must demonstrate.

Students learn how to establish and maintain a therapeutic relationship, how to communicate clearly when speaking and writing, and how to pursue continuing education. This course also covers the development of a professional portfolio, resume writing, and interview skills to help graduates obtain employment.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** OTA 101

**OTA 131 - Occupational Therapy: Methods and Modalities I**

This course provides in-depth study of occupations and begins to introduce students to how therapeutic occupations are used in occupational therapy practice. Students will learn to analyze occupational tasks and functional activities utilizing the Occupational Therapy Practice Framework as a guide, grade and adapt activities, and build the basic skills necessary for teaching therapeutic activities to meet the needs of occupational therapy consumers, either individually or in groups.

**Credits:** 3

**Semester Offered:** F

**Corequisites:** OTA 101

**OTA 211 - Occupational Therapy Practice for Aging Adults**

This course introduces students to the unique needs of the older adult population. Students explore fundamental concepts of aging, developmental theories, current trends, and relevant policies to build a foundation for occupational therapy practice with elders. Students learn therapeutic interventions, adaptive techniques, and environmental technologies that promote independence, prevent dysfunction, and support health and well-being.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** OTA 101, PSY 121

**OTA 215 - Occupational Therapy Practice in Pediatrics**

This course introduces the principles and practices of pediatric occupational therapy, emphasizing developmental milestones from infancy through adolescence and the impact of disability on function. Students learn evaluation methods, evidence-based interventions,

and treatment planning for common pediatric conditions across various practice settings. Key areas include postural control, feeding, positioning, sensory integration, caregiver education, and age-appropriate activities of daily living, play, and school participation. A laboratory component includes a minimum of 15 hours of Level I fieldwork in an off-campus pediatric setting.

**Credits:** 4

**Semester Offered:** F

**Prerequisites:** OTA 101, PSY 121

**OTA 221 - Concepts and Occupational Therapy Interventions in Mental Health**

This course examines a range of common psychiatric disorders and prepares OTA students to distinguish between normal and dysfunctional behavior. Students learn to develop observational skills and explore evaluation and treatment techniques. In the laboratory component, students practice evaluation and treatment activities. The laboratory includes a minimum of 15 hours Level I fieldwork, which consists of observation and supervised practice in an off-campus mental health facility.

**Credits:** 4

**Semester Offered:** F

**Prerequisites:** OTA 101, OTA 103, PSY 101

**OTA 223 - Occupational Therapy Practice with Adult Physical Disabilities**

This course emphasizes evaluation and intervention strategies for occupational therapy assistants working with adults who have physical and cognitive-perceptual disabilities. Students learn to apply the occupational therapy process to adult cases while exploring prevalent conditions encountered in clinical practice. Through integrated lecture and laboratory experiences, students develop skills in planning, grading, adapting, and delivering safe, evidence-based interventions that support client-centered activities and functional role performance. The laboratory component includes a minimum of 15 hours of Level I fieldwork, offering observation and supervised practice in an off-campus setting serving adults with physical disabilities.

**Credits:** 4

**Semester Offered:** S

**Prerequisites:** BIO 111, OTA 101, OTA 131

**OTA 231 - Occupational Therapy: Methods and Modalities II**

This course assists advanced students to master occupational therapy treatment techniques. Students learn the application of occupational therapy techniques in simulated therapy situations; review and develop treatment plans, evaluations and documentation reports; and, practice written and verbal communication used in the practice of occupational therapy. The course consists of two hours of lecture and three hours of laboratory per week.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** OTA 101, OTA 131

**OTA 241 - Occupational Therapy Field Placement I**

This course is an experienced-based learning opportunity in which students put theory into practice. Students provide occupational therapy treatment and practice professional skills necessary to fulfill the role of an entry-level therapist in this field while working under the supervision of an experienced occupational therapist. This experience will take place in a different practice setting from OTA 242.

**Credits:** 7

**Semester Offered:** S

**Prerequisites:** BIO 112, ENG 102, OTA 105, OTA 211, OTA 215, OTA 221, OTA 223, OTA 231

**OTA 242 - Occupational Therapy Field Placement II**

This course is an experienced-based learning opportunity in which students put theory into practice. Students provide occupational therapy treatment and practice professional skills necessary to fulfill the role of an entry-level therapist in this field while working under the supervision of an experienced occupational therapist. This experience will take place in a different practice setting from OTA 241.

**Credits:** 7

**Semester Offered:** S

**Prerequisites:** BIO 112, ENG 102, OTA 105, OTA 211, OTA 215, OTA 221, OTA 223, OTA 231

## Paramedicine

### MED 110 - Introduction to Paramedicine

This course provides paramedic students with the principles of advanced pre-hospital care and EMS operations under varying circumstances including operations and paramedic roles and responsibilities. There is an added emphasis on personal wellness and injury and illness prevention, the medical-legal aspects of emergency care and ethics, the Incident Command System, and managing resources at the emergency scene, particularly at scenes involving multiple ambulances and multiple agencies. Time is devoted to rescue operations, and an overview of hazardous material is presented. The student is made aware of their role in protecting the crime scene. An overview is provided in rural EMS, to raise awareness of the special circumstances that many providers face regarding distance, terrain, weather conditions, and EMS staffing.

**Credits:** 4

**Semester Offered:** F

**Corequisites:** MED 120, MED 130

### MED 120 - Pharmacology, Patient Assessment and Human Systems

This course covers the theory, skills, and terminology needed to perform physical assessment, including overview of basic anatomy and physiology, systematic assessment of the patient, the process of obtaining the patient's medical history, procedures in performing the physical examination and a concise method of recording the findings. This course covers the general principles of pharmacology, calculating drug doses and effects of drugs administered by paramedics in the treatment of patients in the clinical and field setting. This course provides a comprehensive laboratory experience designed to familiarize the student with the practical aspects of medical patient assessment, including primary and secondary survey. In addition, both drug dose calculations and medication administration are practiced.

**Credits:** 4

**Semester Offered:** F

**Corequisites:** MED 110, MED 130

### MED 130 - Special Patient Populations for Paramedicine

This course provides an analysis of normal anatomy and physiology and the disease processes of the female reproductive system, life span development, geriatric patients, and those patients who are challenged. This course also views interventions for the chronic-care patient, and those who may be victims of abuse and neglect.

**Credits:** 4

**Semester Offered:** F

**Corequisites:** MED 110, MED 120

### MED 150 - Advanced Paramedicine

The first half of this course focuses on pathophysiology common to all disease processes: shock, acid-base, and airway. The second half covers the pathophysiology of the pulmonary, nervous, gastrointestinal, and genitourinary systems. It reviews IV fluid administration and medical math, briefly reviews the anatomy and physiology of each topic covered, and uses a scenario-based approach to assessment and management.

**Credits:** 4

**Semester Offered:** S

**Prerequisites:** MED 110, MED 120, MED 130

**Corequisites:** MED 160, MED 170, MED 180, MED 190

### MED 160 - Cardiology and Advanced Cardiac Life Support

This course provides the student with the knowledge and skills needed to recognize and successfully manage cardiovascular emergencies encountered in the field. Following the standards of the American Heart Association, Massachusetts Statewide Treatment Protocols, and the National Registry of EMTs, Paramedic Psychomotor Competency Portfolio Skill Assess students learn cardiac anatomy and physiology, ECG recognition, and 12 lead ECG recognition and treatment. Extensive coverage is devoted to the pharmacological and electrical management techniques used in treating acute cardiac events, including respiratory and cardiac arrest. The student has the opportunity to secure Advanced Cardiac Life Support certification for an additional fee.

**Credits:** 4

**Semester Offered:** S

**Prerequisites:** MED 110, MED 120, MED 130

**Corequisites:** MED 150, MED 170, MED 180, MED 190

### MED 170 - Trauma

This course is intended to present to the paramedic student a comprehensive insight into traumatic injury to the human body, its causes, types and implications. The impact on trauma survival and the concept of well-developed regional trauma systems will be discussed. An emphasis will be placed upon the evaluation and management of both blunt and penetrating trauma in relationship to regional anatomy.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** MED 110, MED 120, MED 130

**Corequisites:** MED 150, MED 160, MED 180, MED 190

### MED 180 - Neonatal and Pediatric Emergencies

This course provides the Paramedic student with a general understanding of the newborn and the newly born with overviews of structure and function of the cardiovascular and respiratory system. Neonatal resuscitation will be presented, along with neonatal assessment. In addition, this course provides the Paramedic student with a general understanding of the pediatric patient and the interaction that is necessary with their family members. Growth and development, anatomy and physiology review, pathophysiology, assessment and management of pediatric emergencies are stressed. The student has the opportunity to secure certifications in the Neonatal Resuscitation Program (NRP) and Pediatric Advanced Life Support (PALS) for an additional fee.

**Credits:** 2

**Semester Offered:** S

**Prerequisites:** MED 110, MED 120, MED 130

**Corequisites:** MED 150, MED 160, MED 170, MED 190

### MED 190 - Topics in Paramedicine

This course includes the assessment and management of blood borne infectious diseases, respiratory infectious disease and their role in pandemics, toxicological emergencies, infectious diseases,

endocrine emergencies, allergic reaction and anaphylaxis, and environmental emergencies.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** MED 110, MED 120, MED 130

**Corequisites:** MED 150, MED 160, MED 170, MED 180

### **MED 210 - Clinical Internship for the Paramedic**

This course gives the student the opportunity to deliver optimum patient care at several clinical hospital sites, using a preceptor approach. Clinical rotations occur within the following departments: Intensive/Critical Care Unit, Emergency Department, Anesthesiology (Operating Room), Pediatric Emergency Department, Emergency Mental Health, Labor and Delivery, and other departments as needed. The student takes part in weekly simulation to meet accreditation standards as put forth in the National Registry of Emergency Medical Technician Paramedic Psychomotor Competency Portfolio requirements.

**Credits:** 7

**Semester Offered:** F

**Prerequisites:** MED 150, MED 160, MED 170, MED 180, MED 190

### **MED 220 - Field Internship for the Paramedic**

This course gives the student the opportunity to deliver optimum patient care at multiple pre-hospital Advanced Life Support service sites, using a Paramedic preceptor approach with one Paramedic intern per ALS team per ambulance. The student has the opportunity to utilize and refine skills gained through the Paramedic Program in real time, testing student knowledge and ability to perform under pressure. Simulation occurs on a bi-weekly schedule to facilitate the completion of accreditation goals and objectives. This course capstone experience completes the student's Paramedic training.

**Credits:** 5

**Semester Offered:** S

**Prerequisites:** MED 210

## **Philosophy**

### **PHI 102 - Introduction to Philosophy**

This course introduces students to the chief branches of the discipline of philosophy - that is, logic, epistemology, ontology, and metaphysics - through study of the primary works and main ideas of a representative selection of the world's great philosophers. This survey covers the period from the ancient world through to the present, and may include both Western and Eastern philosophical traditions. Students explore the development of such fields as political philosophy, the philosophy of aesthetics, the philosophy of science, and linguistic philosophy. Student assessment includes a combination of Socratic dialogue, formal debate, formal presentations, unit tests, journal work, and research-supported philosophical essay writing.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** Placement into college level English

### **PHI 121 - World Religions**

This course examines the nature of religious experience through the history of the world religions and their cultural contexts. Students study the essential nature of the religious experience, the origin and role of religion, major religions and their personalities, and the essential world views of cultures.

**Credits:** 3

**Prerequisites:** Placement into college level English

### **PHI 131 - Introduction to Ethics**

This course focuses on philosophical principles for human action. Students critically examine major issues in ethics, morality, and values such as: What is a human act? To what extent are we free and have choices? What is the nature of responsibility? What constitutes happiness, good, and evil?

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

### **PHI 201 - Judaism, Christianity and Islam**

This course examines three western religions which trace their history back to Abraham: Judaism, Christianity and Islam. Students study the terminology and concepts used in the academic

study of religion and apply them to the study of Judaism, Christianity and Islam with respect to: major beliefs, spiritual practices, sacred texts, organizational structure, historical development and cultural influences. Students analyze the role(s) of religion with respect to some current issues and global conflicts.

**Credits:** 3

**Prerequisites:** ENG 101

### **PHI 203 - Philosophy of Technology**

This course examines from a philosophical perspective uses of technology, cyberspace, technological forms of communication, ethical and ecological implications of technology, and technology's effects on human bodies. Students consider how technological objects influence who possesses knowledge and power; what they insinuate about gender, race, and class; and how they impact social practices. Students explore various definitions of the term "technology", and reassess their relationship to technology.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** ENG 101

## **Physics**

### **PHY 101 - Physics I**

This course focuses on the basic concepts of measurement, kinematics, dynamics, work, energy, power, momentum, rotational motion, thermodynamics, and waves through working with problems and laboratory experiments. Students perform related laboratory experiments and write research-quality laboratory reports. This course is not required for Engineering but may be recommended for students who have not yet completed calculus.

**Credits:** 4

**Semester Offered:** F/S/SU

**Prerequisites:** MAT 148 or Corequisite MAT 124

### **PHY 102 - Physics II**

This course focuses on selected topics in the areas of waves, optics, and electromagnetism. Students learn how to apply the basic principles of problem-solving techniques. Students perform related laboratory experiments and write research-quality laboratory reports.

**Credits:** 4

**Semester Offered:** S/SU

**Prerequisites:** PHY 101

### **PHY 105 - General Physics I: Newtonian Mechanics**

This course covers measurement, kinematics, vectors, Newton's laws, friction, circular motion, gravitation, work and energy, conservation of energy, linear momentum and collisions, rotational motion about a fixed axis, moments of inertia, and angular momentum and its conservation. Students perform related laboratory experiments.

**Credits:** 4

**Semester Offered:** F/S/SU

**Prerequisites:** MAT 233

### **PHY 107 - General Physics II: Electricity & Magnetism**

This course covers waves and oscillations, fluids, electric charge and electric field, Gauss's Law, electric potential, capacitance, dielectrics, electric energy storage, electric current and resistance, DC circuits, magnetism, sources of magnetic field, electromagnetic induction and Faraday's Law, inductance and electromagnetic oscillations, and AC circuits. Students perform related laboratory experiments.

**Credits:** 4

**Semester Offered:** F/S/SU

**Prerequisites:** MAT 234, PHY 105

### **PHY 207 - General Physics III: Optics & Modern Physics**

This course covers reflection and refraction, lenses and optical instruments, the wave nature of light, interference, diffraction and polarization, special theory of relativity, early quantum theory and models of the atom, quantum mechanics, molecules and solids, nuclear physics, and elementary particles. Students perform related laboratory experiments.

**Credits:** 4

**Prerequisites:** MAT 235, PHY 107

**Corequisites:** MAT 238

## **Political Science**

### **PSC 201 - United States Government**

This course examines the structure and operation of the United States government as it has developed within

the framework of the Constitution. Students explore topics such as civil liberties, political parties, the election process and contemporary problems in government and politics.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** ENG 101

### **PSC 221 - State & Local Government**

This course examines the development, organization and function of state and local governments within the United States. Students analyze and compare functions of the governors, state legislatures and courts, as well as explore the relationships among local, state and federal governments.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** ENG 101

## **Practical Nursing Program**

### **PNP 101 - Practical Nursing I: Fundamentals of Nursing**

This course examines contemporary basic nursing practice and the role of the practical nurse. Students study nursing theory and techniques of fundamental nursing skills concurrently in classroom, laboratory, and long-term and rehabilitation clinical practice settings. The course emphasizes health assessment, health maintenance, and adaptation to illness with the older adult. Nursing process is introduced as the framework for meeting the patient's identified self-care needs. Students acquire a level of competency in basic skills.

**Credits:** 10

**Semester Offered:** F

**Prerequisites:** BIO 100 or BIO 112, PSY 101, Acceptance to the PNP Program

### **PNP 111 - Introduction to Pharmacology**

This course examines fundamental pharmacological concepts, drug sources and forms, controlled substance schedules, pregnancy categories, and drug references. Students learn the ethical and legal responsibilities associated with medication administration; and, review basic math concepts, common systems of measurement, and calculation of drug dosages. The course focuses on nursing

principles essential to safe administration of medication. Anti-infective and immunologic agent drugs serve as the model for discussion and demonstration.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** BIO 100 or BIO 112, PSY 101, Acceptance to the PNP Program

### **PNP 210 - Nutrition Concepts in Health and Illness**

This course focuses on concepts of normal nutrition, principles related to health maintenance, and nutritional modifications required during states of illness. Students correlate principles of normal nutrition with therapeutic diets needed to promote health in culturally diverse individuals experiencing health deviations. Students acquire knowledge of dietary management of patients with a variety of pathological conditions.

**Credits:** 1

**Semester Offered:** F/IN

**Prerequisites:** BIO 100 or BIO 112, PSY 121, Acceptance to the PNP Program

### **PNP 233 - Trends in Practical Nursing**

This course focuses on topics that prepare students both personally and vocationally for entrance into the nursing profession. It expands on legal and ethical considerations discussed in PNP 101 and introduces students to expectations placed on the graduate practical nurse. Topics include social issues that impact the health care system such as domestic abuse and homelessness, and the role of social service agencies. Students explore skills necessary for entry into the nursing workforce, including job search skills, resume and cover letter development, interviewing skills, and legal and licensure considerations.

**Credits:** 1

**Semester Offered:** IN/SU

**Prerequisites:** PNP 101

### **PNP 235 - Practical Nursing II: Medical/Surgical/Mental Health/Leadership Nursing**

This course focuses on medical surgical and mental health deviations affecting all body systems including pharmacological principles, utilizing the framework of the nursing process. Students begin to integrate nursing skills while recognizing mental health needs of the patient. The nursing process is used as the basis

for discussion of assisting patients in adapting to acute or chronic health deviations, and interventions that facilitate patient movement to self-care. Health deviations are presented systematically by building upon knowledge of applied and social sciences along with drug classifications and the effects of drugs on the body systems. Leadership topics include managing client care, and the roles, responsibilities and typical job functions of the graduate practical nurse. Students participate in learning experiences including simulation and on selected clinical units in health care facilities in the Worcester County and surrounding area.

**Credits:** 15

**Semester Offered:** S

**Prerequisites:** PNP 101, PNP 111, PNP 210, PSY 121

### **PNP 240 - Practical Nursing III: Maternal/Newborn/Pediatric/Entry into Practice**

This course focuses on the specialties of maternal-newborn and pediatric nursing. Topics include growth, development, and physiologic needs of the client throughout pregnancy, labor, delivery, and during the post-partum period; and health problems common to children from infancy through adolescence. Students also study health maintenance, accident prevention, the emotional impact of hospitalization; and roles, responsibilities and typical job functions of the practical nurse. Students participate in selected clinical experiences within affiliating acute and community agencies.

**Credits:** 6

**Semester Offered:** SU

**Prerequisites:** PNP 235

## **Psychology**

### **PSY 101 - Introduction to Psychology**

In this survey course, the student becomes aware of and appreciates the various influences upon behavior. The topics covered include, but are not limited to, the nervous system, sensation and perception, motivation, learning, emotion, and personality. Through an investigation of these areas, within a multiplicity of cultural contexts, the student understands the diversity of the human condition.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

### **PSY 105 - Discovering Psychology Seminar**

This course prepares students to succeed in college, and as Liberal Arts Psychology majors, by providing opportunities for students to identify necessary resources, habits, and skills. The course explores academic sub-disciplines and careers within the field of psychology. Students are exposed to key theories of knowledge, values, and themes in psychology, and build important technological and communication skills necessary for education and practice within the field.

**Credits:** 3

**Semester Offered:** F/S/SU

**Corequisites:** PSY 101

### **PSY 118 - Psychology of Interpersonal Relations**

This course examines behavior in a variety of interpersonal situations including groups, family and the workplace. Students explore the dynamics of communication, group process, and other behavioral concepts. They share experiences in the classroom and participate in group projects that combine theory and practice. The course emphasizes varied and changing work environments. Students utilize a wide range of interpersonal skills to gain a more complete learning experience, greater personal satisfaction, and improved work efficiency in a variety of situations.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** Placement into college level English

### **PSY 121 - Survey of Life Span Development**

This course examines the span of human development from conception to death. Students will explore biological, cognitive and socioemotional domains of development and their interaction across the lifespan, with a focus on the influence of culture and individual differences. The course emphasizes understanding and applying both developmental theories and empirical research, with a focus on continuity and the diversity of developmental pathways.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** PSY 101

### **PSY 123 - Child Development**

This course surveys human development from conception to adolescence. Topics include the central issues of biological, cognitive and socioemotional development and their interaction, with a focus on the influence of culture and individual differences. Students explore major theories of child development, associated empirical research, and their application.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** PSY 101

### **PSY 124 - Adolescence**

This course surveys the major theories and research of adolescent development, with a focus on biological, cognitive, and socioemotional transitions. There is an emphasis on understanding the influence of culture, history and individual differences upon adolescent development.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** PSY 101

### **PSY 142 - Human Sexuality**

This course covers social, cultural, and psychological perspectives of human sexuality. Students explore differences related to gender role formation, sexual orientation, sexual attraction, premarital sex, teenage pregnancy, sexually-transmitted diseases, and other related topics within a context of multicultural diversity. Students study specific topics of human sexuality and the research and the professionals in that field. Students examine their own values, beliefs, and behaviors with respect to these topics, and establish ways of applying this information to their own sexuality.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

### **PSY 158 - Human Relations in Organizations**

This course examines the nature of organizations to facilitate students' entry into, and success within, organizational settings. Topics include the factors

that influence individual behavior in organizations and the interrelationships between psychological and other social sciences. Students learn how these sciences contribute to overall organizational experiences and self-development. They examine types of organizations, effective motivational techniques, communication essentials, team development, and leadership practices. Students also examine global and multicultural influences that contributing to the nature of organizations and organizational success.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

### **PSY 231 - Introduction to Counseling**

This course provides an overview of the major theoretical approaches to conducting counseling and psychotherapy. Students critically examine the theories and research as it applies to counseling and psychotherapy. Topics include the basic skills necessary to be an effective counselor; assessment, goal setting and intervention; ethics; diversity; and self-awareness as a beginning professional. Students learn beginning counseling skills and develop an appreciation of the current and relevant issues in the field.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** PSY 101

### **PSY 250 - Psychological Statistics**

This course covers how quantitative methods are used to answer questions in psychology. Students examine psychological applications of measures of central tendency, measures of variability, frequency distributions and standardization of scores (z-scores). Students learn to conduct, interpret, and report effect sizes and significance testing for comparing means (z-tests, t-tests and ANOVAs with one and two factors), and for assessing relationships (bivariate correlation and regression) within research scenarios commonly encountered in psychology. Special attention is given to identifying the appropriate statistics to use for a given research question and data set, to ethical issues in data analysis, and to the use of statistical software.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** ENG 101, MAT 122, PSY 101

### **PSY 251 - Research Methods in Psychology**

Through instruction in research design and the application of the scientific method to psychology, students learn to evaluate the validity of claims about behavior and mental processes as they appear in both popular media and the professional scientific literature, to design and conduct psychological research, and to report on the results of psychological investigations using APA style. Topics covered include measurement and validity, ethics, survey research, correlational research, experiments with one and with multiple independent variables, identification and control of confounds, and quasi-experiments. Students conduct hands-on psychological studies involving appropriate statistical analyses that will be written up as APA style reports.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** ENG 101, MAT 122, PSY 101

### **PSY 252 - Introduction to Cognition**

This course serves as an introduction to the field of cognitive psychology, familiarizing students with theories and research regarding learning, memory, and thinking. Topics include: the history and foundations of cognitive psychology; neural bases; learning, memory and knowledge; language; reasoning and problem-solving; social and emotional influences, and changes in cognition across the lifespan.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** ENG 101, PSY 101

### **PSY 253 - Social Psychology**

This course introduces students to the scientific study of how humans influence, relate to, and think about each other as practiced in social psychology. Major topics covered include social cognition, attributions, the self, attitudes and persuasion, conformity, group dynamics, interpersonal relationships, helping behavior, aggression, and prejudice. Themes emphasized throughout the course include the role of culture in influencing social psychological phenomena, the application of the scientific method to the study of

social behavior, and the use of social psychological theories to better understand behavior encountered in daily life and in the world around us.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** ENG 101, PSY 101

### **PSY 261 - Theories of Personality**

This course introduces personality theories and theorists, definitions of personality, development and structure of personality, motivation, and concepts of self. Students examine various theories of structure and development of personality, human motivation, concepts of self, and the mature personality as proposed by Freud, Skinner, Jung, Fromm, Allport, Rogers, Frankl, and Perls.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** PSY 101

### **PSY 262 - Abnormal Psychology**

This course focuses on issues of mental health and mental illness. Topics include examination of various symptoms and causes of mental illness, current trends in treatment, and new developments in community health resources. Students explore the various approaches used to define and treat abnormal behaviors, including the statistical and absolute models, in order to understand and adopt a sensitive approach toward individuals whose behaviors are symptomatic of a disorder.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** PSY 101

### **PSY 273 - Chemical Dependency**

This course covers the biological, psychological, and social factors involved in licit and illicit drug use and abuse. Students examine the types of drugs most commonly used and abused; psychosocial consequences of prolonged drug use and abuse; Federal, state, and local regulations governing drug use; efforts made to deal with drug use and abuse and drug related problems; and the nature and varied patterns of drug use and abuse in today's society. The course emphasizes types of drug treatment and counseling and the probable effects of different treatments upon the drug-dependent client.

**Credits:** 3**Semester Offered:** F/S/SU**Prerequisites:** PSY 101

## Public Health

### PHA 100 - Survey of Personal Health

This course examines the concept of health and how it relates to all aspects of life. Students gain perspective in assessing and promoting health and healthy lifestyles. Students learn methods to prevent violence and injury, along with reducing risks in specific diseases.

**Credits:** 3**Semester Offered:** F/S**Prerequisites:** Placement into college level English

### PHA 101 - Introduction to Public Health

This course provides an initial overview of public health concepts and practice. The course examines the philosophy, purpose, history, organization, function, tools, and activities of public health practice. Case studies and a variety of practice related exercises serve as a basis for student participation and interaction. The course identifies problems and issues currently facing public health. This course aims at enhancing, facilitating and promoting the use of technologies for obtaining and sharing information.

**Credits:** 3**Semester Offered:** F/S/SU**Prerequisites:** Placement into college level English

### PHA 102 - Introduction to Global Health

This course guides students to the main concepts of global health and the critical links between public health and social and economic development. Students think about the determinants of health, how health status is measured, and what key factors influence disease burdens. This course introduces students to key concerns regarding reproductive health, child survival, nutrition, communicable diseases, and chronic diseases. The course stimulates interaction around problems and issues currently facing global health. This course aims at enhancing, facilitating and promoting the use of technologies for obtaining and sharing information.

**Credits:** 3**Semester Offered:** F/S/SU**Prerequisites:** Placement into college level English

### PHA 103 - Public Health Epidemiology

This course provides students with a general introduction to Epidemiology, the central research discipline in the field of public health. This course covers the methods used in Epidemiology and introduces students to the findings of epidemiological research in key aspects of health and disease. Students learn about problems and issues currently facing public health and Epidemiology and gain experience in reading and understanding basic Epidemiology articles.

**Credits:** 3**Semester Offered:** F**Prerequisites:** CHM 101, MAT 122, PHA 100, PHA 101, PHA 102

### PHA 299 - Cooperative Work Experience

This course provides students with a structured learning experience while applying classroom theory to a practical work experience. Students develop a learning agreement that lists the objectives they will accomplish through their work experience. Evaluation is based on satisfactory completion of the learning agreement objectives and the demonstration of soft skills such as punctuality and attitude.

**Credits:** 3**Semester Offered:** S**Prerequisites:** BIO 241, CPS 298, PHA 103, PSC 201

## Radiologic Technology

### RDT 102 - Patient Care & Ethics in Radiology

This course introduces students to the professional, ethical, and legal framework of current radiology and healthcare practices, including the role of the radiographer within this system. Students learn to solve problems of possible ethical and/or legal situations through course activities. Students learn basic patient care principles and skills needed for their initial clinical experiences including monitoring breathing, heart rate and blood pressures; recognizing changes in a patient's well-being; safe transport of patients; effective communication with various types of

patients; and current information on infection disease control and basic medications as they pertain to radiology.

**Credits:** 3**Semester Offered:** F**Prerequisites:** Accepted to RT Program

### RDT 104 - Radiographic Medical Terminology

This course introduces students to the basic medical and technical terminology inherent to the profession of Radiologic Technology. The content includes radiographic positioning terminology, professional organization acronyms and purposes of these agencies, basic medical terminology and abbreviations. Students use this information to effectively communicate within the healthcare setting.

**Credits:** 1**Semester Offered:** F**Prerequisites:** Accepted to RT Program

### RDT 110 - Fundamentals of Radiographic Equipment and Medical Imaging

This course introduces the principles of medical imaging with emphasis on basic radiation safety practices, the components of radiographic imaging equipment, how x-rays are produced and the selection of exposure factors. Lab sessions provide students with hands-on practice of the concept presented in class.

**Credits:** 3**Semester Offered:** F**Prerequisites:** Accepted to RT Program, MAT 121 or MAT 122 with a grade of "C" or higher

### RDT 112 - Medical Imaging II

This course continues to instruct the student on the principles of medical imaging to include accessory imaging devices and the principles of digital image acquisition, processing and display, and fluoroscopy equipment components and operation principles. Image analysis methods are introduced and practiced to develop students' ability to recognize suboptimum images and determine appropriate corrective action(s). Lab activities allow students to implement the principles discussed in class and demonstrate the effects of correct and incorrect utilization of imaging equipment and techniques.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** RDT 110

### **RDT 121 - Radiographic Positioning & Anatomy I**

This course provides initial information related to proper positioning of the human body for medical diagnostic imaging. Students study intricate anatomy and specific positioning procedures of the upper and lower extremities, chest, and abdomen. Students practice these skills through laboratory activities before performing them on live patients in their clinical assignments. Students learn the skeletal anatomy of specified body parts, identify specific structures within these anatomical regions, and simulate any exam procedure discussed during the course.

**Credits:** 3

**Semester Offered:** F

**Corequisites:** RDT 102, RDT 104

### **RDT 122 - Radiographic Positioning & Anatomy II**

This course continues to develop students' positioning skills with focus on specific anatomy and positioning procedures of the pelvis, hip, bony thorax, lumbo-sacral, thoracic and cervical spine, GU and GI systems. Students practice these skills through laboratory activities before performing them on live patients in their clinical assignments. The course focuses on problem solving for atypical imaging conditions requiring modification to the usual positioning procedure. Students learn the skeletal anatomy of specified body parts, identify specific structures within these anatomical regions, and simulate any exam procedure discussed during the course.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** RDT 121, SPH 101

### **RDT 131 - Medical Radiography Clinic I**

This course focuses on developing basic skills for the practice of radiography. Students learn proper methods to care for patients, operate radiographic and image processing equipment and perform radiographic exams of the extremities, chest, and abdomen. Students develop these skills at a clinical site under direct supervision of licensed radiographers through observation, assisting with procedures, and ultimately

perform exams with indirect supervision. Students assess radiographic images for quality, accuracy, and suggest appropriate actions for improvement. Satisfactory completion of three (3) imaging competencies is required to pass this course and advance in the RT program.

**Credits:** 2

**Semester Offered:** F

**Corequisites:** RDT 110, RDT 121

### **RDT 132 - Medical Radiography Clinic II**

This course expands students' clinical skills through their participation in more varied and complex radiographic procedures with emphasis on imaging the upper/lower extremities, pelvis, spinal column, bony thorax and GI systems. Students gradually advance to perform these procedures on more acute patients and under atypical conditions and continue to develop their ability to critique images they produce. Satisfactory completion of sixteen (16) imaging competencies is required to pass this course and advance in the RT program.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** RDT 131

### **RDT 133 - Medical Radiography Summer Clinic II**

This course advances students' clinical skills through their participation in more varied and complex radiographic procedures. Students work more independently, assist with fluoroscopy exams of the GI system, and begin an introduction to mobile and surgical radiography procedures. Students gradually advance to perform procedures on more acute patients and under atypical conditions and continue to develop their ability to critique images they produce. Satisfactory completion of four (4) imaging competencies is required to pass this course and advance in the RT program.

**Credits:** 2

**Semester Offered:** SU

**Prerequisites:** RDT 132

### **RDT 141 - Radiation Science**

This course covers the properties of particulate and electromagnetic radiations, sources of exposure, the biological implications of irradiation, the medical uses of radiation, and dose

limitation methods. Students learn how to answer patients' questions regarding exposure and how to provide appropriate protection for themselves, their patients, the clinical staff, and the general public.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** RDT 110

### **RDT 230 - Medical Radiography Summer Clinic III**

This course focuses on the development of students' clinical skills with emphasis on performing fluoroscopy, mobile, and surgical exams. Students expand their skills and assume independent care of stable and mildly acute patients and closely assist with more severely acute patients. Students use problem solving and critical thinking skills in the management of non-typical imaging situations and continue to enhance skills involved in the assessment of image quality.

**Credits:** 2

**Semester Offered:** SU

**Prerequisites:** RDT 133

### **RDT 231 - Medical Radiography Clinic III**

This course focuses on the development of students' clinical skills with emphasis on performing fluoroscopy, mobile, and surgical exams, as well as imaging craniofacial structures. Students expand their skills to include trauma imaging procedures, are introduced to pediatric imaging, assume independent care of stable and mildly acute patients and closely assist with severely acute patients. Students use problem solving and critical thinking skills in the management of non-typical imaging situations and continue to enhance skills involved in the assessment of image quality. Satisfactory completion of twenty-two (22) imaging competencies is required to pass this course and advance in the RT program.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** RDT 230

### **RDT 232 - Medical Radiography Clinic IV**

This course provides opportunities for students to refine their clinical skills as they complete demonstration of all mandatory and elective imaging procedures required for graduation and eventual employment as an entry-level radiographer. Students continue

to perform imaging exams with indirect supervision, as they further develop their confidence and are able to observe advanced imaging procedures, including CT, MR, Interventional, Nuclear Medicine, Breast Imaging, Sonography, and Radiation Therapy. Satisfactory completion of sixteen (16) imaging competencies is required to pass this course.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** RDT 231

#### **RDT 240 - Imaging Applications**

This course integrates imaging concepts related to image assessment and the determination of corrective actions to achieve optimal image quality. Evidenced based learning strategies require students to demonstrate their problem solving skills in the process of modifying exam procedures to accommodate patient limitations as experienced with trauma, surgical, pediatric and mobile imaging. Additionally, students learn a full range of imaging protocols for craniofacial anatomy and are introduced to the concepts of cross-section anatomy.

**Credits:** 4

**Semester Offered:** F

**Prerequisites:** RDT 112, RDT 122

#### **RDT 245 - Medical Radiographic Equipment & Quality Assurance**

This course includes the principles of mechanics, electrostatics, electrostatics, magnetism, electromagnetism, and circuitry. Students examine these concepts in detail and apply them to the design and operation of radiographic and fluoroscopic systems. Students also learn how radiologic quality assurance programs are developed and implemented and may include some hands-on demonstrations and/or assignments using the campus ionized radiographic unit to support the students' understanding of quality control test procedures.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** RDT 112

#### **RDT 252 - Radiology Seminar**

This course provides a series of discussions, presentations and group projects to further develop students' knowledge and skills as health care providers with an emphasis on medical

ethics and cultural diversity related to healthcare delivery in the radiology setting. A capstone component requires students to integrate their practical skills and knowledge through image critiques, career exploration and professional development activities to clarify their professional responsibilities and awareness for life-long learning in preparation for employment as entry-level radiologic technologists.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** BIO 112, RDT 231, RDT 240

#### **RDT 254 - Radiologic Pharmacology and Pathology**

This course covers the basic concepts of health, illness and disease processes affecting various bodily systems with special emphasis on the nature of pathologic processes and the radiographic appearance commonly presented and experienced during medical imaging procedures. The fundamental pharmacology of medications and contrast agents routinely administered as part of imaging procedures is discussed.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** BIO 112, RDT 231, RDT 240

#### **RDT 260 - CT & Cross-Section Anatomy**

This course expands students' knowledge on imaging principles and equipment relative to computed tomography (CT) and provides instruction on anatomy in cross-section format. Students continue to develop their understanding of cross-section anatomy, enhancing their ability to differentiate between the transverse, sagittal and coronal appearance of head, chest, abdomen and pelvis anatomy. The fundamentals of venipuncture technique and related patient care skills are reviewed and practiced.

**Credits:** 2

**Semester Offered:** S

**Prerequisites:** ARRT Certification in Radiography and current license by the State of Massachusetts Radiation Control Program, Department of Public Health; or BIO 112 and RDT 231 and RDT 240

#### **RDT 290 - Computed Tomography Clinical**

This course expands students' knowledge on imaging principles and equipment relative to computed tomography (CT)

and provides practice on anatomy in cross-section format. Students learn to apply CT imaging principles, patient care, and Radiation Safety in the clinical setting, while completing competency in a variety of CT examinations, according to the requirements of the American Registry of Radiologic Technologists (ARRT). The fundamentals of venipuncture technique and related patient care skills are refined and practiced.

**Credits:** 3

**Prerequisites:** ARRT Certification in Radiography and current license by the State of Massachusetts Radiation Control Program, Department of Public Health and RDT 260; or RDT 232 and RDT 252 and RDT 254 and RDT 260

## **Respiratory Care**

### **RCP 125 - Essentials for Respiratory Care I**

This course provides students with an introduction to the respiratory care profession. The course will explore the historical perspectives of the profession; professional and regulatory agencies; legal matters; professionalism; credentialing and continuing education; research techniques; and evaluation of evidence-based care. Students will also learn about the physical principals associated with respiratory care and an introduction to pharmacology and patient disease states. A student-directed medical terminology course is also included.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** BIO 111, ENG 101

### **RCP 126 - Respiratory Care Modalities I**

This course introduces theoretical concepts and implementation, monitoring, and evaluation strategies for select therapeutic modalities employed in Respiratory Care. Topics include patient evaluation and assessment; professional communication; infection control; medical record evaluation and documentation; non-invasive monitoring; medical gas regulation, delivery, and therapeutics; gas therapy and analysis; humidity and aerosol therapy; aerosolized medication therapy, pulmonary mechanics; and an introduction to lung expansion therapies. Emphasis is placed on the practical application of skills, problem-solving and critical thinking. The lab component

provides application of relevant theory, assembling, disassembling, and troubleshooting equipment, and practicing client care skills in a clinical simulation environment to prepare the student for clinical rotations in the Medical/Surgical, Respiratory, General Floor, and ER.

**Credits:** 5

**Semester Offered:** F

**Prerequisites:** BIO 111, ENG 101

### **RCP 127 - Cardiopulmonary Physiology**

Students will pursue an in-depth study of cardiac and pulmonary anatomy and physiology as well as diagnostic procedures commonly used in the hospital to evaluate these systems. Topics include function of the respiratory system, ventilatory mechanics, gas transport in the blood, natural and chemical regulation of breathing, circulation, blood flow and pressure, and cardiac output and acid bases disturbances. The heart-lung relationship and clinical applications of the phenomena in the pulmonary system will be emphasized.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** BIO 111, ENG 101

### **RCP 135 - Essentials for Respiratory Care II**

This course provides students with the etiology, manifestations, and treatment of respiratory failure including principles, techniques and equipment associated with advanced cardiopulmonary monitoring. The study includes, but is not limited to, ventilatory mechanics, gas transport, natural and chemical regulation of breathing, circulation, blood flow and pressure, cardiac output and the monitoring of each of these topics.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** BIO 112, RCP 125, RCP 126, RCP 127

### **RCP 136 - Respiratory Care Modalities II**

This course introduces theoretical concepts and implementation, monitoring, and evaluation strategies for select therapeutic modalities employed in Respiratory Care. Topics include blood gas sampling, analysis, and interpretation; bronchopulmonary hygiene techniques, including positioning and manual techniques, mobilization,

and exercise; breathing, coughing, and suctioning techniques; positive pressure therapies; lung expansion therapies; and non-invasive ventilation. The concept of mechanical ventilation is introduced and explored. Emphasis is placed on the practical application of skills, problem solving and critical thinking. The lab component provides application of relevant theory, assembling, disassembling, and troubleshooting equipment, and practicing client care skills in a clinical simulation environment to prepare them for clinical supervised rotations in the Medical/Surgical, Respiratory, General floor, ER, Homecare, and ICU environments.

**Credits:** 7

**Semester Offered:** S

**Prerequisites:** BIO 112, RCP 125, RCP 126, RCP 127

### **RCP 137 - Pharmacology**

This course introduces the physiologic and pharmacologic basis of pulmonary and cardiac medications. Students will learn the preparation as well as the calculation of dosages and mixtures. General principles of pharmacology for bronchoactive, mucus controlling drugs, surfactant and aerosolized anti-infective agents and the drugs related to the cardiopulmonary system such as neuromuscular blocking agents, central nervous system depressants, cardiovascular agents, diuretics and antimicrobial agents will be included.

**Credits:** 2

**Semester Offered:** S

**Prerequisites:** BIO 112, RCP 125, RCP 126, RCP 127

### **RCP 246 - Critical Care I**

The course provides a laboratory/clinical environment in which students will learn the theoretical foundations and practical skills necessary to provide Respiratory Care to an adult client in a critical care setting. Topics to be covered include: the initiation, maintenance and discontinuation of mechanical ventilatory support; airway care; and monitoring. Additional topics may be added as time permits. Part of the course will involve clinical time in the Intensive Care Unit (ICU).

**Credits:** 2

**Semester Offered:** SU

**Prerequisites:** RCP 135, RCP 136, RCP 137

### **RCP 255 - Advanced Patient Assessment**

This course is designed to familiarize students with the following areas of medical assessment: physical examination (both chest and general); laboratory (including arterial blood gases); electrolytes; chemistry; hematology; chest radiography; ultrasound, preoperative; neurological and cardiovascular assessment to help develop a respiratory care plan.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** BIO 232, ENG 102, RCP 246

### **RCP 256 - Critical Care II**

This course builds on the structural framework of the material covered in RCP 246. It examines a variety of topics relevant to critical, adult Respiratory Care practice. Topics include a review of techniques/protocols used in the initiation, monitoring, titration, and liberation from conventional and high-frequency mechanical ventilation using physical and physiological clinical data. Calculations and formulas relevant to ventilator management and credentialing examinations will be introduced. The effects of positive pressure ventilation on cardiopulmonary and other organ systems will be covered. This course also emphasizes the correction of patient-ventilator asynchrony and the interpretation of ventilator waveforms. Additional topics include chest tubes and pleural drainage systems; and a variety of advanced and emerging oxygenation and ventilation strategies for the critical care patient. The American Heart Association Advanced Cardiac Life Support certification (ACLS) is attained. Clinical rotations will be an advanced, supervised clinical experience in intensive medical, surgical, pediatric, and neonatal intensive care units. Students develop practical skills in all aspects of ventilatory management, monitoring, arterial blood gases, and all other therapeutic modalities provided in intensive care. The lab component provides the application of relevant theory and practice of client care skills in a clinical simulation environment to prepare them for supervised clinical rotations in the intensive care clinical environments.

**Credits:** 8

**Semester Offered:** F

**Prerequisites:** BIO 232, ENG 102, RCP 246

**RCP 257 - Cardiopulmonary Diagnostics**

This course covers pulmonary function testing, invasive and non-invasive diagnostic procedures, and techniques utilized to assess patients with pulmonary or cardiovascular diseases and sleep disorders. Topics include: therapeutic and diagnostic bronchoscopy procedures; spirometry; bronchoprovocation testing; diffusion studies; lung volumes, airway resistance, and gas distribution studies; ventilation and ventilatory control tests; blood gases and related tests; cardiopulmonary exercise testing including metabolic assessments; and sleep-disordered breathing. Quality control will also be discussed. The lab component provides the application of relevant theory and practice of client care skills in a clinical simulation environment.

**Credits:** 3**Semester Offered:** F**Prerequisites:** BIO 232, ENG 102, RCP 246**RCP 265 - Pulmonary Diseases and Conditions**

This course explores the etiology, clinical presentation, pathologic features, diagnostics, and treatment of diseases and conditions of the adult patient commonly encountered in Respiratory Care practice. The patient interview, physical examination, diagnostics and pathophysiologic basis for common clinical manifestations of respiratory-related diseases and conditions will be reviewed. A systematic approach to the evaluation and management of the diseases and conditions is presented in this course. Emphasis is placed on the development of evidence-based protocolized respiratory care and patient education.

**Credits:** 3**Semester Offered:** S**Prerequisites:** RCP 255, RCP 256, RCP 257**RCP 266 - Neonatal and Pediatric Respiratory Care**

This course covers the normal and pathophysiological events that affect the cardiopulmonary status of the fetus, infant, and child. Students study fetal development, the nature and physiology of neonatal and pediatric pathology, and the application of this information in the clinical setting. Neonatal resuscitation and advanced pediatric life support

certifications are attained. Clinical rotations will allow students to acquire practical skills in critical care, pulmonary rehabilitation, neonatal, pediatrics, and other specialty areas. Students correlate theoretical principles to practical applications.

**Credits:** 8**Semester Offered:** S**Prerequisites:** RCP 255, RCP 256, RCP 257**RCP 267 - Respiratory Care Seminar**

This course is intended to strengthen student skills and knowledge in the processes of Respiratory Care and to build proficiency, professionalism and community spirit. It is specifically designed to prepare the Respiratory Care student to take the N.B.R.C. credentialing examinations. Preparation for the clinical simulation component of the registry examination is provided through academic software. Students will complete a Senior Project meant to encourage student involvement in the Respiratory Care profession while promoting the importance of community service.

**Credits:** 2**Semester Offered:** S**Prerequisites:** RCP 255, RCP 256, RCP 257**Robot Operating System****ROS 108 - Introduction to Robotics**

This course is an introductory course designed to immerse students in the fundamentals of robotics technology and its practical applications. This course offers hands-on experience with robotic systems, focusing on essential programming structures like variables, conditional statements, loops, and functions, along with key data structures such as arrays, vectors, linked lists, and hash tables. Using C++ as the primary programming language, students will learn basic programming concepts, sensor integration, and mechanical design principles. The course aims to develop practical skills applicable across various industries and serves as a stepping stone for advanced studies in robotics or computer science. Taught in a supportive and inclusive environment, ROS 108 encourages collaborative learning and active engagement, preparing students for a future in the

evolving field of robotics.

**Credits:** 4**Prerequisites:** CSC 101 or prior AP Computer Science A (CSA) Exam with a score of "3" or higher, Placement into college level English, MAT 100 or appropriate placement score**ROS 109 - Intermediate Robotics**

This course builds on the principles established in ROS 108, focusing on a deeper investigation of robotics and object-oriented programming (OOP). Students will delve into intermediate robotics topics as well as the implementation of OOP principles such as abstraction, inheritance, and polymorphism in robotic software development in this course. The course addresses intricate aspects of sensor integration and mechanical design in the context of OOP through hands-on projects and practical exercises. ROS 109 is designed to enhance students' technical proficiency in robotics, fostering a comprehensive understanding of critical computer science concepts and preparing them for further advancement in the dynamic field of robotics and computer science.

**Credits:** 4**Prerequisites:** ROS 108 with a grade of "C" or higher**Science****SCI 103 - Earth Science**

This course is an introduction to the science of Earth. Students apply fundamental physics and chemistry to the study of Earth's composition, origin and development. Topics include geology, oceanography, hydrology, earthquakes, volcanoes and other natural hazards.

**Credits:** 3**Semester Offered:** F/S/SU**Prerequisites:** Placement into college level English, MAT 095 with a grade of "C" or higher or equivalent placement measures**SCI 104 - Climate and Weather: Causes and Effects**

The focus of this course is the science related to weather and climate, how humans affect weather and climate, and weather and climate's effect on humans. Students use basic laws and

theories of physics and chemistry to describe and explain the composition, structure, and energy distribution of Earth's atmosphere plus atmospheric phenomena, such as global warming/cooling, the greenhouse effect, ozone depletion, air pollution, severe storms, rainbows, auroras, weather, and climate. Students examine climate change and techniques to measure climate change and compare Earth's atmosphere to that of other planets.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English, MAT 095 with a grade of "C" or higher or equivalent placement measures

### **SCI 105 - Integrated Science: Earth and Space**

This course focuses on the basic concepts of astronomy and earth science. Students apply fundamental physics and chemistry to the study of the physical world they live in, and, through the laboratory component, gain an understanding of the methods and applications of science. The course is designed for but not limited to students in Elementary and Early Childhood Education programs.

**Credits:** 4

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English, MAT 095 with a grade of "C" or higher or equivalent placement measures

### **SCI 106 - Integrated Science: The Living World**

This course covers the basic concepts of life science and examines the interactions of living organisms with the physical world they inhabit. Students apply fundamental physics and chemistry to various topics in biology and environmental science, and, through the laboratory component, gain an understanding of the methods and applications of science. This course is designed for but not limited to students in Elementary and Early Childhood Education programs.

**Credits:** 4

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English, MAT 095 with a grade of "C" or higher or equivalent placement measures

### **SCI 109 - Environmental Science: Biological Topics**

This course covers selected biological topics of environmental science. Students learn about the interactions between humans and the environment and gain the ability to connect the issues to a framework of ideas and values that allow them to become part of the solution to environmental problems. Topics include the themes of environmental science, the definition, functioning and changing of ecosystems, human population, wild species and biodiversity and pests and their control. Lab exercises are designed to reinforce and expand on topics covered in lecture. Students are required to participate in off-campus field work for some of the class/laboratory activities.

**Credits:** 4

**Semester Offered:** F/S

**Prerequisites:** Placement into college level English

### **SCI 110 - Sustaining Earth's Environment**

This course focuses on the basic concepts of environmental science. Students apply fundamental physics and chemistry to the study of the physical world they live in, and, through the laboratory component, gain an understanding of the methods and applications of science. Topics include consumption and conservation of Earth's natural resources, the impact of the humans on the environment, waste management and renewable energy sources.

**Credits:** 4

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

### **SCI 120 - The Ecology of Food**

This course examines the environmental dimensions of agriculture and its social and economic implications. Students will explore the ecology of food production and the inherent challenges of climate change, growing populations, and resource depletion. Topics include ecosystem structure, energetics, climate change, population growth, nutrition, health, genetics and genetic engineering, food insecurity, sustainability and resilience, and environmental justice.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** Placement into college level English

### **SCI 135 - Introduction to Astronomy**

This course consists of a survey of historical knowledge about astronomy, as well as recent developments in the field. Topics include constellations, coordinates, light, Solar System planets, the sun, stars, galaxies, and conditions for life on other planets. Students perform out-of-class projects including observational aspects of astronomy, such as the night sky, moon phases, and the seasons.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** ENG 101

### **SCI 140 - Astronomy I: Close to Home**

This course emphasizes the scientific basis of introductory astronomy concepts, using labs and algebra to demonstrate the processes. Students learn physics concepts essential to continued study of astronomy, including Newtonian gravity, planetary motion, the electromagnetic spectrum, optics, and theories of the solar System and its contents. Labs are a mixture of daytime astronomy and physics related topics, and required night-time on-campus observational astronomy sessions. Students are required to observe on campus at night a minimum of (1) time during the semester; a choice of dates will be provided.

**Credits:** 4

**Semester Offered:** F/S

**Prerequisites:** Placement into college level English, MAT 095 with a grade of "C" or higher or equivalent placement measures

## **Social Science**

### **SOS 260 - Introduction to Trauma Informed Care in Community Settings**

This course explores theories of multiple impacts of trauma on the developing individual along with ways to build resiliency. The role of the professional, within the context of the individual's larger circle of protective factors, is developed in terms of social emotional support, family support, community engagement and advocacy, setting up physical environments, and self-care. An evidence-based approach, through

trauma-informed best practices, guides the learning, where students will practice and apply course concepts to various settings within their profession.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** ENG 101, PSY 101

## Sociology

### SOC 101 - Introductory Sociology (Principles)

This course introduces basic theories and vocabulary of sociology including its historical origins and research process. It examines the major principles that govern the structure and function of society, its institutions, groups, and processes. Students learn how societies meet or do not meet the social, psychological, economic and everyday needs of their members. The course emphasizes making connections between students' personal lives and the social change occurring around them.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

### SOC 111 - Social Problems & Social Change

This course examines how social change in the United States produces social problems such as prejudice and poverty, and how these problems affect families and the quality of life in a multicultural society. Students learn to recognize and understand the relationship between on-going social change and the problems that accompany change. Students examine major problems facing society today, separate myth from fact, and analyze these problems and their solutions objectively.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

### SOC 201 - Global Society and Global Culture

This course introduces students to social-science approaches to globalization. Students examine the challenges and opportunities of global society and culture from particular perspectives

of the Global South (Latin America and the Caribbean, most of Asia, or Africa). General topics include social problems and social change, difference and inequality, continuity and conflict. Students explore how sociologists examine global society and global culture through analysis and research. Students evaluate and use resources to analyze social phenomena, using what they have learned to contribute to sociological conversations. Students also explore what it means to be a global citizen with respect to various social institutions such as family, education, and work.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** ENG 101

### SOC 211 - The Dynamics of Racial & Ethnic Relations

This course considers racial and ethnic relations and the major sociological theories used to analyze them, and provides an overview of assimilation and integration. Students explore how sociologists examine race and ethnicity through analysis and research. Students evaluate and use resources to analyze social phenomena, using what they have learned to contribute to sociological conversations. The course emphasizes multiculturalism and focuses on sociological explanations of dominant group/minority group encounters within the contexts of power, poverty, and segregation. Students study contemporary and historical examples of institutional discrimination, and discuss policies and issues related to improving race relations in the United States.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** ENG 101

### SOC 212 - Juvenile Delinquency & the Juvenile Justice System

This course explores the underlying causes of youth crime as they relate to contemporary methods of social control of delinquency. Students examine biological, psychological, and sociological factors affecting deviant behavior as a broad framework for understanding the response of the juvenile justice system to that behavior. Students learn how sociologists study juvenile delinquency and the juvenile justice system through analysis and research. Students evaluate and use resources to analyze social

phenomena, using what they have learned to contribute to sociological conversations.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** ENG 101

### SOC 215 - Gender and Sexuality

This course explores people's gender experiences from a sociological perspective. Students discover how gendered experiences are constructed within social institutions and, therefore, can be transformed through institutional change. Students explore how sociologists examine how gender and sexuality intersect with other dimensions of social stratification through analysis and research. Students evaluate and use resources to analyze social phenomena, using what they have learned to contribute to sociological conversations.

**Credits:** 3

**Semester Offered:** F/SU

**Corequisites:** ENG 101

### SOC 221 - The Family

This course examines ideas about the nature and structure of the family and how they have changed over time. Students explore how economic and social forces affect families; and examine personal and social values about dating, mating, and family life. Students learn how sociologists study families through analysis and research. Students evaluate and use resources to analyze social phenomena, using what they have learned to contribute to sociological conversations.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** ENG 101

## Spanish

### SPN 111 - Beginning Spanish I

This course introduces the fundamentals of the Spanish language. Students examine brief readings on the everyday aspects of the contemporary Spanish-speaking world. Students use common conversation, tell time, make comparisons, discuss the weather, and recognize and use basic tenses for common verbs. Previous knowledge of Spanish is not necessary.

**Credits:** 3

**Semester Offered:** F/S

### SPN 112 - Beginning Spanish II

This course is a continuation of SPN 111. Students continue to progress in the fundamentals of understanding, speaking, reading, and writing the Spanish language. The course emphasizes the development of reading skills through the study of enjoyable, short, and timely articles on contemporary life and culture in the Spanish-speaking world. The course covers more complex verb and pronoun forms.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** SPN 111

### SPN 113 - Spanish for Health Professionals

In this course, students examine basic vocabulary and grammar needed to communicate with Spanish speakers in health professions, patients, and family members. Students learn to apply topics covered in each chapter to real-world conversations and situations related to the health field. Previous background or knowledge of the Spanish language is not required for the course.

**Credits:** 3

**Semester Offered:** F

## Speech

### SPH 101 - Speech Communication Skills

This course covers organization and delivery skills, and the development of confidence necessary for effective oral communication. Students organize speeches for both specific and general audiences; and prepare and present extemporaneous and impromptu speeches on a variety of contemporary issues. Students implement principles and practices of public communication through evaluated classroom activities including the use of PowerPoint® presentations.

**Credits:** 3

**Semester Offered:** F/S/SU

**Prerequisites:** Placement into college level English

## Surgical Technology

### SUR 131 - Surgical Procedures I

This course introduces a comprehensive overview of surgical technology, covering the history and evolution of surgery, the roles and responsibilities of surgical technologists, and the structure of healthcare facilities. Students learn about professional organizations, education and certification, legal and ethical issues, and patient care, including cultural and religious considerations. The curriculum also addresses emergency situations, disaster management, and the maintenance and quality control of surgical instruments. Students develop essential skills for effective teamwork, communication, and conflict resolution in surgical settings.

**Credits:** 3

**Semester Offered:** F

**Prerequisites:** BIO 101 or High School Advanced Placement Biology, Placement into college level English

### SUR 132 - Surgical Procedures II

This course focuses on the critical principles of microbiology, asepsis, and infection control in the surgical environment. Students examine microbiology's impact on sterile technique and analyze immune responses while understanding the infectious process. The course also emphasizes the importance of asepsis and surgical conscience in patient care. Key topics include the roles of the surgical team, principles of safety, and medical terminology. Students develop practical skills in maintaining sterile fields, preparing instruments, and managing surgical supplies. The laboratory component allows students to observe and demonstrate principles and procedures, reinforcing their competencies in surgical techniques, patient positioning, and preoperative, intraoperative, and postoperative routines.

**Credits:** 8

**Semester Offered:** S

**Prerequisites:** BIO 111 with a grade of "C" or higher, SUR 131 with a grade of "C" or higher

### SUR 231 - Surgical Procedures III

This course explores the diagnostic and surgical strategies of specialized

surgeries, including General, OB/GYN, Ophthalmology, ENT, Plastic/Reconstructive, and GU procedures. This course also includes laparoscopic (MIS) and robotics for specific specialty procedures. The lab portion continues demonstrating the principles and procedures taught in a non-patient contact environment.

**Credits:** 12

**Semester Offered:** F

**Prerequisites:** BIO 112 with a grade of "C" or higher, SUR 132 with a grade of "C" or higher

### SUR 232 - Clinical

This course involves the practical application of the skills, knowledge, and abilities developed in these courses. The clinical experience provides students with supervised applications of the theory, principles, and procedures taught in the class and lab room. Students experience patient contact as a member of the operating room team. This experience takes place in hospitals and surgical clinics and focuses on minimally complex to complex surgical cases. This clinical experience requires appropriate case scheduling. The clinical runs the first 10 weeks: Tuesday - Friday, 6:45 - 15:15; and then for the remaining five (5) weeks: Monday - Friday, 6:45 - 15:15.

**Credits:** 8

**Semester Offered:** S

**Prerequisites:** SUR 231 with a grade of "C" or higher

### SUR 233 - Surgical Procedures IV

This course explores the diagnostic and surgical interventions of specialized surgeries, including Oral and Maxillofacial, Orthopedic, Cardiothoracic, Peripheral Vascular, and Neurosurgical procedures.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** SUR 231 with a grade of "C" or higher

## Theater

### THA 101 - Theater Production

This course covers the basic level of technical experience in various aspects of production design and emphasizes a working knowledge of the hands-on

participation skills needed to mount and run theatrical productions. Students focus on crafting an industry-standard production book and work on that semester's theater productions in assigned areas.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** Placement into college level English

### THA 102 - Stage Movement

This course examines the basic techniques of movement with emphasis on developing each student's potential for effective physicalization of character. This course focuses on tempo, rhythm, period movement, mask, Mythic Gesture; personal mannerisms and their essence are defined and explored.

**Credits:** 3

**Semester Offered:** F/S

### THA 103 - Stage Voice

This course focuses on developing experience in various aspects of vocal performance techniques that include but are not limited to: International Phonetic Alphabet (IPA), diction, breathing, nerves, vocal constructs, personal atmosphere and isms. Students examine characteristics of vocal techniques that include: foundation, structure, emotion, vocal gesture, physical expression, delivery, eye-contact, continuity, and composition. Students study techniques used in public/professional presentation and/or performance.

**Credits:** 3

**Semester Offered:** F/S

### THA 201 - Acting

This course covers the art and craft of acting, both as a participant and an observer. Students are introduced to the language, terms, and concepts of theater, as well as the process and techniques by which actors work. Students demonstrate their ability to use their "self" in an authentic way, as well as his/her willingness and resilience to transform that "self" beyond its pre-established boundaries.

**Credits:** 3

**Semester Offered:** F/S

### THA 202 - Stage Management

This course focuses on principles, practices, industry vocabulary

and standards of theatrical stage management. Students study the duties, responsibilities, procedures and theater etiquette from pre-production to post-production that comprise stage management.

**Credits:** 3

**Semester Offered:** F/S

### THA 203 - Playwriting

This course focuses on instructing students in the method of crafting plays for production. Students examine processes that include, but are not limited to: conceptualization, dramatic form and structure, and character development. Students study the method for creating a first through final draft process, casting, and staged-readings leading to formal play production.

**Credits:** 3

**Semester Offered:** F/S

**Prerequisites:** ENG 101

## Utility Technology

### UTT 101 - Introduction to Utilities: Electric, Gas, Communications

This course will provide students with an overview of the utilities industry. Students will be introduced to employment and career opportunities. Requirements for employment, including CDL driver information, and hoisting and rigging certification requirements, will also be discussed.

**Credits:** 3

**Semester Offered:** F

### UTT 110 - Utility Installations/Principles I

This course will give students the basic understanding of electric circuits. Topics will include voltage, current, resistance, capacitance, and induction. Gas topics will include work methods and gas pipe installations. Communication topics will include fiber and cable installations.

**Credits:** 3

**Semester Offered:** F

**Corequisites:** UTT 101

### UTT 111 - Utility Installations/Principles II

This course will give students a further introduction into utility work methods. Transmission and distribution topics will include transformers, substations, primary and secondary voltages,

along with electric utility regulations and designs. Gas topics will include regulations and facility construction and standards. Communication topics will include regulations and facility installations.

**Credits:** 3

**Semester Offered:** S

**Prerequisites:** UTT 110

### UTT 115 - OSHA 30/Safety/CPR/First Aid

This course provides an introduction into the principles of safety, guidelines for the design of equipment, and explanations of why certain practices should or should not be followed. Students evaluate human reactions in normal and abnormal conditions, and compare features required for safe working conditions to industry standards. Students will also receive an OSHA 30 General Industry Card if all course requirements are met. CPR/First Aid certification will also be required for course completion.

**Credits:** 3

**Semester Offered:** F

### UTT 299 - Cooperative Work Experience

This course provides students with a structured learning experience while applying classroom theory to a practical work experience. Students develop a learning agreement that lists the objectives they will accomplish through their work experience. Evaluation is based on satisfactory completion of the learning agreement objectives and the demonstration of soft skills such as punctuality and attitude.

**Credits:** 3

**Semester Offered:** S

**Corequisites:** UTT 111, UTT 115

# Faculty and Staff

**TETTEH ABBEYQUAYE**, Professor of Chemistry

B.S., The University of Birmingham, UK; Ph.D., Clark University

**BENEDICTA ABOAGYE**, Financial Aid Counselor

A.A., Quinsigamond Community College

**JESSICA AHRENS MONTECALVO**, Executive Assistant to the President & Secretary to the Board

A.A., Florida SouthWestern State College;

B.A., Thomas Edison State University; M.A., SIT Graduate Institute

**TANYA ALFARIS**, Administrative Assistant I - College & Career Pathways

**FATIN ALKHALEDI**, Assistant Professor of Engineering Technology

A.A., Quinsigamond Community College;

B.A., Worcester Polytechnic Institute; M.S., Northcentral University

**MICHAELA ALMEIDA**, Associate Professor of Elementary Education Transfer Option/ Coordinator of the General Studies - Elementary Education Transfer Option

M.Ed., Worcester State University

**THOMAS ANDERSON**, Painter II/Facilities

**KARL ANDERSON**, Professor of English

B.A., University of Massachusetts-Lowell; M.A., Northeastern University

**CLOVIS ANDREU**, Systems Analyst/ Programmer

B.S., Fitchburg State University

**KRISTEN ANGIERSKI**, Assistant Professor of English

M.A., Cornell University; Ph.D., Cornell University

**LISA ANTONELLI**, Professor of Biology/ Coordinator of the Healthcare Biology Program

A.B., Smith College; D.M.D., University of Pennsylvania

**JEN ARNER WELSH**, Professor of Psychology

B.A., Earlham College; M.A., Clark University; Ph.D., Clark University

**JILL ARRELL**, Lead Teacher/Early Childhood Education Lab School

A.S., Quinsigamond Community College;

B.S., Worcester State University; M.Ed., American International College

**BENJAMIN ASHU**, Research Analyst

M.A., Southern University at New Orleans

**BETH AUGER**, Senior Director of Students Accounts & Grants

B.S., Worcester State University

**JOSEPH BABU**, Professor of Mathematics

B.Ed., Kenyatta University;

B.S., Coppin State College; M.S., University of Massachusetts-Lowell

**EMILY BACH**, Career & Transfer Services Counselor

B.A., Fitchburg State University;

M.A., Metropolitan State University of Denver

**NADER BAKER**, Desktop Support Technician (EDP Systems Analyst I)

A.S., Quinsigamond Community College

**KRISTIN BALUTIS**, Academic Advisor

B.A., Emmanuel College; M.Ed., Suffolk University;

**BRIAN BANDALEWICZ**, Microsoft Systems Administrator

A.S., Quinsigamond Community College

**RICHARD BANKS**, Clerk IV/ School of Healthcare

**MENDRICK BANZUELA**, Program Administrator of Access and Opportunity, Opportunity, and Institutional Compliance

B.S., Worcester State University

**JAMES BARHAM**, Assistant Professor of Nurse Education

M.S.N.Ed., Western Governors University

**CONNOR BARKSI**, Enrollment Counselor

B.S., University of San Francisco

**SAMANTHA BASLER**, Comptroller

B.S., Mount Ida College

**MICHELLE BATES**, Accounting Operations Manager/Business Office

B.S., Nichols College

**MARK BATES**, Professor of English

B.A., University of Leeds; M.F.A., Emerson College;

Ph.D., Northeastern University

**CHRISTINE BATTLE-OTFINOSKI**, Professor of Biology

B.S., University of New Haven;

M.S., University of Massachusetts-Amherst;

Ph.D., University of Massachusetts-Amherst

**AMY BEAUDRY**, Professor of English

B.F.A., Emerson College; M.F.A., Sarah Lawrence College

**ZACHARY BEHRMANN**, Junior System Administrator

**LAURIE BEHRMANN**, Clerk V/Admissions

A.S., Quinsigamond Community College

**JAMES BELLO**, Assistant Professor of Heating, Ventilation, & Air Conditioning (HVAC)

**ASHLEY BENNETT**, Assistant Professor of Dental Hygiene

B.S., West Virginia University

**BENJAMIN BENTON**, Dean of the School of Math, Science, and Engineering

B.S., Michigan State University; Ph.D., Northwestern University

**GAELAN BENWAY**, Professor of Sociology

B.A., Middlebury College; M.A., Brown University; Ph.D., Brown University

**ANTHONY BERNARDI**, Maintainer I/Facilities

**KERRY BERRY**, Early College Pathways  
Operations and Access Manager

B.A., University of Massachusetts-Amherst

**DADBEH BIGONAHY**, Professor of  
Engineering and Sciences/Coordinator of  
the Engineering and Biomedical Engineering  
Programs

B.S., Tehran Polytech University; M.S.,  
Worcester Polytechnic Institute

**MICHELLE BLAKENEY-COUTURE**,  
Accountant II/Workforce Development and  
Grants

A.S., Quinsigamond Community College; B.A.,  
Becker College

**ELIZABETH BLAUE**, Systems Analyst/  
Programmer

A.S., Quinsigamond Community College; B.S.,  
Worcester State University

**EDWARD BOATENG**, Desktop Support  
Technician

A.S., Quinsigamond Community College

**CAITLIN BOGUE**, Enrollment Counselor

B.F.A., The Art Institute of Boston at Lesley  
College;

M.B.A., Fitchburg State University

**SHERI BOISSEAU**, Professor of Nurse  
Education/Coordinator of Nurse Education  
Program

B.S., Rhode Island College; M.S., University of  
Phoenix;

D.N.P., Regis College

**SUSAN BOLAND SHEPHERD**, Professor of  
Nurse Education

B.S., Western Connecticut State University;

M.S., University of Massachusetts-Amherst;

Ph.D., University of Massachusetts-Worcester

**JAVAD BONYANI**, Desktop Support  
Technician

**DANA BOOKER**, Success Scholars  
Coordinator (Academic Coordinator)

B.A., University of Connecticut; M.S.,  
University of Rhode Island

**AMY BOOTH**, Professor of Healthcare/  
Coordinator of Healthcare Program

C.D.A, R.D.H, A.S., University of Rhode Island;

B.S., University of Rhode Island;

M.Ed., Worcester State University

**GEORGINA BORTE**, Clerk IV/School of  
Healthcare

A.A., Peninsula College; B.A., University of  
Washington

**JESSE BOTTCHE**, Director of Network  
Infrastructure

A.S., Quinsigamond Community College

**MICHAEL BOWMAN**, Maintainer I/Facilities

**JANINE BRADLEY**, Associate Director of  
Advising

B.A., University of Massachusetts-Boston;

M.Ed., Bridgewater State University

**JILLIAN BRADY**, Clerk IV/Program Assistant/  
Adult Community Learning Center

B.A., Worcester State University

**JOYCE BRAZEE**, Professor of Nurse  
Education

B.S., Framingham State University; M.S., Regis  
College;

D.N.P., Regis College

**MICHELLE BRENNAN**, Associate Director of  
Parenting Student Support

B.A., Assumption University

**JAMES BRENNAN**, Professor of English

B.S., University of Massachusetts; M.S., Rivier  
College;

M.A., Harvard University; M.F.A., Bennington  
College

**MONIQUE BROOKS**, Assistant Professor of  
Dental Hygiene

A.S., Quinsigamond Community College; B.S.,  
Mount Ida College

**KRISTINE BROWN**, Clerk IV/Student  
Accessibility Services

**MARY BRUNI**, Professor of Nurse Education

B.S., University of Massachusetts-Boston;

M.Ed., Fitchburg State University; M.S.N.,  
Framingham State University

**KRISTA BUNNELL**, Administrative Assistant I/  
Health Care

B.S., Fitchburg State University

**LEO BURGESS**, Director of IT Services

A.A., Quinsigamond Community College; B.S.,  
Clark University

**DELLA BURKE**, Academic Advisor- SUCCESS  
Program

B.A., University of New Hampshire; M.A.,  
University of New Hampshire; Ph.D.,  
University of New Hampshire

**DANIEL CAHILL**, Desktop Support Technician

A.S., Quinsigamond Community College

**KARYSSA CALLAHAN**, Human Resources  
Generalist

B.S., Johnson & Wales University; M.B.A.,  
Johnson & Wales University

**KRISTINE CAMPBELL**, Coordinator of  
Records and Registration

B.A., University of Massachusetts-Amherst;  
M.A., Assumption College

**MATTHEW CASaubON**, Director of Veteran  
Affairs

B.S., Fitchburg State University; M.B.A.,  
Fitchburg State University

**JOSE CASTILLO**, Professor of Music

B. A., Berklee College of Music; M.B.A.,  
University of Phoenix

**ANGEL CASTRO** Institutional Security Officer II

**SHANNA CAWLEY**, Associate Professor of  
Biology

B.S., Springfield College; M.S., Boston  
University

**DANIEL CECCHI**, Audiovisual Equipment  
Technician II

**JANINE CHALUPKA**, Professor of Nurse  
Education

B.S., Worcester State College; B.S., Regents  
College;

M.S., University of Massachusetts-Worcester

**OSCAR CHAVEZ**, Coordinator of Transfer and Articulation (Academic Coordinator Grade 6)

B.S., Nichols College; M.A., Nichols College

**KAZIMIERZ CHOJNOWSKI**, Maintainer I/Facilities

**NANCY CHOSTA**, Clerk V/Facilities

**GARGI CHUG**, Associate Professor of Computer Information System

B.S., Saurashtra University; M.S., Saurashtra University

**YOUNG MI CHUN**, Associate Director of Enrollment Processing

B.A., University of Ulsan, Korea; B.S., Arizona State University

**YESENIA CIRILO**, Clerk IV/Financial Aid Office

**RACHEL CLARKE**, Clerk V/Enrollment

**VALARIE CLEMENTE-CRAIN**, Professor of Psychology

B.A., University of Massachusetts-Amherst;

M.Ed., Boston University; Ed.D., Boston University

**YEANTYING COLLINS**, Academic Advisor-ESL Advisor

B.S., Northeastern Illinois University; M.S., University of New Haven;

**JUDY COLSON**, Professor of Psychology

B.S., University of Massachusetts; M.Ed., University of South Carolina

**GINA CONE**, Marketing Manager

B.F.A., University of Massachusetts-Dartmouth

**ERIN CONNOR**, Professor of Occupational Therapy Assistant Program

B.S., Worcester State University; M.A., Lesley University

**LISA COOK**, Professor of History\Political Science

B.A., Clark University; M.A., Clark University; Ph.D., Clark University

**MARI COONEY**, Director of Apprentice Expansion

B.A., Worcester State University

**KYLE CORDARO**, Institutional Security Officer II

B.S., Mount Ida College

**LIZETTE CORDEIRO**, Professor of Psychology/Freshman Experience/Coordinator of the First Year Experience Program

B.A., Wheelock College; M.A., New York University

**KARLEENA COREY**, Program Specialist for High School Dual Enrollment Programs and Partnerships

B.S., Bridgewater State University;

M.A., University of Massachusetts Lowell

**MICHAEL CRENSHAW**, Head of Grounds Section

**DENISE CROSS**, Coordinator of Library Technical Services and Systems

B.A., Connecticut College; M.S., Simmons College, GSLIS

**EDWARD CROTTY**, Custodial Area Supervisor/Facilities

**JESSICA CROWLEY**, Professor of Biology/Coordinator of the Liberal Arts Biology Option

B.S., University of New Hampshire;

Ph.D., University of Massachusetts Graduate School of Biomedical Sciences

**CATHY CRUZ**, Assistant Professor of Human Services, Rehabilitation and Social Work Studies

M.S.W., Simmons University

**GEOVANNI CRUZ**, Enrollment Counselor

A.S., Quinsigamond Community College; B.S., Worcester State University

**RENE CUMMINGS**, Dental Clinic Operations & Facilities Manager (Senior Special Programs Grade 5)

A.S., Quinsigamond Community College;

B.A., Southern New Hampshire University

**JOSE CURET III**, Campus Police Officer I

A.S., Quinsigamond Community College

**REBECCA CYR**, Student Accounts Manager

B.A., North Adams State College; M.S., Clark University

**KEVIN DACRI**, IT Services Desktop Support Supervisor (EDP Systems Analyst II)

A.S., Quinsigamond Community College

**KIRSTEN DAIGNEAULT**, Professor of English

A.A., Quinsigamond Community College;

B.A., Worcester State University; M.Ed., Worcester State University

**PHILOMENA D'ALESSANDRO**, Professor of Mathematics

B.S., Siena College;

M.A., University at Albany, State University of New York

**JUDITH D'ANGELO**, Senior Admissions Counselor

B.A., Assumption College; M.A., Assumption College

**CODY DAVENPORT**, Skilled Laborer/Facilities

**DAWN DAVIS**, Staff Assistant- Institutional Communications

**GUILHERME DE JESUS**, Accountant I/Student Accounts

A.A., Quinsigamond Community College

**IBAR DE LA CRUZ**, Professor of Mathematics

B.S., National University of Engineering (PERU);

M.S., Worcester Polytechnic Institute

**DAMINDI DE SILVA**, Assistant Professor of Accounting

B.A., University of Colombo; M.E., University of Colombo

**NATHALIA DE SOUZA**, RECEIVING TELLER I

A.S., Quinsigamond Community College; B.S., Nichols College

**DANIELE DEADDER**, Lead Teacher/Early Childhood Education Lab School

A.A., Quinsigamond Community College;

B.S., University of Massachusetts-Dartmouth;

M.Ed., American International College

**SUELLEN DEAN**, Senior Financial Aid Counselor (Senior Financial Aid Counselor Grade 4

B.A., Assumption University; M.A., Boston College

**GINA DECAROLIS**, Senior Research Analyst

B.A., Saint Anselm College; M.A., University of Massachusetts-Boston

**CHERYL DECOFF**, Associate Professor of Medical Assisting/Coordinator of the Medical Support Specialist Program

B.S., Worcester State University

**CORINNE DELANEY**, QCC at Southbridge Coordinator of Learning Resources

A.S., Springfield Technical Community College; B.A., Becker College; B.S., Becker College; M.S., Springfield College

**NICOLE DELLASANTA**, Learning Manager/General Academic Areas

B.A., Assumption College; M.A., Clark University

**CAMERON DELORME**, Accountant II/Business Office

**SHIRLEY DEMPSEY**, Assistant Director of Operations/External Affairs

A.S., Quinsigamond Community College;

B.S., Southern New Hampshire University

**PAMELA DEMPSEY-O'CONNELL**, Coordinator of Instructional Technology & Assessment

A.S., University of New Hampshire;

B.S., Plymouth State University;

M.Ed., University of Massachusetts - Boston

**CASEY DENIS**, Assistant Director of Student Life & Programming

A.S., Quinsigamond Community College; B.S., Worcester State University

**DEAN DENNIS**, Dean for School of Computing & Applied Technologies

M.S., University of Massachusetts; PhD., University of Massachusetts

**ROSE D'ERRICO**, Assistant Director of Strategic Communications and Public Relations

B.A., New Mexico State University

**LYNDA DESCHENES**, Clerk IV/Enrollment

A.S., Quinsigamond Community College

**VERONICA DEWOLFE**, Administrative Assistant I/Office of Institutional Research & Planning

B.A., Flagler College

**STEVEN DEXTER**, Assistant Professor of Nurse Education/A.D.N. Program (DAYS)

B.S., Worcester State University; M.S., Framingham State University

**ANA DEXTER**, Professor of Nurse Education

B.S., Worcester State University; M.S., Worcester State University

NEHA DHA.A., Professor of Psychology

B.S., McMaster University; M.A., Harvard University

**JOHN DIETHELM**, Assistant Professor of Automotive Technology/Coordinator of the Automotive Technology Program

A.S., Sterling College

**STEPHEN DIGIOVANNI**, Chief of Police/Campus Police Department

B.S., Anna Maria College; M.S., Anna Maria College

**ASHLEY DONNELLY**, Hospitality & Recreation Management Program Food Service Lab Site Supervisor

A.S., Quinsigamond Community College

**NANCY DONOHUE-BERTHIAUME**, Professor of Psychology/Coordinator of Professional Development

B.A., Anna Maria College; M.A., Anna Maria College

**ABBY DOYLE**, Staff Assistant-Institutional Advancement

B.A., Emmanuel College; M.Ed., Southern New Hampshire University

**THOMAS DRIGGS**, Workforce Projects and Compliance Manager

B.S., Westfield State University; J.D., New England Law

**LEE DUERDEN**, Professor of Manufacturing Technology/Coordinator of the Manufacturing Technology Program

B.E., University of Manchester, UK; M.S., Worcester Polytechnic Institute

**MICHELLE DUGAN**, Teacher/Early Childhood Education Lab School

A.A., Quinsigamond Community College; B.A., Becker College

**BEAU DUSTY**, Skilled Laborer Trades/Facilities

**MALLORY DUTTON**, Academic Counselor

B.A., Elon University; M.S., Southern Connecticut State University

**MARK DUVAL**, Professor of Environmental/Physical Science

B.S., University of Massachusetts-Amherst; M.Ed., University of Massachusetts-Amherst

**RICHARD ELLBEG**, Associate Professor of Nurse Education

A.A., Worcester Junior College;

B.S., Worcester State University; M.S., Norwich University

**KEVIN ESPOSITO**, HVAC Refrigeration Mechanic II (First Shift)

**CASSANDRA ESTEY**, Student Accessibility Services- MAICEI

B.S., University at Albany, SUNY;

M.S., University at Albany, SUNY; M.S., Capella University

**PATRICK FAMA**, Academic Advising Coordinator/Health Programs

A.A., Nassau County Community College; B.A., Stony Brook University; M.S., Hofstra University

**MELISSA FAMA**, Dean of the School of Public Services, Education, & Social Sciences/Coordinator of General Studies Program

B.A., University of Massachusetts-Amherst;

M.A., University of Connecticut; Ph.D., University of Connecticut

**ROBERT FANNING**, Audiovisual Equipment Technician I

B.S., Curry College

**TRISHA FAUBERT**, IT Services Desk Support Technician (EDP System Analyst I)

**AMELIA FAZACKERLEY**, Social Worker/Mental Health Counselor

B.A., Anna Maria College; M.A., Westfield State University

**ELENA FENICI**, Professor of Mathematics

B.S., University of Petrosani; M.S., College of Charleston

**THERESA FINN**, Maintainer I/Facilities

**LARRY FLOWERS**, Campus Police Officer II/Detective/Campus Police Department

B.A., University of Hawaii at Hilo; M.S., Anna Maria College

**COURTNEY FLUET**, Assistant Professor of Mathematics

A.S., Umass Dartmouth; B.S., Umass Dartmouth

**KATHLEEN FOLEY**, Administrative Assistant I/Downtown

B.S., University of Massachusetts-Amherst

**JACOB FONTANEZ**, Storekeeper II/Central Receiving

A.S., Quinsigamond Community College

**LUIS FONTANEZ, JR.**, Reproduction Services Supervisor/Print Shop

**KWESI FOSTER**, Grants Administrator

B.S., Springfield College

**DEBORAH FRANCIS**, Library Assistant III

A.S., Quinsigamond Community College

**REBECCA FRANCOUER**, Teacher/Early Childhood Education Lab School

B.A., Worcester State University

**AMANDA FREGEAU**, SUCCESS Scholars Academic Coordinator

B.A., Westfield State University; M.S., Fitchburg State University

**DANIEL FUNG-A-FAT**, Science Laboratory Technician

B.S., Worcester State University

**ELAINE GALVIN**, Clerk IV/Financial Aid

A.S., Quinsigamond Community College;

B.A., Clark University; M.A., Anna Maria College

**STEVEN GAMBINO**, Associate Professor of Mathematics

B.S., University of Hartford; M.S., University of Rhode Island

**JANE GAUTHIER**, Professor of Dental Hygiene/Coordinator of the Dental Hygiene Program

A.S., Quinsigamond Community College; B.A., University of Connecticut; M.Ed., Worcester State University

**KRISTYNA GAWRYCH**, Maintainer I/Facilities

**ERIN GERRARD-HILL**, Assistant Professor of Radiologic Technology

A.S., Quinsigamond Community College

**MATTHEW GELINAS**, Head of Building Maintenance Section/Facilities

Certificate, Green School-UMASS Extension Program

**JUDITH GIACOPPE**, Professor of Nurse Education

B.S., St. Anselm College; M.S., Anna Maria College

**ELAINE GILGIS**, Library Assistant II

B.A., Northeastern University

**JESSICA GIUMENTARO**, Lead Teacher/Early Childhood Education Lab School

A.S., Quinsigamond Community College

**ASHLEE GIVINS**, Director of Student Life and Leadership

B.A., Nichols College; M.Ed., Suffolk University

**KRISTY GLOVER**, Professor of Criminal Justice

A.S., Atlanta Metropolitan College; B.S., Savannah State University; M.A., Argosy University Atlanta

**ERIK GOLDEN**, Carpenter II/Facilities

**SYDNEY GOLDMAN**, Academic Counselor

B.A., Mount Holyoke College; M.Ed., Lesley University

**DOMINIC GOMEZ**, Institutional Security Officer II

A.S., Quinsigamond Community College

**GEMMA GORANSON**, Enrollment Counselor

B.S., Worcester State University; M.Ed., Worcester State University

**DIANA GORDON**, Assistant Professor of Surgical Technology/Program Coordinator

B.S., Worcester State University

**MICHAEL GORMLEY**, Professor of English

B.S., University of Massachusetts; B.A., University of Massachusetts; M.A., University of Massachusetts

**SUZANNE GRAHAM ANDERSON**, Assistant Director of Alumni, Donor & Foundation Engagement

A.S., Quinsigamond Community College; B.A., Nichols College;

M.B.A., Nichols College; M.S., Nichols College

**LEON GRANADOS**, Multimedia Producer/Photographer

B.S., The New England Institute of Art

**KAREN GRANT**, Director of Financial Aid

B.S., Eastern Connecticut State University;

M.A., Framingham State University

**JASON GRAVES**, Network Administrator

A.S., Quinsigamond Community College;

B.S., University of Massachusetts-Lowell

**SUSAN GRAVES**, Professor of Dental Hygiene & Dental Assisting

A.S., Middlesex Community College; B.A., Tufts University;

M.S., Simmons College

**ROGER GROVER**, Desktop Support Technician

A.S., Quinsigamond Community College

**BETSY GROVES**, Associate Director of Financial Aid Technology and Operations

B.S., University of Massachusetts-Dartmouth

**VERONICA GUAY**, Executive Director, High School Dual Enrollment Programs and Partnerships

B.A., University of Vermont; M.B.A., Fitchburg State University

**IDAURIS GUERRERO VASQUEZ**, Maintainer I (2nd Shift)

**JACQUELINE GUITTAR**, Director of Records and Registration

B.S., Worcester State University; M.B.A., Fitchburg State University

**LISA GURNICK**, Athletic Center Manager/Director of Athletics

A.A., Quinsigamond Community College; B.S., Worcester State University; M.P.H., University of Massachusetts-Amherst

**JENNIFER GUZMAN-GAYFLOR**, Advising Coordinator

B.A., Worcester State University; M.S., Fitchburg State University

**RICCI HALL**, Associate Professor of Emergency Medical Services/Coordinator of Emergency Medical Services Program

A.S., Mount Wachusett Community College; B.A., Clark University; M.A., Clark University; M.Ed., Worcester State University

**DONNA HALL**, Clerk IV/Welch Center

**BRADY HAMMOND**, Dean of the School of English and Humanities/Coordinator of Media Communications Program

B.S., Drexel University; M.A., York University; M.Ed., Boston University; Ph.D., Victoria University of Wellington

**JOANNE HARRINGTON**, Clerk IV/Center for Workforce Development & Continuing Education

**SEAN HARRIS**, Director of Community Engagement

A.A., Quinsigamond Community College; B.S., Becker College;

M.S., Mt. Ida College

**JAMES HEFFERNAN**, Professor of Electronics Engineering Technology/Coordinator of the Electronics Engineering Technology Programs

B.S.M., Assumption College; B.S.E.E., Worcester Polytechnic Institute; M.S., Fitchburg State University

**NICOLE HELDENBERGH**, Director of Grants Development

B.S., Northeastern University

**SHIROMA HERATH**, Junior System Analyst/Programmer

B.S., Sri Lanka Institute of Information Technology;

A.S., Quinsigamond Community College

**THOMAS HERBERT**, Database Administrator

B.A., Berklee College of Music; M.S.I.T., Clark University

**AMY HOGAN**, Associate Professor of Respiratory Care

A.S., Quinsigamond Community College; B.S., Boise State University; M.S., Boise State University

**JOHN HOLLOWAY**, Executive Director of Access and Opportunity, and Institutional Compliance

B.A., SUNY College Old Westbury; M.A., Montclair State University;

**KEARA HOLMES**, Director of Nurse Education

B.S., Worcester State University; M.S., Western Governors University

**PATRICIA HUTCHINSON**, Professor of Hospitality & Recreation Management/Coordinator of the Hospitality & Recreation Management Program

B.A., University of Northern Colorado; M.S., Lesley College

**KAREN HUTNER**, Director of Strategic Communications & Public Relations

A.A., Quinsigamond Community College; B.A., Worcester State University

**CHRISTIAN ILUSTRE**, Professor of Nurse Education

B.S., University of Iloilo-Philippines; M.S., Walden University

**ANTOINETTE INCORVAIA-MATISOO**, Receiving Teller I

B.S., Emmanuel College

**ANN MARIE INCUTTO**, Clerk IV/Enrollment

A.S., Quinsigamond Community College

**DAVID IRWIN**, System Architect

B.S., Fitchburg State University

**NT IZUCHI**, Professor of Computer Systems/Engineering Technology/Coordinator of the Computer Systems Engineering Technology Program

B.A., University of Massachusetts-Boston; M.B.A., Bryant College; M.S., Northeastern University

**ANGEL JACKSON**, IT Project Manager

B.S., University of Potomac; M.B.A., University of Maryland

**JACQUELINE KACZOWKA**, Program Manager/Center for Workforce Development and Continuing Education

B.S., Westfield State University

**STACEY KADISH**, Director/Institutional Research

B.S., University of Florida; M.Ed., Boston College;

C.A.E.S, Boston College

**DYMPNA KANE**, Director of Project Finance and Account Payable

A.S., New England College of Business and Finance;

B.S., Bentley University; M.B.A., Framingham State University

**MARYANN KANIA**, Professor of Business Administration, Business Support Specialist Programs/Coordinator of Business Administration Related Programs

B.S., Nichols College; M.B.A., Nichols College

**PATRICIA KEHOE**, Senior Systems Analyst

A.S., North Shore Community College; B.S., Anna Maria College; M.B.A., Anna Maria College

**JEAN KENNEDY**, Professor of Human Services/Coordinator of Honors Program

B.M., Anna Maria College; M.A., Anna Maria College

**RITA KENNEDY**, Associate Director of Payroll

**KERI KIEFER**, Healthcare Educator and Program Manager

A.S., McIntosh College; B.S., Mercer University; M.S., Mercer University

**CAROL KING**, Dean of College and Career Pathways

B.A., Knox College; M.A., The Graduate Institute

**TABATHA KLESS**, Career & Transfer Services Counselor

B.A., University of Central Florida; M.A., University of Central Florida

**LAUREN KLOSOWSKI**, Professor of Biology

B.S., Quinnipiac University; M.A., Fitchburg State College;

**RACQUEL KNIGHT**, Director of the Center for Entrepreneurship

A.S., College of Agriculture Science and Education; B.A., Becker College; M.B.A., Johnson & Wales University

**NATHAN KOZACH**, Academic Coach

B.A., Westfield State University

**MIKEALA KOZLOWSKI**, Assistant Professor of Nurse Education/A.D.N. Program (Evenings)

A.S., Mount Wachusett Community College;

B.S., Southern New Hampshire University

**BRENDA KUCHNICKI**, Clerk IV/Career Services & Credit for Prior Learning

**ANDREW KUPEC**, High School to College Linkages Specialist

B.S., Bentley University; M.S., C.W. Post College

**JASON KURLAND**, Assistant Dean of Students

B.A., Assumption College; M.A., Fitchburg State University

**TODD LABRANCHE**, Campus Police Officer III - Sergeant/Campus Police Department

B.S., Becker College

**COURTNEY LACEY**, Clerk IV/Educational Partnerships and Early College Initiatives

A.S., Quinsigamond Community College

**LORI LACINA**, Assistant Professor of Nurse Education/A.D.N. Program (Evenings)

A.S., Quinsigamond Community College; B.S., University of Massachusetts Lowell; M.S., Framingham State University

**DEBRA LaFLASH**, Associate Vice President of Finance

B.S., Worcester State University

**PATRICIA LAFONTAINE**, Academic Technology Coach (Academic Coordinator)

A.S., Quinsigamond Community College; B.S., Worcester State College; M.Ed., Curry College

**TIMOTHY LAFONTAINE**, Professor of Developmental English/Coordinator of the Developmental English Program

A.A., Quinsigamond Community College; B.S., Worcester State University; M.Ed., University of Phoenix

**RASHID LAMECK**, Campus Police Officer I

B.A., Assumption University

**LORI LAMOTHE**, Assistant Professor of English

B.A., Cornell University; M.A., Fitchburg State University

**VANESSA LANDYN**, Events and Office Manager

B.A., St. John's University; M.B.A., St. John's University

**LAURA LAROCHELLE**, Clerk IV-Welcome Center

B.S., Worcester State University

**DANIEL LARYEA**, Clerk IV/Advising

**BETTY LAUER**, Professor of Computer System Engineering Technology

A.A., Johnson County Community College;

B.A., MidAmerica Nazarene University; A.L.M., Harvard University

**JEFFREY LAVIN**, Utility Plant Operator

**KAILEIGH LAVIN**, Assistant Professor of Nurse Education

B.S., Quinnipiac University; M.S., University of Massachusetts Worcester

**GRETCHEN LAVIN**, Accountant IV/Business Office

B.S., Worcester State University

**AMY LAWSON**, Associate Director of Financial Aid

B.A., Clark University; M.S., Bay Path University

**PAUL LEDOUX**, Healthcare Simulation Support Technician

A.S., Quinsigamond Community College

**KIM LENNON**, Clerk IV/Advising

A.S., Quinsigamond Community College

**KIRSTIE LEONARD**, Associate Director of Financial Aid for Student Services

B.A., Keene State College

**QUINCY LESTER**, Recruitment Counselor

B.Ed., University of Technology, Jamaica;

M.S., Prairie View A&M University

**KALAN LEWIS**, Director of Mentoring and Special Programs

B.S., Providence College; M.Ed., Providence College

**KEVIN LI**, Associate Vice President of Academic Affairs

B.A., Roosevelt University; M.A., Roosevelt University

**JAMES LINCOLN**, Enrollment Counselor

B.A., Gettysburg College; M.Ed., Bloomsburg University

**ADRIENNE LINNELL**, Program Administrator, STEM Initiatives

B.S., Cornell University; M.B.A., The University of Michigan

**DANIEL LITCHFIELD, II**, Campus Police Officer III - Sergeant/Campus Police Department

**TEINA LOCHAN-DODD**, Assistant Professor of Nurse Education

B.S., Becker College; M.S., Southern New Hampshire University

**HAO LOI**, Professor of Computer Science/Coordinator of Computer Science Program

B.S., Trinity College; M.S., Rensselaer Polytechnic Institute;

M.B.A., Rensselaer Polytechnic Institute

**FRANCES LU**, Clerk V - Enrollment

B.A., Beijing Normal University

**FLORENCE LUCCI**, Professor of Business Administration

B.S., Lesley University; M.P.A., Clark University;

M.B.A., Fitchburg State University; D.B.A., Argosy University

**HEATHER LUKAS**, Director of Health and Wellness

B.S., Utica College of Syracuse University

**WILLIAM LYNCH**, Associate Director, Adult Community Learning Center

B.A.H., Worcester State University; M.S., Cambridge College

**AMY MACARTHUR**, Administrative Assistant I/School of English and Humanities

A.S., Quinsigamond Community College

**ALVAH MACDONALD**, Maintenance Equipment Operator I/Facilities

**SANATH WIJERATHNA**, Biology

B.S., University of Peradeniya; Ph.D., Case Western Reserve University

**STEPHEN WILLAND**, Marketing

B.A., College of the Holy Cross; Ph.D., University of Massachusetts

**SARAH WILLIAMS**, Art

B.F.A., Massachusetts College of Arts; M.A., San Francisco Art Institute

**RUSSELL WILLIAMS**, Surgical Technology Program

A.S., Quinsigamond Community College

**ANNEMARIE WINSLOW**, Public Services and Social Sciences

B.S., Worcester State University; M.P.H., University of Massachusetts

**MONICA WIRICKX**, EMT

A.S., Quinsigamond Community College

**MARY ELLEN WOLFE**, Mathematics

B.S., Arizona State University; M.A.T., Manhattanville College

**PHILLIP WONG**, Biology

B.A., State University of New York at Binghamton; D.C., New York Chiropractic College

**MAUREEN WOOLHOUSE**, Mathematics

B.A., Anna Maria College; M.Ed., Worcester State University; M.M., Worcester Polytechnic Institute

**JENNIFER WRIGHT**, Respiratory Care

A.S., Quinsigamond Community College

**DAVID YACAVACE**, English

B.A., Assumption College; M.A., Assumption College

**DAGNE YESIHAK**, Criminal Justice

B.S., University of Massachusetts; M.S., Northeastern University; J.D., Massachusetts School of Law

**RICHARD ZAJCHOWSKI**, Human Services

B.A., Amherst College; M.A., Claremont Graduate School and University Center

**RANDEEN ZANCA**, Developmental English and English

B.A., University of British Columbia; M.Ed., Framingham State University

**ELDA ZEKO**, Psychology and Orientation

B.A., Tirana University; M.A., Assumption College

**BO ZHANG**, English

A.S., Northwestern Polytechnical University; B.A., Northwestern Polytechnical University

**BETSY ZUEGG**, Developmental English

B.A., Newton College of the Sacred Heart; M.Ed., Lesley College

# Program Advisory Committees

## Automotive Technology

- Dan Capuano, Assabet Valley Regional Technical High School
- Nicholas Faoro, Ford Motor Company
- Michelle Hoey-Sloan, Hoey Tire
- Jim Kelley, Sentry Lincoln-Mazda
- George Panagioto, Subaru of New England
- John Paul, AAA Southern New England

## Business Administration

- Terry Burke, Family Health Center of Worcester, Inc.
- Matthew J. Blanchard, Worcester Art Museum
- Shirley Dempsey, QCC
- Anastasia Garcia, Hanover Insurance Company
- Marshall Gaye, The Arc of Opportunity
- Suzanne Graham Anderson, Positively Suzanne!
- John Hulton, TriMark, USA (retired)
- Betsy Landry, Mirick, O'Connell, DeMallie & Lougee, LLP
- David Mayotte, Greenberg, Rosenblatt, Kull & Bitsoli, PC
- Ryan McKetchnie, Cumberland Farms
- Alex Osei Bonsu, CrossCountry Consulting
- Larry Sasso, Lawrence Sasso Insurance Services, Inc.
- Amy Sciannameo, Hanover Insurance Company
- James Trice, Worcester SCORE
- Carmen Valle, Main South CDC
- Leigh Woodruff, JD, MA, Gordon Rees Scully Mansukhani, LLP

## Children's School: QCC's Early Childhood Education Lab School

- Michelle Brennan, QCC
- Melissa Fama, QCC
- Karen Grant, QCC
- Nicole Heldenbergh, QCC

- Jason Kurland, QCC
- Heather Lukas, QCC
- Greg Mullaney, QCC
- Erin Roache, QCC
- Sara Simms, QCC

## Computer Information Systems

- Kerry Berry, QCC
- John Coppola, Mode - Software Engineer
- Rahul Gomez, Strom Petrel - Customer Support Lead
- Scott Pilate, Reliant Medical Group - Applications & Business Intelligence Director
- Tu Tong, RedHawk On-Demand Insurance-Related Services - Software Engineer

## Computer Science

- Dr. Gordon Anderson, UMass Amherst - Computer Science Department
- Dr. Elena Braynova, Worcester State University
- Dr. David Adams, UMass Lowell - Computer Science Department
- Dr. Craig Shue, Worcester Polytechnic Institute (WPI)

## Computer Systems Engineering Technology

- Andrew Pierce, Saint-Gobain
- John Reed, Worcester Public Schools
- Joshua Trombley, Hanover Insurance

## Criminal Justice

- Douglas Bushman, Attorney
- Thomas Duffy, Local Police Officer - Retired
- John Graham, Corrections Consultant
- Lauren Misale, Clark University - Police Chief
- Reynaldo Rodriguez, QCC
- Michael Sampson, MA State Police

Department - Retired

- Paul Salvatore, Worcester County Sheriff's Office - Detective
- QCC Criminal Justice Program - Student Representative(s)
- QCC Criminal Justice Program - Recent Graduate(s)

## Dental Programs

- Ashley Bennett, QCC
- Monique Brooks, QCC
- Dr. Brandon Cairo, General Dental Practitioner from the Community
- Carmen Canumir Contreras, QCC Student - 2nd Year, Class of 2026
- Kyleigh Corey, QCC DH Alumni - Class of 2025
- E. Jane Crocker, Registered Public Health Dental Hygienist from the Community
- Rene Cummings, QCC
- Dr. Mary Danko, Worcester District Dental Society - Member Representative
- Jane Gauthier, QCC
- Dr. Robert Gauthier, General Dental Practitioner from the Community
- Sue Graves, QCC
- Dr. David Handsman, Specialist Dentist from the Community
- Destiny Ingersoll, QCC DA Alumni - Class of 2024
- Mary Johnson, Certified Dental Assistant from the Community
- Jennifer McKeon, QCC
- Dr. Colleen Oleynik, Alternate, Worcester District Dental Society - Member Representative
- Amber Pfeiffer, QCC
- Gina Saucier, Certified Dental Assistant from the Community
- Pat Schmohl, QCC
- Kate Soal, QCC
- Shanan Stratis, QCC
- Elizabeth Swenson, Registered Dental

- Hygienist from the Community
- Elaine Trottier, QCC
- Amy Willor, Massachusetts Dental Hygienists' Association - President

### Early Childhood Education

- Darlene Belliveau, YWCA Central MA - Early Education and Care
- Michelle Brennan, QCC
- Kim Davenport, Edward Street Child Services
- Carol Donnelly, Worcester State University
- Kathy Dow, Southbridge Head Start
- Shelese Johnson, Worcester Technical High School/Preschool - Early Childhood Education Department
- Jenny Mare, Guild of St. Agnes
- Emma Martin, Pakachoag Acres
- Joe Martin, Pakachoag Acres
- Erin Roache, QCC
- Carlene Sherbourne, Worcester Child Development - Head Start Program
- Kim Sullivan, First Friends Early Education Center

### Electronics Engineering Technology

- Mike Barone, Live Automation
- Christopher Bonni, Galvion
- Mike Bouckaert, Valmet
- Thomas Comerford, IPG Photonics
- Russell Dumas, ABM Health
- Tommy Estevez, IPG Photonics
- Jim Guimarra, Northeastern University - College of Professional Studies
- Cody Hamilton, Valmet
- John Kennedy, Valmet
- Mike Meagher, Worcester Technical High School
- Robert Orasz, Bay Path Regional Vocational Technical High School
- Nick Peluso, Valmet

### Emergency Medicine

- Gary Cherest, Vital Ambulance
- Steve Coleman, Auburn Fire
- Ricci Hall, QCC

- Lisa Metivier, Ashburnham Fire and QCC
- Paul Normadin, Southbridge Fire
- Richard Nydam, QCC
- Mark Restuceia, Medical Director
- Pat Schmohl, QCC

### Engineering

- Connie Armento, Worcester Polytechnic Institute (WPI)
- Nadine Delisle, Tantasqua Regional High School
- Jorgo Gushi, MATWORK
- Nikita Igoshin, Worcester Polytechnic Institute (WPI) and QCC Alumni
- Sokol Lushllari, QCC Alumni
- Robert MacRae, MA Materials Research, Inc.
- Joel Malaver, Shrewsbury Electric & Cable Operations (SELCO)
- Jenna Noel-Grinshteyn, Worcester Polytechnic Institute (WPI)
- Jacob Shore, MA Materials Research, Inc.
- Kennedy Udechukwu, QCC Alumni
- Armela Xhindole, Worcester Polytechnic Institute (WPI) and QCC Alumni

### Heating Ventilation Air Conditioning

- Mark Buzzell, Siemens Industry, Inc.
- Manny Chaves, Chaves HVAC
- David Kempeskie, AET Labs
- George Lanthier, Firedragon Academy
- Mark Meacham, Mark E. Meacham, Inc.

### Honors Program

- Gaelan Benway, QCC
- Bonnie Coleman, QCC
- Kathy Frederickson, QCC
- Beth Fullerton, QCC
- Jean Kennedy, QCC
- Susan McPherson, QCC
- John Stazinski, QCC
- Michael Stevenson, QCC
- Tiger Swan, QCC
- Margaret Wong, QCC

### Hospitality and Recreation Management

- Michael Banks, Montachusett Regional Vocational Technical School
- Kelsey Charron, Worcester Public Schools, South High School - Culinary/Hospitality Teacher
- Lisa Ciarametaro, Anderson Nutrition Services, LLC - Dietitian
- Mark Hawley, VIA Italian Table
- Pat Hutchinson, QCC
- Kathy Kirk, Roedel Companies, LLC - Sales and Marketing Area Director
- Catherine Kling Nourse, QCC
- Anne Kruse, DCU Center - Convention Sales Manager
- Suki Lapin, Worcester Senior Center
- Tina Litwinetz, Salmon Health and Retirement - Dining Operations Manager
- Stephanie Conrad, Polar Park - Hospitality for Professional Sports Catering Vice President
- Russ Mangsen, Assabet Valley Regional Technical High School
- Donna McCabe, QCC
- Kerry Miller, Restaurant Association
- Adam Pacenka, QCC Alumni - Employment Options
- Amarilys Saluk, New London Rehab and Care - Certified Dietary Manager
- Mark Sansoucy, Bay Path Regional Vocational Technical High School
- Mary Simone, QCC
- Paul Wilson, Nashoba Valley Technical High School

### Human Services

- Lisa Brennan, Genesis Club
- Marissa Brown, Seven Hills
- Michelle Bryson, Bay Path University
- Oscar Chavez, QCC
- Lynn Clifford, Worcester District Court
- Joanne Fowling, Boys & Girls Club of Worcester
- Christine Gaze, New Hope
- Darlene Heywosz, YWCA of Central MA
- Jean Kennedy, QCC

- Heidi Sue LeBoeuf, Pathways for Change, Inc.
- Sam Martin, Worcester Youth Center
- Emily Mew, Disaster Relief for Salvation Army
- Susan Moriarty, QCC
- Karen Oberg, MSW, Open Sky/Community Health Link and QCC Alumni - Human Services
- Dianna Rebello, Center of Hope Foundation
- Alana Richard, QCC
- Lenore Rust, Anna Maria College Graduate Studies and QCC
- Pamela Suprenant, YMCA of Central MA
- Erika Travinski, Center for Hope
- Josefina Velez, Friendly House
- Doe West, QCC
- Nichole Wheeler, QCC
- Erin Wilson, Worcester Housing Authority
- Linda Wincek-Moore, Worcester Senior Center
- Anthony Yeulenski, QCC

### Interactive Media

- Todd Adams, Marketing Drive Worldwide
- John Brissette, IMakeNews (IMN)
- Sheila Davis, Community Advocate
- Mauro DePasquale, Multimedia Solutions
- Joseph Gardner, Curry Printing
- Peter Gardner, Curry Printing
- Joseph Gonzalez-Dufresne, JGD Design & Photography
- David Gorham, David Gorham Graphic Designer
- Irma Karpaviciute, Irma K Design
- Rebecca Larson, Bay Path Regional Vocational Technical High School
- Carolyn McGrath, Holden Public Schools
- Paul Melo, Worcester Public Schools
- Mary Richinik, Mary Richinik Graphic Design
- Luis Rodriguez, Framingham State University
- Wendy Sandman, Fidelity Investments

### Manufacturing Technology

- Meghan Abella-Bowen, Massachusetts Technology Collaborative
- Charles Batement, Saint-Gobain - Research & Development
- Jay Blausler, Montachusett Regional Vocational Technical School
- Nicholas Bold, Technocopia
- Tomi Casali, NyproMold, Inc.
- Richard Cobiski, C&C Metals
- Brian Cummings, Worcester Public Schools
- Lee Duerden, QCC
- Rafael Encarnacion, Atech Turbine
- Gerard Foye, Emuge
- Jan Kania, JP Manufacturing, Inc.
- Damian Kieran, QCC
- John McCarthy, QCC
- Jeff Moineau, Wirefab, Inc.
- Tate Ostiguy, Bay Path Regional Vocational Technical High School
- Kevin Pelletier, MA Materials Research, Inc.
- Cathy Phillips, Phillips Precision, Inc.
- Steven Phillips, Phillips Precision, Inc.
- Steven Savage, AIS
- Jesse Silverberg, Multiscale Systems
- David Sommerville, Assabet Valley Regional Technical High School
- Devin Utter, Curtis Industries
- Nichole Wheeler, QCC

### Medical Assisting

- Georgina Borte, QCC
- Sarah Brown, Public/Community Member
- Theresa Burke, Family Health Center - Employer Representative/Clinical Partner
- Lynn D'Angelo, UMass Memorial Medical Group - Clinical Partner
- Cheryl DeCoff, QCC
- Patrick Fama, QCC/Sponsor Admin
- Dawn Jordan, MA Society of Medical Assistants - President
- Brittany Kosiba, Milford Regional Medical Group - Employer Representative
- Janira Sanchez, QCC Graduate
- Pat Schmohl, QCC
- Shanan Stratis, QCC

- Robert Zavoski, MD, Family Health Center - Medical Director

### Nurse Education

- Mary Kay Alexander (Chair), UMass Graduate School of Nursing
- James Barham, QCC
- Lucy Bibiu, QCC RN 2012 Graduate, QCC PN and QCC RN Alumni
- Sheri Boisseau, QCC
- Kerry Burrill, Harrington Hospital
- Katherine Carelli, Milford Hospital
- William Chadbourne, Worcester State University
- Nicole Croteau, Beaumont Nursing and Rehabilitation
- Keara Holmes, QCC
- Carol Kapolka, Notre Dame Health Care
- Paul MacKinnon, HealthAlliance Hospital and QCC Alumni
- Michael Moore, State Senator
- Chau Nguyen, QCC
- MaryEllen Nietupski, QCC
- Michelle O'Rourke, CNO, UMMHC
- Jay Prosser, Nursing Council on Workforce Sustainability
- Ann Marie Reynolds, Worcester Public Schools
- Maureen Ricotta, QCC
- Tina Sanford, Assabet Valley Regional Technical High School
- Pat Schmohl, QCC
- Meredith Stone, QCC
- Jill Terrien, PhD ANP-BC, UMass Medical School - GSN
- Meg Yoder, QCC

### Occupational Therapy Assistant

- Amy Booth, RDH, CDA, M.Ed, QCC
- Kylie Brenneman, OTA, COTA, QCC Alumni
- Melanie Glynn, OTA, COTA, QCC Alumni and QCC
- Cynthia Green, OT, MS, OTR, RFK-Doctor Franklin Perkins
- Julie Anne Gonynor, OTA, BS, COTA, French River Education Collaborative and QCC Alumni

- Rachel Horan, OTA, COTA, Elmhurst Rehab and Health Center and QCC Alumni
- Karen McCarthy, OTA, LPN, CDP, COTA, Salmon Healthcare and QCC
- Alissa Rivard, OTA, COTA, Seven Hills Aspire!
- Andrew Strawn, PT, DPT, Life Care Centers of America
- Steven Thibodeau, OT, Bayda Home Care Services and QCC
- QCC Occupational Therapy Freshman Class - Student Representative(s)
- QCC Occupational Therapy Senior Class - Student Representative(s)

### Radiologic Technology

- Marcia Amaral, RT(R), UMass Memorial Medical Center - Memorial Campus - Diagnostic Imaging
- Stephen Beaudoin, RT(R), UMass Memorial Medical Center - University Campus - Diagnostic Imaging
- Philip Bottone, MPH, RT(R)(CT)(N), CNMT, Colorado Mesa University
- Taunja Canedy, RT(R)(CT), UMass Memorial Health - Harrington Hospital - Diagnostic Imaging
- Luz Caraballo, RT(R), St. Vincent Medical Center - Diagnostic Imaging
- Laura Chapman, BS, RT(R)(CT), Milford Regional Medical Center - Diagnostic Imaging
- Sharon Dodge, RT(R), Heywood Hospital - Diagnostic Imaging
- Linda King, RT(R), VA of Western and Central Massachusetts
- Michael Popik, M.D., QCC
- Kevin Reynolds, MHA, RT(R)(CT), UMass Memorial Medical Center - University Campus
- QCC Radiologic Technology Program - Student Representative(s)
- QCC Radiologic Technology Program - Faculty Representative(s)

### Respiratory Care

- Georgina Borte, QCC
- Rachel Carragher, UMass Memorial Medical Center
- Brittany Casasanta, RRT, Heywood Hospital
- Lisa Corneau, RRT, St. Vincent Hospital
- Daniel Fisher, RRT, Milford Regional Medical Center
- Amy Hogan, MET, RRT, QCC
- Morgan Lindsey, RRT, Tufts Medical Center and QCC RCP Alumni
- Scott Maclean, RRT, Harrington Healthcare System
- Heather Madison, RRT, Children's Hospital, QCC RCP 2014 Alumni, and QCC
- Tonya Morrill, RRT, Tufts Medical Center and QCC RCP Alumni
- Jason Moury, RRT, Heywood Healthcare
- Richard Rosiello, MD, St. Vincent Hospital
- Kim Shell, RRT, St. Vincent Hospital and QCC
- Tempe Staples, Healthy Greater Worcester - Public/Community Member
- Shanan Stratis, QCC
- Karen Tadry, RRT, St. Vincent Hospital and QCC
- QCC Respiratory Care Freshman Class - Student Representative(s)
- QCC Respiratory Care Sophomore Class - Student Representative(s)

### Surgical Technology

- Sarah Brown, Public Member
- Dr. Nicole Cherng, UMass Memorial
- Diana Gordon, QCC
- Carrie Lauritsen, UMass Harrington Hospital
- Maribeth Leary, St. Vincent Hospital
- Judy Phelan, St. Vincent Hospital
- Shanan Stratis, QCC
- Jessica Suarez, UMass Harrington Hospital,

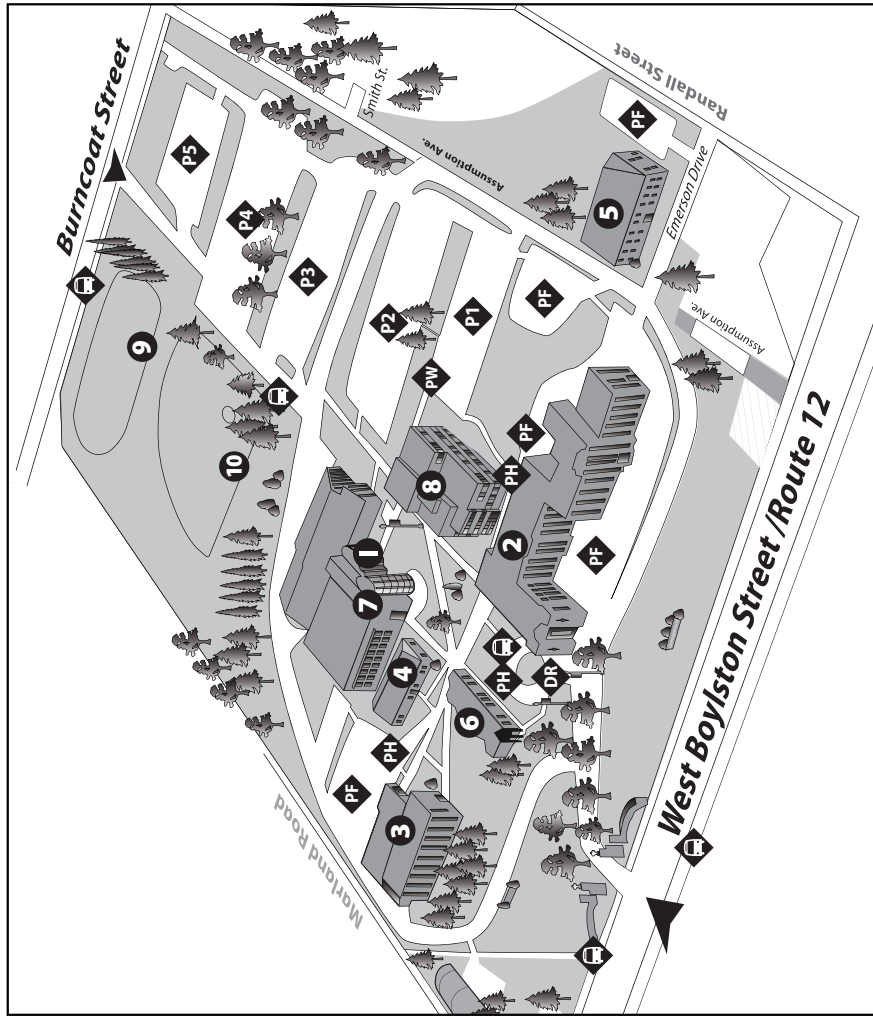

QCC Graduate Representative, Practicing CST

- QCC Current Student
- QCC Graduate Student

### Utility Technology

- Maurice Bracken, Tantasqua Regional High School - Retired
- Michael Flagg, Holden Municipal Light Department
- Patrick Hallihan, National Grid
- John Laverty, Shrewsbury Electric & Cable Operations (SELCO)
- Scott Mansfield, Tantasqua Regional High School
- William McDonald, National Grid
- Dennis Regele, QCC
- James Robinson, Holden Municipal Light Department
- Steven Socoby, Northeast Public Power Association (NEPPA)
- Jody Stockwell-Jersyk, Irby Tool & Safety
- Edward Tillgren, Hydron, Inc.
